

## C1055 Snare

Every time Sunn Hongsheng met Wu Tian, he couldn't help but start to get nervous.

He couldn't figure out what Wu Tian was thinking, so he didn't know what to do.

Even when he was talking to him, he sometimes started stuttering.

"President Wu, you definitely won't be able to leave tonight. It's better to make do with this."

Wu Tian immediately frowned when he heard that.

"What do you mean? Didn't we already agree? Even now, the matter still can't be resolved?"

Previously, Wu Tian asked him. He even promised that he would be able to let Wu Tian leave before nightfall.

However, at this time, he came over and said that he wasn't even going to bail him out. What in the world was going on?

"About that, it's because of the Leader's intentions. I have no other choice. The necessary procedures have been completed, but I just can't approve it ..."

Sunn Hongsheng's face was as ugly as a bitter gourd.

Wu Tian looked at Sunn Hongsheng. He knew that there was no point in blaming him for this, as he could not solve the problem.

"Alright, I understand. I'll stay here for the night."

Wu Tian looked around the office. Although there were a lot of messy things, it was still quiet.

Sunn Hongsheng swallowed his saliva when he heard that.

"That... President Wu... You don't have to stay here. "

Wu Tian looked at Sunn Hongsheng strangely, wanting to see what exactly he wanted to say.

"Then where are you going to put me?"

Wu Tian never thought that Sunn Hongsheng would actually bring him into the detention center...

Although this wasn't strictly a prison, he locked Wu Tian up with the other criminals. Honestly speaking, this made Wu Tian very angry.

"Sunn Hongsheng, this is what you did!"

At this moment, Sunn Hongsheng was on the verge of tears. Of course, he knew Wu Tian's anger, but he didn't have any other choice.

"President Wu, please forgive me. This is what the request is written in black and white. I can't do anything about it."

Saying that, Sunn Hongsheng actually took down the superior's documents and showed them to Wu Tian.

It was indeed written that Wu Tian had to be locked up for one night according to the rules, waiting for the results of the investigation.

Since he didn't mean to mess with him, Wu Tian stopped bothering him.

"Alright, you can go. "If anything happens in the future, don't look for me."

Wu Tian rolled his eyes at him when he spoke.

Sunn Hongsheng left helplessly. Wu Tian turned around and looked at his cell. There were four or five bunks inside, but there were seven or eight people locked up inside.

In other words, there were people who could only lie on the ground.

But on the floor there was all sorts of things, even some constipation.

It made people feel disgusted when they looked at it. Wu Tian intentionally chose the place furthest away from these dirty and dirty places. He covered his mouth and nose and tried his best to not let himself smell the smell.

The other prisoners looked at Wu Tian with curiosity. This was probably the first time they saw such a particular kind of prisoner.

"This brat is quite pretentious!"

A burly man laughed out loud when he saw Wu Tian do that. He stood up and walked to Wu Tian's side.

He picked up a bucket and threw it behind Wu Tian.

Wu Tian's nose smelled a strong and stimulating smell. He turned around and saw that the barrel was obviously the toilet used to hold urine.

He glared at this burly man, because this burly man was right in front of Wu Tian, ready to take off his pants.

"Do you want to urinate in front of me?"

Wu Tian's face was sullen. He held his breath and didn't want the smell to enter his lungs through his nose.

He knew that there was a lot of people in the prison. He hadn't even gone to the prison but he had already encountered such a dirty situation.

"I'm the only one in charge here, no one has ever dared to challenge me!"

When the big man saw this, he pulled up his pants and kicked the bucket over. The liquid inside the barrel immediately spilled all over the surface of the prison.

This place instantly turned into a tragic scene akin to hell.

Wu Tian felt an uncomfortable sensation in his throat, as if he wanted to vomit.

"I advise you not to provoke me ..."

Before Wu Tian could finish his sentence, he vomited at the outermost area.

At this time, the people in the prison began to gather around this burly man.

"I know who you are, the chairman of Wu Group company, Wu Tian! You can be considered to be lucky to be here, and it can also be considered your bad luck! "

As he spoke, that muscular man from who knows where pulled out a dagger, while the others each held their own weapons.

Wu Tian looked back and saw the shining knives. He knew that he had fallen into a trap.

"Sunn Hongsheng, just you wait!"

Wu Tian muttered as he stood up and kicked.

Since the other party's intentions were very clear, he might as well make the first move.

His kick landed directly on the big man's arm, sending the blade in his hand flying.

When the people beside saw this, they also rushed over, intending to fight with Wu Tian.

However, Wu Tian wasn't an idiot. He alone against so many people, he definitely wouldn't have the advantage.

Moreover, there was very little room for him to move right now. Rushing forward and bumping into the opponent's blade would be very easy.

After he weighed the pros and cons, Wu Tian didn't say anything else and wrapped his arms around the sturdy man's neck. He lowered his head and picked up the blade.

He pointed his blade at the burly man's neck and looked at the other criminals with a sneer.

"Come, if you dare to come, then I will dare to kill him."

Wu Tian's voice was very arrogant. This kind of arrogance made the other side afraid to move even though there were so many people.

Although the big guy was arrogant, at this moment, he was like a docile little white rabbit, not daring to move at all.

He was afraid that Wu Tian would do something wrong and cut his throat.

"Big brother, we were wrong. We were only taking money for a job. We won't take on this job ..."

The brawny man quickly explained. He probably wanted to curse right now.

Hearing that they submitted, Wu Tian finally let out a sigh of relief in his heart.

"Speak, who sent you!"

The large man's face immediately revealed an awkward expression.

Seeing that he wasn't willing to say it, Wu Tian drew the knife in his hand deeper.

"I say, I say, it's Lee Zhan. Director Li gave us the money, he told us to come here!"

"I knew it!"

After hearing the truth, Wu Tian let go of the hulk.

As he was mumbling, he suddenly saw these bandits throw out the sabers in their hands and hide in another corner of the prison.

Before Wu Tian could understand what was going on, the surrounding lights suddenly lit up and a group of police officers rushed out.

"Put down the knife!"

The police pointed their guns at Wu Tian and yelled at him.
