

Hidden Billionaire Chapter 1151 - Eavesdrop

C1151 Eavesdrop

Although this thing was a bit dirty, at the critical moment, no one could care about that much.

Yuan Jingwen was humming a song as she walked out of the bathroom. She didn't notice anything amiss at all.

She was wiping her hair as she looked at the living room. Suddenly, her eyes started to focus. Although the singing did not stop, her eyes started to change.

Her expression began to turn serious. At the same time, she stopped the towel in her hand and pulled out a baseball bat from behind the cabinet next to the bathroom.

She looked around cautiously because she had already sensed that someone had moved something in the room.

Although Wu Tian tried his best to put everything he saw back where it was when he was searching, he never thought that Yuan Jingwen knew every place like the back of her hand ...

This was her room, so she knew the things inside the living room very well.

Yuan Jingwen only needed to take a glance to deduce that her room had been invaded. Her reaction was quite quick.

However, in order to not alert her, she still hummed a song and pretended that she had just finished her shower.

In order not to be discovered, Wu Tian and # 1 almost held their breath. They almost wanted their hearts to stop beating.

On the other side, Yuan Jingwen was also very nervous. No matter what, she was just a girl.

Faced with such a situation, it was normal for her to feel somewhat afraid.

"Who are you? Come out quickly. If you don't, I'll call the police!"

Yuan Jingwen looked around but didn't find any place to hide. However, the marks in the living room confirmed that the room had indeed been touched by someone ...

Wu Tian didn't know what to do at this moment. No matter what, they really did break in illegally ... If she really did call the police, Wu Tian would really have nothing to say.

By then, he might even end up in jail ...

At this moment, Wu Tian suddenly started to regret. He shouldn't have barged in so impulsively. Only the heavens knew how meticulous and difficult this little girl was to deal with.

Yuan Jingwen also began to search the room bit by bit. First, she checked the various closets and some places where she could hide people.

Wu Tian also started to get nervous because Yuan Jingwen was getting closer and closer to his side. From the sound of her voice, she seemed to be approaching the window side.

Wu Tian was wondering if he should stand up and try to knock Yuan Jingwen out.

If he was fast enough, Yuan Jingwen wouldn't even be able to see who they were before she would faint.

That way, Wu Tian would be able to escape.

Just when Wu Tian was about to open the curtain at this critical moment, he used his lightning-fast movement technique to save the two of them from danger.

Suddenly, a kitten jumped out from the side and meowed at Yuan Jingwen.

Seeing it, Yuan Jingwen put down the baseball bat in her hand.

"I thought someone had barged in! So it's you, little scoundrel! "

Yuan Jingwen hurried over and held the cat in her arms, kissing it and rubbing it.

This cat was a stray cat from a nearby block. It often came to eat and drink with Yuan Jingwen, so the two of them were already very familiar with each other.

Therefore, Yuan Jingwen naturally believed that the cat was the reason behind the differences in the arrangement of the things in the living room.

After all, cats often jumped from place to place, so it was not surprising.

Hearing that Yuan Jingwen had let down her guard, Wu Tian felt slightly relieved.

But what should they do next ...

Wu Tian began to worry again. It wasn't that easy for him to stay behind the curtain.

First, one had to stand up straight and then stick close to the wall, even going so far as to tiptoe ...

Just to keep his feet from being seen under the curtains.

However, this posture consumed a lot of strength. Wu Tian felt like he was covered in sweat after standing for only ten minutes.

He was hoping that this Yuan Jingwen would leave the living room for a while to let Wu Tian relax. However, this Yuan Jingwen was actually working in the living room right now ...

"I'm begging you, go to sleep ..."

Wu Tian was close to tears. Even though he had practiced Alien Fist, he still couldn't bear the pain of staying still for such a long time. Only those who had experienced such hardships would understand.

If he had known earlier that he would be like Number One, finding a place to hide, at least lying down would have been much more comfortable than standing up like this.

It was at this time that Yuan Qingwen suddenly received a call. Ding ding ling ling. It immediately caught Wu Tian's attention.

He held his breath and listened.

"It's me, it's me, Yuan Jingwen. How's the progress of the task I arranged for you?"

"Division Chief Yuan, the arrangements have been made. The account investigation had already been completed, but there really wasn't any problem. "If you really want to pick out some problems, at most, there will only be some problems ..."

Yuan Jingwen frowned when she heard this.

"It's still hard on you. If it doesn't work, then check again and try to find out some evidence. This way, we can easily deal with it. Also, did you find Baili Zhenlin? Did he go abroad?"

Hearing that it was about Baili Zhenlin, Wu Tian's brain started to spin rapidly.

"Not yet. The police told us that there are no entry and exit records... I don't think there's any public transportation record, so I guess it's more likely that it's in the S City, but it's only hiding somewhere that we don't know about. "

The voice on the other end of the line said, "It's actually quite normal. Wu Tian wouldn't be able to find them, let alone them."

Yuan Jingwen didn't seem surprised at all, as if this wasn't a big problem for her.

"It doesn't matter. If he's not here, we can go and buy the assets of the Presence Consortium anyway. The remaining problem is, Wu Tian."

"It's fine. Go back to your work. I'll take care of the rest myself."

Yuan Jingwen quickly hung up after saying a few words.

Wu Tian, who was hiding behind the curtain, was not in a good mood at the moment.

When he received the letter, Wu Tian was wondering if he was played by someone.

From the news of Yuan Jingwen's call just now, Wu Tian most likely guessed the truth.

Since that's the case, Wu Tian had nothing to hide. He opened the curtain and walked out.

Yuan Jingwen was frightened out of her wits and nearly threw away the book in her hands ...

"Why are you here ..."

Wu Tian sneered. There was no point in saying that now.

Hidden Billionaire Chapter 1152 - Threat

C1152 Threat

Number 1 also came out from under the sofa. The two of them stood casually in front of Yuan Jingwen.

Yuan Jingwen, who was originally very arrogant and wanted to give Wu Tian some trouble, didn't say anything at this moment.

At this moment, she knew that she had messed up.

Needless to say, Wu Tian must have heard the contents of the call ... This meant that this matter had been completely exposed. There was no need for her to hide anything.

No one was stupid, especially the boss of a big company like Wu Tian. No one was a fool to have made it this far.

"What do you want to say... What do you want! Nothing I do is illegal. You barge into my house, and if I call the police, you know the consequences. "

Yuan Jingwen had also calmed down at this moment and started to try to catch Wu Tian's weakness.

Wu Tian was already familiar with her actions.

"Enough, stop pretending, I still don't know you."

Wu Tian snorted and casually sat on the sofa opposite Yuan Jingwen.

"Speak, what do you all want!"

Wu Tian tapped the tea table with his finger and crossed his legs. He leaned his head forward and looked at Yuan Jingwen in a daze.

He wanted to see what words this Yuan Jingwen could come up with.

Yuan Jingwen knew that Wu Tian would ask this question. Indeed, Wu Tian was not a fool after such a big incident, so how could he let them slaughter him?

However, she didn't expect Wu Tian to act so quickly. Wu Tian had already come over to investigate their situation the moment they started moving.

"It's very simple. We determined that Baili Zhenlin's investment had failed, so you have to take responsibility. It's that simple. "You were the one who guaranteed Baili Zhenlin before."

It was written in black and white on the contract, but Wu Tian had no choice but to accept the fact that there was no deliberate manipulation.

"With just your mouth, his investment has failed? Do you have any standards? Bring out some evidence and you can tell me that one of them failed? I have to take responsibility? "Bullshit!"

Wu Tian's tone wasn't very good. No one could be blamed for this. Anyone would not be in a good mood if they encountered this sort of thing.

"I know what you mean, but that's the way it is. Otherwise, if you don't believe me, you can contact Baili Zhenlin ..."

Yuan Jingwen, on the other hand, was rather shameless when she brought it out. She should also know that Baili Zhenlin couldn't contact anyone at the moment, so Wu Tian naturally wasn't able to confront him on the spot.

"Let's not talk about this first. Even if Baili Zhenlin is a pig and spent all these 100 billion days ago, what do you mean by pulling me into the water? Don't tell me you didn't say that! "

At that time, Yuan Jingwen had said a lot of things, even going to find evidence ... It was obvious that he was intentionally targeting the area within a hundred kilometers.

Yuan Jingwen also knew that she had no way to argue about this, so she just lowered her head and didn't say anything.

She didn't admit or object, she thought Wu Tian would definitely not be able to do anything to her. In any case, Yuan Jingwen Yuan had another card in her hand. She could report Wu Tian's intrusion into her room to the police.

As long as she held this card, Yuan Jingwen was sure that Wu Tian wouldn't do anything to her.

"You're not talking, right? Because I'm so easy to fool? "

Wu Tian nodded at Number 1, who was beside him. She was too lazy to do anything herself.

"What are you doing? "I tell you, there's no need for you to commit such a crime!" Yuan Jingwen looked at Wu Tian nervously. No matter what, she was just a girl. In front of two men, it would not be an exaggeration to say that he was weak.

"What is it? "I didn't say that I would do anything to you. If you are willing to tell me that I want to do this, then of course we can part ways from each other and pretend that nothing happened."

Wu Tian only thought about it for a bit, but Yuan Jingwen was already scared out of her wits. It was completely different from her previous confident look.

"It's confidential, I can't tell you!"

Yuan Jingwen bit her lips, but did not give in.

Wu Tian, on the other hand, laughed out loud. It had been a long time since he saw someone who was so tough in front of him.

"It doesn't matter if you don't agree. I have ten thousand ways to make you say it. As you know, in my company, I have a head of security. Her name is Su Cancan. The method of torture to force a confession can be said to be first-rate. There are many methods that I am unable to say out loud for fear of scaring others. "

At this time, Wu Tian didn't press her further. He was telling Yuan Jingwen all kinds of nonsense as if he was telling a story.

"Think about it. Once, we captured an enemy who asked him the same question as you, but he wouldn't say anything. But I, Su Cancan, took care of this person in less than 5

minutes. Do you know what she did? She made a big pot, it's that Maomao Insect, the kind that has many thorns on its surface, a whole big pot. "

As Wu Tian spoke, he gestured with his hands. It made Yuan Jingwen feel as if she was on the verge of vomiting ...

She shivered all over. This was what girls feared the most, not to mention a basin full of bugs.

She put this person into a big glass jar, and then poured all the Maomao bugs inside. These bugs are not casually caught outside, they were specially nurtured by her, and when they bumped into each other, her entire body became itchy. That scene, do you know what is called living is better than dying?

Wu Tian's vivid description almost made Yuan Jingwen feel like she was the one being interrogated.

Just thinking about that scene gave her goosebumps.

"That's why I don't mind if you don't cooperate with me."

Wu Tian was trying to retreat at this time, but he didn't care anymore. Now that things have come to this, Wu Tian's attitude was very clear. If you don't want to cooperate, I have ways to deal with you.

As for what the result would be, Yuan Jingwen could only hope for her own good.

Yuan Jingwen's body trembled. She had already said all that she wanted to say, and Wu Tian had indeed been scared out of his wits by her.

Now that things had come to this point, if she still didn't know what was good for her, then she couldn't blame Wu Tian ...

Hidden Billionaire Chapter 1154 - Antagonism

C1154 Antagonism

Wei Jiaming swallowed his saliva. He also knew that this matter wasn't that easy to accept, but as Wu Tian's advisor, he still decided to put forward his suggestion.

"President Wu, we have to think like this. What if they want to fill their pockets? Or did they communicate with Baili Zhenlin already? "

Wei Jiaming didn't say it directly, but Wu Tian immediately understood what he meant.

To put it bluntly, there were some senior government officials who, in order to arbitrage interest, deliberately used the government's investment to join forces with some entrepreneurs to cheat.

They invested their money into the entrepreneur, but immediately said that the entrepreneur's investment failed and the money was gone. But in fact, both the senior official and the entrepreneur directly split the money...

This situation was not infrequent in the past, but it was becoming increasingly rare now.

It had been a long time since Wu Tian had heard of such a thing, but thinking about it now, along with Baili Zhenlin's disappearance ...

No matter how you looked at it, this incident seemed like a deliberate scam...

However, this news was too shocking, so Wu Tian didn't dare to suspect it directly.

"You can't speak carelessly. You can investigate a little bit."

Wu Tian patted Wei Jiaming on the shoulder and winked at him. The meaning was very clear, which meant that you could go ahead and investigate as much as you wanted.

Wei Jiaming left excitedly as if he had received a military order.

Wu Tian started to ponder as he watched Wu Tian's back. Then suddenly thinking of this matter, Wu Tian could also stir up some hype.

He turned around and went to find Wu Zaiyao. To Wu Tian, getting some information was already a traditional art form. Of course, he couldn't let go of such matters.

However, he didn't know much now either. If he wanted to get to the bottom of this, he would have to start from Yuan Jingwen.

It had only been one or two days when such a story suddenly spread around in the originally calm S City.

Some people said that there was someone in the government who intentionally took away the government's investment funds and, together with Baili Zhenlin, stole over a hundred billion yuan ...

News like this spread like wildfire. Since ancient times, good things never went out of the door and bad things spread far and wide. What people loved to talk about the most was these apparently bad rumors.

All of a sudden, the streets were filled with discussions, and the people in the government were aware of this as well.

As usual, Yuan Jingwen went to work and did not show any difference from before. However, this time, when he arrived at the office, he found that his superior was already sitting inside.

This guy looked very gentle. He wore glasses, and when he didn't talk, he looked like an elegant gentleman.

"Director ..."

Yuan Jingwen was shocked to see him in her office. Actually, it wasn't without reason that she was this shocked. The main reason was because Yuan Jingwen herself was a little apprehensive.

"You're here. Have you heard any rumors recently?"

The director's voice was still calm, but Yuan Jingwen was already beginning to wonder if the director knew something.

"I don't know. For the past two days, I've been busy with work ..."

The director quietly took out a small newspaper and placed it in front of Yuan Jingwen.

"Take a look, it's just news from the past two days. Although the source is uncertain, I'm afraid it's Wu Tian's doing."

The director wasn't an idiot. At this moment, other than Wu Tian, there wouldn't be a second person who would be willing to go against them.

It was easy to understand why he had made such a rumor.

To put it bluntly, Wu Tian only had one goal, which was to get rid of his joint liability for compensation.

He didn't want his own money to fill in the blanks of others.

"This ..."

After Yuan Jingwen saw this, she was also surprised. However, he was truly surprised at Wu Tian's imagination. Even Yuan Jingwen didn't dare to think like that.

"Then what should we do? Should we just directly increase our processing speed? I'll call the Business Administration and have them enforce the rules and seize Wu Tian's assets. "

Although this method was very crude, it was definitely effective. This is not the first time they have dealt with big companies that refuse to perform contracts.

Although this amount of money was not a small amount to them, it was very painful to cut the flesh, but it did not hurt the root.

Thus, this money Wu Tian definitely could afford it. As long as he was willing to pay that price.

"Well, we can speed up, but don't overdo it."

The Commissioner nodded slightly. They had to take their time with this matter.

As he spoke, the director's eyes kept looking at Yuan Jingwen. In the past, he hardly ever looked at Yuan Jingwen like this.

This time, Yuan Jingwen felt the director's eyes on her more. She also felt something was wrong.

"What's wrong? "Director, do you have anything else to say?"

The chief hesitated for a moment, then revealed a smile. He shook his head and said, "Nothing much, just go back to work."

With that, he left Yuan Jingwen's office. In the corridor, the director suddenly stopped after taking a few steps.

He took some photographs out of his pocket. These photos were clearly taken by Wu Tian in front of Yuan Jingwen's home.

He didn't know how he had managed to get the photo to fall into the hands of the director ...

This was also one of Wu Tian's schemes. With such rumors, it was very natural to do it, causing the enemy to start scheming and scheming.

Wu Tian couldn't be happier for more than two days. The Commercial Affairs Bureau came again. They had the police, a lot of seizure permits, and even seals.

But this time, they couldn't even enter the Flower Island.

Wu Tian had already told Security Team before. No matter if the other party was a policeman or an army, or something of the sort, without Wu Tian's permission, no one was allowed to enter.

Security Team faithfully fulfilled his request, and these police officers were completely blocked outside.

"Get out of the way, we are doing our duty!"

The officer in charge of the Business Management Department showed his police ID. With a stern face, he spoke to the Security Team members at the door.

However, their tone and words were completely useless against the Security Team practitioners. The other side's expression didn't even change. They didn't even look at them.

"I'm warning you, if you don't let us in again, I'll arrest you for obstructing official business!"

The police could not tolerate it any longer. Although they were in charge of managing the business, it did not mean that they did not have the dignity of a police officer.

Hidden Billionaire Chapter 1155 - Who Is Provoking Me

C1155 Who Is Provoking Me

Following the order given by the police officer, several policemen immediately rushed forward. They held handcuffs in their hands and rushed forward with the intention to capture these Security Team practitioners.

As the saying goes, killing a chicken to make an example of a monkey, sometimes it is necessary to maintain the dignity of the law. This way, the people behind him would listen to their demands and arrangements.

"There shouldn't be any problems this time around ..."

The Commissioner was also in the crowd. However, this time, he did not bring Yuan Jingwen with him. He didn't even tell Yuan Jingwen about this.

The person in charge of the business administration beside him nodded at the director, "Don't worry, this is legal and reasonable. We are here in accordance with the rules."

He watched as the policemen aggressively went up to them. Just as they were about to make a move, the Security Team Enforcers directly took out a few guns from beneath their bodies.

They were all retired special forces soldiers. Naturally, the way they lifted their guns was extremely professional. If you didn't look at their clothes, everyone would think they were soldiers, soldiers.

The police did not expect that Security Team would actually use a gun and point it at their heads. They stopped in their tracks.

At this moment, the barbeque in his hand was slowly put down.

"How can all of you hold guns ..."

The policemen said, but they kept backing away. They also pulled out the guns at their waists and confronted the Security Team s.

It was just that the guns in their hands were only pistols, while the ones in the other party's hands were fully automatic. The difference in firepower was like heaven and earth.

If they were to really engage in a firefight, it was likely that none of them from the Business Bureau would be able to escape.

"What the hell!"

The leaders behind them quickly hid behind the cars. They only dared to stretch out one head to observe the situation.

"Why do they still have guns in their hands? You're breaking the law. We have to call the SWAT team! "

The person in charge at the scene immediately took out his cell phone and was about to report. However, the branch chief at the side quickly stopped him.

"Wait!" "If you call the police, this matter will only get bigger and bigger!"

When the person in charge of the scene heard the director say this, he was somewhat anxious.

"Then what do you think we should do?" If I don't, there's nothing I can do. "

If they let me leave with my tail between my legs, how would they work for other companies in the future? How are we going to intimidate these criminals in the future?

The director frowned. He didn't think that Wu Tian would be so hard to deal with.

"Let's ask around first, do we need to report the situation?" Let's not act rashly and just stand guard here! "

The director quickly spoke, but then he realized that his identity was not suitable for him to be here. Thus, he left in a hurry after saying his farewells.

It was as if he had never been here.

After a while, a large group of police cars arrived. The police car quickly surrounded the bridge crossing point on Flower Island.

These officers were special police officers. They only have special departments that can communicate and mobilize in times of emergency.

The Commercial Authority is one of them. If they reported the incident to the normal police station, the matter would certainly be suppressed.

Because Wu Tian knew a lot of people in the police station. Even though people in the police station might not deliberately favor him. However, he wanted to suppress this matter, and it wasn't difficult for them.

Therefore, the person in charge at the scene was also very wise. They passed the police station and contacted the SWAT team.

He saw that there were more and more special forces gathered outside, and the weapons in their hands also didn't have much of a difference from the weapons in the Security Team.

The Security Team personnel stationed here also realized that it was impossible for them to fight against so many special forces. Therefore, the Security Team personnel also called for additional members.

More than a hundred Security Team personnel immediately rode on the helicopters and took off from the Flower Island. Flower Island was only a kilometer away from the shore. Their plane reached the shore in less than ten seconds. However, these Security Team practitioners did not exit the plane. Instead, they circled the skies above these special forces.

As the person in charge of Security Team, Su Cancan was naturally present as well.

She held a large loudspeaker in her hand and casually stood at the end of the bridge that led to Flower Island.

She took a look at the scene before her and saw that both sides were in a stalemate.

"What are you guys doing?"

Su Cancan was very curious. It seemed that their Wu Group company had never offended anyone. Nor did they deliberately commit any crimes. They actually used such a large formation to forcefully log into the Flower Island, who knew what kind of disease these people had.

"We are the Business Bureau, here on official business! If you don't let us in, why are you pointing a gun at our heads?! "

The person in charge at the scene saw that someone was willing to speak, so he mustered his courage and stood up.

After all, such a situation wasn't what they wanted to see. No one would benefit from making this a big deal.

Su Cancan listened for a while, but she actually didn't care too much about the reason. However, Su Cancan rarely saw someone who dared to forcefully break into the island.

Last time, the person who was able to do so was still Tieh Jun. As a member of the army, there was nothing to say.

However, if these police officers wanted to barge in, they were wrong in the extreme. They had completely ignored the other identity of Flower Island.

"Let me advise you to quickly put down the weapons in your hands and pile them up together. Our people will immediately check your identities. After confirming that you are safe, we will let you leave. "

Su Cancan was shouting into the loudspeaker. When the policemen heard it, they felt like they had misheard something.

Why does it seem like the Security Team is more like that of a police officer, while they look like bandits. Su Cancan's intention was obvious. She wanted these policemen to put down their weapons and surrender.

"What?" Are you sure you're not mistaken! "

At this time, the person in charge was also shocked. But he knew his SWAT team was not to be trifled with. As he waved his hand, the SWAT officer pointed his gun at Su Cancan.

They had the right to shoot if they were obstructing the police in the performance of their official duties, and that was clearly stated in the law.

"I'm warning you for the last time, do not hinder us from carrying out our duties!"

Towards such a threat, Su Cancan only responded with a "hmph" from her nose.

"He's really overestimating himself!"

Su Cancan waved her hand and the Security Team staff immediately jumped down from the plane. They were all wearing exoskeleton mechs, so the impact force was nothing to them.

The Security Team staff immediately surrounded the policemen. At this moment, Su Cancan stood forward with a smile on her face.

"If you do not leave now, I will treat you as spies! It can be executed on the spot! "
