C173 The Atmosphere Was Ambiguous

Just as the two of them were chatting in the room, the door was pushed open and Huang Shanshan barged in.

Previously, this girl was still wearing a skirt that fit her perfectly. In just a short moment, she had already changed into a halter skirt.

Now, she looked even sexier, especially her upper body. It was obvious that she was even more beautiful than before.

"Huang Shanshan, what are you doing now?" Wu Tian hurriedly protected Elder Sister Lan's body and asked with a vigilant expression.

Seeing that this girl didn't come with good intentions, she was most likely trying to bully Elder Sister Lan.

"Little Brother Tian, I came to find you." Huang Shanshan changed from her usual attitude to a much gentler one. "I have something to tell you."

"If you have something to say, just say it!"

"Little Brother Tian." Huang Shanshan pretended to be intimate. She took Wu Tian's arm and asked in a gentle tone, "What do you think of my appearance? Is it pretty?"

"Just average!" Wu Tian retracted his arm and spat out these words coldly.

To be honest, this girl had good looks and a good figure. She was definitely a first-rate beauty, on par with Elder Sister Lan.

However, this girl was not kind. She was far inferior to Elder Sister Lan.

Elder Sister Lan was a woman who was cold on the outside but hot on the inside. Her heart was softer than her mouth, whereas Huang Shanshan was pampered. She was born with the temper of a spoiled young lady.

"Little Brother Tian, if you're interested in me, I can be your girlfriend." Huang Shanshan blinked her large eyes and stuck her body over, feigning shyness.

To put it bluntly, she was jealous of Huang Lan finding such a powerful young master from a wealthy family. Therefore, she only wanted to snatch Wu Tian from Huang Lan.

"Sorry, I'm not interested in you." Wu Tian pushed Huang Shanshan away. At the same time, he held Huang Lan's body once again, "There's only one woman I love, and that's Elder Sister Lan."

When he said this, his acting was still decent, and a trace of deep emotion was intentionally revealed on his face. Huang Lan almost believed this to be true.

"My figure is very good, why can't I compare to Huang Lan?" Huang Shanshan raised her head and asked, unconvinced.

"You can't even compare to Elder Sister Lan's toes."

"You ..."

Huang Shanshan was so angry that her body trembled. After a long while, she stuck out her chest and retorted, "I'm much purer than Huang Lan. At least I'm still a virgin. I've never had sex with a man."

"No matter how clean your body is, your heart is dirty and disgusting." Wu Tian insulted her mercilessly.

"Then I'm still better than Huang Lan. Who knows how many men have slept with her."

Wu Tian raised his hand and slapped Huang Shanshan's face, warning her, "Please speak in a civilized manner. If you dare to sully Elder Sister Lan again, I'll tear that rotten mouth of yours apart."

"You actually dared to hit me. Just you wait, I will find you for revenge." With these words, Huang Shanshan stomped her feet and ran off in a huff.

"What a lack of manners." Wu Tian cursed silently. He turned around and comforted Huang Lan, "Her words are uncivilized. Don't take her words to heart."

"It doesn't matter, I'm already used to it." Huang Lan shrugged, her expression calm.

"It's good that you're fine."

"Thank you for defending me just now." Huang Lan tilted her head and said in an ambiguous tone, "If only there was a man who would protect me like this his entire life."

"Don't worry, you'll definitely find a suitable man."

"Can I find it?"

"Of course."

"Hopefully!" Huang Lan smiled knowingly as she sized Wu Tian up with a weird gaze, "I suddenly realized that you're really different from other men."

"What's different?"

"You have principles and a bottom line. You're not as casual as other men." Huang Lan shook her long hair and said with a smile, "If it was any other man facing Shan Shan's temptations, he would have already fallen into her trap. But you can still act so calm, a person like you is really rare."

"Shan Shan is very beautiful, but she is still far from you. I will definitely like you more." Wu Tian joked.

"Brat, your mouth is getting more and more sweet."

"You've never tasted my mouth before, how do you know that my mouth is getting sweeter and sweeter?"

"Fuck you." Huang Lan smiled coquettishly, blushing. "Not only are your words sweet, you're also getting bolder and bolder."

Previously, she felt that this brat was very honest. She thought that even Wu Tian wouldn't dare to joke around in front of her. After they got along, she found that this brat was getting more and more impudent.

"I learned it from Elder Sister Lan." Wu Tian replied with a smile.

That was true, Wu Tian had indeed learned it from Huang Lan.

When he first met Elder Sister Lan, he was still restraining his own actions. After all, this woman was his idol and star.

After getting along with her, he found out that this woman did not put on any airs and teased him from time to time. As time passed, Wu Tian gradually became more daring in front of Elder Sister Lan.

"And you put the blame on me." Huang Lan rolled her eyes flirtatiously and suddenly suggested, "Let's go, I will bring you to do some crazy things."

"Elder Sister Lan, don't come over here." Wu Tian tried to protect his body as he protested, "I'm not such a casual man. I hope Elder Sister Lan won't force me."

Huang Lan was amused by his actions and expression.

Huang Lan punched Wu Tian lightly and pretended to be angry, "Brat, what are you thinking about? I'm not such a casual woman."

"Then what does Elder Sister Lan mean is ..."

"I'll take you up the mountain."

"Climb the mountain?"

"Right." Huang Lan nodded and explained, "There is a small hill in our backyard. I used to climb it when I was young. Accompany me today."

"But it's going to be dark."

"As long as you are here, I'm not afraid."

"Alright then!" Wu Tian also didn't want to dispel Elder Sister Lan's interest, so he could only nod and agree.

Huang Lan walked over and took a bottle of white spirits from the cabinet. "Take this with you. Let's drink on the way."

"Climbing the mountain and drinking?"

"I'm in a good mood today. I'll drink with you."

"You're not afraid that I got drunk and had sex with you in the mountains?" Wu Tian couldn't help but tease her.

"If this happened, I wouldn't blame you."

"Elder Sister Lan, are you trying to get me to get you drunk?"

"Fuck you." Huang Lan snorted, hugged the red wine and said to Wu Tian, "Let's go."

With that, she took the lead and walked out of the room. Wu Tian smiled and followed her out.

The two of them passed through Huang Family Residence, went around the back garden, and climbed along the small path to the top of the mountain.

The small hill behind Huang Family was originally intended to create a backyard, but due to lack of funds, it had been stranded without any development.

Usually, no one would go up this small mountain, only the Huang Family servants would run up to play, and sometimes date on the mountain.

When Huang Lan was young, she often went up the mountain with her servants. Ever since she grew up, she had never been up the mountain before. This time, she was in a good mood and decided to play with Wu Tian on the mountain.

Halfway up the path, Huang Lan was already exhausted and sweating. She opened the bottle of red wine in her arms and took a sip.

After drinking it, she handed it to Wu Tian, "Do you want to drink it?"

"Nope!" Under these circumstances, Wu Tian was not in the mood to drink.

"Do you dislike me?"

"Of course not."

"Then take a sip."

## **Hidden Billionaire Chapter 174 - An Accidental Death of the Huang Family -**

C174 An Accidental Death of the Huang Family

"Alright!" Wu Tian wanted to prove that he didn't despise Elder Sister Lan. He picked up the bottle and took a long swig of red wine.

It was the first time he had ever drunk red wine from a bottle.

The wine bottle still had Elder Sister Lan's aftertaste, which was light and elegant, intoxicating.

"What a fool." Huang Lan shook her head with a wry smile. She was probably too thirsty, so she took the bottle and took a few sips.

"Elder Sister Lan, drink less." Wu Tian was afraid that Elder Sister Lan would get drunk, so he grabbed the bottle and drank the rest of the wine in one gulp.

After drinking, the two continued to climb the mountain.

Halfway up the mountain, Huang Lan was so tired that her face turned red. "You're crawling too fast. I'm too tired."

"Are we still crawling?"

"Of course, I want to climb to the top of the mountain."

"How about I carry you?"

"No need, I'll crawl by myself." Huang Lan gritted her teeth and continued climbing up the mountain.

Maybe she hadn't walked for a long time, so it was hard to get up.

It took them more than half an hour to reach the top.

Huang Lan collapsed weakly onto the grass. She looked up at the darkening sky and said, "Every time I climb to the top by myself, I feel especially proud."

"You are a strong woman." Wu Tian couldn't help but feel gratified. He was indeed surprised to see Elder Sister Lan clenching her teeth and climbing all the way to the top of the mountain.

If it was an ordinary woman, she would have long since been unable to climb to the top.

"There's no other way. My family circumstances have made it so that I have to be strong." A faint smile appeared on Huang Lan's face.

"Whoever can marry an outstanding woman like you will definitely be happy."

"Do you?"

"Huh?"

"Forget it, it's nothing."

"Ugh ..."

Just as the two were chatting, they heard a noise coming from the Huang Family courtyard at the foot of the mountain. It was even more lively than a grocery store.

Wu Tian's expression tightened as he lowered his head to look at the foot of the mountain. "Elder Sister Lan, listen.

"Since you solved the crisis of the funds for Huang Family, the people from Huang Family must be having a banquet to celebrate. Let's ignore them." Huang Lan laid down on the grass after she finished her sentence, enjoying the tranquility and happiness.

Every time she was with Wu Tian, she felt extremely relaxed. She felt particularly happy and free of any worries.

"It doesn't sound like a toast." Wu Tian felt that something was not right, the bad noises were especially harsh.

"Don't bother with them, come and chat with me." Huang Lan changed her posture and turned around to face Wu Tian. "Brat, have you ever been in a relationship before?"

"I used to like a girl."

"Who?"

"My classmate."

"I really envy your classmate."

"But she doesn't like me. She likes money, power, and her vanity." Wu Tian laughed at himself as he said that.

Huang Lan got up from the ground, confused. "You have money and power, why doesn't she like you?"

"I didn't have anything before."

"Ugh ..." Huang Lan was confused by the question, but she did not dwell on it. She smiled and said, "If you have no money and no power, then that's fine. I can raise you."

"Ha ha!" Wu Tian smiled without saying a word.

If he really had no money and had no power, he would not have the chance to get to know Elder Sister Lan at all, much less have any problems with being raised by her.

At this moment, the sound of the mountain grew louder and louder, accompanied by the sound of something being smashed and screaming.

Hearing this voice, Huang Lan also sensed that something was amiss, "Kid, did something happen to our Huang Family?"

"Something must have happened." Wu Tian nodded, he had felt that something was wrong with the sound earlier.

It was just that there was still some distance between them, so it was impossible to hear clearly.

"I'll call grandpa." Huang Lan quickly took out her cell phone and called Old Master. No one answered the call.

Then she called her father, but he didn't answer. No one even answered Huang Ze's phone.

Sensing that the situation wasn't good, Huang Lan immediately said to Wu Tian. "Something must have happened to Huang Family, let's quickly go back."

"Let's go down the mountain." Wu Tian hurried down the hill with Lili and took out his cell phone to call Azure Dragon.

If something really happened to Huang Family, it definitely wouldn't be a small matter. They still called Azure Dragon to come over and find a safe way.

The way down was easy. It took them more than 10 minutes to return to the Huang Residence.

They noticed that the entire house was in chaos. There were signs of destruction everywhere, and it was in a complete mess. It was as if they had been invaded by the enemy.

Huang Lan's heart sank as she hastily ran in the direction of the main residence.

Soon, he saw the bodyguards lying outside the main residence in disorder. Over ten bodyguards were heavily injured. They laid on the ground, their bodies riddled with injuries, wailing incessantly.

"What's going on? How did you get so injured? " Huang Lan squatted on the ground and asked the bodyguard about the situation.

"Just now, a group of people suddenly barged in. They attacked without saying a word. We can't stop it at all. " The bodyguard gave an intermittent account of what had happened.

It turned out that when they went up the mountain, there were more than twenty people who suddenly barged into the Huang Family, smashing them.

More than ten bodyguards rushed forward to protect the people from the Huang Family. The bodyguards fought the gangsters.

However, those criminals were too brutal, and the bodyguards were not their match. One by one, they were beaten down by the gangsters.

"Where are my grandpa and dad?" Huang Lan asked urgently.

Her blood was thicker than water, causing her to think about her grandfather and father. She was extremely worried.

"Old Master brought everyone to hide." After the bodyguard said this, he continued: "The main body of the criminal has left, and a few other criminals are still searching for the whereabouts of Old Master and the Huang Family person."

"I'll go find Grandfather and Father." After Huang Lan said this, she ran towards the main house as fast as she could. Wu Tian followed closely behind.

Huang Old Master and Huang Taiping lived on the second floor of the main residence.

After the two of them hurriedly went upstairs, they discovered that it was a mess. It was obvious that there were traces of being rummaged through.

After searching for a while, Huang Lan became even more agitated. "Where did Grandpa and the rest go?"

"Don't worry." Wu Tian comforted them and asked: "Is there anywhere in your Huang Family that you can hide?"

"A place to hide?" "Right, the study room." Huang Lan suddenly remembered and hurried downstairs to her study.

The study room was a stand-alone building, and it was relatively hidden by Huang Family. Not only were there many books hidden inside, there were also many antique jade artifacts.

When the two of them ran to the study room, they found out that Grandfather, Father and the other Huang Family people were all there. Many people from the Huang Family were injured, but luckily grandfather and father were not injured.

At this time, the people from Huang Family had already been surrounded by a few criminals.

There were four of them, and their faces were painted as if they were foppish cats. It was obvious that they were doing this on purpose.

The criminal glared at the Huang Family person like a tiger, as though he had a deep grudge against him.

After a brief look at each other, the four gangsters raised their sticks and prepared to charge forward to smash them.

"Stop!"

At this critical moment, Huang Lan rushed forward to protect her grandfather and father, and the people from Huang Family, and shouted at the criminal: "I won't allow you to hurt my family."

Although her family had caused her a lot of grievances in the past, she still did not want to see her family harmed.
