C181 Beautiful Police

"Stop!"

At this moment, a woman's shout came from outside.

After the roar, they saw Su Ruyun barging in. She was wearing a grey denim suit and exuded an overbearing aura.

Originally, he wanted to have a meal here with his best friend, so he could visit the nearby residents after eating dinner to investigate the case of the criminal assault on Huang Family Mansion last night.

When she passed by the Huang Family Residence, she realized that the situation inside was not good and barged in to take a look.

Who knew that the moment she entered, she would see so many criminals wanting to take action against the Huang Family people, so she hurriedly spoke to stop them.

"Another one seeking death." Zhao Longhu glanced at Su Ruyun and said coldly, "Since you're here, don't even think about leaving."

"Open your eyes wide and see that I'm a policeman." Su Ruyun took out her police badge from her pocket and shouted at the criminals, "Everyone, kneel on the ground and put your hands on your heads."

The moment they heard about the police, Zhao Longhu and the gang were so scared that cold sweat broke out on their foreheads.

On second thought, they had committed many major crimes. If they were caught by the police, even if they didn't shoot, they would end up in jail for a long time.

Thinking of this, Zhao Longhu steeled his heart and said to his subordinates, "If we are caught by the police, we will all die. Why don't we just kill this policewoman."

"Alright!" The culprit naturally obeyed the hall master's arrangements.

"How dare you, you dare to attack the police." Su Ruyun's expression darkened as she yelled coldly, "Do you believe that I won't kill all of you?!"

"Let's subdue this girl first." Having said so, Zhao Longhu led his brothers towards Su Ruyun.

"You're courting death!"

Su Ruyun's courage was commendable as she took the initiative to attack those thugs.

She was not a match for the gangster. She was beaten up miserably, so she kept backing up.

Seeing that the criminals were about to continue their assault on Su Ruyun, Wu Tian shouted, "Police Officer Su, don't pull out your gun! Be careful not to accidentally fire and injure the innocent!"

Upon hearing the word "gun", those gangsters hurriedly retreated in fear. They quickly found a place to hide in fear of being shot.

"What gun?" Su Ruyun habitually touched her waist.

She wore a gun only on assignments, and was forbidden to carry it during her personal hours.

"Police Officer Su, don't steal the clothes from your clothes. I'm scared." Wu Tian raised his hands in fright, winking at Su Ruyun at the same time.

Originally, he wanted this woman to act along with him and pretend that she was hiding a gun inside her clothes.

However, this woman didn't react at all. She glared at Wu Tian and said, "I already told you, I didn't bring a gun."

Hearing this, the criminals secretly let their guard down. They knew that this woman didn't have a gun, so there was nothing to be afraid of.

"Idiot!"

Wu Tian cursed silently. He walked over to Su Ruyun and whispered, "I told you to pretend that you have a gun in your pocket to intimidate those criminals."

"Why didn't you say so earlier?" Only then did Su Ruyun react, and she even rolled her eyes at Wu Tian resentfully.

At this moment, Wu Tian was scolded for not explaining his intention earlier.

"If I tell you what those criminals heard, how would we act then?" Wu Tian roared with a red face and a thick neck.

"True."

Wu Tian sighed, shook his head and sighed, "Everyone says that they have a big chest but no brains. That is true."

"Bastard, who are you calling big-breasted?"

"Big sister, I'm scolding you for being brainless."

"You ..."

Su Ruyun had no choice but to suppress her anger. "I don't want to waste my time talking to you. Let's think of a way to deal with those criminals first."

"There are so many criminals, what are you going to do?"

"Call the police."

"I told you to call the police."

"Alright!" Wu Tian nodded and put his arm around Su Ruyun's waist.

His action immediately made Su Ruyun furious. She nudged Wu Tian hard with her elbow and cursed, "Bastard, I told you to call the police."

"Could it be that I didn't hug tightly enough?" Wu Tian hugged the woman even more tightly.

"You ..."

Su Ruyun bared her teeth in anger and pushed Wu Tian away. She scolded him angrily, "I'm calling you to call the police, not to let you call me."

"Why didn't you say so earlier? I thought you wanted me to call the police." After Wu Tian said this, he laughed shamelessly.

Although he was smiling mischievously, he was actually trying to stall for time.

He had called Azure Dragon just now to ask for reinforcements. He had to think of a way to stall those criminals before Azure Dragon arrived.

With his and Su Ruyun's skills, they were not good enough for the criminals. After all, there were many of them, and each of them was a powerful character.

"Bastard, you're just trying to take advantage of me." Su Ruyun gnashed her teeth in anger. She had never seen such a shameless man before.

"Police Officer Su, now is not the time to flirt ..."

"Who's flirting with you?" Su Ruyun rolled her eyes and urged again, "I'll think of a way to delay those criminals later. Call the police and get them to send people to support us."

"How far is it from the nearest police station?"

"Five kilometers."

"How long will it take them to get here as fast as possible?"

"If you're stuck in a traffic jam, it'll take about half an hour."

"I'm afraid we'll be beaten into mush after half an hour."

"Then what should we do? Are we going to die here?" Su Ruyun glared at Wu Tian and became more and more agitated.

She had never encountered such a situation before, and this was the first time she faced so many criminals alone.

If they were to fight against the bandits now, they would definitely be tortured to death.

However, as a police officer, she naturally could not retreat. No matter what, she had to rush to the front to protect the safety of the people.

"I have an idea, but I'm afraid you're not willing." Wu Tian leaned his head over and said with a smile.

"I really admire you, yet you're still able to smile at this time." Su Ruyun rolled her eyes at Wu Tian and said impatiently, "If you have any ideas, tell me quickly."

"This method is very simple, it's a beauty trap."

"What beauty trap?"

"As long as you take off your clothes, with your beauty and figure, you'll definitely be able to captivate those criminals and cause their legs to go limp ..."

"You are courting death." Upon hearing these words, Su Ruyun flew into a rage. "Can you say something human?"

She had thought that this brat could come up with a good idea, but after a long time, this scoundrel was still spitting feces.

"Why don't you try it?"

"I tried what." Su Ruyun rolled her eyes at Wu Tian. She didn't want to waste her breath on this guy anymore. She turned around and stared at those criminals and kindly advised them, "I advise you to give up on resisting. The law will be lenient ..."

"No matter what, we will die. If we kill you, we might still have a chance to live." Zhao Longhu roared with a savage look on his face.

"Even if you kill me. You still won't be able to escape. "

"Then let's give it a try." After Zhao Longhu said this, he waved his hand and ordered his subordinates, "Let's go together. We'll deal with this woman first."

They did not have much time right now, so they had to finish off the police and Huang Family people before escaping with their lives.

## **Hidden Billionaire Chapter 182 - Crisis -**

### C182 Crisis

"Wait!"

At the critical moment, Wu Tian stepped forward again to stop him, "Don't be in a hurry to make a move, let's talk later."

"What's there to talk about with you?" Zhao Longhu gritted his teeth in annoyance. In his heart, he hated Wu Tian to the core.

It was this brat who destroyed a branch under Dragon Tiger Hall and caused their main force to completely disappear from Jiangnan.

"Let's talk about women." Wu Tian was obviously trying to stall for time. He pointed at the graceful Su Ruyun and asked, "What do you think about the woman beside me?"

"What does her beauty have to do with me?"

"Such a beautiful woman, do you want to marry her?" Wu Tian asked Zhao Longhu with a faint smile.

When he said this, Su Ruyun was so angry that she almost vomited blood.

She never thought that this bastard Wu Tian would actually 'sell' her to a criminal as his wife.

"I can't even keep my life now, how can I be in the mood to marry." As far as Zhao Longhu was concerned, now, no matter how beautiful the women were, he couldn't bring himself to be interested in them.

"How about this, let go of me and the Huang Family people, you tie her up and take her back as your wife. In the future, we won't disturb each other's business, what do you say?" Wu Tian asked with a tone of discussion. There was a trace of wisdom in his eyes.

Although it seemed like he was trying to trade Su Ruyun, in reality, he was trying to stall for time.

He believed that Azure Dragon had rushed over at this moment. As long as he could delay for a while longer, he would be able to wait for reinforcements.

"You fucking bastard." Without waiting for Zhao Longhu's reply, Su Ruyun roared in anger. She wished that she could tear Wu Tian's broken mouth apart to vent the anger in her heart.

She had never seen such a shameless man. He had actually used her body to make a deal with a criminal. How despicable.

"Police Officer Su, as a police officer, protecting the citizens is your duty. You should obediently marry Boss Dragon Tiger Hall in exchange for the safety of the people from Huang Family. This transaction is worth it." Wu Tian winked at Su Ruyun as he said this.

Unfortunately, Su Ruyun didn't understand what he meant by that. She fiercely cursed, "You're the worst man I've ever met. I swear, I'll castrate you sooner or later and feed you to the dogs."

"Don't be angry, our rescue team is here." When Wu Tian saw Azure Dragon, he secretly heaved a sigh of relief.

Fortunately, he had thought of this method to stall for time just a moment ago. He finally got Azure Dragon.

If not for delaying for a few minutes, they would have probably been tortured to death by these thugs long ago.

"Help?"

Only then did Su Ruyun notice Azure Dragon, who was standing behind her, and she reacted instantly, "You were purposely stalling for time?"

"Or do you think I'm really going to give you to the criminal as a wife?" Wu Tian shook his head with a bitter smile.

"Why didn't you say so earlier?"

"You think you can be a police officer with your brain?"

"You ..."

Su Ruyun was so angry that her mouth twitched a few times. She suppressed her anger and looked at Azure Dragon, who was facing her, and asked doubtfully, "Just him alone, is it useful?"

"Enough!"

Wu Tian smiled confidently and gestured at Azure Dragon. He then turned to Su Ruyun and asked, "How many people can you deal with?"

"Three is fine."

"Ok, you fight three on the left, I'll play four in the middle and leave the rest to Azure Dragon." After Wu Tian said this, he gestured a few more times towards Azure Dragon.

Azure Dragon nodded in tacit understanding. He immediately understood Wu Tian's intention. At the same time, he extended his hand to gesture a few times.

Wu Tian smiled knowingly and turned to Su Ruyun. "Police Officer Su, are you ready?"

"Alright!"

"I'll count to three. Let's take the initiative to attack. Three, two, one ..."

When Wu Tian counted to one, he simultaneously gestured towards Azure Dragon. The three of them almost simultaneously pounced towards the criminal.

"Today, I'll let you all know the impressiveness of Dragon Tiger Hall." Zhao Longhu didn't put the three in his eyes at all. He said a few harsh words and pounced towards the three.

In a split-second, both sides were engaged in a fierce battle.

Facing the siege of so many criminals, Wu Tian and Su Ruyun were obviously unable to put up a fight, especially Su Ruyun, who was the weakest among them.

Moreover, she was a woman. Her strength was much weaker than a man's, so it was natural that she would be at a disadvantage when fighting against a man.

On the other hand, Azure Dragon was very aggressive. He fought fiercely against the criminals, and his methods were very vicious, making the criminals feel scared upon hearing about him.

When the people from Huang Family saw Azure Dragon's bravery, they could not help but inwardly cry out in admiration. They did not expect that the person that Wu Tian had called over was so powerful.

After a fight, several of the gangsters were injured.

However, Wu Tian and Su Ruyun's side weren't much better off. Although they weren't injured, they were exhausted and forced to retreat due to the enemy's attacks.

This was especially true for Su Ruyun. She had obviously exhausted all of her physical strength. Her moves had become somewhat chaotic in the face of the fierce attacks of the two criminals.

She was pushed all the way back by the criminal, and then she crashed into Wu Tian.

"Pain ..."

Wu Tian let out an exaggerated scream. He couldn't help but tease, "Police Officer Su, I didn't expect your body to be so strong. It's like a rubber band."

"Can you stop talking so much nonsense?" Su Ruyun was panting from exhaustion. She didn't even have the strength to argue.

"Police Officer Su, this isn't going to work if this goes on. Why don't we join hands and fight the enemy?"

"I'm not going to work with you." Su Ruyun said. She tried her best to attack the gangster again.

In just a few short moves, she was once again forced to retreat by the criminal.

On the contrary, the criminal was becoming more and more violent as he punched toward Su Ruyun's vitals, his punches becoming more and more vicious.

"Be careful!" Seeing one of the criminals slam his fist into Su Ruyun's face, Wu Tian was so frightened that he rushed forward and caused Police Officer Su to fall to the ground. Only then did she barely dodge the blow.

"It hurts!"

In the end, Su Ruyun screamed even more painfully as she scolded with a red face, "Wu Tian, you are really shameless."

"Big sister, I saved you, why are you still cursing?" Wu Tian complained with a wronged expression.

"Bastard, what position are you pressing down on?"

"What ..."

Wu Tian lowered his head and realized that he was pressed into a position that he shouldn't have. He quickly apologized, "Amitabha, it's a sin."

No wonder Police Officer Su was so angry. The attack just now was indeed a bit excessive.

However, he didn't do it on purpose. He had only rushed over to save her out of instinct. He didn't expect such an accident to happen.

"Bastard, get out of my way!" Su Ruyun bit her lip and scolded angrily.

"Alright!" Wu Tian also realized that this posture was very unsightly and quickly got up from Su Ruyun's body.

Su Ruyun forced herself up and rolled her eyes. She didn't say anything.

After all, Wu Tian did something unintentional just now in order to save her, so she had no reason to pester him about it.

"We work together to attack those criminals." This time it was Su Ruyun who brought up the proposal.

There were simply too many criminals. If they didn't work together, they would definitely suffer a huge loss and wouldn't be able to obtain any benefits.

"Alright then, let's back to back. If you hit the people in front, I'll hit the people in back. We'll focus on defending. Let's find the right time to take turns attacking." Wu Tian stopped smiling and said with a serious expression.

This was the moment of victory. If they did not go all out, they would become sacrifices and get beaten to death by the criminals.

"Alright, begin." Su Ruyun was highly concentrated as she stood together with Wu Tian, glaring at the criminals in front of them.

## **Hidden Billionaire Chapter 183 - Tacit Understanding -**

### **C183 Tacit Understanding**

Su Ruyun and Wu Tian worked together and the two were well-coordinated. They didn't take the initiative to attack, but rather deliberately delayed them. This way, they could not only preserve their physical strength, but also overpower those criminals.

In the end, with the cooperation of three people, more than a dozen of criminals were defeated. The other side suffered heavy casualties.

"Retreat, quick, retreat!" Zhao Longhu saw that the situation was not looking good and quickly ordered his subordinates to retreat.

The criminals no longer dared to continue their encirclement. They all retreated, preparing to escape from this place.

Wu Tian naturally could not watch these people escape. In a moment of desperation, he rushed towards the room's door and locked it, and shouted towards the people from Huang Family: "If you're a man, then let's attack together."

Only then did the people from Huang Family regain their senses, they all picked up their tools and surrounded them, and started attacking the criminal.

The criminals were already injured in the first place, and were already exhausted after being dragged by Wu Tian and the other two. But now, facing so many Huang Family practitioners, they actually felt weak in the heart.

Under the assault of the Huang Family people, the criminals held their heads and dodged in all directions, causing the entire dining hall to be filled with miserable cries.

With the help of Azure Dragon and the Huang Family people, all of the criminals were eventually subdued and beaten down to the ground.

After more than half an hour, the police finally arrived. Without any effort, they cuffed Zhao Longhu and more than a dozen criminals and took them away.

Before they were taken out of the city, Zhao Longhu was looking at Wu Tian with that hateful gaze. Until now, he still could not accept that his reputation had spread far and wide in Jiangnan and that he had been famous for decades.

Just like this, the Dragon Tiger Hall was completely destroyed, and the group of ten odd subordinates were all arrested.

In this case, Su Ruyun's contribution was naturally the greatest, and she was probably the one who would reward him for it.

Of course, the people who were most happy were the people from the Huang Family. After the Dragon Tiger Hall was extinguished, there would be less troubles in the Huang Family and in the future, they would no longer be as anxious and fearful as before.

After they finished with the gangsters, Su Ruyun walked over and patted Wu Tian's shoulder, "I really didn't notice. You usually have a playful smile and act like a hooligan. I didn't expect that gangster's methods were so sharp."

Although she didn't say it, she was very grateful to Wu Tian.

If it wasn't for the fact that this kid was resourceful and brave, and had invited experts to help him, it would be difficult for him to not be able to catch the person from Dragon Tiger Hall this time.

Not only would she not be able to catch these criminals, she was afraid that the odds were against her. She might even die in the hands of these criminals.

"Fighting criminals naturally have to risk their lives, or else they will die at the hands of the criminals." After Wu Tian said this, he changed his tone, "But the way you beat up the criminal just now didn't seem like a police officer."

"What does that look like?"

"Like a shrew."

Su Ruyun cursed angrily, her face turning dark instantly.

Originally, she had a good impression of Wu Tian, but after hearing this, the good impression in her heart instantly disappeared.

"I really suspect that Police Officer Su is a mother tiger reincarnated. She is always so fierce." Every time Wu Tian saw this woman angry, he couldn't help but want to tease her.

On the contrary, Su Ruyun became even angrier as she snapped, "You're the tigress, your whole family is made up of tigers!"

"As a police officer, you have to be careful when you speak."

"I don't want to waste my breath on you." Su Ruyun turned around to leave, but was blocked by Wu Tian, "Sorry, I said something wrong earlier, I need to correct myself."

"What did you say?"

"I was wrong to say that you have a big chest but no brains."

"Kid, at least you're sensible." Su Ruyun slightly raised her head. She thought that Wu Tian was just giving in and showing his goodwill, so she was obviously proud of herself.

She hadn't even been happy for 3 seconds, when she heard Wu Tian say: "Other people have big chests but no brains. It's fine if you have no brains, but you have such a small chest."

"Bastard, you're courting death." Su Ruyun was so angry that her eyeballs nearly popped out of their sockets.

That damnable bastard. It's fine to call him stupid, but he actually dared to call her small.

Shameless scoundrel, how was her breasts small?

"I'm just speaking the truth. If you don't believe me, let everyone judge." Wu Tian turned his head to look at the Huang Family people behind him.

The people from the Huang Family all pretended to be deaf.

They didn't expect Wu Tian to be so bold as to dare to openly tease a beauty police flower in broad daylight. He was truly amazing.

"I'll deal with you slowly in the future." With these words, Su Ruyun stomped her feet angrily as she walked outside, her chest heaving up and down.

If it wasn't for the fact that she had exhausted herself to the point where she was completely exhausted from fighting the bandits earlier, she would definitely have tortured this bastard to vent the anger in her heart.

"Police Officer Su, take care. I won't see you out." Wu Tian waved at Su Ruyun's back. The smile on his face was so bright.

He realized that he was getting bolder and bolder by the minute, even daring to mess with the police. If this had happened in the past, he would not even dare to think about it.

As soon as he turned around, he saw Elder Sister Lan standing behind him.

Huang Lan smiled playfully and asked in a slightly sour tone, "Do you like that beauty police?"

"No!"

Wu Tian scratched his head in embarrassment and explained, "I just can't help but want to teach her a little when I see how fierce that woman is."

"From the looks of it, you are obviously interested in her." Huang Lan said sourly in disdain.

She didn't even realize that she was acting like a little girl, like she was just a vat of vinegar.

"I have no interest in those tigers. It's too fierce." Wu Tian grinned happily after saying that.

At this time, Huang Old Master brought along his Huang Family people and walked towards Wu Tian, bowing deeply. "Wu, I once again thank you for saving our Wu Family, and you even helped us completely destroy it."

"Old Master, don't be like that, I don't dare." Wu Tian hurried forward to support Huang Old Master's body.

"Nothing else. I just want to express my gratitude and respect in this way." After Huang Old Master said this, he turned around and ordered the Huang Family people behind him, "Come, everyone bow to Mr Wu, thank him for saving our Huang Family."

After these words, under Huang Taiping's lead, the Huang Family people bowed and thanked Wu Tian. The scene was extremely spectacular.

"Everyone, please get up." Wu Tian quickly raised his hand to signal everyone to stand up.

After two days, his prejudice against the people from the Huang Family had clearly been reduced by more than half.

As long as the Huang Family people treated Elder Sister Lan well, he was naturally willing to interact with them.

"From today onwards, you are our biggest benefactor with Huang Family. As long as you need our Huang Family in the future, feel free to speak. We will definitely help you." Huang Old Master patted his chest in assurance.

"As long as Elder Sister Lan is doing well at Huang Family, we are friends." The smile on Wu Tian's face darkened slightly. He then added, "If Elder Sister Lan is wronged, then don't blame me for being merciless."

At this time, it was necessary to remind the Huang Family people to always treat Elder Sister Lan well and not let her suffer any more grievances in the future.

"Don't you worry about that. In the future, I will definitely not let Lan'er suffer any more grievances while we are in Huang Family." "No matter who it is, in the future, as long as you let Lan'er feel even the slightest bit of grievance, get out of the Huang Family."

Everyone nodded their heads in agreement. They promised that they wouldn't bully Huang Lan and let her suffer any grievances at Huang Family.

All of a sudden, Huang Lan became the sole favorite of Huang Family, receiving a myriad of favors and adoration.

"That's good." Hearing this, Wu Tian felt a lot more relieved.

## Hidden Billionaire Chapter 184 - Solve Financing -

### C184 Solve Financing

Following that, Huang Old Master arranged a banquet in the kitchen to celebrate the destruction of Huang Family, the biggest enemy of Huang Family.

During the banquet, the Huang Family people all toasted Wu Tian, thanking him for saving his life.

After drinking a little, Huang Old Master suddenly thought of something important and said, "Wu, I heard from Little Ze that your company is using a mobile phone to develop its system."

"That's right, the new system has just been released and hasn't been officially launched yet." Wu Tian felt a headache when he mentioned the phone system.

The new system had been created and would need a lot of money to promote. Financing was a big problem for the company.

"I have a comrade who loves to do science and technology and doesn't lack money, but he is old and doesn't have the energy to do so." At this point, Huang Old Master changed his tone and tried asking, "Can you let him join your mobile phone system's project?"

"Of course." This was something Wu Tian wished for.

He was trying to find a way to raise money. If someone was willing to invest in it, it would be a timely help.

"My comrade said that money is not a problem. As long as I can get a good system, I won't have to worry about not being able to earn money in the future." Huang Old Master said happily.

"Your comrade really has foresight. Can you introduce him to me?"

"This ..." The smile on Huang Old Master's face gradually froze as he said awkwardly, "My old comrade has left the business world. He doesn't want to be disturbed."

"Then how do we cooperate?"

"My old comrade really likes Ze. Just let Ze lead the way." Huang Old Master waved at Huang Ze as he spoke.

Huang Ze walked over quickly and said with a smile, "Father's old comrade's name is Fu Changsheng. He is the boss of Longevity Industrial Group and has a very low profile."

Then, he passed a piece of information to Wu Tian, "This is the old man's detailed information. Take a look at it first."

"Alright." Wu Tian took the documents and flipped through them. Inside, there was a detailed introduction to Fu Changsheng.

Through the information he obtained, he knew that this was a super big boss of Luzhou. His personality was extremely low-key, to the point that very few people had ever heard of him.

After reading the information, Wu Tian nodded in satisfaction: "If we have that much capital support, our domestic system will definitely expand."

"I will contact Mr Wu on behalf of the Longevity Group to assist Mr Wu in making the domestic system stronger." Huang Ze guaranteed with full confidence.

"This is a huge gift that you intentionally gave me, right?" Wu Tian naturally saw through Huang Ze's intentions.

The people from the Huang Family probably wanted to use this method to thank him.

"I don't have that ability." Huang Ze smiled embarrassedly and explained, "Actually, Mr. Fu told me to find him good projects in technology a long time ago. I coincidentally found out that your company was working on a mobile phone system, so that's why this happened."

"Alright!"

Wu Tian was very satisfied. He smiled and said, "When the homemade system is completed, you will be the biggest contributor."

"Let's discuss the details later. I'll report it to old mister Fu later."

"Come, let's talk in the room." Wu Tian did as he was told. After bidding farewell to Old Master, he brought him to the house where Elder Sister Lan was.

They began to discuss the details of the investment.

Liu first explained the detailed plan and implementation details of the mobile phone system project to Huang Ze, then explained the funds needed to promote the system.

As the middleman, Huang Ze had no right to decide. All he needed to do was to record this down and then find Old Master to make a decision.

Fu Old Master was also a straightforward person and agreed to inject funds into the mobile phone system as an investment project.

In return, seventy percent of the profits from the mobile phone system went to the Longevity Group, and the remaining thirty percent went to the Tianmu Technology.

This kind of investment had a large amount of money and had a long period of return. Naturally, the return on the profits was much higher than normal investment.

With Huang Ze's help, the following morning, the contract was officially signed and Longevity Corporation invested in the project.

The first round of investments was directly transferred into the Tianmu Technology account.

Knowing that the financing was a success, everyone in the company was excited, especially Lee Mu, who was so excited that his hands were dancing.

"Great, the financing is finally successful." Lee Mu raised his arms and shouted excitedly, as if he had won a battle.

He hadn't slept well for several nights, and he was worried about financing.

If the financing failed, the previous half year's effort would be in vain. This was a terrible nightmare for everyone.

"Our hard work has paid off. We finally have a boss who is willing to invest for us." Seeing how excited Lee Mu was, Wu Tian couldn't help but feel secretly happy.

"Boss Wu, you're amazing." Lee Mu held tightly onto Wu Tian's arm, and was so excited that he was incoherent, "I knew it, there is nothing in this world that Boss Wu can't manage."

"I'm not as good as you make me out to be."

"In short, Boss Wu is the best in my heart."

"Well, don't be happy." Wu Tian patted Lee Mu's shoulder and said, "Now that we have the money, the rest is up to you."

"Don't worry, I know what to do next. I won't let you down." Lee Mu showed his full confidence.

My heart full of ambition has been hiding for more than 20 years, it is time to take us all to soar into the sky.

"Just do your job in the proper direction, don't give yourself too much pressure." Wu Tian patted Lee Mu's shoulder, turned around and left the company.

Leaving Tianmu Technology, Wu Tian went to Seafood TV.

In the office, Sunn Sheng seemed to be even more excited than Lee Mu. It was as if a poor kid suddenly got a few million yuan.

"Boss Sun, what's making you so happy?" Seeing Sunn Sheng's happiness, Wu Tian couldn't help but laugh.

In his memory, Sunn Sheng had always been rather calm. Before, he wasn't as impetuous as now.

"Let me tell you a piece of good news, our platform's traffic exceeds many platforms, and our growth rate is the fastest on the internet." Before Sunn Sheng finished his sentence, he could not help but laugh out loud.

In contrast to Sunn Sheng's excitement, Wu Tian was very calm: "Good, if this goes on, our platform will soon be promoted to a first-rate platform and we will be competing with the platform."

"That's right."

Sunn Sheng still couldn't stop himself from smiling: "I never would have thought that our platform could be upgraded to a top tier platform in such a short time."

"This is all thanks to Boss Sun's wise leadership."

"No!" Sunn Sheng shook his head and looked at Wu Tian in admiration, "This is all because of Boss Wu's good strategy. It was you who asked Huang Lan to come to our platform to be broadcast. That's why the draining effect is so good."

"You also have your merits. The management is meticulous and the division of labor is clear. This is the key."

"No, Boss Wu was the one who contributed the most. Back then, I really found the right person when I chose Boss Wu as my investor."

"Alright, let's not flatter each other here." Wu Tian shook his head with a bitter smile and asked, "Does the company have any other problems at the moment?"

"The company is developing steadily at the moment. We just need to wait for the money to come in."

"The competition these days is fierce in all walks of life. We must not be careless, especially Elder Sister Lan, the trump card. We must protect her well."

"Huang Lan won't leave as long as you're here."

"I'm not that attractive."
