

Hidden Billionaire Chapter 166 - Faced with the Whole Huang Family -

C166 Faced with the Whole Huang Family

"Anyways, with me here, no one can touch him." Huang Ze couldn't explain it clearly in such a short time, so he could only put down his harsh words.

No matter what, he had to protect Wu Tian's safety in the Huang Family. If anything happened to Wu Tian, his Huang Family would definitely suffer too.

"Bro, I'm your sister, why are you helping outsiders to bully me!" Huang Shanshan started to cry.

As she cried, she drew her aunt and uncle to her.

Because Huang Shanshan was the youngest, the elders usually doted on her. Seeing how little Shan Shan was crying, they all came over to ask her about the situation.

"Shan Shan, who bullied you?" The elders surrounded him to inquire about the situation, their expressions full of love.

"That kid bullied me." Huang Shanshan pointed her spearhead at Wu Tian.

"Him?"

Only then did the people from the Huang Family notice Wu Tian's existence, and they all questioned him: "Who is this kid?"

"His name is Wu Tian, he's Huang Lan's boyfriend." Huang Shanshan quickly explained the situation to her seniors and complained, "Wu Tian was too excessive. He took advantage of me earlier and almost raped me. He failed to force me, so he just threw me in the trash."

She deliberately slandered Wu Tian, in order to gain the sympathy of the Huang Family elders.

Indeed.

When the people from the Huang Family heard these words, they were instantly angered. They could not help but scold Wu Tian: "How preposterous, you dare to harm our women from the Huang Family, you deserve to die."

"Second Uncle, Second Aunt, Fourth Uncle, Fifth Uncle, this isn't what you think ..."
Huang Lan quickly defended Wu Tian.

Before she could finish her words, she was interrupted by the elders: "Huang Lan, what kind of trash boyfriend are you looking for? You're simply embarrassing us with our Huang Family, you're really too unlucky."

A few elders scolded Huang Lan harshly.

The more they scolded, the more unpleasant it became. In the end, they even said things like trash and slut.

If these words were spoken by Huang Shanshan, then it would still be understandable. However, it was really hard for people to accept the fact that a Huang Family elder had actually said such words.

"I ..."

Hearing these ruthless curses, Huang Shanshan's nose turned sour and tears started streaming down her face.

To her, kinship was nothing more than bullsh * t. From young until now, she had only received humiliation and abuse, never having received the love, love and consideration of a family member.

Even in her dreams, she wanted to be like ordinary people, receiving the love and care of her family, as well as the approval and encouragement of her elders.

But so many years had passed, and all her family had done was harm.

"Enough!"

Wu Tian could not stand it any longer. He yelled and wrapped his arms around Huang Lan's body to protect her behind him.

He pointed at the noses of the elders from Huang Family and cursed, "Elder Sister Lan respects you all, treating you all as her family members and elders. "Look at you, what you're saying makes Elder Sister Lan's heart go cold."

He had always been happy to see Elder Sister Lan before, but this was the first time he had ever seen Elder Sister Lan cry so bitterly. To be honest, he did not feel good inside.

As a man, he had to stand up and protect Elder Sister Lan.

Upon hearing this, Huang Lan cried even louder.

This time, she was moved to tears.

Never would she have thought that when she was sad, Wu Tian would step out and protect her, regardless of whether it was the Huang Family people or the bodyguards who were glaring at her.

At this moment, her heart felt especially warm, as if she had found a spiritual refuge.

The Huang Family Elders were stunned for a few seconds, perhaps they did not expect Wu Tian to say this before the Huang Family.

After a moment of surprise, a respected senior stood up and said: "In Huang Family, there is no place for you to speak. Men, tie this brat up."

"Yes." A few bodyguards were ready to act as soon as they received the order.

"Stop!"

As the hall was in chaos, a loud shout came from the second floor.

They only saw a white-haired old man slowly walking down the stairs. The old man was in his seventies, his pace was steady, and his eyes were filled with a domineering aura.

This was the Patriarch of Huang Family, the grandfather of Huang Ze and Huang Lan.

When Old Master went downstairs, the people from Huang Family all came up to greet him, showing extreme respect.

Huang Old Master shook his sleeves, walked to the main seat and sat down. He asked in a deep voice, "What's the situation in the main hall?"

"Grandfather!"

Huang Shanshan pretended to be well-behaved and took Old Master's arm, explaining, "Huang Lan brought her boyfriend back."

"Are you talking about that kid?" Huang Old Master raised his head to look at Wu Tian, his eyes full of contempt and disdain.

"Right, that brat is called Wu Tian."

"Isn't it just bringing back a brat? Is there a need to cause such a huge commotion?" Huang Old Master rolled his eyes at Huang Lan, his tone clearly full of reproach.

"The boyfriend Huang Lan brought back isn't a good person. He even bullied me before!" Huang Shanshan pretended to be wronged as she complained.

Huang Old Master's face sank, "How preposterous."

"That brat just threw me into the trash can and took the opportunity to molest me. He almost raped me." Before Huang Shanshan could finish her sentence, tears rolled down her cheeks.

"Pah!"

When Huang Old Master heard this, he flew into a rage and slapped the table hard, "What a bastard, even daring to bully my granddaughter."

"Grandfather, you have to uphold justice for me." Huang Shanshan shook her grandfather's arm like a spoiled child.

"Men, throw this kid into the unmarked grave." Huang Old Master immediately gave the order.

No one dared to delay Old Master's order. A few bodyguards rushed forward and prepared to attack Wu Tian.

"You guys wait here first."

This time, the one who stopped them was still Huang Ze. He quickly stopped the bodyguard from attacking Wu Tian and said to Old Master, "Grandpa, don't do that."

"This brat molested my granddaughter. Why can't I hit him?" Huang Old Master asked in a domineering tone.

"We can't mess with this brat. If we hit him, our Huang Family will be destroyed."

"Nonsense." Huang Old Master stared coldly at him, his mouth twitching as he said: "A mere brat, can he even threaten our Huang Family?"

"Grandfather, you must not underestimate Wu Tian. He is currently the owner of the Tianmu Technology, and at the same time, is also an investor in the Seafood TV. He even has two main restaurants, Fuyuan Restaurant and Huiyue Restaurant." Huang Ze revealed Wu Tian's identity on the surface.

Hearing this, the hall gradually quieted down.

They didn't expect this silly kid called Wu Tian to have so much high-quality assets.

Although his assets were far inferior to Huang Family, it was still rare for this kid to have so many high quality resources at such a young age.

Even Huang Shanshan was surprised. She had thought that Wu Tian was a poor loser, but who knew that Wu Tian was such a secretive guy with a bit of power.

"Humph!"

Huang Liwei coldly snorted, and said without a care: "With his little strength, he's way too far away from our Huang Family."

"Grandfather, the identity I said earlier was only on the surface, but in reality, he has an astonishing power behind him." Huang Ze's tone was very serious when he said that.

"What kind of power?"

"I'm not sure what kind of power it is, but I'm sure of one thing. The power behind his back is at least ten times or even a hundred times stronger than our Huang Family."

"What do you mean?"

"Grandfather, do you remember that a few days ago, the Zezhong Group was suddenly faced with a crisis. The capital chain broke, the business stopped, and the upstream and downstream industry chains completely collapsed." Huang Ze said in a serious tone that he had never used before.

Hidden Billionaire Chapter 167 - Desperate Birth -

C167 Desperate Birth

"At that time, you told me that someone was scheming behind the scenes, which caused the Zezhong Group and Huang Family to be in danger." Huang Old Master answered with a frown, "But what does this have to do with Wu Tian?"

"This has something to do with Wu Tian."

Huang Ze took a few steps forward and said with a serious tone, "I never told you guys that Wu Tian is the mastermind."

"What?" Is it this kid? " Huang Old Master widened his eyes in disbelief.

A while ago, Huang Family and subordinate Zezhong Group had encountered a huge crisis. From their capital to their industrial chain breaking down, the company and Huang Family were facing enormous pressure.

But he never would have thought that it was this kid controlling from behind.

To be able to put Huang Family and Zezhong Group in danger, and almost cause their company to close down, it could be seen how astonishing the power behind this guy was.

Hearing this, even Huang Old Master couldn't help but suck in a breath of cold air.

The others couldn't help but secretly sigh in amazement. They were all shocked by the power behind Wu Tian.

The boy in front of him looked ordinary, and his clothes could even be described as shabby. Who would have thought that the power behind him would be so astonishing?

At this time, the people from Huang Family no longer looked at Wu Tian with contempt, and their eyes became a lot more serious.

After staring at Wu Tian for a long time, Huang Old Master finally couldn't help but ask: "You said that this kid has such a powerful force behind him?"

"Absolutely." Huang Ze nodded seriously, and said in a low voice: "If we offended Wu Tian today, it will certainly bring about a huge disaster to the Huang Family."

"But why do I feel like this brat is just an ordinary person?" Huang Old Master had seen countless people, and he had never been wrong about anyone.

No matter how he looked at it, he felt that this fellow before him wasn't the young master of a noble family. His charm revealed the temperament of a lowly commoner.

If he really had such a powerful force, no matter what clothes he wore, it would not be able to conceal his unique temperament.

"Grandfather, I've investigated before, this kid is really not an ordinary person."

"Since you have investigated, tell me what kind of faction this boy in front of you has."

"He ..." Huang Ze's mouth was wide open, but he didn't know how to explain.

Previously, he had sent people to investigate and found out that the power behind Wu Tian was very mysterious and couldn't be discovered in a short period of time.

He thought for a moment before replying to his grandfather, "The power behind him is too strong. We simply cannot find him."

"Is it really that powerful?"

"Right."

"Let me think." Huang Old Master rubbed his chin and fell into deep thought.

If the boy in front of him had no power at all, and instead caused his Huang Family to be so fearful, he would definitely be mocked by others.

On the contrary, if this brat was really the Young Master of a certain power group, and his Huang Family offended this brat, then he would definitely cause a great disaster.

Before understanding the situation, Huang Old Master appeared to be very cautious and he did not dare to make an arrogant conclusion.

After thinking for a moment, Huang Jijia instructed Huang Lan, "You, bring Wu Tian to the side hall to rest. If there's anything you want to say, we can talk about it over dinner."

"Thank you, grandpa!" Huang Lan secretly let out a sigh of relief when she heard that. She pulled Wu Tian and left the hall as if they were escaping.

As soon as the two of them left, the hall began to boil with noise and excitement.

The people from Huang Family were all discussing about Wu Tian's identity.

Some people thought that Wu Tian was the young master of the mysterious Wealthy Class, while others suspected that he was a swindler.

They all had different opinions on Wu Tian's identity

"Alright!"

Huang Old Master interrupted the crowd and said in a deep voice, "We will send people to investigate Wu Tian's identity. Everyone try not to provoke this kid until the results are out."

He did not want anyone from the Huang Family to be fooled, and even more so, he did not want the Huang Family to offend a mysterious Wealthy Class and bring unnecessary trouble to his family.

"Grandfather's words are reasonable." Everyone nodded in agreement.

Even though Huang Family wasn't some large clan, it was still considered quite famous within the Luzhou. People of Huang Family had lived a life without worries about food and clothing ever since they were young, so even if they didn't struggle for their entire lives, they weren't worried about food and clothing.

However, the moment they provoked powerful characters and brought about a calamity down on their Huang Family, they would be done for.

Following that, Huang Old Master arranged for many people to investigate Wu Tian's background and background.

The people from Huang Family also all avoided it, trying their best not to provoke Wu Tian.

As for Wu Tian, Huang Lan brought him to a small forest in the mountain behind the house.

The forest was far away from the residence and overgrown with weeds. It seemed that there were very few people coming and no one taking care of it.

Huang Lan walked up to a big tree and stopped. She looked up at it and said as if she was talking to herself, "After an hour, no matter what grievances I've suffered, I would often run under this tree and cry."

"No wonder this tree looks so exuberant, Elder Sister Lan was the one who watered it with her tears." Wu Tian couldn't help but joke.

He saw that Elder Sister Lan had a heavy heart and wanted to purposely make Elder Sister Lan happy.

"Ha ha!"

Sure enough, Huang Lan was amused by his words. She punched Wu Tian in the chest and said, "Fuck you, I'm already like this. You're still joking with me."

"I've never seen Elder Sister Lan cry before, and today is the first time I've seen you cry. Even I ..." Wu Tian swallowed his words.

To tell the truth, he felt especially uncomfortable when he saw Elder Sister Lan crying when her family was hurt.

Seeing the attitude of the Huang Family people towards Elder Sister Lan, it was likely that Elder Sister Lan had suffered many grievances and cried as well.

"Ai!"

Huang Lan sighed deeply and said with a sigh, "If only I could be a big tree, growing strong and carefree every day."

"It would be a pity if a woman as outstanding as Elder Sister Lan was only a tree without thoughts."

"Am I outstanding?"

"Of course." Wu Tian praised in a serious tone, "Elder Sister Lan is beautiful, with a perfect figure. She can sing well, which many women can't envy."

"What you see is only the surface. Beneath my bright and beautiful appearance, lies a unknown miserable life." Huang Lan's expression gradually dimmed.

Elder Sister Lan was usually the brightest pearl. She was very beautiful.

At this moment, she was like a reflection without light, giving off a sorrowful, desolate, depressing, and pitiful feeling.

"Elder Sister Lan, you must have experienced a lot of pain. Can you tell me about it?" Wu Tian couldn't help but be curious and tried to ask.

He really wanted to know the story of Elder Sister Lan.

He wanted to know what kind of pain this woman had experienced to make her look so sad and lonely.

"Alright!"

Huang Lan nodded. She leaned against a tree and slowly sat on the ground. She said with an expressionless face, "I've never seen my mother since I was born."

"How did your mother die?" Wu Tian had also lost his motherly love, so he was deeply touched by this taste.

"I don't know if my mother is alive or dead. I don't know her name." Huang Lan gritted her teeth and hugged her knees tightly. "Actually, I'm an illegitimate child."

"You are an illegitimate child?"

"En!" Huang Lan lowered her head and replied with a heavy tone, "Father got married early. Afterwards, he let my mother be his lover and gave birth to me."

Hidden Billionaire Chapter 168 - Illegitimate Birth -

C168 Illegitimate Birth

"..."

Wu Tian's heart shook. He didn't think that Huang Lan was his mistress's illegitimate child. No wonder she was so disregarded in Huang Family.

Huang Lan did not notice the change in Wu Tian's expression and continued: "My mother insisted on giving birth to me that year, and then I was brought back to Huang Family."

"What about your mother?"

"Under the pressure of the Huang Family, Mother left the Luzhou, but there has been no news of her until now."

"Have you been looking for her?"

"Yes, but I didn't find her."

"Then you must have had a hard time these years."

"The people of the Huang Family treat me as a bastard, they look at me with that disdainful gaze every day, and even humiliate me. Every time I suffer a grievance, I would secretly run over here to cry." As Huang Lan spoke to her, tears rolled down her cheeks.

She had suffered too much in the past few years. She had shed too many tears.

No matter how wronged she was, she had nowhere to cry. She could only hide in a corner and secretly wipe away her tears.

That kind of loneliness and helplessness was hard for ordinary people to understand.

"Elder Sister Lan, I really didn't expect this ..." Wu Tian's nose twitched, he didn't feel good at all.

He couldn't believe how Elder Sister Lan had endured all these years.

Every day, she had to endure the indifference of her family. She also had to endure the ridicule, humiliation and disdain from her family.

He had no choice but to admit that Elder Sister Lan's heart was truly strong. If it were any other ordinary person, they would have long since been unable to endure it.

"I don't even know how I made it." Huang Lan jumped into Wu Tian's arms and burst into tears.

She used to dream that someone would listen to her, that she would have a shoulder or a hug to comfort her.

However, these were simply extravagant hopes for her. These simple little requests were so far away from her reach.

"Cry!" Wu Tian hugged Elder Sister Lan's body and patted her back as if he was playing with a child.

He had never thought that such a beautiful, sexy, arrogant, and cold star would have such a miserable, unknown childhood.

Usually, Elder Sister Lan faced her fans and the media with a cold and aloof attitude. On the surface, she looked beautiful, but who knew what she was feeling at the moment?

"I really want to live the life of a normal person." Huang Lan hugged Wu Tian tightly. Only now did she feel the most at ease.

"Those who can't defeat us, will definitely make us strong." Wu Tian patted Huang Lan's back and comforted her, "Elder Sister Lan, you are the strongest woman I've ever seen."

"No woman wants to be strong. If I wasn't strong, I might not have been able to live on for a long time!"

"That's right. Growing up in this kind of environment, it's hard to not be strong."

"Thank you!"

"Thank you for coming in time to give me some comfort in my life."

"I know Elder Sister Lan, I'm very happy too."

"Hold me, don't talk."

"Ugh!" Wu Tian hugged Elder Sister Lan obediently, hoping that this woman could walk out of the shadow of her childhood.

To be honest, Elder Sister Lan was too pitiful.

After crying for a while in Wu Tian's arms, Huang Lan slowly opened her eyes. "Bad boy, have you hugged enough?"

"Enough!" Only then did Wu Tian come back to his senses.

"Why aren't you letting go of me yet?"

"Oh!" Only then did Wu Tian realize that the two of them were sweating profusely.

The hug just now was very simple, and both of them did not let their imaginations run wild.

Huang Lan stood up and tidied up her messy dress and hair. Embarrassed, she said, "I let you make fun of me just now."

"No, Elder Sister Lan still looks beautiful when she cries."

"Shut up!" Huang Lan raised her hand and hit Wu Tian. "Stinking brat, you're not allowed to make fun of me."

"Elder Sister Lan, are you in a good mood?"

"Much better." Huang Lan rubbed her face and raised her head slightly. "It's been a long time since I've felt so relaxed."

She poured out her thoughts, as if she was releasing the burden from her heart, making her feel a lot more comfortable.

"Elder Sister Lan, you can confide anything you want to me in the future. Don't hold it in by yourself." Wu Tian comforted her with a smile.

"Alright, if I have anything on my mind, I'll tell it to you."

"Don't worry, I promise I'll be here anytime."

"What if Big Sis becomes dependent on you one day?" When Huang Lan thought of this question, she raised her head half-jokingly.

"Ugh ..."

Wu Tian scratched his head awkwardly and didn't know how to reply.

"Look how scared you are." Huang Lan smiled lightly and said carelessly, "Don't worry, I have a lot of men by my side. I won't stay with you forever."

"Elder Sister Lan really likes to joke around." Wu Tian laughed dryly and took the initiative to change the topic: "Oh right, Elder Sister Lan, do you hate the way Huang Family people treat you?"

"It's not necessary to hold grudges. After all, we're family, but the grudges in our hearts are unavoidable." Huang Lan gave such a precise answer.

"Elder Sister Lan is really broad-minded."

"Of course." Huang Lan stuck out her chest.

The moment she straightened her back, Wu Tian immediately saw a spectacular sight. His eyes were emitting a dazzling blue light.

Huang Lan's face turned red and she quickly covered her collar with her hands. She pretended to be angry and said, "Brat, you're not honest either!"

"I, hehe!" Wu Tian smiled innocently, using this to ease the awkwardness in his heart.

He didn't intentionally peep at Elder Sister Lan just now, but he accidentally saw her, so he could only blame Elder Sister Lan's perfect figure.

"If you want to see it next time, tell me. I'll let you see it for yourself." Seeing Wu Tian's embarrassed look, Huang Lan couldn't help but joke.

"Alright." Wu Tian first nodded his head, then hurriedly shook it: "Elder Sister Lan, I'm not as bad as you think."

"Alright, I got it. You're not particularly bad, you're just average bad." Huang Lan covered her mouth as she laughed.

She quickly put away her smile and said seriously, "It's getting late. Let's go back!"

Having said so, she hopped off in the direction of the house.

Every time she was with Wu Tian, she felt really happy. It was as if this boy was an open-heart fruit that could wipe away all the worries and worries in her heart.

On the way back, Wu Tian couldn't help but ask curiously, "Elder Sister Lan, why do you want to become a singer?"

"In the past, my family said that I was useless and that I wouldn't succeed. I insisted on doing it and wanted to use my strength to prove myself. In the end, I was able to achieve such a small achievement." Huang Lan said in a pleased tone.

"You became a singer, didn't that mean the people from Huang Family had a whole new level of respect for you?"

"Quite the opposite." Huang Lan laughed self-deprecatingly. "After I succeed, my family looks down on me even more. They all think that I relied on my body to become a singer."

"Relying on the body is also a type of ability."

"Fuck you." Huang Lan nudged Wu Tian lightly with her elbow. She raised her head to prove her innocence and said, "My body is clean and white. I have never let a man touch it before."

"To be able to maintain his innocence in the entertainment circle is indeed rare." Wu Tian nodded in agreement. Now, he admired Elder Sister Lan even more.

"You believe I'm innocent?"

"Of course I believe you."

"But other than you, no one else trusts me." Huang Lan sighed again. There was too much helplessness in her heart.

"Elder Sister Lan, don't think too much into it. Don't let the opinions of others affect your mood."

"Right, let's go!"
