

## Hidden 1321

### Chapter 1321: The Stupidest Thing

Zhuang Lingyu dragged Ning Xueluo backward. "Xueluo, there's nothing else to say to her anymore. She'll only be happy after all of us are dead!"

The elder and Ning Yaobang left. Only Ning Qiutong and they remained in the room.

Zhuang Lingyu could not keep it in anymore. "She still hates us for what happened before! Not only did she get herself pregnant and lied to us that it was Su Yan's baby, but in the end, she made Su Yan leave her and he ended up choosing Xueluo!"

"We could only send her overseas to avoid her from being an embarrassment to the family! We didn't announce her identity because someone might find out about her past!"

"We didn't even tell the elder about this, so we're doing her a great favor! She deserves what happened to her! What rights does she hold to hate us?"

"Lingyu, be quiet!" Ning Yaohua looked uncomfortable.

It was one of the darkest stains in his life...

Ning Xueluo joined in, "Mother, please don't talk about it anymore. Even if Bro Su doesn't like Sister anymore, I shouldn't have gotten together with him. It was I who made her suffer all these years..."

Ning Qiutong was really shocked.

What?

So many things had happened over the years?

From what Zhuang Lingyu said, Su Yan had been with Ning Xi before? Ning Xi had gotten herself pregnant outside and had lied that it was Su Yan's baby?

After running businesses for so many years, her senses of judging a person had sharpened.

No matter how she looked at it, Ning Xi did not look like someone who would do that.

Ning Qiutong asked, "Are you sure that's the truth, and there's nothing else you're hiding?"

"What else could I hide?! I took care of her during her pregnancy. She told me that it's Su Yan's baby. After Su Yan returned from abroad, he told me that he had never slept with Ning Xi at all! Do you know how embarrassed I was?" Zhuang Lingyu's expression darkened as she was reminded of the past.

Ning Yaohua chipped in, "Qiutong, I know you think that Lingyu and I are cruel, but a lot of things have happened. Every family has a skeleton in their closet."

"Enough." The girl's icy-cold voice echoed in the quiet room.

Zhuang Lingyu narrowed her eyes at Ning Xi with a disgusted expression. "We've touched a sensitive scar, huh? Now, you feel embarrassed? What have you been doing?"

After a while, Ning Xi looked up with crystal clear eyes. "Do you know what was the stupidest thing I've ever done? It's not giving all my heart to love Su Yan. It's also not treating Ning Xueluo like my real sister and hide nothing from her. The stupidest thing I've done was to cry and try to explain, and beg you all to believe that I didn't do it! I'm really sorry. You can think what you want now. It has nothing to do with me."

Ning Xi then left.

Ning Qitong quickly followed. When she was at the door, she turned around and looked at Ning Yaohua and Zhuang Lingyu. "You choose to believe two outsiders rather than your own daughter. You really broaden my views every day! Take a proper look at who's around you!"

### **Chapter 1322: Just A Fake?**

After Ning Qitong and Ning Xi left, Ning Yaohua and Zhuang Lingyu looked upset.

Zhuang Lingyu was still furious. "That brat! She was still trying to quibble..."

Ning Xueluo suddenly spoke up, "Father, Mother, over these years, I'm really grateful for the both of you! Thank you for your care! Thank you for your love and trust! Now that things have progressed this way, it's really not what I hoped for. Although I really don't want to, I think I should leave..."

Zhuang Lingyu's expression changed. "Xueluo, what do you mean?"

Ning Yaohua frowned. "Xueluo, what are you talking about? Where are you going?"

Ning Xueluo miserably looked at them. "Wherever! I don't want to add anymore trouble to this family. The both of you have sacrificed a lot for me! Grandfather is right. If I'm really grateful, I shouldn't keep staying here! I-I don't belong here after all... I should go back to where I belong... I should've done this much earlier. It's all my fault!"

"Xueluo, your grandfather isn't chasing you out. You don't have to care about what anyone says as well. I brought you up, and I know who you are. Would anyone know you better than your own mother? Don't do anything foolish. Don't leave me!" Zhuang Lingyu begged.

Ning Xueluo cried, "But, Mother, I can't stay in this home anymore... Sorry, I'm really sorry!"

Zhuang Lingyu stared at Ning Yaohua and urged him to do something.

Ning Yaohua sighed, "Xueluo, I know that it's been hard for you, but things aren't as serious as you think. Not many people were at the party yesterday anyway. I've ordered an information lockdown as well, so it definitely won't cause any damage to your career! You're our sweetheart, and we'll always be by your side. Who would dare to look down on you?"

"That's right!" Zhuang Lingyu went along.

As Ning Xueluo felt slightly better, Ning Yaohua's phone suddenly rang.

It was Su Hongguang. The head of the Su family had called him!

Ning Yaohua's expression changed. Under Zhuang Lingyu and Ning Xueluo's nervous gazes, he picked up the phone. "Hello..."

"President Ning, I'm pretty sure you know why I'm calling. I hope you can give me a good answer! The Su family is one of the most prestigious families in Imperial. Now that this happened, are you trying to embarrass us!? We thought we were marrying a princess, and now she's just a fake!"

Ning Yaohua felt attacked, but he had to suppress his emotions. "That's a bit too harsh. We've been taking care of Xueluo since she was young. She's always our sweetheart, always our princess. What do you mean by 'fake'? You know her capabilities and how she's like, don't you?"

### **Chapter 1323: Decide As Soon As Possible**

"Ning Yaohua, don't change the topic here. Do you think this is a good reason for lying to the Su family?" Su Hongguang sounded angrier now.

Ning Yaohua spoke solemnly, "Regarding this issue, please don't worry. I'll definitely give you a satisfactory answer!"

"Okay, I'll give you three days!" Then, he hung up.

...

After he hung up, Ning Yaohua looked rather gloomy.

Zhuang Lingyu quickly asked, "What's wrong? What did they say?"

Something flashed in Ning Xueluo's eyes, then she said sadly with a tinge of hopelessness, "Now that Auntie has exposed the whole fiasco, most people have probably taken her word with that powerful influence of hers. Never mind other people. They won't investigate further, but to the Su family, since they've heard the rumors, they'll definitely do a thorough investigation. We can't cover this up anymore. I don't want to deceive them either. Father, Mother, don't trouble yourselves. I'll go break up with Su Yan now..."

Ning Yaohua's expression turned sullen, and in a strict tone, he asserted, "Xueluo! You're crazy! How can you just say such things?!"

"Father...at this point, instead of letting the Su family raise it, I might as well bring it up myself. That way, I can leave some dignity for myself. Now that I have nothing, I don't match...don't match Bro Yan..." Ning Xueluo spoke as she started to sob sadly.

"Silly child, don't cry! It's all my fault. When I saw Ning Qitong appear then, I should've been more alert!" Zhuang Lingyu heartachingly consoled Ning Xueluo who could not stop crying now.

Ning Yaohua had fallen into deep contemplation. Even though Xueluo had said those words on impulse, it was not all illogical.

When the elder had set up his will the last time and did not leave any shares for Xueluo, the Su family had already been suspicious. How was it logical to not leave shares to the biological granddaughter but leave some for Ning Xi, the supposedly adopted one?

It was a lucky thing that Su Yan had probably gone back and spoken to them, which was why they had not said anything, but now there was no way they could explain this.

Now that Xueluo was not their biological daughter and did not have any shares under her name, forget about having no status if she married into the Su family. The problem now was that the marriage might not even happen.

Xueluo had worked hard and connected them to the Su family by marriage. If their marriage was called off, it would be a huge loss to him!

To Ning Yaohua, the Su family's existence was more important than any shares. A huge reason for his firm status on the board of directors was due to the Su family's support.

Thus, no matter what, this marriage had to happen!

However, now there was only one way to prove the Ning family's sincerity and raise Xueluo's status. He had to transfer the shares under his name to Xueluo. That way, the Sus would not be able to criticize them!

Unfortunately, transferring all of his shares to Xueluo was quite a huge decision, and it was hard for him to immediately decide.

As great as Xueluo was, she was still not their biological daughter...

Thus, Ning Yaohua fell into a dilemma.

Moments later, Ning Yaohua took a deep breath and said, "Xueluo, don't worry, let me think it through. Don't act on impulse with Su Yan either. I'll settle everything for you!"

When Ning Xueluo heard this, something flashed in her eyes, but she continued to look dejected on the surface. She did not nod or shake her head, leaving Ning Yaohua with an ambiguous response.

In other words, she was forcing Ning Yaohua to decide as soon as possible.

### **Chapter 1324: Someone To Rely On In The Future**

Outside the Ning residence.

"Xiao Xi, are you sure that you want to give your shares to me?"

"Aunty, just take it. I don't want anything of the Nings. Of course, I don't want to favor other people. Thankfully, you appeared. I'm just afraid...that these shares will bring you trouble," Ning Xi said worriedly.

Ning Qitong laughed grimly. "Huh, trouble? Just their little moves aren't enough trouble for me to pay attention to! If that is so, I won't reject your shares, Xiao Xi. I will accept them. Just focus on doing the things you want to do. I'll watch out on the Ning family's side."

"Thank you, Aunty!" Ning Xi looked gratefully at Ning Qitong, then she could not help but ask, "Aunty, you don't want to ask me about what happened back then?"

Ning Qitong smiled understandingly. "What's there to ask? I can guess roughly what had happened, but with Ning Xueluo's schemes, you probably lacked witnesses. Now that Ning Xueluo asserts that it's you, plus with Su Yan on her side, you won't be able to clarify matters even if you had 100 mouths! If they

don't trust you, there's no use explaining no matter how many times. If they trust you, you wouldn't need to say a word! Don't worry, I trust you!"

She looked at the experienced yet gentle woman before her and hugged her. Ning Xi felt a mix of emotions rushing. "Aunty..."

The girl did not say anything, yet Ning Qitong could sense her emotions. She was heartbroken as she patted the girl's head. "My good child, you've suffered. Don't worry. Ning Xueluo's claws won't be able to stay hidden for long. Your two blur parents will one day regret it," said Ning Qitong as she sighed on the inside. This child had been holding on for so many years. It was not easy!

As much as she hated them, what could she do? Of all people, they had to be her biological parents. No matter what she did to them, it would still be her fault.

As for Ning International, it was the elder's hard work, so she could not touch that.

It was not easy for the child to persevere till today. Instead of being blinded by vengeance to take the wrong path, she had found her own direction and was even progressing greatly.

When she thought about this, Ning Qitong felt happy for her.

Such a great child, but what had happened to her was just unfortunate!

Probably because of what had happened back then, especially Su Yan's betrayal, she had been quite traumatized. She had to see if there were any suitable men around. It would be good for Xiao Xi to have someone to rely on in the future. Old Guo had a few young men in his family and they looked pretty alright.

...

After she chatted with Ning Qitong for a while, the two left to go home.

As she was driving, Ning Xi suddenly remembered something!

Crap, she had forgotten all about Sis Tianxin!

When she recalled the odd way Ning Tianxin had acted when she left, Ning Xi quickly called her.

The phone kept ringing but no one picked up, making Ning Xi worried.

Damn it, did something happen?

Ning Xi cursed the mysterious trash man a few hundred times before she turned her car around and drove straight to where Ning Tianxin lived.

As far as she knew, Ning Tianxin did not live with Ning Yaobang and the rest. She had rented a place outside instead. Furthermore, she had been there once so she remembered the place vaguely.

Moments later, Ning Xi's car stopped at a slightly dated building.

These houses were quite some generations old, so they looked rather traditional. Most of them had retro-styled architecture. They held a beautiful and elegant charm in the day, but looking at it at night made it seem a little decrepit.

Ning Xi parked her car, then rushed to the door and knocked.

### **Chapter 1325: Pregnant**

The sound of the knocking door rang through the house.

The house was dark without any lights on, so she did not know if anyone was even inside.

However, it was already so late, and Ning Tianxin did not have anywhere to go either. Logically, the only place she could be at was here!

Could something have happened inside?

Ning Xi kept ringing the doorbell, but no one opened it. She was prepared to break down the door.

At that moment, the door was opened from the inside.

Ning Tianxin stood there looking pale. Her expression was stunned, and when she saw Ning Xi, she looked like she could not bear to hold on any longer as she broke down in Ning Xi's arms. "Xiao Xi, Xiao Xi...what should I do?"

Ning Xi instantly understood her. "You're...pregnant?"

When she heard the words, Ning Tianxin's body trembled hard and she nodded slightly. Her tone was emotional as she admitted, "Yes, I'm pregnant. I've tried quite a few different types of pregnancy tests...and tested many times. All of them said positive...all of them!"

"Okay, okay, don't worry. Let's go in and talk!" Ning Xi suppressed her murderous rage and carefully guided Ning Tianxin inside.

She switched on the lights and when she saw the pregnancy tests strewn on the table, Ning Xi felt a wave of headache coming on.

"How many months has it roughly been?" Ning Xi asked.

"About three months..."

"Do you have any symptoms?"

"I'm just sleepier, have a bad appetite, and a slight urge to puke...but when I was sick previously, I had similar symptoms. My period would also be irregular when I'm stressed, so I didn't even think it could be this at all," said Ning Tianxin as she buried her head in her hands out of frustration.

Ning Xi pinched the space between her brows and asked the key question, "What are you doing to do now? Do you want this child or not?"

"No...I don't want it." Ning Tianxin immediately shook her head.

Ning Xi thought Ning Tianxin would not be able to let it go. After all, it was the child that she conceived with the man she had liked for many years. She did not think Ning Tianxin would be so firm in saying "no", so she could not help but be shocked. "You sure?"

Ning Tianxin nodded in certainty. "Xiao Xi, I will miss this child, but I can't have it. I don't want my tragedy to reenact on this child."

When she heard this, Ning Xi came to a realization.

Ning Tianxin's parents had always had a bad relationship. As a victim of it, she naturally did not wish for her future child to suffer the same fate.

Ning Tianxin slowly said, "That person...he already has someone he likes. He really, really likes her the same way I like him. He's liked her for many years, so I understand very well that there's no way he'd give up on that woman! I don't want to reach the point of using a child to tie him down. That'd be too lowly. I can't keep this child!"

When she heard Ning Tianxin's words, Ning Xi could not help but feel admiration. Her cousin looked weak, yet she was quite opinionated on something like this.

However, based on Ning Tianxin's suffering demeanor, she did not need to ask to know that she had struggled hard to come up with such a cruel decision.

Ning Xi still did not have the heart to let it be. She tried to ask, "Sis Tianxin, how about you decide after asking that guy? Maybe the two of you could still work things out?"

Ning Tianxin shook her head. "No need. I've already confirmed how he feels based on the last time. I know that the night after he was with me, he felt horrible. Horrible for betraying the person he likes, so why should I make life hard for him again?"

### **Chapter 1326: Beat Him Up**

This silly child...

Ning Xi did not know what to say.

She was afraid that the guy would suffer, but she never thought about herself, or about the fear of facing single motherhood and the pain of going through an abortion.

Then again, she was not the right person to tell her off since Ning Xi had a similar foolish experience before as well.

No one would be able to help her. Ning Tianxin could only struggle through it herself.

Ning Xi was actually relieved that Ning Tianxin decided to abort the child. It would be really difficult if she were to become a single mother.

Although she did not know who the man was, from Ning Tianxin's description, he did not sound like a reliable person.

"You've decided?" Ning Xi asked.

Ning Tianxin took a deep breath and nodded. "Mmm."

Ning Xi opened her arms wide and hugged Ning Tianxin. "Alright, I'll support whatever decision you make. The pregnancy tests aren't always 100% accurate, so the first thing to do tomorrow is to do a checkup at the hospital. I'll accompany you tomorrow!"

"Thank you, Xiao Xi."

"Don't mention it! If you really want to thank me, tell me who that man is. I'm so angry right now, I wish I could beat him up!" Ning Xi started rolling up her sleeves.

Ning Tianxin smiled. "Xiao Xi, stop messing around. That man...he's pretty powerful in Imperial. I didn't want to tell you because I know you'd surely do something. And you don't have to. It was I who loved him for so many years. It was an accident that night after all..."

Ning Xi looked disappointed, "Alright, if someday you change your mind and want him beaten up, you must tell me!"

...

Ning Xi was worried about leaving Ning Tianxin alone, so she stayed there for the night.

At midnight, her phone suddenly rang.

She saw it was Lu Tingxiao's name, Ning Xi quickly got up. "Hello?"

"Where are you?" Lu Tingxiao asked.

"I'm over at my cousin's place! Are you done with work?"

"Just finished. Are you alright?"

Ning Xi was a little taken aback. "Uh...you knew about it..."

She did not want to tell him about what had happened because he had been so busy, but he still found out somehow.

"You don't have to worry about me. It's not really a big deal. I transferred my shares over to my aunt and settled the matter once and for all. I'm here with my cousin because...something's happened to her. I might have to stay with her for a while!"

Ning Xi frowned. "Do you also know...about the appearance of him at the party?"

"Mmm," Lu Tingxiao grunted.

"I've been trying to ask...things seem to be hectic for you. Is it because..." Ning Xi was worried that that guy would do anything to Lu Tingxiao because of her.

"Open the door," Lu Tingxiao said suddenly.

"Huh?" Ning Xi was confused. "You...you're at my cousin's place?"

"Mmm."

Ning Xi carefully walked out of the room and when she saw Ning Tianxin already sound asleep, she then quietly walked downstairs.

## Chapter 1327: Sudden Jealousy

Lu Tingxiao was right outside when she opened the door.

"How do you..." Ning Xi was dumbfounded when she saw Lu Tingxiao at the door. "How did you know I'm here?"

He had probably already been on his way here before he called her.

"I guessed."

Ning Xi was impressed. "You're such a genius! But you don't really have to come over, do you? We can talk tomorrow!"

Lu Tingxiao opened his arms wide. "I'm here to give you a hug."

Ning Xi's eyes welled up as she jumped onto the man. "Lu Tingxiao, how can you be so cute?!"

Even after being busy for a whole day, he was here to give her a hug to comfort her?

The both of them embraced each other tightly in the cold night.

Lu Tingxiao ran his fingers through her hair. "Stop overthinking. Whatever has transpired between him and I has nothing to do with you. It's our private grudge."

Ning Xi suddenly realized that Lu Tingxiao seemed to know Yun Shen's identity already.

Did they know each other from before?

"Both of you...know each other?" Ning Xi asked.

"Yes." The man looked at the girl's worried face. "Are you worried about me...or about him?"

Ning Xi smiled. "Of course, I'm worried about my man! Would I still care about others?"

Her man and others.

Lu Tingxiao looked pleased, "You don't have to worry about me. The only person I'd look out for is you."

Ning Xi was at ease after she saw Lu Tingxiao's confidence. While she was happy with the sweet words, she still pouted. "This is a weird thing to be jealous of, isn't it?"

The man looked into her eyes. "He's the person you liked before."

Although Ning Xi had just been fooling around with all the other guys, Yun Shen was the only one she truly liked before.

It was impossible for him to ignore it.

Ning Xi was confused. "Uh..."

What?

Yun Shen was the person she had liked before?

How did he come to that conclusion?

It seems like she had mentioned it before...

Damn it!

She had probably used that guy as her shield when she tried to reject Lu Tingxiao before.

Lu Tingxiao did not want to trouble her further, so he ended the topic. "It's pretty late already. Go to sleep."

Ning Xi did not let go of her hands around him. "I don't want you to go."

"Then, I'll stay with you for a little longer."

"It's not enough. I want to be your foot accessory. I'll follow you anywhere!" Ning Xi hid her face into Lu Tingxiao's chest. "Ah, my dear, you're so good...so, so, so good... You should marry a flawless fairy instead. I feel that your value has dropped by just being with me..."

"You're the fairy."

"Hehe...liar!"

...

After a while later, Ning Xi sent him off. "I'll stop messing around now. Go home and rest well!"

### **Chapter 1328: Mistaken?**

"You too." The man looked at the girl for a while longer before he left.

As he was about to enter the car, Ning Xi called out to him, "Lu Tingxiao..."

Lu Tingxiao turned back and looked at her.

Ning Xi gripped her hands into fists, then relaxed it after a while. In the end, she just waved. "Be careful on the way back."

"Mmm."

...

Ning Xi remained stationary for a long time after Lu Tingxiao left. Until she felt a numbness pass throughout her body, she went back into the house.

There was something she had to tell him...

Even if it was difficult...

She had to eliminate it from the deepest, darkest roots even if it meant that she would have to face another hell.

...

The next morning, before going to the hospital, Ning Xi went home to change.

She put on a jersey and braided her hair. Then, she drew freckles all over her face and wore a pair of large glasses, turning herself into a less attractive version.

After they reached the hospital, Ning Xi made Ning Tianxin sit down and wait, then she went and queued up to register. After that, he then brought her up to the Gynaecology Department.

"Xiao Xi...sorry for troubling you!" Ning Tianxin wiped off sweat from Ning Xi's forehead, feeling bad for Ning Xi.

Ning Xi replied, "Sis Tianxin, you're my cousin, alright? I'm going to get angry next time you say something like this again!"

"But don't you have to work today? And...if someone saw you here..." Ning Tianxin was worried.

"Don't worry about it, Sis Tianxin. I have nothing scheduled today. Moreover, my makeup is on point, so no one will be able to recognize me."

As Ning Xi was comforting Ning Tianxin, she saw two familiar people at the entrance of the Orthopedics Department.

Two people that she could not ignore...

The guy was Mo Lingtian, and the girl was Guan Ziyao!

Mo Lingtian held a big stack of bills in one hand. The other one was carefully holding Guan Ziyao's hand. It seemed like Guan Ziyao had injured her foot.

Ning Xi realized that Mo Lingtian liked Guan Ziyao from before, but now it seemed like he was going to step up his moves.

Ning Xi did not really care much. It was not a concern of hers anyway as long as Guan Ziyao stopped her moves towards her sweetheart...

As Ning Xi was about to talk to Ning Tianxin, she noticed Ning Tianxin looked unwell all of a sudden.

She still looked fine a short while ago, but now she was staring at the opposite door with trembling lips and a pale face.

Ning Xi looked at the direction Ning Tianxin was staring at and realized that she was looking at Mo Lingtian and Guan Ziyao...?

What had happened?

Was she mistaken?

As Ning Xi was having doubts, the nurse called their number, swiftly bringing Ning Tianxin over to the examination room.

A series of thorough examinations went by. Ning Xi felt that something was definitely wrong with Ning Tianxin as she was not able to focus during the whole examination process at all.

At last, the tests were done. Ning Tianxin sat down before the doctor, whilst Ning Xi stood by the side. "Doctor, how is it?"

## Chapter 1329: Might Be Infertile Forever

The doctor was a woman in her forties. She skimmed the report and announced, "You're in your twelfth week of pregnancy. The fetus is currently very healthy. Do you want to keep it?"

She had probably noticed Ning Tianxin's amiss expression and realized that the person beside her was not a man beside her, but a woman, so the female doctor asked frankly.

Doctors like herself had witnessed such situations far too many times, hence such a question was a common occurrence.

"Sis Xin..."

Until Ning Xi nudged her, Ning Tianxin had been absent-minded. Breaking out of her reverie, she quickly said, "No, I don't! Doctor, can I immediately get an abortion now?"

Ning Tianxin looked rather impatient as if the thing inside her was unnatural and causing her discomfort.

The middle-aged gynecologist looked at Ning Tianxin, and her expression instantly turned slightly cold. She had been in this line of work for a long time now, but she felt very strongly against people who wanted to get an abortion.

Many people had tried so hard to get a child, yet they could not, but people like these behaved completely irresponsibly simply because of the fact that they were young.

The female doctor spoke coldly, "It's been too many days since conception. There's no use for a medical abortion. We can only do a curettage, which is the only way the job can be done cleanly. I must remind you that this kind of surgery is very harmful to the body. In fact, based on the results of your checkup, your uterus isn't in the best shape. It was initially very hard for your body to conceive, and after getting an abortion this time, I'm afraid the possibility of conceiving another one in the future is quite bleak."

When she heard this, Ning Tianxin was shocked by the news. "What..."

She did know that her body was quite fragile, and she would experience extreme pain during her menstruations. She has seen Chinese medicine doctors who declared that she had a weak uterus and that she had to take care of it. She never would have thought the consequences would be this serious.

Ning Xi was dumbfounded too. "It's that serious?"

The female doctor replied coldly, "Obviously, I'm telling you the most serious consequence, but it's not meant to just frighten you. The fact that she could get pregnant this time was not an effortless one."

Ning Xi felt her mouth twitch. Where was the hard part? Ning Tianxin had only done it once and scored!

However, it was impossible for the doctor to intentionally scare her either. The risk of Ning Tianxin's abortion was indeed quite high, to the extent that she might be infertile forever.

For this to happen to a woman was really serious!

There was a dead silence within the consulting room.

Moments later, Ning Tianxin's hollow voice was heard. "Doctor, please arrange a time for me. The sooner, the better."

When Ning Xi heard her, she was immediately worried. "Why so soon!? It could have such a serious consequence on your health. We can't be so blasé! I must make that man responsible! How long do you want to protect that bastard for?"

"Xiao Xi, don't mention it anymore..." Ning Tianxin looked miserably in pain.

Something flashed in Ning Xi's eyes. She frowned and asked, "Let me ask you, is that man Mo Lingtian?"

When she heard this name, Ning Tianxin's body swiftly turned rigid, and panic flooded her face. Every inch of her body language screamed that she would never have thought that Ning Xi would find out.

When Ning Xi saw her reaction, she knew she had guessed it correctly and her temper skyrocketed. "What!? I knew it! No wonder you looked miserable when you saw him and Guan Ziyao together earlier..."

She would never have guessed that the man Ning Tianxin liked would be someone she knew.

Just as Ning Xi was speaking agitatedly to Ning Tianxin, the two of them had not noticed how the middle-aged woman doctor looked startled when Mo Lingtian's name was mentioned.

Lingtian?

This...this girl's baby is...Lingtian's child?

### **Chapter 1330: Take Responsibility**

Or was it just coincidentally the same name?

No!

She had clearly heard the name Guan Ziyao too.

Mo Lingtian might be just a coincidence, but there was no way that both names could be the same! When she thought about this, that gynecologist instantly seemed incredibly upset.

Sister and brother-in-law had prayed hard for a grandchild to the point that they were about to donate quite a few temples!

Yet, Lingtian this punk...

"This punk! How dare he impregnate a girl and not be responsible?!" Suddenly enraged, the doctor slammed hard on the table and blurted out.

Ning Xi and Ning Tianxin, who were in the middle of their debate, were been startled by her words. Then, the two of them looked over at the doctor.

The doctor quickly gathered herself. She cleared her throat and looked at Ning Tianxin. With a much softer tone this time, she advised, "I've just told you regarding the harm and consequences of the abortion. It's not to frighten you, but these sort of things are truly very harmful to a woman's body. Furthermore, you have quite a unique physique..."

The doctor patiently repeated the risks and possible consequences of getting an abortion, then she continued, "So, child, I suggest that it's best you consider properly before making a decision. Your friend is right, You should get the child's father to be responsible!"

The doctor clearly emphasized the last sentence.

"I've already thought it through," Ning Tianxin said with determination.

She was afraid, afraid that after she left this place, she would not find the courage to make this decision again, so she dared not give herself any leeway to back out.

This was clearly because she had been triggered by the sight of Lingtian and Guan Ziyao together earlier, thus she was even more determined to get an abortion!

The doctor was anxious now. She could only firmly and calmly continue to advise, "Based on your current psychological state, if I were to let you do it and you regret later on, who will be responsible for when you cause trouble? In fact, even if you decide to do it, it won't happen today. Appointments are queued up to a week. How about this? I'll arrange the time for you first. Go home and think it through again while you wait."

Ning Tianxin hesitated slightly, then she agreed, "Well, okay...Dr. Kang, thank you!"

The doctor had already advised her to this extent, so all Ning Tianxin could do was to leave with Ning Xi.

"What's happening? Your brother-in-law is still working!"

"Is work more important than your grandchild? Quickly come back! I have something important to tell you two!" Kang Wanru spoke with urgency.

"Grand...grandchild? Wanru, what are you on about?"

"Just come home, okay? Also, immediately call Lingtian. Have him come home too! A life is at stake!"
