

## Her Mates Her Protectors Chapter 09

Chesne

POV

As soon as Lennox pulled up at the packhouse for the party, I noticed Sybil standing outside, ready to welcome us.

“Hi,” she said, rushing to the car and watching in shock as the twins helped me out of the car. “L... I have been waiting for you guys she murmured, her eyes fixed on me as she took in my new appearance. She’s probably shocked to see a different me, but more than that, I’m sure she’s surprised by the way the twins are holding me so protectively.

I’m sure she has so many questions she wants to ask.

“We’re a bit late; has the party started yet?” London stepped forward and replied to her.

“Not really,” she said, moving her gaze away from me and settling them on London. The guys are still having fun. You should join them, she responded with a smile, which I know is forced

“I need to borrow Chesney for a moment; I hope you guys don’t mind.” She asked swiftly, advancing closer to me.

“You need to borrow her?” London’s brows narrowed as he asked.

“Yes, there are things we need to discuss. We are sisters,” she walked to me and stopped.

“Will you be okay with her?” Lennox leaned closer to me and whispered. “Do you want me to tag along?”

“No, I’ll be fine with her. Do not worry.” I responded.

“Hmm. We’ll be inside the pack house; we’ll use the opportunity to greet the Alpha” Lennox said to me before disappearing with London.

Now alone, Sybil turned to focus her attention on me. “A Mercedes Benz. The latest model. They must be very rich. How did you meet those guys? And who are they?” She questioned.

“Is this the reason you asked to speak to me? Why? Do you want to snatch them like you did my other mates?”

“What? Snatch them?” Sybil scoffed and then chuckled. “I admire your new-found confidence, but you’re just their sex pet. They don’t really like you. Which male in their right senses would want was their mate? And did you just claim them as your mate! Are you out of your mind? You can no longer have anew mate; you already had five, and five of them rejected you. Have you forgotten that?”

“What?”

“I said okay. I agree with everything you just said. What else do you want from me? Can I go now?” I grumbled, tired of her tantrums. If she seriously thinks that she would be able to get under my skirt tonight, then she is totally wrong. I’m not the old Chesney she pushes around. She better get used to it.

“Mom wants to see you, she’s with Luna. Go to her right now!” After a few seconds of silence, she suddenly turned away y from me and said, She’s angry, but she’s trying hard to suppress her anger.

“Okay, I didn’t wait another second before walking away. Maybe made the wrong decision by coming here tonight. Maybe I should have stayed with the twins. I suddenly don’t feel too great about this.

After talking to my mom, I made my way to the main floor of the party and entered through the back. I know it’s my party. but I do not want too much attention on me. So I’m going to avoid as much attention as possible by staying at the back.

Aber standing at the bork for a while, I make my way to the bar area to get myself a drink. The students are mostly dancing and flirting with each other on the dance floor, there isn’t much attention in the bar area.

I got to the bar and quickly grabbed a bottle, which I’m sure is alcohol or beer. I’ll just drink a little out of it while I wait for

the twins to return.

Hey, Chesney. Are you Chesney? Benson, the Alpha’s son, suddenly appeared behind the bar stand, a glass of Margarita in his grip

“Um... I tried to walk away from him, but he stopped me.

“You are Chesney. It’s your birthday party, isn’t it? I was looking everywhere for you. Even had to ask your sister, Benson came over to stand beside me.

I guess I should properly announce your presence. The celebrant should get all the attention tonight,” he said. He opened his mouth and was about to announce my presence, but I stopped him by grabbing his wrist

Um No. I don't want you to announce my presence yet. I shook my head in refusal.

"May I know why?" He frowned.

I just don't want any attention on me right now, I murmured, "please?"

"Okay, cool. If that's what you want," he bobbed his head and relaxed against the counter beside me as he sipped from his.

drink

You look different tonight, after a few seconds of silence, he said. breaking the awkwardness that was starting to grow.

"Y... Yes. thank you." I cleared my throat and opened my bottle of beer, then took a sip.

"I meant you look beautiful tonight; I almost couldn't recognize you," he stated, turning to stare at me for a brief moment.

"Thank you," I could only thank him; I'm afraid that if I say too much, then he might discover my true feelings for him. Benson is the Alpha's son and will soon become the next Alpha. He is benevolent and loving. Doesn't discriminate, and I've honestly had a crush on him since we were little. But I was disappointed and cried myself to sleep the day he found his

mate.

Just like Benson, his mate is also kind and doesn't discriminate. I think she'll make the perfect Luna just like Benson will make the perfect Alpha. But I've long accepted the fact that I can't have him even if I wanted.

I want what's best for him.

"So, can you tell me the real reason why you don't want me to announce your presence to the others?" He probed, turning to look at me again

"1.." I opened my mouth to speak before I noticed Sybil's close friend quickly approaching the bar area.

Oh sh\*t, I don't want her to see me. I turned to the other side of the bar and tried to hide my face and almost succeeded, but Benson ruined things by calling out my name.

Damnit

"Chesney? What's wrong?" He asked, seemingly genuinely worried about me.

“Chesney?” Sybil’s friend rushed over to us once she heard my name.

“Chesney,” she stopped before me and peered into my face to confirm my identity.

“Chesney,” she gasped, once she had confirmed my identity.

“You are Chesney!” She exclaimed, appearing shocked by my new appearance. Who wouldn’t be? Even I was shocked.

When I didn’t say anything, she continued, “What are you doing here? I’ve been looking everywhere for you. Sybil asked me to look for you, she has something she needs to show you; come with me. She tried to grab me, but I pulled away from her

“Come with me

“It doesn’t seem like she wants to go with you. Cassy; I think you should leave her alone.” Benson came to my aid after I remained silent. I really don’t like talking to these people. It’ll only make matters worse.

“Oh, Alpha Benson. I didn’t see you there. I’m really sorry.” She apologized, a fake smile painting her face.

You should let her be. Benson stated, then turned to me. “My father just asked for me; I’ll be right back.” he whispered into my ear before disappearing through the backdoor

I stood to my feet and made to follow him, but Cassy blocked my path.

Didn’t you hear me? I said Sybil wants to show you something. Are you deaf?” She half yelled, attracting the attention of those around us.

Oh gosh, I don’t like this. I want to leave. I have to leave.

I turned to the other path and tried to walk away, but Cassy was faster.

“Girls Girls over here. Our cursed Omega is right here. Cassy yelled out, formally announcing my presence to the Immediately others heard this, they turned in our direction.

“Look who we have here. Sybil’s other friends quickly joined Cassy and stood in my path.

“How does she look so beautiful?” One asked.

“What beautiful? It’s all make-up,” another responded.

others.

“What do you mean? I know she’s an Omega and she’s a bitch, but she has always been beautiful. Didn’t you say that she an Sybil looked alike?”

“I know, shut up. Do we have to discuss this in her presence?” Another whispered. By now, everyone’s attention was ou

On me.

“But I’m just speaking the truth.”

“Shut up!”

“Where are your two males? Oh wait, they are not yours. How can a prince be your mate?” She huffed, a mockery look on her face.

“I don’t know what you are talking about; let me go. I tried to walk away, but they pushed me back

“Stay there! We are not done with you yet. By the time we are finished, you’d regret lying and deceiving us. Cassy groaned, and the others shook their heads in support

“Now tell us. What did you say to them? How did you manage to get them on your side? Tell us everything. Tell us how you were able to do it!” One yelled.

I don’t know what you are talking about; let me go.” I tried to move away from them, but they pushed me again. Oh gosh. they are too strong for me.

“Don’t act like you don’t know that the twins are the king’s ssons. They are his sons! Princes!!”

What? What the fuck are they talking about? Who are the king’s sons? Who are they referring to!–
