

Hidden Billionaire Chapter 1061 - Active Contact

C1061 Active Contact

Since there was a policeman interfering, it became more difficult for Wu Tian to escape from this place.

After all, the other party was a police officer who held public power. To deal with people like them, the police were naturally not a problem.

However, Wu Tian was not without a backer. At any rate, Sunn Hongsheng was one of his people. Wu Tian was quite confident in this guy.

If Sunn Hongsheng wanted to deal with Wu Tian, he had countless of ways, so he didn't need to do such a thing. In the old days, he could have pulled Wu Tian off his horse.

"Leave. But don't worry, I will definitely do what I've promised you." Wu Tian felt that he couldn't get anything out of this burly man, so he let him go.

Actually, this situation had already been explained very clearly, they didn't expect the police and them to have such a tacit understanding.

Which police had cooperated with them more than once? Wu Tian had a rough idea of what was going on. It was most likely the cop that pointed a gun at Wu Tianbao.

This was because Wu Tian had seen his face several times. Every time something happened beside Wu Tian, this policeman would jump out immediately.

Furthermore, his real target had always been one person, and that was Wu Tian. He had also never aimed his gun at anyone else.

There was no need to say anything more. Anyone with a clear eye would be able to see.

"President Wu, what should we do now? Should we tell this to Sunn Hongsheng?"

Azure Dragon also felt that with just their own strength, they wouldn't be able to expand from here. When they should cooperate with others, they would have to do such a thing.

"Let's not be hasty about this. Let's find out what this person has to say first." Wu Tian squinted and looked at the police station building in the distance.

Who exactly was this policeman? What was he up to? Wu Tian decided that it would be better for him to go personally, in case there was too much trouble.

As for how he was going to get there, what excuse could he come up with? This is not very difficult.

Wu Tian took Xing Long and the other two to the Police Station building, and told the guards that they were going to meet Sunn Hongsheng inside, saying that they had important information to tell him.

The policeman at the door did not know what to do, so he could only look behind him.

Coincidentally, the policeman that was suspected of having just come out of Sunn Hongsheng's office and handed over his gun.

He frowned worriedly. Just as he came down from the stairs, he saw Wu Tian and the others mumbling at the entrance.

"What's wrong?" he asked.

"They said they have important information and want to find Captain Sun."

The policeman rolled his eyes and quickly thought of a good idea, "Let them go to my office. I will be in charge of this case, so I won't trouble Captain Sun for now."

This result seemed to gain the recognition of the police at the door, so they decided to just send Wu Tian over.

As for Wu Tian and Azure Dragon, they looked at each other and smiled in relief. This really is a blind cat meeting a dead mouse. The two of them had originally planned to go find the police, but they just happened to bump into each other here and took the two of them with them.

Arriving at the policeman's office, he seemed to be a veteran police officer, and even a minor administrative officer.

"Speak, what important information do you have?"

The policeman sat behind his desk and crossed his legs as he looked at the two of them with a serious expression.

He quietly opened the drawer of his desk, revealing a gun inside.

Yes, he didn't just have a gun.

At this moment, the policeman was planning on how to destroy Wu Tian with one shot and then find a perfect excuse to escape.

"It's like this. After a thorough investigation, the two of us discovered that the two people who attacked us seemed to have been hired by someone. Therefore, we feel that this is a very important piece of information."

Wu Tian said in a serious manner. He stared at the policeman in front of him carefully, wanting to find some flaws from him.

"So that's the case. Do you have any evidence?"

Of course he was clear about this, because even he was paid for by Lee Zhan, so no one could understand this more clearly than him.

"I have a witness on this. I questioned the big guy who participated in the fight. He personally told me that if he is willing to be a witness on this, I feel that this is evidence."

Wu Tian continued to argue with the policeman. To tell the truth, it didn't matter to Wu Tian whether the complaint would succeed or not.

What he cared about was not this, but the man in front of him. What was he planning to do?

"Then we will consider this matter ..." Before he could finish, the policeman's phone rang. The ear-piercing bell sounded very unique in this office.

Wu Tian glanced at it and saw Lee Zhan's words on the phone. He immediately smiled.

He roughly knew what was going on. This policeman was definitely sent over by Lee Zhan.

"Um, aren't you going to answer the phone?"

Wu Tian started to add fuel to the fire when he saw the nervous look on the policeman's face.

"You guys can go out first. I'll take care of this myself. "

This policeman also saw the name on it and felt that it was a bit inappropriate, so he chased Wu Tian and the other two out.

However, at this moment, the police officer was so anxious that his attention was focused on his phone that no one noticed what Wu Tian did.

When he was about to leave, he secretly stuck the eavesdropping device in his hand under the office table.

It was impossible to find this hidden place without a careful investigation.

Wu Tian and Azure Dragon left the room and immediately ran back to their cell.

That eavesdropping device came along with the phone. Even Wu Tian didn't expect Loong Yun to be so meticulous with her preparations.

These things were actually useful.

"I want to hear what you're saying!"

Wu Tian took out his phone excitedly. After pressing it a few times, he put it close to his ear with a face full of excitement.

"President Wu, remember to record. This is a very important piece of evidence!"

He really wanted to hear what was said inside, but there was only one phone, so he could only go to the other side and use this method to satisfy his regrets.

Hidden Billionaire Chapter 1062 - To Study the Way He Died

C1062 To Study the Way He Died

However, the more Wu Tian listened, the more he frowned.

He knew that this policeman was definitely up to no good, but he had never thought that this policeman was so crazy that it exceeded his imagination.

"It's too late, I heard that you guys have already failed several times! This time, you have to settle it for me! "I don't want to see Wu Tian leave that place alive!"

Lee Zhan's tone was very determined. This was equivalent to him giving a death order to the police.

"Director Li, you are making things difficult for me." To tell you the truth, you want to buy a human life for such a small amount of money? What's more, it's Wu Tian's life? "

Of course, the policeman refused, but it sounded more like bargaining.

This policeman clearly did not care about Wu Tian's life. What he cared more about was whether he could get his hands on the money.

"Money is not a problem for me!" Lee Zhan said calmly. To him, problems that could be solved with money were not problems at all.

"Fine, name a price, I want 10 million!" "If you give me 10 million, I'll help you kill Wu Tian!"

This policeman was asking for too much, but Wu Tian felt that he was a bit of a coward. With Wu Tian's life, if he was Lee Zhan, he would give it even if it was a price of 100 million.

"Then I'll give you ten million, but you have to do this for me before I'll give you the money!"

Lee Zhan was no fool, he couldn't possibly pay the money directly.

"That won't do, what if you kill me in the future?" I want you to pay half of the advance payment! "

However, this policeman wasn't easily deceived. He was actually still here, arguing with Lee Zhan. Neither of them were willing to back down against each other.

In fact, it was understandable that they were doing it for money. One was doing things for money, the other was spending money for things to do.

In the end, Lee Zhan had to compromise. After all, the only person he could rely on was the policeman in front of him.

"Alright, I promise you!" In less than five minutes, you'll have five million on your account! But I hope I can hear the good news today! "

As he said that, Lee Zhan hung up the phone.

Wu Tian also put down the eavesdropping device and clenched his teeth.

This guy seemed to be truly insane.

Wu Tian didn't even think about dealing with him like that. In the end, he became Lee Zhan's target and got targeted by others.

"President Wu, we can't let this go like this! "I think we can just go straight to his place after we leave!"

Azure Dragon raised his fist and said while clenching his teeth. However, when he thought of this matter, his entire body was filled with endless anger.

"Don't worry, this Lee Zhan will deal with him sooner or later. Don't even think about escaping!"

Wu Tian had already made up his mind. Since they were already so brazen, there was no need for him to hide.

However, their top priority was still to think of a way to escape from this place. In the detention centre, no matter what ideas they had, there was no way to realize them.

"Just what method does he have to kill me?"

Wu Tian began to think like this. Although he was smart, but it was impossible for him to predict everything.

"I don't know. If the two of us were to stay here, I don't think the police would be able to do anything to them."

At this moment, Azure Dragon became more confident. He patted his chest, indicating that as long as he was here, Wu Tian would not be harmed.

"Alright, just protect you well. You don't have to worry too much about me."

Wu Tian wasn't made of mud, his body wasn't that weak.

Just like that, the two of them lay in the prison cell, looking at the ceiling, beginning to wonder what kind of death they could possibly have.

While thinking, Wu Tian started to notice the pipes on the ceiling above him.

Some pipes were thick and some were thin, but they didn't seem to have the same purpose.

One of the tubes was entirely yellow, and it looked extremely sudden.

"Azure Dragon, do you see that yellow pipe on the ceiling?"

Azure Dragon nodded. He saw it right away.

"What's wrong, President Wu?"

"What do you think this pipe is for?"

If he were to ask someone else, he might not be able to, but since he asked Azure Dragon, he really asked the right person.

"That you don't know, this is actually a natural gas pipeline. Inside the pipeline are all extremely pure natural gas. When I thought back ..."

Before Azure Dragon finished his sentence, Wu Tian quickly stood up.

It occurred to him that if there was natural gas above his head, could there be such a thing under his feet?

If there was any way to kill them quietly, using natural gas might be a good choice.

After all, there was a high chance that the underground pipeline would fall into disrepair and leak out, causing the explosion. This was even more inevitable.

The entire prison was very sturdy, and this seemed to be the only flaw.

Wu Tian immediately became nervous. He told his conjecture to Azure Dragon and the two of them immediately started to think of a solution.

Azure Dragon looked outside the door and suddenly opened his eyes wide.

"President Wu, that brat is here!"

Azure Dragon shouted in a low voice and the two of them quickly hid inside.

However, this policeman did not come directly to their cell and instead went to a basement.

The two of them looked at each other and felt that their guesses were getting closer and closer. Wu Tian put his ear on the floor and decided to listen for any sounds from below.

Sure enough, before long, they heard a tinkling sound on the gas pipeline.

"This is bad!" He really intends to do this! "

Wu Tian frowned, he quickly stood up and shouted to the outside, "We are going out! I need to go to the bathroom! "

The police officers on duty nearby were displeased when they heard the shouting. It was because Wu Tian and the others had caused a lot of trouble.

"What are you shouting for! What the hell is wrong with all of you? "

"Officer, I'm having a bellyache. I can't hold it in any longer. Can you let us go to the toilet?"

Their cell didn't have a toilet, so they had to go outside. This was also the perfect excuse for Wu Tian and co. to go out.

"What a lazy ass! There's so much sh * t and urine on your face. Come out!"

With that, the police officer on duty opened the cell door and pointed to a small house not far away.

"That place is the toilet! "Return quickly!"

When they saw that this policeman didn't seem to be able to go with them, Wu Tian and Azure Dragon became happier.

Hidden Billionaire Chapter 1063 - Control Others

Hidden Billionaire Chapter 1064 - Prepare for Later

C1064 Prepare for Later

Wu Tian immediately applied for bail after receiving the letter of passage to bail.

After some torture, Wu Tian finally left the place that imprisoned him for two days.

To be honest, if he didn't have some ability, he might really lose his life here.

He finally walked out of the police station. It could be said that Sunn Hongsheng had walked all the way to the door. If it wasn't for the fact that he had other things to take care of, he would have really sent Wu Tian to Flower Island.

Of course, there was no need for that. After Loong Yun received the news, she drove her car over early to greet Wu Tian.

"It feels so good to be out!" Wu Tian let out a breath of relief. For most people, this kind of feeling was something they would never have the chance to experience.

"President Wu, welcome ..." Loong Yun quickly came up to him. She seemed to be holding a horsetail whisk in her hand and was sweeping it around Wu Tian's body.

However, the words that came out after made Loong Yun a little embarrassed to say it out loud, because she was also a little unsure. This time, Wu Tian could not be considered as having been imprisoned.

"I'm out. How is everything going?" I heard that we have already recovered quite a bit of stock. "

Wu Tian's thoughts immediately focused on dealing with Lee Zhan. Now that Zhang Zerui was having an affair with this guy, it was unknown what bad idea the two of them were planning to use to deal with him.

Even if he came out of this place, if he couldn't see the enemy fail completely, he wouldn't feel at ease.

Loong Yun first let the two into the car, driving while telling Wu Tian about the recent events.

"At present, Wu Zaibin is steadily recovering. However, the amount of visitors to our website has decreased, but it has become more stable."

Wu Tian nodded. He had already thought of this price at the beginning, and there wasn't much of it. As long as the supplier didn't come and find trouble with him, he would be fine with anything else for now.

"That's good. Let Wu Zaibin continue. This is a good opportunity for Lee Zhan since he has no other choice. He can't control the price anymore." Wu Tian couldn't help but secretly rejoice in his heart. Honestly speaking, if it wasn't for his actions, no one would be able to say what happened now.

"That's right. Get Wu Zaiyao to prepare everything for me right now. I have something that I need to announce."

Now, Wu Tian had already thought of a plan for the future. The other party's methods were chained to the ring, but Wu Tian wasn't a weakling. He also had a way to deal with them.

The luxurious car sped along the road, smoothly bringing Wu Tian back to the Flower Island area.

Due to the chaos from before, this place was now a little desolate.

There were quite a few broken bricks scattered on the road. Looking at it, people felt that Wu Tian's Wu Group company must have been very dilapidated.

When they arrived at the place on the island, Wu Tian looked at the ruins and suddenly sat back on the car.

"Loong Yun, let's go to the Wu Group Building and call everyone from the relevant departments over."

At this time, Wu Tian started to have new plans.

Because they had moved to the Flower Island, the Wu Group Building was basically allocated to the Hualong Movie. However, they did not have a lot of people, so most of the areas were still empty.

When the group of people returned to this place, many of them were deeply moved.

Yu Naixin looked at everything here and thought back to the time when they were behind Wu Tian together to fight against the Moka Company. What happened at that time was still vivid in her mind.

However, things were changing now. These people had long since become the people in charge of every department.

Seeing that almost everyone was here, Wu Tian led many of the executives to Hualong Movie.

After the previous events, many people felt that the Hualong Movie would not last long under Lee Zhan's siege. A lot of people were planning to jump the bucket.

Right now, there were only twenty to thirty people left. As the general manager of this company, Zhang Chi had a worried look on his face every day.

The key point was that with his power, it would be very difficult for him to affect the current situation.

"Since everyone is already here, I won't hide it from everyone. I plan to make a big move this time." Wu Tian went straight to the point. There was no need to talk to these executives about the stakes involved. They were all experts here.

"President Wu, are you planning to get something here?" Yu Naixin felt that Wu Tian bringing them to this place must have had a very direct relationship with this Wu Group Building. Otherwise, there wouldn't have been any unnecessary actions.

Wu Tian smiled, nodded and said, "You are smart. Not bad, this time I plan to demoralize this Lee Zhan!" Let him know that our Wu Group are not that easy to mess with! "

At this moment when everyone was feeling down, Wu Tian's words were like a shot in the arm that struck directly into everyone's heart. Immediately, quite a few people started to get fired up and raised their fighting spirit.

"President Wu, with your words, I, Zhang Chi, will follow you for the rest of my life!" Zhang Chi had the greatest reaction among them. Recently, he had been squeezed into a very miserable state. If it wasn't for Wu Tian, who had been thinking of ways to support him, he might not even be able to maintain this shell of Hualong Movie anymore.

Since the company had become like this, not only did Wu Tian not punish Zhang Chi, he even planned to invest more in this place and turn the situation around. How could Zhang Chi not be moved by this?

"Stand up, we are not some ancient people, this is not going to happen. Besides, it's not for you, I made this decision for our company. We are all part of the company, I don't have any good intentions for anyone, I don't have any bad intentions. Therefore, I can't possibly watch as you all get bullied! "

Wu Tian said as he took a look at the building. Ever since they moved out, it seemed quite empty. However, this was just right. He could immediately make a lot of alterations to the building.

The spacious space could just be renovated into a recording studio or something.

"It's like this. I plan to raise our own funds and set up a film and television production team. We will also create some good works!" This was the trump card that would make everyone speechless.

As long as their work could gain the public's approval, all of Lee Zhan's tricks would lose their meaning.

Wu Tian indeed had an ambitious fighting spirit, but this wasn't something that could be done just by talking about it.

Hidden Billionaire Chapter 1065 - Merge of Three Companies

C1065 Merge of Three Companies

Wu Tian indeed had an ambitious fighting spirit, but this wasn't something that could be done just by talking about it.

Everyone had a different reaction when they heard what Wu Tian said.

Loong Yun raised her eyebrows when she heard Wu Tian's words. Every time Wu Tian had any new ideas or plans, Loong Yun would play a key role in helping him.

It wasn't because of anything else, but Wu Tian's actions sometimes didn't take into account the budget. This was because he often didn't know how much money he had left in his possession.

"President Wu, although we have some money on hand, but if we're shooting a movie, the investment amount is very large. If we want better effects, that would require hundreds of millions of investment ..."

Loong Yun started to pour cold water on Wu Tian as expected. Of course, this was only to remind Wu Tian.

"I know that this matter will not end in such a short time, so I'm more concerned about our attitudes. As long as we have such attitudes, the attention of the masses will return to us!"

Of course Wu Tian knew about it, he wasn't stupid. All the things he had done was to strike a blow against Lee Zhan.

"As long as you do as I say, it's fine. Now everyone's eyes are focused on Lee Zhan's film and television industry park. That was a fake, a scam!"

This was the first time Wu Tian told this to someone else. Many people on scene widened their eyes in disbelief, after all, this project was something the S City's government joined in to develop. How could he say it was fake?

"President Wu, we know this thing is useless. Right now, their stocks are going extremely high. Even if they don't do anything, they are still earning money."

Wu Zaibin didn't feel excited just because of what Wu Tian had said. Actually, the Lee Zhan incident didn't pose much of a threat to them. Most of their stocks had already been withdrawn and much of their money had been refunded.

"At the very least, their project would have to be close to 100 billion... If this project failed, all the money would be taken away by Lee Zhan. When that happens, there will be a lot of unemployed people. " Wu Tian didn't feel sorry for the money for others.

The main reason was that Lee Zhan had integrated most of the entertainment companies and film and television companies in the country, seemingly wanting to monopolize this industry.

If no one noticed this, if Lee Zhan took the money and ran away, the film and television industries across the country would probably suffer a devastating blow. At that time, it might not be easy for Wu Tian and the others to protect their own company.

"Since you said that, then of course, we are willing to do as you say!"

Yu Naixin, on the other hand, was already beginning to look forward to the future.

"Alright, let's move now. Wu Zaiyao, you should know how to handle the rest of the matters."

Wu Tian and Wu Zaiyao had worked together many times. As long as they exchanged a single word or look, they would be able to let each other know what they meant.

Wu Zaiyao nodded her head in a straightforward manner. A smile appeared on the corner of her mouth. "I understand."

"I got it, I'll go and publicize your plan now!" Dissemination of public opinion before the beginning of the plan has become the basic norm of the present business model.

After confirming that this was not the end of the matter, Wu Tian had other plans.

Now that Seafood TV and Odd Fish were being broadcasted live in this building, it was a good opportunity to integrate all of them together.

Although all of these companies had different names, they were still Wu Tian's businesses. In addition, they were all in the field of film and television entertainment, so they could be considered colleagues.

There was naturally no point in splitting up their power to deal with the enemy. Moreover, these three companies could all help each other. By combining them all together, they could display their strengths better.

"Taking advantage of the fact that you are all here, I hereby announce that from today onwards, seafood TV, Odd Fish live broadcast and Hualong Movie will be combined to form a single Hualong Entertainment, with me as the CEO. The main work will be given to Yu Naixin to distribute, and the three companies can proceed with a certain degree of simplification and synthesis, but you guys have become more professional than me, so I won't talk about it."

Wu Tian's decision was made very quickly and it was also very normal. However, this was indeed a huge matter involving the three companies.

So they merged.

As soon as the meeting ended, everyone started to get busy.

And the biggest change, would obviously be from the appearance of the Wu Group Building.

The roof of Wu Group Tower had a huge company name tag, and now Wu Tian had changed the company name tag to Hualong Entertainment. Wu Tian's actions could be considered as announcing this major change to the outside world.

All of a sudden, under Wu Zaiyao's hype, a lot of media came over to interview Wu Tian's company. However, most of the television station's reporters were basically just watching from the sidelines.

The media didn't just come to interview, they ridiculed Wu Tian's company's change from time to time.

After all, the people in the traditional film industry had now focused their sights on the film industry area that Lee Zhan's Yingdi Entertainment was preparing to set up.

Many people questioned Wu Tian's decision. Huang Lan felt that Wu Tian's actions were a little too radical.

"Wu Tian, aren't you being too anxious? I'm still gathering people for you. As long as you wait any longer, there will definitely be a result."

This wasn't the first time she said this. Wu Tian had listened to her suggestion from the beginning and decided to avoid a direct confrontation with Lee Zhan.

Now, they had completely given up on the traditional field of film and television. It was Wu Tian's decision on Huang Lan's suggestion.

"Am I radical?" Wu Tian lazily sat on the sofa in his room and pulled Huang Lan to his side.

"I feel like my actions are a bit slow. Do you still remember how you were injured? I haven't taken revenge yet!"

Although a lot of things happened to Wu Tian recently, he didn't forget about this.

"That matter has already passed a long time ago ..." Huang Lan's voice was very gentle. She gently leaned her head on Wu Tian's shoulder and just laid by his side.

"No matter how much time passes, I will never forget about it. Don't worry, this time, I will make Lee Zhan suffer!"

With the excessive rise in Yingdi Entertainment, it could be said that Wu Tian was happy, but Zhang Zerui and Lee Zhan were not in a very good mood.
