Chapter 1459: He Sure Was Fast, Fast At Losing To Me

Lu Heting, Su Bei, and Da Bao entered the elevator together.

Su Bei's WeChat kept ringing.

She looked down and saw that the messages were all from Huo Zhong.

Uhh...

Su Bei couldn't be bothered to entertain him. She stretched out her finger, intending to swipe away all the messages.

However, she accidentally clicked on the voice message he had sent.

"Baby, don't leave the Lu family. A cute child like Lu Heting's son is worth protecting."

Su Bei: "..."

Huo Zhong's voice messages came one after another. "I think it's completely fine for you to be the stepmother of such a good child. Who said that it's difficult to be a stepmother? It mainly depends on the child's situation! Some children are simply angels of the world. Even if they're not your biological children, they act more like them! They're obedient and cute! They're capable and cool!

"Especially a son who got such good genes from a man like Lu Heting. There's definitely no problem with him. He's completely worth your effort. You only have to work a little to raise him. In the future, such a good son will repay the entire world!"

Lu Heting: "..."

Da Bao: "..."

Su Bei's fingers flew over the keyboard. [Don't call me 'Baby'. Call me Su Bei! By the way, you don't have to worry about my son. Thank you!]

Did this person have any integrity? He was the one who came to persuade her to leave Da Bao!

"Okay, Su Bei. I hope you take good care of your son! By the way, when can I meet your son next time?"

Huo Zhong's next words were immediately heard.

Su Bei was too lazy to reply to him.

Da Bao asked, "So who's this person?"

"He's the one Lu Tianci invited to fight you last time. He's a gaming maniac!" Su Bei explained simply.

Da Bao nodded. "He sure was fast, fast at losing to me."

1

Su Bei burst out laughing, and her bright face rippled with joy. Did Huo Zhong know that he was being looked down on by a child?

“Ignore him. We won’t see him again.” Su Bei was still brooding over what Huo Zhong had said about Da Bao.

“Hmm, but he looks familiar?” Da Bao asked.

Lu Heting lowered his eyes. “If I remember correctly, he’s Lu Weijian’s half-brother.”

1

“Oh.” Da Bao stopped talking.

Lu Heting added, “As expected of Lu Weijian’s brother. Both of them are childish and gaming maniacs.”

1

Huo Zhong’s ears burned, but his mind was still filled with the god-like operation of Su Bei’s son!

...

Lu Weijian quickly signed Zhao Sixiu.

After announcing this news on Weibo, Su Bei quickly reposted it. [Welcome and congratulations @Zhao Sixiu.]

Zhao Sixiu: [Thank you. I’m honored to work with you. I hope to learn from you in the future. @Su Bei]

Zhao Sixiu’s fans: “...”

Not only had Lu Bei become Su Bei, but her relationship with Zhao Sixiu had also visibly improved.

This world was too magical!

However, their idol actually joined Di Xing Media Company. Zhao Sixiu’s fans could not help but scream!

Ahhhhhhh! How blissful!

Although Di Xing Media Company was not the top company in the entire entertainment industry, they had always operated according to the rules. They never did anything crooked, did not cause trouble, and were very friendly to celebrities.

The fans reposted and spread the news!

When Su Bei went to the set, Xu Huiru specially bought a lot of delicious food and distributed them to the staff at the scene. She even left a huge bag of snacks for Su Bei.

The other actors came to tease Zhao Sixiu. “Brother Zhao, did you get a free girlfriend for signing a contract with Di Xing Media Company? Why didn’t such a good deal happen to me?”

Now, Xu Huiru and Zhao Sixiu were considered semi-public. The two of them were visibly happy.

Actually, this was normal. At the age of 26 or 27, ordinary people would also have the idea of settling down. It was not surprising that celebrities would want to have families of their own and get married.

Xu Huiru followed behind Su Bei and said, “Su Bei, I won’t come to visit you anymore. Mr. Weijian gave me a contract too. But considering my relationship with Sixiu, it’s not appropriate for me to be his assistant. Mr. Weijian arranged for me to help other artistes first.”

“Yes, go ahead. Mr. Weijian has his reasons for making such arrangements.” Su Bei nodded.

“Yeah, I’ll see you next time, then.”

Su Bei snorted. “So you’re here to visit me today and not Zhao Sixiu?”

“Of course. What reason do I have to visit him?” Xu Hui blushed as she said it. Now that Di Xing had signed Zhao Sixiu and knew the two of them were dating, the company gave them an apartment to stay in together.

Now that the two of them could live together openly, their marriage and family would not be affected in the future. She could see Zhao Sixiu at home, so there was no need for her to visit him at work.

Su Bei thought for a moment and understood the situation. She smiled and said, “Okay, then come and see me next time.”

After Xu Hui left, Su Bei asked Xiao Bai to distribute the snacks to the crew. She wouldn’t be able to eat so much even if she kept them.

As they were talking, the food that Lu Heting had sent to Su Bei arrived. Su Bei glanced at the pile of food in front of her. Did they take her for a pig?

Even if there were 10 more Su Beis, she wouldn’t be able to finish this!

“Forget it, I’ll help to distribute this share of food too!” Su Bei glanced around. The entire independent dressing room was already filled with food. She decided to settle the matter quickly.

Outside the production team’s door, when Feng Ze’s figure appeared, the person who first discovered him fell silent for a moment and was stunned.

This man was too outstanding!

His extremely devilish face was like the wind and moon, carrying a cold aura that made people unable to look away.

A diamond stud in the man’s left ear gave off a cold glow. It was dazzling and shiny. A mole under the corner of his eye added to his melancholic and elegant look. His noble figure made people afraid to look at him, lest they got sucked into a dark abyss upon meeting his gaze.

“Who is he?”

“Why am I able to see so many good-looking people in the production team? First, it was Zhao Sixiu, then Lu Bei and Su Bei, then Mr. Lu. Now, there’s such a figure too. What kind of godly production team am I in?!”

“Boo-hoo, I’m glad I came to the right crew. I’m willing to even be a janitor! They’re so many good-looking men!”

“For a moment, I can’t decide if Lu Bei or Su Bei is better-looking or this man right here.”
