

Hidden 1771

Chapter 1771 Really Out Of His league

Old Master He said calmly, "Since you've made such a big mistake, don't stay by Shihui's side in the future."

"Grandpa!" He Shihui wanted to persuade him.

"Do you want her to stay?" Old Master He was very serious.

He Shihui didn't say anything else. Although she couldn't bear to part with Li Yishou after all the help she had received from her, she knew how much such a big matter would affect her grandfather's opinion of her. She could only let Li Yishou take the blame.

!!

Li Yishou's face darkened. After a long time, she nodded. "I have to own up to my mistake. I know this. I accept this punishment."

He Shihui went out with her and handed her a check.

However, to Li Yishou, the benefits of staying by He Shihui's side were far greater than a check.

However, she could only accept it. Otherwise, would she have to fall out with He Shihui?

Li Yishou packed her things overnight and left He Shihui's side.

She had been by He Shihui's side for so many years, but she ended up like this.

He Shihui did not even say anything.

The next day, He Shihui released a public apology statement. Although it was an apology, she avoided the main point and pushed the blame onto her manager, Li Yishou.

The people outside also thought that Li Yishou had tricked He Shihui.

When Old Master He saw this, he only shook his head and did not say anything else.

However, he had a clearer understanding of He Shihui now.

At the same time, the news of Su Lu being Master Carlo's apprentice spread like wildfire, making He Shihui's face turn pale.

As this incident happened at Master Carlo's banquet, not many people knew about it. Even if He Shihui made a public statement, very few people mentioned plagiarism.

Wang Hui couldn't help but show off in front of Su Bei. "Shihui's performance this time was really good. Even Master Carlo praised her!"

Su Bei glanced at her. "Aunt, I'm very familiar with Su Lu."

Wang Hui immediately retracted her gaze. The feeling of being slapped in the face was really uncomfortable!

After Su Bei became Master Carlo's apprentice, he didn't really teach her anything.

He just asked Su Bei to paint beside him.

Every time she painted, Master Carlo could not help but show a face full of love for talent and a sense of luck that allowed him to accept such a talented apprentice.

In other words, even if He Shihui learned from him, she would soon be exposed.

Carlo was obsessed with painting. He Shihui made a huge mistake by thinking she could find a business opportunity by his side.

Su Bei followed him and painted. She never mentioned business matters. Master Carlo liked her very much. Sometimes, he would give her pointers on various aspects.

His point of view was extremely reasonable, and it was enlightening. Su Bei benefited greatly in all aspects.

Because Su Bei was chosen by Carlo, Qian Gouhua's status also rose. He became famous in the United States, and his business and work gradually improved.

When he was invited as a guest by a great painter, he saw Li Yishou standing at the door, waiting for a chance to meet with the great painter.

Ever since she parted ways with He Shihui, the outside world didn't want to offend He Consortium by working with Li Yishou despite not knowing what had happened between them. Soon, they reduced their cooperation with Li Yishou.

Li Yishou, who had a lot of connections, could not withstand the blow of this matter. Her career quickly began to decline.

During this period of time, those who originally treated her as an honored guest slowly became unwilling to see her.

Without He Shihui, she was really nothing.

She was waiting nervously when she saw Qian Gouhua walking over elegantly. Li Yishou's expression changed slightly as she greeted him.

"So it's you," Qian Guohua said as he adjusted his glasses.

Li Yishou smiled gently. "Can you bring me in?"

"Bring you in? Are you trying to embarrass me again?" This time, Qian Guohua no longer had any sympathy or soft-heartedness. He opened his mouth and rebuked.

"I had no choice about what happened last time. But I meant what I said back then."

Qian Guohua smiled. "Then bring your sincerity to your grand ambitions. Miss Li, I'm out of your league."

Hearing the deep mockery in his words, Li Yishou flew into a rage out of humiliation. "Qian Gouhua, do you think you'll end up better than me if you follow Su Lu? When he becomes famous and has a better

choice, he'll still kick you out! We're both doing this for the benefits. Neither of us is nobler than the other!"

"That's in the future. Su Lu and I aren't tied together for life. He can do whatever he wants in the future, but at least he and I won't be like some people who are tied together for the benefits. One doesn't care about morals, while the other doesn't care about conscience!" Qian Gouhua immediately retorted.

When a man who no longer cared about his past relationship became ruthless, he would definitely be even more chilly than in winter.

Soon, the butler of the great painter came over and respectfully invited Qian Gouhua in.

Qian Guohua turned around and followed him in.

Li Yishou was so angry that she vented her anger on the potted plant at the side. However, she was the one who disappointed Qian Gouhua first. How could she blame others now?

If she had left some leeway back then, she would not have ended up like this now.

...

After Su Bei was done with her work, she planned to start a new career.

On Feng Cheng's side, there were many diamonds and jewelry of excellent quality. Moreover, he was no longer limited to his own handicraft work. He gathered a team and quickly formed a company. The jewelry and diamonds he made were far better than the ones Su Bei saw on the market.

Feng Cheng had good taste. He only needed to check a little to obtain all kinds of good raw stones.

He was also still obsessed with repair work.

Su Bei wanted to open a jewelry shop in the United States to earn foreign currency.

When she mentioned it to Old Master He, he happily agreed. "Of course! It's best if you're willing to do something. I support you!"

"Then I'll start on it now!"

...

Su Bei had experience running a mall before, so she naturally did things very quickly.

The jewelry company Feng Cheng established was called 'Ya Bei'. Since they were establishing a branch, they naturally used the same name.

Ya Bei soon opened for business. It looked inconspicuous in a large American mall filled with other jewelers.

He Shihui did not take Su Bei's business seriously either.

Chapter 1772 Are You Paying With Card Or Check?

Wang Hui couldn't help but mock, "If it weren't for your grandfather, how could she have such ability? I think your grandfather is really biased!"

He Shihui clenched her fists. She hated her grandfather for this, but she had just done something wrong. She had no right to be willful. She could only hold it in for now.

It was not until she saw that the location and size of Su Bei's jewelry shop were ordinary that she was completely relieved. It turned out that Su Bei was just so-so!

On the day of Su Bei's opening, she invited Old Master He and Old Madam He to support her.

!!

Of course, the two elders were happy to go.

Wang Hui and He Shihui were also there, so Su Bei invited them politely.

"Okay, let's go too," Wang Hui said.

She wanted to see how miserable Su Bei's jewelry shop was.

He Shihui specially chose an expensive gift.

Wang Hui said, "Why are you giving her such a good gift? Her shop might collapse in two days."

"It's a token of my appreciation." He Shihui didn't hate Su Bei, but she hated Old Master He's bias.

However, it could be seen that Old Master He did not spend much effort on Su Bei's shop this time, so she felt better.

It seemed that Su Bei was just playing around.

Soon, Wang Hui and He Shihui arrived at the shop.

Su Bei was pouring tea for Old Master He and Old Madam He. She was all smiles and in a good mood.

Wang Hui glanced at the small shop and smiled. "Congratulations, Su Bei."

"Thank you." Su Bei smiled.

He Shihui handed the gift over. "If you need any help, you can look for me."

"That's right. You must look for your cousin," Wang Hui said. "Your cousin has run many jewelry shops in the past, and her performance was very good. She has good taste. If she gives you some pointers, you'll definitely benefit greatly."

"Thank you in advance," Su Bei replied with a smile.

Wang Hui looked at the shop that didn't have many customers and said, "Is your publicity not good enough? Why aren't there a lot of customers?"

She wanted to do good deeds in front of Old Master He, so she said, "Bring something out. I'll give you my card."

"Go get a few things for Aunt to see," Su Bei instructed the sales assistant.

The sales assistant quickly went over to get a few things and placed them in front of Wang Hui.

The emerald color was very good, and the diamonds were extremely eye-catching. The pearls were even more dazzling. It wasn't like Wang Hui hadn't seen good things before. But when she saw these, she couldn't help but admire them.

She didn't expect Su Bei to be able to get these goods!

Seeing that she liked them, Su Bei was naturally willing to do her grandparents a favor. "You can choose whatever you like. I'll give you a 20% discount!"

Old Master He and Old Madam He liked seeing them get along well. They were also happy to see Su Bei being so generous.

"Then I won't stand on ceremony!" Wang Hui was short-sighted. When she saw that the items were good and Su Bei said that she would give her a discount, she immediately started choosing seriously.

Seeing that her mother really liked the jewelry, He Shihui did not stop her. She just let her be.

"Then I'll choose these three!" Wang Hui quickly made her selection and got someone to get the bill for her.

"The total comes up to ten million yuan." The sales assistant quickly printed the bill and sent it over.

"H-How much?"

This was the United States, so they naturally used US dollars. Ten million US dollars was not a small sum in any country.

"Ten million. Do you want to swipe your card or use a check?" the sales assistant asked politely.

At that moment, Wang Hui took a deep breath. She had originally thought that the jewelry Su Bei sold in such a small shop would cost tens of thousands or maybe hundreds of thousands of yuan. She did not expect the jewelry to be so expensive!

Ten million USD!

Su Bei looked at her with a smile. "Aunt, thank you so much for supporting me! I can't repay you, but I'll treat you to a meal next time!"

She was paying ten million USD while Su Bei was treating her to a meal?

Wang Hui's heart was bleeding!

She was not Lin Xiruo. Her family was not as rich and powerful as Lin Xiruo's, and she did not have a husband to rely on. Lin Xiruo still had her own business, but she could not do anything. She relied on He Consortium's annual dividends to survive. Her daughter would subsidize her spending.

However, how could this compare to what others earned from their careers?

She wanted to say that she didn't want to buy the jewelry, but she had already said it just now. She couldn't bring herself to embarrass herself.

Moreover, Old Master He and Old Madam He were still watching.

Su Bei looked at her with a smile and said nothing else. Wang Hui came here early in the morning to cause trouble and even said some unlucky words. Now, Su Bei would show her what it meant to pay the price.

“Why are all the things in your shop so expensive? Are the prices even competitive?” Wang Hui really didn’t want to pay up.

“If there’s someone selling it, then there’s someone buying it. Besides, isn’t your taste quite good? You took a fancy to three things the moment you arrived? This means that these things are liked by rich ladies, right? I believe in your taste. There’s definitely no problem!” Su Bei praised sincerely.

Wang Hui couldn’t continue as she was praised.

She wished that Su Bei would argue with her so that she could say that she wouldn’t be buying the jewelry anymore.

However, Su Bei kept smiling at her. She could not find any excuse.

He Shihui could also see her mother’s embarrassment. She hated her mother’s personality the most. She didn’t think things through at all and always fell into trouble.

But Wang Hui was her mother. What could she do?

“Mom, you already have a lot of jewelry. Why don’t you just buy one as a token of appreciation? It won’t delay Su Bei’s business either,” He Shihui said.

“Cousin, how can you treat Aunt like this?” Without Wang Hui’s permission, Su Bei spoke first. “She’s worked so hard for so many years. So what if she buys some jewelry? Can’t she pay attention to her aesthetics just because she’s old? She used to be a beautiful young woman too, and she wants to buy jewelry now. Besides, Aunt is a customer now that she’s here in my shop. How can you say that she’ll delay my business? I’m overjoyed that Aunt is willing to support me.”

...

These words made it difficult for He Shihui not to fork out money.

Seeing this, Old Master He said, “Shihui, buy the jewelry for your mother. Give me the receipt when the time comes.”

He was planning to reimburse He Shihui.

If it were any other time, He Shihui would definitely accept it with a smile.

However, the situation today was different. She wanted to gain Old Master He’s favor, so how could she let him fork out the money?

She immediately took out her card and smiled. “It’s my responsibility to support Su Bei’s business and be filial to my mother. Grandpa, how can I let you worry? Su Bei, swipe my card.”

Su Bei didn’t take it. She turned sideways and passed the task to the sales assistant.

Chapter 1773 Take It Down

The sales assistant took it with both hands and swiped the card.

He Shihui was extremely depressed, and Wang Hui's heart ached even more.

Only Su Bei still maintained that smile. How many times had Su Bei encountered troublemakers and schemers?

If she couldn't even deal with them, how could she open a shop?

!!

Wang Hui had spent so much money for nothing and felt upset. She sat for a while longer to see the quiet business in Su Bei's shop. It was as if this could make her feel better.

After a while, she and He Shihui saw a familiar figure walking over. When they focused their eyes, they realized that it was Miss Dubilat!

She was dressed in leopard patterns and was extremely gorgeous and enchanting. Her high heels were extremely slender. She carried a bag worth millions and walked in arrogantly.

Wang Hui couldn't help but grab He Shihui's arm and shake it. "Look!"

He Shihui knew what she meant. Look, trouble was coming!

Miss Dubilat was arrogant wherever she went. She didn't give anyone face and thought that she was better than everyone else.

Last time, she even snatched He Shihui's art exhibition venue. She did not give He Consortium any face and treated everyone as nothing.

If something went wrong when she arrived at the shop, she would probably turn the world upside down!

Wang Hui and He Shihui couldn't help but feel satisfied. It seemed that Su Bei's shop was going to suffer on its very first day!

Sure enough, as soon as Miss Dubilat entered, she threw her bag on the counter and said loudly, "What are you doing? Is this how you decorated your shop?"

When Su Bei saw her, she smiled and greeted her.

"Su Bei, why did you open such a shop?" Miss Dubilat spoke in S Country's language this time. It was very clumsy, but it was a rare sight as she usually only spoke in her own native language. "Tear it down!"

When Wang Hui heard this, she was even happier.

Although Old Master He was also sitting here today, Miss Dubilat did not show any respect to anyone. Even Old Master He would probably be implicated.

Besides, Miss Dubilat did not have much of a relationship with Old Master He.

"This spot won't do either! Take it down!"

“This spot is so ugly. Remove it!” Miss Dubilat looked at several places and repeatedly asked to take everything down. Her attitude was so arrogant that she did not take anyone seriously.

Seeing that she was causing trouble for Su Bei, Old Master He was furious and wanted to stand up and teach her a lesson.

Su Bei stopped him and was the first to say to Miss Dubilat, “Stop asking for these things to be taken down for no reason. My decorations are a complete set! How can I open for business if you tear them down? Can you take a look at the things first? If the things are good, you can buy them. If not, you can look at other things. You’re not here to buy my shop!”

According to Miss Dubilat’s exaggerated aesthetics, Su Bei could imagine what her shop would look like if it was decorated to Miss Dubilat’s taste!

Would she still be selling jewelry then? Her shop would look like it belonged to a red light district in S Country!

“That’s true. Show me something.” Miss Dubilat sat down.

Wang Hui and He Shihui were both shocked. Was this person really Miss Dubilat?

After being rebuked by Su Bei, she didn’t fly into a rage?

She had glamorous hair, wore leopard-print tight-fitting clothes and super thin high-heeled sandals, and was adorned with jewelry. She had more than a dozen lackeys behind her. She was undoubtedly Miss Dubilat!

Only she could have such an arrogant attitude.

But why was she so obedient now?

She was like a tiger that wanted to eat someone, yet she suddenly became a little rabbit.

What was going on?

They had no choice but to wait and see. Then, they saw that Miss Dubilat had taken a fancy to a few sets of jewelry. She asked the sales assistant to wrap them up and then asked someone to come and swipe their card.

After receiving the packaged jewelry, she smiled and said, “Su Bei, I find your shop more pleasing to the eye now. I don’t know why, but I think it looks better than when I came just now.”

Su Bei smiled. “If you like it, you can come here often in the future. You’re welcome to come again!”

“Okay!” Miss Dubilat got someone to carry her things and went out with her head held high.

Su Bei knew that she was not the one who won over Miss Dubilat but the jewelry here. The jewelry here was far better than the high-quality goods on the market. It was the only way to win over those who were picky.

Under Wang Hui and He Shihui’s shocked gazes, Su Bei looked at them calmly. “Aunt, I’ll remember to treat you to a meal!”

Wang Hui: "..."

Was Wang Hui thinking about that meal?

Old Master He and Old Madam He were very impressed and satisfied with Su Bei's business acumen. They nodded to themselves. As expected of a child from the He family. She had inherited our outstanding business acumen!

Impressive!

He Shihui went back and sat in the car. She was about to break down.

Wasn't Su Bei just playing?

Wasn't Su Bei neglected by the old master?

The huge difference between reality and her fantasy was completely unacceptable!

Wang Hui could only comfort her daughter. "So what if she knows how to do business and deal with Miss Dubilat? Isn't she still fighting alone here? Didn't you see that Lu Heting can't even be bothered with her? She's been back in the He family for so long, but Lu Heting hasn't shown up. In terms of happiness, your life is much happier than hers!"

Although He Shihui felt that her mother's words were too noisy, after thinking about it carefully, it made sense.

The matter of the family business could not be settled in a day. She still had to continue living. She was better than Su Bei in every aspect, so she did not have to care about these gains and losses.

In the blink of an eye, it was Old Master He's birthday.

He had always kept a low profile on his birthdays. However, this year, there were new members in the family, including Su Bei. Naturally, he did not want to keep a low profile anymore. He wanted to introduce his granddaughter to more people.

He Shihui took the initiative to help him hold his birthday party, and Old Master He happily agreed.

"Then what should I do?" Su Bei asked with a smile.

...

"You don't have to do anything. Just accompany Grandpa when the time comes," Old Madam He said dotingly.

In her and Old Master He's hearts, Su Bei was still a little girl. Although they already knew that she was married, Lu Heting had never appeared. They always felt that Su Bei was no different from being single.

He Shihui was also happy with the strong contrast between her and Su Bei. She smiled and said, "That's right. Just accompany Grandpa when the time comes. As for the other things to worry about, let me do them."

Su Bei was happy and relaxed, so she didn't argue with her.

Actually, this was not a big birthday celebration. It was just a normal birthday celebration, but He Shihui made it a big deal.

Naturally, there were also exceptionally many people invited.

On the night of the birthday banquet, there were as many guests as there were clouds. The scene was grand and lively.

Old Master He was quite satisfied. He just wanted to introduce Su Bei to the public.

Su Bei had already called Lu Heting.

Chapter 1774 Two Boys

However, he had been very busy recently and could not be sure if he could make time to come.

Su Bei also explained the situation to Old Master He.

Although Old Master He was disappointed, he didn't blame Lu Heting. Anyway, tonight's focus wasn't on this matter, so he didn't mind.

That night, He Shihui appeared in front of everyone with her husband, Wei Jiangfan, and son, Wei Henguang.

The couple was loving, and their family was harmonious. It was really enviable.

"Shihui is a real winner in life. Her husband is handsome, and her son is hardworking and smart. I'm really envious."

"That's right. Among so many people, I don't envy anyone. I only envy Shihui for leading a peaceful life."

He Shihui smiled and said, "Everyone, you flatter me. Tonight is Grandpa's birthday, and it's also the day Grandpa will appear in public with Su Bei. Please focus on my grandfather and cousin."

"That's true, that's true. Congratulations to the old man, and I wish him longevity!"

"By the way, who's the new lady from the He family?"

"Don't you know? It's He Jiang and Lin Xiruo's daughter! She's the woman who was taken away from the family when she was born. She was only acknowledged after so many years. I heard that she's beautiful and generous. She's very similar to Lin Xiruo when she was young."

"I heard that she's also very talented. She used to be an actress in S Country. When she came to the United States this time, she opened a jewelry shop, and her career prospered."

"The main point is that she's married to Lu Heting of Lu Group!"

"Lu Heting!" Someone gasped in envy. Wouldn't He Shihui be inferior to Su Bei in an instant, then?

"But..." Someone immediately said, "Although she's married to Lu Heting, Lu Heting has never appeared with her. Anyway, Lu Heting didn't come to America this time. I think their marriage..."

From the perspective of the secular world, marriage was the only standard in a woman's life.

This was still the case in the circle of wealthy people. Although many women had their own careers and were quite successful in their lives, they were still criticized for their marriage.

He Shihui was using this to alter people's impression of Su Bei.

Sure enough, when many people heard that the relationship between Su Bei and Lu Heting was not good, they immediately voiced their sympathy. They shook their heads and sighed as if Su Bei was suddenly not as successful as they previously thought. No matter how successful she was in her other ventures, there was nothing to be envious of considering her marriage was a failure.

"Sigh, in that case, He Shihui is still the best! Look at Wei Jiangfan, he's always by Shihui's side! Su Bei might only be so-so!"

"That's right. Moreover, Wei Huguang is quite smart. He's only ten years old, but he has the brain of a seventeen or eighteen-year-old child! I think He Shihui is still the most likely to inherit the family business in the future!"

When He Shihui heard these words, she felt very happy.

Wei Yuxin came over quickly and walked to He Shihui's side. She smiled and said, "Sister Shihui, it's been hard on you today. Fortunately, you have Brother-in-law's help, so there aren't many things for you to worry about, right?"

"I'm fine. Since you're here, go in and have a seat."

"Is Xuyan back?" Wei Yuxin asked.

"He'll probably take a while," He Shihui said with a smile.

Wei Yuxin still did not give up. This time, Lin Xiruo was the one who brought He Xuyan and Xu Zhiqin out. It was as if they were on their honeymoon.

Her heart was really sour and uncomfortable.

She walked in and saw that her half-sister, Wei Yumeng, was also here. She was talking to Su Bei. She didn't know when they got so close.

Wei Yuxin stared at Su Bei, feeling indignant again. If Su Bei hadn't helped Xu Zhiqin, how could He Xuyan be so loyal to Xu Zhiqin?

If Su Bei had said something for her back then, things wouldn't have turned out like this!

Wei Huguang was feeling a little smug while being praised by a group of people. In the blink of an eye, he saw two young boys at the scene.

The two of them were not tall, but they were very exquisite. One was cold and serious, while the other was soft and cute. They seemed to be complementing each other, but they were also opposites.

The two boys were too eye-catching and quickly attracted countless gazes.

The serious one was staring at his phone while the cute one had his eyes opened wide, looking around from time to time. He was curious and cute.

“They’re so good-looking! Whose children are they?”

“That’s right. Their looks have really surpassed all the other children present!”

“They’re so handsome! Look at the slightly older one. He’s really cool and handsome. If only he were my son!”

“No, I want to work hard and wait for him to grow up to be my boyfriend!”

“Pfft, save it! As a mother, I don’t agree! Such a handsome child should marry a little fairy when he grows up!”

Wei Huguang, who originally was the target of these people’s praise, was in a bad mood now that his limelight had been stolen.

He walked toward the two boys and asked, “Hey, where are your invitations?”

“Invitation?” the cute one asked curiously. “What invitation?”

“You need an invitation to come here. Not just anyone can come in! If you don’t have an invitation, I’ll get the security guards to take you out!” Wei Huguang said.

The serious one never looked up. His eyes seemed to be locked on his phone.

Wei Huguang said angrily, “Since you can’t take it out, I’ll get the security guards to chase you out.”

He was older and taller than them, and he had a group of loyal followers behind him. When he spoke, he looked quite imposing. The kids behind him said, “Chase them out!”

“That’s right! Not everyone can enter this place!”

The cute little boy blinked his big eyes and said, “But I’m here to look for my cutie!”

“Hahahaha, cutie? You haven’t been weaned yet, right? You talk like a girl!” A little fatty behind Wei Huguang immediately laughed.

A bespectacled child also laughed. “That’s right. Looking at him, he should be looking for a pacifier. Why is he looking for a cutie?”

“Hahahahaha!”

“Hahahahaha!”

The children laughed brazenly.

...

Wei Huguang saw that although these two boys were good-looking, they couldn’t withstand a single blow. He didn’t even need to look for a security guard. He could probably beat the kids up himself, so he reached out to pull the cute one.

He had just reached out when his hand was blocked by the serious little boy.

Chapter 1775 Filled With Shock

The other party looked to be only five or six years old, but he could not move at all.

He had only felt such a helpless sense of defeat when he met boys who were a few years older than him.

Sweat broke out on Wei Huguang's forehead. "What are you doing?"

His hand was grabbed by the other party, and he could not break free at all.

"Let go of me!" He felt like his hand was about to break. He was worried and uncomfortable.

What if his hand was broken? How could he become the champion in the future? How could he bring honor to his ancestors?

When the other children saw this, they immediately said, "Let's call the security guards over!"

A group of children ran to look for the security guards. Wei Huguang was shocked and furious. He had always had a smooth sailing life since he was young. Usually, the other children would give in to him, but now, he was actually suffering at the hands of another.

He was about to flare up when he saw a game interface on the phone of the boy who had grabbed him. Because it was a multiplayer competition, he didn't turn off his phone. Even when he was dealing with Wei Huguang, he was still operating it with one hand. His hand speed was so fast that it was breathtaking.

Even so, he could still grab Wei Huguang with his other hand!

Wei Huguang was shocked. He stared at his phone in a daze. "Are you ranked first in the entire server?"

"Yes," the other party replied lazily.

"Is your account called Da Bao?" Wei Huguang shouted in surprise.

Da Bao let go of his hand and looked at him. Wei Huguang took it as a tacit agreement. This was because he liked this game the most, and he was Da Bao's biggest fan!

All he wanted was to see Da Bao's live broadcast and even personally compete with him!

However, Da Bao was elusive and would never do such meaningless things. Wei Huguang hadn't been able to think of a way to meet him.

She did not expect to see him here!

Although the other party was a child, he was not surprised at all!

After all, there had been seven or eight-year-old children in the top 30 of this game before.

Wei Huguang was only ten years old and had played this game for three to four years. His ranking was not bad.

However, compared to Da Bao, who was ranked first, they were far inferior.

"You're really Da Bao!" Wei Huguang was so excited that his voice was distorted!

He lowered his head and saw Da Bao retract his hand. When Da Bao operated with both hands, he slipped through the crowd and defeated his opponents. Da Bao's speed was so fast that no one could see his moves.

It was like a rookie in martial arts was facing a peerless expert. Apart from saying that Da Bao was awesome and powerful, Wei Huguang could not think of any other explanation. He did not know how to learn the skills Da Bao displayed!

For a moment, Wei Huguang was dazzled. His heart was filled with amazement!

The other children had already found the security guards. "Quick, it's the two of them! They bullied Mr. Wei! They don't even have invitations!"

The security guards walked closer to take a look. The two extremely handsome children made it difficult for them to think that they had evil intentions. Moreover, they were so much younger than Wei Huguang. How could they bully him?

It was more appropriate to say that Wei Huguang was bullying them.

Seeing the security guards approaching, Wei Huguang said impatiently, "Go, go, go. Don't block me. I'm watching my elder brother compete!"

The security guards asked, "Elder brother?"

When did He Shihui and Wei Jiangfan have an elder son?

Seeing that it was just two children who were so good-looking and had good temperaments, the security guards didn't think there was anything wrong. Wei Huguang didn't want them to care either, so they were happy to leave.

When the other children saw that Wei Huguang was watching something excitedly, they followed suit.

When they looked at Da Bao's phone screen, their faces were filled with shock.

How could there be someone in this world with such amazing hand speed?

And he was a few years younger than them!

'Mommy, I want to be reincarnated!'

Da Bao was so immersed in the game that he did not look around.

If he hadn't made an appointment to fight this battle at this time, he wouldn't have been so high-profile.

However, he was used to other people's shocked expressions. The onlookers around him could not affect him at all, so he calmly finished the competition.

As expected, there were also a bunch of exclamations from his opponents on the screen!

Gun Gun felt so bored. With so many people blocking him, he couldn't even see Da Bao's phone screen.

What were these people doing? Da Bao was not their brother!

Seriously!

“Brother...” Wei Huguang pulled Da Bao back. “If you don’t mind, let’s add each other’s contact details?”

“I do mind,” Da Bao said indifferently and put away his phone.

However, Wei Huguang did not give up. He was usually an arrogant young master, but now that he had met someone who played games better than him, he could put down his arrogance. Moreover, he had known Da Bao for a long time, so his tone was still very gentle. “Brother Da Bao, what are you doing here? As long as you mention my name, no one can bully you!”

Thinking that Da Bao did not have an invitation, he got someone to send one over. “Here, this is for you. Take it.”

Gun Gun asked, “Where’s mine?”

He didn’t like Gun Gun at first, but since he came with Da Bao, there was naturally no problem. “Of course, I have to protect you. My name is Wei Huguang. What about you?”

“Gun Gun,” Gun Gun said in a childish voice.

Wei Huguang immediately felt that he was very cute. “Okay, call me Big...”

He wanted to ask Gun Gun to call him ‘Big Brother’, but he seemed to want to call Da Bao ‘Big Brother’.

Gun Gun looked no different from Da Bao. He made up his mind. “Call me ‘Second Brother’!”

...

“Second Brother!” Seeing that he was so amiable, Gun Gun did not stand on ceremony.

Wei Huguang called his friends over. “In the future, no one is allowed to say anything bad about my big brother and second brother. Otherwise, I won’t let them off!”

“Got it, Young Master Wei.”

“Okay, Young Master Wei!”

The children here respected Wei Huguang, so they naturally followed his lead.

Seeing that he treated Gun Gun well and was a good person, Da Bao became more amiable to him.

“By the way, my name is Wei Huguang.” He extended his hand.

The usually high and mighty young master was now inferior to Da Bao.

The other children were not surprised. After all, they had seen how powerful Da Bao was just now!

Da Bao reached out his hand. “Da Bao.”

“Let’s go. I’ll bring you in!” Wei Huguang held Gun Gun’s hand and followed Da Bao in.

...

Chapter 1776 Did Such A Thing When Her Husband Was Not Around

When he heard that Da Bao was already in junior high school, Wei Huguang's expression turned stern. As expected of the person he admired. Impressive!

Wei Huguang also heard that Da Bao had many powerful skills. He felt that he still had a lot to learn!

It turned out that his great-grandfather was right. Indeed, there was always someone better.

He had to build a good relationship with Da Bao. He had to be friends with him in the future!

!!

When He Shihui saw that he was bringing Da Bao and Gun Gun along, she did not mind. After all, there were too many children by Wei Huguang's side every day. Most of them were just his followers.

Wei Yuxin praised, "Sister Shihui, Huguang is smart and capable. Look at how the others follow him around! You're so lucky to have a child like him!"

"Those kids are just giving him face," He Shihui said with a smile.

Su Bei was initially chatting with Old Master He.

She was overjoyed to hear that Lu Heting was coming over.

Moreover, Lu Heting said that he had brought Da Bao and Gun Gun along.

In addition, she had received news from Carlo that he had something to do in Europe.

Su Bei thought for a while. She could pick up Lu Heting and send Carlo to the airport.

Since she had to send Carlo off, she changed into men's clothes and sent Carlo to the airport.

Carlo was reluctant to part with her. He warned her, "Don't neglect your profession. Even if I'm not around, you have to work hard."

While watching him board the plane, Su Bei received a call from Lu Heting. "I'll wait for you outside the airport."

"You've already gotten off the plane? When did this happen?" Su Bei asked happily.

"The plane arrived early. I knew you were going to send the oil painting master off, so I didn't disturb you. I came out first," Lu Heting said in a low and gentle voice.

"Okay, I'll be right out!" Su Bei turned around and ran out of the airport.

It had been a long time since they last met. She really missed Lu Heting.

She had never been separated from Lu Heting for such a long time. She missed him so much.

Su Bei's face was filled with joy. When she saw his car, she pursed her lips and laughed. She walked over briskly.

At the same time, Lu Heting opened the car door and stepped out with his long legs. He leaned against the car door and opened his arms to welcome the woman who ran over.

Su Bei threw herself into his arms. "I missed you so much!"

Lu Heting tightened his arms around her.

The night breeze was exceptionally gentle, and the sky was exceptionally clear.

“Where are Da Bao and Gun Gun?” Su Bei hugged him for a while before realizing that she did not see them.

“They were in a hurry to look for you. They went to the banquet first.”

Su Bei smiled. “You knew I was coming over! Why did you trick them into going over first?”

Lu Heting carried her into the car. “What else could I do? Otherwise, they would’ve taken my spot beside you!”

He could almost imagine that scene. He hadn’t seen Su Bei for a long time, and he had a lot of expectations. He couldn’t let the two of them, especially Gun Gun, completely monopolize Su Bei.

When they arrived, Su Bei’s hair was a mess from his kisses. Fortunately, she didn’t put on lipstick. Otherwise, it would’ve been badly smudged.

However, it looked like she had put on lipstick. Her lips were completely red.

When she got out of the car, she almost hung onto him. Her legs were weak.

She secretly mocked herself for not doing a good job. It was just a few deep kisses, but she turned out like this. It was as if they had done something extraordinary.

Why was Lu Heting so skilled?

In fact, Lu Heting had restrained himself with his super strong willpower.

The timing was a little awkward.

However, at least he was free from domestic matters. This time, he could spend more time with her.

“I’ll go upstairs to the hotel to change first. Will you come with me?” Su Bei invited.

Mr. Lu’s eyes darkened, overwhelmed by lust.

Su Bei did not even notice how dangerous her invitation was.

In all honesty, she just wanted to change back into women’s clothes!

She quickly picked up the room card and went upstairs.

As she was in men’s clothes, she asked Lu Heting to come upstairs a few minutes later to avoid unnecessary trouble.

“Okay, you go up first.” Lu Heting wanted to ease the discomfort in his body.

Su Bei quickly entered the hotel and walked into the elevator.

When Wei Yuxin saw her, she found it a little strange. Wasn’t this the painter, Su Lu? Why was he here?

She heard that Old Master He liked his paintings very much. Previously, he had specially gone to his art exhibition. Could it be that he had invited him to his birthday?

However, what was he doing upstairs instead of going to the lobby?

Weren't the rooms above reserved for the guests and hosts to rest?

Wei Yuxin had always been on good terms with He Shihui. Since He Shihui and Su Lu didn't get along, she naturally wanted to find out what was going on.

She noted that the elevator stopped on the third floor and went up using another elevator.

As soon as she came out of the elevator, she saw Su Lu holding a room card. After looking around, she opened the door to a room.

Wei Yuxin was shocked. That room was the best room in the hotel. It had the best view and was also the most spacious. She had heard from He Shihui that the room was specially booked for Su Bei to rest in.

...

This was also why He Shihui was trying so hard to please Old Master He.

In the end, Wei Yuxin saw this scene.

She immediately made up her mind!

If this matter was exposed, Su Lu and Su Bei, the two people Old Master He liked, would probably suffer a downfall!

Wei Yuxin would be helping He Shihui a lot with this matter. After He Shihui inherited the He family's business, would she still have to worry about her future?

She quickly went downstairs and whispered something into He Shihui's ear.

"Are you sure?" He Shihui was also shocked.

"I saw it with my own eyes," Wei Yuxin said. "I really didn't expect that Su Bei, who looks so pure and generous, would do such a thing."

"Maybe they're just meeting for business."

"What business? Did Su Lu need to sneak in with a room card?" Wei Yuxin said, "If you don't believe me, you can check the surveillance footage first."

He Shihui really didn't dare to do things that she was uncertain about. She immediately checked the surveillance footage and found that what Wei Yuxin said was true.

...

Only then did she walk toward Old Master He and Old Madam He. "Grandpa, Grandma, I heard that Su Lu is here. Perhaps he's also here to celebrate your birthday, Grandpa."

"Where is he? Where is he?" Old Master He was quite happy to hear that. He had always liked this young painter, but he had never had the chance to meet him.

Chapter 1777 It Won't Be Nice If Word Gets Out

"He went to Su Bei's room upstairs. Should I invite him down first or wait for him to come down himself?" He Shihui did not intend to come up with a scheme for this matter.

However, she would not watch such a thing happen and do nothing about it.

These words would definitely plant a thorn in the hearts of the He family, who had a good family background, and Old Master He, who cared a lot about reputation.

This was enough for He Shihui to achieve her goal.

!!

Sure enough, Old Master He frowned slightly. Why did Su Lu go to Su Bei's room instead of visiting him?

However, if the two young people were friends, it should be fine.

When Wang Hui heard this, she said, "Su Bei is already married. It's inappropriate for her to meet Su Lu alone in the room, right? Why don't I invite them down? Otherwise, if word gets out, they'll think that our He family doesn't control our children. Outsiders will see us as a joke. When Mr. Lu finds out, he'll be unhappy!"

Her words made Old Master He frown even more.

Coincidentally, He Jiang and Lin Xiruo also returned with He Xuyan and Xu Zhiqin today. It was just that as soon as He Xuyan and Xu Zhiqin returned, they were pulled away by their friends.

He Jiang and Lin Xiruo came to celebrate the old master's birthday first. Before they could approach, they heard this. Lin Xiruo immediately said, "Dad, what are you talking about?"

Wang Hui said, "Xiruo, you're back? We're talking about a young painter who went to Su Bei's room. I heard that he went in with a card. Insiders know that under Dad's education, everyone in the family keeps themselves clean and that Su Bei is probably just having a discussion with Su Lu. However, those who don't know will surely gossip. It won't be good if word gets out. I said that I'll ask that young painter to come down."

She was the most talkative one, yet she was still talking about others. Lin Xiruo was immediately angry. "I didn't hear what anyone else said. I only heard you talking alone the entire time."

"Didn't you ask me what we were talking about?" Wang Hui felt a little embarrassed.

"I was asking Dad. I don't think I ever asked you?" Lin Xiruo said angrily. She was usually very docile and kind, but if anyone dared to bully Su Bei, she wouldn't show them any mercy.

Wang Hui was also annoyed. "Xiruo, I'm just telling the truth. Ask Shihui and Yuxin what's going on. I'm doing this for the sake of the He family's reputation. Besides, it's a fact that Su Bei and Mr. Lu are married. If you think this matter is aboveboard, would you dare to say it in front of Mr. Lu? Who am I doing this for, huh? It's better to prevent trouble than to implicate everyone."

He Shihui immediately said, "Aunt, my mother's words aren't pleasant to the ears, but she does have good intentions. Don't take it to heart. If she really thought of gossiping, I'm afraid everyone would

know about it by now. Besides, Yuxin was the one who told us about this. If you don't want to interfere, we'll just ignore it. What do you think?"

She wanted to wash her hands clean off of this matter, but she was the first to bring this matter up to Old Master He.

"Yuxin, let me ask you, what's going on?" Lin Xiruo looked at Wei Yuxin.

Wei Yuxin was also furious. She was indeed the one who shared the news, but she did it to please He Shihui and not to offend Lin Xiruo!

However, since everyone had already said so, she had no choice but to admit it!

"Aunt, I accidentally saw Su Lu sneak into Su Bei's room. He also had Su Bei's room card, so I was a little worried. That's why I told Sister Shihui. I was afraid that something would happen. As you know, Su Lu's background is very ordinary. If he has thoughts about Su Bei..." Wei Yuxin disguised her true motive.

Hearing her say this, Old Master He and He Jiang were immediately worried. "Then let's go up and take a look first!"

No matter what, they had to ensure Su Bei's safety first!

Wei Yuxin quickly moved aside. Old Master He and He Jiang were the first to go upstairs. Lin Xiruo supported Old Madam He, who was also worried, and quickly walked over.

Wang Hui and He Shihui followed closely behind.

Naturally, Wei Yuxin would not fall behind.

Anyway, there would be a good show to watch tonight. It was a good opportunity for the He family to see what kind of person Su Bei was!

Wang Hui was the proudest one. She had never been able to compare to Lin Xiruo, so she could only compare her daughter to Su Bei.

Her daughter was clearly so capable, but the entire family still doted on Su Bei so much.

Now, if there was really something going on between Su Bei and Su Lu, would Su Bei still be able to gain a foothold in the future?

Even if it was nothing, what would Lu Heting think of Su Bei if word got out that the two were alone in the same room?

What would the outside world think about it?

Anyway, this matter would definitely cause a scene!

Su Bei had no idea that there was a commotion downstairs.

After she went upstairs, she began choosing her clothes. She was thinking about what to wear to match Lu Heting, so she abandoned her previous gown and wanted to change into another one.

But before she could choose, Lu Heting came upstairs.

“Do you think this gown looks better or this one?” Su Bei showed the two gowns she had selected to Lu Heting.

Lu Heting’s eyes darkened. “They both look good!”

“I shouldn’t have asked you!” Su Bei pushed him away with a smile. “Then I’ll change into them first before making a decision!”

It had been a few months since they last saw each other. Lu Heting’s ears were burning with heat. Before Su Bei could turn around, he hugged her and lowered his head to kiss her lips. His fingers traced her eyebrows.

The longer they had not seen each other, the more he knew how important she was to him.

When they met again, she had not changed at all. She was still the person he loved the most in his heart, and he could not let go of her.

Su Bei leaned against him. His fingers were only on her eyebrows, but they made her entire body burn.

“We don’t have... much time...” Su Bei took the time to remind him.

They still had to celebrate her grandfather’s birthday, and Lu Heting had to meet her family. Su Bei knew that she was very busy tonight.

She had already spent a long time with Lu Heting today.

Lu Heting knew that, so he didn’t want to do anything. He just wanted to hug her and kiss her more.

He just wanted to cherish this moment.

The two of them were still hugging each other when He Jiang’s anxious voice suddenly came from outside the door. “Su Bei, are you there?”

He loved his daughter so much that he lost control of his voice. He was afraid that something would happen to Su Bei!

Chapter 1778 Su Bei’s And Su Lu’s Reputations

This also stunned Su Bei. Without thinking, she immediately opened the door. “Dad, what’s wrong?”

He Jiang first heard Su Bei’s voice, then saw her appearance. Finally, he realized that the person standing in front of him was Su Lu. How was she his daughter?

He looked at Su Lu in confusion and then at Lu Heting standing behind him.

Although He Jiang was worried, he knew what was going on after thinking about it.

!!

He could not help but laugh. So that was how it was!

No wonder Su Lu was in the limelight when he was just a fledgling!

It turned out that his daughter had inherited all the excellent genes of his wife. That was why the paintings she produced were so full of spirit.

She was just wearing men's clothes!

Looking at his expression, Su Bei realized that she had yet to change her clothes. She was still wearing Su Lu's clothes.

She looked at Lu Heting resentfully, but it was not because she was embarrassed that her identity was exposed. She had already planned to tell her family about it.

It was just that not only was her identity exposed in front of her father, but he might have also seen her and Lu Heting's messy clothes and hair.

As Su Bei was thinking, the rest of the He family appeared in her line of sight.

Wang Hui immediately said, "Look, wasn't I right? Su Lu is indeed here!"

They arrived later than He Jiang and did not hear Su Bei's voice. Naturally, they didn't know Su Bei better than He Jiang. When Wang Hui obtained this evidence, she naturally had to shout!

He Jiang did not point it out and looked at her indifferently.

Seeing that Lin Xiruo was very worried, he pulled his wife to his side and gently stroked her palm. Although he didn't say anything, Lin Xiruo knew her husband the best. Seeing his actions, she knew that it wasn't a big deal. She just needed to wait and see.

Hence, the couple calmed down and watched Wang Hui's performance.

Wang Hui said, "Su Lu, where did you hide Su Bei? What did you do to Su Bei? Don't you know that Su Bei is already married to Mr. Lu? How could you do such a thing to Mr. Lu?"

The others came because they were concerned about Su Bei's safety.

However, from Wang Hui's attitude, it seemed that she was here to catch Su Bei in the act. Although what she said did not sound like much at first, it was harmful to Su Bei's reputation.

Wei Yuxin stood at the back and listened secretly.

He Jiang had long wanted to teach his sister-in-law a lesson, so he continued to remain silent.

However, Wang Hui thought that the couple was in the wrong, which was why they didn't say anything. She became even smugger and said, "Quick, get Su Bei out!"

After saying that, she looked at Old Master He. "Dad, Yuxin is right. If Su Lu enters Su Bei's room, how bad will her reputation be? If we don't teach Su Lu a lesson this time, it'll be difficult to calm this matter down! I think we have to publicize this and teach him a lesson!"

This way, even Su Bei would be implicated.

He Shihui hurriedly said, "Maybe Su Lu is here to steal something and it has nothing to do with Su Bei. I think we should call the police to deal with this matter. Let's not involve Su Bei."

She felt that it was enough to teach Su Lu a lesson. As for Su Bei's matter, it was better to let outsiders think about it. Her mother did not need to say much.

Being able to teach Su Lu a lesson was good enough news for tonight.

Su Bei leaned against the door. "How are you going to teach me a lesson?"

Her male voice was lazy.

He Shihui said, "You took Su Bei's room card and appeared in her room. We'll call the police to deal with this case! Grandpa, what do you think?"

Old Master He was concerned about Su Bei's safety and only asked, "Where's Su Bei? Hand Su Bei over and everything will be fine!"

Old Madam He also said, "Yes, yes, yes. As long as Su Bei is fine, everything is fine."

Seeing that the two elders were so concerned about her, Su Bei couldn't continue acting. She took off her wig, revealing her long curly chestnut hair. She pursed her lips and smiled. "Grandpa, Grandma, I'm fine! Sorry I made you worry!"

"What..." Old Master He and Old Madam He were stunned.

Then, Old Master He laughed. "You, child!"

Su Bei smiled and said, "I'm sorry, Grandpa and Grandma. I didn't mean to lie to you! I even planned on giving you a painting tonight to surprise you, Grandpa!"

"Why are you dressed like this? Are you really Su Lu?" Old Madam He suspected that she was seeing things.

"When I was in the country, I was already an artist. It wasn't convenient for me to hold an art exhibition, so I didn't tell you about it this time." Su Bei smiled and said, "I planned on telling you guys tonight!"

Old Master He was so happy that his beard curled up. "I was wondering why Su Lu was so powerful! So she's my granddaughter! Good, good!"

Wang Hui and He Shihui were completely stunned!

They never expected things to turn out like this!

Su Lu was Su Bei?

In other words, they did not damage Su Bei's and Su Lu's reputation at all. Instead, they deepened Old Master He's love for Su Bei!

Old Madam He grabbed her hand and said, "Ah, my good granddaughter, I was so worried! Fortunately, nothing happened!"

"I'm sorry. I just went to see Mr. Carlo off the plane, so I had to change into men's clothes," Su Bei explained again.

Old Master He glared at Wang Hui.

Wang Hui stammered, "Dad, I'm... I'm sorry. I didn't expect it to be like this... I was worried about Su Bei's safety, so... I was just thinking about her safety, as well as the reputation of the He and Lu families... I was afraid that Mr. Lu would find out, so..."

"Then I'll have to trouble you. Do remember the Lu family's reputation at all times." Lu Heting had been standing beside Su Bei for a while, but everyone's attention was on Su Bei just now. He was standing in an inconspicuous position, so no one noticed him.

Now that they heard him speak, everyone looked at him.

His words were flat, but it was not difficult to hear the mockery in them.

At this moment, he was holding Su Bei's waist. His actions were not very intimate, but his doting expression and the gentleness when he lowered his head to look at her could not be faked!

He Shihui and Wang Hui thought that he didn't come to accompany Su Bei for so long because he had no feelings for her!

Now that they saw this scene, they knew how humiliating it was!

...

Lu Heting's aura was extremely powerful. When he didn't deliberately restrain himself, everyone was enveloped by his aura and felt an extremely powerful pressure.

Wang Hui's eyes widened as she recognized him. "M-Mr. Lu?"

Lu Heting had seen her performance just now.

Chapter 1779 Wonderful

No matter how she quibbled, she knew that she was doomed. She wanted to catch Su Bei in the act, but who knew that Lu Heting would catch her acting out?

He Shihui was filled with regret. She didn't expect Lu Heting to come tonight.

She couldn't help but secretly glare at Wei Yuxin. If Wei Yuxin hadn't reported the news to her, she wouldn't have offended Lu Heting?

Wei Yuxin was also very afraid. How could she have known that things would turn out like this?

If she had known this would happen, she wouldn't have provoked him!

After Lu Heting had intimidated these people enough, he looked at Old Master He and Old Madam He. "Grandpa, Grandma, I'm sorry for being so busy until today. I wish you a happy birthday!"

The series of events just now allowed Lu Heting to roughly understand the situation in the He family. He knew that the two elders really liked Su Bei, so he was very respectful to them.

Old Master He had long known of his reputation and was very satisfied to see him so humble. "It's good that you're here! Let's go downstairs and talk!"

"Grandpa, I want to change my clothes first!" Su Bei said with a smile.

“Then I’ll go downstairs with Su Bei later,” Lu Heting said calmly.

“Alright, alright,” Old Master He said in satisfaction and brought Old Madam He downstairs.

Wang Hui, He Shihui, and Wei Yuxin felt their legs become extremely weak. They didn’t know how they got there. When Old Master He turned to them, his expression was very dark.

He Shihui knew all too well how clumsy their performance was at that time. If Su Bei had done something wrong, her grandparents would naturally be angry at her and would not hold her accountable.

But now, not only was Su Bei fine, but she was also Su Lu. The more her grandfather thought about it, the more disappointed he would be in her!

He would think that Su Bei and her were just too different. Just thinking about it made He Shihui’s heart turn cold.

Lin Xiruo was still holding He Jiang’s arm and could not believe her eyes. “Hubby, so our daughter has inherited my talent in painting?”

“Yes.”

“She inherited everything?” Lin Xiruo was delighted.

“She’s more skilled than you are!” He Jiang smiled.

Lin Xiruo hit him. “You’re too much. How could you say that about me?”

“Our daughter inherited her skills from you, and if it wasn’t because of that, she wouldn’t have been able to come so far.”

“That’s more like it.” Lin Xiruo was finally satisfied and felt even happier. It turned out that her daughter was so much like her.

After those people left, Lu Heting leaned against the wall and looked down at Su Bei. “It turns out that the He family isn’t as good as you said on the phone.”

Su Bei had always been a person who only reported good news and not bad news. She smiled at him and said, “But as you can see, Grandpa and Grandma treat me very well. Mom and Dad can also protect me. Wang Hui and He Shihui are just flies. They can’t pose any threat to me.”

“Flies don’t bite, but they’re still disgusting.” Lu Heting gently stroked her chin. “I’m sorry I’m late. I haven’t been able to protect you.”

“You look so handsome when you say sweet nothings!” Su Bei stood on her tiptoes and kissed him.

Lu Heting really didn’t know what to do with her.

The two of them finally appeared after changing their clothes.

There were still people discussing outside. “He Shihui and Wei Jiangfan appeared together tonight. They’re a perfect match. I’m so envious.”

“It’s just a pity that Su Bei is so beautiful, but her husband doesn’t know how to cherish her. He’s not even attending to Old Master He’s birthday! I wonder why he’s so busy.”

“Marrying into such a wealthy family is just so-so. You won’t be as happy as ordinary couples.”

As that person spoke, they saw Su Bei in a moon-white evening gown that revealed her slender swan neck. Her limbs were slender, and her makeup was light, but she appeared radiant.

Her right arm was holding the arm of a young and handsome man with an extremely powerful aura. The man’s long eyebrows were slanted to his temples, and his nose was high. His appearance was outstanding.

Someone immediately recognized him. “It’s Mr. Lu!”

“It’s really him!”

“The two of them are so compatible!”

“Previously, someone said that Mr. Lu wouldn’t come over, but he’s here now.”

When Lu Heting looked at the crowd, his eyes were cold. He looked at everyone emotionlessly.

However, when he lowered his eyes to look at Su Bei, his gaze clearly softened. Outsiders could see that there were two kinds of emotions in his eyes. It was as if this was already his habit.

Even a blind person could tell his feelings and attitude toward Su Bei. Who said that Mr. Lu didn’t love Su Bei?

He Shihui was utterly humiliated. She could only force herself to maintain a smile as she greeted the guests.

Lu Heting and Su Bei walked up to Old Master He and congratulated him again.

Old Master He stroked his beard in satisfaction and said with a smile, “It’s rare for everyone to be so happy tonight. Let me introduce you to these two children in our family. The first is Su Bei. She’s the child of my son, He Jiang, and my daughter-in-law, Lin Xiruo. And this is Lu Heting, Su Bei’s husband. The two of them have been married for several years. Please take good care of them in the future.”

Everyone below the stage couldn’t help but laugh. Did Lu Heting need everyone’s care?

On the contrary, everyone wanted to tell him to take care of them in the future.

“Heguang, come and celebrate your great-grandfather’s birthday!” Wang Hui knew that she had become even more unlikable tonight, so she could only call Wei Heguang over to celebrate Old Master He’s birthday!

Seeing that he was playing with children younger than him, Wang Hui couldn’t help but frown and say, “Where did these two little kids come from? Why are you playing with them? Don’t make bad friends!”

Wei Heguang said righteously, “Please don’t say that they’re bad friends. They’re my best friends! And they’re super awesome! They’re also my favorite people!”

He Shihui smiled and said, “Since they’re your friends, let’s introduce them to everyone.”

“Of course, I have to introduce them to everyone! Great-grandpa, this is Da Bao, and this is Gun Gun! Da Bao is especially powerful. He’s proficient in computers and games. His hand speed is super fast, and he’s ranked first in the entire server! Moreover, he’s only six years old, but he’s already in junior high school! If it weren’t for his mommy being worried that he would suffer in high school because of his height and age, he would probably have already gone to high school!” Wei Huguang praised Da Bao relentlessly as if he was bragging about himself. “His IQ is super high! Although he hasn’t been tested, I’m guessing it’s at least 180!”

Old Master He had always liked Wei Huguang. Seeing that he had brought his friends here, he naturally liked them too.

In particular, he liked these two children very much. He found them pleasing to the eye no matter how he looked at them. He could not help but sigh in his heart. If only these two children were his.

He just didn’t know whose children they were. Old Master He looked at them enviously.

...

Chapter 1780 So You Think I’m Beautiful Too?

Wei Huguang took out his nine-chained cube and said, “Great-grandpa, it took me many days to solve this nine-chained cube. Da Bao took a look and solved it directly! Also, I was completely helpless about this 12-sided Rubik’s cube, but Da Bao only took 20 seconds to solve it!”

Wang Hui: “...”

She had asked Wei Huguang to celebrate the old master’s birthday, not praise other children!

This child was usually so smart. Why was he like this at this time?

!!

Old Master He was even happier. “Good, not bad. This child is very smart!”

Da Bao already knew that he was Old Master He, so he said, “Great-grandpa, I wish you a long life!”

Gun Gun followed suit. “Great-grandpa, I wish you luck and longevity!”

“Thank you, thank you.” Old Master He liked them very much and brought them closer to look at them.

Wei Huguang was even happier. “Great-grandpa, I’ll bring them back often in the future, okay?”

“Sure! I like them very much too!” Old Master He immediately agreed.

Wang Hui: “...”

She didn’t know what to say!

Wei Huguang walked toward Su Bei and said provocatively, “Aunt, do you see that? This Da Bao is the Da Bao I was talking about. He’s especially powerful, even more powerful than what I described him to be before! So in the future, you’d better not call yourself Da Bao, lest you taint my idol!”

He had said that the last time, but Su Bei just smiled.

Seeing that he was saying the same things again, Su Bei nodded with a smile. "So you know Da Bao?"

"Of course, I know him!" Wei Huguang was especially proud. "Besides, I'm about to become good friends with Da Bao!"

But it hadn't happened yet.

Da Bao was too cold. He had been trying for the whole night but still could not come up with a solution.

However, Gun Gun was very approachable and loved to eat. He was a little foodie. Wei Huguang had already brought him enough food to last him the whole night.

Wei Huguang believed in his own ability. First, he would conquer Gun Gun. Then, with Gun Gun's help, he would conquer Da Bao. It was only a matter of time!

"Oh, you're almost there, huh?" Su Bei said meaningfully.

Wei Huguang immediately said, "Don't look at me like that. I'll definitely succeed!"

Su Bei nodded. "I wish you all the best."

Wei Huguang felt that when she said this, there was a trace of emotion that he could not understand.

Then, he saw Su Bei walking toward Da Bao.

"Hey, don't touch my Big Brother Da Bao! Don't try to befriend him just because you're beautiful!" Wei Huguang hurriedly said.

Su Bei smiled. "So you think I'm beautiful too?"

Wei Huguang quickly lowered his head, feeling a little guilty. He knew that his grandmother and mommy didn't like Su Bei very much.

However, he had his own aesthetic standards and felt that Su Bei was really good-looking. In fact, she was beautiful. If it weren't for the fact that he was too young... Stop, stop. If it weren't for the fact that she was taking advantage of his idol's popularity, they could still be friends!

"If your username isn't Da Bao, I'll think you'll be even more beautiful!" Wei Huguang said angrily.

Su Bei walked to Da Bao's side in front of him and kissed him on the cheek. "Da Bao, you're finally here!"

Wei Huguang: "..."

He was so angry!

How could she treat her idol like this?

Da Bao did not like being kissed. He could not accept it.

But the other party was Su Bei!

He endured it and even kissed Su Bei back.

Wei Huguang was dumbfounded.

What kind of plot was this?

What was going on?

Why did Da Bao kiss Su Bei back?!

Su Bei looked back at Wei Huguang provocatively. "Da Bao, my son!"

Wei Huguang: "..."

He was doubting her life!

He was about to cry!

Gun Gun had already pounced on Su Bei. "I want a kiss too!"

He Xuyan and Xu Zhiqin walked over from the crowd. "My good nephews are here? Come and let your aunt and uncle hug you!"

Da Bao was hugged once more!

Wei Huguang covered his face and cried!

Wang Hui hurriedly said, "Be good. I'll hug you too!"

Wei Huguang pushed her away. Did he want an elder to carry him?

He wanted to hug Da Bao!

Old Master He was overjoyed. "Su Bei, are these two children yours and Heting's?"

"Yes, Grandpa, Grandma. I wanted to give you a surprise! Are you surprised?" Su Bei asked with a smile.

...

"I really like this gift! I like it so much!" Old Master He was so happy that he did not know what to say!

No wonder he thought that these two children were not bad and were pleasing to the eye. He did not expect them to really be his children!

After knowing that they were Su Bei's children, he liked them the more he looked at them!

"Come, come to your great-grandfather!" Old Master He was overjoyed.

Old Madam He also smiled brightly.

He Shihui and Wang Hui: "..."

What a critical hit!

Their lives were impacted!

It was fine if they couldn't compete within the same generation, but why was the difference between the children so big as well?

Wei Huguang also ran toward Old Master He. "Great-grandpa, can I be with Big Brother Da Bao?"

Big Brother Da Bao!

...

Wang Hui and He Shihui were even more confused!

Old Master He smiled and said, "What are the names of the two children?"

"Da Bao."

"I'm Gun Gun!"

"This is Brother Heguang," Old Master He introduced. "He's your older cousin. Heguang, come and acknowledge Da Bao and Gun Gun as your relatives."

Wei Heguang hurriedly waved his hand. "You flatter me! I'd better call Da Bao 'Big Brother'!"

Old Master He and Old Madam He laughed out loud!

Tonight was probably the best birthday Old Master He had ever celebrated!

Wang Hui and He Shihui were so depressed that they didn't know what to say.

When no one was around, Wei Heguang said to them solemnly, "I want to be friends with Da Bao and Gun Gun in the future. You're not allowed to bully them. Don't bully Aunt anymore either!"

He then ran to Su Bei's side and said, "Aunt, I'll apologize to you. I'm sorry!"

After that, he ran to the side and disappeared.

Su Bei couldn't help but laugh. She knew that this little boy was not a bad person. It would be best if he could continue on this path in the future.

Life was actually very difficult for wealthy families. However, if they could respect and love each other and help each other more, they could be better connected.

...

Old Master He asked the butler to tidy up a room for Da Bao and Gun Gun. He arranged a room that was suitable for them as soon as possible.

"I like it here!" Gun Gun looked happy, and his round face was full of smiles.

Seeing that he liked it, Old Master He was especially happy. "Gun Gun, can you stay for a few more days?"

"Okay! I'll stay as long as Bei Bei is staying here!" He immediately nodded. "Huh? Where's Bei Bei?"
