

HER COMEBACK

HC Chapter 5 -

Fu Ziling was brought to the VIP room by the bodyguard.

On the real leather sofa, leaning back sat a man with a powerful aura.

He was dressed in a black suit, his eyebrows cold and stern, and even if he didn't open his mouth, the aura of a king on his body could overwhelm everything.

His eagle eyes swept in and landed on the four-year-old Fu Ziling.

"Did I ever tell you that you can't run out without permission in the future?"

Fu Ziling straightened his back stubbornly, "I'm just going out for a stroll, is that not allowed?"

"No."

Fu Beijiu's voice was cold and stern, and everywhere his gaze went, there was cold ice.

He stood up and walked towards Fu Ziling step by step, "Do you know how many people are watching you outside, running out so rashly, do you know what is waiting for you?"

"I don't know!"

Fu Ziling twisted his little head.

He thought again of the woman he had just met.

When he found out about that woman, he would have to sneak out once more

"Beijue, don't be angry."

At this time, the woman sitting on the sofa stood up and walked over to say softly.

She was wearing a long red slim dress, her body was wrapped in a delicate shape, she wore delicate make-up and her whole body was glowing.

The woman squatted down in front of Fu Ziling's body, "Little Ling Ling, your daddy is also so angry because he is worried about something happening to you, just be good and listen to daddy, don't run out to play in the future, okay?"

“No! Why should I listen to you?”

Fu Ziling pushed the woman’s hand away with a very nonchalant attitude.

This woman was no other than Ye Xueying.

Her hand stiffened in mid-air as she withdrew it, tears suddenly hanging on her face:

“Little Ling Ling, I’m your mummy, how can you treat me like this I gave birth to you in August and suffered a lot, can you not talk to me like that

“Humph!”

Fu Ziling was full of disdain.

He was still young and did not understand what it meant to carry a baby in August.

However, he was very clear that he did not like Ye Xueying and he hated this person who claimed to be his mummy.

“Fu Zi Ling, apologise to your mother!”

Fu Beijiu’s eyes held ice and snow at the touch of a button.

The children of the Fu family could be cold and heartless, but they had to respect their elders.

A person who did not put his mother in the bottom of his eyes would be banished from the Fu family.

“Forget about Beijue

 Ye Xue Ying choked up and said, “Although I am the mother of my children, I really haven’t done my duty of raising the children for a day, it’s normal for little Ling Ling to disown me, don’t you scare the children.”

She paused and continued, “Beijue, we are not a couple, to the children, I am a dispensable person, how will they respect me? In the future, it’s better for me to appear in the Fu family less often, lest I bring bad influence to the children

She wiped her tears, with a pitiful look.

She knew how she would make Fu Beijiu pity her and put on her most pitiful look.

Four years ago, she appeared in the Fu family with her child, and she thought she would become the young lady of the Fu family in the process.

However, Fu Beijue only wanted the child, but was not willing to marry her at all.

With all her efforts, she was unable to marry into the Fu family.

In the end, she could only seize the identity of the young master's real mother to give herself a place in the Fu family.

These four years of dedication also paid off.

Although little Ling Ling does not like her, the youngest master, Fu Zi Yan, does everything she says.

Fu Ziyang was named the next heir to the Fu family a year ago, and as long as she holds on to Fu Ziyang, she will definitely be able to enter the Fu family.

As for Fu Ziling

Heh, the worse Fu Ziling's attitude towards her, the more pity Fu Beijiu will have for her.

One day, she will make Fu Beijue her man!

.....

Ye Yunla led the two little ones out of the airport, and a car had been waiting at the entrance for a long time.

"Miss Ye, please get in, the old lady has been waiting for a long time."

Ye Yunla nodded and led the children into the car.

The car made its way towards the Xie family villa.

The Xie family, her mother's family, and her grandparents were the ones who had made it possible for the Ye Group to be founded.

When the Ye Group was first established, her mother had 50 per cent of the company's shares, and when her mother died early, the shares fell into her hands, and she grew up with half of the family's shares.

Who knew that the next day, she would be photographed by a reporter in an indecent photo

After that day, she was locked up in a warehouse and her life was ruined completely

.....

And it was all a plot by Ye Xueying.

After she escaped from the fire that year, she wanted to go to the Xie family to seek refuge with her grandmother.

But Ye Xueying, however, deliberately held a press conference to publicize the fact that she had given birth to a child out of wedlock, and said that after she gave birth to the dead baby, she set a fire in the Ye family, causing the Ye family to lose billions of dollars, and finally committed suicide.

She was the granddaughter of the Xie family, which was also under siege by journalists.

She didn't want to get the Xie family involved, so she walked away.

In the eyes of many people, she was a dead person anyway, and it was wisest to leave this place of right and wrong.

So, she lived abroad for four years with her two children.

Four years of hibernation

She is no longer the Miss Ye family who was deceived and framed back then; the Ye Yunla of the past is dead.

The car, soon stopped in front of the Xie family.
