Chapter 1428: The Heavenly Dao Is Private

Qin Mu looked at him, and after a moment, he revealed a smile. "Someone once told me that Celestial Venerable You was too naive. If he hadn't been in Youdu and participated in the great battle, he wouldn't have lived until now. You, you decided to walk out of Youdu because you placed yourself in danger. Your life is in danger."

In the past, every time Celestial Venerable You made a move, his back was against Youdu, and he could advance or retreat at will. For example, during the battle at the Jade Pool of the celestial heavens to protect Qin Mu, Celestial Venerable You had walked into Youdu. For example, during the battle between Celestial Venerable Xiao and the peach forest, Celestial Venerable You could enter Youdu anytime.

However, if Celestial Venerable You went to Xuandu, he wouldn't be able to avoid the enemies' attacks and return to Youdu in time. That would be dangerous for him.

Celestial Venerable You looked at him calmly and said, "However, after Celestial Venerable Xiao was exiled, I started to get involved in the affairs of the world. My territory is in the Primordial Realm."

He was talking about his release of Xie Wuqi and Ming Ya. Xie Wuqi and Ming Ya's foothold in the Primordial Realm depended on him.

From then on, Celestial Venerable You started to get involved in the battle and couldn't stay out of it.

Qin Mu was silent for a moment, and he knew what he was thinking. "Earth Count won't let you attack, he won't let you put yourself in danger. Earth Count's dream is to get rid of Earth Count's identity, and he needs a just person to replace him. You are his candidate, and you are also the next Earth Count in his heart."

"The next Earth Count in Earth Count's heart was originally you, then Qin Fengqing. He had also been grooming you and Qin Fengqing as the next Earth Count."

Celestial Venerable You said indifferently, "I made a deal with Earth Count. I helped him manage Youdu, and he preserved Celestial Venerable Yu's corporeal body to protect my mother's soul."

Qin Mu asked, "If anything happens to you, what about your mother?"

"She will live well in Youdu."

Qin Mu didn't say anything more and walked away. His voice came from afar as he said, "Celestial Venerable Yue, Founding Emperor, and Divine King Lang Wo will appear in Xuandu. You will meet them then."

He suddenly stopped and gave it some thought before saying meaningfully, "Be careful of Divine King Lang, don't let her come into contact with Celestial Venerable Gong. If Celestial Venerable Gong stays in the celestial heavens and doesn't participate in the Battle of Xuandu, that's fine. However, if she participates in the Battle of Xuandu, she will definitely come into contact with Divine King Lang Wo. If she does, you need to be careful of any changes."

Celestial Venerable You was slightly stunned and nodded silently.

Qin Mu left. "Go back, let Earth Count release Heavenly King Tian Shu and the rest. I need their help in the battle of Xuandu."

Celestial Venerable You revealed a smile and put away the paper humans and paper horses before riding the paper boat away.

Qin Mu waited for him to return to Youdu before stopping to think about it. He then shook his head.

Divine King Lang Wo, the goddess of his dreams, was flawless. However, Lang Lang wouldn't care about old relationships or embrace friendship.

With the interests of her race as her top priority, she would make a judgment that was beneficial to her race under the influence of the situation.

If Heaven Duke died, Qin Mu's faction would lose its most powerful existence, and the balance of power with the ten Celestial Venerables would be broken.

When she met Celestial Venerable Gong, she would easily be persuaded by him, making the judgment that Qin Mu's side couldn't defeat the ten Celestial Venerables and joining Celestial Venerable Gong's faction.

Celestial Venerable Gong was once one of the three primordial kings, and she was now one of the ten Celestial Venerables. It wasn't impossible for Divine King Lang to become one of them.

In that case, Divine King Lang Wo would kill her own people in order to gain merit. Founding Emperor, Celestial Venerable Yue, and the rest might not be able to escape from her sneak attack.

The masters of creation might even attack Carefree Village!

Divine King Lang Wo was once the object of Qin Mu's admiration. Qin Mu was also very uncomfortable when he made a move to guard against her, but he had no choice.

After another month, the celestial heavens finally completely descended upon the ancestral court. The vast and boundless celestial heavens floated above the ancestral court, emitting a world-shaking divine might.

The celestial river had also changed its path with the celestial heavens and returned to the ancestral court. During the primordial era, the celestial river was the most important river in the ancestral court. Now, it was merely returning to its former position.

However, the return of the celestial river caused the changes in the universe to be far-reaching.

Firstly, numerous heavens that were built on both sides of the celestial river suffered a huge change. Originally, the stars of these heavens operated according to the tide of the celestial river. When the celestial river changed its course, the stars instantly fell into chaos, causing the natural disasters of these heavens to never end. The people were displaced, and countless people died.

Next was the heavens that the celestial river had passed through in the Primordial Realm. The celestial river had changed its path, changing the trajectories of these heavens. They were being torn and dragged by the celestial river.

Some of the heavens were lucky, and there were many powerful gods that stopped the stars when the celestial river changed course, not causing much damage to the people. However, some of the heavens weren't so lucky. They were torn apart by the celestial river and turned into pieces of the universe. Numerous cold corpses floated in the starry sky.

No one dared to complain.

The celestial river changed its course, turning the Great Swamp of the ancestral court into an ocean. This was once the origin of Xuandu. Xuandu rose up from this place, becoming taller, transforming into the vastest sky.

After the primordial era of the masters of creation came to an end, the celestial heavens captured the celestial river, turning the sea that had been nurturing Xuandu into a huge swamp. Today, the sea recovered, becoming vast and deep.

If one stood on the surface of the sea and looked at the seawater, they would be able to see the reflection of Xuandu.

This was Celestial Venerable Hong's territory.

The original Great Swamp couldn't even be considered a treasure land, yet Celestial Venerable Hong had chosen this place. However, the celestial river had changed its course and turned this place into the celestial sea, instantly making this place incomparably rich.

The thriving life force and strange rules of the Heavenly Dao hidden in the sea appeared, and the Great Swamp became one of the most eye-catching sacred grounds in the ancestral court!

Celestial Venerable Hong's move made the other Celestial Venerables raise their eyebrows. They couldn't help but admire his foresight.

The most profound impact of the celestial river changing paths was that the celestial river had finally returned to Xuandu.

The celestial river flowed out majestically from the ancestral court and flowed towards the top of Xuandu's sky. It drew a beautiful arc through Xuandu and formed a circle that wasn't sealed. It flowed down from Xuandu and into the Primordial Realm.

The path to Xuandu had been opened up by the celestial river, and it was already on the agenda to punish Heaven Duke!

The various military marquises of the celestial heavens were all ready to set off. The Celestial River Navy's huge ship sailed day and night towards Xuandu with countless smaller ships carrying supplies.

Along the way, the stars were lit up by powerful gods, lighting up the celestial river and making it look like a jade belt.

The reason why they didn't take the Spirit Energy Mutual Shift Bridge was because something had happened in Xuandu. The Spirit Energy Mutual Shift Bridge was destroyed, and even the divine weapon Celestial Venerable Yu of the Ancestral God King was suppressed by Heaven Duke.

"The Heavenly Dao is selfless, and the Great Dao is fair!"

Rumors spread throughout the thousands of worlds in the heavens. "When Heaven Duke dies, the Heavenly Dao becomes private! The ten Celestial Venerables want to change the Heavenly Dao and public weapons for their own use. From today onwards, it will no longer be public, but private! This is the sorrow of all lives!"

"Nobles and generals are born with guts. Common people are slaves for generations!"

"From today onwards, even breathing air has to be taxed. Even sunbathing has to be paid!"

These kinds of rumors circulated in the thousands of worlds and heavens for a period of time. Someone used this to ask Celestial Venerable Hong, and he said, "It's just the shouts of the incompetent. Ignore it."

As expected, this rumor didn't cause much of a stir before returning to peace.

At this moment, Tian Shu, Butcher, Zhe Huali, and Luo Wushuang came to the hundred thousand black mountains of the ancestral court and found Qin Mu. Qin Mu was ready to go, and he said to the four of them, "It's hard to say if we will survive this battle. I will coexist with the elders."

Butcher smiled, "What's there to be afraid of?"

Chapter 1429: Mutual Deception

In the celestial heavens, Celestial Venerable Hao, Celestial Venerable Gong, Celestial Venerable Zu, Celestial Venerable Hong, Celestial Venerable Huo, Celestial Venerable Yan, Celestial Venerable Qiang, Celestial Venerable Lang, Celestial Venerable Xu, Celestial Venerable Shi, and the rest of the ten Celestial Venerables gathered to discuss the matter of the Flat Xuandu. Celestial Venerable Huo asked, "The divine weapon Celestial Venerable Yu of Xuandu was suppressed by Heaven Duke, and the Spirit Energy Mutual Shift Bridge was also destroyed. Does Ancestral God King know what happened?"

Ancestral God King said, "The Xuandu Heavenly Dao seemed to have sensed that Heaven Duke was about to die, so the Heavenly Dao became restless and sealed my divine weapon. As for the destruction of the Spirit Energy Mutual Shift Bridge, the millions of Sun Guards that were resting on Heaven Duke received the command of the Heavenly Dao and gathered together to form a rebellious force to attack the Spirit Energy Mutual Shift Bridge and destroy it."

"Heaven Duke wanted to kick his legs before he died."

Celestial Venerable Xu sneered and said, "However, it's futile."

Celestial Venerable Hong hurriedly said, "We can't underestimate them. The Heavenly Dao won't let Heaven Duke die. Even if Heaven Duke wants to die, he can't. Heaven Duke was born from the Heavenly Dao, and he represents the operation of the Heavenly Dao. When necessary, the will of the Heavenly Dao will completely replace Heaven Duke's will. It will even be added to the bodies of the Sun Guardians in Xuandu, increasing their power."

"There are millions of Sun Guardians in Xuandu, and these Sun Guardians are usually in charge of the operations of the suns in the various worlds. If the Heavenly Dao augments them, they will indeed be quite a powerful force."

Celestial Venerable Gong said, "However, other than Sun Guardian, there are also Moon Guardians from all over Xuandu, as well as star sovereigns from all over. If they are also blessed by the Heavenly Dao, this power can't be underestimated."

Celestial Venerable Hong smiled. "Celestial Venerable Gong, are you going to Xuandu?"

Celestial Venerable Gong hesitated for a moment before shaking his head. "The celestial heavens can't be left unattended. I won't go."

Celestial Venerable Huo was impassioned, and he said loudly, "How can we not go? Heaven Duke has done all sorts of evil and has wreaked havoc in the world for a long time. If we don't kill Heaven Duke, we will be indulging him, and we will be accomplices!"

Celestial Venerable Gong said with a smile, "Celestial Venerable Huo abhors evil, and he can't tolerate even a speck of sand in his eyes. I admire him very much, but the celestial heavens is also crucial, so we have to guard against Bandit Qin's sudden attack. If I stay here, I can take care of him."

Celestial Venerable Hao said with a smile, "Dao Friend Gong, you can't support yourself by yourself. I'm also guarding the celestial heavens, just in case. Heavenly Consorts, what do you think?"

Heavenly Lady Qiang smiled. "Celestial Venerable Hao and Celestial Venerable Gong are here to ensure that nothing goes wrong. I'll go to Xuandu."

Heavenly Lady Yan's gaze flickered, and she said with a smile, "There are still three poles left in the Four Extreme Heavens, and I plan to intimidate Green Dragon, White Tiger, and Black Tortoise to prevent them from causing trouble again."

Celestial Venerable Xu said, "Youdu can't be left unguarded. I'll stay behind to guard against the chaos in Youdu."

Celestial Venerable Hao looked at Lang Xuan, and God Emperor Lang Xuan hurriedly said, "I have to go. If you guys don't go, it won't be good if something happens."

Celestial Venerable Hong smiled and said, "Heaven Duke's abilities can be said to be a perfected existence of the Great Celestial Heavens in Xuandu, no weaker than Celestial Emperor's. I have to go and assist Ancestral God King."

Shi Qiluo said, "The divine weapon Celestial Venerable Yu was created by me. Heaven Duke is suppressing the divine weapon, so I have to make a trip there to break Heaven Duke's suppression."

Celestial Venerable Hao said with a smile, "In that case, I'll leave the battle of Xuandu to you guys. I, Celestial Venerable Gong, Heavenly Lady Yan, and Celestial Venerable Xu will stay here. I wish the six of you all the best in advance."

Everyone smiled knowingly.

Celestial Venerable Hao had always been arrogant and looked down on the other Celestial Venerables. If there were benefits, he would definitely take the big prize. After the battle with the Grand Emperor, he was chased by Qin Mu for 600,000 miles, and his reputation was ruined. Now, Celestial Venerable Hao had become humble and polite. It seemed like his injuries had yet to recover.

In the battle of Xuandu, with the six Celestial Venerables, Zu, Hong, Huo, Qiang, Lang, and Shi, it would be easy to deal with Heaven Duke. Even if Founding Emperor, Celestial Venerable Yue, and the rest interfered, it wouldn't change anything. It wouldn't affect the overall situation.

Suddenly, Celestial Venerable Hong asked, "In that case, what about Celestial Venerable Mu? Celestial Venerable Mu and Heaven Duke have a good relationship, he won't sit back and watch."

Celestial Venerable Hao said, "Son of Heaven Yin will block him. Dao Brother Hong, don't worry."

Everyone got up to leave, except Celestial Venerable Gong. He asked Celestial Venerable Hao, "Celestial Venerable Hao, are you really so steady that you want to stay with me to guard the celestial heavens?"

Celestial Venerable Hao didn't hide anything from her and said, "I haven't fully recovered from my battle with the Grand Emperor, and I'm only barely able to maintain my appearance. If I really go to Xuandu, I'm afraid I'll reveal my true form. Furthermore, I don't have a divine weapon Celestial Venerable Yu, so I can't fight with them. On the other hand, Celestial Venerable Gong, your cultivation is deep, and you're still at your peak. Why do you want to stay behind?"

Celestial Venerable Gong said, "I don't have any thoughts about the Heavenly Dao. Whether I go or not is the same."

Celestial Venerable Hao laughed loudly and suddenly coughed violently. After a moment, he managed to catch his breath and said, "Celestial Venerable Gong is still as calm as before, admirable. I thought you would fight for something for my brother Lang Xuan. After all, you are his mother."

Celestial Venerable Gong's pupils contracted, and he smiled. "Celestial Venerable Hao must be joking."

Celestial Venerable Hao didn't continue. "The imperial family is all heartless, so it's no wonder you don't like my elder brother. Back then, I was the one who invited you into the ten Celestial Venerables and became the one in charge. Celestial Venerable Gong, you still owe me a favor."

Celestial Venerable Gong was silent.

Celestial Venerable Hao revealed a smile and said, "Our interests have long been tied together. Our alliance is unbreakable. Only I can tolerate your masters of creation race. Palace, do whatever you want to do. I'm behind you."

Celestial Venerable Gong thanked him and left.

Celestial Venerable Hao leisurely tapped his fingertips on the armrest of the throne. At that moment, the figure of a woman appeared behind him. Her voice was filled with charm as she said softly, "Celestial Venerable Gong has the weakness of the masters of creation, so she can't escape your control. You can use her to break down Founding Emperor and Lang Xuan, or you can use her son as enemies to get rid of Lang Xuan. You can also use her to deal with the Grand Emperor and Tai Chu. She's the only woman among the ten Celestial Venerables that can let you truly control all power! If you make good use of her, you will have supreme power! Furthermore, my Tai Su Divine Mine is in her hands."

"Many thanks for aunt's advice. Don't worry aunt, I will definitely help aunt retrieve the Tai Su Divine Mine!"

Celestial Venerable Hao revealed a smile and looked at the woman who looked like Mistress Yuanmu with infatuation. "Aunt, I haven't recovered to my peak state yet. The battle of Xuandu is extremely important. What's important

isn't how to kill Heaven Duke, but how to divide the benefits. If I don't go, I won't be able to obtain any benefits and will only help Ancestral God King! Ancestral God King is obstinate. Once he gains power, he will force us to submit to him!"

"Therefore, you will definitely go to the Battle of Xuandu."

That woman was none other than Tai Su. Because Celestial Venerable Hao was thinking about Mistress Yuanmu, he transformed into her appearance and said gently, "If you want to raise your abilities and recover to your peak state, your primordial spirit will still be trapped in the Grand Emperor's Great Overarching Consciousness Heaven divine art. This is the best time for you to escape. Even if you get a portion of Heaven Duke's magic power, you can use it to break open the Great Overarching Consciousness Heaven."

"Aunt, please grant my wish!" Celestial Venerable Hao said solemnly.

Goddess Tai Su had a loving smile on her face that was full of motherly power. She smiled and said, "Beg me, you know the rules."

Celestial Venerable Hao knelt down and kowtowed to her fervently. He kissed her toes, but his gaze was extremely calm.

Goddess Tai Su smiled and said, "If you beg me, I will naturally agree to it. Don't worry, I will go with you. I will bring my supreme treasure with me and guarantee that you will obtain the greatest benefits. Because the stronger you are, the happier I will be..."

Chapter 1430: Bright Moon Over River

On the celestial river, Qin Mu, Butcher, Tian Shu, and the rest sat on a fast ship, and the cabin was filled with fine wine. Heavenly King Tian Shu scratched his ears and cheeks in anxiety. He wanted to open a jar and drink to his heart's content from time to time, butcher used the knife to smack his hand away.

"Drink sparingly."

Luo Wushuang said coldly, "You are as timid as a mouse. You only have this ship of wine, and you still have to wait until you meet Celestial Venerable to

boost your courage. If you drink all of it on the way, you will only be scared witless when you face Celestial Venerable."

Heavenly King Tian Shu sneered and said, "Would I be scared out of my wits? That's right, I would be scared out of my wits! Luo Wushuang, when facing a Celestial Venerable, can you not be scared?"

Luo Wushuang looked at his divine knife and said indifferently, "No. Ever since I broke the god in my heart, no matter who stands in front of me, they can't stop me from striking."

Tian Shu grunted and said, "After drinking, I'm the same."

Zhe Huali sat on the side of the ship and looked at Qin Mu. He suddenly smiled and said, "Cult Master Qin, what realm are you in now? I realized that after you went to the celestial heavens, you didn't achieve anything. However, your cultivation has become much more profound."

"Nine Hells Stage."

Qin Mu thought about it and said, "It's roughly equivalent to your Jade Capital Realm. However, I have five more realms than you guys."

Everyone couldn't help becoming curious and went forward to ask. Qin Mu explained, "From the beginning to the end, I only had one realm, and that was the Spirit Embryo Divine Treasure Realm. My Spirit Embryo Divine Treasure Realm is divided into two realms. One is the Dao Realm, which is the system of the thirty-six layers of Heavenly Dao Realm. The other is the Great Ancestral Hall Realm. The Dao Realm and the Great Ancestral Hall Realm are actually intertwined. As the realm of cultivation increases, the Dao Realm also increases."

"The Great Ancestral Court Realm is divided into the Celestial Heavens Realm and the Five Great Realms. Among them, the Celestial Heavens Realm is the system of the celestial heavens that you guys cultivate. It's just that my Celestial Heavens Realm is different. I've developed the Nine Hells Stage Realm, which is one realm higher than yours."

"However, I still haven't figured out how the Jade Capital Realm in the ancestral court is divided. I have yet to see the Jade Capital Realm of the ancestral court. Whether the Jade Capital Realm contains Numinous Sky and Emperor's Throne is also unknown."

"As for the five great realms, I'm still trying to figure it out. I have already cultivated the initial four great realms and comprehended a few divine arts. I have also comprehended how many heavens of the Dao Realm there are, but I'm not sure if I can form five different realms."

Qin Mu muttered to himself for a moment and said, "That's about it."

The other four people were already dumbfounded and couldn't say anything for a long time. Zhe Huali stuttered, "You comprehended this in the ancestral court?"

Qin Mu said with a smile, "If you guys go to the ancestral court, you will have to go to the four great heavenly gates of the ancestral court, the Jade Pool Stage, and the Nine Hells Stage. If the five of us work together, we can reach the thirty heavens of the Dao Realm. However, when we split up, everyone's Dao Realm isn't high. The highest is still me, the twenty-six heavens of the Dao Realm. If you guys can walk through these places, you will probably be able to catch up to me."

He paused for a moment and added, "It will still be slightly inferior, but not by much."

Zhe Huali rubbed his hands in excitement and said, "If I can come back from Xuandu alive, I will definitely go!"

"Bah, great luck!"

Tian Shu spat out a few mouthfuls of saliva and said, "Children's words carry no harm, stop these inauspicious words."

Qin Mu revealed a confident smile and said, "This time, in order to protect ourselves, the Heavenly Dao only disappeared into Xuandu. The Heavenly Dao can feel our Dao hearts, and with the support of the Heavenly Dao, our abilities will rise another step. It's not impossible for us to survive! With the help of Founding Emperor, Lang Lang, Celestial Venerable Yue, and Celestial Venerable You, the danger will definitely be reduced to..."

Before he could say another word, Qin Mu looked forward with a blank gaze.

Everyone hurriedly looked forward and saw a middle-aged man with a sword on his waist walking towards them along the celestial river. It was Founding Emperor Qin Ye.

Founding Emperor came to the front of the ship and stopped. Butcher and the rest immediately greeted him while Tian Shu hid in the hold of the ship, not daring to show his face.

Qin Mu hurriedly stopped the boat and stretched out half of his body to ask, "Why are you here instead of going to Xuandu?"

Founding Emperor's expression was calm, and he said leisurely, "You asked me to come to the ancestral court to comprehend the Dao Realm and help me break through to the Ultimate Void, so I'm here."

Qin Mu said angrily, "At this time, you should be preparing to go to Xuandu and not the ancestral court! What did you do earlier?"

Tian Shu's face turned ashen when he heard that. In this world, only Qin Mu would dare to speak to Founding Emperor like that. Ever since Founding Emperor created a few Celestial Venerables at the Heaven Alliance Meeting, even the ten Celestial Venerables had to be polite to him.

Founding Emperor didn't mind and said, "The ten Celestial Venerables were all here earlier, so I didn't have a chance. Now that they are rushing to Xuandu, I have a chance to visit the ancestral court."

Qin Mu was about to say something when Founding Emperor continued, "It will take some time to travel from the celestial river to Xuandu. I can go after comprehending the ancestral court, but I can still make it. You guys hold on for now."

Qin Mu gritted his teeth and watched him walk towards the ancestral court.

"Qin Ye, remember to collect my corpse!" he shouted at Founding Emperor's back.

"Alright," Founding Emperor said indifferently.

Qin Mu took off his shoes and threw them at Founding Emperor. Founding Emperor tilted his head, and the shoes missed. They flew back and automatically covered Qin Mu's feet.

"Hold on, go to the ancestral court and do something for me!"

Qin Mu put on his shoes, and his consciousness rippled into Founding Emperor's mind. He told him about the incident, and Founding Emperor stopped in his tracks. He turned his head and said, "It's a little difficult."

Qin Mu asked solemnly, "Can it be half?"

"I can try." He left.

Qin Mu snorted and said solemnly, "Let's go!"

Everyone looked at each other in dismay, and Tian Shu also popped his head out from the hold of the ship. "How?"

Qin Mu gritted his teeth. "Use your head to block!"

Tian Shu immediately shrunk his head back.

The cheerful atmosphere on the ship vanished without a trace, and everyone was breathing heavily. Butcher took a sip of the celestial river water and sharpened his knife beside the ship. He said with a smile, "Founding Emperor raised his sword path to the extent of thirty-five heavens, yet we could only raise it to the extent of thirty heavens. Could it be that the path of the knife is inferior to the path of the sword? Everyone, it's up to you!"

Even though they said that, they still couldn't feel at ease. At this moment, fine zither notes came from the front, and the rhythm of the zither was beautiful and moving, causing the celestial river to dance along with it.

Qin Mu rose into the sky and looked forward. He saw that the vast and mighty celestial river was like a jumping musical note with hidden killing intent. The waves that leaped up with the melody had strange divine arts that were compatible with the river water. When they encountered a ship, they would kill their way out, causing the surface of the celestial river to hide killing intent.

"It's Celestial Venerable Yue's zither notes!"

Qin Mu looked into the distance and saw the army of gods and devils pushing out divine weapons and four deities to suppress the celestial river, preventing Celestial Venerable Yue's zither notes from unleashing their power.

Among the army of gods and devils of the celestial heavens, a Celestial Venerable suddenly flew up and attacked Celestial Venerable Yue. That

Celestial Venerable was tall and sturdy, and his muscles were like rocks. He had a curly beard and was extremely formidable. It was Celestial Venerable Shi Qiluo.

The two Celestial Venerables fought as they flew around the celestial river, slowing down the footsteps of the gods and devils of the celestial heavens.

"I see. Founding Emperor wanted Celestial Venerable Yue to slow down the pace of the celestial heavens, giving him enough time to comprehend the Jade Pool of the Four Heavenly Gates of the ancestral court." Qin Mu suddenly understood.

Only Celestial Venerable Yue could slow down the speed of the celestial heavens. Her space divine art could come and go, so it was extremely difficult to trap her.

Qin Mu was at ease, and the fast ship quickly caught up to the army of gods and devils.
