

Tales of Herding Gods Chapter 1341-1345

Chapter 1341:

The spirit energy and Spirit Qi of heaven and earth surged over frantically and gathered towards the divine bow that Qin Mu had pulled out, forming a huge whirlpool that whistled and spun, floating above everyone's heads.

The whirlpool grew bigger and bigger, whistling and spinning. It rubbed against the air, and instantly, lightning flashed and thunder rumbled, hacking around the Whirlpool non-stop!

The vortex was like a dark cloud that covered a hundred miles. The inner circle spun quickly while the outer circle spun slowly, causing a black mass to fill the hundred miles radius. Only Thunder and lightning would illuminate the darkness from time to time.

The rising sun from the east shone over, turning the dark cloud of Spirit Qi and spirit energy into a gray color.

Suddenly, there was a loud rumble as a thick ray of light shone down and shone on Qin Mu's divine bow. The arrow light took shape!

Qin Mu bent his bow, and the arrow feather became brighter and brighter. When everyone couldn't look straight at it, it suddenly shot out with a thud!

The arrow light tore through the sky and instantly vanished without a trace.

Countless people in eternal peace and the territories of other races that were tens of thousands of miles to the east saw the light in the sky.

Qin Mu shot out an arrow, but the vortex of spirit qi and spirit energy in the sky had yet to disappear. He then bent his bow again to draw the arrow and shot out another arrow.

Shoo!

Shoo!

Shoo!

Arrow lights streaked across the sky like long rainbows, leaving trails of light in the air.

Qin Mu shot out over ten arrows in a row and finally collapsed. His knees went weak, and he hurriedly used the divine bow to support himself, but he still knelt on one knee.

Apothecary took out a spirit pill and fed it to him. "Your cultivation is stronger than before."

Qin Mu shook his head and catalyzed the medicinal energy. His voice was hoarse as he said, "My injuries haven't fully recovered, and all of you are also injured. It's not good for us to stay here for long. Let's go to Youdu to hide."

Heavenly venerate Yue nodded. "The battle last night was so fierce that it might alert the other heavenly venerates. Let's go to Youdu to hide from the storm first."

She took out the guqin, which swelled up and turned into the ruins of a palace. A few young girls walked out from the secret room of the palace and greeted her.

Heavenly venerate Yue was still merciful. Even after the fierce battle last night, she still tried her best to protect her maidservants.

Heavenly venerate you was also severely injured by heavenly venerate Xiao. His injuries had yet to recover, so he immediately stopped. Everyone's world spun, and in the next moment, they appeared in Youdu.

Heavenly venerate Xiao's divine artifact, heavenly venerate royal, was also brought in by him. His body was covered with yellow paper watches, and he followed behind them step by step.

Heavenly venerate you released the paper boat and sailed towards Youdu's earth count. Heavenly venerate Yue looked around and saw that there were paper boats passing through various worlds in Youdu.

Heavenly venerate Yue was surprised. He glanced at heavenly venerate you and said in a low voice, "You, why didn't you take back all your clones?"

“I managed the Order of Youdu for Earth count. There were deaths everywhere in the myriad realms. It was my duty, so I had to leave some clones to go to various realms to fetch the deceased.”

Heavenly venerable you shook his head. “Furthermore, I didn’t know it was heavenly venerable Xiao, nor did I know he was so powerful.”

Heavenly venerable Yue shook his head. “You should communicate with people more, you shouldn’t be so closed off.”

Heavenly venerable you glanced at her. “Aren’t you the same? You live in seclusion in the peach forest, so who have you communicated with all these years?”

Qin Mu hurried to refine spirit pills and smiled when he heard that. “The knot in your hearts has been resolved, so you two should move around more in the future. For example, go to eternal peace more often to learn and communicate.”

Heavenly venerable you didn’t speak anymore.

Heavenly venerable Yue said worriedly, “I want to go, but if I go to eternal peace, I’ll only bring disaster to your eternal peace. Now, ten heavenly venerable can’t tolerate me.”

After they left, the Bell of Dao sect rang out, and many Daoists of Dao sect went down the mountain to check their surroundings. They saw that the ten thousand miles peach forest had been completely destroyed and no longer existed. The palaces in the Peach Forest had also disappeared without a trace.

The strange thing was that only the peach forest had been destroyed. There was no trace of any divine power fluctuation outside the peach forest.

“Last night, I saw spatial barriers erected like a curtain of light, completely sealing off the surroundings of the Peach Forest.”

An old Taoist said, “The owner of the Peach Forest is still merciful. Even in such a fierce battle, he didn’t forget to protect the people outside...”

“Don’t talk about this!”

An elder of Haotian Taoism suddenly said, "There will be powerhouses from the heavenly court coming to investigate last night. If they ask about us, we will tell them what we saw Last Night!"! The person who came was very likely to be a trusted aide of the ten heavenly venerates of the Heavenly Court. There might even be a heavenly venerate coming personally! Therefore, when you talk, Don't mix your own guesses with it! Do you understand?"

All the Daoists nodded in agreement.

A young Daoist hesitated for a moment, but he still couldn't help asking, "Elder Yan, what exactly happened to the ten flowing lights just now?"

That Dao sect elder hesitated for a moment before shaking his head. "Don't have any guesses. Be careful with your words and actions."

Eternal Peace, Shangjing.

Emperor Yanxiu came to the imperial court, and all the civil and military officials came to the imperial court to report all the major and minor matters to the emperor. Ling Yuxiu listened carefully and dealt with them one by one. She also held accountable the officials who didn't do well and acted swiftly.

At this moment, an official made a memorial. "I, Xiao Tianji, have a memorial."

Ling Yuxiu looked at the young God in the imperial court and smiled. "Doctor Jin Ziguang Lu, there's no need to be so polite. What Memorial do you have?"

The civil and military officials in the imperial court all revealed looks of envy and appreciation. This Xiao Tianji was one of the most outstanding figures in the younger generation. He was only nineteen years old and had already cultivated to become a god early on.

Moreover, this person's talent was outstanding and extraordinary. He was very insightful in all matters. Ling Yuxiu discovered his talent and gradually began to value him highly. Now, he had already been promoted to the position of Doctor Jin Ziguang Lu and was an official of the third rank, although he was a loose official and did not have real power, his position was already extremely high!

Xiao Tianji took out a memorial, he said in a deep voice, "I want to report the case of fraud in the Jiangling governor-general's factory. "The Jiangling governor-general's factory, Wei Yong, took bribes because he was Duke Wei's descendant and also because of his relationship with the imperial preceptor, Celestial Master Mu, and the former Imperial preceptor, Jiang Baigui. He used inferior divine gold and

divine materials to replace the superior ones. He cheated for personal gain. “The Jiangling governor-general’s factory forged many inferior divine weapons and sent them to the Heaven Court. When they were found out by the father-creator palace, the father-creator palace was furious and sent them back for re-refinement.”

Ling yuxiu frowned slightly and said, “Hand them over.”

At this moment, an arrow light shot into the court of Shangjing like a long rainbow and shot into the back of Xiao Tianji’s head!

Boom —

An incomparably terrifying power exploded in Xiao Tianji’s head, and Xiao Tianji was shattered into pieces!

The civil and military officials in the court were furious and flew up one after another. Heavenly Palaces flew out to protect Ling Yuxiu, and the arrow light blasted Xiao Tianji into pieces!

But what was shocking was that Xiao Tianji’s primordial spirit was still there. The arrow feather was fixed on the back of his primordial spirit’s head, but it actually failed to pierce through his primordial spirit!

An incomparably terrifying throb suddenly erupted in the imperial court. Xiao Tianji’s primordial spirit grew larger and larger, becoming more and more majestic, and it tore the throne room into pieces!

That was a monstrous emperor’s might!

The civil and military officials hurriedly held Ling Yuxiu and retreated, leaving in a hurry.

“Heavenly venerate mu!”

Xiao Tianji’s primordial spirit clenched its teeth and laughed out of extreme anger. Suddenly, a second long rainbow pierced through and shot onto the first arrow, activating the power of the first arrow.

Xiao Tianji was carried away by the two arrows and flew out of Shangjing.

Then the third arrow, the fourth arrow, and the fifth arrow!

Five consecutive arrow lights shot at the same place, and that was the back of his head!

Just as the civil and military officials escorted Ling Yuxiu into the harem to hide, they saw the northern sky suddenly become incomparably bright. It was as if thousands of suns were exploding in midair at the same time!

A whistling gale swept across the sky. The clouds in the sky that were originally there were suddenly flattened by a terrifying fluctuation!

Ling Yuxiu's expression changed drastically. She forced the officials back and shouted, "Immediately raise the defensive formation of Shangjing to block the Shockwave!"

At the same time, in the Earth Virtue Heavenly Palace, in the Wen Dao College.

Xiao Chujue brought a thick stack of books to look for village chief Su Mushan and smiled. "Dean, I have some questions and don't understand. It's the Dao Realm Sword Domain recorded in these books and the sword twenty styles that I still can't comprehend."

Chapter 1342:

In the Wen Dao Academy, there were many talented people. Di de Yuan Jun Gongsun Wei, Yun Luo Emperor Wei Suifeng, village chief Su Muchu, Yun Jianli, Yu Chenzi, and the others were all rare geniuses.

At this moment, village chief was playing chess with Prince You Ming and also studying sword techniques. Yu Chenzi sat at the side to watch the battle. When Xiao Chujue entered, village chief stood up and messed up the chess game, he smiled and said, "Everyone, this is Xiao Chujue. He is a peerless genius that I recently discovered, and he has godly sword skills!"

The young prince was very unhappy. He said in a low and muffled voice, "You can't beat me in chess, so you're playing tricks. Yu Chenzi, tell me who won this game."

Yu Chenzi said humbly, "My chess skills are weak, so I can't tell." Xiao Chujue was indeed a genius in sword skills. He once went to visit Dao Master Lin Xuan, and he used half a year to comprehend the seventeenth volume of our Dao Sword. "Dao Master Lin Xuan also gave him great praise."

Prince youming sized Xiao Chujue up and down. "So Powerful?"

"It's similar to Jiang Baigui's performance back then."

Village chief was also very satisfied with Xiao Chujue and took the stack of books from him, "Chujue's aptitude and comprehension are both excellent. Back then, when Jiang Baigui learned dao sword and Buddhism, it was also easy for him to learn by analogy, which was why he could become the sword God back then."

Prince youming thought of Qin Mu, he asked curiously, "To be comparable to Jiang Baigui, that would be the aptitude of a saint that appears once every five hundred years.". In that case, how was chujue's aptitude and comprehension compared to heavenly venerate mu? Heavenly Venerate Mu was also a genius of sword path. I've seen his sword skills before and they were extremely powerful. I heard that he was the one who created eighteen sword nineteen!"

"Mu'er's aptitude and comprehension aren't considered top-notch. He's slightly inferior to Jiang Baigui and chujue."

Village chief said, "The reason why he's strong is because he's full of curiosity. He has to study everything that he doesn't know."

He flipped open the books and saw that they were his own writings. They were about the insights on sword twenty forms and the domain of sword path.

Even though Xiao Chujue was a top-notch genius among the younger generation of eternal peace, he hadn't been born for a long time. On the other hand, Eternal Peace's sword skills and sword path were changing day by day. After learning the old ones, the new ones came out, even he would find it hard to learn them all in a moment.

Especially sword path.

How many billions of Sword Skills and divine abilities did eternal peace have? His attainments in sword path were also incomparably astonishing. Among them, the most formidable was the dean of Wen Dao College, Su Mucha, the teacher who enlightened heavenly venerate mu on sword path back then.

Village chief Su Mucha's sword path had reached an unprecedented height after founding emperor traveled around eternal peace and imparted sword twenty forms back to eternal peace. Especially when his dao realm was also imparted to eternal peace, it had greatly improved him.

He was able to become the dean of Wen Dao College because he had written books and preached the Dao. A chapter called "Comprehension of basic sword forms" explained sword one to sword twenty clearly.

Apart from that, he also wrote sword codex, Sword Domain, Dao realm, Dao Domain, and other books that he had co-authored with butcher and deaf. These books would have been enough to cause chaos in the world decades ago!

If they were to get their hands on the current heavenly court, it would be enough to cause a bloody storm!

If it were to spread to all the worlds in the world, who knew what kind of terrifying massacre it would cause!

However, it was spread by village chief and the others and wasn't forbidden for others to read it. As long as they went to the academy to study, they would be able to enter the library to watch and learn.

As for whether one could learn it, Enter Dao realm, Enter Dao with a sword, or cultivate dao domain or sword domain, that would depend on one's own abilities.

This young God called Xiao Chujue had already been in Smell Dao College for more than a year, and his talent in Sword Dao was terrifyingly high. Even so, he hadn't learned sword twenty forms, nor had he comprehended sword domain, that was why he had asked the village chief for advice.

The village chief flipped through the ancient books and found the twentieth style of the sword, he said, "The twentieth style of the sword was created by founding Emperor Qin Ye. He comprehended the twentieth style of the sword from the eighteenth style of the sword, the nineteenth style of the sword. "When you learned the nineteenth style of the sword, you should have understood that as long as you learned the nineteenth style of the sword, you would be able to enter the Dao with the sword. "In the world, there are less than a hundred people out of the hundreds of millions of divine arts practitioners who can learn the nineteenth style of the sword. "However, the requirements for sword 20 styles are even higher. What he requires is to first master the Sword Domain and achieve the Sword Dao Domain before he can master sword 20."

When he said this, Yu Chenzi, Prince You Ming, and the others couldn't help but be at a loss, prince You Ming muttered, "Brother Su, isn't this sword style comprehensive solution the most basic book? Why is it that you can only master this sword style comprehensive solution after you master the Sword Domain?"

“Wrong!”

Village chief smiled and said, “If you want to learn the basic sword style comprehension, you need to first cultivate the sword domain. And if you want to learn the sword domain, you need to first learn the sword manual. And if you want to learn the sword manual, you need to first learn 1,282 volumes of the Sword Manual.”

The few of them were shocked.

Village chief smiled and said, “However, chujue has already achieved the path of the sword. The foundation in front of him is already very solid. What he lacks is not the foundation, but a deeper level of understanding of the sword. And this requires a top-notch great grandmaster of the Dao of the sword.”

He drew his sword and said indifferently, “Xiao chujue, let me be your whetstone to help you advance in the Dao of the sword. Draw Your Sword!”

Xiao chujue bowed, took a step back, and brazenly drew his sword!

Sword light shot straight into the clouds. His Dao of the sword was grand and imposing, with an extraordinary bearing. It was as if he wanted to rule the world and Control Tai Ah!

Prince youming and Yu Chenzi cheered in unison and praised, “Such a great bearing!”

At this moment, an arrow light flew over. Before the three experts could react, this arrow light had already pierced through Xiao Chujue’s sword and shot into the center of his brows!

Boom —

Xiao Chujue’s body exploded. Without the restraint of his physical body, his primordial spirit suddenly expanded, as if an emperor who ruled over the world had personally arrived!

The second, third, fourth, and fifth arrow lights arrived one after another. Their speed was so fast that it was almost impossible for people to react in time!

After all, Prince Youming was an existence at the earliest stage of the throne realm. Without any explanation, he revealed his Xuanwu primordial spirit. Just as he was about to take action to block the next few arrow lights, he saw the primordial spirit that erupted from Xiao Chujue's body. He could not help but be stunned, he cried out, "Heavenly Emperor —"

Village chief's sword struck the second arrow directly, but he stopped abruptly when he heard that. His heart was inexplicably shocked. "Heavenly Emperor's primordial spirit? This Xiao Chujue is..."

Boom Boom Boom —

The other four arrow lights were nailed to the heavenly emperor's primordial spirit's forehead. Four consecutive loud bangs erupted in the sky. Each sound was getting farther and farther away. Suddenly, an incomparably terrifying throb came from outside the Earth Virtue Heavenly Palace. The five arrow lights shot Xiao chujue out of the Earth Virtue Heavenly Palace, the power completely erupted, and the dazzling light illuminated Earth Virtue Heavenly Palace to the point that there was practically no shadow!

Eternal Peace Practitioners in Earth Virtue Heavenly Palace flew up one after another, looking at the dazzling light that erupted in the distance with bewilderment and bewilderment in their hearts.

Earth virtue primordial Lord Gongsun Li pressed down with his palm, and the green leaves connected to the sky, protecting Earth Virtue Heavenly Palace and the people living on the earth.

With a thought, she looked at eternal peace's upper and lower capital in the distance. There was another terrifying power erupting there.

Gongsun Fu activated his true body, and the branches of his origin wood swayed, protecting both upper and lower capital. "What happened? who attacked Eternal Peace's upper capital and Earth Virtue Heavenly Palace?"

No one could answer him.

Suddenly, Yu Chenzi flew up and landed in front of Gongsun Fu, he bowed and said, "Sovereign Hui Yuan, this matter should be heavenly emperor's split soul reincarnating in eternal peace and stealing the transformation fruit for the heavenly venerate to notice. That heavenly venerate killed the reincarnation of heavenly emperor because of this and it has nothing to do with Eternal Peace."

Gongsun Gong let out a sigh of relief and said, "Since it has nothing to do with eternal peace, there's no need to pursue it. All of you can continue to do your own things."

Everyone agreed, but this scene was truly shocking and made it difficult for them to calm down for a long time.

Chapter 1343:

In the northern border of eternal peace, red light suddenly descended from the sky. Among the red light were two wandering souls. One was Earth soul and the other was divine soul. They were miserable and miserable, riddled with holes from Qin Mu's shots!

It was also fortunate that the two souls of heavenly emperor were incomparably powerful, which was why their souls weren't scattered on the spot.

However, the Earth Soul and divine soul of heavenly emperor absolute beginning had also suffered great injuries.

These two souls were originally from nineteen years ago, before eternal peace calamity erupted. In order to get the Heavenly Emperor to help Eternal Peace Tide Tide over the calamity, Qin Mu had no choice but to summon his souls according to the conditions of the heavenly emperor.

At that time, the two souls of the heavenly emperor had already shattered into black sand. In order to reconstruct them, Qin Mu didn't hesitate to borrow the strength of the Heavenly Duke and Earth count, kowtowing to them repeatedly. Only then did he obtain the strength of the Heavenly Duke and Earth count.

After reconstructing the two souls, Qin Mu's vital qi was heavily injured and he fainted from exhaustion.

However, after the two souls of the heavenly emperor were reconstructed, he didn't directly protect eternal peace in eternal peace calamity. Eternal Peace Calamity still erupted, killing and injuring countless commoners and divine arts practitioners.

After the heavenly emperor obtained the right to rule over the origin world, he ordered the gods of the Heavenly Court to stop targeting eternal peace and allow it to survive. However, he went back on his words and ordered the restriction reform to suppress Emperor Yanfeng and Eternal Peace Imperial Preceptor Jiang Baigui, killing the supreme character Spirit Jade Book.

A series of bloody methods caused eternal peace to sink into a great terror.

At that time, Qin Mu had already lost his soul. His soul had been handed over to his brother Qin Fengqing, leaving only his undying divine consciousness and corporeal body. He was just a walking corpse.

Qin Mu had tried his best to protect eternal peace, which was why he had exchanged for Eternal Peace's future.

Heavenly Emperor absolute beginning's Earth soul and soul had also reincarnated to eternal peace at that time. Qin Mu had wandered around without a soul and had only come to heavenly court after two to three years. Now, Qin Mu was sixteen years old and was about to be seventeen years old, therefore, he concluded that heavenly emperor absolute beginning's reincarnation in eternal peace was nineteen years old.

'Heavenly Emperor absolute beginning is such a vicious person, assassinating my reincarnation, I can't tolerate him!'

Heavenly Emperor's Earth Soul and soul tangled together in the air, he was incomparably furious. 'I've tolerated him too much, but I didn't expect him to be so impudent! This origin world is my territory, and he's barely surviving under my roof, yet he still dares to be so impudent. I Can't tolerate him!'

The Yuan world was originally called Yuan world. Later, the Earth Mother changed the name to Yuan world, indicating that it was her territory. However, some ancient gods still called the Yuan World Yuan world.

"He must have used the Earth Count's life and death book to find me. Also, there's the word 'Xiao'in my name. Looks like I can't use the word 'Xiao'in the future!"

'absolute beginning' was the name Emperor Tai had given him, while 'Xiao' was the name he had given himself. He actually hated the name 'absolute beginning'. Hence, every time he reincarnated, there had to be the word 'Xiao'in his name.

Gu Xiao, 'Chu Xiao', 'Xiao Weisu', 'Xiao Tianji', and 'Xiao Chujue' all had the word 'Xiao'in their names.

Suddenly, a violent tremor came from the sky. One after another, majestic deities descended from the sky above the Yuan world. They did not enter the Yuan world from the spiritual energy mutual shift bridge, but directly descended!

The energy of these majestic celestial beings was extremely great, causing the psionic bridge in the Yuan world to continuously spew out extremely thick psionic energy to maintain the balance of energy in the Yuan world.

After these celestial beings descended, they saw many large ships sailing into the Yuan world in the sky, causing the psionic energy spewing out from the front bridge to be even more intense!

When Celestial Master Xiao's divine artifacts, heavenly Lord Royal and Yuan Mu, were suppressing the Yuan world, no one dared to do such a heinous act!

However, with the disappearance of the divine weapon, Celestial Master Royal, and Yuan Mu, the Yuan world was now ownerless. Therefore, some existences in the heavenly court could not sit still any longer and could not help but extend their hands to the Yuan world!

"Oh no, I've been exiled by Celestial Master Yue. I might not even be able to protect this yuan!"

Two souls was shocked and hurriedly hid, they were uneasy. "The fierce battle last night caused too much commotion. Even though I used Yuan Mu to seal the Yuan capital so that the heavenly court would not be able to notice the great battle in the Yuan world, they will definitely send experts to investigate. "Seeing me disappear, these crafty fellows who can penetrate through anything will definitely seize this opportunity to seize the origin capital!"

In the sky, from one ship after another, slender-waisted and long-legged black dogs suddenly leaped out and rushed in all directions like a flood!

"Xiao Tianquan!"

The Heavenly Emperor and soul duo were even more alarmed. The Heaven Court had an extremely large number of Xiao tianquan, and these Xiao Tianquan were good at searching for people. However, these Xiao Tianquan were in the hands of the Divine Constabulary Camp, and all the divine constabularies in the Divine Constabulary Camp might have been mobilized!

However, those who could mobilize all the divine constabularies would definitely have immense power. The lowest level of power would be at the level of the Four Emperors!

More and more howling heavenly dogs rushed down from the sky, sniffing around. Some of the howling heavenly dogs charged towards the crescent moon in the sky, turning into a prehistoric behemoth that opened its mouth to eat the moon in the Yuan world.

There was a goddess on the moon. A sword light chopped off the dog's head, and the other howling heavenly dogs scattered in a hurry.

At that moment, the sky suddenly brightened. Golden Chariots pulled by three-legged Golden Crows entered the Yuan world one after another. The huge Golden Crows pulled chariots, and their blazing firepower turned into small suns that rolled across the sky of the Yuan world!

“The Golden Crow Army under the Great Sun Star Lord!”

The heavenly monarch and soul duo were even more alarmed. The Golden Crow Army was the personal guards under the ancestor god King, and they were led by the Great Sun Star Lord, Danfeng.

These Golden Crows' eyes were extremely sharp and they were also very observant. Clearly, the Golden Crow Army was here to search for Celestial Master Xiao's whereabouts!

“This is bad!”

The heavenly monarch and two souls were worried. “It's Celestial Master Mu's doing!”

Suddenly, a white cat descended from the sky. It leaped up and down in the sky as if it was flying. It jumped up and down from the Golden Crow Army's chariot and ran quickly.

The Golden Crow Army did not dare to voice their anger.

The white cat jumped onto the back of a Xiao Tianquan. It opened its eyes wide and looked at the mountains and lands of the Yuan world.

The Heavenly Emperor two souls could not help but shiver. This white cat, Little Seven, was a handsome man in the heavenly court. He was concubine Yan's lover. The reason why concubine Yan released the White Cat was obvious. It was to search for Celestial Master Xiao!

“Bitch, you are so ruthless. Let your lover kill me!” The Heavenly Emperor's two souls quickly fled.

The sky became even brighter. It was daytime now, but in broad daylight, many stars appeared in the sky. On the thousands of stars, numerous gods stood on the stars. Their right hands rested on their foreheads as they looked at the Yuan world.

Those gods were the divine generals of the Heavenly Court who guarded the star map. Many of them were generals of the Heavenly Eye divine race. At this moment, even these gods were mobilized!

The hearts of the Heavenly Emperor two souls sank. It was as if they had fallen into an abyss. Someone who could mobilize all the gods in the entire heavenly map must be an existence among the ten heavenly venerates!

“Everyone pushes down when the wall falls. Now that my heavenly venerate Xiao has been exiled, these guys are all here to push down the wall!”

The Heavenly Emperor two souls attached themselves to a tree. Suddenly, the sorrowful cries of “Da Hong” and “Da Hong” came from the sky. They saw a huge green bird flapping its wings and flying. It was like a floating continent.

“Since when has Celestial Master Hong become so active?”

The Heavenly Emperor and the soul were furious, but there was nothing they could do. They waited until Celestial Master Hong flew far away before they continued to move forward, they thought, “I need to reincarnate as soon as possible. Now that my soul and earth soul are injured, I have to find a young body to hide the aura of my soul.”

In the chaotic space of the banished land.

Celestial Master Xiao landed in the maze of this space with the origin wood. He could see the broken space of different sizes colliding in all directions. He was in the center of this chaotic space, so he could not see everything here.

If he stood outside this chaotic space and could see the deepest part of the space, he could see a floating world outside this space.

That was the territory of the remnant clan of the Crimsonbright clan. It was the strange space-time formed by the body of the CRIMSONBRIGHT emperor.

Chapter 1344:

Back then, the Red Emperor had sensed the power and terror of the outer heavenly courts. In order to find a way out for the human race, he had traveled through time and space in search of future life.

He had found this place. However, at that time, the Red Emperor had been severely injured by this dangerous chaotic space and was about to die. Therefore, he had transformed into the hovering world and released his immortal soul consciousness to inform his clansmen.

The hovering world was only at the periphery of the chaotic space, and Celestial Master Xiao was now trapped in the center.

Celestial Master Xiao looked around and frowned. He had thought that Celestial Master Yue had just banished him to the depths of the universe, but he did not expect that even he had never been to the place where Celestial Master Yue had banished him, nor had he heard of it.

The space here was chaotic. He stood in a strange space-time, and there was no upper or lower, no left or right. Not far away, another space floated over, and celestial master Xiao exclaimed in surprise.

His body was twisted by the space, like a huge python, and it was stretched for thousands of miles. Only when the space floated over did he recover.

“I have to leave this place no matter what!”

Just as he was about to take a step forward, an octagonal cone-shaped space fell from above his head. Celestial Master Xiao immediately felt extreme pain.

He saw that he had been divided into eight bodies!

Eight complete bodies, including eight complete primordial spirits. However, the pain also came from one body after another!

“There is nothing in this world that can hurt a Celestial Master!”

He forcefully urged his cultivation and forcibly closed his body. He walked aimlessly while leaning on the origin wood.

Suddenly, he saw the back of his head.

This was the effect of another space.

Not only did he see the back of his head, but he could also see his internal organs, his brain, and even the waves of thoughts in his head. It was like a vast universe of thoughts and consciousness, the light of countless thoughts shone like the starry sky!

His body seemed to have no boundaries, and it was incomparably vast inside.

“Nothing can trap a heavenly venerate, trap me!”

He raised his cultivation base to the maximum, and his body returned to normal. Along the way, he had gone through countless strange events, but the maze of this space seemed to have no end, no end.

Heavenly venerate Xiao calmed his mind and suddenly activated the origin wood. The leaves of the origin wood flew up and drifted into the strange space fragments.

The roots of the origin wood extended in all directions. This origin wood held up all the worlds in the origin world, and its power did not decrease in the slightest when it came here.

This was the reason why Celestial Master Xiao was able to leave this place alive. No matter how complicated the chaotic space and the banished lands were, he would definitely be able to leave this place!

At this moment, he suddenly felt the roots of the origin wood touch something real, and his heart could not help but Twitch.

He followed the roots of the origin wood and rushed over. All sorts of strange things happened along the way, and several times, he almost died in this chaotic space. However, the Celestial Master was still strong, and he still managed to survive.

He came to the place where the roots of the origin wood touched. It was a piece of land that had not been completely destroyed. It was not very big, only 30 to 50 miles in circumference. It floated in this chaotic space and had not been destroyed.

The land was filled with a mournful aura of death. Even the roots of the origin wood suddenly withered when they came here.

Celestial Master Xiao felt that this sorrow was not left by a god, but by the Great Dao of Heaven and earth. It was a lament that the Great Dao made when it died.

He retracted his origin wood and carefully descended onto this ancient land, trying his best to suppress the fear in his heart.

The aura of the Great Dao's death here also made him feel fear. Even though he was the absolute beginning of the innate five Tai, his heart was inevitably filled with fear.

However, he was, after all, a former heavenly monarch and now a heavenly venerate. He forcefully suppressed the fear in his heart, restrained his inner demons, and continued to search for the secrets of this place.

The sadness of the Great Dao made his dao heart feel sad as well. Unknowingly, tears fell from his eyes.

The fear of the Great Dao also made him feel terrified. He trembled as if he was treading on thin ice.

Finally, heavenly venerate Xiao saw the source of the sadness and fear of the Great Dao. It was an extremely ancient tree. It was thick and had a shocking crown. However, it had lost all its branches and leaves. All that was left was the trunk and trunk of the tree.

It was overturned and fell to the ground. Its roots were completely dried up.

Many of its branches were broken. Those black and withered branches seemed like they would shatter with a light touch. However, what frightened celestial master Xiao was that even though the tree had become like this, it was still able to protect this land!

The reason why this land was able to survive in the chaotic space and not be destroyed by the strange space debris was because of the use of this withered tree!

"There is a treasure tree that is even more powerful than the origin wood?"

He composed himself and noticed a dried and wrinkled fruit hanging on a branch. The fruit was black and had many patterns on it, but he could not see them clearly.

Heavenly venerate Xiao was stunned.

He had seen this kind of fruit before!

This was a dao fruit!

When Emperor Tai branded his spiritual sense into the ultimate void space, the Great Dao formed the great Luo Heaven of spiritual sense. At that time, heavenly venerate Xiao was still Tai Chu, the nominal foster son of Emperor Tai!

Tai Chu saw an extremely sacred scene. He saw the formation of the great Luo Heaven of spiritual sense and saw Emperor Tai's Great Dao in the Great Luo Heaven turn into a dao tree.

The dao tree took root and sprouted. It pulled out branches and grew slowly. It grew into a towering tree that covered the great Luo Heaven of spiritual sense!

Furthermore, Tai Chu also saw Emperor Tai's Great Dao of spiritual sense Bloom dao flowers on the tree and bear dao fruits. Although it was only a green fruit, it still gave him an incomparable shock!

And this withered tree in front of him was clearly a dao tree branded by an incomparably powerful existence in the ultimate void!

That shriveled and wrinkled fruit was that existence's dao fruit!

"No! No!"

Heavenly venerate Xiao could not suppress the shock in his heart, he cried out involuntarily, "The Supreme Emperor is the only existence who has branded his Great Dao in the ultimate void. No other person can do it! "In the ultimate void, there is only his divine sense, great overarching heaven. How can there be a second person who can brand the void before the Supreme Emperor and form a dao fruit?"

This dao fruit should be a mature dao fruit. Even if it shriveled and shrunk, it was still much bigger than the supreme emperor's Dao fruit.

Such an existence had died here without a sound, making him shudder.

Heavenly Venerate Xiao composed himself and walked toward the dao fruit.

Youdu.

Earth Count and Heavenly Venerate Void's divine weapon, Heavenly Venerate Royal, were confronting each other. Heavenly Venerate Void had clearly sensed Youdu's abnormal movements and found an opportunity to deal with Earth Count, which was why he controlled his divine weapon, Heavenly Venerate Royal.

Heavenly Venerate You saw it from afar and frowned. Qin Mu smiled. "We also have Heavenly Venerate Royal now, so there's no need to be afraid of Heavenly Venerate Void anymore."

Celestial Master You acknowledged and removed the yellow paper on Celestial Master Xiao's Divine Weapon Celestial Master Yu to control it. The divine weapon grew bigger and taller and was on par with Celestial Master Xu's Divine Weapon Celestial Master Yu.

When Celestial Master Xu saw this, he immediately restrained his aura.

Celestial Master You planned to destroy her Divine Weapon Celestial Master Yu, but Tubo's loud voice came over. "Sacred King Ren, there's no need for that."
