### C1166 Fundamental Solutions

The next day, the director was still scratching his head in his office thinking about how to deal with Wu Tian.

In the end, he received an invitation from Wu Tian.

"I'd like to see you today, if I may. If we can get an appointment with Director Zhou Qiang and the others, it would be even better.

Wu Tian just called and said that, which confused the director a lot.

He couldn't understand why Wu Tian would suddenly change his mind.

This guy had been very stubborn before, but suddenly changing his way of thinking didn't seem like his style.

However, this was also a good opportunity. Perhaps Wu Tian had already realized that there was no point in continuing to resist.

It wasn't bad to give him a chance to admit his wrongs.

After thinking about it, the director decided to accept Wu Tian's invitation.

As for Wu Tian, he ran to Baili Zhenlin's room early in the morning. Where Baili Zhenlin had been and what he was doing these past few days, Wu Tian asked him countless questions.

Thus, after giving this guy a rest period for the night, he immediately rushed over to ask.

"Bro, you're in too much of a hurry ..."

Baili Zhenlin didn't want to get up even though he was in bed. This didn't match with his usual capable look.

If he didn't have Baili Zhenlin's face, Wu Tian might even suspect that this person was disguised.

"Okay, don't let me guess. Where did you go these past few days? Do you know how much trouble I have to put in?"

Wu Tian casually sat on the sofa and looked at the man before him.

Speaking of which, when they just found him, it was said that Baili Zhenlin's entire body was in tatters, as if he went somewhere to escape.

"Oh this, I really have to thank you. "If it wasn't for the fact that I met your men, I'm afraid I would have died outside."

Baili Zhenlin suddenly said with emotion. From the looks of it, he didn't seem to be lying. He seemed to really feel that he was sighing with emotion.

"There is such a thing. Tell me, I want to see just who did this good thing. I will reward them when I get back!" Wu Tian started to get curious. He couldn't figure out who exactly met Baili Zhenlin.

If one of his own people were to meet him, Wu Tian felt that he would have already known. They had no reason to not report it to him.

Especially Wei Jiaming, who searched for almost twenty-four hours a day.

"I'm not joking with you. Don't mention it, I was in an accident at the helicopter back then. It's rather embarrassing to talk about it. I don't know why I dropped it while I was on the helicopter ..."

Baili Zhenlin scratched his head. He was too embarrassed to say something like that.

After all, it was quite shameful to tell others about it. As a man, did he fall off the plane while he was on the plane?

Anyone who heard this would think he was joking, but that was the truth.

"What did you say? You didn't fall to your death from the plane?"

Wu Tian also felt that Baili Zhenlin was joking. If the plane was flying so high and fell from above without any security measures, it would definitely die.

"I was lucky. At that time, the plane didn't fly very high, so I landed on a tree ..."

Baili Zhenlin had a profound feeling and lamented his great fate. Otherwise, he would have really gone to see the King of Hell by now.

"I walked in the forest for two days. Without my phone, I can't contact the people outside ..."

This was also the reason why he couldn't find or contact Baili Zhenlin. In the wilderness, there was no way to contact him.

"Go on, how did you get out?"

The more Wu Tian listened, the more he found it interesting. This kind of experience was truly difficult to come by. Furthermore, he was also looking forward to see who would become the white clothed angel that saved Baili Zhenlin.

"You don't say. God really takes care of me. You know, on the third day after I left, I saw a building. I ran over and saw that it looked like a base. Do you think I met anyone there? "

Baili Zhenlin's hands and feet danced as he spoke with a face full of eagerness.

At this moment, Wu Tian felt that something was wrong ...

"I actually bumped into Loong Yun there, which made me extremely happy!"

As expected ... It was just like that. When Wu Tian heard what he said just now, although he didn't have a clear concept, he hoped that it was Loong Yun who saved him from the bottom of his heart.

No one expected that this matter was true.

"Do you know how I was feeling back then? I was about to cry!"

The more Baili Zhenlin said, the more excited he got, but Wu Tian's expression was a little complicated.

He had never thought that Loong Yun would be driven to a research facility in the southwest. In the forest and the mountains, she would still help him.

Wu Tian, on the other hand, had not been accompanied by Loong Yun during this period. No matter what he did at work, it would be very troublesome.

Without her help, he always felt constrained in everything he did.

"Is that so ..."

Wu Tian's eyes were a little blurred. How could he not want Loong Yun to come back? But now, there was really no good reason for Loong Yun to come back openly.

Honestly speaking, the last incident did give a lot of impact to the Security Team, so Wu Tian couldn't help but worry about how they felt over there.

"It's good that you came back. If that's the case, then the investment issue should be settled now, right?"

Baili Zhenlin patted his chest. All of them had the same question as Wu Tian. He rolled his eyes.

"Who are you looking down on? How could I be wrong?"

Wu Tian also laughed when he heard that. Since that's the case, then Wu Tian had an idea.

"Don't come out yet, no one should know that you're back yet. Now everyone thinks you're missing... Investment Promotion Department are looking for trouble with me right now, they want me to take responsibility immediately. "

Wu Tian rolled his eyes. He remembered the director's aggressive face and immediately had a plan to deal with it.

"You mean ..."

Seeing Wu Tian's expression, Baili Zhenlin seemed to have understood a little bit.

He probably wanted to use it as a trump card.

"I'll contact him right now and prepare a new round of discussions. If the two of us were to break up and you were to come out again, he would have nothing more to say. "

Wu Tian laughed. This move was very sinister, but it was also a desperate move. He wanted to see what else this chief could do.

## **Hidden Billionaire Chapter 1167 - A Person Who Says Nothing**

C1167 A Person Who Says Nothing

In order to show his sincerity, Wu Tian arranged a grand banquet at the Wu Group Building.

The Chief of the Investment Management Service and other government staff were also invited to attend.

Although they were puzzled, they still thought that it was Wu Tian's invitation and came in the end. After all, there weren't many opportunities to eat with Wu Tian. If he could sell Wu Tian one or two favors, then he would earn even more.

At the end, there were over a hundred people attending the meeting, and there was no lack of truly famous people like Zhou Qiang.

Although Zhou Qiang wasn't the mayor, in a sense, he was also the mayor's spokesperson. It could be said that his attitude was the mayor's attitude.

Wu Tian had always been very polite to him and the two of them had a good impression of him.

Seeing that almost everyone had gathered, Wu Tian raised his glass, stood up and knocked on the glass, attracting everyone's attention.

"I've invited everyone here today. The main thing is to settle the problem of the contract between me and the Investment Promotion Department."

Actually, when everyone came, they all knew what the purpose of this banquet was.

However, most of the people sitting down were just there to watch the show.

Most likely, not many people would stand on the side of Investment Promotion Department.

The director still had that kind of MiMi smile, with a smile hanging on his face, but he was very cautious on the inside.

Who knew what Wu Tian would do. With his character, he would never admit it so easily. Therefore, the Director was sure that Wu Tian must have some tricks up his sleeves, or perhaps had some sort of extraordinary technique.

In any case, he must be careful and not fall into Wu Tian's trap.

"Come, let's have a good talk. In front of so many people. "

Wu Tian shifted his gaze to the director. The two sat face to face with each other with glasses of wine and a contract in front of them.

The surrounding people held their breath, quietly watching the two of them.

Zhou Qiang sat at the same table as the rest of them, his eyes constantly looking back and forth between Wu Tian and the director.

He was not in a hurry to come to a conclusion. Instead, he wanted to see which of the two of them would obtain the upper hand.

"We've already said what we should have said before. I will maintain the same attitude as before. If you are willing to take out evidence, then I am willing to bear this joint responsibility."

After Wu Tian said this, he slowly took a sip of wine and looked at the director with a smile.

"We have already mentioned your request before, but we are unable to show it to you for reasons of secrecy. But I can guarantee that we have absolute and sufficient reasons to prove that Baili Zhenlin's investment has now completely failed. "

His words were still the same as before. Both sides were hiding something and were not in a hurry to reveal their trump cards to the public.

"Really? But no matter what, I can't contact Baili Zhenlin right now, so I feel that this matter should be decided after he appears."

Hearing Wu Tian's words, the director immediately shook his head.

If Baili Zhenlin really did appear, then all of his plans would be finished.

"It would be great if he could confront us face to face, but time is running out, we have to make up for our losses. "Therefore, I urgently need you to fulfill the contract."

The director was still unwilling to give in. Although his requirements sounded strange, in a sense, it was still in accordance with their requirements.

It could only be said that he was a little heartless, but it couldn't be said that he was disobedient to the law.

"In that case, if Baili Zhenlin appeared, would it mean that the news of the investment failure would not be true?"

Wu Tian continued to press on. He wanted to know if this director had any conclusive evidence to prove his point of view.

The director sat opposite Wu Tian and looked at him without batting an eyelid. He didn't say much, but sweat was already forming on his palms.

To put it bluntly, he felt guilty. He knew that he could not show any evidence to prove that Baili Zhenlin's investment had completely failed.

It was originally to buy the assets of the Pulitzer consortium, so how could it be easy to fail such a project.

"As far as I know, this project of Baili Zhenlin's is to use money to buy the current assets of the Pulitzer Financial Group. After that, he will be packaged and sold to earn a profit. The profits have already been agreed upon before you started. "

At this moment, Wu Tian stood up and paced around the banquet.

"Why are you talking about this now?"

The director looked at Wu Tian warily. His actions made him feel uneasy.

"I just want to ask, what does a project like this have to look like to be a failure? After buying a bunch of trash, you won't be able to sell it? "

"This is confidential. I can't tell you."

The director still clenched his teeth tightly. He knew that Wu Tian was constantly provoking him and also testing him. If Wu Tian let go, then everything he did would be in vain.

Zhou Qiang didn't seem to be able to continue watching. Everyone present was clear about it. Who didn't know that this Commissioner didn't have any evidence?

Anyone with a discerning eye could tell what he wanted to do, so he wanted to use this opportunity to blackmail Wu Tian.

It was just that this matter was easier said than done, and Wu Tian was not someone that was easy to deal with.

"If you have any evidence, it doesn't matter if it's publicized. After all, Wu Tian is not an outsider, and everyone here is from our government, you don't have to be afraid of divulging it. "

Zhou Qiang opened his mouth at this moment and the atmosphere in the venue started to change.

"Director, this won't do. There has never been a precedent like this before ..."

Although the director could ignore Wu Tian, he could not ignore Zhou Qiang's requests and opinions.

After all, Zhou Qiang was equal to the mayor, and his opinion was equal to the mayor's opinion. After all, Zhou Qiang was equal to the mayor, and his opinion was similar to

"Forget it, I'm not such a petty person. I'm not going to get to the bottom of everything. I'll just take this matter as evidence. It's just that Baili Zhenlin is not here right now, so there's no way to verify it."

Wu Tian suddenly turned his head and looked at the director as he started laughing.

"Come in!" Wu Tian clapped his hands towards the door. At this moment, a figure pushed it open and entered.

## Hidden Billionaire Chapter 1168 - Do Two Things at Once

C1168 Do Two Things at Once

Under everyone's gazes, Baili Zhenlin appeared onstage.

He was still wearing the same clothes as before, a well-groomed suit, a cigar in his mouth, and a variety of large rings with diamonds on them.

He was not so much a businessman as a mafia lord... "In short, he looked so rough, he gave off the feeling of a nouveau riche.

\*

Everyone present cried out in alarm, and that chief stared with widened eyes, unable to believe everything that had just transpired.

Baili Zhenlin had clearly been missing for many days. The police couldn't even find him, so why did he suddenly appear here?

The director's eyes immediately started to show some fear as he stared at Wu Tian and Baili Zhenlin.

When Zhou Qiang saw this, he sighed and turned his head away.

He had already been sentenced to death, and there was no chance for him to make a comeback.

This was Zhou Qiang's conclusion for the director.

"There are quite a few people today ..." Baili Zhenlin was very happy to see that there were a lot of people at the banquet and that everyone's eyes were focused on him.

In the past, he had never had such an opportunity to receive such treatment.

"You're here. We're talking about your previous project."

Wu Tian beckoned Baili Zhenlin to take a seat. He did not even open his mouth to talk about the dispute between him and the director.

At this moment, both sides had a tacit understanding to not talk about compensation and joint liability. Baili Zhenlin's appearance directly shattered the rumour that the director had previously said that his investment had failed.

At this moment, the director was feeling uneasy. He never thought that Wu Tian would have such a powerful trump card in his hand.

His actions directly destroyed all of the Commissioner's schemes in that instant.

"Since Baili Zhenlin has come out, then there's nothing much to say. I am representing the Merchants' Management Office and hope that our project can succeed."

The director frowned, then suddenly picked up his own glass and toasted Wu Tian and the others.

The 180 degree change in his attitude was also something that no one present had expected. However, this was something that everyone agreed on.

At this moment, no one else would be able to do better than him.

Dignity was worthless at this moment. Ensuring the success of this project was his only goal, and only by doing so could he maintain his position as the director.

Wu Tian smiled but did not raise his glass in reply. Baili Zhenlin was still holding his cigar and looked at the director with malicious intent.

"You still have the nerve to tell us about this now? Didn't you say that his investment failed? Didn't you say that you have the evidence? Take it out and confront him! "

Wu Tian was feeling great about criticizing the director now. This chief's face was flushed red. No one hit him, but he was angered by these words.

The surrounding gazes were like knives, slicing his body one after another. The director looked at Zhou Qiang helplessly as if he was begging for help.

This was his only chance. As long as Zhou Qiang could say something, the director might have a chance of survival. At least he could keep his position and this project.

However, Zhou Qiang had his eyes on something else and ignored the director.

His meaning was also very clear. He had already been abandoned.

There had to be someone to take responsibility for what he had done.

"Sorry, it was my mistake before ..."

The director quickly bowed in apology. He really didn't know what else he could do other than to do this.

Wu Tian and Baili Zhenlin both laughed, but they did not mock the director for too long. The people present were all government officials, it would not be good if they were displeased.

"As for this project, I will continue to do it well. Don't worry about that, I will never give up on something like making money."

Baili Zhenlin finally gave the director some reassurance.

Then, a bunch of police suddenly walked in from outside. The one in the lead was Sunn Hongsheng.

"President Wu, did you just call the police?"

Sunn Hongsheng had a weird expression on his face. When he walked in, he found that there were a lot of people present, and all of them were from the government. Sunn Hongsheng was very familiar with a lot of them.

At this moment, Zhou Qiang also stood up abruptly. Calling the police over at this moment, they all started to suspect Wu Tian's motive.

"Wu Tian, what are you doing?"

"Director Zhou, don't worry. The fact that I called the police has nothing to do with everyone ..." Wu Tian waved his hand to tell Zhou Qiang to calm down.

However, these officials still felt somewhat apprehensive. However, it wasn't that they must have some ulterior motive. Rather, when they saw a heavily armed policeman coming over, they felt that it was very likely that they would be taken away ...

"It's like this. There's a Division Chief at Investment Promotion Department called Yuan Jingwen. Previously, she had come to my Flower Island and discussed with me. "May I ask Chief where is this Yuan Jingwen now?"

At this moment, the director was completely dumbfounded. He never expected Wu Tian to ask this question ...

"How should I know ..." I'm not her father, so how would I know where she is now? "

"Aren't you her leader? Could it be that she didn't report to you?"

Wu Tian said with a smile. He could feel that the director's body was trembling slightly. It was obvious that he was scared because Wu Tian had said something to his heart.

"I don't know... I don't know anything, so don't ask me. This has nothing to do with me. "

At this moment, the Commissioner sat down abruptly, holding his head and shaking his head, as if he was unwilling to listen to anything.

Seeing him like this, Zhou Qiang sighed.

"As far as I know, Yuan Jingwen should be missing by now, and her disappearance is directly related to this Commissioner. Officer Sun, I'm here to report to you officially. I think he caused Yuan Jingwen's disappearance. You should bring him back for questioning. "

Sunn Hongsheng was also a bit confused at this moment. He never expected it to be like this, but no matter what, the director seemed to be a government official.

Sunn Hongsheng did not dare to act rashly. He looked at Zhou Qiang, and only after seeing Zhou Qiang nod his head to express his tacit consent did he speak out his order to the police officer beside him.

"Take him away and ask him what's going on."

Not only did he frame others, but his men also disappeared. Although no one present knew what the truth of the matter was, but without a doubt, everyone knew that this Chief was probably done for.

He would never have the chance to return to this Investment Promotion Department again.

## **Hidden Billionaire Chapter 1169 - A Beautiful Situation Has Arrived**

C1169 A Beautiful Situation Has Arrived

After the day had passed, everything began to move in a good direction.

Yuan Jingwen also returned to her job. After the Director was taken away, she was promoted to the position of the new Director of Investment Promotion Department.

All of this was also something that Yuan Jingwen had never dared to imagine.

Meanwhile, Baili Zhenlin also quickly increased the amount of funds he had.

After this round of acquisitions, the previous economic crisis had finally started to show signs of rebounding.

This was good news. Although Wu Tian's company wasn't affected that much, it still bore a lot of pressure.

After all, products like Kaleidoscope needed to be sold. Only with sales would there be a profit.

However, during this period of time, there were also some developments. The number of people watching Hualong Entertainment's seafood TV show started to rise again.

The New Star Project that Wu Tian prepared had also made some progress, and several movies were all in the process of being released.

Now, Wu Tian could be said to be proud of himself, everyone in the company had a happy look on their face. Only he was frowning.

"What's wrong? "President Wu, don't tell me you're thinking of someone else?" Wu Zaibin came over to take a stroll. Looking at Wu Tian's expression, he went over to Wu Tian to cancel this.

"Don't talk nonsense, who can I think of? Right, is there any news from the stock market recently?"

Wu Tian quickly waved his hand to stop Wu Zaibin from talking.

"There is, of course there is. Now Baili Zhenlin has already invested nearly 200 billion. I heard he wants to eat up Pulitzer consortium!" Wu Zaibin loudly shouted on the side, making it seem as if he was speaking the truth.

"200 billion, where did he get the money from?" Wu Tian was shocked. He knew Baili Zhenlin didn't have any money, so why did this guy suddenly take out 200 billion? Even if it was the one hundred billion of Investment Promotion Department from before, that still wasn't enough.

Where did the other one hundred billion come from?

"I'm not too sure about that. Maybe it's because he went to another government department and pooled the funds. It seems like Zhou Qiang is very interested in Baili Zhenlin's project."

Wu Zaibin smiled mysteriously. Although he said that he didn't have any concrete evidence, but as long as people with discerning eyes knew this little bit, it was enough.

"Then that's it, no wonder. I think the S City government also felt that the impact of the previous project was too great. "

Wu Tian felt that it definitely had something to do with it. In fact, Zhou Qiang also represented the mayor's intention. Then the mayor should really want to end the economic depression in S City right now. However, this problem was not easy to solve.

There had to be a good opportunity. In that case, they might have taken a fancy to Baili Zhenlin.

If he were to buy the Pulitzer Financial Group on a large scale, it would mean that these assets would become the assets of the S City Government.

Then the government can make a big difference in the current economy.

As the two talked about these things, they soon saw Baili Zhenlin looking for them with a head full of sweat.

"Are you here? I've been looking for you for a long time!" Baili Zhenlin's face was covered in sweat. He didn't even have the time to wipe it off.

"What's wrong? What are you so anxious about?"

Wu Tian and Wu Zaibin looked at Baili Zhenlin leisurely without any signs of anxiety.

"Why aren't you in a hurry? Don't you know something big has happened!?"

He was almost out of breath. Looking at Wu Tian being so relaxed, he felt like he was going to collapse at any moment.

"What big thing? I don't believe that there's anything big right now." Wu Tian did not take Baili Zhenlin's words seriously at all. He felt that this fellow must be joking around with him.

He had just told Wu Zaibin about Baili Zhenlin and was still suspecting why he had an extra 100 billion yuan.

However, no matter what, the current Baili Zhenlin should be in a high and mighty mood. He should not be as anxious and flustered as he is now.

"You don't have to believe me. Let me tell you, Pulitzer Corporation has already been bought! I didn't buy it! It was not bought by someone in our country, it was bought by a company with Britain! "

Baili Zhenlin was worried, but he wasn't unwilling. It was just that the outcome shocked him.

"What?" Wu Tian immediately sat up straight. This was not a small matter. It was not easy to lose a Pulitzer consortium, why did a new company suddenly appear?

Could it be that they really can't escape just because of this S City?

Zhang Zerui should still be locked up in the prison as he was being interrogated. Could it be that he wanted to take advantage of this opportunity to get back on his feet?

Wu Tian immediately had a lot of ideas and became flustered. It was just that this panic wasn't out of fear, but because he felt uncomfortable.

He had just rested for a short period of time, was there someone else who wanted to cause trouble?

These people did not buy the Pulitzer consortium to help ease the economy, they must have some kind of unspeakable secret!

"I knew it! Something big must have happened!" At this moment, Baili Zhenlin put on an expression that said "I told you earlier" and panted heavily.

"I need to hurry up and take note of what's going on over there? No more assets to buy? "

Baili Zhenlin shook his head helplessly.

"The Pulitzer consortium has already been acquired. They will directly buy them all!" This was also the reason why Baili Zhenlin was helpless.

"Since that's the case, we have to be careful. Wu Zaibin, hurry and think of a way to investigate this new company."

Wu Tian immediately began to make preparations. He had to prepare for a rainy day in order to have a better way to deal with what might happen in the future.

"President Wu, should we properly prepare our current funds?" Wu Zaibin felt that Wu Tian would most likely confront these people in the future, so it would be better for him to plan ahead.

Wu Tian frowned. The amount of funds he had was already over a hundred billion now. Even Wu Tian couldn't afford to spend so much money in such a short period of time.

Wu Group company had a little fame in China, but compared to the huge corporations abroad, the difference was still quite large.

For example, the consortium that took action this time had directly purchased all the assets of the Pulitzer consortium, even using cash to pay for it.

## **Hidden Billionaire Chapter 1170 - Bad News**

## C1170 Bad News

This matter was like an accelerating agent, and S City's stock market immediately began to rise crazily.

Those companies which had been on the verge of bankruptcy due to the market's depression began to slowly revive. At that moment, the entire S City was filled with a happy atmosphere.

The originally gloomy scene immediately became lively. Those who had nothing to do on the road also began to have their own actions.

They began to change into new clothes and look for new jobs. Everything was very beautiful.

However, Wu Tian was still not going well. He looked at what was happening worriedly, but he couldn't say anything.

He and Baili Zhenlin sat inside the office. It was dark outside, but the lights were off inside the office. It was like a black and white movie. The two of them just sat on the sofa without saying anything.

The situation outside was getting better, but their moods were getting worse.

In fact, Baili Zhenlin was still okay, he still successfully retrieved his Nanhe Securities Corporation.

"Right now, it doesn't seem like there's any point in worrying about it. Since the opponent didn't make a move, then we can't either."

Wu Tian said slowly after being silent for a long time. Although he didn't want to admit it, the reality was in front of them and they couldn't help it.

"Forget it, let's not talk about this anymore. I have no regrets now." Baili Zhenlin let out a long sigh. Although the takeover had failed, he had still taken back his Nanhe Securities Corporation.

At the very least, the property owned by the Baili family was not lost in his hands.

"That's right, then I'll just wish you well ..." Wu Tian laughed and raised the teacup in front of him. He wanted to use the tea as a toast to Baili Zhenlin.

The two of them looked at each other and smiled. At this time, Baili Zhenlin looked around and said curiously, "Didn't I say, I already noticed it a few days ago. Where's Loong Yun, who is usually by your side?"

Hearing this name, Wu Tian immediately became a bit sad.

"What's wrong? Could something have happened? " Baili Zhenlin noticed that Wu Tian's expression was a little off and immediately started to care about him.

He really didn't know anything about this. But, how important was Loong Yun to Wu Tian? Even he, an outsider, knew it, let alone Wu Tian's current mood.

"Nothing, something happened in the past ..." Wu Tian changed his mood at this moment and revealed a self-deprecating smile.

"Since that's the case, you should also be at ease. Sooner or later, she will be able to come back. If it's really no good, why don't I introduce you to a secretary? "

Baili Zhenlin said half-jokingly. He obviously knew that Wu Tian would not accept other secretaries that easily.

How could any boss be willing to abandon a secretary like Loong Yun?

As they talked, the atmosphere of the conversation began to turn sad.

Wu Tian waved his hand. He wanted to be happy, so he decided to skip the subject.

It wasn't that he hadn't thought about it, but at the moment, he didn't have a suitable reason to make Long Yun come back.

As he was talking, Wu Zaibin suddenly walked in nervously. He looked at Baili Zhenlin and then looked at Wu Tian.

"What's the matter? Why is he in such a hurry?"

With a change of topic, Wu Tian quickly started to ask Wu Zaibin.

Since Baili Zhenlin was also present, Wu Zaibin didn't dare to say it out loud. Instead, he carefully moved closer to Wu Tian's ear.

"That person in charge of the army, Tieh Jun arrived at our Flower Island, and wanted to see you."

As the two of them whispered to each other, Baili Zhenlin knew that it was not his place to continue staying.

"I'll leave first. If there's anything else, we can talk later."

He wasn't an idiot, he knew that Wu Tian must have some secret things to deal with. Otherwise, he wouldn't be so secretive.

Wu Tian naturally would not stop him. He quickly stood up and followed Wu Zaibin to welcome Tieh Jun.

Tieh Jun was a senior military officer. Wu Tian couldn't afford to offend him. Of course, there was no need for Tieh Jun to bow down and kneel down. He just needed to face Tieh Jun normally.

This time, Tieh Jun only came by car and looked very unremarkable.

At this moment, he was standing on the shore of the Flower Island, looking at the distant ocean.

Wu Tian quickly greeted him warmly.

"How have you been, Elder Iron? It's been a long time since I've seen you. How have you been?"

"We are soldiers, so of course we should strengthen our bodies. You don't have to worry about that. My body is very strong, and I have something to say to you today."

Tieh Jun got straight to the point. His words had the characteristics of a soldier, but he had something to say which was also very concise.

Wu Tian liked to listen to this kind of people, it was effortless for him, and he could immediately find the key point he was looking for.

"Come on, let's talk inside."

Wu Tian quickly led Tieh Jun into the meeting room. Since Loong Yun wasn't around to wait on them, Wu Zaibin acted as Wu Tian's secretary at the last moment. He served tea and water and was extremely busy.

After all this, Tieh Jun looked at Wu Zaibin. Although he didn't say anything, Wu Zaibin knew he couldn't listen to their conversation, so he quietly went out and closed the door.

Tieh Jun finally cleared his throat when he saw no one around him waiting for him.

"A bad news."

"Please speak."

Wu Tian's tone was calm, he was not surprised at all.

What had he not experienced, and how bad could things get?

"According to our investigations, last night, we detected that someone had snuck into our S City from the sea. If nothing unexpected happens, this group of people should be your old rival, the Bio-transformation Unit. "

Tieh Jun's voice was very low and it sounded slow and unhurried, but those who heard it all felt surprised.

"What?" Wu Tian was calm a moment ago, but his expression immediately changed.

If there was something that frightened him, then this biochemical reformer was definitely one of them. It was because he had interacted with these people more often that he knew how powerful these people were.

"How many are there? What are they doing here? "

Tieh Jun shook his head, "If I knew this, I wouldn't have come looking for you. At present, the number of people was almost certain. There were around fifty people. "They're all from the sea, but we can't find any traces of them anymore. I've already sent everyone out, but it's still not enough, so I hope that you can help me."
