

## Tales of Herding Gods Chapter 791-795

### Chapter 791: Dao One

'Dao One? Dao Two? Dao Twenty-Three?'

Thoughts flashed past Qin Mu's head like a spark. The Dao One and Dao Two that Yan Qiling had mentioned seemed to be serial numbers for all kinds of Great Dao. It was extremely weird.

And this kind of serial number should be corresponding to the types of Great Dao, for example, Martial Dao's Dao One, Sword Dao's Dao One, Youdu's Dao Twenty-Three, Xuandu's Dao Two.

However, what puzzled Qin Mu was that Xuandu's Dao Two was actually the Great Dao of Heavenly Fire, it was a divine art he had constructed with the Great Dao of Heavenly Fire.

Since the Great Dao of Heavenly Fire had turned into Dao Two in Yan Qiling's terms, how many kinds of Great Dao were there exactly?

Who would serialize these divine arts of these Great Dao?

Yan Qiling was so young, so how did she know so much?

The Dao One she had said just now was the Dao One of which Great Dao then?

Right at this moment, he suddenly felt an incomparably dangerous pulse from the other side of the mountain. The divine art that Yan Qiling was using was very unfamiliar to him. It was an unfamiliar Great Dao, an unfamiliar divine art, and yet there was an imposing and upright atmosphere!

'It's not from Youdu system, it's also not from Xuandu system, and it shouldn't be Yuandu's divine art system either!'

Qin Mu immediately made his decision. With his index and middle fingers together, the sword pellet he had stabbed out flew back and attacked Yan Qiling, who was on the other side of the mountain.

He couldn't see Yan Qiling, but he could sense her location through her breath.

He moved quickly, and his clothes fluttered in the wind. When his sword fingers stabbed out, it would be Stab Sword Form, and when his fingers flicked upwards, it would be Flick Sword Form. When his arm didn't move, and his wrist draws a circle, it would be Wave Sword Form. Sword Finger slashing horizontally would be Cleave Sword Form, and slashing down vertically would be Hack Sword Form!

All seventeen basic sword skills were executed by him.

He couldn't see Yan Qiling, but he executed every strike with utmost concentration. He was gathering all of his essence, qi, and spirit.

Sword skills were his strongest abilities, and offense was the best defense. By threatening the enemy, he could force the enemy to be unable to execute the goal of using her full power.

On the other side of the mountains, Yan Qiling danced gracefully to avoid sword light after sword light. Suddenly, her divine art burst forth and came bombarding through the mountain!

Across the mountains, Qin Mu couldn't see what divine art she had executed. He could only feel the Dao charm that was unrivaled. He could only hear resounding Dao voices as though there were countless ancient gods.

An incomparably majestic and vast ancient celestial heavens appeared in front of his eyes. On the stars in the sky, there stood three hundred and sixty star gods, seventy earthly fiend gods, thirty-six heavenly spirit gods, five-element gods, a sun god, and a moon god. They formed an inescapable net.

He could even faintly 'see' a giant of light standing above the gods. That was Heaven Duke!

Yet he could also sense the mountains and rivers, and the dragons and phoenixes dancing in the sky. The ancient gods stood upright and surrounded a verdant and thick Primordial Spirit that supported both heaven and earth. They were gathered around an imposing goddess under the Primordial Tree!

That was Mother Earth.

And under the ground, where the darkness laid, horns of nine bends transformed into Yellow Springs to flow downwards. The gigantic bull-head, tiger-face, and human body existence had formed Youdu.

That was Earth Count.

He could even 'see' the four deities of the four directions, Black Tortoise, Vermillion Bird, Green Dragon, and White Tiger.

The most terrifying thing was that Qin Mu saw an incomparably ancient celestial heavens and a blurry emperor sitting inside the Numinous Sky Hall, ruling over the ancient celestial heavens.

His naked eye couldn't see Yan Qiling's location, and he couldn't see Yan Qiling's divine art, yet according to Yan Qiling's breath, he could sense such a terrifying and imposing sight!

That was the vision of Dao being mobilized. The star gods represented the different Great Dao of Starforce while the sun, the moon, the five elements, and the four deities also represented different Great Dao.

In addition, Yuandu's Mother Earth, Xuandu's Heaven Duke, and Youdu's Earth Count also represented each of their system of Great Dao.

"The reason why there are these visions is that Yan Qiling has included all of these Great Dao into her divine art, transforming them into a complete system and fusing them into a divine art.

"Dao One isn't Youdu's Dao One or Xuandu's Dao One, it's the Dao One of all the Great Dao!"

Qin Mu came to realization and shifted his feet. His body shook as he revealed his three heads and six arms.

“Eyaaa—”

His three heads opened their mouths wide and roared furiously. The ribbon used to bind his hair exploded, and his hair rushed upwards. Overlord Body Three Elixir Technique was raised to the extreme by him in an instant!

Qin Mu was like a god, and in front of him, that huge mountain was already flaking and cracking under Yan Qiling’s divine art. Huge mountain rocks were like lava that had poured out from the ground, and in the next instant, countless rocks were vibrated into powder!

This huge mountain started to sink down but not into the ground. Instead, it was because the bottom of the mountain had completely shattered and couldn’t support a huge body anymore.

Yet no matter how much the mountain sank, the body of the mountain was shattered into pieces by that terrifying power instantly.

One-third of the mountain peak was gone in that split second!

The power from Yan Qiling’s divine art didn’t seem to weaken, and it came over majestically from the other side of the mountain. With unmatched crushing momentum, it pressed down on Qin Mu.

Among the dust that had saturated the sky, Qin Mu seemed to see the ancient Celestial Emperor stretching out his hand to smack him.

The dust shrouded him, and he couldn’t see anything except for the hand coming to smack him!

“Yan Qiling, I know your origin now!”

Qin Mu shouted forcefully. With his hands controlling his sword, his sword fingers changed rapidly to execute countless sword moves. At the same time, his other four arms became incomparably thick. With muscles bulging and blood vessels popping out like green dragons under his skin, he threw countless punches in an instant, and every strike was to his fullest strength. He released that terrifying power of destruction in his corporeal body to his heart’s content!

Return of Thousand Palms Beyond the Strange Peaks of Heavens!

His great divine art of the Martial Dao burst forth at this moment, facing the huge hand of the ancient Celestial Emperor head-on. Yet it was completely crushed by that unmatched power straight after.

The Martial Dao that Martial Arts Heavenly Teacher had founded was completely useless against this palm that was filled with boundless celestial might.

Qin Mu got blown backward, and the Gate of Heaven Influence appeared behind him. Youdu devil qi poured furiously into the vertical eye in the heart of his brows. His third eye opened up, and the beam of light that could eradicate all corporeal bodies and souls shot out. Black marks appeared in the sky.

Yet he still couldn't block down that palm.

The Dao voice from Qin Mu's mouth vibrated, and his arms flailed around. Countless magnetism runes soared up to form a galaxy which he pushed forward with his four arms. In the incomparably violent vibration, his four arms burst apart. Flesh, blood, and bones flew in all directions.

He got blown away by the unmatched power and flew back at an extremely fast speed. His body got stretched thin.

Qin Mu coughed up blood from his three mouths, and the four arms that had broken off grew back rapidly. He flipped his palm several times in an instant and pressed down towards the huge hand that was pressing down on him.

Countless prisms of heavenly fire exploded, and in that explosion, terrifying impact poured out in all directions. The heavenly fire that came spewing out swept along the ground like a flood in a radius of several hundred miles, bathing the land of several hundred miles in blazing flames!

And when the heavenly fire exploded, it raised a whirlwind which brought the flames even further and ignited the forest. The radius of a thousand miles sank into a sea of flames.

Boom!

With the huge hand pressing down, Qin Mu was covered by the palm, and in that instant, Qin Mu was still executing his teleportation divine art. Countless teleportation divine arts swirled around him, but they were later destroyed by the grand celestial might.

His teleportation divine art was broken right away.

The huge hand swept down, and the mountains in the heavenly fire shook. The impact in the next instant was so astonishing that even the heavenly fire that was inextinguishable had its internal structure completely decimated. The fire extinguished completely.

Kacha, kacha, the ground vibrated as gorges stretched out in all directions. It was a shocking sight.

Meanwhile, the mountain separating Qin Mu and Yan Qiling had almost been completely destroyed under the power of this divine art. In the rolling clouds of dust, Yan Qiling's grunt sounded out.

When the Dao One of this girl burst forth, the other two hands of Qin Mu had always been executed sword skills. From the seventeenth sword form to the eighteenth sword form, Qin Mu used a peculiar sword skill to slash into her protection circle and the eighteenth sword form transformed into the nineteenth sword form.

The second move of Calamity Sword — the nineteenth sword form, Raising Calamity — burst forth, and Yan Qiling's body movement was sometimes like an astonished swan, a swimming dragon, and even a phoenix spreading its wings. It was truly marvelous and made others unable to determine her location.

And yet, the nineteenth sword form was a move that Qin Mu had created to take revenge for Celestial Venerable Yu. Countless sword lights surrounded that girl and danced up and down. Every transformation was a calamity, and either she had to respond to the calamity, or she had to avoid it.

Yet, the more she avoid, the more the calamity would grow!

Those dancing swords had cut off all retreat, forcing her to have no choice but to respond!

When her huge hand had covered Qin Mu, Yan Qiling had also executed her body movement to the extreme. She got hit by all the swords, and several thousand swords stabbed into her body at the same time.

Yan Qiling was like a huge porcupine nailed in the air. Blood flowed out from the corner of her mouth as several flying swords had also stabbed into her mouth. Only the hilts were left outside.

This girl shivered from the pain and suddenly, the flying swords dropped out from her body. The wounds on her body sealed up in case she lost too much blood.

When all of the flying swords were plucked out, this girl coughed up blood, but the blood wasn't red, it was gold and even had sunlight rising from the blood.

"I know your origin now..."

Yan Qiling coughed up blood repeatedly and held onto her knees. She raised her head to look over at Qin Mu.

She was gasping for breath, and beside her were flying swords that had scattered everywhere. She said with a low voice, "I also know why you must protect Celestial Venerable Yu now, I'm sorry, I shouldn't have used so much strength..."

"Cough, cough, cough!"

Suddenly, violent coughings came from the air filled with dust. Yan Qiling's pupils contracted as she looked towards the sound to see a figure standing up shakily.

That figure was extremely miserable. Only one arm remained from the six, and his three heads were all bent at peculiar angles. Huge chunks seemed to be missing from each and every head.

The chest of that figure seemed to have rotted away, and his backbone seemed to be twisted, yet he was walking step by step over to her.

As that figure walked, there still seemed to be flesh falling off his body.

The corners of Yan Qiling's eyes twitched. The falling flesh meant that Qin Mu had been beaten up miserably, but she still saw flesh growing on his body. He was repairing himself!

"Crimson Emperor Light Emperor's Dao One..."

Yan Qiling straightened her back and moved back. "Cult Master Qin, stop! You and I aren't enemies, Celestial Venerable Yu can also continue to be under your care, we don't have to fight to the death! I already know who you are..."

Whrrng, whrrng, whrrng.

The flying swords on the ground trembled, and Yan Qiling's scalp crawled. She endured the pain to move backward. "Stop! Celestial Venerable Mu, it's not that I'm afraid of you!"

## **Chapter 792: I Don't Care**

Qin Mu walked over shakily and every step was excruciating, causing his body and face to contort. Fresh blood flowed down his legs and filled his footprints with blood.

Yet as he walked forward continuously, his footsteps gradually became more and more stable.

Kacha, kacha. Sounds of bones displacing rang out. Qin Mu's broken neck started to reconstruct themselves and his strangely twisted heads started to recover.

His broken bones were planted and grew back out again while the flesh on his wound squirmed to continuously grow outwards, growing out arm after arm.

Flying swords on the ground also flew up one after another, slowly increasing in numbers.

Yan Qiling's hair stood on ends. She had never seen a divine arts practitioner with such astonishing recovery. If it was a god skilled in the art of creation or a half-god from some powerful race, they might still be able to just do it.

Yet it was impossible for a divine arts practitioner to have such strong comprehension on the art of creation.

This was literally an undying body!

The great divine art she had executed earlier was enough to wipe out Qin Mu and yet Qin Mu had relied on that perverted recovery to endure all of the pain, recovering as he walked.

Yan Qiling could even see countless small runes dancing up and down his wounds and they were like incomparably fine needle and thread weaving in and out to allow the wound on his body to grow. Dead skin was shed, dead flesh was relaxed and broken bones were ejected out.

Her divine art gave Qin Mu not only injuries on the corporeal body, but also on the primordial spirit. After withstanding that move, Qin Mu's primordial spirit was all tattered and yet Qin Mu's art of creation could also repair his primordial spirit!

Crimson Light Era has astonishing achievements in the art of creation. Crimson Emperor and Light Emperor was skilled in the primordial spirit and skilled in the corporeal body respectively and when both of their techniques were combined, it was the highest standard in the art of creation.

An undying body and an indestructible primordial spirit!

Qin Mu still had a distance away from the highest standard but he was already not far away!

Yan Qiling mobilized her vital qi forcefully and she suddenly grunted. She had several thousand wounds on her entire body and even though she had suppressed them and forced them shut, the wounds still had yet to recover. By forcefully using her vital qi, her wounds had nearly exploded open.

Moreover, she already has not much vital qi she could use.

That great divine art was the great divine art of Dao One. It had immense power but the consumption was also terrifying. More than half of vital qi had been exhausted and the remaining small portion still had to be used to suppress her injuries. She was slightly finding it difficult to cope.

However, what made her slightly at ease was that the flying swords that had risen from the ground weren't much. It was obvious Qin Mu's exhaustion was great as well.

Under the power of her great divine art, even though Qin Mu managed to protect his life, he had lost more than half of his vital qi and even more than she did.

And to be to achieve an undying corporeal body and an indestructible primordial spirit also required an extreme amount of vital qi. Qin Mu's vital qi might not be as dense as hers now.

"Celestial Venerable Mu, you said you know my origin so you should understand we don't have to fight to the death."

Yan Qiling continued to move back and she quickly took out a jade bottle. She consumed the spirit pills inside and tried her best to repair the damages to her body. "I also admire Celestial Venerable Mu very much and I know that Celestial Venerable Mu had shaken the world during that battle in Jade Pool during the ancient era. However, don't you forget who had given you the title of Celestial Venerable Mu..."

"The title of Celestial Venerable Mu? Do I care?"

Qin Mu's voice suddenly exploded. When he said the first word, he was still three hundred yards away from Yan Qiling and when he said the third word, he had already come to her face.

His speed was indeed inferior to before and even though he had the art of creation of Crimson Emperor and Light Emperor, he was still heavily injured.

That great divine art of Yan Qiling had caused massive damage to him and already damaged his divine treasures!

Not only that, he could even feel that the function of his corporeal body was also limited. This was because his exhaustion was too great and even though he had the strongest art of creation from Crimson Light Era, he was helpless if his cultivation couldn't catch up.

However, Yan Qiling's injuries were also extremely heavy. From the first sword form to the nineteenth sword form, the damage that Raising Calamity Sword was the first she had experienced in her life.

Qin Mu's fist smashed towards her and that fist was tattered. There was not a piece of intact flesh and even the white finger bones could be seen.

"Do I care?"

His voice boomed like thunder.

Yan Qiling raised her hand and magnetism runes burst forth. Magnetic force instantly pressed down on Qin Mu.

She couldn't use my cultivation now and it wasn't wise to fight head-on with Qin Mu. Using magnetism divine art was her best choice.

Magnetism divine art could allow Qin Mu to feel his corporeal body becoming as heavy as a mountain. Any punch and kick would be affected and his accuracy would be affected. Even his attack would be pulled to the ground.

However, what was out of her expectation was that Qin Mu had still punched over. He was not affected by the magnetic force at all.

'Dao Seven of Yuandu is ineffective to him? That's right, his corporeal body is too strong, my great divine art just now didn't even smack him to death!'

Yan Qiling was astonished and he raised his hand to block this punch from Qin Mu. Suddenly, the other five fists came smashing over like a tempest.

Yan Qiling blocked with all her life yet Qin Mu's three heads and six heads overwhelmed her. She got punched a hundred times and fell backward. Her wounds all opened up in midair and she was like a ball that was filled with water turning into a net, leaking blood from everywhere.

Yan Qiling hurriedly sealed her wounds and Qin Mu suddenly squatted. With a leap, he raised his six arms high up and cupped his hands. He appeared above her.

"Youdu's Dao Three"

Yan Qiling hurriedly executed her divine art and a membrane of darkness opened up in front of her. Qin Mu's figure sank into that membrane of darkness that had no thickness at all and vanished without a trace. He was sent into Youdu by her.

Before Yan Qiling could even let out a sigh of relief, Qin Mu's feet appeared under that membrane of darkness and his cupped fists smashed down ruthlessly on her chest.

One strike, two strikes, three strikes!

Yan Qiling heard her ribs cracking and with a loud bang, she smashed into the ground and made a huge hole.

'I can't go on like this, I'll be beaten to death!'

She laid in the pit and she forcefully raised her remaining vital qi to blow open her own Life and Death Divine Treasure. "I can't continue to suppress my cultivation, I need to break through my Life and Death Divine Treasure in order to stop him!"

Breaking through Life and Death Realm, she instantly felt a kind of power that passes through life and death flooding over. This power flooded throughout her entire body and the berserk magic power surged to sweep away her earlier decrepitness.

Even though she still hadn't recovered back to her peak, she didn't have to be scared of Qin Mu with the magic power of Life and Death Divine Treasure now.

Yan Qiling was overjoyed and raised her head to see Qin Mu falling from midair. His body was horizontal to the ground yet he was rolling furiously in midair as though he was a top being pulled by a string as he fell!

"What is this move?"

Yan Qiling suppressed all the wounds on her body and she suddenly came to a realization. 'It's a sword move! The eighteenth form of basic sword skills! Crap!'

She hurriedly retreated and jumped out the huge pit, only to see Qin Mu rolling horizontal to the ground towards her. What welcomed her was several hundred spinning and slicing flying swords!

Yan Qiling crossed her hands and magnetic divine knives appeared. Two knives took turns and blocked down the eighteenth sword form. Endless sounds of collision rang out.

Both of them fought speed with speed and their speed was overwhelming. Yan Qiling lost the first opportunity and got forced back continuously.

'He can still use Sword Eighteen? His vital qi should be extremely weak so how could he use a move that consumes so much vital qi?'

Just as she thought until here, she suddenly saw that Earth Aeon Dao Fruit in the halo behind Qin Mu's head and she understood. "The energy inside Mother Earth's Earth Aeon Dao Fruit is immense, he is refining the energy inside the Dao fruit into his cultivation!"

Suddenly, Qin Mu stopped rolling and he landed on the ground on his feet. Grasping a mudra in his hand, he struck out.

'Xuandu's Dao Two!'

Yan Qiling's felt a shiver down her spine and immediately tossed the two magnetic divine knives in her hands. The two divine knives were as fast as lightning, interweaving in the air to form layers of magnetic walls to protect her.

Boom—

Heavenly fire burst forth and the terrifying power destroyed walls after walls. It broke through a hundred layers and finally stopped at the last layer.

Yan Qiling let out a sigh of relief and suddenly, bright knife light shone out from the last wall. With six arms raised up high, flying swords came soaring over. There were only several hundred flying swords just now and now there were over two thousand flying swords gathered in his six palms. They transformed into a divine knife.

Chii.

The last magnetic wall was sliced apart by a knife and Qin Mu's six arms opened up. That divine knife split into six and in front of Yan Qiling's eyes were just vertical and horizontal knife lights!

Every Cloud Has A Silver Lining!

Golden colored blood spurting out and Yan Qiling was almost diced into dozens of chunks. She hurriedly moved back and said sternly, "Celestial Venerable Mu, you don't want your title anymore?"

The wounds on Qin Mu's corporeal body had basically healed and he could sprint as fast as thunder. Every time his feet landed on the ground, the ground would explode and he would leave behind a series of thunderclaps. He sneered and said, "What do I want it for? If he has the guts to, get him to take it back personally!"

Yan Qiling was furious. She forcefully mobilized her vital qi and let her wounds open up again. "How dare you be disrespectful, now you can't blame me! Dao One!"

She forcefully executed this great divine art and terrifying waves swept over again. The apparition of the ancient celestial heavens appeared around him. There were thousands of palaces and halls, Jade Capital was deep, the city walls were high and the celestial river flowed.

The apparitions of the star gods appeared to form an inescapable net. On the celestial river, Celestial River Navy was controlling fleets. In the sky, the sun and the moon hung high up.

Under the celestial heavens was Yuandu where Primordial Tree and Mother Earth was gradually forming. Above the inescapable net, Xuandu and Heaven Duke were also gradually forming. Below Yuandu, Youdu and Earth Count was also gradually taking shape!

At this moment, Qin Mu had already stepped into the celestial heavens and barged through Southern Heavenly Gate. He punched through this gate and in the next instant, he stepped on the celestial river to rush straight for Jade Pool, leaping across the Jade Sea!

Boom!

He had already shattered the city gate of Jade Capital City and wherever he passed by, the apparitions of palaces would be shattered into pieces. Broken tiles and shattered bricks would fly in all directions.

In the apparition of Numinous Sky Hall, Yan Qiling was standing in front of the Emperor's Throne. Qin Mu had come too fast, so fast that he didn't seem like an injured person. Before she could even complete her divine art, she already saw Qin Mu bashing his way into Numinous Sky Hall.

'His cultivation has recovered? That's not it, he has entered Life and Death Realm!'

Yan Qiling felt her hair standing on ends. Numinous Sky Hall suddenly trembled as Qin Mu's fist smashed the apparition of this supreme and sacred hall into pieces.

In the next instant, his fist pressed down on Yan Qiling's beautiful face and immense power burst forth.

Both of their figures flashed through the ancient celestial heavens that were in destruction. A mountain dozens of miles away suddenly exploded and rocks flew in all directions. The flying rocks curved in midair and landed after a long time.

Next, a deafening boom rang out and only then did the apparition of the ancient celestial heavens vanish.

Yan Qiling's body kept transforming as she tumbled on the ground, crushing countless trees and rocks. She only stopped after sliding dozens of miles, laying on the spot motionlessly.

A foot without shoes appeared beside her and another foot came landing down. Qin Mu stood in front of her.

"I don't care about the title of Celestial Venerable Mu that Old Man Celestial Emperor had conferred on me."

Qin Mu spat out a mouth of bloody phlegm. "I've fought for the title of Celestial Venerable Mu with my own fists, it isn't conferred by Old Man Celestial Emperor!"

Mouthful of gold blood flowed out of Yan Qiling's mouth as she looked at him with lifeless eyes.

Qin Mu raised one of his arms that were still regenerating and spread his five fingers apart. Sounds of swords came breaking through the air.

Flying swords suddenly landed in his hands and the sounds of collision rang out endlessly. The other flying swords collided with this flying sword and they started to fuse. The speed was so fast that only afterimages could be seen.

Qin Mu pointed the tip of the sword downwards and lifted up Yan Qiling's chin. He raised a hand to wipe off the blood from the corner of her lips and asked with a smirk, "Where's Celestial Venerable Yu?"

Yan Qiling swallowed the blood in her mouth and croaked. "Bring them up."

“Cult Master, we are here!” the dragon qilin’s shivering voice rang out.

Qin Mu looked towards the source of the voice and he saw those women that were following Yan Qiling escorting Celestial Venerable Yu, Gongsun Yan and the rest over. The dragon qilin hung his head down dejectedly. “Cult Master, we didn’t manage to get far before we were caught...”

“I know.”

Qin Mu said indifferently, “You guys were to lure them away and only then would it be easy for me to seize this girl in return for you guys. This is to lure the tigers away from the mountain.”

The dragon qilin was dumbfounded and cried out, “Cult Master, you mean your intention wasn’t to attract the attention of these women and let us escape first?”

Qin Mu was astonished and he scratched his head. He then replied with a curious coincidence, “That’s right Fatty Dragon, that was my intention. You have understood well, en, very good...”

### **Chapter 793: Haze of Doubts and Suspicions in Dragon Han**

The dragon qilin looked suspiciously at him, and a sour feeling suddenly filled his heart. He felt a pang of sorrow and whimpered, “Cult Master, you are lying to me. I thought you were sacrificing for our sakes, to protect us and let us escape. Yet you treated us as bait to let us lure these maidens away...”

Qin Mu immediately came to a decision. “I’ll give you extra food.”

The dragon qilin immediately stopped his sorrowful whimpers and said to Celestial Venerable Yu and Gongsun Yan, who were still in a daze, “Cult Master is wise and strong, using such a distraction to seize this young lady in order to exchange for our safety. Such a brilliant move.”

The water qilin rolled his eyes and thought to himself, ‘This guy’s technique in shamelessness is far superior to mine. Just two to three words allowed him to gain benefits for his meal, he’s truly the epitome of shamelessness. Come to speak of it, what is that scripture of his called? I need to please him so that I can borrow it to study. In that way, I can also gain some more food...’

He had gotten injured trying to protect Celestial Venerable Yu, but the one with the heaviest injuries was still Gongsun Yan.

This girl got beaten up miserably, and that horsetail whisk was even seized by Yan Qiling’s maids.

Yan Qiling’s maids had powerful cultivation, and one of them was on the Numinous Sky Realm, while the others were on the Jade Capital Realm. Even though Gongsun Yan was a true god, a half-god born from the core of an Earth Aeon Dao Fruit, she couldn’t unleash much power with the Six Directions Origin Sword that she was wielding.

After a bitter fight, she was still injured and captured. The small sapling in the halo behind her head was also wrinkled and lifeless from the beatings.

When Qin Mu saw that everyone wasn't in much trouble, only then was he at ease. "Senior Sister Yan, now our situation is very clear. You are now in my hands, so what should we do?"

Yan Qiling tried her best to suppress her injuries, and her breath was weak. She said with difficulty, "Release them."

Those few women hesitated for a moment, but they still heeded her instructions to release Celestial Venerable Yu and the rest.

Yan Qiling's eyes were swollen until they were just lines, and her earlier beauty could no longer be seen. She said with a soft voice, "How's this, Celestial Venerable Mu?"

Qin Mu stuffed several spirit pills into her mouth and said, "This is healing medicine, don't worry, there's no poison."

Yan Qiling held the spirit pills in her mouth and didn't dare to swallow them.

Qin Mu said with a smile, "Eat them, I have things to ask you."

Yan Qiling kept her mouth shut.

Suddenly, Qin Mu pressed her throat, and Yan Qiling swallowed the pills with a gulp. Beads of cold sweat started to roll down her forehead and back.

Yet when these few spirit pills landed in her stomach, she could immediately feel all of the wounds on her body itching. Her wounds were slowly closing.

"These spirit pills are made from Fatty Dragon's drool and mixed with several herbs. One of these usually goes for ten thousand great abundance coins during normal times," Qin Mu said with a smile.

The dragon qilin was extremely nervous, and he whispered, "Cult Master, it's dragon saliva! Dragon saliva! If you say it's my drool, no one is going to be willing to buy."

Yan Qiling gave a grunt and her wounds no longer bled. She got some cultivation back, and she asked weakly, "What do you want to ask?"

"Pass the Six Directions Origin Sword back first," said Qin Mu.

Yan Qiling looked at those girls and said, "Return the horsetail whisk to him!"

One of the women came up with the horsetail whisk, and Celestial Venerable Yu hurriedly said, "Pass it to me!"

That woman hesitated and handed it over to Celestial Venerable Yu. Celestial Venerable Yu carried up the horsetail whisk and handed it over to Qin Mu before saying softly, "Brother, these few women are very strong, I'm afraid she will take the chance to attack."

Qin Mu kept the horsetail whisk and praised him, saying, "You did very well, brother."

“So you are from the extraterritorial celestial heavens?”

He turned to look at Yan Qiling and asked in concern, “Is Celestial Emperor still doing fine?”

Yan Qiling said coldly, “The extraterritorial celestial heavens is merely a celestial heavens created by rebels and traitors, how do they deserve me to pledge loyalty to them? You are wrong, I’m not in the least related to the extraterritorial celestial heavens. I never expected the Celestial Venerable Mu that had shaken the world back there was actually a person from this era. If Celestial Emperor knew about this, he would definitely be extremely shocked as well. I’m very curious, how did Celestial Venerable Mu travel back a million years into the past? And the Celestial Venerable Qin that had traveled with you, was he the young Founding Emperor?”

Qin Mu said with a smile, “I’m asking you yet here you are trying to get information from me, big sister, how mischievous. About the Dao One, Dao Twenty-Two that you spoke of earlier, how are they being classified?”

Yan Qiling’s expression softened slightly, and she said, “The Great Dao under the world can be separated according to affiliations, Yuandu has thirty-six Dao, the first kind of Dao is Dao One, the second kind of Dao is Dao Two, so on and so forth. Youdu has sixty-four Great Dao, Xuandu has seventy-two Great Dao, there are three hundred and sixty Great Dao of the constellations. These Dao all have their own serial number. When one executes a divine art, which logic of which Great Dao means it’s a divine art belonging to that kind of Great Dao. For example, if you execute the heavenly fire, it belongs to Xuandu’s Dao Two.”

Qin Mu muttered and pondered, “This kind of classification method reminds me of the Dao Sect... Do you know a sloppy Daoist?”

“You are talking about Dao Ancestor of the Dao Sect?”

Yan Qiling shook her head and said, “I’ve heard of him, but I’ve never met him.”

Qin Mu carefully observed her expression and continued to ask, “Have you met Dao Ancestor of the Dao Sect before?”

Yan Qiling said, “I have not... I’ve met Dao Ancestor of the Dao Sect before! What did you make me eat?”

She revealed a look of terror, and her consciousness didn’t seem to be controlled by her. She clearly wanted to say she didn’t meet Dao Ancestor of the Dao Sect before, yet when Qin Mu asked a second time, she couldn’t help telling the truth.

“Fatty Dragon’s drool.”

Qin Mu said pleasantly, “With some additional herbs, it’s a sacred healing medicine. However, there’s a flaw with this kind of spirit pill, and that is that it will affect one’s consciousness. The consciousness of the one that consumes it will involuntarily go along with other people. If paired with some divine arts of the devil path from Youdu, it can affect the soul of the consumer. It’s not bad for interrogation. Is Dao

Ancestor of the Dao Sect the person who helped you guys determine the serial numbers of these Great Dao?"

The dragon qilin was pleased and said to the water qilin, "This is the use of the dragon saliva."

The water qilin was full of admiration. "Brother, you definitely have to teach me when you are free!"

"This is an innate talent, you can't learn it!" The dragon qilin became more and more pleased.

The beads of cold sweat on Yan Qiling's forehead became bigger and rolled down her cheeks with the golden-colored blood. She kept her mouth shut and didn't want to speak, no matter what.

"Even if you don't say, I also know it's him. Dao Ancestor has a love for algebra, and he thinks that the nature of all things is algebra. If Celestial Emperor invited him to all the worlds to rank the Great Dao, he would definitely be more than willing to."

Qin Mu's voice became more and more gentle as he probed. "Was it Dao Ancestor who compiled all kinds of Great Dao? The Dao that he compiled, you have seen all of them, am I right? In that case, where's Dao Ancestor of the Dao Sect now?"

Yan Qiling gritted her teeth, and her face was flushed. Her body trembled, and it was obvious she was resisting against his devil voice, which affected her soul.

Qin Mu frowned slightly. Yan Qiling didn't want to speak no matter what, and he also didn't have any way to force her to speak.

This woman's spirit was strong, and she was skilled in the paths, skills, and divine arts of Yuandu, Youdu, and Xuandu. It wouldn't be easy to control her soul.

"When you talked about Sword Dao's Dao One, Martial Dao's Dao One, what is up with that?" Qin Mu asked.

Yan Qiling felt as though she was relieved from a burden and said with difficulty, "This world has no Sword Dao or Martial Dao to begin with, these Great Dao have formed afterward, and they were formed by the later generations, they didn't belong to the natural Great Dao. Dao Ancestor said, if there's a move that could enter Dao directly, it would belong to Dao One, Dao Ancestor..."

"Where's Dao Ancestor?" Qin Mu quickly asked.

Yan Qiling's body trembled violently, and she opened her mouth wide as she tried to bite off her tongue.

Qin Mu frowned and instantly stuffed the horsetail whisk into her mouth to prevent her from really biting her tongue off. He coughed and said, "Don't worry, I won't ask this question again."

Yan Qiling spat out the horsetail whisk and coldly said, "You are too scheming, I don't trust you! For Celestial Venerable Mu to actually resort to such lowly methods as to even drug me!"

Qin Mu laughed and couldn't help being pleased.

Yan Qiling sneered and said, "Celestial Venerable Yu is still missing some shards of his soul, right? I know where the remaining shards of his soul are. You and I have common enemies, so we need to work together."

"The enemy of my enemy might not be my friend."

Qin Mu shook his head and said, "I don't know your true aim, and I don't know if you are a friend. As for Brother Lan's soul, I also know where it is."

Yan Qiling fell silent. Suddenly, she asked, "You really don't care about the title of Celestial Venerable Mu?"

"Celestial Venerable Mu?"

Qin Mu laughed and shook his head. "Celestial Emperor conferred me as Celestial Venerable Mu, but what has he given me? Merely a token of Celestial Venerable Mu and a sacred edict. I didn't even bother to look at them. Other celestial venerables at least get some blessings from the ancient gods, yet I only have a token. At most, he takes it back."

Yan Qiling was silent. After a moment, she said, "Celestial Emperor's blessing is right inside the token and the sacred edict, you didn't know that for the past million years?"

Qin Mu was stunned.

Yan Qiling looked at him with a smile that was yet not a smile. Qin Mu resisted the urge to flip through his taotie sack and coughed. "I'm done with my questions, you girls can go now. Nurse your injuries well and don't worry about Celestial Venerable Yu, he's with me, and I will take good care of him. If you really want to ally yourself with me, bring his soul to meet me."

Yan Qiling shifted her feet with difficulty and walked passed him. She suddenly stopped and said in a low voice, "Don't trust Mother Earth and be on guard against Heaven Duke and Earth Count. Also, the Heaven Alliance, they aren't anything good."

Qin Mu was slightly stunned, and his expression changed tremendously. He immediately took out the willow leaf and wanted to paste it on the heart of his brows.

Suddenly, he stopped and didn't paste the willow leaf there. Instead, he put it back quietly and said with a smile, "What an intelligent girl."

Yan Qiling moved, and after walking over a dozen steps, those women hurriedly came to her to support her. One of them whispered, "Young lady, should we..."

Yan Qiling shook her head. "He didn't land a fatal blow and even treated my injuries, so I need to have some basic respect. We will leave today's matter at that. I will avenge my shame today by myself, I don't need any of your help! Let us go!"

One of the women's body trembled, and she suddenly transformed into a huge kun. The other girls escorted her up the back of the kun.

That huge kun moved its body and was about to fly away when Qin Mu's voice came from behind. "Sister Ling, is Celestial Emperor dead?"

On the kun's back, Yan Qiling's body trembled violently, and she gritted her teeth. Her voice came out from her mouth as she forced out a word. "Go—"

The huge kun flapped its fins that were like wings and soared into the sky.

Qin Mu saw them off, and he sank into deep thoughts.

Gongsun Yan and Celestial Venerable Yu hurriedly went to his side, and Qin Mu came back to his senses. He smiled warmly and said, "Sister Yan, you are injured, let me treat you so that no scars are left behind."

Gongsun Yan gave a soft acknowledgment and stood there quietly, allowing him to undo her shirt and reveal her injuries.

Qin Mu carefully applied ointment on her body and squeezed out the clotted blood. His finger techniques were very exquisite.

The young girl's skin was very white.

"Celestial Emperor is dead."

He suddenly stopped and fell into a daze. "That ancient Celestial Emperor from the Dragon Han Celestial Heavens is dead."

Gongsun Yan was slightly at a loss. She didn't know why he was in a daze, and she didn't know why he suddenly said something so random.

Qin Mu came to his senses and continued to apply ointment on her. He said softly, "I always thought that the celestial emperor of the extraterritorial celestial heavens was the Ancient God Celestial Emperor, yet from the information that Yan Qiling gave out unknowingly, Celestial Emperor should already be dead. The celestial emperor of the extraterritorial celestial heavens isn't him, it's someone else."

He stood in front of Gongsun Yan, and his hands were very gentle as he helped his girl wear her shirt again. He was tidying her shirt in detail, but Gongsun Yan could see that this youth was distracted. His mind was full of other things.

Her clothes were already very tidy, yet Qin Mu was still straightening the shirt here and there.

After a moment, Qin Mu suddenly let out a long sigh and said in a low voice, "Heaven Duke, Earth Count, it's time we have a serious talk. What do you think?"

Gongsun Yan was baffled and didn't know why he had suddenly said that.

And in Qin word land, the white-bearded elder and Lava Earth Count looked at each other without speaking a word.

Swoosh—

From the sky of Qin word land, an undying consciousness descended down and transformed into the shape of Qin Mu. He looked at the clones of these two ancient gods.

#### **Chapter 794: Death of Celestial Emperor**

The clone of Heaven Duke and Lava Earth Count were still silent. At one side, Old Buddha and Crimson Emperor sat beside the stone table and drank their tea leisurely. They would raise their heads once in a while and looked over with beaming faces.

Great Sun Sovereign sat obediently at one side and lowered his head to look at his tea. His beak would spew out a small wisp of flame from time to time as he muttered, "I don't know anything, I died early and because I knew too much, I got shot in the back..."

The white-bearded elder coughed repeatedly and looked at Earth Count. He then looked at Qin Mu and couldn't resist saying, "Son of Qin, let me discuss with Earth Count first."

Qin Mu nodded his head gently.

Heaven Duke and Earth Count walked further away to avoid them and they whispered to each other.

Earth Count said, "You are more knowledgable, you say."

Heaven Duke said, "Everyone who dies goes to you, you know the most."

Earth Count didn't reply to him.

Heaven Duke was helpless and he could only say, "Just now that girl called Yan Qiling has already warned this kid to be wary of us, she trying to sow discord. If we don't reveal some secrets, this kid will definitely hold a grudge against us."

Earth Count said with a muffled voice, "I don't know much."

Heaven Duke smiled from anger. "You have already done it and you still don't know much? Do you believe I'll pour out everything you have done? In this current world, Primordial Realm's seal has been undone and even a fake Mother Earth has popped out. Heaven Duke, Celestial Heavens, and even Celestial Emperor from the past, they are coming out one by one. This shows that the world is going to plunge into chaos and they are going to reap the benefits! Do you think we can protect our Youdu and Xuandu?"

Earth Count was silent for a moment. "I agree to let him know some secrets but we can't say everything that's related to us."

Only then did Heaven Duke let out a sigh. "You say or I say?"

"I'm more tight-lipped, let me say," said Earth Count.

Both of them returned and Qin Mu looked at them in anticipation.

Beside the stone table, Old Buddha and Crimson Emperor couldn't help perking up their ears in anticipation as well.

Great Sun Sovereign was originally afraid to listen and had planned to leave but he was truly curious so he braced himself to stay. 'I've already died once so what am I afraid of?"

In the distance, big-headed baby Qin Fengqing crawled out of Qin word mountain range and his ears suddenly became incomparably huge. It was even larger than the mountains when placed upright as he tried to listen to them.

Heaven Duke coughed and didn't say a word. He looked at Lava Earth Count and he only spoke after a long silence. He said calmly, "Celestial Emperor of Dragon Han Celestial Heavens is indeed dead."

Qin Mu's heart trembled violently and he looked at him in anticipation.

In the distance, the big-headed baby's voice rang out. "Big Earth Count, where can I eat Celestial Emperor's soul? Did you hide him? I know you hide a lot of good stuff!"

Earth Count looked at everyone's eyes that were filled with anticipation and hesitated. "That is all. Heaven Duke, my lips are too tight, I don't know what I should say. I'm afraid of being trick by their words, I think you should do it."

Qin Mu was suspicious and he looked at that white-bearded elder in anticipation.

Heaven Duke's felt his head aching and he laughed from anger. "You are not tight-lipped, you just want me to say! Alright, I'll do it! Celestial Emperor of Dragon Han Era was murdered when he reincarnated to marry a woman!"

Old Buddha spurted a mouthful of tea on the face of Great Sun Sovereign who was sitting opposite him. Great Sun Sovereign was in a daze. He couldn't care about wiping the water on his face as he was just a lump of primordial spirit that was scorching hot. The tea vaporized from his face and turned into steam that rose in spirals.

The three heads of Crimson Emperor's consciousness stared with his eyes wide open and he seemed to be at a loss.

Qin Mu stuttered, "C-C-Celestial Emperor had died when he reincarnated to marry a woman? Was it Celestial Empress's younger sister?"

"No."

Heaven Duke sighed and said, "His Majesty is wise and strong, his resourcefulness is also outstanding. Earth Count, Mother Earth, me and anyone else can't defeat him and we all have a weakness that is in his grasp. As the first lifeform in the universe, his abilities are high and his methods are outstanding, full of admiration of him. However, he has a weakness and that is lecherous."

Earth Count gave a cough.

Heaven Duke was unhappy and said, "This can be said, it's fine. Anyway, when the celestial heavens was established, Celestial Venerable Mu was around as well, he knows some inside information so he should have saw through His Majesty's character."

Qin Mu had a weird expression and said, "I know Celestial Emperor had reincarnated once just to sleep with Celestial Empress's sister, it was that reincarnation where Celestial Venerable Hao was born. I don't know what had happened after."

Heaven Duke continued. "After Celestial Venerable Yu's death, the whole incident blew up and the races after the beginning were furious. They made a racket about wanting Celestial Venerable Hao to be executed and even a few celestial venerables had wanted to assassinate Celestial Venerable Hao. To protect Celestial Venerable Hao, Celestial Emperor married that goddess officially and finally got his wish. As a result, Celestial Venerable Hao also became the son of the emperor so no one dared to touch him."

Qin Mu stared with his eyes wide open and he cried out, "Celestial Emperor married Celestial Empress and her sister?"

Earth Count gave a heavy cough.

"It's fine, it's fine, this can be said as well. Stop coughing to interrupt me."

Heaven Duke said, "People usually says that ancient gods are impartial, this is actually wrong. Ancient gods aren't impartial, the Great Dao that gives birth to the ancient gods are impartial, thus, ancient gods usually have to follow the Great Dao and carry out the instruction of the Dao. Ancient gods actually have their own selfishness. For example, numerous ancient gods had tried to reincarnate to escape the restraints of the Great Dao of Heaven and Earth, giving birth to their children. Some ancient gods even give birth to numerous sons and daughters with races after the beginning to satisfy their temporary desire, forming the half-god race. There are even some half-gods that were born from ancient god and ancient god..."

Earth Count coughed repeatedly and warned him, "Dao friend, why are you saying these? You are spoiling the image of ancient gods. Just tell him the important matters."

Heaven Duke paid no mind to him and said, "Ever since I came to this seal, I'm being beaten by Son of Youdu every day, I no longer have any image. It's fine to talk about this, it concerns what I'm going to say afterward anyway. If I don't clarify, this kid is still going to ask and I will still have to say."

Lava Earth Count said with a muffled voice, "Know the limits, don't keep learning from Great Sun Sovereign."

Great Sun Sovereign nodded and said, "I didn't know my mouth was big until I got shot in the back..."

Heaven Duke continued to say, "His Majesty is very scheming and we, the ancient gods, can't defeat him. When the celestial heavens was established in Dragon Han Era, we, the heads of these ancient gods, elected him to become the celestial emperor, we were all in support of this. Back then, what we were thinking was with the increasing population of the races after the beginning and the half-gods, we needed to have rules to restrain these lifeforms from killing each other every day. Never would we expect Celestial Emperor to be too forceful and scheming. We treated him as a Dao friend but he treated us like his subjects."

Qin Mu's heart stirred slightly and he remembered Ah Chou who he had seen in Slaughter Cauldron.

Heaven Duke said, "He basically had all of the weakness of the ancient gods. Earth Count has a weakness in his hands, Mother Earth has one, and even I also have one. We were old brothers, old friends, who can defeat him? Hehe, who is not in his firm grasp? No matter if it's Yuandu, Youdu or even my Xuandu, there are many people planted by him and yet we can't see the celestial heavens."

Qin Mu nodded as he recalled Celestial Venerable Yu's experience and what he had heard in Slaughter Cauldron.

Celestial Emperor was scheming. No matter which ancient god it was, they were no match for him.

The position of Celestial Emperor would only become more and more stable, continuing to last forever.

And yet this emperor was still dead.

"Actually, when after Celestial Venerable Mu had left Dragon Han Era, half-gods and the races began to develop rapidly and numerous strong existences were born. Half-gods and the races were improving and yet ancient gods found it hard to progress. Ancient gods couldn't learn other path, skills and divine arts outside of their own Dao and they could only research their own Dao to improve themselves."

Heaven Duke sighed and said, "When half-gods and the lifeforms no longer age or die, their respect and admiration for ancient gods gradually faded. Old Buddha is one of the talents of that time and yet Old Buddha wasn't the most outstanding one among the half-gods and lifeforms."

Brahma Buddha nodded his head. "Every one of the seven celestial venerables surpassed me by leaps and bounds."

"Old Buddha, you need not put yourself down, you are only slightly inferior."

Heaven Duke consoled him and continued to say, "Celestial Emperor was rather afraid of the human race among all of the other lifeforms after the beginning and he was also quite afraid of the talented half-gods, so he was even more on guard against his sons and daughters. This resulted in him creating many strifes which exhausted the power of the half-gods and lifeforms. He even silently allowed the half-gods and the humans to create a small celestial heavens each and see them fight each other. Crown Prince Wuqi's power was huge back then and so His Majesty purposely gave him a chance to rebel, taking the chance to execute him. After Crown Prince Wuqi had died, Celestial Emperor still didn't let

him off and conferred him the surname Xie after he died. He was called Xie Wuqi and was suppressed in Youdu.”

Qin Mu’s heart stirred. “Xie Wuqi? I had met him in Jade Lock Pass!”

Heaven Duke said, “I originally didn’t know about this, I only know Xie Wuqi rebelled and was killed, the rest of the information was said to me by the little bird. Only until recently did I know that it was Celestial Emperor that had purposely given Xie Wuqi the chance to rebel so he could kill him.”

Great Sun Sovereign shrunk back his neck and he had a look of regret.

Heaven Duke said, “The human race and the half-gods fought and his children didn’t dare to rebel, the weakness of all ancient gods were also in his hands, the world was in his hands. In that era, no one could fight against him, not in the past, not in the present and also not in the future.”

“And yet he still died.” Qin Mu’s gaze twinkled.

Heaven Duke was silent for a moment. “The little bird said he had died early but this was untrue. Celestial Emperor had actually died ahead of you.”

Great Sun Sovereign’s feather exploded and he cried out. “Impossible! I had gone to attack Celestial Emperor Yun on his orders and got shot in the back by an arrow. I have the decree of Celestial Emperor, this is impossible!”

Heaven Duke gave a long sigh and said, “Your death was what happened afterward. When the half-gods and the human race were fighting each other, a beauty appeared in Yuandu, she was simply too beautiful that I couldn’t resist laying my eyes on her as well. Her name is Jue Wuchen, she was flawless and wasn’t tainted by even a speck of dust. Her beauty had even moved my heart...”

Qin Mu looked at him with a weird expression.

Old Buddha and Crimson Emperor also had weird expressions.

Heaven Duke paused for a moment before continuing. “And so, Celestial Emperor reincarnated. He naturally dared to reincarnate but this time, he had reincarnate secretly so no one knew who he had reincarnated into, where he had reincarnated to, and what race he had become. Until one day, a celestial venerable from the human race came to Xuandu to find me...”

Qin Mu became nervous. “Which celestial venerable?”

Heaven Duke fell silent but he still continued. “Celestial Venerable Yun, at that time, he was already Celestial Emperor Yun of Heaven Han Celestial Heavens, furthermore, he is also the leader of Heaven Alliance.”

Qin Mu’s body trembled violently and his eyes lost focus.

“Celestial Venerable Yun came to find me and he told me he could solve the situation of us being in Celestial Emperor’s grasp. As long as on a certain month and day, I just had to look and not interfere.”

Heaven Duke said, "I don't know what he wants to do but I agreed. And at that time, another celestial venerable came to Youdu and found Earth Count."

He looked at Earth Count and said, "Can Dao friend still remember which celestial venerable had gone to visit Dao friend?"

Earth Count said, "Of course I remember. The leader of the half-gods, Celestial Venerable Hao came to find me. He told me on a certain month and day, I just need to look at what's happening in Yuandu, I don't have to interfere and that would solve the crisis of Youdu. I agreed."

Heaven Duke said, "Back then, Celestial Venerable Hao was Celestial Emperor Hao of Dragon Heaven Celestial Heavens."

Qin Mu was at a loss and he muttered, "Celestial Venerable Hao, Celestial Venerable Yun, why are they together? Aren't they life and death enemies? One of them represents the half-gods and one of them represents the lifeforms after the beginning, shouldn't they be fighting each other to the death?"

"This was also something that I couldn't understand no matter how much I think, it's also what terrifies me the most."

Heaven Duke revealed a blank and terrified look as he lowered his voice. "After that, when it came to that day, the attack commenced. The first to strike was Jue Wuchen, then it was Celestial Venerable Yun and Celestial Venerable Hao who led the strong practitioners of the various races. Only then did I know that the person they wanted to kill was Celestial Emperor. Due to my promise, I didn't interfere. Furthermore, I was also afraid of Celestial Emperor and hope that he would die. Dao Friend Earth Count also didn't make a move..."

Qin Mu shook his head and his hands were cold. He asked softly, "There's also Mother Earth. Mother Earth, did she..."

"She also looked and didn't make a move."

Heaven Duke's gaze was slightly peculiar as he lowered his voice again. "Mother Earth even sealed the sky of Yuandu and the leaves of Primordial Tree blocked the sky, causing the celestial heavens to be unable to see what was happening there."

## **Chapter 795: The Final Victor**

Qin Mu went into a daze.

One was the peerless beauty Jue Wuchen, who was born in Mother Earth's Primordial Realm.

One was the leader of the half-gods, the celestial emperor of the half-god celestial heavens, Celestial Venerable Hao.

One was the leader of the lifeforms after the beginning, the leader of the Heaven Alliance, the celestial emperor of the human celestial heavens, Celestial Venerable Yun.

When Celestial Emperor was at his most invincible, it was also the moment where the half-gods and the humans were fighting at their worst, that was when they laid out a trap for Celestial Emperor.

The image of Heaven Duke, Earth Count, and Mother Earth wasn't too brilliant here.

What was even more chilling was that Celestial Emperor's reincarnation was supposed to be a secret, yet it was known!

The thing that terrified Qin Mu the most was still the alliance of Celestial Venerable Yun and Celestial Venerable Hao, the two archnemeses.

Their alliance was the most impossible thing to happen, and both sides had deep grudges, so how could they just set the grudge aside and deal with Celestial Emperor together?

The grudge between the lifeforms and the half-gods was the grudge between the predator and the prey, the grudge between the master and the slave.

With both sides rising and fighting each other, the grudge would only grow deeper and deeper.

Other than the grudge of the races, the deep grudge between Celestial Venerable Yun and Celestial Venerable Hao had also stemmed from the murder of Celestial Venerable Yu. According to logic, Celestial Venerable Yun would never ally himself with Celestial Venerable Hao.

Yet these incidents that seemed impossible happened.

What terrified Qin Mu the most was that they seemed to have planned ahead of time and had worked together long ago. The so-called struggle between the half-gods and the lifeforms was merely a show for Celestial Emperor, to let him put down his guard against them.

And in this period, exactly how many lifeforms and half-gods had died?

The lives that were lost were probably immeasurable!

On both sides of the corpse mountain and blood sea were Celestial Venerable Yun and Celestial Venerable Hao's faces, faces without any warmth or emotion.

'Both of them are terrifying...'

Qin Mu shuddered and calmed his mind down.

Heaven Duke's voice rang out. "... In that battle, Celestial Emperor died and was turned into dust by them. I don't know why Mother Earth had to do that, and I also don't know if she made a move. At that point in time, we all had our selfishness. Hehe, ancient gods being impartial is merely how ordinary beings falsely praise us. We, the ancient gods, aren't as honorable as you think. Son of Qin, after knowing how we, the ancient gods, handle matters, you should be wary of us."

Qin Mu let out a shaky breath, and he muttered, "No wonder, no wonder Yan Qiling told me to be careful of the Heaven Alliance, to be wary of Heaven Duke and Earth Count, to be on guard against Mother Earth, so this is the reason..."

He finally understood.

Behind Yan Qiling was Celestial Emperor, and the death of Celestial Emperor was partially due to Heaven Duke, Earth Count, and Mother Earth for just looking and not doing anything. The Heaven Alliance was the one who laid their hands on Celestial Emperor directly.

"In that case, if Mother Earth said she died under the Heaven Alliance's hands, why did her Primordial Tree land in the hands of Celestial Emperor?" Qin Mu was puzzled.

Suddenly, Heaven Duke continued to say, "After Celestial Emperor died, something strange happened, and this incident is why I don't know who the final victor was among the three celestial heavens."

Qin Mu hurriedly asked, "What incident?"

Heaven Duke said, "After Celestial Emperor died, Celestial Venerable Yun and Celestial Venerable Hao rushed straight for the celestial heavens, and their speed was extremely fast. At that point in time, their cultivation was extremely extraordinary, but what puzzled me was Celestial Venerable Yun had transformed into Celestial Venerable Hao's appearance. Both of them seemed to be rushing with all their power, trying to reach the celestial heavens before the other person did. I only understood what they were doing later..."

His gaze was strange, and he said with a low voice, "They were rushing to seize Celestial Emperor's corporeal body?"

Qin Mu's body trembled violently.

"The news of Celestial Emperor's death was never released, and even though Celestial Emperor is dead, the Celestial Emperor in the celestial heavens is still alive."

Heaven Duke's gaze was slightly blank. "Celestial Venerable Yun and Celestial Venerable Hao rushed towards the celestial heavens as fast as lightning in order to control Celestial Emperor's corporeal body. By controlling his body, they would possess the authority and awe of Celestial Emperor. In that case, it would naturally be easy to suppress the other party. Try to think about this, is there an easier way to seize power? However, I didn't see who reached Celestial Emperor's corporeal body."

Qin Mu was dumb like a wood chicken. After a moment, he asked, "Celestial Venerable Yun transformed into Celestial Venerable Hao's appearance? How did he transform?"

Heaven Duke didn't reply.

Brahma Buddha sighed, and this old buddha had a worried frown. "I taught it to him. He is the leader of the human race, the leader of the Heaven Alliance. He wanted to boost the confidence of the human race and wanted to transform into Celestial Venerable Mu and Celestial Venerable Qin, who had

vanished. He came to find me, and I was naturally happy to teach it to him. Back then, the human race was very miserable...”

Qin Mu pondered for a moment and suddenly asked, “In that case, is Celestial Venerable Yun truly a human?”

Brahma Buddha was stunned and understood what he meant. He shook his head and said, “I don’t know.”

Qin Mu looked at Heaven Duke, and Heaven Duke also shook his head. “I also don’t know if he’s a human or a half-god, he always had the appearance of a human. However...”

He paused for a moment and said, “Celestial Venerable Hao always had the appearance of a human as well.”

The surroundings were silent.

Heaven Duke said, “I only know that on the Emperor’s Throne of the Dragon Han Celestial Heavens, that Celestial Emperor sitting there is no longer the true Celestial Emperor. However, I don’t know which one of them is now sitting there. That is because, after that, more and more changes happened, and afterward, the Heaven Han Celestial Heavens was eradicated. It didn’t take long for the Dragon Heaven Celestial Heavens to follow its footsteps and get destroyed. Afterward, the ancient celestial heavens rose higher and higher, moving far away from Yuandu, which had become the Great Ruins after the huge battle, all the way until Crimson Emperor rose to power from the ruins of Yuandu...”

Crimson Emperor was slightly in a daze. “Back then, the Great Ruins was in chaos, and it was extremely dangerous. I had also escaped numerous times from death. I liked to roam around when I was young, so I found many ruins of both celestial heavens. One day, I found a god statue with three heads and six arms, but the face had already been blurred. I suddenly had an inspiration and sat down under the stone statue for a long time. Finally, I comprehended my own path.”

Qin Mu’s mind was blown, and he asked, “Is it my stone statue?”

“I couldn’t see the face clearly.” Crimson Emperor shook his head.

Qin Mu’s mind was in a mess. Heaven Duke and the rest had revealed too much explosive information. He couldn’t digest it all.

Suddenly, he remembered something and hurriedly asked, “What about Celestial Empress? Isn’t Celestial Empress and her sister in the celestial heavens? No matter if it’s Celestial Venerable Hao or Celestial Venerable Yun that took out Celestial Emperor’s corporeal body, they definitely can’t hide it from the sisters! Why didn’t they expose them?”

Heaven Duke said, “Son of Qin, aren’t you curious how the news of Celestial Emperor’s reincarnation got leaked? Celestial Emperor’s body being taken over definitely can’t be hidden from Celestial Empress and her sister, so Celestial Emperor’s reincarnation definitely can’t be hidden from them as well.”

Qin Mu's right hand pressed onto his forehead as he walked to and fro around the stone table. He walked until Great Sun Sovereign was all dazed.

Suddenly, he stopped and said, "In that case, Celestial Venerable Hao must have been the victor! If it were Celestial Venerable Yun, Celestial Empress and her sister would have exposed him. Celestial Venerable Yun had a grudge with them after all!"

Suddenly, Earth Count said insipidly, "Are you sure Celestial Venerable Yun doesn't have any relationship with Celestial Empress and her sister? Celestial Venerable Yun might just be their son, after all, there are many ancient gods that reincarnated."

Qin Mu was stunned, and he felt he couldn't think properly.

Heaven Duke hesitated for a moment and said, "Actually before this, there's also an incident when Celestial Empress got attacked. The little bird also told me about this, he said there's something strange in this incident..."

Great Sun Sovereign wailed.

Heaven Duke was about to continue when Earth Count suddenly said, "Dao friend, you have said enough. We are done with Celestial Emperor's incident, so there's no need to create more rumors."

Heaven Duke came back to his senses, and he chased him off. "Son of Qin, you should go, don't keep coming in to disturb our peace and quiet. You know more than enough now, the more you know, the worse it would be for you."

Qin Mu hurriedly asked, "I still have one thing I don't understand! As long as Heaven Duke solves this question for me, I won't disturb your peace."

Heaven Duke said patiently, "Speak."

"Since Celestial Emperor is dead and his corporeal body has been taken over, how do you explain Yan Qiling?"

Qin Mu quickly said, "Yan Qiling is clearly the successor of Celestial Emperor, and she cultivates all kinds of Great Dao. She even possesses the great divine art of Dao One. Furthermore, she came here because of the Primordial Realm being unsealed, and she even brought the Primordial Tree and the new Mother Earth. It's obvious that the Primordial Tree and the new Mother Earth aren't something she can groom out, so Celestial Emperor is definitely helping her. In that case, could Celestial Emperor really still be alive?"

Heaven Duke stared with his eyes wide open and scolded, "How would I know? I have no idea about these matters, if you ask me, who am I supposed to ask? Shoo, shoo. If you don't go, I'll let your brother out and suppress you here!"

The big-headed baby was delighted and clapped his hands in happiness.

Qin Mu's face was black. He knew he couldn't ask anymore, so he took back his undying consciousness.

Beside the stone table, Heaven Duke and Earth Count sat down. Great Sun Sovereign hurriedly gave up his seat and stood at one side.

Heaven Duke said, "Celestial Empress getting attacked shouldn't be too related, so why didn't Dao friend let me say it?"

Lava Earth Count said, "It's easy to bring danger on him by telling him too much. In this world, the more we know, the faster we die." Once he said that, he took a glance at Great Sun Sovereign.

Great Sun Sovereign was silent. He touched his back and opened his beak, but he didn't say anything.

"Furthermore, what Dao friend knows is your capital."

Earth Count continued to say, "Look at my Youdu, I've used his power to clean up the power of the celestial heavens. Dao friend, you only care about speaking until you are content, but have you thought about how many powers from the celestial heavens are on your body? Don't you want to borrow his power to help you get rid of all these dangers?"

Heaven Duke opened his mouth in shock, and he only stuttered after a while, "Y-you are an honest man? Dao friend, if you are an honest man, I'll stab a huge hole in the sky!"

Lava Earth Count's face was all rocks, and no expression could be seen. "I'm the ruler of Youdu, the origin of the devil path, I naturally know some methods."

Heaven Duke said with a smile, "Looks like I need to invite him to Xuandu soon. Hahaha..."

Qin Mu sat on the dragon qilin's head to treat his injuries, and he soon cured most of the injuries on his body. He suddenly remembered something. 'Earth Count isn't easy to talk to, but Heaven Duke is. I forgot to ask him if Mother Earth's blessing is a way to supervise me!'

He was thrown out by Heaven Duke, so it wasn't good for him to ask now, he could only put it aside. 'I should go back to Eternal Peace first and let Teacher Woodcutter check. His knowledge and horizons surpass me by a hundred times, so he can definitely see something. If it's really to supervise me, in that case, I will have to erase the blessings the gods gave Celestial Venerable Yu...'

He rummaged through his taotie sack and finally found the token and decree Celestial Emperor rewarded him with.

Qin Mu hesitated. Yan Qiling said that Celestial Emperor's blessing was hidden in the token and the decree, so should he open up the decree to receive the blessing?

If it was a method of supervision, wouldn't his tracks be known by Celestial Emperor, whose life and death was uncertain?

Muttering to himself irresolutely, he put them back into taotie sack, "After Teacher Woodcutter examines Mother Earth's blessing, I can make a decision then! Receiving Celestial Emperor's blessing is

another method to protect me, but I don't know Celestial Emperor's intention, I don't know if it's good or bad. After all, look at what happened to Celestial Venerable Yu."

He executed the Overlord Body Three Elixir Technique, and six rumbles suddenly came from his body. His Spirit Embryo, Five Elements, Six Directions, Seven Stars, Celestial Being, and Life and Death Divine Treasures suddenly opened!

His primordial spirit stood on the land of six directions while beside him was Builder Tree, which was as high as the sun and the moon. Under his feet was darkness, and that was Youdu.

The Life and Death Divine Treasure passes through life and death, so this divine treasure reached straight to Youdu!

'Human, standing between heaven and earth, the sky is above the head, and the ground is below the feet. Becoming a god when going up and becoming a devil when going down, we possess both the god and the devil sides from the start. In that case, the opposite of the Life and Death Divine Treasure would be the Xuandu Divine Treasure!'

Qin Mu's primordial spirit reversed, and he suddenly heard loud rumblings as his divine treasures on the devil path opened up, reaching all the way to Celestial Being Divine Treasure. Next, another wall broke open, and boundless heavenly light came shining over from that divine treasure. It reflected Youdu's Life and Death Divine Treasure!

Qin Mu lowered his head to look and saw himself stepping on Xuandu. Suddenly, his gaze turned blank as he thought of something important.

'Humans possess both the god and the devil sides. Doesn't this mean that everyone can open up their divine treasures on the god path and divine treasures on the devil path?'

He was stunned for a moment, and his body suddenly trembled from excitement. 'In that case, did anyone try to open up the divine treasures of the devil path before? If there isn't, am I the first? That's right! Divine treasures can be inherited, so I just need to give birth to a baby to understand! Hmm, how do I give birth... Imperial Preceptor has given birth before, so let's go ask him!'
