

Hidden Billionaire Chapter 137 - Sibling Heart -

C137 Sibling Heart

Seeing the two of them running back, Wu Tian got anxious, "You guys finally broke out of the encirclement, who asked you to come back?"

Originally, only he and Wang Hong were trapped. Right now, Sunn Xiaohao and Jiang Wan were also trapped inside. It would be extremely difficult for them to escape once again.

"Tian, you're trapped here. How can we escape?" After Jiang Wan said this, Sunn Xiaohao added: "Even if we die tonight, we will die together."

"Good brother." Wu Tian reached out his arms to hug the two of them tightly. He was touched by their righteousness.

"The four of us are on the same string now, facing the same enemy together to deal with those bastards." Jiang Wan shouted with high morale.

They were like the four warriors of the Wolf Fang Mountain, ready to fight to the death with the enemy.

"Alright, let's break out from four directions." Wu Tian glanced at the situation and ordered the three people, "Xiaohao, Jiang Wan, you guys are in charge of the left and right sides. I will be in charge of the front, and Wang Hong will be in charge of the back."

He had taken over the strongest faction and left the weakest faction behind to Wang Hong.

There were only two bullies guarding the right rear area. If Wang Hong was going to fight with his life on the line, it shouldn't be a problem.

"Alright, let's work together." Jiang Wan stretched out three fingers and counted down: "Three, two, one ..."

When he counted to one, Wu Tian rushed towards the hoodlums with a few other men and started to fight with them.

Wang Hong stood on the spot without moving. Seeing that Wu Tian and the other two were holding the hoodlums back, he took the opportunity to run. At this moment, he was running faster than a rabbit.

Wu Tian and the other two were fighting with the hoodlums to the death. When they saw Wang Hong run away, they all felt a chill in their hearts.

At this crucial moment, Wang Hong actually abandoned them and ran for his life. He was truly shameless.

The three of them were the only ones left on the scene. Their forces were clearly weaker, and they were beaten into a sorry state by the dozen or so hoodlums.

"Capture the king first, then the thief." Seeing that the situation wasn't looking good, Wu Tian turned around and ordered the two: "Jiang Wan, go deal with bald head man, I and Xiaohao will stall the other hoodlums."

"Alright!" Jiang Wan didn't say anything, picked up his staff and pounced towards bald head man, the two of them started fighting.

"Xiaohao, let's fight together. I'll fight the enemies in front while you fight the enemies at the back." Wu Tian turned to Sunn Xiaohao.

"Understood." After Sunn Xiaohao responded, he moved closer to Wu Tian with his back to back. This way, it would be more convenient to coordinate with each other.

Sunn Xiaohao handed the wooden stick to Wu Tian, "Tian, take the stick and perform better."

"It's not easy for me to use a stick. It's better if you take it." It wasn't that he was not willing, it was just that he wanted to leave it for Sunn Xiaohao to use.

After all, he was trained professionally and was good at fighting, and Sunn Xiaohao had never experienced this before.

"Crack!"

Sunn Xiaohao simply broke the stick in the middle and handed the other half to Wu Tian, "Tian, we will split it in half."

"Alright!" Wu Tian's arm trembled as he took the half of the stick. This small action made his nose sour.

Seeing that the lackeys were getting closer, the two of them held their staffs and attacked bravely, once again engaged in a chaotic battle with the lackeys.

More than ten bullies had been intimidated by the bravery of the three men. Adding to that, bald head man was being brutalized by Jiang Wan, which could be said to be a huge blow to their strength.

After holding on for a while, bald head man brought more than ten hoodlums and quickly retreated.

Wu Tian and the other two finally won, but all of them were injured, especially Sunn Xiaohao, whose injuries were the worst.

After the hoodlums left, Sunn Xiaohao and Jiang Wan were exhausted and collapsed on the ground. This time, when they fought with the hoodlums, the two of them had used up almost all of their strength and their bodies were about to collapse.

Wu Tian was a lot better. He held their arms and asked with concern, "How are your injuries?"

"Skin wounds, nothing serious." Sunn Xiaohao and Jiang Wan endured the pain and revealed a pleased smile.

Finally, they managed to beat off those hoodlums. This sort of superficial wound was nothing to them.

"Good brothers, it's all thanks to you tonight." Wu Tian hugged the two men's shoulders tightly, feeling extremely happy in his heart.

Tonight's matter allowed him to clearly see Sunn Xiaohao, Jiang Wan, and Wang Hong.

Sunn Xiaohao and Jiang Wan were truly loyal. When he encountered danger, they rushed into the crowd without a care for their own safety.

As for Wang Hong, it was truly disappointing. He was too selfish to leave them behind at such a crucial moment.

"Tian, you're usually good to both of us, so we can't just sit by and watch you die when things happen." Sunn Xiaohao said with a serious expression.

Previously, his mother was severely ill. If it wasn't for Wu Tian spending money to help her get hospitalized, his mother's life might have been in danger.

He would never forget this kindness for the rest of his life.

"Don't say these things, let's go to the hospital first." Wu Tian hugged the two of them and helped them up from the ground.

The three of them walked out of the alley, stopped a taxi on the street, and took a taxi to the nearest hospital.

There were a lot of injuries on the three of them, but fortunately, they were all superficial.

Sunn Xiaohao and Jiang Wan did not want to be hospitalized. They originally wanted to return to their dorm after applying some medicine, but were rejected by Wu Tian.

Wu Tian arranged for them to be hospitalized and settled down to recuperate. At the same time, he was also accompanying the two of them in the hospital.

After a night of rest and taking medicine, the small wounds on their bodies started to heal as well. There were no major problems.

After some discussion, the three of them were discharged the next day at noon.

When they returned to the dorm room, they found that Wang Hong was also there. After he ran away last night, he had been hiding in the dorm and didn't go anywhere.

Seeing Wu Tian and the others, Wang Hong pretended to be worried and asked with concern, "Tian, are all of you alright?"

"Thanks to you, we are doing very well." Wu Tian's tone was cold and his attitude towards Wang Hong was not as good as before.

After what happened last night, he had seen through Wang Hong. This kid was a selfish person who only cared about his own safety when encountering danger.

"Tian, I was worried about you guys last night. I didn't sleep at all last night." Wang Hong continued to curry favor with Wu Tian.

"Bah!"

Jiang Wan, who was standing at the side, could not stand it any longer. He said with cold contempt, "Wang Hong, you are so shameless. You ran away when you were in danger. You are too selfish."

"Escaping when you encounter danger is just a human's instinctive reaction." Wang Hong tried to defend himself.

"Then do you know that you almost killed us last night?" Sunn Xiaohao asked in an aggressive manner.

Luckily, Wu Tian reacted fast last night and changed his tactics temporarily. Only after that did they manage to beat away those hoodlums with all their might.

"Then aren't you all still alive?" Wang Hong didn't realize his mistake and was still as confident as ever.

"You ..." Sunn Xiaohao and Wu Tie's palms were itching from the anger. They really wanted to teach this kid a lesson.

"Forget it!"

Wu Tian interrupted them at the right time and changed the subject, "It was an accident last night, but it was all thanks to the three of us trying to beat those hoodlums away."

"Brother, we are of the same heart. We can do anything." Sunn Xiaohao and Jiang Wan said at the same time.

"I'm glad to have you two good brothers." After Wu Tian said this, he took out a bank card from his pocket and handed it over, "There's a hundred thousand yuan here, take it."

Hidden Billionaire Chapter 138 - Tell the Truth -

C138 Tell the Truth

"Tian, since we're brothers, we can't accept your money." Sunn Xiaohao and Jiang Wan quickly waved their hands and refused.

"Do you really think I'm your brother? Then keep the money." Wu Tian forced the bank card into Sunn Xiaohao's hand and ordered, "Take good care of your injuries during this time. Buy some food to make up for it."

"But ..."

The two of them wanted to refuse, but were interrupted by Wu Tian before they could finish, "This is just a little bit of kindness from me, don't reject it."

"Tian, I still owe you so much money ..."

"Don't say that." Wu Tian once again pushed the bank card into Sunn Xiaohao's hand, "The kindness between us brothers can't be measured with money."

"Good brother." Sunn Xiaohao hugged Wu Tian tightly, he was so moved that tears started to well up in his eyes.

"Don't be so hypocritical."

Wu Tian tapped Sunn Xiaohao's chest with his arm and said with a smile, "After graduation, I was going to let you help my company!"

"Tian, you want to help us arrange our work in advance, right?" Jiang Wan immediately saw through Wu Tian's intention and couldn't help but ask.

"As long as you graduate, you will come to work at my company. I assure you, your annual salary won't be less than a million."

"Really?" Hearing this, Sunn Xiaohao and Jiang Wan were both very excited.

Nowadays, there were students everywhere, so it was not easy to find a job.

Who would have thought that Wu Tian would pave the way for them before they even graduated and give them an annual salary of one million yuan.

"Of course it's true." Wu Tian put his arm around their shoulders and smiled, "You guys will be coming to my company in a while. I'll arrange an internship for you first. Don't worry, your internship salary is not low either."

"Thank you, Tian." Sunn Xiaohao and Jiang Wan thanked him excitedly.

They were glad to know Wu Tian. With the help of such a powerful character, they felt that their future was bright.

Beside them.

When Wang Hong saw Sunn Xiaohao and Jiang Wan get one hundred thousand in nutritional fees for nothing, he was extremely envious in his heart.

Now that they heard that the two of them were assigned to work at Wu Tian's company, Wu Tian even gave them a salary of a million years.

His two roommates hadn't even graduated yet, but Wu Tian had already arranged for them to work. Furthermore, their annual salary was so high that it could be compared to a senior manager's salary.

In this sort of situation, anyone would be extremely jealous to the point of dying from jealousy.

If he had known earlier, he wouldn't have run away last night. He would have gritted his teeth and endured even if he was beaten up.

If he didn't run away last night, Wu Tian would have arranged such a good salary for him and would have also given him money to spend.

He felt his heart ache as he missed such a good opportunity.

After a short pause, he quickly went up to Wu Tian and flattered, "Tian, since we are roommates, can you help me arrange a job as well?"

"Sorry, our company doesn't need people like you." Wu Tian refused decisively.

He was very harsh on the candidates, and he definitely didn't want someone with a bad character like Wang Hong.

"Tian, for the sake of us classmates and our roommates, help me arrange a job. You don't need to pay too much, it'll just be five hundred thousand a year." Wu continued to plead while lowering his salary requirements.

"People like you aren't even worth fifty cents." Wu Tian said without holding back.

To be honest, he didn't have any good impression of Wang Hong. After what happened last night, he even had a little bad impression of him.

"You ..."

Wu Tie was so angry that the corner of his mouth twitched. He begged for a long time but to no avail, so he just scolded, "Hmph, Wu Tian, aren't you a nouveau riche? What's so special about that?"

These words instantly angered Sunn Xiaohao. He stepped forward and retorted, "Who Tian is has nothing to do with you. Please keep your mouth shut."

"Bah!"

Liu Tie spat towards the ground and then turned his spearhead towards Sunn Xiaohao and Jiang Wan. He fiercely disdainfully said, "Aren't you the two dogs by Wu Tian's side? It's because you saw Wu Tian had money that you shook your tail and begged for money behind him."

"Wang Hong, who are you calling a dog?"

"I called you dogs, I called you dogs, two dogs ..."

A crisp slap rang out.

Before he could finish, Wang Hong's face was slapped.

This slap was all due to Wu Tian.

After this slap, he reached out his hand to pinch Wang Hong's collar and roared, "Apologize to Jiang Wan and Xiaohao."

"I... Why should I apologize? " Wang Hong held his head up high. He had broken off all decorum now, so there was nothing to be afraid of.

"My fist is strong." Wu Tian swung his fist towards Wang Hong. To be honest, Wu Tian had tolerated this kid for a long time.

This was not the first time this brat had bullied Jiang Wan and Sunn Xiaohao. He took this opportunity to teach this brat a lesson.

Very quickly, Wang Hong's miserable scream came out from the dorm.

Sunn Xiaohao and Jiang Wan stood to the side and did not stop him. The two of them felt extremely relieved.

After the beating, Wang Hong was unable to hold on any longer. He started to give in: "Stop hitting me, I apologize, I apologize okay?"

He never expected Wu Tian to be so vicious. If he did not beg for mercy, he might be beaten to death.

"Hurry up and apologize." Wu Tian retracted his fist and ordered Wang Hong in an impatient tone.

"Alright!"

Wang Hong clenched his teeth and could only endure the pain and anger. He walked up to Sunn Xiaohao and Jiang Wan and said, "I'm sorry, I shouldn't have scolded you two just now."

"We didn't expect you to be like this. You're disappointing." Sunn Xiaohao sighed. He was disappointed with Wang Hong.

"You all ..." Wang Hong wanted to say a few harsh words, but when he saw the ferocious Wu Tian, he swallowed his words back and finally said: "I'll move out."

After such an incident, he no longer had the face to stay with them. After packing his things, he left the dormitory.

The three of them stood where they were and watched quietly. None of them urged them to stay, as they had already had enough of Wang Hong and were already eager for him to move out.

After Wang Hong left, the dorm quieted down.

Wu Tian suggested to the two of them, "Jiang Wan, Xiaohao, let's go. I'll take you guys to the company first to take a look at the situation."

"Alright!" When they heard that they were going to the company, Sunn Xiaohao and Jiang Wan became extremely excited.

They had long since heard that Wu Tian's company was very powerful. The two games that he developed previously became popular games, so they wanted to see such a powerful company for a long time.

"I'll call Uncle Fugui and ask him to come and pick us up." Wu Tian took out his phone and dialed Liu Fugui's number.

Not long after he finished calling, Uncle Fugui drove over and sent the three of them to Tianmu Technology.

The company is functioning normally and the division of labour is clear.

Yuan Wangchun brought Zhou Cheng and the others to continue developing the derivatives around the game, doing everything possible to make the game more profitable.

Lee Mu was leading the company's main team to continue working on mobile phone systems and software. Recently, they had also been very effective.

"Boss Wu, you came at the right time." Seeing Wu Tian, Lee Mu looked exceptionally excited. "I was just about to report to you about the phone system."

"How is it?"

"The bottom layer is almost complete, and I'm working on the final steps to improve it." Lee Mu was extremely happy, and when he spoke, he had a smile on the corner of his mouth.

Hidden Billionaire Chapter 139 - Carnival -

C139 Carnival

"That's right." Wu Tian nodded in satisfaction, but he couldn't help but remind him, "To be a system, you have to keep your feet on the ground. We still have a long way to go, so don't be impatient."

"Boss Wu is right." Lee Mu nodded in agreement and said confidently, "We are already prepared to fight a protracted war."

"That's good."

"Right, who are these two?" Only then did Lee Mu notice the two people behind Wu Tian and couldn't help but ask.

"These two are my classmates, Sunn Xiaohao and Jiang Wan. They will soon become the new members of our company." Wu Tian pointed at the two and introduced them seriously.

"Since you are Boss Wu's classmates, you must be talented." Lee Mu replied, smiling as he extended his right hand towards the two, "I am the General Manager of Tianmu Technology, Lee Mu. On behalf of the entire company, I welcome you two."

"Thank you!"

Sunn Xiaohao, Jiang Wan successively shook hands with Lee Mu.

Afterwards, Wu Tian introduced Yuan Wangchun and Zhou Cheng to the two of them. After introducing them, he brought them around the company.

When the two of them had gotten more or less familiar with each other, Wu Tian got Lee Mu to arrange work for the two of them and told them to come over for an internship during the weekend.

The moment he settled the two of them down, he received a call from Sunn Sheng, telling him to go participate in the Seafood TV hosted live broadcast of the carnival tonight.

Seafood TV had held two live broadcast carnival sessions before, but none of them were very effective.

However, with Huang Lan joining this year, it was bound to have quite an explosive effect.

After receiving the call, Wu Tian went to the Seafood TV office to discuss the details of the carnival with Sunn Sheng.

They didn't go to the live broadcast of the carnival until five in the afternoon.

The venue was set up in Star Plaza. The stage had long been completed and the staff were all ready. The audience also came one after another.

Now everything is ready, just waiting for the opening at the appointed time.

After Sunn Sheng arrived, he began to busy himself with the final inspection, while Wu Tian went to the Hou Yuan area.

This was a temporary resting area constructed with colored steel, where all the host who were going to go on stage would put on makeup.

There were more than a dozen host in the waiting area that were busy putting on makeup. It was full of complicated smells.

He took a glance inside and quickly focused on the female host in the corner who was wearing a mask.

This was the host with the most special Seafood TV. Just because she was wearing a mask, it made people feel intense curiosity. Previously, Wu Tian was also attracted by the mask, so he gave her a lot of gifts.

It was because of Wu Tian's crazy bounty that this masked female host attracted a lot of spectators, saving up a lot of people and traffic in Seafood TV.

In the past, he had seen this masked beauty through live broadcasts, but this was the first time he had seen her at such a close distance.

Even through the mask, he could still feel the youthful beauty and allure of her body.

Like the rest of the audience, Wu Tian really wanted to take off that mask to see what she looked like.

However, he wasn't in a hurry. He had already arranged for her to remove her mask when she ascended the stage. He believed that it wouldn't be long before he would see the true face of the masked beauty.

"Hello!" Wu Tian stared at the masked girl for a few seconds. Then, he slowly extended his right hand and greeted, "Nice to meet you."

"Do we know each other?" The masked girl caressed the mask on her face, but didn't shake hands with Wu Tian.

After being stared at by such a gaze for a long time, she felt uncomfortable all over and kept avoiding it.

"I am a fan of your live streaming room." Wu Tian retracted his right hand and realized that he was too reckless.

"Fans?"

The masked girl's tone became gentler as she asked with a smile: "What's your title in Seafood TV?"

"Brother Tian."

"You're Brother Tian?" Upon hearing that the boy in front of her was Brother Tian, the masked girl immediately stood up from her seat and became extremely excited.

After staring at Wu Tian for a long time, she finally bowed deeply and thanked him, "Brother Tian, thank you. Thank you for giving me such a huge reward. You are really my benefactor."

If not for Brother Tian giving her so many gifts, she wouldn't have attracted the attention of the other spectators, so naturally, she wouldn't have become Seafood TV's popular host.

Simply speaking, it was Brother Tian who spent a huge amount of money to help her become a famous host, which was sought after and loved by the audience.

If it wasn't for Brother Tian's help, she wouldn't have the right to come here to participate in the live broadcast of the carnival.

"You're welcome." Wu Tian quickly reached out his hand to help the girl up as he smiled and said, "I just feel that you're very special."

"Brother Tian, my name is Wang Yan, nice to meet you." The masked girl extended her arm and introduced her real name.

"Hello!"

Wu Tian shook hands with Wang Yan and couldn't help but ask, "Why are you wearing a mask and doing the live broadcast?"

"At first, I was too embarrassed to face the camera and was worried that my relatives and friends would see it, but I gradually got used to it." Wang Yan's tone was very gentle.

"But this time the company wants me to take off my mask."

"What do you think?"

"I support the company's decision." Wang Yan habitually adjusted her mask. "Now that I've gotten used to the live broadcast, I can accept it even if I remove my mask. Furthermore, wearing a mask all the time will result in fatigue. I want to take off my mask this time around."

"It's good that you can think of it that way." Wu Tian nodded in agreement. He felt that this was a smart and good girl.

"That's right, me." Before Wang Yan could finish, she was hit by the girl behind her and cried out in pain.

The girl who bumped into her was the established host of Seafood TV, Su Xiaoxiao.

She had recently been overtaken by the new arrival Wang Yan, which made her extremely unconvinced. If there was something, she would look for trouble.

Of course, Su Xiaoxiao had also purposely bumped into Wang Yan this time.

She purposely humiliated her, "You're really delicate. Just a single hit from me and you're already shouting so loudly. If you were hit by your boyfriend, wouldn't it be a mess?"

"You ..." Wang Yan clenched her fists, speechless.

"All day long, you've been wearing a mask to trick people. Don't think that I don't know. The reason you're so popular on the platform is because you rely on sleeping with the boss to get traffic." Su Xiaoxiao continued to shamelessly humiliate her.

In any case, she just didn't like Wang Yan. As long as she had the chance, she would find a way to humiliate this woman.

"Su Xiaoxiao, please speak with respect." Wang Xiao was so angry that his body was trembling.

Anyone who was seriously injured by such words would be furious.

"Bah!"

Su Xiaoxiao spat on the ground and said disdainfully, "Slut is a slut. You want to build a memorial archway as a slut?"

"Pah!"

As soon as she finished speaking, Su Xiaoxiao's face was slapped.

The one who hit her was none other than Wu Tian.

Wu Tian had already felt itchy in his palms when he met such a woman. Now, he couldn't stand it any longer and attacked.

This slap made Su Xiaoxiao furious. She was like a little shrew as she pointed at Wu Tian's nose and cursed, "Where did this little bastard come from? How dare you hit me?"

"I want you to be smart." Wu Tian had a righteous look on his face.

"Who are you? How dare you hit me? Security, security ..." Su Xiaoxiao shouted for security at the door.

Hidden Billionaire Chapter 140 - Masked Maiden -

C140 Masked Maiden

Hearing the shout, two security guards rushed over.

They didn't know when Wu Tian broke into the waiting area, so they quickly went up and prepared to push Wu Tian out.

"This brat hit me, send him to the Police Station." Su Xiaoxiao did not plan to let Wu Tian off so easily. She glared at the two security guards and instructed them.

"Yes, ma'am!"

The two security guards originally put the unknown into the waiting area because of a dereliction of duty, but when they heard that this brat even beat up host, they immediately broke out in cold sweat.

Hearing the host's orders, the security guard twisted Wu Tian's arm and prepared to send him to the Police Station without saying a word.

Wu Tian didn't resist and let the two security guards twist him around.

This was his own place. If he really fought with the security guards, it would be like smashing his own field.

"Big Brother Security, don't be in such a hurry to make your move." Seeing this situation, Wang Yan hurriedly stepped forward to save him, "He's my friend. On my account, don't send him to the Police Station."

After all, Brother Tian had only attacked Su Xiaoxiao to help Wang Yan vent her anger. Seeing that Brother Tian was about to be sent to the Police Station, she naturally could not sit idly by and do nothing.

"No, I must send this kid to the Police Station today." Su Xiaoxiao's tone was tough.

Ever since she was young, she had never been hit by anyone. She didn't expect that after getting slapped by this brat, she definitely wouldn't be able to let this go.

"What's going on?"

Just as the Hou Yuan area was in an uproar, Sunn Sheng walked over, and before he even entered the door, he asked in a loud voice.

"Boss Sun."

Su Xiaoxiao immediately changed her tone and quickly walked up to him, saying coquettishly, "Boss Sun, you have to be the judge for me. I got beaten up by this brat."

"I can't make that decision." Sunn Sheng rolled his eyes at Su Xiaoxiao. He turned around and instructed the two security guards, "Let him go."

After hearing Director Sun's orders, the two security guards finally let go of Wu Tian's arm.

"Boss Sun, you're the boss here. Are you just going to watch your employees get bullied by this kid?" Su Xiaoxiao grumbled in indignation.

"If Wu Tian isn't here, then I'm the boss. Since Wu Tian is here, I can only be considered as number two." After Sunn Sheng said this, he pointed at Wu Tian and introduced: "This is our Seafood TV's largest shareholder, which is also my big boss — Wu Tian."

"What?" Su Xiaoxiao's eyes nearly popped out of their sockets when she heard that.

Who would have thought that this average looking, poorly dressed fool in front of him was actually the big boss of Seafood TV?

This brat in front of her, how did he become the Seafood TV Master at such a young age?

She was really too unlucky, having accidentally offended the big boss behind Seafood TV. At this moment, she had a feeling that a great disaster was about to befall her.

Wang Yan was also surprised. She did not expect that Brother Tian, who gave her such a good reward, would actually be the Seafood TV Master.

It was no wonder that the platform had been helping her all this time. Only now did she understand that there was a master behind all this helping her in the dark.

And this expert behind the scenes was Brother Tian, who was crazily praising her in terms of live streaming room.

The ones they were most afraid of were the two security guards. After knowing Wu Tian's identity, the two of them trembled in fear.

Just now, they had almost sent their boss to the police station. Fortunately, Boss Sun had rushed over in time to avoid a major mistake.

"I want to know what just happened. Why did you guys attack Boss Wu?" Sunn Sheng turned around and asked the two security guards.

"Miss Su told us to do it." The security guard wiped the cold sweat from his forehead and quickly threw the pot to Su Xiaoxiao.

Sunn Sheng then looked at Su Xiaoxiao and asked with an aggressive tone, "What exactly happened?"

"I'm sorry, I was wrong." Su Xiaoxiao's reaction was quick. She hurried forward to apologize to Wu Tian. "I had eyes but didn't recognize Mount Tai and didn't know that you were the big boss. I apologize for what I did."

She understood that no matter how she explained, it would be a mistake. Rather than defending herself, she might as well apologize.

As long as she could get the big boss's understanding, nothing else was a problem.

"I'm not the one you should apologize to." Wu Tian said in a neutral tone.

Su Xiaoxiao's eyes darted around a few times before she hurriedly turned around to apologize to Wang Yan. "Yan'er, I'm sorry. I shouldn't have treated you like that before. I hope you can forgive me."

"It's fine. Just don't target me in the future." Wang Yan heaved a long sigh in her heart.

Never in her wildest dreams did she expect that Su Xiaoxiao, who always pushed her out of her way, would take the initiative to lower her head and apologize.

She knew that all of this was thanks to Wu Tian's support, and she was even more grateful to this man for helping her.

"From now on, we are good sisters. I will listen to you." Su Xiaoxiao had yet to curry favor with Wu Tian. In the future, she would never dare to offend Wu Tian again.

No matter how dumb she was, she understood that the reason Wang Yan's Seafood TV had risen so fast was because she relied on the big boss, Wu Tian.

Presumably, Wang Yan's relationship with the big boss was not ordinary.

As long as she could curry favor with Wang Yan, she would also benefit from it. If she were to offend Wang Yan again, there would probably be no place for her in Seafood TV anymore.

"Alright, that's enough for today's matter. I hope that everyone can unite and work together to strengthen the platform." Wu Tian didn't pursue the matter and didn't punish Su Xiaoxiao.

The live broadcast of the carnival was about to begin. Once the punishment was meted out, it could affect everyone's mood.

"Thank you, Boss Wu. I will definitely cooperate with the company and do my job well." Su Xiaoxiao promised with a sincere tone.

"That's good." Wu Tian nodded and said to the crowd, "Everyone go get busy. Get ready. The live broadcast of the carnival will start soon."

"Alright, everyone get ready." After Sunn Sheng gave the order, he led the security guards to continue working.

After the others left, Wang Yan walked in front of Wu Tian in embarrassment, "I didn't expect you to be our boss."

"I wasn't the boss of Seafood TV in the beginning, but after watching your live broadcast, and felt that your potential is great, I invested into this platform." Wu Tian explained with a smile.

"So I influenced you?"

"Right."

"Am I that amazing?"

"Your potential is great, and your future is immeasurable." Wu Tian carefully examined the masked girl in front of him.

This girl could be said to be a quiet person in the live broadcast world. She was not like the other female host who were acting, as she did not need to use her body or her appearance to attract the attention of the audience.

Now that the platform was so homogenous, if these unique features could be developed for live broadcast, the audience would gradually become dependent on the platform.

"Thank you, Boss Wu, for your praise and affirmation. I will definitely work hard." Wang Yan's smile was exceptionally happy. Even through the mask, one could still feel the sweet smile on her face.

"I really want to know what you look like."

"If Boss Wu wants to see my face, it's only a matter of words."

"No rush." Wu Tian looked at the time and smiled, "There's still half an hour before you go on stage. When you take off your mask, I will look at you again."

"If I were ugly, would Boss Wu be disappointed?"

"Your soul is more important than your appearance. To a woman, self-confidence is also a type of beauty. Good luck." Wu Tian clenched his fists to cheer the girl up.
