

HC Chapter 21 -

Looking at the disappointment in Old Lady Xie's eyes, Xie Siqi's heart went cold.

She was the real granddaughter, she was the Xie family member, but Grandma, however, always defended an outsider!

Why should she, a member of the Xie family, be kicked out!

Xie Siqi gritted her teeth and said, "Grandma, if you have to defend Ye Yunla, then don't acknowledge me as your granddaughter!"

"You have already married to the Zhou family and are Mrs. Zhou, so from now on the Xie family should come less often." Old Madam Xie said without mercy, "Someone, send Madam Zhou and Young Master Zhou back."

Xie Siqi was so angry that her internal organs exploded.

The words she had just said were just a retreat, but to her surprise, her grandmother didn't take it at all.

She felt like she had been slapped hard on the face.

Just then, Xie Heng's car pulled up in the courtyard.

As if Xie Siqi saw a lifeline, she pulled Zhou Zeyu and ran over, "Dad, Grandma wants to kick me out, and said that I should come to the Xie family less often in the future"

She cried as she spoke, tears swishing down her face.

Xie Heng frowned: "You are twenty-eight years old, why are you crying when you are so old? Your grandmother is also right, you are already a member of the Zhou family, the Zhou family is not in peace these days, you should stay honestly in the Zhou family, and come back to the Xie family less often these days."

Xie Siqi leaned back in anger.

Was this still her own father, how dare he say such things!

She still wanted to continue crying when Xie Heng hurriedly walked into the living room, seeing Ye Yunla sitting on the sofa, he hurriedly padded over, "LaLa, Xie's made a sample with the chip you developed, do you want to go to the company to take a look?"

That sample, it was even more amazing than the finished product made before!

It wasn't just Xie Heng, everyone in the company was shocked.

The product hadn't even gone into production yet, and everyone could predict how hot this product would be when it hit the market.

Ye Yunla looked up and said with a smile, "No need for that Great Uncle, First Cousin has already sent me a video to watch."

Xie Heng suppressed his excitement and said, "Yara, your cousin and I want to hire you to work for Xie's Group, are you interested?"

"Thank you for your kindness Great Uncle, but no, I plan to open my own studio." Ye Yunla curled her lips and smiled, "When the studio opens, I hope Great Uncle will take care of my business more often."

Xie Heng was a little disappointed.

There was no way to find a software programmer as good as Ye Yunla in the whole of Haicheng.

If Ye Yunla took up a job at Xie's, Xie's could definitely rise a notch within half a year.

However, such things could not be forced.

Since Yara intended to start her own business, he, as an uncle, would naturally give his full support.

Seeing her own father and this little bitch Ye Yunla talking happily together, Xie Siqi was so angry that she almost died in place.

No matter what she did, she had to get that bitch Ye Yunla out of the Xie family!

Only before she could think of a way, she was sent back to the Zhou family by Old Lady Xie, and the Xie family finally quieted down.

Old Lady Xie said with a great deal of headache, "Yara, your eldest cousin has been spoiled since she was young, her nature has already taken shape and it's hard to change, so don't bother with her."

Ye Yunla pursed her lips and didn't say anything.

She didn't care what Xie Siqi said about her, but Xie Siqi shouldn't always have the word wild child on her lips.

The two children were getting older and slowly understanding the words of adults. The word “bastard” could deprive a person of all dignity, and she did not want her children to suffer.

Old Lady Xie sighed and asked the maid to bring a box.

She unveiled the box and a set of emerald green jade jewellery caught the eye in the light.

“Lara, this set of jewellery was originally reserved for your mother, who made her short-lived and unlucky, so now it’s for you.” Old Lady Xie stroked Ye Yunla’s hair, “You will wear this set of jewellery to the banquet tomorrow night, and I’ve also prepared the dress for you, it’s all custom made to fit your figure.”

HC Chapter 22 -

Ye Yunla looked at the jadeite in her hand, crystal clear and flowing with light, at a glance it was a good item handed down from a previous generation.

It was worth a fortune, a good treasure that no amount of money could buy.

Grandma had actually given it to her like this.

Ye Yunla was filled with emotion: “Thank you, Grandma.”

She put the jewellery away, and after a pause, she asked, “Grandma, will the Ye family come to the banquet tomorrow night?”

“Those wolf-hearted bastards of the Ye family, wouldn’t inviting them here dirty the threshold of my Xie family?” Old Lady Xie had cold anger in her eyes, “Back then they tried to take your life by any means, now the more gloriously you live, the more you are slapping them in the face!”

Ye Yunla gripped Old Lady Xie’s hand tightly, her heart was at peace.

.....

Night had fallen and the lights were on.

It was not even eight o’clock in the evening, and there was a long line of luxury cars parked in front of the Xie family.

The Xie family is considered a big name in the city, and basically all the noble women and celebrities in the luxury circle have been invited.

However, the Xie family had kept the news very tightly under wraps, so no one knew what the banquet was about tonight.

The VIPs were drinking and gossiping in the courtyard in groups, while the star of the evening was upstairs in the dressing room, freshening up.

Ye Yunla was dressed in a dark green brocade gown dress, a vintage and elegant dress with a delicate layer of camellia embroidered on the neckline, and down the neckline, a slightly tightened corset that pinched her waist to an uncomfortable grip.

Below the waist, the skirt was spread out.

The dark green hemline holds a myriad of camellias, and the train ends are embellished with small, starry, sparkling jewels.

The light shone through and the skirt was glowing.

And Ye Yunla was glowing too.

A pair of crystalline emerald earrings dangled from her earlobes and an emerald necklace around her neck. The jewellery and the gown complemented each other and she was stunningly beautiful.

Xie Siqi pushed the door in and saw such a stunning Ye Yunla.

Her eyes were red with jealousy.

The jealousy in her chest poured out in a steady stream and she wanted to rush over and rip up Ye Yunla's dress.

But she didn't dare.

If her grandmother saw her, she was afraid she would be thrown out in public.

Then she would lose all her face.

With a twinkle in her eye, Xie Siqi stepped forward with her champagne and hooked her lips in a smile, "Yara is really worthy of being the number one beauty in Hai Cheng, wearing a random dress can look so good Yeah!"

Before she finished her sentence, the glass of wine in her hand was tilted.

A glass of wine was just splashed on the dark green dress.

"Lara, I'm really sorry, I didn't mean to do it"

Xie Siqi pretended to apologize, but the bottom of her eyes were filled with a smug light.

With this dress ruined, Ye Yunla, the little bitch, would definitely not be able to find a dress that fit her temporarily!

Four years later when she returns to Haicheng for her first appearance, she still wants to stun the four directions? Dream on!

She would make Ye Yunla, the little bitch, look exactly the same as she did four years ago and become a scorned rat!

And yet!

“First cousin, it’s okay.” Ye Yunla smiled gently, “Back when I was the number one beauty in Hai Cheng, every time I attended a banquet, someone would deliberately throw liquor on me, just to make me look bad, so today-“

HC Chapter 23 -

Yvonne lifted the hem of her skirt.

The champagne rolled off the hem of her skirt and dripped onto the floor.

Not a single wine stain remained on the dark green skirt.

“There are so many people who are jealous of me that I had to use brocade for the skirt, and no liquor will invade it.” Ye Yunla curled her lips, “Of course, how could first cousin be jealous of me, it should just be careless.”

Xie Siqi’s face turned green.

What kind of crappy dress was this, it couldn’t even get wet with liquor?

“Eldest sister, if you make any more noise, go back to the Zhou family for me!”

Xie Zhirui was also in the dressing room, he saw the scene with his own eyes, and anyone with a discerning eye could clearly see that this was all deliberate on Xie Siqi’s part.

Xie Zhirui didn’t understand why his sister would do such a stupid thing.

Xie Siqi also did not understand why her own brother was defending a foreigner.

She wanted to lash out, but there were other people in the room, so she reluctantly pushed down the anger in her chest.

Ye Yunla looked in the mirror and put on her lipstick, making her look three times more beautiful.

She walked over to Xie Zhirui and smiled, "First cousin, let's go out."

Xie Zhirui nodded, and the two of them walked out side by side.

At this moment, the guests had already arrived.

The Xie family's banqueting hall was bustling with people.

People were speculating why the Xie family was hosting a banquet tonight

However, there was a sudden commotion at the entrance, and the crowd looked over in unison, shocked.

"Oh my god, why is someone from the Fu family here too?"

"What on earth is the Xie family up to, how come even Duke Fu Beiji is here?"

"Fu Beiji rarely attends such banquets, this time he came, there must be something very significant."

"....."

Amidst the chatter of the crowd, Fu Beijiu slowly walked into the banquet hall.

Today, he was wearing a black suit, which highlighted his aura even more sternly, and everywhere he went, the temperature dropped by several degrees.

"Fu Beijue, you're almost done!" Sun Yan couldn't help but complain, "You're like a walking refrigerator, standing with you, no celebrities are coming to talk to me."

Fu Beijiu gave him a cold look, "Didn't you force me to go with you?"

Wang Changqing said with contempt, "This guy Sun Yan has a crush on the second young lady of the Lu family, so he dragged a few of us over here today to strengthen his courage."

Fu Beijue lowered his eyebrows and did not speak.

He was willing to come over for a walk today, not because Sun Yan had forcibly dragged him here.

Rather-

Yesterday he had personally seen that woman walk into the Xie family's villa.

That woman, I think, was someone from the Xie family.

So when the Xie family sent an invitation, he put off work to come.

Only, after coming in for so long, why hadn't he seen that woman's figure?

As soon as Fu Beijiu appeared in the banquet hall, he attracted the attention of countless people.

The eyes of all the major celebrities in Hai Cheng fell on him.

Countless women wanted to go over and strike up a conversation, but, the man's aura was just too cold, and the celebrities hesitated and hesitated, missing the best time.

On the first floor, a light came on at the entrance to the staircase.

A pair of beautiful people came down the stairs.

The first person to catch the eye was the youngest Xie family member, Xie Zhi Rui.

As soon as the crowd saw Xie Zhirui, they understood a few things.

HC Chapter 24 -

Could it be that tonight's banquet was the betrothal banquet for the Xie family's youngest son?

The Xie family is ranked in the top ten in Hai Cheng, and Xie Zhirui is also the son-in-law candidate that many noblewomen in Hai Cheng have been eyeing for a long time. Everyone wanted to see which celebrity was so lucky to be the fiancée of the young master of the Xie family

Almost instantly, a hundred gazes in the banquet hall fell on the woman next to Xie Zhirui.

Then, a sound of sucking in breath backwards rang out.

It was so beautiful!

Where did this beauty come from, how could she be so excessively beautiful?

As soon as she appeared, all the celebrities present couldn't stop themselves from being ashamed of themselves.

“My goodness, where did the young master of the Xie family find his fiancée, how can she be so beautiful, this face is simply too unbelievable!”

“Her skin is so white and her body is superb, I’m a woman whose heart flutters at the sight of it, ahhhhh!”

“Don’t you guys think that Young Master Xie’s fiancée looks a lot like that Missy of the Ye family, both are the stunningly beautiful kind.”

“Are you talking about Ye Yunla, hehe, although Ye Yunla was named the number one beauty in Hai Cheng back then, if she is compared to the young master Xie’s fiancée, I’m afraid she is a bit worse!”

Today’s Ye Yunla was even more gorgeous than she had been four or five years ago.

Four or five years ago, she was eighteen years old, innocent and naive, her eyes filled with ignorance and fantasies of the future.

Under the baptism of time, and the refinement of the years, her eyes are more resilient and serene.

Her figure is more voluptuous than it was four or five years ago, and her temperament has become more and more elegant, with a heart-warming flirtation and fluttering in every smile.

“Crap! Isn’t this the mermaid from yesterday?!”

Sun Yan’s eyes were wide with disbelief.

Wang Changqing gloated, “The mermaid has become the fiancée of the young master of the Xie family, you can’t even catch up by rocket.”

As for Fu Beijiu, his entire face went cold.

So it was really him who had misunderstood?

This woman, really didn’t mean to approach him?

The Xie family’s fiancée!

Very good!

A sudden wave of depression rose in Fu Beijiu’s heart, and he squeezed the wine glass in his hand to death.

Ye Yunla stood beside Xie Zhirui, smiling calmly and blandly.

Suddenly.

She felt a sharp line of sight fall on her.

She frowned and swept away, and was met with a pair of cold starry eyes of Fu Beijue.

This man

What was he doing looking at her with such eyes?

Ye Yunla pursed her lips and averted her gaze.

Xie Zhirui stood on the dais and bowed slightly to the crowd before speaking, "Thank you all for coming to the banquet hosted by our Xie family in the midst of your busy schedules, only that the main character tonight is not any of our Xie family members, it is my cousin, Miss Ye Yunla Ye."

As his words fell, the banquet hall fell violently quiet.

Then, murmurs erupted.

"Ye Yunla?!"

"Did I hear correctly, the young master of the Xie family said she was Ye Yunla? But, didn't Ye Yunla die four years ago?"

"I just said that this young lady looks like Ye Yunla, but you didn't believe me, now you should believe me.

"But isn't she dead, how come she's standing here alive?"

"She set fire to the Ye family and committed suicide by jumping into the river, and the news is still available online!"

"I remember she had a one-night stand with a wild man on the day of her eighteenth bar mitzvah, was caught on camera by reporters, then disappeared for eight months, and then it was later revealed that she had given birth to twin dead babies, and set fire to the house because she held a grudge against the Ye family So, she's not dead at all?"

"Did she think that by pretending to be dead and hiding for four years, everyone would forget about those scandals, no way!"

HC Chapter 25 -

The news four or five years ago made a very big deal.

The Ye family is a big and prestigious figure in Hai Cheng, and Miss Ye's Bar Mitzvah banquet was so grand that countless people were envious.

However, the next day, Miss Ye was photographed by a reporter rolling around with a wild man.

Since then, the image of Hai Cheng's number one beauty has crumbled and she has become an object of ridicule for everyone in Hai Cheng.

For close to a year, the No.1 beauty of Hai Cheng disappeared from the public eye and just when everyone was about to forget about it, the Ye family was burned down.

The sinful deeds of Ye Yunla, the eldest Miss of the Ye family, were exposed.

She slept with a wild man at the age of eighteen, got pregnant before she was married, gave birth to a wild child and had a difficult delivery resulting in the death of the child She set fire to her house and committed suicide by jumping into the river

Every single thing taken out can set the whole internet abuzz.

Not to mention, so many things crammed together.

It can be said that during those two months, the three words Ye Yunla dominated countless front page headlines.

There was no one in the celebrity circle in the whole of Haicheng who did not know these three words.

Including Fu Beijiu.

Four years ago, this matter was all over the internet, and even those of him who did not pay much attention to the news in this area had heard a lot about it.

It was really difficult for him to associate the street rat that everyone had been mouthing four years ago with this radiant woman in front of him.

"So we've really met" Sun Yan said dumbfounded, "The number one beauty in Haicheng, isn't that the daughter-in-law my mother was planning to find for me?"

Wang Changqing shook his head, "If so many things hadn't happened four or five years ago, Ye Yunla might have been the Sun family's youngest grandmother, but unfortunately – do you think your mother would let a woman with too much experience like her into your Sun family's door?"

Sun Yan slanted him a glance, "Who said I was going to marry her into the family, it's just for fun, why take it seriously."

“As I recall, you are here today for the second Miss of the Lu family.” Wang Changqing reminded kindly.

“Tsk, in front of the number one beauty in Hai Cheng, the second miss of the Lu family is nothing.” Sun Yan said lecherously, “You guys wait and see how I take down the No. 1 beauty in Haicheng.”

Fu Beijue coldly opened his lips, “She’s not a woman you can afford to mess with.”

Sun Yan immediately went up to her, “What, do you have a crush on her?”

“No.”

Fu Beijiu denied it.

Sun Yan tsked twice and shook his red wine glass without saying anything.

And the banquet hall had long since exploded into a frenzy, with countless people chattering unrestrainedly, those voices clearly reaching Ye Yunla’s ears.

Xie Zhirui’s brow furrowed and he was about to speak when Ye Yunla spoke up.

Her cool gaze panned the room and she said indifferently, “It seems that everyone knows me, so I don’t need to introduce myself.”

She carried the hem of her skirt and walked down the steps step by step.

She was small in stature, yet standing in the crowd, she was still the most noticeable presence.

Her lips curled into a careless smile, “There were really quite a lot of rumours about me four or five years ago, but isn’t the fact that I’m standing here alive proof that the rumours four or five years ago were just rumours?”

Everyone said she was dead, but she was still alive.

So the rumours could not be taken seriously.

Only, how could the crowd be convinced by her one sentence.

The Ye family all said that Ye Yunla was dead, and the process was still that bad, this was not something that Ye Yunla could clarify in just one or two words.

Ye Yunla had as much beauty as there were people who were jealous of her.

Some celebrities who were filled with jealousy jumped out in droves.

“Miss Ye, you’re from the Ye family, why are you at the Xie family if you’re not holding a banquet at the Ye family when you’re back alive?”

“Miss Ye, you had a one-night affair with a wild man back then and the photos spread all over the internet, you can’t deny that, right?”
