

Hidden Billionaire Chapter 217 - Enter Someone Else's Room by Accident -

C217 Enter Someone Else's Room by Accident

Just like this, Su Ruyun drove the car back to Haitian Gardens.

As soon as she entered the house, she was shocked by the luxurious decorations and high-end electrical furniture. She could not help but exclaim, "Your life is really luxurious and corrupt."

"This is called being rich and willful." Wu Tian lay down on the sofa and smiled, "You're welcome. Treat this place as your own home."

"I'm working, not enjoying my life." Su Ruyun rolled her eyes slightly and sat down on the opposite side of the table.

At that moment, Loong Yun walked out of her bedroom.

Seeing this woman, Su Ruyun's pupils constricted. She glared at Wu Tian with disdain and said, "You have a beauty hidden at home. You are so shameless."

"Don't misunderstand, she's my secretary, Loong Yun." Wu Tian explained as he pointed at Su Ruyun and introduced her to Loong Yun, "This is a police officer from the Eastern City Police Department. She is responsible for protecting me 24 hours a day."

Loong Yun didn't say anything and just nodded her head.

This made Su Ruyun exclaim even more, "The rich are indeed corrupt. Even the secretaries are so good-looking."

"Police Officer Su, are you hungry? Do you want to eat?"

"I'm not hungry."

"Then are you thirsty?"

"I'm not thirsty."

"Do as you wish. I'll go take a bath first." After saying that, Wu Tian turned around and went to the bathroom.

When he walked out of the bathroom, he saw Su Ruyun happily chatting with Loong Yun.

When he heard this, he realized that the conversation between the two girls had something to do with him.

These two women actually dared to speak ill of him in secret.

"F * ck!"

Wu Tian cursed silently. He couldn't be bothered with the two girls and went into the study to read.

Just as he was engrossed in his studies, a voice came from behind his ears, "I didn't expect you to be so keen on reading."

"Damn it, I was scared to death!" Wu Tian put down the book in his hands and turned around to see Su Ruyun leaning against the door.

"I thought rich people were having fun all day, but I didn't expect you to know how to read." Su Ruyun walked into the study, looking at the economic books on the shelves, she was even more surprised. "Oh my god, there are so many professional books."

"There is no limit to learning. Only by continuously improving will one be able to create more wealth."

"You're studying to earn money?"

"To be precise, learning is to become stronger."

"Is that so?"

"Of course."

"You're different from what I imagined." Su Ruyun walked over and leaned her body against the table. "I thought you were the kind of hoodlum who only knew how to seduce girls and show off your wealth. I didn't expect you to have such a side."

"Please don't be infatuated with me, I'm just a legend." When Wu Tian said this, he intentionally put on a very cool posture.

Su Ruyun was speechless.

Su Ruyun rolled her eyes coldly. "Do you know what your secretary thinks of you?"

"What did she say?"

"A scheming heart does not lose its gentleness, but a flowery heart is not shameless."

*

Hearing this evaluation, Wu Tian burst out into laughter, "I didn't expect Secretary Loong to say that."

"However, my evaluation of you is only limited to two words."

"Which two words?"

"Shameless!"

"Then don't go to sleep tonight, just in case I get into your bed."

"You dare."

Wu Tian pursed his lips into a smile, pointed at the door and said, "If there's nothing else, you go to sleep first. I still have to study for another two hours."

"Then where should I sleep?"

"On the bed."

"Which bedroom?"

"Pick whatever you want. You can sleep anywhere you want."

"I'll go find Loong Yun." Su Ruyun turned around and left the study room after she finished her sentence.

"This woman." Wu Tian shook his head with a bitter smile, grabbed the book and continued to study.

He didn't stretch his body and go back to his room to sleep until ten o'clock in the evening. He dragged his tired body to lie down on his bed.

Just as he lay down, he felt something pressing down on his flesh. At that time, he felt his scalp go numb, and then he heard a miserable scream.

*

Wu Tian was shocked by the scream and quickly got up from the bed. He turned on the bedside lamp and saw a woman lying on the bed.

"Su Ruyun?"

Looking at the woman on the bed, Wu Tian was shocked, "Police Officer Su, why are you on my bed?"

"Scoundrel, bastard, who let you in, get out." Su Ruyun clutched her chest tightly with her blanket, shouting angrily with a flushed face.

"Big Sis, please make it clear that this is my room, and the bed is mine as well."

"Yours?"

"Right."

Su Ruyun was stupefied for a moment before rubbing her head in embarrassment. "I just went out to the toilet and went into the wrong room."

"I thought Police Officer Su ran into my room to seduce me!"

"Scram!"

Su Ruyun rolled her eyes and threw away the quilt hurriedly. She then walked out of the room in a panic.

At this moment, she was wearing a low-necked nightgown. Perhaps it was because her nightgown had been ruffled and messy from her sleep just now. Now, she looked extremely pleasing to the eyes.

"Wow!"

Wu Tian stared at her body. He swallowed his saliva and his eyes almost popped out.

"You're really shameless. Have you seen enough?" Su Ruyun was so frightened that she quickly pressed her hand to her chest, blushing.

"Enough!"

Wu Tian finally swallowed the saliva at the corner of his mouth and suggested with a smile, "Police Officer Su, how about we sleep together? I promise I won't touch you."

"Who would believe you."

"There should be this little bit of trust between people."

"Rascal!" Su Ruyun finished scolding Wu Tian. Su Ruyun ran out of the room, covering her body as she ran.

"This woman is really stupid." Wu Tian shook his head with a bitter smile, then got back into bed.

The scent of a virgin was left in the blanket, lingering in his nostrils and causing his entire head to feel warm.

The fragrance left behind by this woman in the blanket was really too alluring. He was completely captivated by it.

Just like that, Wu Tian rolled over in his bed until it was very late.

He couldn't sleep at night, so he woke up very late the next day.

When he got up, he found Su Ruyun and Loong Yun eating breakfast. The two girls were chatting happily.

He hadn't expected the two women to have a common topic of conversation.

"Police Officer Su, Secretary Loong, why didn't you call me over for breakfast?" Wu Tian complained as he walked over to the two girls.

"Young master, we didn't wake you up when we called for you."

"Alright!" Wu Tian didn't pursue this matter any further. He sat down next to Su Ruyun, grabbed a pancake from her bowl and stuffed it into his mouth, "Not bad, it's really delicious."

"You're so disgusting, you keep eating what I've already eaten."

"I don't care."

"You really ..." Su Ruyun rolled her eyes and walked over to sit beside Loong Yun.

Wu Tian grinned as he snatched the breakfast from Loong Yun's hands and started to wolf it down.

*

Loong Yun was stupefied on the spot. She didn't expect that the young master would snatch away something she had eaten. It really made her speechless.

Her breakfast was robbed, but she couldn't say much.

Sometimes, she found that the young master was especially cute, just like a little kid, actually snatching food from her bowl to eat.

Hidden Billionaire Chapter 218 - A Desire to be at Peace with the World -

C218 A Desire to be at Peace with the World

Over the next few days, Su Ruyun stayed home to protect Wu Tian.

The two of them didn't get along well. Su Ruyun was often angered by Wu Tian, and she almost tore up the house.

Other than the two of them messing around, there was nothing else that they needed to do. Geng Yunguang also calmed down a lot these few days.

She had protected him for three days straight without any accidents, so Su Ruyun had returned to the Police Station.

Knowing that Azure Dragon's sister had recovered, Wu Tian took flowers and fruits to visit his sister.

His sister's name was Xiaofeng, and she looked like a porcelain doll. Her eyes were wary of Wu Tian.

"This is our benefactor, Wu Tian. You've seen him before, hurry up and call him brother." Azure Dragon touched his sister's head, pointed at Wu Tian and said to his sister.

Only then did Xiaofeng relax her vigilance and gently called out, "Brother!"

"Good girl!"

Wu Tian walked over to the bed and sat down. He smiled and said with concern, "Xiaofeng, what do you want to eat? I'll go buy it for you."

"I don't want to eat it."

"Want some water?"

"I don't want to."

"If you need anything, just let me know."

"Thank you, big brother." Xiaofeng pouted and a sweet smile appeared on her face. "Thank you, brother, for saving my life. This kindness will forever be remembered in my heart."

Maybe because she had just recovered from a serious illness and was frightened by the kidnapping, her tone was very weak.

However, her eyes were full of gratitude when she looked at Wu Tian.

"Don't think too much into it, your brother and I both hope that you will be happy forever." Wu Tian reached out his hand to touch that doll-like face, and said with concern, "What wish do you have to tell brother, I'll think of a way to help you achieve it."

"My wish?"

"Right."

"My wish is very simple. I hope to find a paradise with big brother and have a simple life together." Xiaofeng looked up at the ceiling with a childish face.

"Is that so?"

Wu Tian's heart seemed to have been touched by something. He didn't expect this girl to only want to live a simple life.

He turned around and looked at Azure Dragon. He noticed that the man's eyes were red and there were tears in his eyes.

He must have been moved by his sister's words.

"Xiaofeng, take good care of your injuries." Wu Tian scratched her nose with his finger. "I will definitely think of a way to help you achieve this wish."

"Thank you, big brother."

"Rest first. I need to talk to your brother for a while." Wu Tian left behind a warm smile, turned around and left the ward.

The moment he walked out of the ward, he saw Azure Dragon following him out.

Wu Tian patted Azure Dragon's shoulder and walked to the window. He looked out and said to himself, "Azure Dragon, did you hear what your sister just said?"

"Yes." Azure Dragon gritted his teeth and tried to look calm.

"Your sister's thoughts are very simple. She doesn't need much money or seek fame or profit. She only wants you to be by her side. Simple, simple, and happy."

"I know."

"Alright then." Wu Tian turned around and looked at Azure Dragon seriously, "I can let you go now and give you a lot of money so that you can take your sister and live a life free from worldly affairs."

"No, I'm not leaving." Azure Dragon shook his head and refused, his tone was very determined.

"Although I spent money to cure your sister, you don't owe me anything. You saved my life and taught me a lot. Now that you are free, you can choose on your own." Wu Tian said something that dug his heart out.

He just didn't want to leave any regrets for Azure Dragon.

It wasn't easy for him to cure Xiaofeng's disease, so he only hoped that the Wu siblings would be happy and at ease.

"I feel sorry for Xiaofeng, but I can't leave Young Master." Azure Dragon said slowly.

He would never have thought that such words came from a man of steel.

"Are you really willing to stay by my side?"

"I will always stay by Young Master's side. Even if you chase me away now, I will not leave. For me now, following you is not just about repaying you."

"But your sister ..."

"I believe Xiaofeng will understand."

"Well, I respect your choice." Wu Tian slightly raised his head and said slowly, "No matter when, tell me whenever you want to leave."

"Alright."

"Right, find a quiet place for Xiaofeng to stay, and accompany her more."

"I will."

"Take good care of Xiaofeng. I'll be leaving first." Wu Tian patted Azure Dragon on the shoulder and walked away.

"Thank you!"

Azure Dragon bowed deeply towards Wu Tian's back. After seeing Wu Tian's back disappear in front of his eyes, he turned around and returned to the ward.

"Bro, did little Brother Tian leave?" Xiaofeng blinked her eyes, clear as spring water.

"He's gone."

Azure Dragon walked up to his sister's bed and sat down, then picked up her blanket. "The young master said, give me some money, and let me take you to live a life where you don't have to fight against the world."

"Did little Brother Tian really say that?"

"Right."

"Little Brother Tian is really a good person."

"Yeah."

"Brother, then what do you think?"

"I'm sorry." Azure Dragon held his sister's face and said with a serious face, "I can't leave now, and I don't want to."

"I understand." Xiaofeng smiled gently, "Little Brother Tian has done us a great favor. We must not forget his kindness."

"No, it's not just repaying the favor."

"What else?"

"Being together with Wu Tian made me feel a sense of accomplishment, a sense of identity, and respect and care." Azure Dragon sat up straight, looked at the white wall and said, "In the past, my life was just for survival, but now, it's different. Following Wu Tian makes me feel especially at ease, especially full of energy."

"Is that so?"

"Let's put it this way, Wu Tian doesn't just treat me as a servant or employee, he also treats me as a friend and brother."

"Looks like little Brother Tian is really a good guy." Xiaofeng reached out and touched Azure Dragon's big face. "Bro, I'll support you. We'll guard little Brother Tian for the rest of our lives."

"Xiaofeng is really obedient."

"Although I'm young, there are some things I understand."

"That's good."

"Bro, tell me about Little Brother Tian, I want to hear about it." Xiaofeng put her head close to her brother's chest and looked at him expectantly.

For some reason, she suddenly became interested in Wu Tian.

"You've only met little Brother Tian twice and you call him sweet. I'm jealous." Azure Dragon patted his sister on the shoulder and joked with her.

Xiaofeng couldn't help but spit out, "You are my blood brother, Wu Tian is also my brother."

"You little girl." Azure Dragon shook his head with a bitter smile.

"Hee hee!"

Xiaofeng smiled sweetly and quickly corrected herself, "Brother, I'm just joking with you. You're someone who no one can replace in my heart. You're more important than anything."

"I'm not that stingy."

"Alright Bro, hurry up and tell me about Little Brother Tian."

"Alright." Azure Dragon nodded, and said to his sister in a deep tone, "When I met Wu Tian for the first time, I felt that he was an extremely ordinary kid. To be honest, I didn't think well of him at the beginning."

"Later on, I realized that this kid was not simple. He had a broad set of features and a wide range of vision. He was like a piece of unpolished jade scattered in the dust ..."

Hidden Billionaire Chapter 219 - Honeysuckle -

C219 Honeysuckle

*

Wu Tian sneezed several times as he walked out of the hospital. He suspected that someone was cursing him behind his back and saying bad things about him.

However, this was not the case. The Liu siblings were currently talking about him. But all they could see of him was his merits.

The moment he walked out of the hospital, he received a call from Liu Jun.

As soon as the call connected, Liu Jun asked with concern: "Tian, how are your injuries?"

"What injury?" Wu Tian didn't know how to react to the strange question.

"I heard that someone injured your right leg a few days ago. I was out on a business trip and couldn't come to see you, so I specifically told Yueyao to come take care of you."

"You're talking about that." Only then did Wu Tian remember.

"How's the leg wound? Has it recovered?"

"Uncle Liu, I have something to tell you, don't be angry."

"What is it?"

"Actually, my leg wasn't injured at all."

"Not injured?" On the other end, Liu Jun's tone clearly sounded surprised, "I clearly heard that you were seriously injured, and the thugs that hit you were sent by Geng Yunguang."

"I pretended to be hurt on purpose to deceive Geng Yunguang." Wu Tian recounted in detail what had happened.

There was no need to hide these things from Uncle Liu. He could completely tell Uncle Liu the truth.

So far, Uncle Liu is his trusted partner and also a friend worth dating.

"Good boy, you're quite capable. So this matter was actually fake. Even I believed it to be true." After Liu Jun said this, he raised his head and laughed out loud.

"At that time, Geng Yunguang knew he was tricked by me. He was so angry that his face turned ugly and he almost died from anger."

"It's possible that even in his dreams, Geng didn't expect that after decades of doing business, he would be deceived by your lies ..." After Liu Jun said this, he couldn't help laughing out again.

"Uncle Liu." Wu Tian remembered something else as he told Liu Jun, "Don't ever tell Yueyao about my fake leg injury. I'm afraid she's angry."

"Don't worry, I promise I won't tell Yueyao about this."

"That's good."

"Kid, you seem to care a lot about our Yueyao."

Wu Tian chuckled dryly and quickly changed the topic: "Did you have something to talk to me about?"

"Yeah, I almost forgot about the important matter."

Liu Jun stopped smiling and said seriously: "I've already helped you with the procedures for the P30 land block."

"Thank you, Uncle Liu, thank you for your hard work." Wu Tian hurriedly thanked him.

"There's no need to be courteous between us. Furthermore, I have an investment as well." After Liu Jun said this, he asked again: "P30 is a mixed commercial and residential land, how do you plan to use this land?"

"There's no hurry. I'll go check the land first, and then I'll study it carefully. Is Uncle Liu free right now?"

"I have time."

"Alright, let's go look at that piece of land now." After Wu Tian said this, he hung up the phone.

Then, he got Uncle Fugui to drive him to the P30 plot.

P30 was only the code name for the auction, and this land was located in the suburbs, close to Fragrant Honey Lake. This plot of land had great potential for development.

When Wu Tian arrived, he found Liu Jun already waiting at the entrance of the plot and was getting someone to do a detailed survey of the block.

"You have a good eye, this plot of land does have a lot of potential." Liu Jun couldn't help but praise Wu Tian the moment he saw him.

"This land has a lot of potential, but it might not be easy to earn money in the short term." After Wu Tian said this, he changed his tone and said, "But in the long run, this is a land of great fortune and the future is limitless."

"What are you going to do with the land?"

"This land is close to the Fragrant Honey Lake, let's name it the Fragrant Honey Lake Land." Wu Tian turned around and looked around, and suggested, "I think we should focus on slowly developing it in the early stage, until the surrounding areas are fully mature, then we can vigorously develop it."

"What do you think?"

"The business in this area is very fragmented. I think it's better to build a business street here." Wu Tian thought for a while and suggested.

"Good idea." Liu Jun nodded in agreement: "I agree with you."

"Also, we need to build an integrated business street to highlight the industrial layout of this area."

"You think the same as me."

"Alright, let Uncle Liu handle the details."

"No." Liu Jun waved his hand and refused: "This time, I won't do anything, you handle the matter personally."

"Let me handle it?"

"Right."

"But I've never dealt with real estate before. I don't know anything about it."

"It doesn't matter. You can learn slowly and accumulate experience slowly."

"Uncle Liu, you are purposely making things difficult for me!" Wu Tian smiled bitterly as he shook his head. He didn't expect Uncle Liu to throw this mess to him.

"Tian, I believe in your ability." Liu Jun patted Wu Tian's shoulder and encouraged him with a smile.

His intention was simple. He wanted Wu Tian to join the real estate industry.

"But I ..."

Wu Tian was not interested in real estate. After taking the land, he mainly wanted to use Uncle Liu to develop it.

He didn't expect Uncle Liu to let him handle this matter, it really gave him a headache.

He was busy making a mobile phone system, and he needed time to learn, so he didn't have the energy to do real estate.

But before he finished, he was interrupted by Liu Jun: "I'll leave the things here to you. If you need anything from me, just give me a call."

Finished speaking, he turned around and got into the BMW, driving away.

"Liu ..."

Wu Tian still wanted to stop Liu Jun, but he realized that the car had already left his sight, leaving only a thick cloud of exhaust behind.

It seemed like Uncle Liu was determined to give this mess to him, so he could only accept it.

Everything was difficult at the beginning, and many things were not difficult as long as they were straightened out.

Real estate was both simple and difficult. As long as he put his heart into it, it would be easy to earn money.

However, Wu Tian didn't have the time to think about so much at the moment. If he did everything personally, he would die of exhaustion sooner or later.

After thinking for a moment, he took out his phone and called Jiang Wan, asking him to come over immediately for Fragrant Honey Lake. He had something urgent to discuss with him.

Not long after he finished his call, he saw Jiang Wan rushing over, "Tian, why are you looking for me in such a hurry? What's the matter?"

Maybe it was too hot when he was on the bus, but now he was tired and sweating.

"Look at the land behind me. How do you feel?" Wu Tian didn't answer in a hurry, but asked this question.

"It's very big."

Jiang Wan thought for a long time before giving this answer as he still didn't understand Wu Tian's intention in asking this question.

"If I gave you this land, what would you do?"

"I ..."

Jiang Wan scratched his head and thought for a while before saying, "If I have such a land, I'll build tall buildings on it and sell it for money."

"Alright, from now on, this land belongs to you."

Jiang Wan widened his eyes in shock. He didn't understand what Wu Tian meant.

Wu Tian pursed his lips and smiled, pointed at the open space and said, "This is the land I spent 100 million on, I'm going to develop the real estate."

Hidden Billionaire Chapter 220 - Promote Jiang Wan -

C220 Promote Jiang Wan

"Oh my god, 100 million." Hearing this astronomical figure, Jiang Wan was in a state of shock.

He had already guessed that this land was very expensive, but he didn't expect it to be so outrageously expensive that it could reach 100 million.

"I'm going to let you be in charge of developing this land." Wu Tian said casually.

Jiang Wan, who was at the side, was dumbstruck as he said in disbelief, "Tian, what joke are you joking about?"

"No kidding, I mean it."

"Are you sure you're not joking?"

"I'm sure."

"This is unbelievable." Jiang Wan scratched his head in disbelief: "Tian, this is no joke. Leave this kind of sky-high price land to me, aren't you afraid that I'll screw it up for you?"

"I believe you."

"But I've never been in real estate before, so I don't know anything about it ..."

"Everyone started from the first step slowly. As long as you study hard, I believe you will succeed." Wu Tian encouraged him sincerely.

"But ..."

Jiang Wan was so nervous that he was at a loss for words, "What if we lose money?"

For someone like him who had just stepped into society, it would be strange if he wasn't nervous when such a big project was handed over to him.

"It doesn't matter, it doesn't matter if I lose. Just treat it as a practice." Wu Tian shrugged casually.

"Oh my god!" Jiang Wan felt like he was in a dream. He didn't expect Wu Tian to suddenly produce a 100 million yuan project for him to practice. Was this a dream?

"Fine, it's a deal then." Not giving Jiang Wan the chance to reject, Wu Tian immediately made his decision: "From now on, you are the person in charge of Fragrant Honey Lake."

"I ..."

Jiang Wan felt his head buzzing when he heard that.

Becoming the person in charge of a billion-level project immediately made him nervous and his brain a little bloodshot.

"This is the mixed use of residential and commercial land. Initially, it was mainly for the development of businesses. I intend to build a special commercial street near the street. You are the general manager of the commercial street." Wu Tian knows that Jiang Wan is still not used to this new identity.

To suddenly change from a student to the person in charge of a billion-level project, no one would be able to accept it.

This was very similar to how Wu Tian's family had trillions of dollars when he first found out that he was from the Wealthy Class.

Although Wu Tian was just a novice at the beginning and didn't know anything, he was diligent in his studies. Now, he had also gradually grown up into a rising star in the business world. He invested in several projects and didn't fail.

Right now, Wu Tian was planning to nurture Jiang Wan and Sunn Xiaohao. He felt that these two were potential members. As long as the two of them trained properly, they would definitely become powerful in the future.

Of course, these two had pretty good personalities. If they could be trained for his use, it would lighten the burden on him.

"Thank you for Boss Wu's trust in me. I will work hard and not disappoint Boss Wu's expectations." Jiang Wan clasped his fists and bowed excitedly.

"Do your job well. I believe that you are a talent and that you will definitely be able to achieve great things in the future."

"Yes." Jiang Wan spat out a word in a generous and forceful manner before asking again, "Tian, what should I do next?"

"Of course the first step is to set up a real estate company, but the most important thing for you now is to find a real estate teacher and learn from him."

"Right, right. I need to study hard."

"This is my secretary's number. Talk to her about financial matters." Saying this, Wu Tian took out a name card and handed it over, "You will need a large amount of money at the beginning, but you all have to ask her for it."

"Alright."

Jiang Wan took the name card. It was hard to hide the excitement in his heart as his arms were trembling slightly.

Other than the excitement, there was actually a lot of pressure on his heart. After all, Wu Tian trusted him so much, so he couldn't screw up such a big project.

"Learn about it first and get ready to set up a company. Later, I'll get Uncle Liu to send you the detailed plan for Fragrant Honey Lake Land." Having said so, Wu Tian turned around and walked toward the red flag car on the street.

He wasn't in a hurry for this project. He let Jiang Wan learn while doing it, so it didn't matter even if he lost money at the beginning.

He was already mentally prepared when he bid for the land.

The land is based on a dividend from the medium-term municipal plan and may not be profitable at the moment, but if you look at the future, it will be a treasure trove.

Jiang Wan was very efficient. In just a few days, he set up a company and held an opening ceremony.

The initial stage is mainly flat ground, do foundation and water and pipe network pipeline engineering.

He did not expect that on the very day of the construction, someone would come to make trouble, causing the construction site to be unable to proceed normally.

Wu Tian immediately knew who these people were.

These guys were most likely sent by Geng Yunguang to cause trouble.

Wu Tian didn't think too much and just took out his phone to call Su Ruyun, asking Police Officer Su to send someone over to deal with it.

This area wasn't under the jurisdiction of the police station in the east city, but when they heard that it was related to Geng Yunguang, they immediately brought people to arrest these hoodlums.

"Thank you, Police Officer Su." Wu Tian took the initiative to thank her, "Police Officer Su sent out the police so quickly. You're really a good police officer of the people."

"Don't talk so much here."

Su Ruyun glared fiercely at Wu Tian and rolled her eyes: "Your appearance doubled the number of Luzhou cases."

After getting along with him a few days ago, she now had a good impression of him.

Although Wu Tian is a hoodlum, he is also very hardworking. He stays up late every night and still reads. Every day, he gets up very early to practice.

Unlike the other rich second generations, they only knew how to live a life of debauchery and debauchery.

"There's nothing we can do." Wu Tian shrugged helplessly, he did not want to get involved in this either.

"It's all your fault for being so high-profile." Su Ruyun rolled her eyes and couldn't help but ask, "To be honest, how did you offend Geng Yunguang?"

"Last time at the hotel at the center of the lake, I saw Geng Yunguang molesting a girl. I came out to redress my grievances, but I ended up offending this old animal."

"A hero saving a beauty, right?"

"More or less."

"I think you're a bear." Su Ruyun viciously said as she waved her hand towards her subordinate, "Bring these troublemakers back to Police Station."

"Wait!"

Wu Tian blocked Su Ruyun's way again. "Police Officer Su, I have one more question."

"What problem?"

"Your body is so hot, are you holding your breath?"

"Bastard, you're courting death." Su Ruyun was instantly enraged.

This bastard could never change his old habits. Every time he teased her in public, he didn't give her any face at all.

When the policemen heard this, they couldn't help but snicker.

"My lousy mouth." Wu Tian smacked his lips and quickly changed his words, "Police Officer Su, I was wrong just now. Actually, my question was related to Geng Yunguang. He sent people to frame me a few times, so why didn't you capture him?"

"Geng Yunguang did not come out directly. Instead, he sent his subordinates to order us around. Every time, there will always be a servant replacing him. How do we capture him?"

"He's an old fox." Wu Tian gritted his teeth in anger.

He had heard from Liu Jun that Geng Yunguang was an old fox, but he didn't believe it. Now he had finally seen the old fox's skill.

"Be careful!" With that, Su Ruyun turned and left.
