C1161 Greater Strength with Greater Number of People

Yuan Jingwen was about to say something else, but at this moment, she coughed twice. She seemed to choke on the water, causing some damage to her lungs.

"My hospital is the best here. Don't leave yet, just stay here and recuperate!"

Wu Tian pushed Yuan Jingwen down with a smile. She was no longer a threat to Wu Tian.

At this moment, the door to the ward was opened. Wu Zaibin walked in and whispered something into Wu Tian's ear.

"Really? I understand. I will go over now."

Wu Tian nodded. He stood up and was about to leave. Before he left, he turned around and glanced at Yuan Jingwen who was lying on the bed.

"Take good care of her for me. Before treating her, try your best not to let her leave the Flower Island. Tell others that she's already dead."

Wu Tian instructed Wu Zaibin as he hurried out.

Yuan Jingwen listened to Wu Tian while lying on the bed, but she didn't say anything.

How could someone as smart as her not know that Wu Tian was trying to protect her.

Although Yuan Jingwen didn't know exactly how long she had been unconscious, she hadn't dealt with the matters properly, and something had happened while she was at Flower Island.

If she were to go back alive at this moment, the Director would definitely not let her off.

He would even think that Yuan Jingwen had some special agreement with Wu Tian to come back on purpose to be a spy or something.

Wu Tian could have just kept her here to prevent this from happening.

This time, Wu Zaibin came to find Wu Tian, saying that someone came to visit Flower Island, and must definitely let him meet someone.

Originally, Wu Tian didn't want to deal with this matter. However, the people who came this time made him feel like he had no choice but to meet them.

It was Yuan Jingwen's superior, the Investment Promotion Department Master. However, this time, he did not come alone.

Wu Tian was probably also shocked by Wu Tian's reaction. Knowing that the battle was over, Wu Tian completely ignored him.

"Where are they now?"

Wu Tian straightened his clothes and asked Wu Zaibin, who was standing beside him, indifferently.

"They're at the pontoon bridge. They don't dare to enter right now ..."

When he said this, Wu Zaibin could barely hide his smile.

These people must have been frightened by what happened before, so when they saw the Security Team that was standing guard there, their legs immediately trembled.

"Alright then. Let's go meet them. I want to see what tricks these people can come up with."

Wu Tian smiled. He didn't take this matter seriously, he just treated it as a pleasure. Coincidentally, he had nothing to do these past few days, so it was not bad to have this to relieve his boredom.

On the shore, there were roughly thirty to forty people facing the bridge over the Flower Island.

They wore all sorts of uniforms, but they were mostly government personnel.

Wu Tian saw it from afar and walked towards him with big steps with a smile on his face.

"I don't know what kind of wind brought everyone here, but I'm late. Sorry, sorry ..."

Hearing Wu Tian's voice, everyone focused their gazes on him.

Although Wu Tian was smiling happily, all of their faces were very serious. They knew that they weren't here to play, and that it wouldn't be easy.

The man in front of him was the boss of Wu Group company who was famous for his profound strength, and was also someone with a deep background. Without sufficient preparation, it was almost impossible to make Wu Tian bear any responsibility.

Everyone's nervousness also quickly condensed as they looked at the Chief of the Investment Promotion Department, whether intentionally or unintentionally.

The man pushed the glasses on his nose and hid himself in the crowd without saying anything.

At this moment, a person who looked like a leader walked out.

"You are Wu Tian, President Wu right? "Well, we have received an order to come here to discuss the execution of the contract."

"May I ask who you are?"

Wu Tian felt that the person in front of him looked familiar. No matter where he looked, he seemed to have seen him somewhere before.

He smiled, and a crease appeared on his face.

"My surname is Zhou, and my name is Zhou Qiang. He was originally the mayor's office director. "

The other person shook hands with Wu Tian, and they both informed each other of their identities. Only then did Wu Tian remember where he had seen it before. It was on TV.

S City could also be considered a big city, and many times, the mayor would be very busy, and might not even be able to frequently go on TV to express some opinions.

The person who did this in his place was the office manager.

No wonder Wu Tian thought this person looked familiar. It was because he was on TV so many times, so many people already knew him.

"Sorry, come on in. It's not the same thing for us to stand here."

Wu Tian enthusiastically greeted the people from the municipal government. They were like a huge diplomatic mission, preparing to make a diplomatic visit to Wu Group Corporation ...

They were clearly from the same city, yet they were in such a state. It was unknown what people would think if word of this were to spread.

Wu Tian arranged for a large conference room and then prepared a lot of fruits and beverages. In short, the treatment was very high.

However, these people from the municipal government didn't come here to eat. Seeing that everyone was ready, they finally got down to business.

"President Wu, it's really shy of you to entertain us like this. However, we have something to say to you this time."

Zhou Qiang said as he took out the contract from his pocket. This was a copy, but it still had legal effects.

"The contract clearly stated that you, Baili Zhenlin's guarantor, are jointly and severally liable."

Zhou Qiang's voice was very righteous and full of spirit, which made people feel that it was very reliable.

Wu Tian didn't have any objections towards what he said.

"That's right, I admit it."

Wu Tian agreed very straightforwardly. It was beyond their expectation.

Seeing that there was a pretty good progress, Zhou Qiang immediately chased after him.

"Since Investment Promotion Department and the Merchant Bureau have already determined that Baili Zhenlin's investment has failed, then why did you refuse to take on this joint responsibility?"

Zhou Qiang found it hard to understand, because the fulfillment of the contract was a matter of course, but Wu Tian refused to do so.

To this, Wu Tian held a glass of wine, took a sip, and gave Zhou Qiang a complicated look.

"It's simple. If you take out evidence of an investment failure, I will bear this responsibility."

Hidden Billionaire Chapter 1162 - To Argue with a Lot of People

C1162 To Argue with a Lot of People

Wu Tian had mentioned this request many times, and he would mention it almost every time. But they never responded positively.

This time, the result was more or less the same.

Hearing this, Zhou Qiang's expression also changed a little. He looked a little awkward and turned his head back a little, wanting to see what the director meant.

However, he was afraid that Wu Tian would notice something amiss, so he retracted his action.

"Since we believe that he has failed to invest, there must be evidence. However, this kind of thing involves secrets. Generally speaking, we cannot casually let others see it. "

With Zhou Qiang's explanation, the people beside him immediately agreed.

"That's right ... " This is a police rule. It's not that we don't want to, but it's confidential. We can't just casually give you this information. After all, we have our principles. "

"That's right, how can we so casually decide whether someone else's investment was a failure or a success? We are, of course, judging on the basis of objective facts... "

"You better not underestimate us ..."

All of a sudden, all kinds of voices sounded beside Wu Tian. It was as if they seized this opportunity and immediately started to cheer.

Wu Tian only saw through but did not say anything about their actions.

"You said that the evidence was confidential and could not be casually shown to others. But I would like to ask, this contract I signed, and this project we are involved in - are they not exceptional cases? "

Wu Tian's rebuttal was like a shiny machete. It was bright and clear, and every word he said was like a stab to their bodies.

Their hearts ached when they heard it. This was because they knew that they couldn't refute Wu Tian's reasoning in any way.

Things should have been like that, but they just had to violate it.

"Besides, I'm not afraid that you'd laugh at us. Often, over such a long period of time, I've seen many people who could waste money, but I've never seen someone who could spend a hundred billion in a few days. "

Wu Tian's tone was slightly frivolous. He was no longer trying to explain, but was instead trying to mock them.

He laughed at their ignorance. He also mocked them for being so stupid as to charge in for someone else.

"This is the situation anyway, and the Leader has basically made a decision on this matter. I think it's better if you don't make things difficult for us."

Zhou Qiang didn't have anything else to say, so he could only emphasize this point again and again.

He didn't want to use this kind of power to suppress Wu Tian. After all, wherever there is oppression, there will be resistance. If Wu Tian, this kind of expert, resists, then he might be able to turn the entire S City Government upside down.

Wu Tian sighed when he saw Zhou Qiang's reaction.

"You guys, I don't know why you guys like to be the guns of others. Can't you let him personally face me? Could this Investment Promotion Department Master be a cowardly tortoise? Why didn't he come out? "

Wu Tian gave up on discussing with these people. Instead, he chose to talk to the mastermind, the one who controlled everything.

He knew that this so-called bureau chief was hidden among these people. Although he didn't know why he wasn't willing to come out and confront him directly, Wu Tian felt that such an action was very low.

As the saying goes, one must take responsibility. However, this person was willing to be a coward.

Hearing Wu Tian's words, the people from the municipal department also became silent. However, this time, they all looked at the director.

No matter how well he hid, he could no longer hide his tracks.

He could only stand forward and face Wu Tian.

It wasn't Wu Tian's first time seeing this person. The last time Wu Tian followed him, Wu Tian had personally seen this person going to eat with Yuan Jingwen.

Now that Yuan Jingwen had become like this, it was probably because of him.

He looked gentle and gentle, with a smile on his face and a harmless look. But when no one saw him, he was a completely different person.

At that time, there was a huge difference between him and the charisma he displayed now.

"Hello, we finally have a chance to meet each other."

The director took the initiative to extend his hand towards Wu Tian. He wanted to break through slowly and build a good relationship with Wu Tian first.

Wu Tian glanced at him but did not shake hands with him.

"It's you. You planned all this."

Wu Tian's tone was not kind. He also felt that there was no need for him to have a good temper with this person.

The two of them were originally the most naked opponents, and now they had to pretend to be polite. Wu Tian instinctively disliked doing such a thing.

"Look at what you're saying, I also follow the rules, but I've never planned anything before."

This guy immediately started to shirk all responsibility for this matter.

Wu Tian knew he was going to do this, so he didn't rush.

"So you don't know anything about this?"

The director nodded. He seemed a bit embarrassed.

"I only found out recently that Yuan Jingwen was in charge of everything. If I had known this would happen, I wouldn't have let her draw up the contract like this... But now that it has already happened, we can only continue to follow the contract. "

Sure enough, he saw something was wrong. When he realized that he might have to take responsibility, the director immediately threw Yuan Jingwen out as his shield.

Anyway, as long as he insisted that it wasn't him who planned it — Wu Tian couldn't do anything about it.

There was only one way to deal with this kind of scoundrel, and that was to be even more scoundrelly than him.

"Didn't you say you wanted me to take joint and several responsibility? Sure, sure. I can agree to any amount of compensation you want. "

At this moment, Wu Tian's attitude changed drastically. No one expected him to agree to take on this responsibility at this moment.

"What?" Are you serious? "

Zhou Qiang, who was standing at the side, was dumbfounded. He never thought Wu Tian would say such a thing.

The director wasn't that happy, but he still had a smile on his face.

"I will do what I promise. But I also have a request! "

Wu Tian patted his chest. He wasn't someone that was easily bullied, so he couldn't casually give others benefits.

There would be a price to pay for making him agree to this.

Zhou Qiang swallowed his saliva when he heard Wu Tian.

"Then what are your requirements and conditions?"

"It's simple, I can pay the penalty fee, but if Baili Zhenlin appears and proves that his investment did not fail, then I'm sorry, I want three times the compensation!"

Wu Tian's sweet smile looked like a scimitar hanging on their necks, causing them to be unable to breathe.

Hidden Billionaire Chapter 1163 - True Purpose

C1163 True Purpose

Zhou Qiang's expression immediately changed when he heard Wu Tian.

Originally, if Zhou Qiang was still acting like a man of his word, then his attitude immediately took a 180 degree turn.

"This should be a discussion between you and Investment Promotion Department. The two of you can take your time to talk."

Zhou Qiang nodded at Wu Tian and left Wu Tian and the director behind. Then, he sat down on the side.

Originally, these marketing staff were all here to help this director. If Wu Tian suggested anything, they would all try to help.

Seeing that Zhou Qiang did such a thing, no one dared to go up anymore.

The director was very angry. Why did he call these people over? Not a single one of them could be of any use.

Since he had no choice, he had to do it himself. Wu Tian's request couldn't be ignored either.

"President Wu, this is a bit too much. Why are you making such a request? There must be a basis for your three times compensation request."

No one had ever dared to say such things to their Investment Promotion Department.

Most of the people present were extremely respectful when they saw them, and some of them even wished that they could take the initiative and give them benefits.

Wu Tian asking for three times their compensation was probably the first time in the history of S City.

"Of course there is such a basis, but it involves our company's secrets, I can't tell you!"

Wu Tian was very flexible. He repackaged the reasons these people used to lie to him and passed it to the director again.

What did it mean to lift a rock and smash your own foot? This was a typical example.

The negotiations immediately reached a stalemate and neither side was willing to back down.

Especially since this Investment Promotion Department Chief did not have any crucial evidence or regulations.

With each of them holding their tongue, it was really embarrassing for them to meet a tough opponent like Wu Tian.

As time passed, Zhou Qiang finally couldn't stand it anymore and stood up.

"I say, are the two of you done yet? Can we settle this matter today?"

Just as Zhou Qiang finished his sentence, he realized that his attitude wasn't good. He quickly smiled again to ease the awkwardness.

"The decision is in your hands, not mine."

Wu Tian directly kicked the ball onto the director's body. He had plenty of time, so he wasn't afraid of getting bogged down by these people.

If they were unwilling to leave, Wu Tian could also provide them with food. At most, they would just waste their time to see who would be the one to fail in the end.

"We are not here to reason with you. We are only here to demand that you abide by the law!"

In the end, the Commissioner could only emphasize this point. This was the only weapon in his hand, and it was also the most powerful one.

"Since that's the case, then fine, you sign this three times compensation contract, and I will bear this responsibility."

Wu Tian had already made a contract with the conditions that he proposed just now and it was placed in front of him.

"I warn you! Don't try to test my bottom line! I've told you over and over again how to do this! "

At this moment, the director was flustered and exasperated. He found that all his moves were completely useless against Wu Tian.

It was completely different from what he had imagined. He had thought that with such a large force, there would even be someone like Zhou Qiang, who held true power.

Even Wu Tian had to be modest.

But who would have thought that from beginning to end, they never had the advantage and were always led by Wu Tian.

"What are you so determined to do with my money?"

Wu Tian was too lazy to argue with him, so he directly answered the question.

"You can also not give us compensation, but using another method to make up for our losses is also possible."

At this moment, the director suddenly changed his tone.

Wu Tian was a bit interested when he heard this. He actually had some backup plans for his opponent.

"Then why don't you tell me what else I can do?"

"It's simple. Use your company's shares as collateral, or buy shares in the projects that we invest in."

The director spoke slowly at this moment, but Wu Tian squinted his eyes at the moment.

The fox tail finally showed. Wu Tian finally understood the director's purpose after waiting for such a long time.

If nothing unexpected happened, the so-called request for compensation from Wu Tian was just smoke bombs.

The reason why the other party endured for such a long time, and even intentionally angered Wu Tian, was because he wanted Wu Tian to pay attention to this backup plan of his.

"Project? Do you have any other projects?"

Wu Tian's face was filled with surprise, wasn't this Investment Promotion Department a little too rich? Baili Zhenlin had to spend hundreds of billions to buy the assets of the Presence consortium. If they had other projects, wouldn't they spend even more?

"Of course there is. The Brilliant Shopping Plaza in the east of S City is a project that we developed ... If you are willing to buy a portion of the shares, we can also pursue this joint and several responsibility. "

The director threw what seemed to be a big discount item at Wu Tian as if he was donating something.

However, the surrounding people looked at each other. They all knew that this was not a good thing.

What kind of joke was this? Who knew how long this so-called Grand Shopping Plaza had been in ruins for.

Furthermore, the surrounding areas were not that good either. They were all shantytowns where there was no traffic at all when building the shopping plaza.

The most important point was that this shopping plaza was extremely expensive. There were people who wanted to buy this unfinished building, but they were scared away by the expensive price.

Therefore, even though they had such a huge asset, they had no way of realizing it with Investment Promotion Department.

As a result, this thing fell into their hands like a hot potato. This director was planning to throw this hot potato away.

However, no one from the left and no one from the right came. In the end, there was nothing they could do, so the director started to have ideas for Wu Tian.

This was a plot that was set up from then on ... There were many other cases similar to Mingsheng's shopping plaza, which meant that the director had also placed several items under his control...

This amount of money wasn't something that could be settled with just a few hundred million yuan.

Although Wu Tian didn't know the exact details yet, he could feel some clues from the director's eyes.

There was a huge trap waiting for him to jump into.

Wu Tian wasn't stupid. He snorted and twitched his mouth. Then, he took the contract that he just got into his hands and tore it into pieces in front of the Commissioner.

Hidden Billionaire Chapter 1164 - He Finally Appeared

C1164 He Finally Appeared

Wu Tian wasn't stupid. He snorted and twitched his mouth. Then, he took the contract that he just got into his hands and tore it into pieces in front of the Commissioner.

This meant that there was no longer any room for negotiation between the two of them.

"I take back what I said before. As long as you sign a three-fold indemnity contract, I am willing to admit this person. This matter has already been set aside, so don't bring it up again."

Wu Tian's tone was exceptionally determined. Since the opponent had revealed his fox tail, then Wu Tian definitely could not let him have his way.

"What? Do you know what the consequences are? I can seal your company and freeze your account!"

At this moment, the director was surprised. He never thought that Wu Tian would make such a decision that would not benefit him at all.

"I refuse to enter into any negotiations with you, and what you do, and all your decisions, I will not admit if I cannot give you any evidence."

After Wu Tian finished this sentence, he waved his hand towards the outside. Soon enough, a group of Security Team walked in and began to command these people to leave the meeting room.

Wu Tian's meaning was clear. He didn't want to see these government representatives anymore.

"I'm telling you, you are intentionally breaking the law, don't think that you have some background and can do whatever you want!"

The director was still shouting, but on the other side, the people around him had become fewer and fewer.

The first to leave the meeting room was Zhou Qiang.

He had seen through everything long ago. As for what the Investment Promotion Department Master wanted to do, other people might not know, but he, Zhou Qiang, was very clear on it.

So he talked about how it was impossible to get cheap from Wu Tian. It was precisely because of this idea that he gave up on the idea of supporting the director.

"You better take care of yourself. The rest has nothing to do with our city. Everything is decided by your Investment Promotion Department. "

Before Zhou Qiang left, he said these words in front of Wu Tian and the Director, and it was equivalent to slapping the Director hard.

He was stunned on the spot ... He had never thought that the guild leader, who always betrayed others, would be betrayed by his own people at this moment ...

But there was no other way, what could he do to Zhou Qiang?

"You can go. By the way, I'll let you know that your Division Chief Yuan Jingwen has jumped into the sea. As her superior, you don't even care about her. Aren't you afraid that she'll die here?"

Wu Tian's tone was unusually calm. He knew that he had won this round of negotiations again.

"I'm not in the mood to discuss this with you right now... Since you are unwilling to cooperate, then don't blame me for being ruthless in the future. "

The director didn't care about what Wu Tian said and left.

Seeing these people slowly leaving from the Flower Island, Wu Tian also unceasingly laughed.

Recalling the scene just now and the director's posturing, Wu Tian could not help but laugh. Just when these people were walking out, Wei Jiaming also walked to Wu Tian's side.

"President Wu has good news ..."

Wei Jiaming whispered in Wu Tian's ear, his excited mood could be easily seen from his eyes.

"We found Baili Zhenlin!"

"What? Where is he?"

Wu Tian finally felt the rock in his heart drop to the ground. After worrying for such a long time, Baili Zhenlin finally appeared.

If he didn't show up, Wu Tian would really think that this guy betrayed him.

"It's almost at the Flower Island. I've already sent someone to pick it up."

Wei Jiaming had done very well. He knew that as long as he told Wu Tian the news, he would immediately want to meet this person.

Wu Tian found it hard to suppress his excitement. He stood on the balcony of the Flower Island and kept looking around. After about ten minutes, the silhouette of a helicopter finally appeared in the sky.

It wasn't until the helicopter landed on the apron that Wu Tian saw Baili Zhenlin get off the plane.

This fellow had been rather dignified before. Now, looking at him, he seemed more like a beggar.

Not only was his body in tatters, his face, hands, and neck were all dirty.

It seems like this person went to rummage through some trash can...

When Baili Zhenlin saw Wu Tian appear in front of him, tears immediately flowed down his face.

"Wu Tian, I finally met you!"

Baili Zhenlin suddenly started crying. He staggered and walked over to hug Wu Tian, but was grabbed by Wu Tian and thrown to the side.

Then he put his arm behind his back, like a cop's way of catching him.

"Tell me, where have you been these past few days? You didn't even answer my phone, I can't get in touch with you at all!"

If this guy didn't go missing, Wu Tian wouldn't need to be harassed by the people from Investment Promotion Department these days.

"Can you let me catch my breath? There's a reason for this."

"What about 100 billion?"

Wu Tian grabbed the guy's collar tightly and roared at him.

"Don't mention it, so many things have happened here. You have to let me explain it to you slowly."

Baili Zhenlin's greatest desire right now was to have a good rest. He was too tired.

Although he didn't understand what was going on, Wu Tian still decided to take Baili Zhenlin away first. After all, in this situation, even if he wanted to ask him something, he might not be able to get any useful information.

After settling this guy down, Wu Tian immediately went to see Yuan Jingwen.

"Did that leader of mine come to find you?"

When Yuan Jingwen saw Wu Tian enter her ward, she immediately knew why he came.

Because, she could feel the disdain and disdain in Wu Tian's eyes.

"You are quite smart, it is indeed him. I came to you to ask you a question, he gave me a condition to want me to buy a few items. Is this your ultimate goal? "

Wu Tian stared at Yuan Jingwen with burning eyes, waiting for her next reaction.

The matter was actually not that complicated. It was just a matter of destroying the east wall and repairing the west wall.

Yuan Jingwen sighed. Had she known this would happen, she wouldn't have been so involved in this matter.

However, from the looks of it now, these regrets were meaningless.

"You should know about the project in the film and television industry park from before, right?"

Yuan Jingwen spoke in a faint voice. This incident had caused quite a commotion and everyone knew about it.

"Of course, even I am involved." Wu Tian nodded, but he was responsible for creating trouble for others and not for construction.

Hidden Billionaire Chapter 1165 - Cooperation

C1165 Cooperation

The matter was actually not that complicated. It was just a matter of destroying the east wall and repairing the west wall.

Yuan Jingwen sighed. Had she known this would happen, she wouldn't have been so involved in this matter.

However, from the looks of it now, these regrets were meaningless.

"You should know about the project in the film and television industry park from before, right?"

Yuan Jingwen spoke in a faint voice. This incident had caused quite a commotion and everyone knew about it.

"Of course, even I am involved." Wu Tian nodded, but he was responsible for creating trouble for others and not for construction.

"That project caused the head of the Cultural Affairs Bureau to step down. They spent half of their money, but the remaining half is actually part of our department. In other words, our Investment Promotion Department has lost a hundred billion because of this project. "

Yuan Jingwen spoke indifferently about these matters. If this amount was placed on a single person, it would be a lifetime's worth of money that they wouldn't be able to earn even after several lifetimes. However, in her mouth, it wasn't much different from a few dozen pieces.

However, Wu Tian also understood something. If that's the case, then they indeed have a motive to cause trouble.

"So you're saying, you want to find a way to fill the gap from Baili Zhenlin's project?"

Wu Tian was not an idiot. When he heard her words, he immediately knew this point. He also understood why the opponent wanted Wu Tian to compensate so urgently.

Wasn't this the same as making him a fat sheep?

"Actually, we didn't make that decision with 100% certainty, and that was after a long period of time. We really hoped that Baili Zhenlin could make money back, at least my plan was to do it normally, but that boss of mine ..."

Yuan Jingwen was silent for a moment. Then, she remembered the threats she had made on the phone. It was still vivid in her mind.

"He thinks this is too slow. Our department is already losing money, that's why he told me to find some information on Baili Zhenlin and think of a way to let him fail an investment."

Now that things had come to this point, it was pretty clear.

This was the way things were. In fact, it was all caused by the entanglement of interests.

"I understand, but this is too selfish. Why didn't Baili Zhenlin think twice before?"

Wu Tian sighed. It was useless for him to say these things now that things had come to this.

But luckily, Baili Zhenlin had returned. The rest was to think of a way to defeat the Director's conspiracy.

"Oh right, why did you jump into the sea!"

Wu Tian asked carefully. He felt that it wasn't appropriate for him to directly ask this question.

After all, this was someone else's private matter.

"I ..." Speaking of which, Yuan Jingwen immediately felt her eyes begin to tear up and tears were about to flow out.

"What's wrong? It's fine. Don't worry, if you have any difficulties, just tell me. I can help you. I'll definitely help." Wu Tian hurriedly advised when he saw that the girl in front of him was about to cry.

Yuan Jingwen touched her tears, feeling a little embarrassed.

She wasn't the type to be miserable in front of others either.

"Nothing, I just thought of something bad ..."

Wu Tian looked at the expression in Yuan Jingwen's eyes and knew that she must be lying. There must be something that was hiding from him.

A girl like her would be forced to jump into the sea, how could she be alright?

"Just say what you have to say, there's really no need to hide it. I'm not courting you."

Wu Tian felt that he gave her too much pressure, so he made his tone more gentle.

"Really?"

Yuan Jingwen mumbled to herself. She also didn't know what to do.

Although she didn't die, if she returned to her original unit, then nothing would change.

She still couldn't get rid of the pressure from the director.

She might even be suppressed and threatened by the Director.

"Don't you believe me? Don't forget who I am. "

Wu Tian patted his chest with a smile. He really wasn't joking.

Perhaps it was due to Wu Tian's encouragement, Yuan Jingwen took a deep breath as if she had finally decided to say the things that had been on her mind the whole time.

"The situation is like this, I have a weakness in his hands. I have a younger brother who is preparing to apply for military academy, but last year, he fought with someone else ..."

"Because I was afraid of the stain on my brother's file, I went to ask for the director's help, hoping that he would say a few good words for me and ask the police to keep a low profile. "In the end, the director really did it. At that time, I was rather grateful to him, but who would have thought that he would actually use this matter to threaten me ..."

Right now was the crucial moment of her little brother's test. How could Yuan Jingwen allow this matter to be exposed ...

Therefore, she had no choice but to agree to the director's request and come over to threaten Wu Tian. She wanted to find a way to get what they wanted from Wu Tian.

Hearing this, Wu Tian finally understood what happened. Actually, Yuan Jingwen couldn't bear to let this go at the moment. Many things piled up together made her feel too much pressure.

Actually, it was all because of her love for her brother. Yuan Jingwen was even willing to sacrifice herself.

After thinking about it, this method was really stupid. There was nothing that could solve this.

It was fortunate that she didn't cause any big trouble, or else she would regret it when the time came.

"So that's how it is. Right, what are your thoughts now?" You should have heard it before, I want you to play dead now. "

Wu Tian touched his chin and a smile appeared on the corner of his mouth.

He already had some ideas and plans in mind.

"What do you mean?"

"Do you want to cooperate with me? Want to get rid of this boss of yours? If you want, why don't the two of us join forces and act out a good show? "

Wu Tian winked at Yuan Jingwen. He had been thinking about how to deal with this Director. Now, after listening to Yuan Jingwen's explanation, he finally had an idea.

Although the law was on the Director's side, Wu Tian could avoid this issue completely. As long as the Commissioner himself was questioned, then his accusation against Wu Tian would not be valid.

Although doing this sounded somewhat despicable, it was indeed a good way to save the enemy.

Yuan Jingwen looked at Wu Tian in a daze. She was clearly a bit timid, but the opportunity was right in front of her. If she missed it, she didn't know when the next time would be.
