

Hidden Billionaire Chapter 175 - Rescue! -

C175 Rescue!

"Lan, come here quickly." Huang Old Master waved at his granddaughter with a trembling voice and told her to stand behind him.

Even Huang Taiping looked anxious, afraid that the criminals would be merciless towards his daughter.

They were Huang Lan's closest family members. Although they had acted a little apathetic in the past, they didn't want to see their granddaughters and daughters get hurt.

This was perhaps kinship. No matter how much resentment they harbored in their hearts, they would always worry about each other in times of crisis.

On the other hand, when the people from the Huang Family saw that Huang Lan had come forward to protect them at a critical moment, they all lowered their heads in shame.

They had humiliated Huang Lan quite a few times, but never had they imagined that Huang Lan would be the one to protect them in times of danger. Immediately, they felt guilty and uneasy.

"Dad, grandpa, you guys hurry up and leave." Huang Lan turned around and looked at her family members as she urged them urgently.

"You silly girl." Huang Taiping clenched his teeth in pain. At this moment, his face turned pale.

He felt that he was not as good as his daughter. As a father, he was far from being able to compare with her.

He had always thought that Huang Lan was an illegitimate child, so he had always been against her in his heart. It was only now that he realized that Huang Lan valued relationships the most at critical moments.

He had never felt as guilty as he did now. He blamed himself on the inside, it seemed that he was not a qualified father in the past.

Those gangsters didn't care that much. They didn't have the slightest bit of tender feelings for the fairer sex. Seeing Huang Lan blocking their way, they swung their sticks at her.

Huang Lan screamed in fright as she tightly held her head with both of her hands.

Old Master, Huang Taiping, and the rest of the Huang Family people were so nervous that they broke out in cold sweat. They couldn't help but worry for Huang Lan.

At this critical moment, Wu Tian rushed forward at his fastest speed, knocking Huang Lan to the ground and rolling a few rounds before he managed to dodge the attack.

Seeing Huang Lan dodge the attack, everyone secretly heaved a sigh of relief.

Wu Tian quickly helped Huang Lan up and asked with concern, "Elder Sister Lan, are you alright?"

"I'm fine." Huang Lan shook her head. Honestly speaking, she was shocked as well, and her heart was about to leap out of her chest.

If Wu Tian hadn't acted in time, she would have been smashed beyond recognition by the criminal even if she hadn't been beaten to death.

"It's good that you're fine. Stand at the back and let me deal with these criminals." Wu Tian pushed Huang Lan to a relatively safe distance behind him and said with a smile.

Huang Lan grabbed Wu Tian's arm and reminded him in a low voice, "Be careful, don't get hurt."

"Don't worry, I'm fine." Wu Tian threw down a comforting gaze and turned around to face the gangsters. "Come on, let's do it!"

From the movements of the four thugs, it could be seen that they were all practitioners, and were much more skilled than the Huang Family bodyguards.

If he fought the four criminals head on, he might not be a match for them. Right now, he could only use wits.

Huang Family stood at the back and did not say anything. Everyone could not help but be worried for Wu Tian, worried that he would be beaten to death.

Even if they were worried, they wouldn't stop him. After all, he was an outsider. With this brat coming out to deal with the criminal, Huang Family people were very satisfied.

Under the crowd's gaze, the four criminals brandished their sticks and pounced towards Wu Tian with a vicious look.

The atmosphere suddenly became tense.

They looked at the four sticks that were smashing towards Wu Tian. They thought that this brat's head was about to burst open.

They only saw Wu Tian's figure flash as he slid past the right side of the enemy's body like a loach, easily dodging the attack.

After failing to hit Wu Tian, the four hoodlums became even more brutal and smashed towards Wu Tian again with their sticks in their hands.

Wu Tian did not dare to be careless and dodged once again.

At the moment, he wasn't confident that he could defeat the four criminals, so he could only delay it for a while.

After a few rounds, the four gangsters were unable to defeat Wu Tian. Instead, they became impatient and sped up their attacks.

Wu Tian kept backing off until he reached the corner. Seeing that the time was right, he grabbed a potted plant and threw it at one of the criminals.

One of the bandits was caught unprepared and was unable to dodge. He was continuously knocked back several steps by the flower pot.

This smash instantly disrupted the formation of the other criminals, and they all became somewhat flustered.

Wu Tian seized the opportunity to kick the pants of the second criminal viciously, causing him to scream out in pain.

The other two gangsters reacted and quickly raised their clubs to smash Wu Tian. Both of them looked like they were about to eat someone.

Wu Tian hurriedly dodged and ran backwards right at the same time, which made the two criminals hurriedly chase after him.

After chasing to the desk, Wu Tian leaped onto it and used the desk's advantage to sweep it with a kick.

After defeating the third gangster, he saw the fourth gangster raise his rod and smashed towards him. He quickly reached out to grab the staff, and with a twist and a pull, he snatched it back from the gangster's hand.

The fourth gangster saw that the situation was not looking good, so he turned around and ran.

Wu Tian would never give him the chance to run away. He leaped and threw himself over, then fiercely kicked the criminal on the butt, turning him upside down.

At this point, all four criminals were defeated by Wu Tian.

The people from Huang Family were all dumbfounded, the fight just now was too exciting, it was as though they had seen a movie.

They did not expect Wu Tian to be so strong. His moves were swift and fierce. In just a few moves, he had defeated all four criminals.

They originally thought that a young master from a wealthy family like Wu Tian, who grew up in a honeypot, would definitely be weak without any skills.

However, Wu Tian's performance made everyone turn pale with fright.

This kind of young master from a Wealthy Class was so powerful that it made people look at him in a new light.

Even Huang Old Master could not help but secretly praise Wu Tian's astounding skills.

He had seen countless people, and he had seen all sorts of people move up and down in the Merchant Sea for decades. However, this was the first time he saw someone like Wu Tian.

Not only did he possess an incredible background, he was also extremely skilled. More importantly, he was also very low-key. This truly surprised him.

Huang Taiping also exclaimed in his heart.

He was shocked by Wu Tian's performance. He looked straight ahead and felt extremely surprised.

Now, he admired Wu Tian even more. At the same time, he also acknowledged his daughter's vision and found such an outstanding boyfriend.

At the back of the crowd.

Huang Shanshan was so shocked that her eyeballs nearly popped out of their sockets.

All along, she felt that Wu Tian was a weak kid and definitely not that capable.

When she saw him a moment ago, she nearly had her eyeballs pop out from their sockets.

She didn't expect Wu Tian to be so skilled, even his fighting posture and actions were so cool.

His every move and gesture captivated her. He was too handsome.

Now, she was even more jealous of Huang Lan. The man she was looking for was not only a young master from an underworld aristocratic family, but also someone with earth-shattering skills.

Now, she firmly believed that she must think of a way to get Wu Tian and take this outstanding man for herself.

At this moment, her heart was already ready to move, thinking of how to take over this man.

Huang Lan and Huang Ze had already seen Wu Tian's strength, but this time, they were impressed.

It was as if Wu Tian's skills were improving every day, and every time, he would give people an unexpected surprise.

Hidden Billionaire Chapter 176 - Reentry Police Station -

C176 Reentry Police Station

Under everyone's gaze, Wu Tian walked over and stepped on the chest of one of the thugs and asked coldly: "Who are you people? Why did you attack the Huang Family? "

"If you dare, then just kill us." The criminal forcefully raised his head. He did not seem to be a person who was afraid of death.

"Your mouth is too tough, or am I too good?" Wu Tian picked up a flower bed fragment and placed it on the criminal's neck, then asked, "Speak, who are you?"

"I have no comment."

"You are courting death." Facing this kind of tough bone, Wu Tian was also angry. He punched the criminal hard in the chest, and then brought the flower pot closer to his neck, asking coldly: "I'll give you one last chance. If you don't tell the truth again, don't blame me for being rude to you."

The criminal coldly snorted. He would rather die than say anything.

Just when Wu Tian was prepared to interrogate further, a group of police rushed into the study room and surrounded it.

"Stop!"

One of the policewomen pulled out a gun and pointed it at Wu Tian's head, "If you dare to move again, I'll shoot."

"It's you?" Wu Tian raised his head and saw a familiar face in front of him.

The policewoman in front of him was none other than the female police officer Su Ruyun whom she had flirted with before, the captain of the police station in the east of the city.

This place was under the jurisdiction of the eastern part of the city, so it wasn't strange for them to see Police Officer Su here.

"Bastard, we meet again." The corner of Su Ruyun's mouth twitched as a cold light flashed through her eyes.

The last time she was teased in public by this brat, she was even taken advantage of. That debt was always kept in her heart.

She didn't think that Wu Tian would fall into her hands again, and she took this opportunity to teach this rogue a lesson.

"Police Officer Su, you look so domineering in that uniform." Wu Tian looked down, and his gaze fell on Su Ruyun.

This woman's figure was indeed domineering. She was on par with Huang Lan. Even if she wore police uniform, it wouldn't be enough to block that arrogance.

"You ..."

Being flirted with again, the corner of Su Ruyun's mouth twitched in anger, and she threatened in a low voice: "Little bastard, when we come back to Police Station later, you'll have a good time."

With that, she kept her gun, turned around, and ordered her subordinates: "Bring Wu Tian and these criminals back to Police Station."

"Alright!"

After the policemen received the order, they started to arrest Wu Tian and the four seriously injured criminals.

"Wait!"

Seeing that the police were about to take Wu Tian away, Huang Lan quickly stepped forward to stop them: "Officer, Wu Tian didn't commit a crime, why do you want to arrest him?"

"I just saw him do it with a flower pot fragment." Su Ruyun said coldly while gritting her teeth.

"The criminal wants to make a move on us. He's protecting us, that's self-defense ..."

"I will naturally judge whether this is justifiable or not. It is not up to you to criticize." Su Ruyun impatiently asked, "Who called the police just now?"

"It's me." Huang Ze took the initiative to stand out.

"Come, follow me back to Police Station to record my statement." Su Ruyun took the lead and walked outside after she finished her sentence.

Huang Lan wanted to stop him, but she was interrupted by Wu Tian. "Elder Sister Lan, don't worry. Nothing will happen to me. I'll be back soon."

"But ..."

"I didn't commit any crime, so I'm very familiar with their director. I'll definitely be fine." After Wu Tian said this, he said to Elder Sister Lan: "Many people from Huang Family are injured, quickly send them to the hospital. I'll come look for you later."

"Alright!" Huang Lan nodded in relief after hearing that.

"I'll get Azure Dragon to help you later." Just as Wu Tian finished his sentence, he saw Azure Dragon run over in a hurry.

The moment Azure Dragon saw that his young master was arrested by the police, he immediately became anxious.

Wu Tian was worried that Azure Dragon would cause trouble so he quickly opened his mouth to stop him: "Azure Dragon, don't fight with the police."

All these policemen had guns, if they really fought, Azure Dragon would definitely suffer.

Moreover, the crime of assaulting a police officer was not a joke. I can't let Azure Dragon get caught in the police station.

"Alright!" Hearing that, Azure Dragon immediately retracted his fist.

He was obedient to Wu Tian now, and since the young master didn't want to make a move, there was naturally a reason for him not to.

"I'm going to the police station. I'll be out soon." After Wu Tian said this, he instructed Azure Dragon, "Stay in Huang Family and protect Elder Sister Lan every single inch of her. If there are any more criminals, you must help them deal with them. You must not let Elder Sister Lan get injured."

"I understand!"

"Alright, I'll be leaving first." With that, Wu Tian followed the two policemen out.

Just like that, Wu Tian was brought to the Police Station, and he was isolated and locked in an interrogation room.

After about half an hour, Su Ruyun walked into the interrogation room by herself and asked while holding the captain's pose, "Tell me, why did you commit such a crime?"

"I believe Police Officer Su already knew what had happened. I must be defending myself." Wu Tian replied with a mischievous smile.

"Self-defense?"

"Right."

"You've already subdued the criminal and prepared to cut his arteries with a flowerpot while the criminal didn't resist. Is this still considered legitimate self-defense?"

"I just wanted to scare the criminal, not kill him." Wu Tian retorted calmly.

"Why should I believe you?"

"If you don't believe me, you can ask the people from Huang Family. They can all testify for me."

"Cut the crap." Su Ruyun found that there was no way to continue the trial. With the current situation, it was impossible to convict Wu Tian.

The matter had already been made clear. Those criminals had broken into the Huang Family to commit murder, and Wu Tian had relied on his own strength to tyrannize the criminal and protect the safety of the Huang Family's people.

Logically speaking, Wu Tian should not only have no crimes, but he should also have contributed a lot.

However, she refused to let Wu Tian go and viciously said: "Little bastard, you took advantage of me last time, watch how I deal with you this time."

"What are you doing?"

"I want you to try out my methods." Su Ruyun raised her leg and kicked Wu Tian's pants after she said that.

The strength of this kick was not heavy, but it was not light either.

It wasn't enough to cripple Wu Tian, but it could still make him want to die.

Wu Tian cursed in his heart. He was so scared that he quickly dodged away, "You, as a police officer, dare to use lynching. This is preposterous."

"Cut the crap." Su Ruyun missed the hit. She lifted her leg and kicked Wu Tian's pants again. The strength of the kick was even stronger than before.

This time, Wu Tian did not dodge. He reached out his hand to grab that supple leg and said with a smile, "Come on, let's hurt each other."

"You scoundrel, let go."

"Didn't you like to kick me? I'll let you have a taste of my methods." Not only did Wu Tian not let go, he even slowly lifted the woman's leg.

Su Ruyun cried out in pain and yelled angrily, "Bastard, you beast, let me go now!"

"How are you feeling?"

"I'm going to shoot you."

"Do you hurt?"

"Bastard." Before Su Ruyun could finish her curses, she screamed miserably in pain and tears rolled down her cheeks.

This bastard was too much, he almost broke her leg.

"Police Officer Su, if you dare kick me again, don't blame me for being rude to you." Seeing the tears in Su Ruyun's eyes, Wu Tian let go of her right leg.
