

# The Herb King

## Chapter 14: Peeping Leric

Leric unconsciously gulped as he stared inside the tent through the hole he had just poked. His adam's apple spasmed as he tried not to emit a sound. He even used his skill [Conceal] just to prevent anyone from noticing his presence.

Inside the tent, Leric could see three naked women cleaning themselves in a man-made hot spring. The place was covered in steam, but it failed to hinder Leric who had enhanced eyesight and a ton of skills related to vision!

Leric quickly glanced behind him to see whether there was anyone present. He heaved a sigh of relief when he saw that there was no one else in the vicinity. This tent was isolated from all the other tents of the camp. It was clear that those three naked ladies inside were someone of high status.

'Should I continue watching them?' Leric muttered in his heart. He also felt nervous and excited at the same time. He had spent his life researching herbs in his past life, so peeking at someone naked was a first for him. He felt a little guilty and ashamed, but he couldn't stop himself from taking another look at the hole.

The three young ladies were still cleaning themselves and they appeared to be conversing as they bathed in the hot water. Among the three ladies, the other two seemed to be respectful towards the young woman with long black hair. She had a pair of long dark eyelashes and her obsidian eyes sparkled like the stars in the sky.

Unfortunately, the bodies of the three ladies were half-submerged in the hot spring, so Leric could only see the upper half of their bodies. However, this was more than enough to stimulate Leric who didn't experience this kind of scene. He felt his breathing getting ragged and if not for his [Conceal] skill, he would have already been noticed.

Leric felt his lower body getting hotter and tighter. He even noticed an upward bulge on his pants. He couldn't help but touch the bulging part, only to feel a tingling sensation when his hands touched it.

.....

Leric's brain spasmed and he knew what was going to happen if he didn't stop himself. It would be embarrassing if he spilled his man juices here just by looking at three naked ladies. Furthermore, he didn't bring any spare clothes with him, so it would be difficult to provide a reason if someone noticed anything.

After hesitating for a moment, Leric took one last and long look at the three naked bodies inside the tent before he sealed the hole he made. He then swiftly left the premises, afraid that he would do something evil if he remained longer.

When Leric was finally more than a hundred meters away from the tent, he wiped away the sweat forming on his forehead and muttered to himself. "Wait... What am I afraid of? I'm sick and tired of my boring past life, so why not enjoy this new life of mine in a fun and exciting... Hehehe..."

An evil smile surfaced on his face before Leric went back to the huge tent. He carefully trod the path and look towards his left and right. When he noticed that there was no one present, he poke a new hole through the tent and placed his eye right in front of it.

This time, the girls were washing each other's backs. One of them was even fondling the black-haired young lady's mounds, kneading them as if she was kneading bread.

Leric ignored the thin line of blood that came out of his nose and continued watching the scene with interest. He slowly reach out into his trousers and began rubbing his loins.

"Ahh~" He unconsciously let out a soft moan and he hurriedly covered his mouth to prevent any sounds from leaking. However, it was already too late...

The three ladies heard the sound and they immediately covered their private parts with their hands as they shouted. "Who's there?!"

Leric hastily covered the hole and left the place when he heard their angry shouts. Of course, he didn't forget to erase his tracks as he escape with his skill [Dash]. He learned it when he was following his father towards the camp. This was included in the bunch of other skills he learned at that time.

Not long later, three ladies dressed haphazardly came out of the tent. Their hair was still soaking wet, but they didn't care about it as they searched around their tent with furious faces. They couldn't believe that someone actually dared to peep at them!

"Miss Samira, I'm so sorry. We thought that no one would dare to spy on us, so we didn't check the vicinity earlier. This is our fault." A lady with shoulder-length blonde hair said to the black-haired young lady. She had a look of regret as she apologized.

The other young woman who had a flawless white skin and short red hair remained silent. She only glanced at Samira with a look of guilt.

Samira furrowed her eyebrows upon hearing that, but she couldn't blame them. These two young ladies were her closest aides and her most trusted subordinates. They have been with her since childhood and they've grown as close as sisters. Although it was a mistake that they didn't check the area earlier, she was more resentful towards the

person who peeped at them. They tried to check the place where they heard his voice, but there were no tracks left. That man was careful in his escape!

“There’s no need to point fingers at this time, Skylar. We need to inform General Gavin about this no matter how embarrassing it may be. That pervert must be one of his soldiers!” Samira glanced softly at the blonde-haired lady named Skylar.

“Miss Samira, don’t worry! We won’t rest until we find that scumbag!” The lady with short red hair said with clenched hands.

Samira nodded her head solemnly. “Skylar, Kathlyn, follow me to the General’s tent!” Samira fixed her clothes before walking away with Skylar and Kathlyn. All three ladies were fuming mad as they made wide strides.
