

Tales of Herding Gods Chapter 1201-1205

Chapter 1201 – Fellow Daoist, Wait For Me

On this day, a huge change happened in the Primordial Realm. Celestial Venerable Ling, Celestial Venerable Yue, Celestial Venerable Huo, and the first Emperor of the High Emperor Heaven, Xiao Weisu, killed Mother Earth and destroyed the Primordial Tree.

The fifteenth South High Emperor Heaven led his army to attack the North High Emperor Celestial Heavens, eradicating this tumor of the Primordial Realm.

In this battle, South High Emperor unified the Primordial Realm, and there were countless stories that couldn't be told.

On the day Mother Earth was beheaded, many inconceivable phenomena occurred. The collapse of the Primordial Tree was one thing, but there was also the chaos of space and the descent of the gods.

Some said that the legendary Celestial Venerable Hao of the extraterritorial celestial heavens had led the strong practitioners of the celestial heavens to descend and assist Celestial Venerable Yue, Celestial Venerable Huo, and the rest in killing Mother Earth.

There were also people who said that Celestial Venerable Yue lost control of her divine art, and Celestial Venerable Yue was severely injured by Mother Earth. She became crippled, and her face was ruined.

There were also people who said that Xiao Weisu was recognized by Celestial Venerable Yue and Celestial Venerable Ling and handed the chopped Primordial Tree to him.

Another person said that Celestial Venerable Ling, Celestial Venerable Huo, made the decision to let Xiao Weisu control the Primordial Realm.

However, since then, very few people saw Celestial Venerable Yue.

Celestial Venerable Ling also went into seclusion again, showing signs of retreating.

What happened that day had already become history, and no one knew.

On that day, Celestial Venerable Yue escaped back to her palace. If she wanted to leave, no one in the world could stop her. However, in order to save Celestial Venerable Ling, she did what she did in the dream.

She gave up her legs and face in exchange for Celestial Venerable Ling's chance to escape.

She practically crawled back into her palace and immediately laid down all kinds of spatial seals, preventing Celestial Venerable Hao and the rest from finding her.

"Yan'er, bring a screen over. Don't let anyone see me," she said with a trembling voice.

The screen covered her, and Yan'er very considerately lit the lantern for her.

Celestial Venerable Yue trembled as she picked up the mirror. Looking at the ugly face in the mirror, she threw the mirror away.

At this moment, a figure walked over silently, but Yan'er and the other palace maids didn't seem to see him.

Qin Mu walked towards the screen. Celestial Venerable Yue covered her face and said in a hoarse voice, "Don't come over. I don't want you to see me like this!"

Qin Mu pushed open the screen, and Celestial Venerable Yue screamed. No matter which direction Qin Mu walked towards, the screen would always block his path.

"Yue."

Qin Mu stood in front of the screen and said softly, "I'm going back."

Celestial Venerable Yue remained silent.

Qin Mu continued to say, "I can't save you now. I can't solve Xiao Weisu's Innate Qi, nor can I solve Celestial Venerable Huo's divine art. However, in the future, when your peach tree grows throughout the thousands of worlds, when I bring this painting back, you will return to your original appearance. At that time, you will still be Celestial Venerable Yue."

He bowed and left. "Dao friend, wait for me."

There was silence behind the screen.

After a long time, the woman behind the screen bowed slightly in the shadow.

Time flew.

The end of High Emperor Era was already set in stone.

Mother Earth died, and Celestial Venerable Yue was severely injured, leaving Celestial Venerable Ling alone. However, Celestial Venerable Ling had remarkable abilities and unimaginable abilities, especially in the last years of the High Emperor Era. Once her divine arts were executed, no one could match her.

However, it was easy to dodge a spear in the open, but hard to defend against an arrow in the dark. Celestial Venerable Ling was ambushed by Celestial Emperor and died in the celestial river.

A prosperous dynasty that had lasted for three hundred thousand years became extinct.

That year, a young girl from the White Dragon Clan carried a long sword on her back and led countless people in ragged clothes to avoid the pursuit of the gods and devils of the extraterritorial celestial heavens. She endured countless hardships and finally came to the East Sea.

She led the survivors of High Emperor to the sea.

After an unknown period of time, they came across a floating island on the surface of the sea. Peach blossoms bloomed on the island, and it was extremely beautiful.

The owner of that place received them. The owner had a weird temper and didn't see any guests, only hiding behind the screen.

"I can send you guys to hide in a hidden heaven."

The owner of the peach garden said to the white dragon girl, "When the High Emperor Calamity is over, you can return to this land."

The White Dragon Clan thanked him.

She frequently waved her sword light, and the owner of the peach garden would sit in a wheelchair and be pushed out by a girl. With a veil covering her face, she would faintly watch her dance with her sword.

The sword danced like a fish and dragon, illuminating the East Sea.

The White Dragon Clan discovered many strange things on the floating island. They walked randomly from the peach forest on the island. Sometimes, they walked to other heavens, sometimes to the Primordial Realm, and sometimes even to Youdu and Xuandu.

She also discovered that the owner of the peach garden had a strange temper. She always asked the girl called Yan'er where the peach forest grew.

The White Dragon Clan had heard that this strange peach forest was planted by the owner of the peach garden back then. It had developed to its current scale after thousands of years.

She even heard from Yan'er that the owner of the peach garden was waiting for a person. That person would only appear when the peach garden was full of worlds.

In the end, the White Dragon Clan led their clansmen through the peach forest and entered a hidden heaven. They settled down and reproduced.

The White Dragon Clan also frequently came out to teach the people of the Primordial Realm paths, skills, and divine arts, promoting the philosophy of the High Emperor Era.

She was honored as High Emperor Sword God.

She would still pass by the peach forest from time to time. The peach forest had already grown into many heavens, but the owner of the peach garden still hadn't found the person she was waiting for.

The White Dragon Clan met a youth called Qin Ye and Wen Tiange, who knew how to chop firewood. Di Yiyue, who had a bad temper, and Yan Yunxi, who was an elegant woman dressed as a man.

She was still walking in the world. The owner of the peach garden was waiting for someone, and she was also waiting for someone.

Unknowingly, twenty thousand years had passed, and Founding Emperor's celestial heavens had turned into dust. The glory of the past had turned into ruins. The owner of the peach forest still hadn't found that person, and she hadn't found that person either.

After another twenty thousand years of darkness, the White Dragon Clan searched bitterly for clues about that person.

On this day, she passed by the source of the Surging River, and the fog in the river gradually rose. The young girl carrying the divine sword couldn't help but sigh ruefully. This river had buried too much history, so much so that the surging river water had become the whimpering of time.

At this moment, she saw the gods of the celestial heavens rushing over.

The gods of the celestial heavens were chasing after a girl carrying a basket. She had saved the girl, but she was already exhausted.

She admired this heroine and escorted her forward. However, that girl still fell in Surging River in the end.

In the basket was a tiny baby crying loudly.

On his chest was a Qin jade pendant.

When night fell, the White Dragon Clan sent the baby to a small village beside Surging River.

"Listen!"

An old granny's voice came from the village, "There's a child crying outside!"

In the Surging River that was forty-six years later, waves surged, and huge waves crashed into the sky, splitting the shore.

The fog rose again, and rays of light flashed past. Qin Mu brought Wei Suifeng, King Dragon Count, Feng Qiuyun, Lin Xiao, the Feathered Forest Guards, and tens of thousands of strong practitioners to appear on the river surface.

Violent winds blew, and the waves were very high, blowing away the fog. Divine force burst forth on the river surface, stopping the wind and flattening the waves. The Feathered Forest Guards were in a somber mood.

Chapter 1202 – The Next Wave Hurts The First Wave

Behind Qin Mu, Wei Suifeng and the fifty thousand Feathered Forest Guards bowed and said in unison, "Many thanks, benefactor!"

The river water rumbled and countless ripples were created.

On both sides of the Surging River, birds were flying together.

Qin Mu turned around and helped Wei Suifeng up. He put his hands on Wei Suifeng's shoulders and laughed. "Big Brother, why do you have to do this? Everyone, get up!"

When King Dragon Count, Feng Qiuyun, and the rest saw this, their expressions changed drastically, and they felt uneasy.

The Emperor of Endless Clouds, Wei Suifeng, was a peak Emperor's Throne. With tens of thousands of Feathered Forest Guards, this power was enough to sweep across the Primordial Realm!

Of course, other than the divine weapon Celestial Venerable Yu of the Primordial Realm!

At this point, Eternal Peace finally had the power to challenge the world. Even if it was the weakest power, it was still power!

"King Dragon Count, Sister Qiuyun, Lin Xiao, swear to Little Earth Count!" Qin Mu swept his gaze over.

"Little Earth Count?"

These people were uneasy and didn't know who this Little Earth Count was. However, the situation was stronger than them, so they could only follow Qin Mu's words and make an oath to Little Earth Count.

However, what puzzled them was that they had sworn an oath to Little Earth Count, yet they didn't receive any response from that Little Earth Count. This made them surprised and delighted, thinking that the contract was useless.

.....

However, they didn't know that the little Earth Count wasn't here. He was in the Great Void.

As long as they stepped into the Great Void, or if Qin Fengqing came here from the Great Void, the Pact of Little Earth Count would immediately be fulfilled. At that time, it would be fine if they didn't rebel, but if they did, there would only be one ending for them.

"Senior brother, are you guys staying in Eternal Peace or heading to the Great Void?"

Qin Mu said, "If you stay in Eternal Peace, you soldiers can take the chance to absorb the results of Eternal Peace's reform and make up for the hundreds of thousands of years of deficiencies. If you go to the Great Void, you will be able to fight against the celestial heavens."

Wei Suifeng pondered for a moment and said, "Let's stay in Eternal Peace first. We'll head to the Great Void after a few years."

Qin Mu nodded his head gently.

Wei Suifeng had his own considerations. The Feathered Forest Guards were still the paths, skills, and divine arts of the Dragon Han Era. Not to mention Eternal Peace, even the current celestial heavens couldn't compare to them.

Even though their realms were very high and the lowest was Jade Capital Realm, when compared to the soldiers of the celestial heavens, their abilities were only equivalent to God Execution Stage or even Jade Pool Realm!

Compared to the soldiers of Eternal Peace, their abilities were even lower. They were merely equivalent to the heavenly gods of the Jade Pool Realm. If they were to face a monster like the leader of Eternal Peace's reform, they would probably be inferior to even the heavenly gods. The leader of the reform on the true god realm would be on par with them.

The times were not stagnant. If they didn't, that would be an era that made people feel incomparably sorrowful and hopeless.

However, the talents of the Feathered Forest Guards were extremely high, and every one of them was a genius. As long as they absorbed the results of Eternal Peace's reform, they could surpass the soldiers of the celestial heavens and even catch up to the gods of Eternal Peace!

Qin Mu and Wei Suifeng bowed and said, "In the future, I will also head to the Great Void to take a look at the situation there. You guys go and meet Earth Mother first. Earth Mother controls half of the Primordial Realm today, and she has the power to build a palace and store troops. Eternal Peace doesn't have many troops, so with your support, Earth Mother can finally rule half of the Primordial Realm."

Wei Suifeng led the Feathered Forest Guards, Feng Qiuyun, King Dragon Count, and the rest away. From afar, Feng Qiuyun saw a verdant Primordial Tree that covered an extremely wide area. She couldn't help but feel delighted.

'Celestial Venerable Mu and the rest even said that Mother Earth is already dead. They are probably trying to trick me into betraying Mother Earth! Now that I'm with Mother Earth, I will still be put in an important position, and my phoenix race will also be put in an important position!'

They got closer to the Primordial Tree, and from afar, they could see a celestial palace being constructed.

That celestial palace was floating between the crowns of the Primordial Tree. The Heavenly Workers and formation masters of Eternal Peace Empire were designing formations to build the celestial palace, and the celestial palace was already more than half completed.

It wasn't easy to forge a celestial palace. The celestial heavens gathered all the skilled craftsmen in the worlds to forge a celestial palace, and Eternal Peace had never had such experience. However, to forge a celestial palace with the power of a country, this kind of potential was still astonishing!

Wei Suifeng led them to the vicinity of the Primordial Tree, and the soldiers of Eternal Peace immediately came to investigate. After asking around, they hurried to report to the celestial palace.

Feng Qiuyun examined the Primordial Tree and was suspicious. She saw a huge capital city under the Primordial Tree, and on the Primordial Tree was a huge capital city. People came and went, and it was extremely bustling.

As for the celestial palaces, even though they were luxurious and magnificent, they weren't as lively as these two capital cities.

"Mother Earth has always looked down on humans and treated them badly. Why is she treating them so well now?"

Not long later, the gods of Eternal Peace invited them into the celestial palace. Wei Suifeng led a group of generals, King Dragon Count, Feng Qiuyun, and the rest to the Numinous Sky Hall.

When they arrived in front of the Numinous Sky Hall, everyone tidied up their clothes and walked into the hall with solemn expressions. They followed the god official and greeted Earth Mother.

Feng Qiuyun secretly raised her head and saw Earth Mother. She was stunned and cried out, "Yan'er!"

Gongsun Yan saw her and couldn't help being surprised and delighted. She didn't care about etiquette and hurriedly got up from her seat with a smile. "Sister Qiuyun!"

Feng Qiuyun hurriedly said, "How did you get to that seat? Come down quickly! You..."

She suddenly came to a realization and exclaimed, "You are Earth Mother?"

Her mind was blown. The little sister who always followed her around back then had actually become the Earth Mother that dominated half of the Primordial Realm?

She still remembered Gongsun Yan at that time. She was always so delicate that people couldn't help feeling pity for her. She was born from the fruit of Mother Earth, but Mother Earth didn't like her child and sent her out to guard the door.

However, Gongsun Yan didn't complain at all. She even planted a fruit garden outside and busied herself with watering the plants and catching insects every day.

Who would have thought that that girl would actually have her current status?

Gongsun Yan walked down and said in delight, "My branch hasn't fallen off yet, Sister Qiuyun is finally here!"

Feng Qiuyun was muddle-headed. She had only been trapped on the ghost ship for ten to twenty years, but she didn't expect the changes to be so huge.

"Where's Mother Earth? Where is Mother Earth?" She was at a loss.

On the other side, Qin Mu came to the Dao Sect, and Dao Master Lin Xuan hurriedly invited him in.

Qin Mu looked at the peach forest beside the Dao Sect, and Dao Master Lin Xuan smiled. "Cult Master Qin wants to meet the owner of the peach garden?"

Qin Mu said, "She's an old friend of mine, and I do want to see her very much. However, I still don't have the ability to get rid of her illness, so I can only wait for a while."

Dao Master Lin Xuan's gaze flickered, and he said, "We haven't seen each other for over ten years, may I ask how strong Cult Master is now? I'm always worried that you will slack off."

Qin Mu looked at him disdainfully and said slowly, "No matter which step it is, I'm still stronger than you."

Dao Master Lin Xuan said humbly, "Yes, yes. Cult Master Qin is the Overlord Body after all, so he's always slightly stronger than others. The little Daoists have been cultivating diligently for the past few years, but as their cultivation becomes more profound, their competitive hearts also become much fainter, and they no longer like to fight and kill. Especially after I comprehended Dao Sword's great algebra Dao Domain, I rarely use my sword. After all, there are fewer people that are worth my effort."

Qin Mu was full of smiles. "Looks like Dao Ancestor has taught you quite a lot of good stuff."

Lin Xuan poured tea for him, and he was also full of smiles. "Even though Dao Ancestor gave me pointers, I still have to rely on myself for my cultivation, and I don't owe him anything. When I taught him microscopic algebra, he was so happy that he was like a child, saying that his Dao had succeeded. I don't know where he went now."

Qin Mu smiled. "However, microscopic algebra was imparted to you by me."

"You comprehended it and threw it to me, but I perfected it."

Dao Master Lin Xuan corrected him with a smile and reminded him, "You are a lazy person. You can't perfect microscopic algebra, but I'm a calm person. Only I can do what you can't."

Qin Mu's gaze flickered, and he drank his tea. "However, Xu Shenghua also comprehended microscopic algebra. How is he compared to you?"

Dao Master Lin Xuan's expression froze, and he said resentfully, "We communicated a few times. He lived far away, so it wasn't easy for him to come here. He was a guest from afar, so I let him win a few times to prevent him from being sad."

Qin Mu laughed loudly and said leisurely, "Xu Shenghua is also slightly inferior to me, the kind that's erected."

Dao Master Lin Xuan snorted. "Xu Shenghua's divine art has already reached the microscopic domain, just like my sword. I'm in the Great algebra Dao Domain, and he's in the Great Divine Path Domain. Immortal Wang Muran is also very remarkable. He combined the techniques of Little Jade Capital into one, and there are twelve celestial palaces. In terms of cultivation, he's the number one among his peers. Overlord Body with the surname Qin, you have already become obsolete."

He raised his teacup to his lips, but he didn't drink the tea. "The waves after the Surging River push forward the waves. You, the former waves, have long died on the beach."

Chapter 1203 – Destroying The Waves

Qin Mu raised his cup of tea and gently blew on the tea leaves. He said with a smile, "I've been wandering in the celestial heavens for so many years, but I haven't died yet. Could it be that I can still die from wandering in your small Dao Sect?"

Dao Master Lin Xuan drank the tea in one gulp, and Qin Mu also drank the tea in one gulp. Both of them put down their teacups at the same time. The teacups were deeply embedded into the stone table, and the surface of the cup was equal to the stone table.

This was a creation divine art!

The two of them executed their creation divine arts at the same time to change the structure of the stone table and the teacup, allowing the teacup and the stone table to become one!

In the distance, a few Daoists looked into the distance and whispered to each other with different opinions.

"Dao Master has always been calm and collected, as high as the sky and as far as the clouds. Even though he's young, his cultivation is unfathomable, and he's as indifferent as a wild crane. Ever since Dao Ancestor came here, Dao Master has become even more unfathomable, and his cultivation is like a vast ocean."

A young Daoist asked bewilderedly, "Why are you angry today?"

The older Daoist beside him smiled and said, "That's because you don't know who he is. This guest is the famous Celestial Venerable Mu, a person who wreaks havoc in the world. Back then, Dao Master didn't suffer less in his hands!"

The young Daoist was puzzled. "Celestial Venerable Mu? Why would Celestial Venerable hang out with Dao Master? And why would Dao Master get angry?"

"You don't know about this, but the older generation is very dirty-minded. Back then, Celestial Venerable Mu was called Cult Master Qin and was a great devil. Heavenly Devil Cult Master, Dao Master lost to him the first time and his Dao Sword was broken by him."

The other Daoists talked at once and revealed all of Dao Master Lin Xuan's secrets. "Other than Immortal Wang of Little Jade Capital, Xu Shenghua of West Earth, Zhe Huali of Middle Earth, and Rulai of Mount Meru, there aren't many people in this world that can be compared to Dao Master. Also, that Qi Jiuyi is also very powerful, but he doesn't really interact much recently. However, the one Dao Master wants to fight the most is still this Celestial Venerable Mu. Now that he has delivered himself to our door, we will definitely have a fight!"

In front of the stone table, Qin Mu stirred his teacup, and it spun out from the stone table again. The surface of the table wasn't damaged at all, and he said indifferently, "It's been a long time since I beat you guys up. Looks like you guys think of yourselves as overlords."

.....

Dao Master Lin Xuan also stirred his teacup and said indifferently, "Does Cult Master know who is the alpha and beta Overlord Body?"

His teacup also floated up, leaving no trace on the stone table.

"Over the years, I used microscopic algebra to reconstruct the sacred runes of the Great Dao of the heavens, and I also learned macroscopic algebra from Dao Ancestor. In terms of attainments in algebra, the difference between you and me is like clouds and mud. I'm a cloud, and you are mud."

Dao Master Lin Xuan pulled out his sword and stabbed it into the stone table with a clink. He said with a smile, "Founding Emperor also came to the Dao Sect and imparted the sword path to me, allowing me to see the ultimate marvel of the Dao Realm. Village Chief also came here. He sounded very disappointed in you, but he was full of praise for me. They thought you were already crippled and your path was off."

Qin Mu stared at his sword and pulled it out with a wave of his hand. He stabbed his broken sword into the table and sneered. "I'm not the one who's crippled, it's Village Chief and Founding Emperor! I'm the one who's right! I've beaten both of them!"

Dao Master Lin Xuan's eyes lit up, but his aura became even more restrained. "Even the evil and unorthodox paths say so. After so many years, you still haven't changed at all!"

Qin Mu laughed and said, "If I didn't beat you up, you would really think you were the alpha. Do you think you can seize the fate of my Overlord Body?"

Dao Master Lin Xuan stood up, and his Daoist robe fluttered in the wind as if he was going to ride the wind. "There's no point in saying more. Whether you are an alpha or a beta, the truth will be revealed in your hands!"

Qin Mu stood up and said leisurely, "You guys underestimate me too much. Even if you guys continue the reform of Eternal Peace, I'm not bad. In terms of cultivation, I'm still the strongest. In terms of sword path, I'm still the strongest. In terms of battle power, I'm still the strongest. In terms of algebra, I'm still the one standing on the peak."

Dao Master Lin Xuan swept his sleeves, and sword lights filled the sky. However, in the next moment, the sword lights vanished.

In its place were the vast stars of the universe. The planets seemed to appear in the tiny Dao Sect, displaying their magnificent beauty.

On the other hand, if one looked carefully, any grain of sand, a blade of grass, or a drop of water in those stars would show endless microscopic structures, fully displaying the beauty of the microscopic world!

Qin Mu's expression changed slightly, and he muttered in his heart, 'It seems like I'm still not the strongest in algebra...'

Dao Master Lin Xuan's macroscopic algebra and microscopic algebra had both reached the level of Dao!

His sword skills combined microscopic macroscopic together perfectly, and even all kinds of different Great Daos were deconstructed by algebra. The changes in algebra resulted in changes in the Dao.

This resulted in a change in his Sword Dao.

In terms of algebra, Qin Mu felt that he was far inferior to him.

Other than Dao Sect's Dao Sword, Lin Xuan's Sword Dao also had the shadow of Founding Emperor and Village Chief.

Founding Emperor and Village Chief were both existences that had cultivated the Sword Domain, and their attainments in the Sword Dao were extremely high. Dao Master Lin Xuan's talent in the Sword Dao was also extremely high. With the guidance of two experts in the Sword Dao, his attainments in the Sword Dao had also reached an eye-opening stage!

He just didn't know if Dao Master Lin Xuan had learned the twentieth sword form.

'Xu Shenghua came to see him a few times, but Lin Xuan was defeated. Doesn't that mean Xu Shenghua is stronger?'

When Qin Mu thought of this, he pulled out the broken sword from the stone table. "However, you are all betas!"

He pulled out his broken sword, and his sword realm burst forth. Great algebra Dao Domain and Calamity Sword Domain collided, and the huge planets surrounding the Dao Sect collapsed in his Calamity Sword Domain!

Dao Master Lin Xuan gave a long roar and executed his technique to reverse the situation. However, he saw the collapsed stars starting to shrink before rapidly expanding and burning, transforming into suns formed by heavenly fire!

Great Sun Sovereigns flapped their wings and flew out from the sun, transforming into three-legged golden crows that pounced at Qin Mu from all directions. They had the power of the innate Dao!

Starry Substitution and the sun formed a sword formation, and the Great Sun Sovereigns were the core of the formation!

This was the sword formation of the Great Sun Divine Sword!

Lin Xuan had originally cultivated Precelestial Supreme Mystery Technique. Precelestial Supreme Mystery Technique was taught by the abandoned disciples of the celestial heavens' Dao Sect and was a part of the celestial heavens' Dao Ancestor's Supreme Mystery Dao Technique.

When Dao Ancestor came to visit, he imparted the complete Supreme Mystery Dao Art to him.

His cultivation was truly vigorous. In addition to his great algebra Dao Domain, the beauty of his ultimate algebra was intoxicating.

This scene looked like he was using the Connate Great Dao to set up the formation, but it was actually a sword skill. It looked like a sword skill, but it was actually a formation. It looked like a formation, but it was actually algebra!

Everything was ultimately algebra. This was the essence of paths, skills, and divine arts!

Qin Mu's broken sword quickly recovered, and his sword realm expanded. He used his sword to break the formation and the Great Sun Divine Sword!

"How capable!"

He praised in his heart. When he broke the formation, he felt the power coming from the sword formation. 'Lin Xuan's cultivation isn't as good as mine, but macroscopic microscopic algebra makes up for his lack of magic power. His improvement over these years isn't small!'

Unexpectedly, at the instant the sword formation was broken, the stars changed, and the stars shifted. Dao Master Lin Xuan's sword light scattered, and the sword light transformed into ancient gods of the stars, forming the Heavenly Constellation Earthly Fiend Formation without any explanation!

The stars in the sky suddenly increased in number, and the ancient gods of the stars looked like they were formed by countless suns. They looked simple, fierce, and fierce. Once the formation was unleashed, it froze Qin Mu's sword realm.

Chapter 1204 – Dao Sect's Connate Qi

Qin Mu's expression changed slightly, and he immediately changed his move. He transformed into the Raising Calamity Sword and killed the ancient gods of the Big Dipper Stars. He forcefully broke through the Earth Chief Star Dou ancient gods, preventing them from surrounding him.

Right at this moment, more stars appeared in the sky. The Heavenly Constellation Earthly Fiend Array transformed into the Heavenly Cycle Star Gods Great Array, and an inescapable net rushed towards them!

Qin Mu's Facing Calamity Sword scattered in all directions, and the star gods were hit!

His sword path was extremely powerful.

In terms of cultivation, he was definitely the one with the densest cultivation in Eternal Peace's reform. No one could compare to him. Even if Dao Master Lin Xuan's sword skills were incomparably exquisite

and his algebra was incomparably profound, it would still be hard for him to compete with his magic power.

His magic power had far surpassed Lin Xuan's!

However, at the instant the star gods were destroyed, countless stars gathered together. With a loud rumble, countless stars were pressed together and transformed into Calamity Stars!

Calamity Stars were incomparably heavy, and they were one of the heaviest stars in the universe. This kind of abnormal star spun extremely fast, and terrifying beams would frequently burst forth in the universe. They were like sword lights, and wherever they passed, everything was wiped out!

Lin Xuan's sword light flashed, and over ten calamity stars swirled around Qin Mu crazily. Shocking sword lights slashed down at Qin Mu!

Qin Mu swung his sword to block, and he heard endless explosions. The ten plus stars were actually shattered by him!

However, in the next moment, the tip of Dao Master Lin Xuan's sword moved, and the shattered stars gathered together to transform into a huge abyss that could swallow anything. With a swoosh, it swallowed Qin Mu!

It was like the place where the universe ended. It was like a black hole that swallowed everything!

.....

"The abyss of the Ruins of End! Can your algebra evolve the Great Dao divine art of the Ruins of End?"

Qin Mu's voice came from the abyss, and the power of Sword Domain completely burst forth. The abyss of the Ruins of End that was formed by Dao Master Lin Xuan's sword light actually collapsed, and Qin Mu was about to escape.

Dao Master Lin Xuan raised his sword with his right hand and used his left hand to form a sword technique. He moved forward along the sword and smeared it on the tip of the sword. He said solemnly, "All Daos converge into one, congenital Qi!"

Swoosh—

He stabbed out with his sword, and Qin Mu had just escaped from the abyss of the Ruins of End.

The sword light was incomparably fast and arrived in front of Qin Mu in an instant.

Qin Mu didn't have the time to swing his sword. He raised his sword with his right hand and carried it behind his back while his left hand gripped the sword technique in the heart of his brows. His voice was deep and low. "Divine treasure, open—"

The speed of Dao Master Lin Xuan's sword was extremely fast, and it stabbed the tip of his left middle finger with a clink. A drop of blood flowed down from the tip of his finger and slid down the sword.

At the same time, Qin Mu's divine treasure realm burst forth. Ten thousand Dao rumbled and spewed out, and incomparably terrifying power burst forth!

Qin Mu's left and right sword skills collided with the tip of Dao Master Lin Xuan's sword, and his sword skills smacked forward.

Boom—

His celestial palaces rumbled, and the Ancestral Court, Xuandu, Youdu, Yuandu, the Four Extreme Heavens, the thousands of worlds in the heavens, and countless Great Daos resonated at the same time. As his sword technique surged, the vast power bounced Dao Master Lin Xuan and the Dao Sword high into the sky.

The sword light around Dao Master Lin Xuan crumbled, and the qi of the First Heaven in the sword also broke off layer by layer!

Bang, bang, bang. Explosions rang out, and the Daoist robe on Lin Xuan's body exploded continuously. He crashed backward together with his sword and crashed into a cliff.

Luckily, Qin Mu had retracted his power in time and didn't severely injure him. However, the power of this strike still caused blood to spurt out from his eyes, ears, mouth, and nose. The Daoist robe on his body was also full of holes, and it didn't cover his body.

The cliff cracked from his collision, and Dao Master Lin Xuan fell from the cliff, sprawled in the dust.

Qin Mu jumped in shock and quickly went forward. He was about to check on his injuries when Dao Master Lin Xuan suddenly jumped up. He didn't even want his Dao sword and threw it far away. He flailed his arms and legs as he ran around joyfully. "I injured him!"

Qin Mu was stunned.

Dao Master Lin Xuan was wearing a tattered Daoist robe that was leaking air everywhere, and his eyes, ears, mouth, and nose were all covered in blood. He shouted happily, "I made him bleed! I stabbed him with my sword! Hahahaha! The insufferably arrogant Cult Master Qin was injured by my sword, by my Dao Sect!"

The Daoists in Dao Sect looked at each other in dismay.

They saw their sect master sprinting frantically, running all over the mountains and plains, shouting non-stop as though he was extremely happy.

However, Sect Master's Daoist robe couldn't hide his body, and his white buttocks could be seen from behind.

Many female Daoist nuns hurriedly covered their faces and couldn't bear to look at them, so they could only sneak peeks through the gaps between their fingers.

Qin Mu's face turned red, and he went to intercept Lin Xuan. "Dao friend, you stabbed my fingertip, yet I beat you half to death. Logically speaking, I won, but you were so excited as if you had won..."

Dao Master Lin Xuan placed his hands on his hips and said righteously, "If I hurt you, it would be considered my victory! Xu Shenghua is so powerful and Immortal Wang Muran is so impressive, but they have never hurt you, only I have! I'm stronger than them!"

Qin Mu muttered, "That's because I'm stronger, what are you happy about..."

Dao Master Lin Xuan was indescribably excited. "I injured Celestial Venerable Mu! No one else can do it, only I can! Even Xu Shenghua can't, he can't! I'm the alpha, he's a beta!"

Qin Mu gave a cough and reminded him, "You are currently naked..."

"I was born naked, what am I afraid of?" Dao Master Lin Xuan still couldn't suppress his excitement.

Qin Mu sighed. Dao Master Lin Xuan must have suffered a huge blow and gone crazy.

'Could it be that Xu Shenghua dealt him a harsh blow?'

Qin Mu blamed Xu Shenghua in his heart and thought to himself, 'He's the beta Overlord Body after all, how could he be like me? Every time I make a move, I know my limits...'

Dao Master Lin Xuan was excited for quite a while, and he ran around the entire mountain. Finally, an old Daoist took out a Daoist robe and put it on for their Sect Master.

Only then did Lin Xuan calm down, and his face turned slightly red. He then returned to his normal appearance and became the calm Dao Master of Dao Sect again. He said apologetically, "I lost my composure just now, please don't take offense."

Qin Mu said with a smile, "The Daoists on the mountain are going crazy from your scare."

Dao Master Lin Xuan said with a smile, "My Dao Sect is like this, full of emotions and not caring about trifles."

Qin Mu knew he was putting gold on his face, so he didn't expose him. "I'm here to seek knowledge for a period of time, please teach me."

The smile on Dao Master Lin Xuan's face was hard to suppress, and he said with a smile, "Dare I disobey?"

The Daoists of Dao Sect had yet to come back to their senses from Dao Master's shouting earlier. Dao Master Lin Xuan gave a loud shout and lectured, "As Daoists, it's important to not be alarmed by flattery or humiliation, but the true me is the one with the most emotions, the true person! If you guys can't cultivate, you guys can face the wall for three days!"

The Daoists received their orders and obediently went to face the wall.

The sect master couldn't hide his excitement. As he walked forward, he muttered softly, "I injured him, I made him bleed. Hehe... I injured Celestial Venerable Mu! Cough cough, Cult Master Qin, this way please!"

Qin Mu stayed in the Dao Sect for over ten days to learn Dao Master Lin Xuan's algebra Dao Domain. However, his main goal was still Lin Xuan's First Qi of Connate!

The Connate Qi was the Great Dao of the ancient Celestial Emperor, and it was extremely marvelous. Besides the ten Celestial Venerables, only the Dao Ancestors of the Dao Sect had seen Celestial Emperor's corporeal body.

Dao Ancestor had taught Lin Xuan, which was why Lin Xuan's First Qi of Connate was so powerful. The final blow even injured Qin Mu.

If it wasn't for Qin Mu unleashing his divine treasure realm at the crucial moment, it wouldn't be as simple as having his fingertip pierced. He might even be severely injured by Lin Xuan!

Dao Ancestor used macroscopic algebra to construct the Connate Qi, while Lin Xuan supplemented it with microscopic algebra. This could be said to be the closest Dao technique to the true Connate Qi.

Qin Mu learned very seriously and asked if he didn't understand.

Dao Master Lin Xuan also took this chance to ask him many questions, so Qin Mu taught him the new Spirit Embryo Cultivation system that he had comprehended.

Lin Xuan was flabbergasted, and he was so shocked that he couldn't say anything for a long time. Only after a long time did he come back to his senses. He pondered for a moment and said, "This technique and cultivation system of yours, only you can cultivate it now, I can't learn it."

Qin Mu asked in astonishment, "Why?"

Chapter 1205 – Xiao Weisu, Back Off

Lin Xuan sighed and said, "If I want to learn, I have to use the nineteenth sword form, Facing Calamity Sword, to break the celestial palace and the seven great divine treasures that I have painstakingly cultivated. Under this pressure, who can escape? Who is as strong as you? They will definitely be crushed to death."

He paused for a moment and continued, "Furthermore, I'm afraid even ordinary people can't cultivate it. No one has such dense vital qi to open up the primordial chaos when they are in the realm of martial arts. To open up the heaven and earth in their mind and create a small universe, not to mention gathering the spirit qi and spirit energy in their body to form a spirit embryo."

"How powerful are you? However, you only have the ability to establish this cultivation system now. Who else has the foundation to do so?"

Qin Mu frowned slightly.

Lin Xuan said, "If this technique of yours wants to be passed down, if you want to pass it down, you can only reduce it and lower the difficulty of cultivation. If you lower the difficulty, the people of the later generations won't be as strong as you."

He thought about it and said, "Even so, it will be much stronger than the system of divine treasures and celestial palaces."

Qin Mu carefully considered it for a moment and nodded his head, sighing ruefully. "You're right, I'm a little too strong. I thought others were as strong as me, but I never thought I was the Overlord Body."

Lin Xuan's face turned black, and he pressed down on the hilt of the Dao Sword, wishing he could pull out his sword to slash him. He then slowly let go and snorted. "If I wasn't unable to defeat you..."

Finally, Qin Mu learned the First Qi of Connate, but he couldn't refine the Great Algebra Dao Domain. He excused himself and said, "I'm planning to go to West Earth to meet Xu Shenghua."

Dao Master Lin Xuan's eyes lit up, and he was very reserved. He said politely, "If Xu Shenghua challenges you, you must do your best and not give him the chance to take advantage."

Qin Mu understood. "I understand, don't worry."

Dao Master Lin Xuan let out a sigh of relief and sent Qin Mu off earnestly. He sent Qin Mu far away before reluctantly returning to the Dao Sect.

.....

Qin Mu carried the lantern forward and unknowingly came to the center of the Primordial Realm. The Primordial Tree was verdant and lush, covering half of the Primordial Realm. Celestial Venerable Xiao's celestial palace floated in the tree crown while Celestial Venerable Yu floated at the side.

Qin Mu was about to pass by the Primordial Tree when a voice suddenly rang out. "Celestial Venerable Mu, hold on!"

Qin Mu stopped and turned around. It was the master of Sky Prison, Left Assistant Minister Yan Shaoqing.

Yan Shaoqing seemed to be seeing him for the first time. He went forward to greet him and said, "Celestial Venerable Mu, Celestial Venerable Xiao wants to see you."

"Celestial Venerable Xiao wants to see me?"

Qin Mu muttered to himself and raised his head to look at Celestial Venerable Xiao's celestial palace.

Yan Shaoqing looked at him, feeling anxious.

He wasn't an easy person. His consciousness attainments were the highest in the celestial heavens. The ten Celestial Venerables were all looking forward to him creating a consciousness technique on the Emperor's Throne level.

Of course, there were at least three people in the celestial heavens whose consciousness attainments surpassed his. They were the Grand Emperor's Heavenly Lady Qiang, Celestial Venerable Gong Yun, Celestial Venerable Gong, and Celestial Emperor's son, God Emperor Lang Xuan.

These three people hid their identities and didn't reveal themselves, so on the surface, Left Assistant Minister Yan Shaoqing's consciousness attainments were still the highest.

Even though Yan Shaoqing's consciousness cultivation was high, it was too rough. He had once fallen into the trap of Qin Mu and Jiang Baigui and almost couldn't walk out of the illusion.

Later on, he still listened to Qin Mu's suggestion and went to Eternal Peace to learn the results of Eternal Peace's reform. He had quite some achievements over the years and was getting closer to the Emperor's Throne Realm.

'Celestial Venerable Xiao should be the mysterious strong practitioner that ambushed the ghost ship on the Surging River.'

Qin Mu said in a low voice, "I told him to back off because he was afraid of being trapped by the Dao of Tai Shi and unchanging divine art, so he left. He must have come to see me for the things on the ghost ship. Other than Celestial Empress' corporeal body, I'm afraid there's also Jue Wuchen's corporeal body. Hmm, there should also be the Feathered Forest Guards. After all, he's the reincarnation of the ancient Celestial Emperor..."

Yan Shaoqing felt a chill down his spine. He wanted to block his ears and not listen to him, but he grumbled in his heart, 'The more I know, the faster I'll die! I'm going to die!'

Qin Mu took a glance at him and continued to speak slowly, "The fifty thousand Feathered Forest Guards are all ancient geniuses. With a little training, their battle power will definitely advance by leaps and bounds, and they will become a great helper to him. Celestial Empress' corporeal body can threaten Celestial Empress, but as for Jue Wuchen's corporeal body, hehe, he was killed by Celestial Venerable Hao and the rest back then without obtaining Jue Wuchen, so he naturally has to sleep..."

Yan Shaoqing felt despair in his heart. His legs had no strength left, and he collapsed to the ground.

Qin Mu bent down and patted him on the shoulder. He said with a smile, "Left Assistant Minister still hasn't sealed Southern Heavenly Gate and broken the divine bridge? Looks like you don't plan to rely on Eternal Peace anymore, so I won't give you a chance to live."

The corners of Yan Shaoqing's eyes twitched. He raised his head and said, "I'm willing to cripple my own divine bridge and seek refuge in Eternal Peace. Please give me a chance, Celestial Venerable."

Qin Mu smiled. "What's so difficult about that? I used my consciousness to seal this place just now, and even Celestial Venerable Xiao couldn't see through it. He doesn't know what we're talking about."

Yan Shaoqing was dumbfounded.

Qin Mu carried the lantern and continued to move forward, saying leisurely, "However, you know this secret. If you don't rebel against the celestial heavens, I'll tell Celestial Venerable Xiao that Heavenly Lady Yan will still die without a burial ground."

He turned his head and blinked. "I'll help you keep this secret."

Yan Shaoqing's face turned ashen.

Qin Mu laughed and left with the lantern.

Yan Shaoqing immediately shouted, "Celestial Venerable Mu, Celestial Venerable Xiao wants to see you. Aren't you going?"

"No!"

Qin Mu's voice came from afar. "I'm Celestial Venerable Mu, one of the five senior elders of the Heaven Alliance. Celestial Venerable Xiao is my martial nephew, so you should at least call me Dao brother. You want me to meet him? It's more like he's here to meet me!"

Yan Shaoqing was shocked.

Qin Mu carried the lantern and moved forward. Thousands of mountains and rivers passed by his feet in a flash. He was strolling leisurely, but with Celestial Venerable Yue's lantern around, even if his footsteps were slow, they were still frighteningly fast.

Suddenly, a beam of light chased after him from behind and only caught up to him after half a day. It blocked his path.

The light dispersed, and Celestial Venerable Xiao looked at Qin Mu silently with a dark expression.

Qin Mu smiled and put away the lantern. He said leisurely, "Xiao Weisu, I'm not your subject. You have a favor to ask of me, so you came to see me. You actually want me to meet you, how great of a face you have."

Celestial Venerable Xiao said coldly, "Celestial Venerable Mu, don't forget that taking your life is just a flick of a finger to me. How dare you be so impudent in front of me?"

Qin Mu laughed loudly, and his expression suddenly turned cold. "You need to flick a finger to kill me, but I only need to move my mouth to kill you. Your Majesty, not many people know about your reincarnation."

Killing intent exploded in Celestial Venerable Xiao's eyes.

“You are here to find the corporeal bodies of Celestial Empress and Jue Wuchen, what a joke. The majestic Celestial Emperor is actually so blinded by greed!”

Qin Mu said indifferently, “If I give you Celestial Empress’ corporeal body and Jue Wuchen’s corporeal body, can you use it to threaten Heavenly Lady Yan? Heavenly Lady Yan doesn’t need this corporeal body anymore. As for Jue Wuchen, you only treat her as a plaything. You want to offend me for these two things?”

Celestial Venerable Xiao sneered. “Why can’t you say that you want to offend me because of these two things?”

Qin Mu chuckled. “Celestial Empress can abandon her corporeal body, but you can’t. I can break the ghost ship, and I can also break Celestial Venerable Ling’s divine art. If you offend me, you can forget about retrieving your corporeal body!”

Celestial Venerable Xiao’s eyes twitched.

Qin Mu flicked his sleeves and said, “You may leave.”

Celestial Venerable Xiao gritted his teeth and walked away. When he came behind him, he suddenly stopped and tilted his head. “Celestial Venerable Mu, you are no longer under my control. You are growing very fast.”

Qin Mu said indifferently, “Thanks to you. During the Eternal Peace Calamity, I learned a lot from you.”

Celestial Venerable Xiao smiled and floated away. Her leisurely voice rang out, “However, you don’t understand the general trend. As long as Eternal Peace is still around, you will never be able to escape my control!”
