C177 Offending the 'evil Woman

"Bastard, I'll kill you!" After gaining her freedom, Su Ruyun couldn't hide the shame and indignation in her heart. She took out a gun and pointed it at Wu Tian's head.

No one had ever dared to do this to her. He had almost cut her leg in half.

As a police captain, she had never suffered such humiliation.

Wu Tian was not afraid at all. He shrugged his shoulders and said, "Police Officer Su, if you find me unpleasant, just shoot."

"You ..."

Su Ruyun was so angry that the corners of her mouth were trembling. She held onto the gun for a long time but eventually did not open fire.

Although he was a bit shameless, he didn't deserve to die.

What's more, this brat's background was very powerful. If she really shot, it would bring her a lot of trouble.

The sound of a kick on the door rang out.

At that moment, the door to the interrogation room was kicked open and Chief of Police Liang

Tianhua rushed in.

He hurriedly kicked the door and entered after hearing that Captain Su had locked Wu Tian in the interrogation room alone and was afraid of some trouble.

Seeing Captain Su pointing a gun at Wu Tian, he was so scared that cold sweat broke out on his forehead. He quickly went up to stop her: "Captain Su, you're crazy. Quickly put away your gun."

"Superintendent Liang, why did you come?" Su Ruyun put away her pistol guiltily.

Initially, she only wanted to hide here and teach Wu Tian a lesson, but she didn't expect that Superintendent Liang would find out.

"What crime did Wu Tian commit this time?"

"He ..." Su Ruyun was at a loss for words. She couldn't find a suitable crime to pin on Wu Tian.

"Captain Su, you've really disappointed me." Liang Tianhua glared at Su Ruyun and scolded her in a low voice, "How many times have I told you that we can't afford to mess with Wu Tian? I told you not to mess with him, why didn't you listen?"

"I just wanted to teach him a lesson."

"It's not your turn to teach him a lesson. Apologize to him."

"I'm not going!" Su Ruyun tilted her head to the side in a slightly willful manner.

Being taken advantage of by this brat, it was impossible for her to apologize to this kind of rogue.
"You ..."

Liang Tianhua rolled up his sleeves angrily and said coldly, "Forget it, I'll deal with you later."

He knew Su Ruyun's personality, it wouldn't be easy for her to apologize.

Therefore, he lowered his posture, smiled and said to Wu Tian, "Captain Su had offended you so I apologize on her behalf."

"Superintendent Liang is getting serious." Wu Tian smiled slightly and said half-jokingly, "Your Captain Su has purposely targeted me. Maybe she likes me."

"You ..."

Su Ruyun was immediately angered when she heard this. She wanted to curse a few times, but she was glared back at by Liang Tianhua.

Liang Tianhua accompanied Wu Tian with a smile and tried to curry favor with him, "Captain Su is just like this. Don't take it to heart. I'll get someone to send you back right now."

After saying that, he extended his hand and made a gesture of 'please'.

"I don't want to go back yet." Wu Tian played with his handsome hairstyle and said with a smile.

"What?"

Hearing this, Liang Tianhua was not at ease. He thought Wu Tian was looking for trouble and tried to ask: "Then, what do you mean ..."

"I want to know how this case is progressing."

"Alright!" Hearing this, Liang Tianhua was relieved, "The case is still pending. The result is still not out yet."

"Who are these criminals?"

"Not yet."

"Then why did they do such a thing to the Huang Family?"

"This ..." Liang Tianhua smiled embarrassedly and said, "These criminals are too stubborn. If they refuse to say it, I'm afraid they won't make much progress in the near future."

"Is that so?"

"But don't worry, we will think of a way to find out the results as soon as possible. I'll let you know as soon as there's any news." Liang Tianhua promised with a smile.

He already knew that Wu Tian had a powerful backing and even the city police did not dare to offend him. As a small police chief, he had to try his best to curry favor with him.

"Alright!" Wu Tian did not continue asking.

He knew that this case was rather thorny, and through those obstinate thugs, he really couldn't find out much in a short period of time.

"Mr Wu, it's getting late. I'll arrange someone to send you back now." Liang Tianhua tried to please him with a smile.

"No need."

Wu Tian waved his hand and looked at Su Ruyun, "Since Captain Su brought me here, then let her send me back!"

"Do your daydreams." Without waiting for Liang Tianhua to speak, Su Ruyun expressed her strong opposition.

Right now, she hated that damn hooligan Wu Tian to the bones. She wanted to beat him to death so that she could vent the hatred in her heart.

As the captain of thunderbolt in the east city, she had the title of devil which made countless criminals fear her. Who would have thought that she would be taken advantage of by Wu Tian.

When she thought of how his dirty hands had touched her body, she gritted her teeth in anger.

One

day, she would definitely teach this damn hooligan a lesson.

"Since Captain Su doesn't want to send me away, then forget it. Goodbye." When he reached the door, he suddenly turned around, "Oh yeah, Captain Su, your long legs are so soft and smooth, but there's a bit less meat, so I feel uncomfortable touching them."

"You ..."

Su Ruyun was so angry that she almost vomited blood.

This bastard actually dared to speak sarcastically after taking advantage of her. How preposterous! If Hall Master Liang wasn't here, she would have taken out her pistol and shot this brat a few times. She believed that this damn hooligan would still dare to speak such nonsense.

"You guys are busy, I'm leaving." Wu Tian threw his hands behind him and swaggered out.

The moment he walked out of the interrogation room, he saw Huang Ze quickly come over and greeted him with concern: "Mr Wu, are you alright?" "I'm fine." Wu Tian said expressionlessly.

As the saying goes, you don't have to hit a smiling person, not to mention Huang Ze's performance today made him quite satisfied.

Comparatively speaking, among the Huang Family people, Huang Ze's attitude towards Elder Sister Lan was the best, unlike the others who were mean.

"It's good that you're fine. Let's leave first!" Huang Ze extended his hand and made a "please" gesture.

Ever since he found out about Wu Tian's background, he had been very careful in front of Wu Tian,

afraid that he would offend him again.

The two of them walked out of the police station in the eastern part of the city one after the other.

After getting on the car, Wu Tian couldn't help but ask, "Who are these criminals tonight?"

"I don't know either." Huang Ze shook his head in pain. He couldn't help but have a headache whenever these criminals were mentioned.

To be honest, it was fortunate that Wu Tian acted in time, otherwise, the Huang Family people would have suffered.

After pondering for a few seconds, he opened his mouth and thanked Wu Tian: "Tonight, thank you for helping our Huang Family."

"You don't have to thank me. I'm only doing this because of Elder Sister Lan." After Wu Tian said this, he continued to ask: "Did your Huang Family offend someone?"

His main concern was Elder Sister Lan, otherwise, he wouldn't even bother to ask about Huang Family anymore.

"This ..."

Huang Ze swallowed his words as if he wanted to say something, but he hesitated. It was obvious that he was trying to cover it up.

This made Wu Tian more curious, so he asked again: "Don't stutter, just say what you want to say."

"Alright!"

Huang Ze hesitated for a moment, and finally nodded: "Actually, our Huang Family has done those improper business before, and we accidentally offended a few organizations."

"There's such a thing?" Glimmers danced in Wu Tian's eyes as he frowned slightly.
