C1136 Betrayal of Zhang Yirui's Secretary

At this moment, a somewhat timid and fearful person walked onto the rooftop.

Wu Tian immediately noticed it. Because this guy was too eye-catching, it was impossible for him not to notice him.

The temperature wasn't that cold yet, but this guy was wearing a windbreaker that could cover his entire body.

He had a mask on his face and a hat on his head.

It would be strange if he wasn't recognized.

Loong Yun and Wu Tian nodded, both of them sure that the person was right.

Loong Yun took a step forward and proactively contacted this person.

"The wind is strong tonight, but it's cloudless."

The masked man suddenly saw Loong Yun. Hearing his words, he immediately replied, "There is no moon, but there are stars."

The signal was correct, which meant that they were indeed the people she was waiting for.

The masked man excitedly shook hands with Long Yun. His palms were full of sweat, and his body was still shaking from time to time. It was obvious that he was extremely nervous.

"Come this way. I've been waiting for you for a long time. " Loong Yun didn't say anything further. After confirming who it was, she immediately brought him to a table beside the rooftop.

There was a coffee shop on this roof, with tables and chairs for customers to sit in for coffee.

He sat at a table and looked at each other. Wu Tian was beside them. Although he did not sit with them, he was very close to them and could clearly hear their conversation.

"What do you mean by contacting us? And that picture? "

Loong Yun went straight to the point and he was too lazy to waste his breath. Since the opponent had displayed a screenshot of the video, it meant that he should be able to get the video. For them, this was very good news.

If he could get this video, it would prove that Zhang Zerui had killed someone.

"Let me introduce myself. My name is Shen Wanli, I'm Zhang Zerui's secretary."

Loong Yun and Wu Tian were both shocked when they heard this. Shen Wanli actually ran over to join Wu Tian and the others. If this matter was placed with Wu Tian and the others, it would be equivalent to Loong Yun running over to Zhang Zerui and saying that she would sell out Wu Tian.

"Why are you ..." Loong Yun had a face full of astonishment, but she couldn't believe that it was true. Shen Wanli definitely knew a lot about Zhang Zerui. If he was really willing to help Wu Tian, Wu Tian and the others would definitely be able to know more about Zhang Zerui.

Shen Wanli looked around vigilantly and sighed, "Do you think I would betray him? Actually, it's not that hard to understand. It's very simple: afraid. "

"It's just because he's scared. This person is too crazy. For his sake, he can do anything. Beside him, he felt like he was cooperating with a madman. So in other words, I don't want to be implicated by him. "

Shen Wanli muttered. His various actions and attitude had confirmed that he was indeed thinking this way.

If a person wasn't extremely afraid of him, it would be impossible for them to be trembling all over with horror when they called out his name.

They didn't think that Zhang Zerui would be like this due to someone close to them. In a sense, he deserved it.

As the saying goes, everything has to be done by oneself. If he relied on force to suppress others, he would only obtain resistance from others.

"So what can you offer us? What do you want from us? "

Speaking of this, Shen Wanli was a little more realistic. He was not a good person, so he wouldn't casually provide all of the information that he had to Wu Tian for free.

"I want money, enough for me to live abroad and then leave the country. I don't want to encounter anything like Hee Wenjia again."

Shen Wanli seemed to be brooding over the fact that Hee Wenjia was taken away by the police.

It was because he had also wanted to do the same thing as Hee Wenjia. However, his failure had also brought a huge blow to Shen Wanli. He did not dare to imagine whether he would suffer the same defeat as Hee Wenjia.

"I already know the situation. I will discuss it with my boss when we get back. However, we can agree to your conditions, but only if you are able to provide us with what we want. "

Loong Yun was neither humble nor arrogant. She was not led astray by this Shen Wanli.

Trading was possible, but the prerequisite must be equality and reciprocity.

In simple terms, it was a win-win situation, and Wu Tian's money wasn't something that came from the wind. It was impossible for him to casually invest his money into someone he couldn't trust.

"Don't worry about that, I've already brought it today."

While saying that, you took out a small USB stick from your pocket. Something like a USB flash drive was very small and easy to carry. It was also convenient for him to steal and store all of these videos.

"This is only a part of it. I've cut off the most important parts. "There's no other way, we can only hand over the money." Shen Wanli had a lot of ulterior motives. In order to not give him the money, he did something troublesome himself.

Wu Tian had noticed his little trick, but he didn't say anything. After all, if a person was in extreme fear, they would definitely hope that they could find something that would allow them to feel safe.

As long as Shen Wanli was willing to hand over the so-called evidence in his hands, Wu Tian was always more lenient towards whatever he wanted to do.

"Very well, we are willing to pay you a portion of the deposit."

After saying that, Loong Yun quickly placed a box on the table and pushed it beside Shen Wanli.

Shen Wanli quickly opened up a crack. When there were too many people around, he didn't dare to open up all the boxes.

With just one look, he was immediately overjoyed, because it was filled with money.

"There are 2 million in here. If there aren't many of them, let's say we express our intentions."

Loong Yun said indifferently. After that, she took the dish and inserted it into her tablet computer. She carefully searched through the documents inside. It was indeed a video of Zhang Zerui killing someone.

However, the video had disappeared at the most crucial moment, so such a thing could not be submitted as evidence, because it was insufficient.

"Prepare for the next transaction. We will have enough cash left over by then. At the same time, I hope that you can bring what you have."

Noticing that it was getting late, Loong Yun simply threw down those words, took her things and left, disappearing into the crowd.

Hidden Billionaire Chapter 1137 - Anachronism

C1137 Anachronism

Shen Wanli locked the box and left while hugging the box with a smile.

However, his actions were too eye-catching. It was likely that not many people had ever seen such a crazy person.

Not long after this Shen Wanli left the sailboat hotel, a few hoodlums noticed him.

Sometimes, people were like this. If they were unlucky, they would drink cold water and their teeth would be stuffed.

Shen Wanli was not targeted by others, instead, he was targeted by a few half-grown street hooligans.

They followed Shen Wanli into a small alley and rushed up to give him a beating.

Shen Wanli was only a secretary, how could he endure all this? They were knocked down to the ground immediately. Their goal was clear, they wanted to snatch the box in his hands.

Shen Wanli tried his best to protect the money box, but it was still mercilessly snatched away by the other party.

The 2 million he just received was suddenly snatched away ...

Shen Wanli curled up his body. He sat by the street and was completely lost. All of a sudden, he felt like his life was meaningless.

Even if he wanted to go back on his word, he couldn't even do that. He could deal with Wu Tian and Zhang Zerui, but he couldn't deal with those street hooligans ...

How dare those thugs on the street treat Wu Tian in such a manner? How dare they treat Zhang Zerui in such a manner?

While he was lost in his thoughts, Shen Wanli's phone suddenly rang.

"Where the f * ck are you? I've been looking for you for a long time. Have you sent me the documents from today's meeting? And have you done what I told you to do? "

Hearing the tone, Shen Wanli smiled. At this moment, he suddenly felt that people were like this all their lives, unable to change anything.

"Boss Zhang, I'm outside. I just got home, so don't worry, things have already been settled."

Shen Wanli's voice immediately changed and returned to how it was when he was Zhang Zerui's secretary. No one could tell the helplessness and anger in his heart.

"That's good. I have something to arrange for you to come here early tomorrow!"

Then, he hung up. Zhang Zerui had always been like this. If anything happened, he would call as soon as he could and hang up immediately after telling Zhang Zerui.

It was just like how Shen Wanli was just a machine that could only accept commands.

After hanging up the phone, Shen Wanli looked at the sky. He suddenly felt that what he had done was even more correct.

If they could not find a way to get rid of such a person, it would be a huge problem for the others. And even if he did, Zhang Zerui would think of a way to silence him.

After all, Shen Wanli knew too many secrets of Zhang Zerui. It was impossible for such a person to survive.

Thinking about this, Shen Wanli's expression became serious. He clenched his fists and looked at the location of the Pulitzer Financial Group not far away.

Since you have treated me like this, then I have nothing else to say.

Shen Wanli immediately went home and rushed to his computer. He wanted to organize the remaining videos and make a deal with Wu Tian as soon as possible.

With that done, he could leave the country and live a leisurely life in another corner of the world. He no longer had to worry about similar things happening to him.

As for Wu Tian, he returned to his Flower Island, still thinking about what just happened.

"This Shen Wanli, have you guys investigated him?"

Wu Tian was quite curious about this person's identity. He seemed to have never heard of this name before.

"Yes, but not in particular."

He had investigated most of the people in Pulitzer consortium, especially the leaders of the upper echelons.

"He seems to have been recruited by the Pulitzer consortium when he just arrived at China. Before, he only did some work like secretaries and office clerks. The family background is also very ordinary. In short, it's someone who doesn't have any special characteristics. "

To put it simply, this guy could be at ease. He didn't have any background before, but now his only advantage was that he was close to Zhang Zerui. He could get involved with a lot of stuff about Zhang Zerui normally.

"Hmm, since that's the case, why did he choose to betray Zhang Zerui?"

That was what Wu Tian was most worried about. Motivation.

If the other party didn't have a clear motive, then it was obvious that he couldn't be trusted.

"I was thinking about that too, and he said he was afraid. Maybe Zhang Zerui was going to kill him? This is very possible. If Shen Wanli's matter is exposed, Zhang Zerui definitely won't let him off easy. He definitely won't give him the chance to say it. "

But soon, he thought that he could still move freely outside. He even ran out to meet with Wu Tian and the others, which meant that Zhang Zerui didn't suspect him.

Actually, the chances of the other party succeeding were quite high. However, when there would be a problem, then no one could say.

"If that's the case, then we should prepare as soon as possible. If something goes wrong with him, we have to find a way to get that video file."

Wu Tian was no longer limited to Shen Wanli.

As of now, Zhang Zerui and him were openly opposing each other, the other side should have some doubts and vigilance. They would definitely not let Wu Tian easily collect the evidence.

Then, could it be that the other party also suspected this secretary, Shen Wanli?

Or could it be that Shen Wanli was originally a smoke bomb released by the opponent?

All of these reasons might come true, so Wu Tian didn't want to fall into Zhang Zerui's trap again.

"Loong Yun, watch this Shen Wanli closely. If he does anything, immediately tell me. Also, see if we have any chance to sneak in. I think their Pulitzer consortium has something to talk about."

Hearing Wu Tian's words, Loong Yun immediately frowned. She had a faint feeling that Wu Tian was about to do something big ...

"President Wu, you wouldn't ..."

"Don't stop me on this matter! Other than me, no one else would dare to do so. " Wu Tian smiled. He knew what Loong Yun was thinking. She was definitely worried about him.

"But this is too dangerous! "How can you go to Zhang Zerui's place!"

When Loong Yun heard Wu Tian's words, she knew that Wu Tian definitely wanted to sneak into Zhang Zerui's Pulitzer consortium.

Actually, it wasn't like he hadn't done it before, and he had already sneaked into the Zhixing Technology Company before this.

It was just that now, Pulitzer Financial Group was like an iron bucket, it was almost impossible to infiltrate.

Hidden Billionaire Chapter 1138 - A New Transaction

C1138 A New Transaction

Soon, it was the second time Shen Wanli and Wu Tian had agreed upon.

This time, Wu Tian had personally come. He decided to personally meet Shen Wanli.

The appointed location was by a river. The vicinity was rather remote. Furthermore, the trees were denser, and there wasn't much traffic.

Shen Wanli was also afraid of being robbed. He was afraid that he would be robbed again, so this time, he specially drove over.

Wu Tian arrived a lot earlier than usual, but this time, he arranged for someone else to stand guard nearby.

As a person, one should always have some reservations towards the other. One shouldn't put all of the eggs in one basket.

When he saw Shen Wanli, Wu Tian quickly got out of the car and waved at him.

This time, Shen Wanli wasn't as nervous as before, and he appeared to be much more confident inside and out.

"I didn't expect it to be President Wu this time. I'm really sorry. However, since we have arrived, let's start now."

Shen Wanli did not waste any time on words. He hoped that this deal could be completed as soon as possible.

The plane tickets were all booked. After the money was received, there were still two hours of window time. Zhang Zerui purposely arranged this for him, so he didn't have to be by Zhang Zerui's side for the past two hours.

"Alright, I like fast talk! Then let's begin. "

As he said that, Wu Tian gestured to Loong Yun. Immediately after, Loong Yun brought a laptop over and opened the bank transfer interface.

It was impossible to bring two hundred million cash. That amount of money would probably fill the trunk. Therefore, he used the method of bank transfer. That way, Shen Wanli wouldn't have to worry about him getting robbed.

"The videos are all inside. You can take a look at them now. If there's no problem, we'll finish the trade."

Shen Wanli also hurriedly took out the USB and passed it to Loong Yun.

Loong Yun immediately started to check the authenticity of the video while Wu Tian started to chat with Shen Wanli.

"When and where did you get this video?"

"There should be a date above the time frame and the location of the video shoot should be the board of directors office. You should know what happened at that time. It was the case of the body that caused such a ruckus in your company."

Shen Wanli said plainly. As he said this, he kept looking at Loong Yun.

He was afraid that something might happen to Loong Yun here. Although he was confident in his evidence, he was worried but also confused. The more anxious he was to leave, the more he wished that he could end this as soon as possible.

"Is that so? Then how did you get this video? With Zhang Zerui's ability, he definitely won't leave this video as evidence."

Wu Tian squinted his eyes and stared at Shen Wanli. He didn't want what happened between him and someone else to appear on Shen Wanli's body again.

If this evidence was fake, not to mention spending 200 million, it would be even harder to take down Zhang Zerui in the future.

"Back then, it was him who told me to get rid of this video, so I just copied it and didn't delete it. I kept it in my hands."

Shen Wanli said proudly. At this moment, he felt like a genius himself. Otherwise, how else would he be able to come up with this video? This could prove that he had relied on his application.

Wu Tian nodded and didn't say anything, but he was already beginning to have doubts in his heart.

With Zhang Zerui's careful thinking, how could he not think of this? Wu Tian felt that it was impossible.

This person had done so many bad things, but no one had been able to catch him. This meant that he must have been very meticulous in this regard.

Of course, he couldn't let just one person deal with such an important piece of evidence.

But if what Shen Wanli said was true, Wu Tian didn't know how to explain this problem.

"President Wu, there's no problem with the video. It is indeed real. We can submit it to the police as evidence."

After a careful inspection, Loong Yun confirmed that this video was OK. Shen Wanli, who was beside her, finally let out a sigh of relief.

"Since that's the case, let's start the trade now!"

He couldn't wait any longer.

"Wait a minute!"

Wu Tian suddenly stopped. He frowned and ran to the side to watch the videos.

Shen Wanli's heart was in his throat. He asked nervously: "President Wu, what's wrong? Is there a problem? "

Wu Tian didn't know what to say either. He just felt that it wasn't that simple and the whole process was too easy.

"It's fine, it's fine ..."

Wu Tian waved his hand but didn't say anything.

Therefore, Loong Yun started to transfer the money to Shen Wanli's account while Wu Tian started to check the videos step by step.

The transaction was over soon, so Shen Wanli drove away happily. His actions were already recorded in the trunk, so he was waiting to go directly to the airport and board the plane.

At that moment, Wu Tian was still very worried. He looked at some videos bit by bit.

Loong Yun thought that Wu Tian had found something, so she was a little nervous.

"President Wu, is something wrong with him?"

Wu Tian frowned. He couldn't tell what was going on.

"I always feel that this matter is not easy to deal with ..."

He looked at the so-called surveillance footage. He suddenly realized that there was indeed the sound of Zhang Zerui killing someone inside.

However, before he killed his opponent, there was nothing in the surveillance footage anymore ...

This wasn't good news, it meant that the surveillance video wasn't complete. Although it had the most critical killing picture, it didn't reveal the reason why Zhang Zerui did it.

"I get the feeling that these videos are only half done. The first half is gone. Why did he kill someone and why did he do it? I can't see the answer in any of these videos. "

Wu Tian had some doubts, but now that Shen Wanli had left, he wanted to ask Shen Wanli about this matter. Perhaps, he might not get a good result.

"Maybe he didn't notice it when he cut the video, but with this clip, it's enough for us."

Loong Yun's opinion was quite optimistic. At least, legally speaking, this was enough. It could indeed prove that Zhang Zerui had killed someone.

On the other side, Shen Wanli happily drove his car. Suddenly, the car broke down midway and stopped moving.

"F * ck!"

Shen Wanli watched the time pass by second by second. He had less than half an hour before the plane took off, and he was still more than ten kilometers away from the airport. The car breaking down at this moment was killing him.

Hidden Billionaire Chapter 1139 - There Is Someone More Powerful than You

C1139 There Is Someone More Powerful than You

Shen Wanli quickly got out of the car to check. However, at this moment, he realized that the tires of his car had all deflated and the tires were almost simultaneously pierced. No wonder the car couldn't run anymore.

There were almost no cars coming and going on the nearby road. Shen Wanli couldn't get a lift even if he wanted to, so he was in a hurry.

"Why are you here? Didn't I tell you to do something? "

Suddenly, a voice sounded from behind him and a hand rested on Shen Wanli's shoulder.

When Shen Wanli heard this voice, his whole body trembled ...

His heart had stopped beating because he knew he was doomed. This voice was obviously Zhang Zerui.

"Boss Zhang ..."

Shen Wanli swallowed his saliva and turned around with a mischievous smile: "Why are you here?"

"Why am I here? I should ask you. " Zhang Zerui was still smiling as he patted Shen Wanli's face.

The surroundings were very quiet, with only the sounds of birds chirping and insects chirping. At this moment, Shen Wanli suddenly realized that he did something wrong.

He knelt down and hugged Zhang Zerui's leg with tears streaming down his face.

"Director Zhang, I was wrong. I really don't dare to do it anymore. I was just possessed by a ghost ..."

Zhang Zerui looked at the man in front of him with a smile, then kicked him away.

"Do you think it would be useful to tell me this now? However, you don't have to worry. I am not disappointed by your betrayal.

Zhang Zerui said as he took out a plastic bag.

He walked towards Shen Wanli step by step. Although there was a smile on his face, the more he did that, the more terrifying he was.

"CEO Zhang, Zhang Zerui, you can't do this! You have a weakness in my hand! If you dare touch me, I'll sue you at the police station! Let them catch you, you're dead meat! "

At this moment, Shen Wanli desperately wanted to grab onto any hope that could save his life.

However, this effect was not very good.

It was because Zhang Zerui didn't seem to be afraid at all.

"Really? Then continue!"

Zhang Zerui said lightly: "Actually, if it's inconvenient for you, it would be hard for me to make a move on you. After all, killing a person without any reason would still make my heart uneasy. But right now, I'm in a very good mood."

At this moment, Shen Wanli's face was full of fear. From Zhang Zerui's words, he heard that they had already set up such a trap and were waiting for Shen Wanli to enter.

To put it bluntly, Zhang Zerui never wanted to let him go. Shen Wanli would die sooner or later if he knew these secrets. The difference was only a matter of time.

"Did you not expect this? Do you still think that I can be played by you?" At this moment, Zhang Zerui had retracted his smile and revealed the malevolence under his real face.

"The thing that I hate the most is for others to betray me. So, go and die with me."

As he spoke, Changchun Rui put the plastic bag in his hand over Shen Wanli's head.

Shen Wanli was unable to struggle due to its huge power. He could only watch as the space he was breathing gradually shrank. The feeling of being covered by the plastic bag was not very comfortable.

"Zhang Zerui, you ..."

Shen Wanli's struggling strength and sound became smaller and smaller. He could not breathe and made him dizzy. It only took him two to three minutes before he stopped moving.

Such a method would not leave behind any blood, and it would also save him the effort of cleaning up the crime scene.

Zhang Zerui directly threw Shen Wanli into the trunk of the car, then poured the gasoline all over the car and set it ablaze.

After doing all this, Zhang Zerui ran into another bush and drove off in another car.

He might have thought that this matter was done perfectly without anyone knowing. Even if Shen Wanli's corpse was found, the clues on it would have already been completely burnt.

What he didn't expect was that someone thought a step deeper than him. Wu Tian had always been led by the nose by Zhang Zerui, and this time, he was in front of Zhang Zerui.

In another bush, a camera quietly recorded everything that had just happened.

A few Security Team members were currently holding this camera in their hands as they watched Wu Tian's online video play.

Wu Tian and Loong Yun clearly saw everything that just happened.

The video ended and Wu Tian let out a long sigh.

"This person is really too ruthless ..."

Of course, Wu Tian knew that Zhang Zerui was a vicious and merciless person. However, he never thought that his actions would be so bottomless.

Zhang Zerui was beyond the imagination of ordinary people. He didn't care about the lives of ordinary people. Everyone was just a pawn in his game.

When he saw the unpleasantness, the only thing he could think of was whether or not he should find a reason to kill him.

Based on the current situation, the evidence in Shen Wanli's possession was probably given to him intentionally by Zhang Zerui.

His goal was to get him to do something. It would be best if he could get Wu Tian into this circle.

His opponent had obviously dug some hole or set some trap for Wu Tian to jump into.

"President Wu, since that's the case, how about we just report this live broadcast to the authorities?"

After a long while, Loong Yun also started to speak. She still hadn't recovered from her shock.

"This won't do, this is our trump card, let's just follow the method we used before and hand over Shen Wanli's video to Sunn Hongsheng. Isn't that case not over yet? Coincidentally, they can also use this to settle the case."

Wu Tian didn't plan to reveal his trump card too early. Since the other party already prepared a trap for him, then he might as well test it out himself.

"Alright, I'll contact them right away!"

Loong Yun quickly made a phone call informing Sun Hongsheng that there was more evidence on it.

A few days ago the show that was released at the Pulitzer consortium began once again.

This time, Wu Tian not only brought along his own Security Team and life's police, but he also brought along the judge of the court.

His goal was not only to get arrested on the spot, but also to confront him in court! With people from the court, it made Wu Tian feel more at ease.

Zhang Zerui wasn't nervous at all this time. He knew perfectly well what Wu Tian and the others wanted to do this time, and what they could do was all part of his plan.

Hidden Billionaire Chapter 1140 - Means

C1140 Means

This time, Zhang Zerui wasn't nervous at all. He knew perfectly well what Wu Tian and the others wanted to do and what they could do. All of this was part of his plan.

He swaggered out of the room. Looking at the situation that was similar to the previous time, he scratched his head and felt a little impatient.

"I'll tell you, what are you up to this time? I'll tell you, if you come again and frame me, I'll sue you!"

Zhang Zerui directly went up to scare Wu Tian. Of course, he didn't expect that one sentence from him could scare away Wu Tian and the others.

However, he was still quite proud of himself. He felt that he was very clear about what cards Wu Tian had right now.

"Boasting shamelessly!"

Wu Tian narrowed his eyes and glared at Zhang Zerui. He felt that this guy was hopeless. But he still had to do what he had to do.

"Whether I'm boasting or not, we will soon know. After saying that, what evidence did you guys get this time for me to admire? "

Zhang Zerui got someone to bring a chair over for him and then sat on it with his legs crossed, looking at Wu Tian complacently.

He could also feel that the number of people this time seemed to be more than last time, but he wasn't worried. Since Zhang Zerui dared to hand him over to Shen Wanli for that video, he definitely left a backup plan.

The script was already written. The rest would depend on how they were going to act.

Wu Tian clapped his hands at Loong Yun. Loong Yun came over with the projector and a series of equipment.

A projection device was set up on the spot, and the surrounding people were stunned.

Sunn Hongsheng and the others didn't know what Wu Tian was up to this time, so they were curious to see Wu Tian do it.

When he was done with all these, Loong Yun played the movie she got from Shen Wanli on the spot.

Looking at the scene, everyone present was shocked.

Sunn Hongsheng immediately took out his pistol and handcuffs and nodded to the policemen beside him.

"Go and handcuff him!"

These policemen were swift and decisive as they caught Zhang Zerui without hesitation.

However, Zhang Zerui didn't appear to be worried at all. Instead, he wore a smile on his face.

"What are you laughing for!"

Wu Tian's expression was very serious.

Zhang Zerui snorted coldly and said without a care, "I'm telling you with just this surveillance recording and you want to convict me?"

"The evidence has been confirmed! What else do you have to say for yourself? Could it be that you want to say that the person on top wasn't you and you didn't kill him? "

Wu Tian sneered. He wanted to see how Zhang Zerui was going to remove the suspicion on him.

The people from the court that he brought were also whispering to each other, probably trying to decide whether they could convict Zhang Zerui through this thing.

"I don't want to deny anything, the person up there is me, and I did kill him! But you have to consider my motives for killing! I insist that I am not guilty! "

Zhang Zerui shouted loudly, then he also shouted his own voice towards the direction of those people in the court, whether intentionally or not.

Sunn Hongsheng originally wanted to forcefully take him away, but he saw the people in the court wink at him, so he quickly ran over.

"Judge Liu, what's wrong?"

"It's true that he committed murder, but he doesn't need to know his motive for doing so. If it was intentional, then he should be punished, but there are other possibilities ..."

As a judge, he naturally had to be extremely responsible for the truth. Even if this person was a criminal who committed a heinous crime, he had to first clarify the truth before being convicted.

"But, he already killed someone, can't I arrest him?"

Sunn Hongsheng was a bit confused. After all, he was just a police officer in charge of handling cases and not trials. It was normal that he didn't know some of the procedures.

"Forgive me for being blunt, but not all cases of murder are criminal cases ..."

The meaning of Judge Liu's words was very clear. If this wasn't a criminal case, then Sunn Hongsheng and the others couldn't forcefully take Zhang Zerui away in this way.

"Alright then ..."

Hearing Judge Liu's words, Sunn Hongsheng had no choice but to nod in agreement.

He looked back at his brothers and waved for them to remove all the handcuffs.

However, the policemen were still not far from Zhang Zerui. They were still one or two meters away from him, maintaining the ability to catch him at any time.

"Your recording is incomplete!" After Zhang Zerui was released, he immediately knew that he had succeeded in his conspiracy and wore a proud smile on his face.

"Why, do you have a complete one? Then why don't you show it to me and let me see what kind of purpose you have for killing someone! "

Wu Tian followed Zhang Zerui's words and continued to speak. Hearing Zhang Zerui's words, Wu Tian felt that it was funny. So far, his actions had all been within Wu Tian's prediction range.

In other words, Wu Tian knew from the beginning that Zhang Zerui wouldn't be taken away so easily because of this video.

Zhang Zerui Ze fished out an USB from his pocket and swaggered to Loong Yun's side.

"Beauty, I'll have to trouble you to play this video. Thank you, beauty. Why don't you come over and be my secretary? Hahahaha!"

Zhang Zerui was very cocky and even teased Loong Yun.

Loong Yun rolled her eyes at him, but she still took the USB drive and plugged it into her computer.

Just like Zhang Zerui said, his video was a full version, and the entire meeting and other random stuff like that were still there.

Everyone looked at the screen and began to worry. They were afraid that Zhang Zerui would take advantage of them.

They saw that their group started to have a meeting. Then, the person that was killed suddenly went berserk, picked up a stool and some random stuff on the surroundings, and started attacking Zhang Zerui.

Zhang Zerui was only defending at first, but he kept backing off and was even forced into a corner. At this time, that person also took out a shiny knife.

Zhang Zerui saw that his life was in danger, so he picked up the ashtray beside him and threw it at this person's head. And here, it was basically the same as the tape provided by Wu Tian.

Wu Tian and the rest were all stunned as they saw this scene. The development of this event was too amazing...

Looking at the front and back was completely different.
