

Hidden Billionaire Chapter 205 - To Suffer in Public -

C205 To Suffer in Public

Chen Junhui wasn't willing to be outdone by a brat like Wu Tian. He raised his head and said proudly, "All these years, I've been working as an executive at a big foreign company. This time, I'm going to invest and start a business after returning home."

"Very good!"

Liu Jun nodded, smiled and praised: "Young people should be like you, daring to fight, daring to challenge the unknown."

"It's not difficult for me to start a business now. I believe it won't be long before I start my company." Chen Junhui raised his head proudly.

From the looks of it, he seemed to already be the boss of a large company.

"Are there any good directions to develop?"

"The game is developing quite well in the country. I plan to start from the game."

"Good idea." Liu Jun nodded in approval and raised his glass in encouragement: "I wish you good luck in rising to the top, able to make a name for yourself in the game market."

"Thank you, uncle." After Chen Junhui thanked him, he turned around and looked at Wu Tian, "May I know where Mr Wu works?"

"Like Mengyao, I'm studying at the Polytechnic University." Wu Tian replied with a smile.

"So it was a student." Upon hearing that Wu Tian was only a student, Chen Junhui was completely at ease.

What qualifications did such a poor student have to fight with him for Mengyao? He was simply overestimating himself.

Chen Junhui shook his collar and said with a smile, "If Mr Wu has any problems with his life, I can help."

"Thank you, Junhui. I don't think Wu Tian needs your help." Without waiting for Wu Tian to speak, Liu Mengyao, who was standing nearby, could not help but say, "Wu Tian is even richer than our Liu family!"

"What? He has more money than the Liu Clan?" Chen Junhui widened his eyes in disbelief.

This kid was wearing shabby clothes with a plain and plain face. There wasn't a single piece of luxury decoration on his body.

He had originally thought that such a foolish brat would be very poor, but upon hearing that he was richer than the Liu family, he clearly felt suspicious.

The Liu family was quite famous in the real estate world, with several over 100 million real estate companies.

Wu Tian is a tasteless brat, how can he be more rich than the Liu Family?

"Tian is indeed richer than us." Liu Jun couldn't help but dispel the doubt in Chen Junhui's heart.

Judging from the current situation, Wu Tian had over 1 billion yuan in assets, and he was still a little stronger than the companies under the Liu family.

"Is he that powerful?" Chen Junhui was even more surprised by this result than if he had just eaten an elephant.

Even in his dreams, he might not have thought that Wu Tian, a poor kid, would have an economy that exceeded the Liu family's.

Previously, he said shamelessly that he would help Wu Tian solve the difficulties in his life. This was equivalent to humiliating him.

The amount of savings he had was much worse than the Liu family's. Naturally, he couldn't compare to Wu Tian.

"Don't underestimate Wu Tian. He's a powerful character. Even I can't help but admire him." Liu Jun leaned his head over and reminded him quietly.

Now that he mentioned the name Wu Tian, he somehow felt proud of himself.

"Then what business does Mr Wu actually do?" Mr Wu is now more concerned about the issue.

"He dabbled in the catering industry, had two famous restaurants in Luzhou, and also dabbled in the real estate industry, investing in the Emerald Garden with me. Of course, he also dabbled in the live broadcast platform Seafood TV and Tianmu Technology company." Liu Jun patiently explained in detail.

"I really didn't realize that Mr Wu had done so much industry." Chen Junhui couldn't help but be amazed in his heart. He didn't expect Wu Tian to be so good at making a living in all walks of life.

Just as he was about to start his business, he didn't expect Wu Tian to have already become the boss of several companies.

Previously, he even boasted about being an executive in a foreign company. Compared to Wu Tian, he was much weaker.

"Nephew, if you want to play games, you have to ask Tian for guidance." Liu Jun couldn't help but remind him.

"Could it be that Mr Wu has played games before?"

"More than that, the two Mobile Games that he developed a while ago were extremely popular in Jiangnan, and even now, they are still on the leaderboard. Just the income from those two games alone is equivalent to a year's worth of profit for me."

"This ..." Chen Junhui smiled wryly in his heart after hearing this.

He didn't expect the kid in front of him to have such shocking power even though he looked ordinary. No wonder even Liu Jun thought so highly of him.

He originally wanted to use his advantage to suppress Wu Tian.

However, the result made him blush. With his current strength, he was too far behind Wu Tian. They were on a completely different level.

He couldn't help but be anxious. If that was the case, Wu Tian would be a strong competitor. He really didn't have the confidence to snatch Mengyao back.

"Cough, cough!"

Chen Junhui coughed dryly as an awkward smile appeared on his face: "Uncle, I suddenly remembered that I have something to do, so I'll be busy. I'll come visit you another day."

He didn't want to stay here and continue being suppressed by Wu Tian. He had to find an excuse to leave in order to avoid losing more face.

"Nephew, we haven't even finished eating. Why are you in such a hurry to leave?" Liu Jun saw the embarrassment on Chen Junhui's face, but did not expose it.

"Uncle, I have some urgent matters to attend to. I'll come back another day to drink with you." After saying that, Chen Junhui turned to Liu Mengyao and said, "Mengyao, I'll come back for you another day."

"Brother Junhui, it's better if you don't come. I've been studying recently, so I don't have time." Liu Mengyao forced a smile and said.

The meaning of his words was that he didn't want to be bothered by Chen Junhui anymore.

"Huh?" Chen Junhui's jaw dropped.

He did not expect Liu Mengyao to be so straightforward in rejecting him without mercy. At this moment, he felt extremely uncomfortable in his heart.

"Cough, cough!"

Liu Jun coughed dryly and scolded, "Mengyao, how can you say such things to your brother Junhui? It's rude."

"Uncle, that's not what Mengyao meant." Chen Junhui quickly spoke up for Mengyao to gain her goodwill.

"This girl is getting more and more ignorant." Liu Jun glared at his daughter and stood up from his chair. "Nephew, don't take things too seriously with Mengyao. I'll send you off."

Then, he made a "please" gesture and accompanied Chen Junhui outside.

"Hu!"

Liu Mengyao heaved a sigh of relief, patting her chest as she muttered to herself, "He has left after all. I was really afraid that he would stay here and not leave."

"Mengyao, that kid seemed to like you just now. Is he chasing you?" Wu Tian tried asking.

"He's a phony. I'm not interested in him."

"Then who are you interested in?"

"I ..." Liu Mengyao raised her head to look at Wu Tian and said expressionlessly, "You don't have to care about that."

"I'm too lazy to care."

"You ..."

Just when the two were arguing, Liu Jun returned to the restaurant and smiled: "Come, let's continue eating and drinking."

"Uncle Liu, let me toast you." Wu Tian raised his glass and moved it in front of Liu Jun.

"Alright!" After clinking cups with Wu Tian, Liu Jun raised his head and drank all the liquor in the cup in one gulp.

Wu Tian accompanied Liu Jun to drink a few cups, then gave a toast to every elder present.

Liu Mengyao, who was at the side, kept reminding Wu Tian not to drink too much, fearing that he had too much to drink.

Hidden Billionaire Chapter 206 - Land Auction -

C206 Land Auction

After dinner, they chatted for a bit. Seeing that it was about time, Liu Jun finally said: "Tian, there's a land auction at the hotel today. Come with me to join in the fun."

"Alright, I'll follow Uncle Liu and broaden our horizons." Wu Tian agreed readily.

After the last time he had tasted the sweetness of the Jadeite Garden, he had become somewhat interested in real estate. He went over to see if there were any suitable plots of land to buy and earn some money.

"Alright, let's go." Liu Jun shook his sleeves and walked out of the hall first.

Liu Mengyao quickly caught up to them and stood in front of her mother. With a smile, she suggested, "Dad, how about I go with you guys?"

"Where are you going?"

"I'm going to see you guys buy land, and learn some lessons while you're at it."

"You're not learning how to buy land. You want to be together with Tian, right?" Liu Jun couldn't help but tease him.

"Dad, what are you talking about!" Liu Mengyao blushed as she pouted. "Why are you teasing your own daughter?"

"I just said that casually, why are you blushing?"

"Not me."

"Alright, dad will take you to participate in the land auction. Let's go." After saying that, Liu Jun walked outside.

Liu Mengyao quickly followed and took her father's arm. "Dad, you're the best at being nice to me. Take me wherever you go."

"Little girl, you only know how to chase the road?" Liu Jun shook his head with a bitter smile, while looking at his daughter with a doting expression.

Wu Tian followed eagerly, he just sat in the Yang father and daughter's car and went to the hotel together.

The seventeenth land auction of this year for Luzhou would be held here.

This time, there were a total of twelve land masses, four pieces for business and the rest were for residential use.

The three of them first went through the formalities, paid the deposit, and then took their tags before entering the venue.

"You two sit in the corner." After entering the venue, Liu Jun pointed at the seats at the back, "You can whisper to each other. No one will disturb you."

"Dad, what are you talking about?" Liu Mengyao's white face was instantly flushed red with embarrassment. Her expression was incredibly awkward.

No matter how foolish she was, she understood her father's intention. It seemed that he really wanted her to be with Wu Tian.

It was just that her father was being too direct, which actually made her feel somewhat ashamed.

She was like a citrus, like a daughter who couldn't get married, and his father was anxious to sell her.

"You're such a big person, why are you feeling embarrassed?" Liu Jun patted his daughter's shoulder and said in a low voice, "Do well. I believe you will be able to attract Tian."

"Dad, if you continue like this, I'll get angry." Liu Mengyao pouted and pretended to be angry.

If she had known that her father was like this, she wouldn't have followed him over.

"Fine, dad won't say. Dad will go sit in the front. I won't disturb you." Liu Jun smiled strangely, walked to the front row and sat down.

"Relax!"

Liu Mengyao secretly sighed. When she turned her head, her eyes met Wu Tian's. Embarrassed, she quickly lowered her head.

Originally, her relationship with Wu Tian was quite normal, but after her father said so, it made her feel very uncomfortable. Instead, the atmosphere between the two of them was a bit ambiguous.

"Your dad is really interesting." In order to resolve the awkwardness, Wu Tian said something as if he had nothing to say.

"That... Don't listen to my dad's nonsense, he's just joking. " Liu Mengyao spoke in a low voice, like a mosquito buzzing in her ears.

Wu Tian didn't hear it clearly. He moved his head closer to Mengyao and asked, "Mengyao, what did you say just now?"

"I say ..." Liu Mengyao suddenly raised her head and realized that she was very close to Wu Tian. Their faces almost touched.

This atmosphere was really too ambiguous. It caused Liu Mengyao's face to blush and her heart to beat wildly.

In this awkward atmosphere, neither of them spoke for about five seconds.

"I'm going to the bathroom."

In order to resolve the awkward situation, the two of them simultaneously stood up from their chairs and made up an excuse to leave.

Perhaps it was because the two of them had such a tacit understanding, so they both found an excuse to go to the toilet to get rid of this ambiguous atmosphere.

"Go!" Liu Mengyao quickly sat down. She didn't want to go to the toilet with Wu Tian, it would only make things more awkward.

"Then I'll go." Wu Tian got up and quickly walked towards the bathroom. He didn't really need to go to the bathroom, he just wanted to relieve the awkwardness.

He went to the bathroom and washed his face with cold water. As he turned to leave, he saw an old man pulling a twenty-year-old girl.

The old man was very aggressive, dragging the girl's arm into the toilet.

The girl kept twisting her body, but she seemed to be afraid of offending the old man, so she didn't dare to move too violently.

Wu Tian couldn't watch any longer and scolded the old man, "Old man, let go of that girl."

"It has nothing to do with you, just mind your own business." The old man glared at Wu Tian fiercely, then dragged the girl's arm towards the toilet.

"I'm in charge of this matter today." Wu Tian forcefully separated the two. He said to the girl: "Quickly leave the bathroom, I'll deal with this old guy."

The girl didn't say anything. She only glanced at Wu Tian gratefully before twisting her small waist and running away quickly.

"Kid, don't you care too much?" Seeing that his good plan had been ruined by Wu Tian, the old man was instantly enraged.

"Seeing that it's unfair, of course I have to deal with it."

"Brat, you dare to meddle in my affairs? Do you know who I am?"

"I don't know."

"Then I'll tell you." The old man pointed at his nose and shouted, "I am the King of the West City, Geng Yunguang."

"So what?"

"Boy, you've offended me. I will make you suffer the consequences of your actions." Geng Yunguang clenched his fist as anger burst out from his entire body.

"I'm not scared."

"What's your name, kid?"

"Wu Tian."

"Good kid, let's wait and see." Geng Yunguang cast a cold glance at him, turned around and left quickly.

Wu Tian didn't care about the man at all. He wiped his handsome hair and left the bathroom.

He returned to the venue and found that it was already filled with bidders. The man named Geng Yunguang was among them, staring at him with that devouring gaze.

Wu Tian smiled lightly and walked over to sit beside Liu Mengyao.

Liu Mengyao pulled up her hair and questioned in a low voice, "Why did you go to the bathroom for so long?"

"You missed me after I left for just a short while?" Wu Tian joked shamelessly.

"In your dreams." Liu Mengyao rolled her eyes slightly and turned her head away, too lazy to care about Wu Tian.

Not long after, the land auction officially began.

The auctioneer walked onto the stage and briefly explained the auction process and the auction rules before announcing the official start of the auction.

The first item to be auctioned was a few purely commercial plots. These groups did not have much competition, and one of them was a bazaar.

After that, the competition for the residential land became much bigger. Many of the bosses had come all the way for the residential land, so they all raised their prices to bid.

Wu Tian took a fancy to a piece of land in the suburbs. He felt that this piece of land had great potential for growth, so he raised the bid.

Hidden Billionaire Chapter 207 - The Bid Was Successful

-

C207 The Bid Was Successful

"P30 plot, starting bid 30 million..."

As the auctioneer announced his starting bid, the audience started to bid one after the other.

Many people were optimistic about this area and soon raised the price to 50 million. Wu Tian also raised the price.

"55 million..."

After Wu Tian raised the price, the scene gradually quieted down.

The current market value of this piece of land was around 40 million, and the premium was not more than 50 million. If the price were to exceed 50 million, it would be impossible to make profits with the later development.

"56 million ..."

Just as the audience went silent, Geng Yunguang, who was not far away, couldn't help but raise his price.

As soon as he threw the card, everyone clamored. None of them expected that the property tycoon would bid for the land at a premium.

Actually, no one knew that Geng Yunguang wasn't interested in the land, he was just purposely going against Wu Tian.

"Fifty-seven million." Wu Tian did not back down and bid again.

He was very interested in this land, and he didn't want to lose to Geng Yunguang.

"58 million." Geng Yunguang continued to bid.

"59 million."

"Sixty million ..."

The bidding competition between the two began, and the whole venue was filled with the thick smell of gunpowder.

Everyone could see that there was clearly a grudge between the two of them and they were bidding against each other fiercely.

In the end, 30 million land masses were called up to 80 million.

"A hundred million ..." Wu Tian didn't have the patience to continue bidding and directly raised his card to bid a hundred million.

This was because every plot of land had a maximum price. If the price exceeded the maximum, it would be automatically obtained. The dissolving price of this plot of land was one hundred million.

"Alright!"

The auctioneer pointed at Wu Tian and immediately announced: "Congratulations No. 22, you have bid 100 million for this land"

"Pa Pa Pa ..."

A round of applause rang out from the audience.

Geng Yunguang's expression was even uglier than dog shit. He never thought that Wu Tian would be so bad. He completely did not follow the rules and directly quoted the final price.

In this small secret battle, he lost to Wu Tian in the end.

Soon, the land auction ended and everyone left.

Geng Yunguang walked in front of Wu Tian with a cold expression and said with a sneer, "Brat, you lost five hundred million for nothing. How are you feeling?"

"Don't worry, I can afford to lose. Unlike some people who have no chance of winning at all." Wu Tian grinned and replied, "I'm afraid a lot of people at the venue will think the real estate magnate lost to a young man. What a shame."

"Kid, you really want to fight me?"

"I do not wish to fight you because I am very busy. However, I will not be afraid of you. As long as you wish to fight, I will accompany you to the end."

"Good boy, I'll soon let you know how powerful I am." After Geng Yunguang said this, he threw a cold glare and turned around to leave.

Seeing Geng Yunguang walk away, Liu Mengyao nudged Wu Tian with her arm and complained, "Are you stupid? You spent a hundred million to buy that crappy piece of land."

"I'm not dumb, I just feel that P30's potential is limitless." Wu Tian frowned with a serious look.

"Near the suburbs, outside of the Third Ring, what potential do you have?" Upon hearing those words, Liu Mengyao was even more confused.

Her family was in the real estate business, and she knew a little about these things.

In her opinion, the land Wu Tian spent money to buy was not worth much. It was definitely not worth a hundred million.

"What if P30 had a light rail?"

"If there is a light rail line, it will definitely be ten times stronger." Liu Mengyao could not help but ask, "But there is no light rail in that place."

"Light Rail Line One."

"Are you crazy? The light rail line 1 is so far away."

"Currently, the light rail is only at the Second Ring, but I believe that it will be extended to the Third Ring very soon. This is the law of the city's development."

"There's no plan. Even if there is an extension line, how can you be sure that it will pass through the P30 plot?" Liu Mengyao had a big question mark on her face.

"I've already thought about what you were thinking." Wu Tian turned around and pointed to the Luzhou map hanging on the wall, and explained: "According to the plan, the light rail will definitely end up in the Merchant City, and the curve of the light rail will not be too big. Along the way, they will always pass by the densely populated area ..."

Wu Tian explained everything with great patience.

After listening to her explanation, Liu Mengyao nodded her head in agreement. "What you said seems to make a lot of sense."

"According to the characteristics and construction cost of the light rail, a large probability of the extension line would have to pass through the P30 plot." Wu Tian put his hands in his pockets and looked up proudly, "If the extension line passes by, the development value of P30 will be increased by three times."

"There are too many factors affecting the movement of the light rail. What if the extension line doesn't go through P30?"

"If the light rail doesn't pass by, then I will lose." Wu Tian shrugged indifferently and said with a smile, "This is a big bet for me. If I lose, I lose 50 million. If I win, my profit will be many times higher."

Actually, if it wasn't for Geng Yunguang, the price would only be 60 million this time, so it would be impossible for it to be so high.

"Pa Pa Pa ..."

At this moment, Liu Jun walked over while clapping his hands. He stretched out his thumb and complimented, "Your vision is really long. If you don't tell me, I wouldn't even think about the light rail extension line."

He had been standing behind and eavesdropping on the conversation between Wu Tian and Mengyao.

Listening to these analyses, he felt that it made a lot of sense.

The extension line would be repaired sooner or later. According to Wu Tian, if it was repaired, it would definitely pass near the P30 plot.

The key issue at hand is uncertainty about the duration of the repair extension line, which is a big risk after a decade.

"To be honest, I don't understand much about real estate. The reason I spent so much money to buy this land is mainly to gamble." After Wu Tian said this, he added, "Of course, it's also to restrain Geng Yunguang."

"Could it be that you have a grudge with Boss Geng?"

"Not really." Wu Tian shook his head and explained, "I just ruined that guy's plans."

He then recounted in detail what happened in the washroom.

"Tian, it's not worth it to offend Geng Yunguang for such a small matter." After learning of what had happened, Liu Jun couldn't help but softly reprimand him.

"I only care about right and wrong. As long as I think it's right, I will do it." Wu Tian said with a smile.

Liu Mengyao, who was at the side, expressed her support, "Yes, I think Wu Tian did not do anything wrong this time. He has a sense of justice."

"What do you know?" Wu Shuang rolled his eyes at his daughter, then his gaze fell on Wu Tian, "Geng Yunguang is rich and powerful, and narrow-minded. If you offend him this time, according to his personality, he won't let you off."

"I'm going to block him since he wants to deal with me."

"It's not that simple. If Geng Yunguang made a move, you would be in big trouble." Liu Jun sighed lightly. His eyes were filled with anxiety and unease, and his heart was worrying for Wu Tian.

"I don't take the initiative to cause trouble, but I'm never afraid of trouble either." Wu Tian acted like he didn't care and said confidently, "I believe I can handle it."

"Then you must be careful."

"Don't worry, I'll be fine."

Hidden Billionaire Chapter 208 - Young Hooligan -

C208 Young Hooligan

After bidding farewell to Liu Jun and his daughter, Wu left the Lakewood Hotel and headed north along Friendship Road.

This place was not far from the residence, it was only ten minutes walk, there was no need to trouble Uncle Fugui to come and pick him up.

After walking for a short distance, he saw five hoodlums popping out from the side of the street, blocking his path.

"What do you want?" Wu Tian squinted and sized up these hoodlums ...

"We want to beat you up." After the leader of the hoodlums said this, he led a few hoodlums and prepared to make a move.

"Don't worry." Wu Tian stretched out his hand and asked the hoodlums with a smile, "Who told you to come?"

"No comment."

"It's Geng Yunguang?" Wu steel could only think of him, but other than that, he didn't have any enemies.

"Enough nonsense, just wait to be beaten up." The hoodlums already lost their patience, so they pounced towards Wu Tian viciously.

"Stop!"

Right at that moment, a yellow haired bully ran over and said to the other gangsters, "Quickly stop."

"Boss, what's wrong?" The hoodlums looked at the yellow-haired man in confusion, not understanding what he meant.

"Even if we attack together, we won't be a match for him." The yellow-haired youth said in a low voice, "I've fought with him before, and his skills are quite impressive."

"Is that so?"

"Hurry and retreat." The yellow haired teenager signaled the hoodlums to back off, he smiled and went up to Wu Tian to curry favor with him, "Sorry brother, they didn't know it was you. If they offended you, don't take it to heart."

"So it's you." Only then did Wu Tian recognize the youth. He had taught him a ruthless lesson before.

"Go ahead, we're leaving." After saying this, the yellow-haired youth was about to run away gloomily.

"Halt!"

Wu Tian roared and stopped the yellow-haired teenager.

The youth slowly turned around and said with a bitter expression, "Big brother, please don't hit me. I really didn't know it was you before."

"Speak, who sent you to hit me?" Wu Tian walked in front of the yellow-haired man and asked with a cold tone.

"It's Boss Geng ..."

The yellow-haired youth swallowed his saliva and whispered, "It was Boss Geng who sent us to teach you a lesson."

"Geng Yunguang?"

"Right." The yellow-haired youth nodded and hurriedly explained, "I didn't know that the person I wanted to hit was you. If I knew it was you, I wouldn't have dared to do this even if I were beaten to death!"

He had already seen Wu Tian's vicious methods before, his ability and his viciousness were really scary.

To be honest, he already had a serious psychological trauma towards Wu Tian, and he felt scared the moment he saw him.

Wu Tian magnanimously waved his hand. "The ignorant are innocent. I don't blame you."

"Thank you big brother, thank you big brother." After the yellow-hair thanked him, he ordered the hoodlums behind him, "What are you guys blanking out for? Hurry up and thank your big brother."

"Thank you big brother, thank you big brother." The hoodlums hurriedly thanked him.

"Stop bullshitting." Wu Tian waved his hand impatiently and ordered the yellow-haired youth, "I want you guys to do something for me."

"Big brother, if there's anything you need, feel free to tell us. We can do anything for you." The yellow-haired teenager was very clever. He was good at flattering.

"Go out and say that my legs were broken by you guys, and tell Geng Yunguang the same thing."

"Why do we say that?"

"Don't ask too much. Go and fulfill my request." Wu Tian roared impatiently.

"We will do as you say."

"Alright, I don't need you now. Go quickly!" Wu Tian waved his hand impatiently and ordered them.

"Thank you big brother, then we'll be leaving now." After saying this, the yellow-haired youth and a few other hoodlums quickly left the place.

Wu Tian pursed his lips and smiled, then turned around and walked towards his home.

He purposely told the hoodlums to spread the news of his leg being broken so that Geng Yunguang would let down his guard. He could take a break for a few days to avoid trouble.

After returning home, Wu Tian locked himself up at home to read and study. He planned to take this opportunity to rest for a few days, so he naturally could not neglect his studies.

He didn't expect to receive a call from Teacher Mu Ran the next day: "Wu Tian, why are you skipping class again today?"

"I have something to do at home these few days." Wu Tian lied immediately. It had become Wu Tian's habit to deceive Teacher Mu.

Previously, he was an honest kid and had never lied to Teacher Mu. However, he had been gradually getting worse.

"Then tell me, what happened in your family?" Mu Ran asked with a cold tone. Perhaps she had guessed that Wu Tian was lying on purpose.

"Teacher Mu, actually, it was my leg that broke."

"Your leg is broken?" Upon hearing the news, Mu Ran also became anxious. "Alright, alright. How did you break your leg?"

"I was beaten up by a few hoodlums last night, so I can't move now." Wu Tian purposely screamed a few times after saying this.

"Then which hospital are you in now?" On the other end of the phone, Mu Ran's tone of voice was much gentler.

Previously, Mu Ran had asked about it as a teacher, but now, she was asking about it as a friend.

"It's just a fracture. After I was treated at the clinic, the doctor told me to go home and rest." Wu Tian deliberately feigned pain. Only then did it sound real.

"Then you better take a good rest and don't move. I'll come see you in a while."

*

Wu Tian was frightened when he heard that Teacher Mu was coming over. He quickly said, "It's just a small injury, it's nothing serious. Teacher Mu is so busy, so there's no need for you to come over."

"I've completed my class today. There's nothing much for me to do, so I just so happened to be free and came to see you. I'll be there in half an hour."

"Teacher Mu, actually I ..." Before Wu Tian could finish his sentence, he realized that Teacher Mu had already hung up.

"F * ck!"

Wu Tian cursed silently as he felt like crying but had no tears.

Wu Tian originally wanted to lie and say that his leg was broken, but he didn't expect Teacher Mu to come over to visit him.

This was equivalent to him digging a hole for himself.

If Teacher Mu came and saw that his leg wasn't broken, she would scold him.

No, he had to disguise himself. He couldn't let Teacher Mu know that he was lying to her. That way, Teacher Mu would never trust him again.

Thinking about that, Wu Tian quickly ran to Secretary Loong's room and rummaged through.

Just as he was rummaging through the cabinet, he saw Loong Yun walk in. "Young Master, what are you doing in my room?"

"Looking for a medical kit."

"Are you hurt?" Upon hearing that her young master was looking for a medical kit, Loong Yun's expression became anxious.

"I'm not injured."

"Since you're not injured, why are you looking for a medical kit?"

"Don't worry about it, help me find the medical kit." Wu Tian urged. He was worried that Teacher Mu would come before he could complete his disguise.

"In the closet." Only then did Loong Yun set up a stool and carry the medicine box out from the cabinet.

"Alright!" Wu Tian carried his medical kit and was about to leave when he stopped at the door. He turned around and ordered Loong Yun, "Come and help me."

"For what?"

"Here, help me apply some ointment to my leg and then bandage it with gauze." When Wu Tian said that, he had already raised his pants up.
