THE RELOCATION

FLORIDA

"Baby, wake up, yo know we hav to be at the airport in dah next forty minutes Rai??" Lydia, who is Janelle's mum said in her Jamaican accent. "Ohhh mum do ya have to be Soo grumpy all the time, while I was just having the best dream of my Life, you decide to wake me up" she replied.

"Yoo!! So ya still haven't learnt ya native language, hope ya know we gonna be relocating there, so baby wake up and ya stop displaying this attitude of yas" Lydia said. "Mum can't we just postpone it till next week, I mean, definitely we're gonna travel ya know, where's Diaz?" Janelle asked.

Lydia growled angrily" ya know ya hav been saying this stuff for the past two weeks, i don't wanna use swear words right this morning.

So now you finally remembered you have little ones right, I'm gonna go down and act like I didn't hear what you just said but when am back and ya still sleeping like a douchebag on that bed, am gonna spank you so hard on that little ass of yours.

And I pray, you're gonna hate me for life" Lydia shot back at her daughter. "Ohhh mum I never forget that you never keep to your empty threats" she Snickered back.

"Ohhh don't worry honey, maybe your Dad will help me to do this". Lydia knows how much Janelle respects and fears her Dad, so whenever she wants her to do things for her, or compell her to obey her instructions she uses Mark, Janelle's father as a threat.

" She smiled broadly as she remembered the times when her husband do chase Janelle all over the house to punish her whenever she doesn't listen or fail to obey what she tells her to do, moreover this case won't be so difficult for her to do and different from the others", she thought.

JANELLE'S POV

" Ohhhh!! She has really gotten me, Gosh this woman won't be the death of me, I'm not just happy that I will be leaving my childhood friends : Noeleen, Olivia, Daniel, and the rest of them who are Soo annoying but nevertheless I still love them so much

I don't know how I will cope without them, they are just so different, and I thank God for giving me friends like them". I thought

I hurriedly entered the bathroom, as I don't want to make Dad angry, I don't know if he has seen, chasing me around the house as a means of doing exercise.

WTF!!!!, Does it always have to be me. I brought out my paste and turned on my electric toothbrush, you definitely know what I did with it, after brushing my teeth. I entered the bathtub, took my bath hurriedly and came out, without a towel though.

She mutters to herself" after all I don't have to literally wear a towel, there's definitely nothing to cover up". When you have a flat chest with a pair of nipples, like pinkish pair of nipples.

She chuckled as she saw that brunch has been prepared, so definitely there will be an additional breakfast. she hurriedly wore her clothes and wore her favorite trainers which is black "Black is definitely my color" she mutters to herself, after which she jogged her way downstairs to meet the rest of the family.

" You were so fast today, got some secrets to share with me?" Mark said, "ohh Dad do you have a thought of when you will indirectly stop calling me a snail!!!?? I'm just so angry with you right now"

Immediately she said that her younger brother Diaz said" Big sis are you sure of this, Cause I really wanna munch that food" . When he wanted to take the food from her side of the table, Janelle immediately snatched it from him and cursed him inwardly.

Mr Mark "okay guys you should hurry up, cause our flight will be taking off in the next one hour, and the drive from our house to the airport is about forty five minutes. They all muttered a "Yes Daddy"

The drive was smooth as the road of Florida has no gallop compared to other parts of the State. They reached the airport, their bags were checked, and when it was time for their departure their flight took off.

JANELLE'S POV

This is definitely not my first time travelling as I have travelled to so many places all over the world, including Qatar, the richest country in the world. I just pray and hope, Jamaica will be better than Florida.

"Tighten and straighten your seatbelts please, as we're about to land, please no loitering about, you can get whatever you want when we safely land" This was the voice that woke Janelle up from sleep. She noticed she was sweating profusely even with the

standard air-conditioning in the airplane. She mutters to herself. "why do I fail to have an orgasm, even after the ministrations given to me by this masked face"

She sighed and shrugged it off as just a mere dream. "Finally we're in Jamaica" she said, "thank God for journey mercies" not like she's afraid but she always gives him thanks

QATAR

"LET HIM IN" Rashid said to Dargok his personal bodyguard. He heard the sound of the door opening as he walked solidly and gracefully with powerful strides to his drawers to get his clothes.

The door shuts close " I have good news for you Rashid" Khalid who is Rashids' best friend said.

"And what could it be!!?"Rashid replied.
