C1131 Old Trick Bone

As the saying goes, when enemies meet, the other party's eyes would turn red.

Zhang Zerui and Wu Tian obviously met face to face. On the surface, they were extremely calm, but their eyes could kill each other many times.

Zhang Zerui did not have much of a reaction when he saw Wu Tian's arrogant appearance.

He waved at Wu Tian enthusiastically.

"You really are a rare guest. President Wu actually has the time to come to my place." If they didn't know the whole story, outsiders would probably think that Zhang Zerui and Wu Tian were very good friends.

Wu Tian sneered. His death was imminent, yet this guy was still putting on an act!

"Yeah, I do like your place, but it's a little dirty here. I think we should clean it and clean the dirt!"

Hearing Wu Tian's words, Zhang Zerui's expression immediately changed. He looked at Wu Tian in annoyance and his voice started to become deeper.

"If you're here to visit, you probably won't need to bring the police with you. Say it, what the hell are you up to this time!"

"Look at what you're saying. It's as if I've always been giving you trouble. I feel that you know what you're doing better than I do!"

It didn't matter whether he admitted it or not. Wu Tian didn't expect Zhang Zerui to admit anything.

This guy was an unforgivable evildoer. If he could voluntarily confess to it, then the sun would rise from the west.

Even if the sun rose in the west, Zhang Zerui would not reveal how evil he was.

At this moment, Zhang Zerui actually laughed, "I'm not afraid of anything. If I do something shameful, the heavens will punish me. If someone comes out with the evidence, I have nothing to say!"

He looked fearless, but Wu Tian was already prepared for it.

This time, not only did he come with security personnel, but he also brought Wu Zaiyao's media to watch a video. Due to the importance of this time's event, Wu Tian couldn't guarantee how much progress he would make, so he didn't dare to broadcast online.

"I was waiting for you to say that!" At this time, Wu Tian also laughed. He looked at Zhang Zerui, pointed at him, then pointed at himself and Sunn Hongsheng.

"We have so many people here. Are you going to let us stand here?"

"Not at all, not at all. Come in, come in, come in!"

Zhang Zerui made a "please" gesture and then let Wu Tian and the others in.

There was an invisible smile on his face, though it was fleeting.

Even though Zhang Zerui's Pulitzer Financial Group was very rich, the building wasn't very big, so Wu Tian's few hundred people definitely couldn't enter.

Thus, he led the few people beside him, as well as a few policemen, into the room.

Wu Tian swaggered in as if he was a leader checking things out. He looked left and right. Most of the people in the company had shocked and panicked expressions. The people from Pulitzer Corporation also knew that Zhang Zirui and Wu Tian had a grudge.

So when they saw Wu Tian swagger in front of them, it would be a lie if they said they were not nervous.

Zhang Zerui led them to the meeting room. He served everyone well, and he even made tea for them and poured water for some snacks.

"Speak, you, President Wu, don't come here for no reason. For you to suddenly think of coming here, you definitely aren't here to play, right?"

Zhang Zerui sat on his boss's chair and squinted his eyes as he looked at Wu Tian. Since the two were going to fight, then one of them had to make the first move.

Wu Tian was the attacking side and Zhang Zerui was the defense side. Therefore, Zhang Zerui was waiting for Wu Tian to make the first move, then he would think of a way to break it.

This way, he would be able to wait with ease and not change at all.

"Don't even mention it, the decorations here are great. It's countless times better than my place. If it's possible, I'd like to change it with you."

Wu Tian ignored Zhang Zerui's words and continued talking to himself. He even told a few jokes to Loong Yun and Sunn Hongsheng.

Their disrespect made Zhang Zerui slightly frown. After all, he was a chairman, who in the company would dare to treat him like that?

However, Wu Tian didn't say anything else after all. Zhang Zerui didn't want to be on the spot, so he could only bear with it.

"Actually, I asked for you today. I'm sure there's something I need you for, but you're too stingy. Giving us a cup of tea is not enough to destroy you even if we drink a few cups of tea!"

Now, Zhang Zerui's Pritt consortium could be said to be the largest corporation with the highest China.

He had first bought the Mecca Company, which was equivalent to integrating most of the industry in the S City. Now, he had also bought the shell left behind by the Yingdi Entertainment, and he had also acquired the entire country's media and entertainment companies.

There was probably no other company in the country that could be as strong as him. If there was someone who could count them, perhaps the Prius Consortium would be the company with the highest market value in the country.

"What do you want to say? Could it be that you came here to drink tea? " Zhang Zerui muttered to himself, but still told his secretary to prepare it for them.

He didn't dare to relax for a moment because he knew that Wu Tian definitely wasn't going to come so easily. There must be something waiting for him at the back.

After having his fill of food and tea, Wu Tian also ate quite a lot. He stretched lazily and picked his teeth with his legs crossed. He felt like he was not here for business but for a vacation.

Zhang Zerui was looking at Wu Tian from the opposite side of the table. Every move of his was firmly nailed in Zhang Zerui's eyes.

"Alright, since the matter is almost settled, then I have something to say."

Wu Tian was about to split up when he saw that everyone was already standing together. He knew he couldn't continue the torture, so he stood up.

"It's like this. I came today because I want to confront you face to face. I've come to ask for confirmation regarding Lee Zhan."

When the word "Lee Zhan" came out of Wu Tian's mouth, Zhang Zerui immediately tensed up.

Of course, Zhang Zerui knew what he had done. How could he not know if he had something bad on his mind?

However, killing people was a common occurrence for him, so he didn't have any psychological burdens towards Zhang Zerui.

However, in order to ensure his safety, Zhang Zerui thought about it carefully to confirm that he didn't leave any clues.

"Lee Zhan? What does he have to do with me? Wouldn't it be a mistake if you asked me? "

Zhang Zerui smiled. Without absolute proof, he couldn't admit it.

Hidden Billionaire Chapter 1132 - Straight to the Point

C1132 Straight to the Point

Wu Tian had predicted his reaction. This guy was very cunning, it would not be easy for Wu Tian to get him to surrender.

However, Wu Tian came this time because he was well-prepared. He didn't come in a hurry.

"I knew you'd say that!"

Wu Tian was very calm and clapped his hands.

Loong Yun, who was standing beside him, immediately walked up to him. Loong Yun connected the plate in her hand to the projector in the conference room and signaled for the people beside her to turn off the lights.

Zhang Zerui didn't know what he was doing, so he crossed his arms and looked at this scene with a serious expression. He didn't say anything, nor did he stop it.

Very soon, a group of people appeared on the screen. It seemed like they were moving something out of a freezer.

When the camera got closer, it turned out to be a corpse.

Judging from the features of his face, that person was clearly Lee Zhan.

When Zhang Zerui saw this, he immediately knew what happened. He also knew who probably betrayed him.

Other than Hee Wenjia, how many other people knew about it?

However, Zhang Zerui immediately recalled that incident. Basically, the weapon and fingerprints were all disposed of cleanly. Even a corpse could not prove anything.

"President Wu, I don't know why you took out such a video. What do you want to prove?"

Zhang Zerui was still as stubborn as a dead duck, pretending that he didn't know anything.

"You should know this person. He's called Lee Zhan, your previous partner. Do you know why he died?"

"I'd like to hear more about it."

"Let Officer Sun explain this. He's more professional than me."

Wu Tian had handed over this matter to Sun Hongsheng. He had more important things to do — stare at Zhang Zerui closely.

From the beginning, Zhang Zerui basically didn't show any signs of fear. This wasn't good news for Wu Tian.

He needed to find a gap in Zhang Zerui's psychological defenses. Only then would he be able to defeat him in one fell swoop.

However, this kind of person was usually extremely rational. If nothing went wrong, he wouldn't expose anything that was detrimental to him.

Therefore, he had to carefully observe everything and seize every possible opportunity.

"The cause of death was a blunt injury to the head ..." Sun Hongsheng stood by the side as he explained, his eyes were as sharp as an eagle's.

He knew the truth, but he also knew that sometimes it was useless for him to know who the real murderer was and he had to find evidence.

"Wait, I want to ask, what does this have to do with me? I do know Lee Zhan. "I am sorry that he is dead, but we are all businessmen and we only care about benefits. We do not care about other things!"

Zhang Zerui didn't try to hide his indifference towards Lee Zhan's matter, as if it had nothing to do with him.

Hearing Zhang Zerui's words, Sunn Hongsheng didn't know what to say next. This person was truly shameless.

"This is a human life! Do you know what a human life is? Is it that everyone dying in front of you — it has nothing to do with you? "

Sunn Hongsheng was flustered and exasperated. He was about to rush over and beat him up, but Zhang Zerui still didn't seem to care.

He might even find it funny.

"Of course I feel a bit sorry, but even though I know Lee Zhan and we are partners, why did he get into this situation? If you don't investigate, come here and ask me ... can you get any leads?"

Zhang Zerui still didn't expose himself at this time. He tried his best to avoid exposing any possible flaws in front of Wu Tian and the others.

"I knew you'd say that! "You want the proof, right? Alright then!" At this time, Wu Tian nodded at Loong Yun.

Loong Yun immediately played a recording. This time, it was Hee Wenjia's voice.

"I was at the scene. I saw Lee Zhan's corpse lying on the floor. Zhang Zerui was standing beside him, panting. He was holding an ashtray that was covered in blood in his hand. "At that time, I knew what was going on. It was Zhang Zerui who killed Lee Zhan ..."

Hee Wenjia's testimony was suspended at this moment. It was enough here. Next, they would have to see what Zhang Zerui would say next.

"If I remember correctly, this voice should be Hee Wenjia. This guy is crazy, you know? "

Zhang Zerui didn't feel anxious just because of the recording. Instead, he started to chat with Wu Tian calmly.

"I'm not talking about Hee Wenjia, it's about you! Do you still want to argue? "

Wu Tian didn't want to talk nonsense with this guy anymore.

"My business? Do you think this has anything to do with me? Would you rather believe the words of a psychopath? "

Zhang Zerui was ready to fight back. Because Hee Wenjia was mentally ill. Seeing him in this state, Wu Tian knew in his heart that Zhang Zerui would not admit it until he had seen the evidence.

Originally, Wu Tian wanted Hee Wenjia to appear at the end, but looking at the current situation, Wu Tian had to make Hee Wenjia appear in advance.

"Alright then!" I'll leave you with nothing to say! "Hee Wenjia, come talk to him about this matter!"

The moment Wu Tian finished his words, a person beside Wu Tian suddenly took off his hat and walked out from the back of the crowd.

This person was Hee Wenjia. Not only did he not stay in Flower Island, he had also come with Wu Tian to this place.

This was also a promise he made with Wu Tian. As long as he could give his own testimony in front of everyone, Wu Tian would ensure his safety.

"What the recording just said, I, Hee Wenjia, am willing to swear that if there is a lie, I will be struck by lightning."

Hee Wenjia was very calm. However, when he saw the smile on Zhang Zerui's face, he couldn't help but feel a bit scared.

This guy was simply too amazing. He definitely could not underestimate him.

Zhang Zerui did not panic just because of Hee Wenjia's appearance.

He slowly stood up and walked to Hee Wenjia's side.

"Mr. He, are you sure you weren't ill when you said that? I know very well what's wrong with you! "

Actually, Wu Tian had always felt it was strange from the beginning.

Hidden Billionaire Chapter 1133 - No Flaws

C1133 No Flaws

Actually, Wu Tian had always felt it was strange from the beginning.

Why did Zhang Zerui always say that Hee Wenjia was mentally ill? Even if he looked down on Hee Wenjia, he couldn't use such a language to attack him.

He had been hoping that Hee Wenjia would refute Zhang Zerui's claim in front of him and then humiliate him.

However, at this moment, Hee Wenjia started to not know what to say and started to stammer.

"This is bad!"

Wu Tian's heart immediately skipped a beat. Right now, he had the same feeling. Hee Wenjia must have hidden something from him.

This was bad! If there really was something wrong, then it would be troublesome.

He had thought that Hee Wenjia's testimony would become a crucial piece of evidence.

However, if Hee Wenjia was a suspicious person, then his testimony was meaningless.

This was also a trick that often appeared in court trials. When the defendant was unable to get rid of the witness testimony threat, they would often have their client investigate the witness's blemishes in order to require the witness to not be able to testify.

"You have nothing to do with this!" Hee Wenjia quibbled. However, from his tone, he could tell that he was not sure either.

"Zhang Zerui, don't change the topic!" Answer me, were you the one who did this? "

Wu Tian knew he had to help him quickly. If he let Zhang Zerui threaten Hee Wenjia like this again and again, this guy would collapse in a few minutes.

"President Wu, if you take out the evidence, I naturally have nothing to say. However, I can't accept this witness!"

Zhang Zerui's face was full of smiles. He glanced at Hee Wenjia and then walked back to his seat. At this moment, he had completely relaxed.

If he had felt the slightest bit of pressure from before, then now, this little bit of pressure was gone as well.

"Simply put, you guys have no direct evidence to prove that I did it. You can't rely on his words! What evidence did he have, my fingerprints on it, my DNA on it? Or do you have surveillance footage? "

The reason why Zhang Zerui dared to call out so arrogantly was because he had destroyed all the relevant evidence mentioned above.

It wasn't the first time he had done this, so he naturally wouldn't make any mistakes.

The only drawback was that he left the body to Hee Wenjia to deal with. He originally wanted Hee Wenjia to become a criminal like himself, that way he wouldn't dare to sell him out.

After all, if Zhang Zerui fell, Hee Wenjia would also be in trouble.

However, although he didn't expect Hee Wenjia to turn traitor, but just a corpse wasn't enough to convict Zhang Zerui.

For a rich man like him, even if he were to be sued, he could go and hire the best lawyer.

Hearing what Zhang Zerui said, Wu Tian also became silent. He never thought that this guy would be so hard to deal with.

There was no way Wu could convict Zhang Zerui.

All the attacks they had prepared so far had basically failed. Zhang Zerui was not afraid at all. He even had the means to refute all of Wu Tian's points of view.

"Do you think you can get away with this? I can sue you right now! "

Wu Tian didn't plan on giving up just like that. In fact, he still had a certain chance to win.

"Let me tell you, as long as I can apply for an arrest warrant and a search warrant in court, I can investigate your company, the place where you live, and even everything related to you! "Even if this murder has nothing to do with you, I can still find evidence of your crimes elsewhere!"

Wu Tian was very emotional and impassioned. At that moment, he could not retreat anymore.

With so many people behind him, if Wu Tian was scared — then what would they do?

Repeatedly retreating would only result in Zhang Zerui becoming stronger.

When they were no longer able to fight against Zhang Zerui, everyone would probably realize what they had missed.

"I don't care!"

Zhang Zerui, on the other hand, started laughing. He looked at Wu Tian as if he was looking at a defeated dog, making the final struggle. However, this kind of punishment had no meaning to him.

"You are shameless. Officer Sun, I'm applying to prosecute him now. You can take Zhang Zerui away as a suspect! "

Wu Tian immediately turned around and told Sun Hongsheng. They had already planned for this matter from the beginning.

There were several plans ahead of time. This was one of their plans, which was to use this method when they couldn't find Zhang Zerui's weakness.

No matter what, this matter was legal and reasonable, so Zhang Zerui couldn't say anything.

After all, the suspect had to cooperate with the police investigation, so the police had the right to take him away.

The only thing left for them was to find a way to quickly investigate the rest.

The police can give Wu steel time, during which time if Wu steel can find other relevant conclusive evidence, then Zhang Zerui can be convicted.

However, if Wu Tian was unable to do so, Wu Tian and the rest could only choose to accept the fact that they could not punish Zhang Zerui.

"Wait!" You can take me away if you want, but I have to know the reason. You can't arrest me without any evidence. "

Zhang Zerui immediately stood up to oppose the plan. Of course, he knew what Wu Tian and the others were thinking. It was nothing more than a plan to lure the tiger out of the mountain.

"In accordance with the police regulations, suspects can be summoned to cooperate with the investigation if there is a witness! Now, Hee Wenjia's testimony can be used as evidence! "

Sun Hongsheng was, of course, neither humble nor arrogant. They had already deduced the details several times, and there weren't any flaws.

"So that's the case, but I have a question. Do you really think his testimony is valid? If a psychopath's testimony can be used as evidence, then I have nothing to say. "

At this moment, Zhang Zerui shrugged his shoulders, reached out his hand to grab the secretary beside him. He gave him a look.

The secretary understood immediately.

"According to our laws, witnesses must be sane and the testimony effective. The testimony of the mentally ill is invalid. "

This secretary also knew some laws, so when he talked about it, he just kept talking.

C1135 Secret Interview

This was also the reason why Wu Tian was so worried.

If he were to miss this window of time, he probably wouldn't have such a chance in the future.

"Even if Hee Wenjia didn't exist, I think he would have had other methods too!" Loong Yun, on the other hand, was more optimistic. She also knew that there was such a theorem.

"President Wu, as long as he is the one who did this, there will be traces left behind. It is impossible to eliminate all the evidence."

This matter could be said to be a truth, but it would not be so simple if one wanted to find out the answer to this question.

The scene of the murder had long been destroyed and not a single trace of blood could be found. Even if they found him, it might not involve Zhang Zerui.

"If that's the case, then we have to find another way out. We have to see if anyone else knows about this."

Wu Tian didn't want to let it go like this. He started to plan and see if he could have other goals, or even other time.

As the two of them stood there studying, Loong Yun's tablet suddenly rang. Soon after, she received an email.

The email was anonymous, and Loong Yun thought it might be a hassle, so she planned to delete it.

But then she thought about how she had something important to do in there, so she opened the mail and read it.

Loong Yun nearly jumped in fright when she saw it.

This was because the contents of the email was a photo, and there was some information on this photo that seemed to be left behind from a screenshot from the surveillance video.

The content of the video was a few people gathered around a round table for a meeting. One of them held the other person's head tightly, and beside him, there was blood all over the table.

And the person who was committing murder, no matter how you looked at his clothes and clothes, they looked like Zhang Zerui.

"President Wu, look at this!"

Loong Yun showed the email to Wu Tian without saying a word. At this moment, both of them were dumbfounded ...

This was Zhang Zerui's work, this was evidence!

"Who sent this?"

Wu Tian asked anxiously. He never would have thought that when he was at the end of his rope, there would be another opportunity.

"I'll go investigate it now!"

Loong Yun was also very excited. This was a piece of good news. Although she didn't know who sent it, it was obvious that the message was directed at Zhang Zerui.

The enemy of the enemy is a friend. As long as their target was Zhang Zerui, Wu Tian was willing to cooperate with anyone.

At the bottom of the mail was a line.

"I can provide evidence, but you need to provide security!"

Wu Tian immediately patted his chest and guaranteed, "Don't worry, just tell him. As long as he can come to my place, he'll be the most secure. I'll stand guard for him myself!"

Wu Tian was going all out this time. He said he didn't want to encounter the same situation again. It was really too unlucky.

Thinking of this, Loong Yun immediately contacted that person. Although the other party was anonymous, they could still send each other emails.

Two or three hours later, Loong Yun finally received a reply from the other party.

"He said yes, but he had a request. He wanted to meet and discuss it. The time has been set for tonight, at the top floor of the S City Sailboat Hotel, where he will be waiting for us, along with crucial evidence. However, they still require us to bring him a certain amount of reward and to provide him with protection. "

Loong Yun said with a trembling voice. No one would have thought that things would turn out like this.

Wu Tian originally felt that he was just an unlucky person, but at this moment, he felt that he was the luckiest person in the world.

"That's great! Go and prepare for it now! Withdraw a portion of the cash. 200 million! As long as he can provide us with better information and evidence, I'm willing to give him 200 million! "

Although Wu Tian was happy, he didn't lose his vigilance.

"Oh yeah, no matter if what he said is true or not, we should investigate it thoroughly. Also, we should also check if a photo is deliberately giving us false information."

Loong Yun nodded. It was just like how Wu Tian would pay attention even if he didn't say anything. It was a serious matter and he mustn't let his guard down.

Very quickly, the Security Team staff members started to disguise themselves and scattered, leaving the Flower Island s one by one.

They wanted to sneak into the sailing ship's hotel in advance to set up security and monitor the situation.

When night fell, Wu Tian and Loong Yun then slowly left the Flower Island and headed straight for the Sailboat Hotel.

The situation progressed relatively smoothly, and they did not encounter any obstacles along the way.

At this moment, the satellite in the sky was watching Wu Tian's actions closely, especially the roof of that sailing hotel.

Because he was afraid that it would attract Zhang Zerui's attention, Wu Tian had even announced to the outside world that he would have a meeting with the people from Flower Island.

And all this was done as if it were true.

The Flower Island executives and almost all the Wu Group executives all came to the Flower Island meeting. That way, even if Zhang Zerui had some eyes, they still wouldn't be able to confirm if this meeting was real or fake.

However, in terms of the current situation, it was very reasonable for Wu Tian to convene a meeting at this time. After all, to deal with Zhang Zerui, he would need to gather all the strength of Wu Group company ...

This hidden plan was perfect. Wu Tian quietly entered the basement parking lot of the Sailboat Hotel ...

The two of them had already disguised themselves. At this time, Wu Tian and Loong Yun disguised themselves as lovers and got on the elevator to the top floor.

The top floor of the Sailboat Hotel was a large attraction of S City, where many people would normally view the scenery outside.

Thus, even if someone were to come specially, no one would doubt him.

At this moment, there were almost a hundred people on the rooftop. After Wu Tian and the others came up, they did not know who it was that sent them the message.

The other side had agreed on a time of 9: 00 PM. It was already 8: 55 PM.

In other words, they would be meeting and trading in less than five minutes.

"President Wu, our people have already been arranged nearby. The helicopter from Security Team is already waiting in the sky, we can retreat anytime."

"Alright, then we'll wait and see. I want to see who it is that wants to cause trouble for Zhang Zerui!"

At this moment, a somewhat timid and fearful person walked onto the rooftop.
