### C1198 Embarrassment

Honestly speaking, Wu Tian didn't know when he woke up. He only felt that the cars on the street were coming and going, and the sound of the whistle and someone's voice woke him up.

When Wu Tian opened his hazy eyes and carefully sized up the scene in front of him, he smelt a very stinky smell.

This almost made him vomit. Wu Tian immediately wanted to stand up and realize that he was wrapped in a pile of plastic bags.

The stench was coming from these plastic bags. Wu Tian took a closer look and found that he was thrown into a pile of garbage ...

The most important point was that Wu Tian was naked and did not wear anything.

He vigilantly looked around to make sure no one was paying attention to him before running out from the trash heap.

Just as he was about to find a place to hide himself, he suddenly noticed a foot in the trash. It was wearing a shoe and looked very familiar.

If he looked more carefully, wasn't that Luo Huaicheng's shoes? Wu Tian ran over and quickly pulled this guy out as well.

As expected, Luo Huaicheng was also naked. He was only wearing a pair of shoes. He was slightly better than Wu Tian, who did not even have shoes.

Not to mention the equipment on his body, he was enjoying the purest sunlight in this alley as he looked at the sky and the bright and clear sun shined on his body.

However, this scene made people feel that it was a bit wretched ... After all, the two men were naked ... If anyone saw this, they would definitely inform the police that there was a rogue here.

However, the current task was still to wake Luo Huaicheng up. Wu Tian slapped Luo Huaicheng hard twice. The rough man finally woke up from his unconscious state.

"What? What? Am I not dead?"

Luo Huaicheng was surprised to find that he was still alive. A smile immediately appeared on his face. However, he also turned around and saw Wu Tian's mournful expression.

"What's wrong? Is there something wrong?"

Luo Huaicheng still hadn't reacted and was asking Wu Tian in confusion.

Wu Tian pointed at himself and said snappily, "Just look at us and you will know what's going on."

Luo Huaicheng only realized that he was wearing the emperor's new clothes after looking at it for a while.

"F \* ck!"

He cursed and quickly used his hands to cover the vital parts of his body.

If this continued, it would not be a good idea. There were people coming and going nearby, and the two of them were well-known figures. If someone found out, their reputation would be ruined.

Luo Huaicheng was slightly better, as he might be punished in terms of discipline, but Wu Tian was going to be in a bit of trouble.

In the entire China, there were countless people who knew his name, and a lot of people even recognized his appearance. There were even more people who had been scheming and wanting to see Wu Tian make a joke out of himself. If this matter was known to them, they naturally wouldn't miss this chance and would think of a special way.

"Alright, let's hurry up and think of a way to find something to wear first."

Wu Tian was speechless. This was the first time he encountered this kind of situation.

However, the alley was empty. There was only this pile of garbage left. Was Wu Tian going to rummage through the pile?

Wu Tian definitely wouldn't be willing to do such a thing ...

"What else can we do? We can just put on the plastic bags ..."

Luo Huaicheng made a suggestion, but it was obvious that the suggestion had a strong and disgusting flavor.

Just by smelling this smell, Wu Tian was about to vomit. Who knows how long it had been since this piece of trash was cleaned up.

While he was speaking, the sound of footsteps came from the other side of the alley, accompanied by the sound of humming music.

Wu Tian and Luo Huaicheng quickly dodged to the side, exposing only their small heads.

The voice came from a young man who appeared to be in his twenties, carrying two garbage bags.

Wu Tian was instantly happy. As long as someone came, it was fine. They could let this person prepare clothes for them. After that, they could just give him some compensation.

He immediately greeted the young man.

"Handsome, come over here, I beg of you!"

Wu Tian waved at the young man. The young man had a puzzled expression and didn't know what Wu Tian was talking about, but he still walked over.

However, when he saw that Wu Tian and Luo Huaicheng were both naked, it was obvious that he felt the need to retreat.

They must have scared the boy.

"Don't be afraid, don't misunderstand, there's a reason for this. Forget it, can't you find us some clothes to wear, I'll pay you ten thousand yuan for each piece!"

Wu Tian hurriedly said, afraid that this guy would run away.

However, this young man looked at Wu Tian suspiciously. It was obvious that Wu Tian was muttering to himself.

Seeing that, Wu Tian quickly added his price.

"If ten thousand isn't enough, then twenty thousand. Money isn't a problem. As long as you can solve our current problems!"

Luo Huaicheng also quickly nodded his head and followed Wu Tian's words. The young man thoughtfully nodded his head and took out his cell phone.

Seeing this, Wu Tian felt gratified in his heart. The heavens actually gave him such an opportunity.

But in the next second, Wu Tian's hope was shattered. Because he clearly heard that the young man had called the police.

"Hey, police, this is a certain alley. There are two naked men playing hooligans here. You guys come here and deal with it!"

After saying that, the young man hung up the phone and left. He didn't care about what Wu Tian said at all.

Wu Tian and Luo Huaicheng looked at each other in dismay. Their only hope was broken like this. They didn't know what to do.

Not long after the young man left, the sound of high heels came from behind. It sounded like it was a girl.

The two became even more frantic. It was one thing to be seen by a boy, but if it was a girl who saw it, then it would be no different from playing a hooligan ... It was hard to tell when the police came.

"What should we do ..."

Wu Tian asked in a low voice. At this moment, he had no idea what to do.

"How should I know ..." Luo Huaicheng was even more nervous than him. Although he was the captain of a special forces squad, he didn't have any experience dealing with this kind of thing ...

The two of them quickly turned their heads to the side, faced the wall, and acted like the ostrich hiding its ears.

The sound of high heels was getting closer and closer. She was almost behind them.

If there was no surprise, these two guys should have been seen naked. Wu Tian could only hope that this woman would leave quickly.

However, he never expected that a pair of hands would suddenly place on Wu Tian's shoulders. Then, Wu Tian felt that a cloak was wrapped around his body.

C1199 The Key Rescue of Long Yun

Thinking about it this way, the sound of the high heels made Wu Tian sound very familiar.

He immediately turned around and saw that the person who had appeared in front of him was none other than Loong Yun!

She held some clothes in her hands and put them on Wu Tian with her cloak. Then, she passed the rest of the clothes to Wu Tian.

At this moment, Wu Tian was on the verge of tears ... He felt that his reputation was about to go down the drain. He didn't expect Loong Yun to appear and help him in this crucial moment.

Indeed, only a girl like Loong Yun could help him.

"Thank you ..." Wu Tian's voice was choked with sobs. Luo Huaicheng, who was beside them, heard the commotion and turned around. He was surprised to find Wu Tian wearing clothes.

When Luo Huaicheng saw that it was Loong Yun, he heaved a sigh of relief. However, he quickly turned his body away when he thought of how he was naked.

Loong Yun smiled, took another set of clothes from the side and threw them to Luo Huaicheng.

The two of them put on their clothes as fast as they could and left the alley.

Just as they were about to leave, a police car stopped and two policemen came down to search.

If they had been even a little bit late, the two of them might have been caught red-handed ...

"It's too dangerous!" Luo Huaicheng's heart was still thumping hard. This wasn't going to make him go to war more exciting.

"Thank you so much, but why are you here?"

Wu Tian was grateful at first, but then he became suspicious soon after as he moved Loong Yun to the development base in the southwest. She went to study the mysterious meteorite mine, mining the metal on it.

Why did she suddenly return to the S City?

"President Wu, I came back to transport a new piece of equipment. I have to go back after my mission is completed."

Loong Yun knew what Wu Tian was asking about, so she said it directly without hiding anything.

Wu Tian nodded. On the contrary, he was happy. Loong Yun's return would only bring him benefits and no harm.

Right now, Wu Tian was also deeply moved. He felt that it was a really stupid thing to drive Loong Yun away.

However, there was nothing Wu Tian could do in this situation.

Otherwise, he wouldn't have been able to scatter the Security Team that he had worked so hard to pull up.

"That's great, let's hurry back!"

Wu Tian was very happy as he followed Loong Yun to his car.

Along the way, Wu Tian was still chatting with Loong Yun about the Southwest base, while Luo Huaicheng was worried.

This was because not only did the two of them not track the enemy's location, they were even beaten up by them, leaving them unconscious in the trash.

Although this was not much of a shame, he had long since given up on the idea of shame in Luo Huai City.

However, this also meant that they had to evaluate Wu Tian and Luo Huaicheng's strength. Right now, they had no way of dealing with these enemies. This was the real problem.

Reaching the Flower Island, the special forces soldiers saw Luo Huaicheng coming back and were happy on the inside, so they all ran over to greet him.

Seeing that Luo Huaicheng changed his clothes and thought that he was doing something outside, many people started to joke around with him.

The atmosphere became very heated until Yue Minghao appeared.

This guy walked in front of Luo Huaicheng with a straight face. From the looks of it, he was going to give Luo Huaicheng a good beating.

"That... We've made quite a bit of progress this time ... " Luo Huaicheng immediately said it out. He didn't want to give Yue Minghao a chance to react. Since he knew he made a mistake, he had to make the first move and gain the upper hand.

In this way, Yue Minghao could no longer investigate Luo Huaicheng any further. After all, he was a meritorious man.

"Do you think there's any point in telling me this now?"

Yue Minghao did not buy it. It was clear from his gloomy expression that he was infuriated enough by Wu Tie.

Luo Huaicheng shrunk his neck. At this moment, the only thing he could do was to let it go.

"Alright, I have nothing else to say, so why don't you give me a suspension check now!"

Yue Minghao was not polite at all. As the captain of the special forces, it was a big deal to lead them in resisting orders. It was only a suspension inspection that was considered good. It was only because Luo Huaicheng was not going to have fun, that he made such a decision.

Although their companions were unwilling, the only thing they could do at this moment was to live a good life.

"Yes sir!"

Luo Huaicheng gave a military salute as a form of punishment.

Wu Tian did not say anything the whole time. This was something that he could not casually interrupt in his army.

The battle command room was in a mess right now. Yue Minghao was not familiar with the situation here, so he didn't dare to give the quality casually.

Those operators didn't know what to do, so they just stood to the side, doing nothing.

Since it was not good for him to have a direct conflict with Yue Minghao, so it was not good for him to ask about it.

However, looking at this combat command room, everyone knew that the efficiency of the operation would definitely be very low.

"Loong Yun, why don't you come back and help me?"

Wu Tian asked tentatively. With Loong Yun and no Loong Yun in this different world, Wu Tian clearly felt that the pressure in his life had become very great and that everything he did had a great resistance.

"President Wu, I don't think the current situation is suitable."

The few Security Team members inside the room were currently looking at Loong Yun with unfriendly gazes. It was clear that they had not let go of the matter from before.

It was not surprising for Loong Yun to say such words.

Wu Tian looked at her and sighed. Then, he didn't say anything else.

He started to divert his attention and walked towards Yue Minghao.

"After our investigation, we discovered that there is a group of people in S City who are in contact with these Biochemical Man. I think they should be the supporters behind the scenes. We should investigate this aspect."

He briefly described his findings. Just now, he had just realized that the other group of Security Team s that he had sent out were still following them, so perhaps they would be able to grasp the tracks of the people behind the scenes.

Yue Minghao immediately shook his head. He didn't seem to be interested in this matter.

"I'm going to report to the military. It would be best if all of you don't know what you are doing to avoid provoking the enemy!"

After saying that, he walked out of the battle command room. The helicopter outside was already waiting for him. He boarded it and quickly disappeared into the horizon.

Wu Tian was speechless. Since Yue Minghao didn't want to do anything, he might as well do it himself.

## **Hidden Billionaire Chapter 1200 - Squatter**

### **C1200 Squatter**

Although the soldiers of the special forces wanted to cooperate with Wu Tian's actions. But because they did not have any orders and could not leave the Flower Island, they could not do anything at the moment.

Wu Tian was speechless, but he did not expect these special forces soldiers to have such reliable Security Team.

Indeed, the Golden Nest and Silver Nest were not as good as his dog house. No matter how good other people's soldiers and armies were, they still could not compare to the Security Team that he had personally cultivated.

At least, they were loyal, and at least Wu Tian could command them.

Seeing Wu Tian testing the equipment with the Security Team personnel, they prepared to set off. Although the Special Team soldiers were ready to make their move, none of them dared to take even half a step beyond the boundaries of the battle.

Yue Minghao was not joking. Suspending Luo Huaicheng in front of them was in itself a major warning.

In this situation, of course the Special Team would not dare to make any movements.

However, he didn't expect Luo Huaicheng to run eagerly to Wu Tian's side and play with the equipment with him.

"What? Are you going as well? Aren't you afraid of getting fired?"

Wu Tian began to joke around with Luo Huaicheng. In fact, he had no ill intentions.

"Anyway, I have been suspended from my duties. I'm not a soldier for the time being, so I can't listen to the orders of the soldiers!"

Luo Huaicheng was truly a genius with his logic. No matter what he said, he had to go with them this time.

It could be said that Luo Huaicheng's life was saved by Wu Tian this time. If it wasn't for Wu Tian's appearance and their support, if he was allowed to follow up with the investigation alone, the result would be certain death.

After making his preparations, Wu Tian and Security Team immediately set off. They didn't have a lot of people, so two helicopters pulled them away.

When he was on the helicopter, Wu Tian received a report that the group of Security Team practitioners that had been following him before were at this very moment near the S City Port.

There were all kinds of people in that area, both large business groups and large shantytowns.

It was also the area that troubled Sunn Hongsheng and the others the most. It was too difficult to manage, and all kinds of criminal cases often appeared.

If the masterminds were hiding in this place, it was no wonder that they couldn't find them.

The helicopter quickly arrived at the area and quietly put down Wu Tian's group.

According to the reports, once the enemies entered this area, the Security Team users quickly lost sight of them.

Mr. Wu Tian met up with these people and got to know some of the information that they had.

"What do we do? Let's go in and take a look."

Although it was already late, this was the time when the whole area would be bustling with noise and excitement.

The place should have been bustling with noise, but now it was quiet and the atmosphere was a little strange.

"Definitely! But so many of us are too big of a target to enter! "How about this, you and I, the two of us will take the lead."

Wu Tian felt that this was the only way. As the vanguard, it was only him and Luo Huaicheng.

They wore a coat that wrapped around their exoskeleton Battle Mechas and carried a few weapons with them. In short, the two didn't look too conspicuous as they set off.

Because of their disguise, it was not so easy for the two of them to be recognized, so they felt a lot more at ease.

However, just as he entered this area, Wu Tian felt that the house beside him was too quiet.

But the silence was not deathly still, as if someone were standing in the window, looking out at you. This made Wu Tian feel goosebumps all over his back.

"What's going on here ..."

Luo Huaicheng was also a bit unsure. Although he looked to be brainless, he was a lot less daring.

"How would I know? Didn't the two of us come here to investigate?"

Wu Tian said in annoyance. The two of them continued walking further in, step by step.

Suddenly, not far in front of him was a shantytown. It seemed to be filled with lanterns and decorations, bustling with noise and excitement.

The two of them looked at each other and felt that it was necessary to go and have a look.

The investigation also involved contact with people, and there was no point in just the two of them looking around. They still had to ask the people here.

Entering this shantytown, he saw lanterns hanging everywhere from lanterns and banners.

Candles were lit in the lanterns, and then one for each of them.

Wu Tian and Luo Huaicheng also quietly took out two lanterns from the side and placed them in their hands, mixing in with the crowd.

The people here, regardless of their age or gender, were basically doing the same thing. However, they lined up in a long line and walked inside with lanterns in their hands. Then they closed their eyes and chattered nonstop, as if they were chanting scriptures.

When Wu Tian and Luo Huaicheng interjected into the line, they were pushed back a little and was immediately reprimanded by the people around them.

"What are you guys doing? Be quiet. Lord God of Heaven will be angry!"

The voice was not very loud, but it was immediately suppressed. They seemed to care a lot about this angry appearance.

Wu Tian didn't understand what was going on at all, but in order to investigate more clearly, he still did as he was told. He also obediently closed his eyes and pretended to recite a scripture.

Soon, the crowd found the center of the shantytown. There was a small square here, but it was packed with over a thousand people.

In the middle of the room, there seemed to be a tall platform with a dazzling golden chair placed on top of it.

When these people reached this place, they all put down the lanterns in their hands and kneeled on the ground before kowtowing to the chair.

Wu Tian was very confused, but since everyone did that, if he didn't do it, he would be very prominent, so he had no choice but to follow along.

"I say, could this be some kind of demonic sect ...?"

Luo Huaicheng muttered to Wu Tian in a low voice. He couldn't stop muttering to himself.

"How should I know ..."

Wu Tian was also very confused, but from the looks of it, it seemed like what they were worshipping was neither Buddha nor daos ...

But soon, their doubts were dispelled. This was because a middle-aged man had slowly climbed up the platform from the side and then sat down on a chair.

The thousands of people below were immediately excited to the point that some of them were even crying bitterly.

Seeing this scene, Wu Tian and Luo Huaicheng both shrunk their necks as if they were frightened.

Could it be that people were already this pedantic? How could they be so touched by a living person? Moreover, when they looked at this so-called religion, they felt that it was a lie.
