

Tales of Herding Gods Chapter 1321-1325

Chapter 1321:

Just as Emperor Tai's head was about to struggle and escape, the ground around him suddenly began to move. Loud Bangs rang out as the ground began to rise, forming five mineral veins!

One of the mineral veins was filled with the dense aura of the absolute beginning Dao, one of the mineral veins was filled with the entanglement of yin and yang qi, one of the mineral veins was filled with the transformation of the form and quality of the Dao of Tai Su, and one of the mineral veins was filled with the mountain range of the Dao of Tai Shi, which had also transformed into a formless void mountain.

Only the last mountain range didn't have any aura of Great Dao even though it was bulging.

Four of the five mine veins pressed down on supreme emperor's head, and four different Great Dao invaded his body to suppress his divine consciousness and imprint the seals of the four innate Great Dao on it!

Supreme Emperor's divine consciousness was instantly locked, and he couldn't move it anymore. However, he laughed out loud. "Heavenly venerate MU, is your algebra taught by Martial Battle Heavenly Teacher? There are clearly only four mine veins, yet you say it's five mine!"

Qin Mu's face turned black.

He had never comprehended the path of great change, so he naturally couldn't use it to seal supreme emperor.

The reason why he said it was the great seal of five mineral veins was because there were five mineral veins in the ancestral court.

Suddenly, he grunted, and blood spurted out from his eyes, ears, mouth, and nose. The wounds on his body exploded one after another, and blood spurted out in all directions.

Supreme Emperor struggled with all his might to gather his messy divine consciousness in an attempt to break his seal. When he saw this, he couldn't help laughing out loud and mocked, "Heavenly Emperor Mu, you have indeed sealed me, but what can you do? Your injuries are even worse than mine!"

Qin Mu's expression became gloomier and gloomier. He trembled as he took out a small basket. Inside was the spirit pills apothecary had refined for him.

That night, when the strong practitioners of the previous era had invaded, apothecary had specially refined a basket of spirit pills. Qin Mu and the rest hadn't finished using them, so there were still some left in the basket. He had kept them in case they needed them.

Supreme Emperor's divine consciousness couldn't be condensed at all. His head tried to escape in all directions, but it was sealed by the four mines and became smaller and smaller. The pressure around him also became heavier and heavier, making it impossible for him to escape, he still smiled at himself. "Qin, it's already amazing that you can do this, but it's a pity that you can't kill me and can only suppress me. As long as I exhaust you to death, I'll still be the winner!"

Qin Mu continued to refine the medicinal energy and didn't say a word.

Supreme Emperor smiled. "So what if heavenly venerate Yun killed me? After his death, his primordial spirit was still thrown into the ultimate void by me and suppressed in my divine consciousness great overarching heaven. 'So what if heavenly venerate Ling restrains me? 'she was still killed by me and sealed in the Heavenly River. 'heavenly venerate mu, you will also end up in the same situation.'

Qin Mu catalyzed the medicinal energy to suppress his injuries before he let out a sigh of relief.

Supreme Emperor's head had already been refined to the size of a fence by the four ore veins, and the four ore veins also became smaller and smaller.

Qin Mu executed the Broken Sword and cut the ground in all directions, turning it into a disk. He then injected some primordial symbols into it to change the physical structure of the breathing soil and refine the four ore veins into a huge seal that was more than three yards in circumference.

There were four dragon-shaped mountains on this treasure seal, and in the middle of the four dragon-shaped mountains was the head of Supreme Emperor. It was like a bead that had been trapped by the mouths of the four dragons.

Of course, the bead wasn't round.

This treasure seal was still too big, and Qin Mu tried to use his magic power to refine it into a smaller size. However, his injuries were too severe, so he could only give up.

If he allowed the seal of the four mines to continue refining, the treasure seal should slowly shrink.

Supreme Emperor's head was in the center of the treasure seal, unable to escape, "You should know that I have the identity of Shuang Heaven Consort and the imprint of the Divine Consciousness Dao fruit on great overarching heaven, so you should know that it's completely useless for you to seal me. "You think Shuang Heaven Consort Won't Kill You? "You think my Dao Fruit imprint will let you go? "You are just another booty that I'm about to reap!"

Qin Mu tidied his clothes and took out a mirror to look at his face. He carefully washed away the blood stains on his face and checked his wound to make sure that there wouldn't be any scars.

Supreme Emperor looked at him and sneered. "I won't kill you directly. I will torture you slowly and let you taste all the pain in the world. I will make you beg for Death!"

Qin Mu took out a comb and combed his messy hair in front of the mirror. After he was done, he looked at the mirror a few more times and didn't find anything wrong with it. Only then did he put away the mirror and comb.

Supreme Emperor didn't speak anymore. He looked at Qin Mu rinsing his mouth and cleaning up the blood in his mouth.

Only then did Qin Mu turn around to look at him. He stretched out his hand and grabbed Supreme Emperor's head in the middle of the treasure seal. Supreme Emperor's expression was gloomy as he said coldly, "Heavenly venerate mu, are you sure you want to do this?"

Qin Mu had already grabbed his head and lifted the treasure seal. Supreme Emperor snorted angrily, "You can refine my head into a divine weapon, but you have to wipe out my divine consciousness first. A warrior can be killed but not humiliated! If you wipe out my divine consciousness, my corpse will be at your mercy!"

Qin Mu laughed loudly and put down the treasure seal. Supreme Emperor's head rolled around in the seal of the four mines, and his long hair curled up again. He sneered. "At least you know what's good for you. Heavenly venerate mu, tell me, what do you want?"

Qin Mu said amiably, "Heavenly Venerate Yun's soul. As long as you give me heavenly venerate Yun's soul, I'll let you go, and you won't have to suffer such humiliation."

“Impossible!”

Supreme Emperor’s head said resolutely, “Heavenly Venerate Yun’s soul was sent into the ultimate void by me and trapped in great overarching heaven. If I let him out and you have his corporeal body, wouldn’t he have to be revived? “One of you is already a headache, so there’s no way I can let heavenly venerate Yun out again! “Furthermore, my head isn’t as valuable as heavenly venerate Yun’s! “Change to another condition!”

Qin Mu frowned slightly and pondered for a moment, “Supreme Emperor, your head is still very valuable,”he probed. “You are revered as the strongest corporeal body in prehistoric times. I’ve heard many creators say that even heavenly venerate’s primordial corporeal body is inferior to yours. “You only have this head left now. If you keep this head, as long as you find the absolute beginning original stone, you can still reforge your body. “Aren’t you going to consider it?”

The Supreme Emperor shook his head. “Even if I find the absolute beginning original stone and reforge my body, my body will still not be as strong as my original body. I will never be able to find hundreds of millions of creators to worship me, and I will never be able to return to my peak state. “Hehe, if heavenly venerate Haotian did not destroy my head and cut off one of my arms, how could I have been injured to this extent by the fourth heavenly venerate?”

His head was created using the primordial stone, not his original body.

His original head had already been destroyed and refined by heavenly venerate Haotian during the great void battle!

His new head could not match up to his original head.

Supreme emperor continued, “Furthermore, even if I can recover to my peak condition, I’m not the strongest corporeal body. Heavenly Emperor absolute beginning’s corporeal body is still a notch stronger than mine.”

Qin Mu’s heart trembled slightly.

Heavenly Emperor absolute beginning and supreme emperor both had the title of the strongest corporeal body, but there was still no conclusion as to who was stronger.

As for Supreme Emperor, even though the creators were gnashing their teeth in hatred, they all agreed that Supreme Emperor's corporeal body was the strongest in history.

Heavenly Emperor absolute beginning's corporeal body was the strongest corporeal body recognized by all the celestial venerables in Dragon City.

It was difficult to determine which of the two sacred corporeal bodies was stronger.

And now that Supreme Emperor had admitted that Heavenly Emperor absolute beginning's corporeal body was stronger, they had finally solved an unsolved case.

"Since you won't release Heavenly Emperor Yun's soul, let's exchange for Heavenly Emperor Ling."

Qin Mu smiled and said, "When I saved heavenly venerate Ling, you let me Save Heavenly Venerate Ling."

Supreme Emperor's head laughed loudly. "Heavenly Venerate Yun is dead after all. Even if she was saved by you, it would still take a few years for her to cultivate to the level of fighting against ten heavenly venerates! After heavenly venerate Ling was saved by you, her battle prowess was enough to fight against ten heavenly venerates! "Heavenly venerate Mu, your plan is too good, but I'm not stupid either!"

Qin Mu was furious and grabbed Supreme Emperor's head to lift the huge seal. He executed it and struck out!

"Qin, you humiliated me, you're dead meat!"

— I wish my friend loneliness and Gargamel a happy birthday (sorry, I'm two days late in sending my blessings)

Chapter 1322:

In the cry of Supreme Emperor, the treasure seal spun and flew up. The treasure light blossomed, and Supreme Emperor's head let out a muffled grunt. His divine consciousness couldn't help being activated, and all sorts of strange dao markings appeared on the surface of the seal!

Boom!

Qin Mu's strike caused the mountains to collapse and the earth to crack. Supreme Emperor's head only felt his divine consciousness turning into the energy in the treasure seal. Qin Mu didn't use his cultivation in this strike, but only activated the seal of the four mines, it was the four mines that had absorbed his energy and turned it into power!

"YOU MOTHERF * cker, you've refined me into a treasure!"

Supreme Emperor's head cursed loudly, but when he saw Qin mu executing the treasure seal again, he immediately said, "Heavenly venerate mu, let's discuss this!"

Qin Mu stopped and called back the treasure seal. He said with a pleasant expression, "Dao brother, don't you want to consider the matter between heavenly venerate Yun and heavenly venerate Ling again?"

The expression of Supreme Emperor's head fluctuated as he said dispiritedly, "I've really fallen. However, I definitely can't hand heavenly venerate Yun and heavenly venerate Ling to you, but we can still discuss some other things."

Qin Mu made a gesture to activate the treasure seal, supreme emperor immediately said, "Stop!"! This head of mine was indeed not worth anything. It was only visualized using primordial stones, and it couldn't compare to heavenly venerate Yun's soul or heavenly venerate Ling's life! "No matter how much you humiliate me, I won't exchange with you! "We can exchange for something else!"

Qin Mu stopped, "What else can you exchange for?" He asked suspiciously? "Daoist brother Supreme Emperor, it's not that I look down on you, but to be honest, I occupy the biggest treasure land of the ancestral court and have a hundred thousand Black Mountains. They are rich in minerals and resources! "Moreover, I have a deal with Celestial Master Gong and concubine Yan Tian. To be honest, I don't care about the little output in your territory at all. "If you want to trade with the treasures in concubine Yang Tian's territory, you'd better keep your mouth shut."

The head of Tai di sneered and said, "Your great Black Mountain is also a treasure land? If you tell others, they'll laugh their heads off! "Celestial Master Mu, your Great Black Mountain is a place that even the ten celestial masters don't care about, which means you treat it as a treasure! My territory in the ancestral court is also a treasure land, which is many times better than your great Black Mountain. It's a place where murderous aura is condensed. "Of course, I won't exchange with you."

Qin Mu's heart moved slightly, and he asked humbly, "What's so special about the place where murderous aura is condensed that concubine Qing Tian occupied?"

Supreme Emperor smiled. “Nothing else, it’s just a natural god execution stage in the ancestral court.”

Qin Mu’s heart pounded violently, and he asked in a hoarse voice, “Natural god execution platform?”

“Heavenly venerate mu, you’re still too young.”

Supreme Emperor chuckled. “My treasured land is a natural god execution platform, and Divine Emperor Lang Xuan’s treasured land is the natural jade lake saint realm in the ancestral court! “Other than that, there are other treasured lands in the ancestral court that correspond to the four great heaven gates, thousands of palaces, and even jade capital Saint City! Even sky bearing gate could be found in the ancestral court! “Have you realized something?”

Qin Mu’s heart trembled and he cried out, “You mean there’s a heavenly court from the immemorial era in the ancestral court?”

“Wrong, it’s not a heavenly court from the immemorial era.”

Supreme emperor said calmly, “It should be said that the heavenly courts of the later generations were built according to the specifications of the treasured lands in the ancestral court from the immemorial era. “When absolute beginning and those ancient gods built the heavenly courts, it could be said that they had practically copied the treasured lands of the ancestral court. “The Jade Lake corresponded to the ancestral court’s Jade Lake, the heavenly gate corresponded to the heavenly gate of the ancestral court, and God execution stage also imitated the god execution stage of the ancestral court. “Now you should know why the Heavenly Palace realm is very important, right?”

Qin Mu’s mind went blank.

Heavenly Palace realm was created by Celestial Emperor, and when he created the Heavenly Palace realm, the later generations would cultivate according to the seven realms of Heavenly Palace, and they would naturally obtain powerful abilities.

Where did this ability come from?

Why did their strength increase greatly with each step they took in the Heavenly Palace?

Why did the gods have to pass through the god-slaying platform when they cultivated to a certain realm?

If the Longhan Heavenly Court was arranged according to the geography of the ancestral court, then it could be explained.

Apart from the five great primordial mineral veins in the ancestral court, there were other treasured lands such as the South Heaven's Gate Jade Lake. The Heavenly Court was built according to the specifications of these treasured lands. The Longhan Heavenly Court had originally inherited the Great Dao of the ancestral court!

When the gods cultivated to the realm of South Heaven Gate, it was equivalent to the process of passing through South Heaven Gate and obtaining the Dao in the ancestral court. They would naturally obtain the corresponding power!

Qin Mu composed himself and suddenly asked, "Then what exactly is Daoist supreme emperor planning to exchange with me?"

"The location of Jade Capital's sacred city!"

Supreme Emperor said solemnly, "God execution platform is already my territory, so I definitely won't give this place to you. However, I can tell you the location of Jade Capital's sacred city. "This jade capital sacred city is much better than your great black mountain. If you obtain this treasured land, you will soar to great heights in the future and become the Heavenly Emperor!"

Qin Mu burst out laughing, and his laughter became louder and louder.

Supreme Emperor's head said coldly, "What are you laughing at?"

Qin Mu laughed loudly, he shook his head. "Supreme Emperor, do you take me as a three-year-old child? Let me tell you, I'm already sixteen years old! If jade capital sacred city was truly a supreme treasure ground, how could you not occupy it? How could heavenly venerate Xiao, heavenly concubine Yan, and Heavenly Venerate Gong not occupy it? They were also people who had obtained the secrets of the ancestral court, so they knew no less than you."

The corners of his mouth rose, "You should indeed know the whereabouts of the ancestral court's Jade Capital Sacred City,"he said indifferently. "However, even heavenly venerate would find it difficult to set

foot in that place. It's even more dangerous than the five great mineral veins. "You used this information to trick me into sending myself to my death."

Supreme Emperor's head was silent for a moment before he sighed, "You guessed it right. The Ancestral Court's Jade Capital Sacred City is indeed a forbidden land, a forbidden zone. When I was still supreme emperor, I had once led the strongest ancient gods to explore that place, but they knew it was difficult and retreated."

Qin Mu asked, "Which ancient gods did you lead?"

"Heavenly Emperor absolute beginning, Earth Mother Primordial Lord, and North Emperor Black Tortoise. Apart from them, there were also Boyang, Shujun, and Gong Gong. They also led the other three ancient gods and emperors to explore that place together."

Supreme Emperor was silent for a moment, "We didn't manage to explore that place completely and only explored the periphery. In the end, we had no choice but to retreat and leave." "How about this, Celestial Master Mu, I will tell you the location of the Sacred City of Jade Capital. I will allow you to enter my god-slaying platform once more, and you will let me leave."

He said patiently, "You have to know that the benefits you get from experiencing the god-slaying platform in Your Heavenly Palace are only one-tenth of the real god-slaying platform! And the god-slaying platform in my heavenly palace is the real god-slaying platform! "As long as you can go through the experience of my God execution stage, Hehe, the benefits..."

Qin Mu was greatly moved and hesitated for a moment before gritting his teeth. "Give me the location of Jade Capital Sacred City First!"

"How difficult is that?"

Supreme Emperor directly used his divine consciousness to transmit the location of Jade Capital Sacred City to his mind, "Ever since we failed the last time, we sealed that place. "Even if you find that place, you won't be able to find the sacred city of jade capital without the ancient god and creator who set up the seal to lead the way. "Furthermore, you mustn't run over there by yourself. You must suppress your curiosity. The dangers there are unimaginable to you!"

The more he said this, the more curious Qin Mu became. He felt as if there were thousands of little vixens like Hu Ling 'er living in his heart. They were using their tails to scratch his heart and it was getting itchier and itchier.

A smile appeared on Supreme Emperor's head. As the Supreme Emperor with unparalleled divine consciousness, he had long seen through Qin Mu's weakness. It wasn't just Qin Mu. The weaknesses of the other heavenly venerables were all in his grasp!

Chapter 1323:

Qin Mu walked back and forth, forcefully suppressing the curiosity in his heart and deciding not to think about the ancestral court, Jade Capital.

Supreme Emperor smiled, knowing that the more he suppressed it, the more curious he would become. Sooner or later, Qin Mu wouldn't be able to hold it in anymore and would definitely run to the ancestral court to die!

In history, those who had great achievements all had the same characteristic, which was that they had a vigorous curiosity and were full of curiosity towards the unknown. On the contrary, they would ignore whether they would encounter danger in the face of the unknown.

Those who survived would succeed and become famous, but the number of people who died because of it was also countless!

Supreme Emperor chuckled. "Heavenly venerate mu, I've told you the geographical map of the sacred city of Yujing. You can go to my territory now and pass the test of God Execution Stage!"

Qin Mu shook his head and said, "My realm hasn't reached yet, so I'm still unable to ascend God execution stage."

Supreme Emperor was stunned. "What realm are you on Now?"

Qin Mu felt a little guilty and said, "Spirit embryo..."

"Pui!"

Supreme Emperor's head in the center of the great seal spat out his divine sense and said angrily, "Your spirit embryo realm? Why didn't you say you were a martial artist realm? Speak human language!"

Qin Mu hesitated for a moment, "Heavenly Palace realm in spirit embryo realm," he said honestly. "Heavenly Palace is a small realm in my spirit embryo realm. There are also seven small realms in

heavenly palace: Reverent God, True God, Jade platform, God execution platform, Jade Capital, Ling Xiao, and Emperor's throne. "At present, I'm already at the peak of true God realm, and I'm about to step into Jade platform realm..."

Supreme Emperor was silent for a moment as if he was digesting the information contained in his words. After a long while, he shook his head and probed, "In terms of Dao realm, how many heavens are you on?"

"Twenty-four heavens of Dao realm."

Qin Mu said, "However, my dao realm seems to be different from the others. My Dao realm seems to be a little stronger..."

The corners of Supreme Emperor's eyes twitched. Dao realm was twenty-four heavens, so his abilities should be equivalent to Yujing realm in Heavenly Palace realm. However, when Qin Mu fought with him this time, even though he didn't have primordial spirit, his realm had reached Emperor's throne realm!

With his battle prowess, even if he didn't have primordial spirit, his true battle prowess wouldn't be much inferior to an existence on Emperor's throne realm. Yet he had been beaten by Qin Mu until he threw away his armor, even his most powerful divine art had been broken by Qin Mu!

It had to be known that no one had been able to break his divine consciousness great overarching heaven divine art since the immemorial era!

This divine art contained the divine art of Dao Fruit Dao flower, and Qin Mu was the first person to break his divine art!

Even heavenly venerate vast heaven hadn't been able to break his divine art!

"Your realm is a little strange, strange..."

Supreme Emperor thought about it carefully, but he still couldn't figure out how powerful Qin Mu was. He could only attribute Qin Mu's strength to him cultivating the Heavenly Palace and Heavenly Court at the same time as well as Dao realm.

"Since you and I have already discussed it, heavenly venerate mu, you can release the seal now and let me out."

Supreme Emperor smiled. "Don't worry, as the Emperor of the immemorial era, I won't go so far as to break my promise over such a small matter."

Qin Mu hesitated for a moment.

Supreme Emperor was suspicious, he sneered. "Could it be that you are going to break your promise? Heavenly venerate mu, don't forget that I have another identity, and that is the Heaven Consort! Furthermore, I can also mobilize the divine consciousness of the ultimate void, great overarching Heaven brand, to kill you! "Don't force me to fight to the death."

Qin Mu immediately smiled. "Dao Brother, you are worrying too much! Have you forgotten, Dao Brother? We Are Still Brothers! Back then, we had agreed to die on the same day, same month, same year! How could I go back on My Words?"

Supreme Emperor's face was as black as iron, and when he mentioned this matter, he was filled with anger. He sneered. "Back then, I became sworn brothers with your identity as Great Hong, so it doesn't count."

"Oh right, Big Brother, do you know? Third Brother Luo Xiao is already dead, and I've been thinking about sending Big Brother and second brother to accompany him."

Qin Mu was so excited that his face turned red, and he choked with sobs. "Killing two brothers to accompany third brother has always been my long-cherished wish! Third Brother has already been gone for eight hundred thousand years..."

"Cut the crap!"

Supreme Emperor was furious and shouted, "Are you going to let me go or not?"

Qin Mu said solemnly, "Brother, calm down. You said that you wouldn't break your promise, and I also said that I wouldn't break my promise. Heavenly Emperor absolute beginning also said that he wouldn't break his promise, but the three of us were people who had broken our promises. The four of us had sworn that we would die on the same day, the same month, and the same year. Third brother had been gone for eight hundred thousand years, yet the three of us were still fine. Not a single one of us had accompanied him to death. "Therefore, I don't trust Big Brother."

Just as Supreme Emperor was about to flare up, qin mu immediately said, "What I mean is to wait until I go to God execution platform before releasing big brother. You and my blood brothers will settle the score..."

"Don't Call Me Big Brother!" Supreme Emperor said fiercely.

Qin Mu changed his words and smiled. "Big Brother..."

"Pah!"

Qin Mu's divine consciousness was sprayed all over his face, so he didn't mind it. His divine consciousness spat on his face, "Dao brother, please calm down. You and I aren't people who keep their promises, so how do I know you won't go back on your word? If I let you go and you suddenly go back on your word, wouldn't I be drawing water from a bamboo basket for nothing?"

Supreme Emperor's expression was gloomy, and after a moment, he sneered. "I can wait for you to go to God execution platform, but during this period of time, you can't use me as a treasure to attack others. You Can't lose Supreme Emperor's face!"

Qin Mu nodded his head repeatedly and smiled. "I understand what brother is thinking..."

"The other thing is, don't call me brother, and don't Call Me Big Brother either!"

Qin Mu smiled. "We have sworn brothers after all, so we don't want to be born in the same year, same month, same day..."

"Don't mention this again!"

..

Qin Mu Thought for a moment and sent all kinds of treasures from the vertical eye Qin continent to his spirit embryo divine treasure. Only then did he put the treasure seal into the heart of his brows. After all, there were still many treasures in his Qin continent, some of these treasures couldn't be seen in the light, such as the divine bow of the strong practitioners of the previous era and the corporeal body of Madam Yuan Mu.

Spirit embryo divine treasure was also in the heart of his brows, but it didn't intersect with Qin continent. On a daily basis, the egg of supreme beginning was placed in the supreme beginning mineral vein of spirit embryo divine treasure.

In the treasure seal, Supreme Emperor's head looked around and suddenly caught a glimpse of Qin Mu's vertical eye's pupil, the Taiji raw stone that was embedded in the center of Qin continent. He immediately used his divine consciousness to barely fly up with the treasure seal, he flew toward the Taiji raw stone while panting heavily.

When he had just arrived in front of him and was about to examine the raw stone carefully, Qin Mu instantly felt something was wrong and immediately grabbed him out of the Qin continent, "Daoist brother Supreme Emperor, I have a little secret here that I don't want Daoist brother to know about, so I'll trouble you for a while. I'll carry you on my back." With that, he took out a golden rope and tied the seal on his back.

Supreme Emperor's head was facing out and down, so he could only see his heel, he sneered. "Heavenly venerate mu, even if you attacked in time, I still saw the key. That stone is the same divine stone as the primordial stone of primordial age. The same grade, they are all raw stones excavated from ancient mineral veins!"

Qin Mu walked in the direction of the Great Black Wood, he said with a smile that wasn't a smile, "Supreme Emperor's knowledge is indeed astonishing. "However, this raw stone of mine is different from yours. This raw stone of mine was given to me by the Master of the mine on his own accord, but you snatched it away from him. "You have formed a deep hatred with the master of the mine, yet I am his bosom friend!"

Supreme Emperor laughed loudly. "How important is the raw stone to the ancient gods in the mine? Why would they give it to you? It must have been you blackmailing him, forcing him to give it to you. 'heavenly venerate mu, you must have misunderstood the word 'friendship', right? 'that ancient god definitely doesn't have any friendship with you. Instead, he's scheming against you.'

Qin Mu hesitated for a moment and shook his head. He said sincerely, "I still believe that human nature is inherently good."

Supreme Emperor laughed in extreme anger. "To say such words from your kind and black-hearted mouth, it's really a mockery of human nature! "Let's not talk about this matter. I can sense the aura of absolute beginning in your eyes, so the one who stole the eggshell of absolute beginning should be you, right?"

"Don't slander me!"

Qin Mu's face flushed red as he stammered, "Slander me... a gentleman is poor, but a lowly person is too poor. How could I do such a thing? It's a disgrace to the cultured! Slander..."

Supreme Emperor sneered. At that moment, a root silently drilled out from the ground behind them, and Supreme Emperor's heart stirred slightly. 'Earth Mother Primordial Lord?'

The root of earth mother primordial Lord grew longer and longer, gently touching the seal on Qin Mu's back in an attempt to unseal it.

Supreme Emperor's eyes flickered, 'We are both people who have fallen to the ends of the earth, so perhaps Earth mother primordial Lord will be the one to unseal me.'. Mother Earth is severely injured, and she is besieged on all sides. She has no friends. She wants to join hands with me... Although I have a grudge against her in the past, it's not impossible for us to join Hands..."

Chapter 1324:

Qin Mu didn't seem to feel anything, but his footsteps were extremely fast. He soon covered a thousand miles, and when Earth Mother Primordial Lord's roots reached a distance of a hundred miles, new roots immediately drilled out from behind them. The original roots then quickly retracted.

Even after traveling hundreds of thousands of miles, earth mother primordial Lord still couldn't break the seal of the four mines on the treasure seal!

Supreme Emperor's gaze flickered. 'Earth mother still can't break the seal of Qin Mu!'

Suddenly, dozens of roots gently coiled around the treasure seal and forcefully tore it off Qin Mu's back.

The treasure seal fell to the ground and vanished. It was pulled into the ground and vanished.

Qin Mu stretched his back and continued forward without turning his head back.

After a moment, the treasure seal emerged from the ground tens of thousands of miles away. Together with the treasure seal, countless thick roots appeared. The mountains around them quickly returned to green, and countless trees grew crazily. Flowers and grass were everywhere, the flowers bloomed.

The roots danced in the air and turned into an altar. Earth Mother Primordial Lord slowly rose from the altar and cupped her fists at the treasure seal in the center of the altar. "Your Majesty Grand Emperor, Primordial Lord Greet You."

The supreme emperor nodded lightly and said indifferently, "Yuan Lord, there's no need to be so courteous. Get Up."

The Earth Mother Yuan Lord straightened his back and smiled. "That Kid's seal is extremely strange. I was unable to break the seal without alerting him, so I could only snatch his majesty. I hope your Majesty Can Forgive Me."

In the immemorial era, the Supreme Emperor ruled the universe. Although he was extremely cruel, all the ancient gods were his subjects. Hence, the Earth Mother Yuan Lord followed the ancient system and still addressed him as his majesty.

Of course, in the Battle of Blood Rust in the immemorial era, the earth mother also followed the heavenly emperor, absolute beginning, and played a great role in the battle to eliminate the creator and the Supreme Emperor.

The Supreme Emperor said in a deep voice, "Yuan Lord, why didn't you directly kill Celestial Master Mu? Instead, you stole the treasure seal secretly? With your strength, if you killed him directly, he would definitely not be your match."

Earth Mother Yuan Jun sized up the seal and suddenly shivered, her eyes revealed fear, "There is someone behind Celestial Master Mu. On the chaotic sea, the existence behind him forced back the four celestial masters with one strike! That existence was far more terrifying than the ten celestial masters! I was worried that that existence did not go far, so I did not dare to attack him."

"Forced back the four celestial masters with one strike?"

The Supreme Emperor's expression was solemn, he muttered, "The fourth heavenly venerable was severely injured by me. Their strength is not as good as their peak state. If I can force them to retreat, I can do it at my peak, and the heavenly emperor can do it at his peak too... When did such an existence exist in the ancestral court? Could it be the Hong heavenly venerable..."

He had always been very wary of the Hong heavenly venerable.

Heavenly venerate Hong's identity was great Hong. Back then, Supreme Emperor had borrowed great Hong's life and used his name to walk the world. Because Yun, ling, and Yue had plotted against his true body in great void, he had prepared to destroy Heaven Heavens Court in his fury, however, he met Qin Mu's obstruction in heaven heavens court.

The two of them fought on the Heavenly River, and Qin Mu was heavily injured. Great Hong was also heavily injured by Qin Mu, so the two of them retreated separately. On the way, Great Hong encountered a terrifying power that completely wiped out Supreme Emperor's divine consciousness in Great Hong's body!

Later on, Supreme Emperor turned into Ming fangyu, but he didn't expose da Hong's identity.

Because he kept this terrifying opponent alive, he could make the other heavenly venerates suspect that heavenly venerate Hong was supreme emperor and not him.

In fact, heavenly venerate Hong had indeed blocked knives for him many times. Even heavenly venerate Gong had beaten heavenly venerate Hong countless times!

Earth Mother Primordial Lord had only used her roots to break Qin Mu's four mineral seals, but now she was using all her strength!

Her abilities were formidable, and in such a short time, she had recovered to the level of a strong practitioner comparable to a small heavenly court!

However, what puzzled her was that no matter how powerful the divine art she executed, no matter how hard she tried to break the seal of the four mines on the treasure seal, she couldn't break it!

Not only could she not break it, she couldn't even use any of her attacks on the treasure seal!

Even if she used all her strength to attack this precious seal, there was not the slightest bit of power that could land on the precious seal!

Any of her divine abilities would pass through the precious seal and not touch the precious seal at all!

After a long time, the Earth Mother Yuan Lord's forehead was covered in cold sweat as she panted heavily.

The Supreme Emperor was expressionless as he looked at her coldly. Suddenly, he said, "Yuan Lord, enough! I have already understood your intentions. It is possible for you to join me. I have another identity among the ten heavenly venerates. I can protect you and protect your life."

Earth Mother Yuan Jun's face was slightly red. She bowed and said, "Thank you for Your Mercy, Your Majesty. This seal..."

"Not to mention that you can't break this seal, even if I do it myself, I won't be able to break it."

Emperor Tai said indifferently, "Among the ten heavenly venerates, not a single one can break his seal! His seal has already surpassed the knowledge of this era. It belongs to the unknown. Even I can only understand half of the knowledge in one of the seals. "Heavenly emperor might be able to understand the other half, but he won't work with me to break the seal."

Earth Mother Primordial Lord was startled and cried out, "Heavenly Emperor Mu is actually so powerful?"

"His cultivation is only slightly weaker."

Supreme Emperor said indifferently, "If his cultivation is raised to heavenly emperor Hao's level, Hehe, he won't be at a disadvantage even if he competes with me and absolute beginning at his peak. Among the five founding members of Heaven Alliance, Yun, Ling, Yue, Qin, Mu, Yun died quickly and Yue injured Qin Yin, leaving only heavenly venerate mu. "His divine arts are indeed worthy of the title of league master. "No wonder the previous meeting of Heaven Alliance wanted him to be present..."

Primordial Lord Earth Mother's heart trembled violently. When she recalled Qin Mu's past, she felt that all of this was somewhat inconceivable.

Back then, Qin Mu had only been led by Gongsun Li into primordial Lord Earth Mother's underground palace. The country bumpkins who were looking around in her underground palace didn't have much experience.

But now, even Supreme Emperor had said that Qin Mu couldn't be underestimated, treating him as a true opponent!

After all, apart from absolute beginning, Supreme Emperor had never treated anyone else as an opponent. Even Earth Mother Primordial Lord didn't have the qualifications to do so!

Earth Mother Primordial Lord hesitated for a moment and probed, "Your Majesty, then now..."

Supreme Emperor said expressionlessly, "Now, send me back."

The Earth Mother Yuanjun was shocked.

Emperor Tai snorted, "Don't send me back to the original place. Just send me to the Big Black Wood and wait for him there."

The Earth Mother Yuanjun showed a look of disbelief and cried out, "Your Majesty, it was not easy for you to..."

"Earth Mother, you have been blinded by the murderous aura and become a little unintelligent. It is very dangerous."

The supreme emperor sneered, "You should not stay in the ancestral court at all. Instead, you should leave the ancestral court immediately to look for the great Brahma and use his Buddhist dharma to refine the baleful aura. Otherwise, you will die for sure. "The world is in turmoil for the sake of profit, for the sake of profit. "Neither I nor heavenly venerate mu are trustworthy people. However, we have a principle that is very similar to each other. That is, peace is based on profit, and separation is based on profit. "He wants to borrow my territory, so he won't harm me. "Alright, send me to the side of the great black tree and wait for him!"

Qin Mu strolled leisurely along the way and admired the magnificent scenery of the ancestral hall. The ancestral hall was much better than when he first came here back then. There were sacred grounds everywhere, and the sounds of birds chirping and the fragrance of flowers filled the air. The sight of huge beasts roaming about was pleasing to the eye.

Unknowingly, he had finally arrived in front of the Hundred Thousand Black Mountains and saw a huge seal standing in front of him.

Qin Mu walked forward and smiled. "Big Brother, sorry for the wait."

Supreme Emperor snorted coldly. "Call me Supreme Emperor."

Qin Mu smiled slightly and carried him on his back, walking into the Hundred Thousand Black Mountains.

A youth with a big head walked over quickly, he smiled from afar. “Heavenly venerate Mu, why have you been gone for so long?” “There’s something you probably don’t know yet. That Bastard Little Brat Supreme Emperor got into a fight with the fourth heavenly venerate and was beaten to a miserable state... His body was dismembered and his arms and legs fell from the sky, which was very satisfying... What are you carrying?”

Chapter 1325:

On the back of the treasure seal, Supreme Emperor’s heart skipped a beat. ‘this voice... Oh No! That old scoundrel is still alive!’

He hurriedly executed his divine consciousness in an attempt to create an illusion to deceive Shu Jun’s divine consciousness.

However, Qin Mu’s four mines great seal was too strong, so the divine consciousness he could use was limited. Furthermore, he wasn’t a great expert in the illusion of divine consciousness, but Gong Fu was.

Supreme Emperor cried out bitterly in his heart. Other than being his old enemy, Shu Jun was still his uncle in terms of seniority.

Among the three kings of ancient times, God King Boyang was the most steady and reserved. He didn’t fight with him for the position of Supreme Emperor. Even though God King Gong Gong Gong wanted to fight for it, he didn’t fight for it, so in the end, he simply married him.

Gong Gong wasn’t able to become Supreme Emperor, so she became his woman and ruled the world.

On the other hand, Shu Jun wasn’t so easy to talk to. From the beginning to the end, he had never yielded to him. He had always fought and fought, and he had always treated supreme emperor badly because of his seniority as an uncle!

In the immemorial era, he was the one who gave Supreme Emperor the greatest headache.

If he saw Supreme Emperor only having his head left, he didn’t know what he would say!

However, Shu Jun had already come to Qin Mu's side and stretched his head over to size up the treasure seal behind Qin Mu, he smiled and said, "Where did you snatch a treasure from? You should have gone to pick up Supreme Emperor's corpse, so I went to pick it up. Unfortunately, I was too late and didn't pick up anything... Juyu clan!"

His face revealed a look of astonishment and his gaze fell on the head that was sealed by the four mountain ranges on the back of the treasure seal. He couldn't move his gaze away and the expression on his face froze. After a moment, it became ferocious as he gritted his teeth. "Supreme Emperor!"

Supreme emperor sighed and sneered, "Shujun, you're still alive? Where in life do we not meet..."

"You son of a B * Tch!"

Shujun flew into a rage, he said sternly, "Scum who destroyed my creator race! The heavens have pity on you. You son of a B * Tch, you caused the death of my creator race! Everyone is dead, why aren't you dead? You son of a B * Tch..."

"Shut up!"

Monarch Tai flew into a rage. His hair stood on end. The majesty of an ancient monarch was unexcelled. He was so angry that his voice trembled, "You are only a king, and I am an emperor. You Better Watch Your Mouth..."

"You son of a B * Tch Monarch Tai!"

The big-headed youth went forward and wanted to fight him. He said angrily, "Without the creator race, what kind of monarch are you? All our people died because of you!"

The treasure seal was torn off by him, and supreme emperor could only take a beating in it. He couldn't resist, and he said furiously, "Heavenly venerate Mu, stop him for me!"

Qin Mu didn't stop him, and supreme emperor couldn't contain his anger, "Uncle Jun, you have the face to blame me for the destruction of the Creator?" He shouted? How could you have been any better than me back then? When we were expelled from the ancestral court, our influence was already inferior to that of the ancient gods. Wasn't it you who insisted on fighting? "At that time, I had already lost my power and was unable to command the creator's various races' armies! "Their various races guaranteed that you would be their commander. At that time, you were the Supreme Emperor! "I was already a stray dog. I no longer had any power!"

Shu Jun pressed down on his head and beat him until the Supreme Emperor's face was bruised and swollen.

The Supreme Emperor was unable to resist, he chuckled and said, "Bo Yang was already dead at that time. I was exiled after I shattered the primordial stone. Gong Gong was also assassinated by the Heavenly Emperor, Tai Chu. Among the Three Kings, you were the only one left. You were the last Supreme Emperor of the Creator's race! "What did you do?"

Shu Jun was furious when he heard that. He held his head and hammered it with all his might as he panted heavily.

"At that time, you should have led the other races to escape and find Tai Xu or build another Tai Xu! "But what about you? "You were the commander-in-chief and led the other races to battle with the ancient gods of the primordial realm! "The location of your battle was the Blood Rust Zone!"

The Supreme Emperor did not seem to feel any pain at all, he shouted, "The last elites of the creator race were wiped out by you. They all died because of you! Our race was wiped out because of you! Do you have the face to call me a son of a B * Tch? You are the son of a B * Tch!"

Shu Jun suddenly sat on the ground. His eyes were dull and he no longer had the strength to beat the Supreme Emperor.

The big-headed youth's face was full of dejection. He suddenly covered his face and started to cry.

The Supreme Emperor's face was beaten into a mess by him, he said coldly, "You have always dreamed of defeating me and Dreaming of you becoming the Supreme Emperor. At the most dangerous time of the race, you did it. "The chiefs and elders of the various races protected you and allowed you to ascend to the throne of the Supreme Emperor. "They hoped that you would be able to turn the tide and lead the clansmen to victory. Did you do it?"

Shu Jun threw himself onto the ground and cried loudly. His body kept twitching.

The Supreme Emperor continued to attack him, his voice was cold. "You didn't do it. "You brought the clan leaders and elders of the various clans and used the final wealth of the creator clan to set up countless altars in the starry sky. You gathered the power of everyone to offer sacrifices and used the divine senses of all the creators to create ancient gods. "You rebuilt the Duke of Heaven, rebuilt the earth count, and rebuilt the saints of the heavens

“You took out the sacred objects that the various races had offered sacrifices to for billions of years. Those powerful sacred objects were the protectors of the various races. How powerful were they? “You were full of confidence. You thought that you could fight against the ancient gods. “Even I didn’t expect that battle to be so heroic

“The starry sky that stretched for billions of miles was shattered into pieces. Countless continents made from breathing soil were turned into dust. The sacred objects that the creator race offered sacrifices to were shattered one after another and died

“Countless clansmen died in that battle. They used their blood to dye the starry sky into the color of blood rust. “Hehe, they all died. They died in the Battle of Blood Rust that you led! “Your Tai Pu died there too, right? “Tai Pu followed you and grew up. This giant beast is loyal to you. It admires you and worships you like your child. When it died in front of you, did you feel that you were wrong?”

Tai Di looked coldly at Shu Jun, whose body was twisted from crying too hard on the ground, he continued to strike him mercilessly. “People say that I exterminated the creator race and that I am a sinner. However, if I were the leader of my race, I would never choose the blood rust region to carry out the final battle. “I am a sinner of the creator race, but my sin is not as great as yours. “You are the sinner who caused the destruction of the creator’s race! “I’ve taken on too many sins for you!”

Shu Jun’s four limbs supported the ground as he tried his best to get up, but he couldn’t. Instead, he vomited loudly, but he didn’t spit out anything. He only spat out mouthfuls of bile.

“Sinner!” Supreme Emperor said coldly.

Shu Jun completely lost his strength and lay on the ground. There wasn’t a trace of life in his eyes.

Qin Mu looked at this scene quietly and didn’t say anything. Only Shu Jun was panting heavily like a dead fish.

In the space on the other shore of great void, the creator race actually didn’t pay much attention to Shu Jun. even God King Lang here didn’t care about him.

Back then, Qin Mu still felt a little puzzled. He was only an outsider, but he could become the sacred infant of the creator of the other shore. As one of the three kings of ancient times, Shu Jun didn’t receive the respect of the creator of the other shore.

Now, he understood the reason behind it.

After a moment, Qin Mu helped Shu Jun up. Shu Jun seemed to have aged a lot and pushed his hand away weakly. He didn't look at him, as if he had no face to see him again. He turned around and staggered out of the hundred thousand Black Mountains.

Shu Jun was like an injured old wolf. He limped as he walked, gradually walking further and further away.

Supreme Emperor was indeed powerful. Even if he was only left with a head and was sealed by Qin Mu, he could still accurately capture everyone's weakness and crush their dao hearts, disintegrating them!

The current Shu Jun had lost all interest in him. If he were to leave like this, he would probably give up completely and choose to die in a remote corner.

"Shu Jun!"

Qin Mu called out to him with a calm expression. "Are you still a Creator?"

Shu Jun stopped and turned his head back.

"I'm the Sacred Infant of the creator race. I need a god King who dares to take responsibility."
