

C1083 Camou age

The Secret Service beside him didn't feel anything was amiss with Wu Tian's actions, but was watching him with a mischievous smile.

Soon, Wu Tian felt that the time was about to mature.

The Secret Service beside him was currently lying on a rocking chair, playing while staring at a secret service agent in front of him.

"We only have eleven people, and we actually need two people to be on duty. It's such a waste of resources."

As he spoke, he also chattered on.

It was as if he felt that he didn't need to be here at all.

Wu Tian quickly understood what he was thinking, so he followed his idea and said: "If you're really too sleepy, then go back to sleep, I'll look after this place by myself."

When he heard this, he was immediately overjoyed.

"Is that true?"

Wu Tian nodded. There was no need for him to lie about this.

"This is truly great. You are truly an angel sent down by the heavens. No, not even angels are as kind as you."

Wu Tian smiled dumbly. Unknowingly, a metal rod had appeared in his hand. The top end was wrapped in cloth.

If that was the case, it wouldn't create too much noise, and it would be very easy to use.

Just when that person turned around and was about to leave, Wu Tian swung his stick down.

It directly hit the back of that person's head, causing his muscular body to instantly collapse onto the ground.

Wu Tian quickly supported him, preventing him from falling down and making any noise.

Little by little, he gently placed the man in black on the ground.

There was no one to his left or right, so he hurried over to release the agents.

"Everyone, follow me! "Don't fall behind!"

They only had one chance. Even without Wu Tian's words, they knew clearly that once they fell out of the party, they would have no chance to escape.

The agents grouped in groups of three to                   ve, with two to three people supporting each other as they followed closely behind Wu Tian.

It was already late at night, and there was no one in the corridor outside. It was strangely quiet.

Furthermore, Wu Tian didn't trigger any alarm, so until now, no one knew what had happened.

"Be careful, there might be people patrolling back and forth."

Wu Tian reminded the agents behind him carefully and they moved forward slowly.

They were lucky that they were halfway there, but no one noticed.

However, at this moment, a voice came from a corner ahead. It seemed to be the voice of a patrol squad.

Wu Tian quickly commanded the agents to hide in the washroom.

"When are we going to catch the target?"

"You've troubled me. Do you think I'm smarter than you?"

"Ha ha-ha ha, you are de nitely more stupid than me. Even I don't know what happened, so you de nitely won't know."

The voices came closer and closer to them, then they walked step by step to the door of the bathroom.

"Wait for me here. I'll be right out after I go in."

One of them pushed open the bathroom door and was about to come in.

Wu Tian told the agents to hide in the bathroom cubicle, but there was no place for him, so he just stood by the sink.

When the patrol saw Wu Tian's presence, he was stunned for a moment. However, when they saw his clothes, they didn't say anything.

"Are you not feeling well?"

He looked at Wu Tian with concern. Leaving off sleep in the middle of the night, it was de nitely abnormal to be by the side of the pool.

Wu Tian nodded and acted like he was retching.

"My stomach hurts ..."

"Haha, you're sick too! I told you the food in this base is too lousy! We should expel all of them! "

Fortunately, Wu Tian's performance was very brilliant. Not only did he not notice, he even started to joke around with Wu Tian.

"Just go get some pills when you go back later. The drugs at our base are still very strong."

After the patrolling of           cer went to the toilet, he left without looking back.

Only then did Wu Tian and the other agents in the cubicle let out a sigh of relief.

Everyone's heart leaped to their throats as they were afraid that this fellow would barge into the cubicle and discover their presence.

Hearing the footsteps getting farther and farther away, Wu Tian called the agents out again.

"We can't continue like this ... We're too easy to                   nd. "

Wu Tian felt that although they could avoid it this time, they might not be able to avoid it a second time.

There were too many of them, too many of them, and as soon as people saw these agents they knew that they had run away.

"That's true! We should think of a way to disguise ourselves! "

These agents weren't idiots. They specialized in this sort of thing and immediately knew the best solution.

"Wait for me here, I'll help you think of a way."

Wu Tian decided to leave by himself. He couldn't let them leave in blood-stained clothes like this.

Maybe it was lucky, the various storage rooms on both sides of the corridor did have what Wu Tian and the others needed.

Inside were a large number of black suits and sunglasses.

These should be the normal resources of these black-clothed Secret Service, in the end, Wu Tian found out. He immediately picked out eleven sets of clothes and sneakily returned to the bathroom.

"Hurry up and put these things on... We'll walk out of here in a while. You guys don't need to talk, just let me do everything. "

Wu Tian was very pleased. He stood at the door and watched the people inside as they changed their clothes. If they were lucky, they might be able to escape from this place soon.

"Brother, I think you look kind. You're not the British agent."

The agents behind him did not forget to chat with Wu Tian while changing their clothes.

"I'm not an agent, I'm just being entrusted by Tieh Jun. "Actually, I am a merchant ..."

"Just drop it. From what I see, your mental fortitude is not something that an ordinary businessman can compare to."

These agents all agreed that Wu Tian wouldn't be any worse than them, so he was at least a professional level.

Seeing that, Wu Tian didn't say anything more. After all, it was quite tiring to explain to them about this thing.

Seeing that everyone was dressed, they were no different from those black-clothed Secret Service s.

"Be careful, someone is on duty at the entrance. We need to get out from there!"

Wu Tian warned again. Then, he took a deep breath and pushed open the door in front of him.

He didn't know what to do next. After all, this was the most crucial moment.
