#Chapter50

Decision-01

CATALAYA'S POV

"Hey sweetie," I heard as my room door opened.

I looked up to see dad in the doorway.

"Hey dad," I said, putting away the clothes I'd been folding.

"Breakfast is ready," he told me.

"Just gimme a sec," was replied, kicking the closet door close before following him downstairs.

"There's also something I wanted to discuss with you and the others about at breakfast," he said as we walked down the stairs, which we had opted for instead of the elevator.

"Ok," I nodded as we walked.

"How's your day so far," he asked.

"It's good. I'm a bit sore though from my training with Dre this morning."

"Dre?" He asked, puzzled.

"Andreas," I said.

"Oh," he said with a surprised look on his face and a small smirk on

his lips.

"Why's everyone so surprised that I'm calling him that?" I asked.

It's been like this for a few days now. Whenever I called Andreas by the name I gave him, everyone had weird reactions and kept giving us weird looks. I wondered if he didn't like the name, which was why they kept looking at me. I would have to ask him later. He probably didn't wanna tell me he hated it, thinking it would hurt my feelings or something.

As you've probably guessed, my relationship with Dre has gotten better. I meant he's still a jerk sometimes, and his mood goes from 1-10 in an instant some days, but it's not as bad as before, or maybe I just got used to it over time. His training was really tough though, and he didn't let up. He pushed me to my limit all the time. Sometimes I felt like I was gonna die, but he's always saying that I should push past my limits.

"It's nothing bad, it's just he's not one for nick names and stuff like that, he refuses them whenever he's given one so it surprised me a bit when I heard you call him that," dad said.

"Oh. Well he had a bet over it and I won so sin or not he has to keep his deal or else." I said with an evil grin while conjuring a black fireball in my hand.

"You are wonderfully evil my dear," dad said with a proud smile.

"Why thank you father," I said with a small bow making him laugh.

"How is training going?" he asked after a few seconds of silence.

"Its tough but I don't mind," I shrugged.

"The only way to success is through hard work so I'm giving it my all."

"That's my girl," he smiled, ruffling my hair.

We reached the end of the stairs, and dad led me to the dining rooms, where everyone else was. The chatter died down as we entered the room.

"Morning everyone," dad and I said.

"Morning," they all replied.

"So who are we teasing this morning?" dad asked, pulling out my chair for me.

"Andreas," Lucy said from beside Lana.

"Why?" I asked since he was not here.

"Because he doesn't want to admit he has a crush on you," Merlin said, making me choke on the coffee I was drinking.

"What?" I asked, glaring at dad and Sam, who were laughing at me.

"Oh come on babe, don't tell me you didn't notice," Adonis asked.

"Of course I didn't, because its not true. Is this because he allows me to call him Dre?" I asked.

"Amongst other things," Jace said.

"Oh hush you're just jealous I got to give him a nickname and you didn't," I retorted, sticking my tongue out.

"That is besides the point," Jace defended, causing everyone to laugh at him.

"Baby they're being mean to me," he faked crying into Freya's breasts.

"Don't mind them baby, they're just big bullies." she consoled him whilst hiding her own laughter.

"Where is Dre anyway?" I asked, looking around.

"He went left to go sulk because they were teasing him," Lana said.

"Don't act like you weren't in on it too." Aquarius pointed an accusing finger at her.

"I vehemently deny such accusations," Lana said.

"You liar, aren't you the one who said they'd make beautiful babies." Harley accused.

"Oh shut up, at least I wasn't the one telling him about Cat's kinky fantasies." Lana retorted.

"I don't have kinky fantasies," I defended.

"Girl please remember that one Halloween you dressed as a dominatrix," Aqua said.

"SHE WHAT??" The others yelled.

"Haha it's true I remember. You got so drunk that night you replaced Jazmine's mouth wash with rubbing alcohol." Dominic said.

"Aren't you supposed to be on my side?" I asked.

"Besides you guys were the ones who told me to wear it." I accused.

"Damn princess you wild," Eric said.

"Your all evil,"

"Says the princess of hell," Liam replied.

"Whatever," I retorted.

"I bet Andreas would have loved to see you in that outfit huh sis?" Sam said.

"Don't even start Sam, I'll go get Lilith." I threatened.

"Ha too bad she's on a mission," he told me with a smug grin.

"Shit," I cursed, knowing I'd lost this one.

We continued to laugh and talk, enjoying our breakfast before dad got started on what he wanted to talk about. However, before he began, he said,

"You can stop hiding now Andreas."

Immediately I felt Dre's aura and saw him appear in a corner of the dining room.

"He was here all along?" I asked in bewilderment.

Everyone burst out into fits of laughter due to the fact that we now knew he heard everything that we just said, while Dre refused to look at me while trying to hide what seemed like a blush on his cheeks.

"Don't you leave this table, young lady?" dad said as I was about to teleport out of the living room.

"But,"

"No buts. You and Andreas can wallow in embarrassment later, I need to talk to everyone."

"Besides, I am enjoying this," he said, joining the others in laughing at my expense.

"Traitors," I grumbled.

"Bitch, please don't act like you don't wanna tap that." Legacy said.

"Not you too," I groaned.

"It's the truth why be ashamed. Besides he's hot and his Dragon is huge if you know what I mean." she wiggled her eyebrows suggestively in my mind.

"Go sit your horny demonic butt down."

"Oh please I know I'm not the only one who's mind is clouded by lust you do recall what happened this morning," she said, referring to the not-so-good thoughts I had when Dre took his shirt off.

"Shut up," I said before blocking her out.

I swear she's too much.

"What did you want to talk to us about dad?" Sam asked.

"Uhm oh yeah," dad said, clearing his throat as he got his laughter

under control.

"So as we're all aware it's basically the end of summer and school starts in a few weeks, as such I wanted to know what you guys will be doing at that time?" he said.

"What do you mean?" Harley asked.

"Well I mean are you guys planning on going back to school. I know its not exactly necessary for our kind and you're all capable of self teaching but I know it's what you're accustomed to."

"We hadn't really thought about it really," I said as my friends nodded in agreement.

"What do you think we should do Cat? I mean we have no problem either way but this affects you more than us." Merlin said.

"Well I for one would like to finish school." I said,

"I-i uh I think I'd like to go back to the same school as well."

"What?" Everyone, including Dre, said.

"Are you sure honey?" Dad asked.

"You can't be serious," Dre said.
