

## **Hidden Billionaire Chapter 1056 - Crime of Framing**

### **C1056 Crime of Framing**

Only then did Wu Tian notice the knife in his hand. It made him look like a man about to commit a murder.

At this moment, the policemen were pointing their guns at Wu Tian's head. Their barrels were shaking slightly, and it was obvious that these people were a little nervous.

At this point, Wu Tian finally understood that he had been completely framed.

He never thought that Lee Zhan would deal with him step by step. He didn't give Wu Tian any chance to react, nor did he give him any chance to escape.

"Put down the weapon in your hand, or I'll shoot!" The officer's gun was not a joke. This thing could really fire.

Wu Tian slowly put down the knife in his hand and raised his hand high, indicating that he was not a threat at all.

Several policemen ran over and cuffed Wu Tian under their bodies. Then, they took him to a separate cell.

As for the people who caused trouble in the cell, they looked like they had succeeded in their evil scheme, which infuriated Wu Tian to the point that he almost choked on his anger.

It was the first time that he had been looked down upon, and even humiliated to such an extent. This made Wu Tian very unhappy.

Wu Tian was directly locked up inside. The leading policeman looked at Wu Tian gloomily and uncuffed him.

"You are intentionally committing violence, you must be severely punished! From now on, you will wait here! "

After the policeman said that, he left. He didn't let Wu Tian ask anything, and the other party wasn't ready to answer him either.

Wu Tian immediately regretted his decision. If he didn't have that knife, he wouldn't have ended up like this.

However, things had already happened, so it was more important to think of how to resolve the issue later on.

He never thought that the first night Wu Tian spent in Police Station would be in a solitary prison.

Although there was only one person and the conditions were tough, Wu Tian didn't have to worry about anyone threatening his safety anymore.

It wasn't until the morning of the next day that Sunn Hongsheng, who had received the news, rushed over to see Wu Tian.

"You are in big trouble this time. I heard that you were in a fight in the prison and you tried to kill someone?" Sunn Hongsheng's face creased like a bitter gourd. He obviously hoped that Wu Tian could get out of this place as soon as possible, but the current situation was completely out of Sunn Hongsheng's control.

"Do you believe me ..." Wu Tian said in a bad mood. However, he felt that it was embarrassing himself if this matter was to be revealed.

All this time, he had been following the flow smoothly, but he still ended up falling for such a trivial matter. No matter how he looked at it, he was extremely foolish.

"I don't think you would do this for no reason at all. You have no reason to." Sunn Hongsheng did not hesitate either. He could be said to be the one who trusted Wu Tian the most in this police station.

Wu Tian sighed. The only thing he could hope for now was Sunn Hongsheng.

"Um, see if you can get me to bail out as soon as possible. I had to use my knife in self-defense last night, and those knives aren't mine ..."

Of course, Sunn Hongsheng wanted to agree to Wu Tian's request, but he didn't have the strength to do so right now.

"This... To be honest, I'm not allowed to ask about this case right now. Because you and I know each other, according to the rules, I can't be held responsible for this case ... "

Sunn Hongsheng also had his own difficulties. However, at this rate, Wu Tian didn't know when he would be able to get out.

"Fuck, you can't really lock me up here, right? I still have a lot of things to take care of, you know that!" Wu Tian's mood started to get a bit agitated. Didn't they purposefully do this to punish him?

"I will do my best to help you think of a way. However, you must also pay attention to the matter and not cause any more trouble here."

The reason why Sunn Hongsheng was so worried was because this matter was a little awkward for him.

However, there was always a chance to change things, so waiting was the only thing Wu Tian could do right now.

"My hopes are all on you. The task is very heavy, but don't worry. Once this matter is over, I will definitely help you solve that corpse case."

Of course, Wu Tian couldn't let Sunn Hongsheng walk around for nothing, the most important thing was for everyone to share their benefits with each other.

Sunn Hongsheng's expression clearly started to turn happy, but he seemed to be acting like he didn't care about it at all.

"Let's talk about this later. I'll get you out of here first. There's nothing that can solve the problem here."

Behind him, Sunn Hongsheng comforted Wu Tian for a while and quickly left the place. However, before leaving, he brought with him a piece of information that Loong Yun had entrusted to him.

During the night when Wu Tian was trapped in the police station, their enemy, Lee Zhan, did not stop his steps and instead stepped up his acquisition plan.

There was also a newspaper that Loong Yun had commissioned to send in, which clearly stated that Lee Zhan announced their plans to build a film and television industrial park in S City.

Moreover, he intended to turn this new industrial park into the biggest industrial park in the country.

This project looked very attractive, even Wu Tian himself felt that it was a good idea.

Fortunately, Wu Tian knew what was going on behind the scenes, which was why he was able to see through the essence of the situation.

This time, Lee Zhan used the phrase to fight against Wu Tian's bag of fresh film and television forces, surrounding their television station and movie theater tradition.

"Only by pooling resources can we concentrate the power of the traditional film and television industries. Only then can we create good works." Wu Tian smiled coldly as he read what Lee Zhan had said to the reporters.

This guy was lying and didn't even blink.

No matter how one looked at it, it was clear that this was not the case. It was only a matter of time before the film industry switched to the new media industry.

Even if Wu Tian didn't come out to mess things up, someone else would definitely come out.

Although Wu Tian was trapped in a cage, he started to get excited at this moment. Wu Tian was nervous now and felt that he could make a good plan. He had to think of a way to pull Lee Zhan down.

When it was almost noon, a policeman walked over and told Wu Tian that someone wanted to see him.

Wu Tian was still wondering who it was. When he arrived at the place of the visit, he found out that it was indeed Loong Yun who came to see him.

## **Hidden Billionaire Chapter 1057 - The Straight Azure Dragon**

### **C1057 The Straight Azure Dragon**

When it was almost noon, a policeman walked over and told Wu Tian that someone wanted to see him.

Wu Tian was still wondering who it was when they arrived at the prison. As expected, the person who came to check on him was Loong Yun.

It just so happened that he wanted to find Loong Yun and ask her about the situation.

"I knew you would come find me. I want to tell you about my situation here. It doesn't seem too good. I'm afraid I won't be able to leave for a while."

Wu Tian explained his situation in a few words. He was short on time and only had five minutes to meet with Loong Yun.

Loong Yun didn't even have time to be surprised before she quickly accepted the result.

"Did you see the information I sent you?"

Wu Tian nodded. Things seemed to be a little passive to them, so they had to think of something.

"This Lee Zhan is too meticulous. I was almost tricked by him while I was here." Wu Tian frowned. He already had a preliminary idea as to why Lee Zhan would do such a thing.

"What do you mean?"

"Now that he has announced this news on such a large scale, the stock will definitely rise, which means that when the share price reaches its peak, he will start harvesting."

And once that happened, it would mean that Lee Zhan would screw all the investors over.

Thinking about this, Wu Tian said to Loong Yun seriously, "Go back now and tell Wu Zaibin to be careful and try his best to throw away our stocks."

Loong Yun nodded. However, the way the two of them were passing the information around was a little lacking. They simply could not communicate properly.

They had not spoken much when the police came in from the outside and shooed the two of them away.

In the end, Loong Yun could only return with Wu Tian's request. However, when Wu Tian returned to his room, he seemed to have a roommate.

"President Wu, I really have let you down!"

Before Wu Tian could see clearly, he saw the other party suddenly run over and kneel in front of him.

Who else could it be but Azure Dragon?

Hearing his voice, Wu Tian was instantly confused.

"Why are you here?"

This prison was the place where felons were held. Strictly speaking, Wu Tian wasn't even qualified to be held here.

It was only because his actions last night seemed too extreme that the police felt they could only keep him safe here.

"I'm really worried about your safety. How could I let you stay here by yourself, President Wu? So I tried to sneak in overnight. Hehe, I didn't expect that I would succeed."

Azure Dragon was sometimes sad and sometimes proud.

He looked Wu Tian up and down and saw that he wasn't hurt. Knowing that Wu Tian didn't suffer too much here, he felt a lot more relieved.

"Do such useless things ..."

Wu Tian didn't know where to start retorting from. He risked his life to get out, but why did Azure Dragon come in from the outside ...

No matter what, this was something that no one could understand. However, he had already come. It was impossible for him to let Azure Dragon leave now.

"Did Sunn Hongsheng arrange for you to come?"

Wu Tian looked outside to make sure no one was eavesdropping, then asked in a low voice.

Azure Dragon quickly nodded, "I don't know either, but I think so. I didn't ask him, but in my experience it's unlikely that someone like me will be locked up with you. "

The two chatted for a while, before Wu Tian finally figured out how Azure Dragon came in.

This guy really didn't care what methods he used. Since he was the one causing trouble outside, he even got someone to call the police.

In order to meet Wu Tian, Azure Dragon had really put in a lot of thought, hoping to achieve his goal.

"Stay by my side now. Remember, without my request, do not cause any trouble."

One extra person was good news for Wu Tian. That way, he wouldn't have to worry too much about people attacking them again.

"President Wu, are you safe inside?"

Azure Dragon felt a lot more at ease now that he could see Wu Tian doing fine. Otherwise, he wouldn't even be able to eat.

Wu Tian shook his head and told Azure Dragon everything that had happened. Azure Dragon was so angry that he immediately went to find those people to settle the score.

But they were in jail now, and he couldn't get out if he wanted to.

"Let's not worry about that for now. We have to blame it on Lee Zhan in the end anyway."

Wu Tian saw it very clearly, so he knew that this wasn't the time to be so casual.

While the two of them were talking, someone suddenly came over from outside.

Wu Tian and Azure Dragon looked at each other warily. Then, they cautiously asked the person outside, "Who is it?"

"Sunn Hongsheng."

Sunn Hongsheng's voice came from outside the fence. He stuck his head out of the gap and smiled at the two of them.

"It's you, why did you come over to see the two of us ..."

"Don't say that, I'm trying to figure it out for you right now. The surveillance was lost last night. I'm looking for a witness. "

This was also within Wu Tian's calculations. What happened at that time could not have happened all of a sudden. In other words, someone must have done it deliberately.

In other words, it had been someone else who had set up this trap from the beginning to end. Naturally, it was impossible for him to leave any obvious evidence, such as surveillance videos, behind for them to find out.

"Don't try to work hard in this direction... "Anyway, if they want to sue me, then just let them take out their own evidence. If they can't, then they won't be able to believe that I did the wrong thing."

Wu Tian was more concerned about when he could get out. Even if he couldn't get off, he could still bail him out first.

Sunn Hongsheng scratched his head, feeling worried.

"Right now, the management doesn't allow you to bail out. Actually, the documents were already sent over and the bureau chief approved very quickly. "But I'm not responsible for your case, so I don't know why I kept pressing down on you to not let you bail out ..."

Hearing his words, Wu Tian suddenly had an idea.

In his mind, he recalled the first police officer that had rushed over. That police officer's expression was not something that should have appeared when he discovered the criminal.

On the contrary, as though his sinister scheme had succeeded, his face darkened. No matter how he thought about it, there should be a problem with this person.

"I know, there's a problem with your people."

## **Hidden Billionaire Chapter 1058 - General Trend**

## C1058 General Trend

Of course, this wasn't something that could be casually said. Someone in the police force specifically targeted Wu Tian. If this matter got out, it would definitely attract the public's attention.

Sunn Hongsheng also immediately wanted Wu Tian to shut his mouth.

"You don't dare to spout such nonsense. This is a huge matter!"

"Of course I know that this is a big matter. What I mean is, some of you are related to Lee Zhan, so he's working for Lee Zhan!"

Wu Tian was convinced of this point. Since it was a trap, then it was only right for him to make all the preparations.

Lee Zhan was a meticulous person, how could he not do this? It was very likely that he did so.

He first had his men cause trouble at the Flower Island shore, then the police moved out and took Wu Tian away.

As long as Wu Tian could get into the detention center, the other thugs that were already arranged could make their move at this time.

If they succeeded, then naturally, there was nothing to say. Lee Zhan used a little money to buy Wu Tian's life, no matter how you looked at it, it was worth it.

If they did not succeed, like what happened with Wu Tian's real life, these thugs would not be of any use anymore.

He wanted the police in the Police Station to find a way to pin Wu Tian here, or even to incriminate him a little.

After sorting all these out in his mind, Wu Tian sneered towards Sunn Hongsheng who was outside, which gave Sunn Hongsheng goosebumps.

"You ... What are you doing? Don't go crazy because of this. "

Sunn Hongsheng was a bit nervous because Wu Tian's expression was very dark and fierce, as if he was going to teach someone a lesson.

"I'm not crazy, but I'm guessing that you guys won't be able to get me out in a short period of time. Just get me some equipment that can help me get in contact with the outside. I still want to manage the company!"

This requirement was relatively speaking, but the possibility of fulfilling it was much higher.

Although Sunn Hongsheng frowned, he still nodded.

"Alright, I'll get you a cell phone. But try your best not to get caught by the police, otherwise, it'll be hard to deal with. After all, this is a bit against the rules."

"Come on, what kind of disciplinary violation is that? I'm not even a suspect right now. You guys should be locked up in the prison of a felon. If I go out and sue you, I'll let you know."

Wu Tian made Sunn Hongsheng lose his temper. In any case, their little weakness was caught by Wu Tian, so Sunn Hongsheng didn't know what to say.

He took out a cell phone from his pocket and tossed it in.

"This was left for me by Loong Yun earlier. Let me find a chance to give it to you."

Wu Tian's heart suddenly felt warm. He didn't think that Loong Yun's preparation was the true thorough preparation.

After getting the phone, Wu Tian immediately started contacting Wu Zaibin.

He asked him about the stock market.

It was as Wu Tian expected. Mr Wu now hopes stocks will continue to fall in value and secure Mr Liu's assets.

However, he had never expected that after he had released the news, the shares had increased in value by a huge amount. Many people thought that the movie and television industry park would have a very promising future.

It wasn't just those investors who thought this way, but even the S City government as well.

In a short period of time, Yingdi Entertainment's shares were almost immediately bought short as soon as they were listed, and at the same time, the price of the shares continued to rise.

Taking this opportunity, Wu Tian thought it was a good time to get out.

"You'd better sell as much of our stock as you can within the next day or two."

Actually, even without Wu Tian saying, Wu Zaibin was already steadily progressing on this matter.

"President Wu, don't worry. Leave this to me!"

Now that the situation was too good, Wu Zaibin began to have more confidence.

"Just this alone is not enough. You have to release some information outside."

Wu Tian cleared his throat. Right now, if he wanted to deal with Lee Zhan, he had to use a thorough plan.

It's not good just to bite the bullet.

"Find your sister Wu Zaiyao and have her release fake news. Our company has a cash flow problem right now, there's no way to pay our employees."

"The reason is because Seafood TV's expenditure is too big, and our company's losses are too severe."

As for Lee Zhan's next plan, Wu Tian predicts that he will definitely continue to issue more shares, as the saying goes, take your life while you are sick.

If he really believed the fake news that Wu Tian released, he would definitely think that Wu Tian was in need of cash right now.

The only way to secure Wu Tian's cash is to devalue his stock as soon as possible.

However, doing so would bring about a huge risk. Many investors were waiting for Yingdi Entertainment's share price to drop to the bottom.

This way, they could buy large amounts of Yingdi Entertainment shares at an extremely low price.

Currently, anyone with a discerning eye would be able to tell that the Yingdi Entertainment would definitely usher in a wave of explosive growth. It was only a matter of time.

"Ok, I got it. President Wu, don't worry, I will settle this matter well."

Wu Zaibin patted his chest and guaranteed that he was eager to give Lee Zhan a head-on blow.

The huge loss from before was something Wu Zaibin kept in his heart.

Honestly speaking, he rarely experienced such a crushing defeat. Now that he had the chance to turn the situation around, he naturally wanted to seize this opportunity.

After Wu Tian gave his orders, the two of them waited in the detention center in silence. On the contrary, their lives were very comfortable.

Although the environment in the detention center wasn't very good, Wu Tian and Azure Dragon lived in a small room, and the room was sunny.

This kind of environment was very warm. Wu Tian simply put down everything he was worried about and had a good night's sleep.

By the time he woke up, the stock market had been turned upside down.

According to Wu Zaibin's information, Lee Zhan saw some small news and immediately issued a large number of shares.

And, as Mr Liu predicted, the additional shares did not cause the stock to plummet. On the contrary, due to the large number of people buying, Yingdi Entertainment Corporation's shares began to be purchased in large quantities.

Wu Zaibin took the chance to sell off the tens of billions of yuan worth of stocks he had.

In just a short afternoon, he had already collected 50% of the cash.

No one had expected such a speed. With time, they would definitely be able to recoup all their investments.

At that time, Wu Tian could roll up his sleeves and fight with Lee Zhan for real.

However, the premise was that he still needed to think of a way out of this place. Wu Tian looked at the thick iron bars in the room and stared at them thoughtfully.

Azure Dragon noticed his gaze and quickly went to Wu Tian's side.

"President Wu, how about I think of a way to get this place open and then the two of us can escape from here!"

## **Hidden Billionaire Chapter 1059 - Free Movement on the Square**

### **C1059 Free Movement on the Square**

Hearing Azure Dragon's words, Wu Tian returned his hand and hit Azure Dragon on the back of his head.

Azure Dragon was joking. He's trying to get out, and his enemies probably haven't found a chance to punish him, so they're working on it.

However, if he escaped now, it would undoubtedly give his opponent a chance.

"No, they're just waiting for me to do that. Do you believe that once the two of us escape, there'll be policemen waiting for us?"

Only after Wu Tian's reminder did Azure Dragon realize that his proposal was wrong. Although he had good intentions, his method could not be implemented.

"Then are we just going to wait like this?"

"We can only wait."

Wu Tian had a pretty good relationship with the people in the police station. The bureau chief and the other leaders probably didn't want anything to happen to Wu Tian.

However, the arrangement of Lee Zhan's men should also be very critical. They must have had a very reasonable reason for suppressing Wu Tie for so long. Otherwise, Sunn Hongsheng wouldn't have been in such a difficult situation.

Azure Dragon sighed. He stood by the fence and looked outside. Suddenly, he started shouting, attracting the police not far from him.

"What are you doing?"

The police looked at Azure Dragon vigilantly. Wu Tian looked very refined and very fitting of his identity.

But Azure Dragon, no matter how you looked at him, looked like a criminal. When he got fierce, he could scare people to the ground.

"Officer, look, the people over there are already out taking a stroll. The two of us have been here for so long, it's about time for us to go out for a walk."

Azure Dragon didn't get angry at the policeman at this moment. Instead, he started to smile mischievously.

"Just wait for me, I'll go ask." The police knew that their identities weren't ordinary, so they didn't dare to make a decision.

However, not long after he left, he came back and opened the door.

"You can go out for an hour."

Their treatment was already pretty good, so Wu Tian could finally stretch his back and take a breath of fresh air.

"I only realize how precious the sunlight outside is and how fresh the air outside is when I lose my freedom."

Wu Tian sighed with emotion as he walked towards the open space with Azure Dragon.

There were already quite a few people gathered here in groups of three or five.

This place wasn't a prison, it was just a temporary detention center, so there weren't many people in this place, only 20-30 people.

The management of this place was relatively less strict.

Wu Tian walked step by step towards the suspects that were also locked up here. After sizing them up, he immediately found the ones that attacked him.

Seeing Wu Tian walk over with ill intentions, the guys all started to get nervous.

"President Wu, who are they?"

Azure Dragon saw that their destination seemed to be a group of people. These people seemed to be a bunch of tough guys, but they seemed to be timid.

"They are the people who wanted to kill me in the cell. They should be working for Lee Zhan."

Wu Tian said as if nothing had happened, as if that was just a small matter to him.

"What?!" When Azure Dragon heard that, he instantly blushed and his neck became thicker. He suddenly felt displeased.

He rolled up his sleeves. He felt that this was a very serious matter. Someone actually dared to attack Wu Tian. That was not taking Azure Dragon seriously!

"Azure Dragon, wait a moment!" Wu Tian quickly stopped Azure Dragon. If he allowed this guy to do whatever he wanted, the two of them would probably be finished.

Wu Tian looked around and saw a few watchtowers on the high wall nearby. The police were holding guns in their hands and were carefully observing the situation here.

It wasn't an exaggeration to say that as long as Azure Dragon dared to make a move, the people up there would definitely shoot a bullet at Azure Dragon.

"But President Wu, you've been bullied by them just like that. I really can't accept this!" Azure Dragon understood that he couldn't act rashly. However, this matter really made him anxious and unable to suppress his anger.

"Why are you in such a hurry? They didn't win and were threatened by me instead. Let's go over and ask them why they are doing this."

Wu Tian was not here to fight, but to ask for intelligence.

Anyway, that big guy already told him some information yesterday. Wu Tian knew that they were hired by Lee Zhan, but whether the big guy knew anything else was something Wu Tian could find out through some means.

That man looked around and felt that Wu Tian was staring at him. He instantly swallowed his saliva and let one of his companions stand in front of him, hoping that his companion would be able to block his body.

However, his body was truly huge. No matter how one looked at him, his figure was extremely eye-catching.

"Hey, you!" Wu Tian stretched out a finger towards the burly man and crooked it.

The big guy and the people around him were confused and nervous, everyone was afraid that Wu Tian would call him. God knows what this person was planning to do.

"Me?" A brat pointed at his nose with a trembling finger. He thought Wu Tian was calling him, so he was scared to the point that his legs started to tremble.

"Big guy, come over here. I need to ask you something."

Wu Tian's tone was calm, but it was also because of this that these people became even more nervous. Because this meant that they didn't know what they were going to face next.

If a normal person suffered such a thing, they would become extremely angry.

However, Wu Tian's reaction was different from others. His thoughts were more long-term, so naturally, he wouldn't lose his mind due to a moment of anger.

The big guy walked over step by step, but he didn't dare to disobey Wu Tian's gaze.

When he arrived in front of Wu Tian, the burly man was on the verge of tears. Wu Tian's aura was too powerful. He felt that he had really had a bad luck in his past life — why did he take on this business?

"Tell me, how did Lee Zhan arrange you?"

Wu Tian said coldly. He had nothing to do at the moment anyway, so from their narration, he might still be able to know some of Lee Zhan's other plans.

"Yes, yes, yes!" At this moment, the strong man kneeled down beside him. He couldn't stand up. Such a strong man was frightened by Wu Tian to such an extent.

At this moment, a small figure jogged over from the side, his movements extremely fast.

Azure Dragon noticed this person at the first moment. He noticed that this person seemed to be heading towards Wu Tian, so he walked up to him on his own accord.

However, when he was about to reach Wu Tian, he suddenly turned around and walked towards the burly man. At the same time, a light appeared on his wrist.

Azure Dragon, who had been in the battlefield for a long time, was extremely familiar with this thing. This person had a weapon in his hands!

## **Hidden Billionaire Chapter 1060 - The Black Police Behind the Scenes**

### **C1060 The Black Police Behind the Scenes**

Azure Dragon directly kicked him without saying anything.

Even though he was empty-handed, he wasn't scared at all.

He just couldn't figure out what this person was trying to do.

Just at that moment, the gangster suddenly moved his sword in his hand and was about to stab the burly man.

Although he was fast, Azure Dragon was even faster and kicked away the weapon in his hand.

Seeing that the attack had failed, the man turned around and tried to escape. However, it was wishful thinking to do such a thing in front of Wu Tian and Azure Dragon.

At this moment, Wu Tian had already caught up and knocked him down with a punch.

"This brat still wants to kill him?" Wu Tian raised his hand and let out a voice that seemed to be filled with disdain.

"What's the situation?" The police looked at the commotion and quickly ran over.

A policeman pointed a pistol at Wu Tian and co. and told them to step back quickly.

"Officer, this has nothing to do with us."

Wu Tian quickly opened his arms to show that he didn't have any weapons.

"I said step back!" The police were still nervously staring at Wu Tian. What was wrong with him? He never aimed his gun at anyone else.

Luckily, Sunn Hongsheng came over at this moment. He brought a few of his subordinates to control the people who were causing trouble.

Then, he walked to the side of the police officer who threatened Wu Tian.

"Put the gun down!" Sunn Hongsheng's voice was firm, this time he wasn't joking.

"But they have blades in their hands ..." The policeman wanted to quibble, but his finger had already begun moving around at the trigger.

Maybe if he fired now, Wu Tian would die.

"Did it threaten you? "What are you trying to do by taking out your gun every now and then?" Sunn Hongsheng stared at the policeman in a domineering manner. He realized that this brat was actually quite stubborn.

The policeman could only put down the gun bitterly as he felt the strong pressure coming from Sunn Hongsheng. He seemed to be very unhappy.

Sunn Hongsheng looked at him coldly.

"Come to my office later and hand over your gun!"

The police didn't expect Sunn Hongsheng to ask him to hand over the gun. This clearly wasn't anything particularly important ...

After Sunn Hongsheng said this, he ignored the policeman and walked over to the side of Wu Tian.

"Are you guys okay? Our people did something wrong just now, so I apologize."

Sunn Hongsheng said apologetically. He really felt sorry for Wu Tian. After all, if someone was pointing a gun at his head, he wouldn't be able to accept it so easily.

"It's nothing, it's nothing. Investigate this person carefully, he didn't come to attack me."

At that time, Wu Tian didn't think too much about it. Now, there were many people targeting the two of them, so he didn't mind having another policeman.

"Mm, don't worry. "Also the matter of your bail. I will inform you as soon as there is any progress."

Sunn Hongsheng nodded. Because the attack wasn't launched by Wu Tian, he only subdued the prisoner. Therefore, the two of them were not taken away, and the square quickly became quiet again.

Seeing that there was no one left, Wu Tian turned his attention back to the big guy who was scared to the point that he almost wet his pants.

He felt that this person must have known something, which was why someone came to silence him.

"You saw what happened just now. After he uses up all of you, he just wants to destroy the bridge after crossing the river. Do you think it's still necessary to keep secrets from such a person?"

Wu Tian's words were like the devil's mutter, bit by bit corroding the big man's nerves.

At this moment, his face was twisted, and he was probably feeling conflicted.

"If you are willing to say it, I can promise to guarantee your safety. Furthermore, I can give you three times the reward! As much as your lord gives you, I will immediately triple it. I will never go back on my word! "

As the saying goes, under the temptation of the bounty, a brave man will appear.

Under the attack of such a sugar-coated artillery shell, it was both coaxing and threatening. Wu Tian practically broke apart the man's psychological defenses, crushed it, and rubbed it without restraint. It made him completely lose all of his dignity. There was no room for resistance either.

"I'll say, I'll say! As long as you can guarantee that I won't be attacked again! "I want to live ..." The big man's tears were already flowing down. No matter how much money he earned, if he couldn't live, what was the point?

Seeing that his attack worked, Wu Tian also nodded in satisfaction.

"Come on, let's see what good news you can give me."

"Actually, it's like this. We don't know each other, but we've all come for one thing. We want you to stay in this place."

As the big man spoke, he pointed to his companions behind him. It turned out that in order to keep this a secret, they did not know each other. This time, they called each other by their code names.

He only knew that they all had one goal, which was to think of a way to kill Wu Tian. It was either to frame him or to kill him. In short, he couldn't just swagger out of that police station.

Of course, the reward that Lee Zhan promised wouldn't be small. Every one of them would receive one million yuan.

If these seven or eight people added up, that would be a total of seven or eight million. But to be honest, this amount of money to buy Wu Tian's life was a little too little.

"It seems like I am only worth this little bit of money ..." Wu Tian smacked his lips. He didn't seem to be satisfied with this result.

"But it doesn't seem to be just us. When Li Jun told us our purpose this time, she mentioned that there were other people in the police station who would cooperate with us."

At this time, the big man scratched his head and looked around to make sure no one noticed them before continuing.

"Besides, this person seems to be a police officer. I can't be sure, so just treat it as me spouting nonsense."

Hearing the word police, Wu Tian frowned. He had the same feeling from the beginning, because he always felt that everything was under the control of someone else. Wu Tian was always in a passive position.

"No wonder I'm constantly being targeted." However, Wu Tian still couldn't figure out who this person was. From the looks of the man, he was not too sure either.

"This cop, although we don't know who he is and we haven't seen him, I'm sure there's one hundred percent such a person. This was because he was the one who had sent out the change in plan. And we didn't expect the police to work with us so well. "

The big man's words could be said to confirm Wu Tian's guess.
