C14 What Happens to Those Who Provoke Me

"No." Without waiting for Wu Tian's reply, Shen Xue quickly explained, "I made a mistake while driving and accidentally bumped into them. All of this is my fault."

"Ugh ..."

Zhang Hao's expression froze slightly. He said in an aggressive tone, "No matter whose fault it is, as long as you scare Xue'er, it will be your fault. You must apologize."

As long as there was a chance, he would spare no effort to curry favor with Shen Xue.

"Apologize?"

Wu Tian smiled. "Why should I apologize?"

What a joke. As a victim, he was actually asked to apologize.

"If I tell you to apologize, you have to apologize." Zhang Hao raised his head with a dignified look, just like a fighting rooster.

Wu Tian twitched his mouth and didn't say anything.

On the other hand, Shen Xue hurriedly tried to persuade him, "Zhang Hao, don't be like this. This was my fault in the first place."

"Xue, don't worry about it. I must get this brat to apologize to you today." Zhang Hao protected Shen Xue behind him, pointed at Wu Tian, and clamored, "Hurry up and apologize."

Wu Tian had already lost his patience. He raised his hand and slapped Zhang Hao's face.

This was the first time he had met such a rude and unreasonable person. Honestly speaking, he wanted to beat him up a long time ago.

Zhang Hao got a slap on his face and flew into a rage. "Brat, how dare you hit me!"

Saying that, he pounced towards Wu Tian like a mad dog.

Wu Tian used his shoulder to hit him hard while at the same time he lifted his knee and pushed it towards his lower abdomen.

Despite his thin and weak body, he was not weak in the slightest when it came to fighting. After all, he had been with the wild kids since he was young.

Zhang Hao had been pampered since he was young. He was not a match for Wu Tian, so he was easily beaten up and became extremely angry.

"Bastard, I'm not done with you." Naturally, Zhang Hao wasn't willing to lose in front of his goddess. He crazily prepared to pounce on Wu Tian.

"Enough!"

Shen Xue, who was standing at the side, could not stand it any longer. She angrily scolded Zhang Hao, "You are going too far."

"I ..."

Seeing the disgusted look in Shen Xue's eyes, Zhang Hao had no choice but to stop.

At this moment, he felt extremely aggrieved in his heart. Not only was he beaten up, he even made his goddess feel disgusted.

"How many times have I told you that this is my fault? Why can't you understand?" Shen Xue was furious.

"..."

Zhang Hao didn't say anything. He just glared at Wu Tian with hatred in his eyes. His heart was filled with boundless resentment.

At this moment, the nurse came out of the ward and scolded them, "Can you guys lower your voices a little? The patients need some rest."

"Oh, got it." Shen Xue said with an apologetic smile.

"Which one of you is the wounded's family member?"

"I ..." Shen Xue took a step forward and said embarrassedly, "I am the one who caused this accident. I will be responsible for everything."

"Very well, follow me in!" After saying that, the nurse brought Shen Xue into the ward.

In the corridor, Zhang Hao stared at Wu Tian with hatred in his eyes. He wanted to kill Wu Tian with a slap right now.

If it wasn't for Wu Tian, he wouldn't have been scolded by Shen Xue.

After gnashing his teeth for a long time, Zhang Hao threatened fiercely, "Brat, if you kneel down and apologize to me right now, I can spare your life."

"You?" Wu Tian smiled with disdain.

He really didn't see what ability Zhang Hao had.

Other than going crazy and throwing a tantrum, his body was a complete mess. This kind of man actually dared to threaten him. He really did not know his own capabilities.

"I'll tell you the truth," Zhang Hao shook his collar, raised his head, and said. "I am the general manager of Yun'an Group, if you know what's good for you, kneel down right now."

"Yun'an Group?" Wu Tian frowned slightly.

Previously, he seemed to have heard his secretary Loong Yun mention Yun'an Group. It was a small branch under their Wu family.

He just didn't expect that there would be scum like this in his branch. He was simply a worm of the company.

Seeing Wu Tian's expression, Zhang Hao thought that Wu Tian was afraid and was extremely pleased with himself. "Now that you know, you're scared. Quickly kneel down and apologize to me."

"You should be the one to be afraid." Wu Tian didn't want to say anything unnecessary, so he just took out his phone and called his secretary, Loong Yun. "The general manager of Yun'an Company is called Zhang Hao — fire him."

Wu Tian said directly to the person on the other side of the phone, then hung up and put the phone away.

"Hahaha ..."

Zhang Hao raised his head and laughed. He laughed for a long time before mocking Wu Tian, "You sure know how to act cool."

"You called someone to fire me? You should know your limits. With your despicable appearance, on what grounds are you firing me?"

"If you have the ability to fire me today, I'll be your grandson ..."

Zhang Hao put his hands in his pockets and almost tilted his head to the ceiling.

Just as he was laughing happily, his phone rang in his pocket. After he picked up the call, he only said a few words before the smile on his face started disappearing bit by bit. In the end, his entire face became stiff.

He just looked at Wu Tian like that with a complicated expression in his eyes. Surprise, shock, and disbelief, but most of all, fear and unease.

He had just received a call from the company. He had received an order from the boss of the company. He had already been fired.

Never in his wildest dreams would he have thought that the brat before him would fire him with just a single phone call. Wu Tian's single phone call had wasted more than ten years of his efforts. He fell from a high place to a low bottom in an instant.

He kneeled down.

After being stunned for a long time, Zhang Hao came back to his senses. He was so scared that both his legs went limp. He quickly kneeled down and begged for forgiveness. "I was wrong ..."

He wasn't stupid, Wu Tian had fired him with just a phone call. He didn't dare to imagine how high Wu Tian's status was.

Wu Tian, who stood in front of him, was a very influential person. At the very least, he couldn't afford to offend him.

At that moment, he was extremely regretful. If he knew that Wu Tian was a person with an extremely high position, why would he go and offend him?

"I really don't understand how a person like you became the general manager of Yun'an Group." Looking at Zhang Hao kneeling on the ground and begging for mercy, Wu Tian felt very disappointed.

It seemed that there was a problem with the management of the family's branches, otherwise they would not have let this kind of trash become an executive.

"I was really wrong. I beg you to give me another chance. I was blind, I shouldn't have offended you —" Zhang Hao did not finish his sentence. He raised his hand and fiercely slapped himself twice, begging for Wu Tian's forgiveness.

He had a hard time becoming a company executive — he didn't want to lose everything.

By doing so, Wu Tian became even more annoyed. He kicked Zhang Hao's leg and swore, "Scram, don't let me see you again."

"I was wrong ..." After Zhang Hao was kicked over, he was like mud, as he sat paralyzed on the ground. Tears of regret flowed from his eyes.

He had never felt so much regret in his life. Up until now, the thing he regretted the most was provoking a young man called Wu Tian.

If he was given another chance, he wouldn't offend Wu Tian even if he were tortured to death.

Not only would he not offend Wu Tian, he would even try his best to please him.
