C261 His Methods Are Very Evil

The two of them came to the office and saw that Sunn Xiaohao was busy making calls. The moment he saw Wu Tian, he hung up and smiled, "Tian, you're finally here."

"I've already settled the matter with the Health Bureau. In the future, the Health Bureau will not come back to cause any more trouble." The moment they met, Wu Tian threw out the good news.

"That's good." Hearing this news, Sunn Xiaohao's heart felt a lot more at ease.

"Right, how are things on your side?"

"Ai!" Sunn Xiaohao let out a faint sigh, walked to the sofa and sat down. He said with a depressed face, "Director Yang is busy looking for a new supply chain, it doesn't seem to be that easy."

"What's the difficulty?"

"Our hotel is mainly selling high-end specialties and has high requirements for all kinds of ingredients. If it's just ordinary ingredients, the market would be able to see them everywhere, but these high-end ingredients don't even have a complete supply chain in Luzhou ..."

"No problem, we can set up the food supply chain."

"Set up a supply chain?" Sunn Xiaohao was shocked by this thought.

"Right." Wu Tian nodded and replied, "Actually, it might be a good thing for supplier to end the supply. For the sake of our hotel's brand and the quality of our dishes, we must establish a complete supply chain that belongs to us alone."

"But building a supply chain is very complicated. It will increase the cost and efficiency of the hotel."

"It's not as complicated as you think." Wu Tian thought for a moment and said, "Let's solve this crisis first. We'll talk about the supply chain later."

"Right, we have to make the hotel run first."

"By the way, did you find out who was behind all of this?"

"Yes." At this moment, Lu Kang, who was standing beside them, said, "It's a competitor who is causing trouble."

"Who's the competitor?"

"It's the Grand Fuli Hotel opposite our hotel. We had a conflict with our hotel before, and recently, we heard that our hotel is going to change its business style, so we were worried that we might rob their business, so we anxiously wanted to destroy us."

"Come, let's go and chat with them." After Wu Tian said this, he got up and left the office.

The three of them arrived at the Grand Hotel and quickly found the owner of the hotel, Zhao Fuli.

Zhao Fuli puffed his stomach up, smiling like a Maitreya, "Speak, why are you looking for me?"

"I'm Wu Tian, the owner of the Tianhao Hotel." Wu Tian walked over and sat opposite Zhao Fuli. He said with an expressionless face, "I heard that you bought our supply chain and broke our supply chain?"

"That's right, I've tolerated you for a long time. I've wanted to destroy you all since long ago." Zhao Fuli raised his head with a confident look on his face.

"I can understand why you want to destroy us, but such a despicable method is too shameful."

"Any method, as long as it can destroy your hotel, I will use whatever method I want."

"I've never seen such a shameless guy like you. He can still act so righteously with such despicable methods."

"Kid, you aren't convinced, right?" Zhao Fu Li moved his head closer, and said in a provocative tone, "If you are not convinced, you can also use such a despicable method."

"If I want to use it, I'll make your hotel collapse within minutes."

"Kid, you sure know how to boast." Zhao Fuli extinguished the cigarette in his hand, stood up and moved closer to Wu Tian like a aggressive rooster. He continued to provoke him, "Brat, if you have any tricks up your sleeve, just use them, I want to see how powerful you are!"

As far as he was concerned, the kid in front of him didn't have much ability at all, and didn't have the strength to deal with him.

"Since you insist on courting death, don't blame me for being impolite." After Wu Tian said this, he took out his phone and dialed Zhao Wenxue's number: "I want to report Fuli Hotel, right, right ..."

After making the first call, he called Loong Yun.

After making two calls, he put away his phone as if he was waiting for a good show.

"Brat, you think you can scare me by making two phone calls?" Zhao Fuli lit up another cigarette and started smoking without taking Wu Tian seriously.

"When the hotel goes out of business, don't beg me." The corner of Wu Tian's mouth curled up as a brilliant smile appeared on his face.

"Alright, I want to see what tricks you have up your sleeves." After saying this, Zhao Fuli sat on the spot, waiting to see a joke.

The two of them did not speak, and the room was abnormally quiet. It was as if the two of them had fallen into a state of cold war.

After about ten minutes, the phone on the desk rang.

Zhao Fuli picked up the phone and answered the call. He only spoke a few words before his face turned dark and gloomy.

Then, she stared at Wu Tian with that fierce gaze, "Brat, you're so despicable, you actually used the Health Bureau to suppress me."

He had just been informed that the Deputy Director of Health had personally led the law enforcement officers to conduct a hygiene check of the hotel. They had found some health problems and told him to close down and rectify them.

After some investigation, he found out that Wu Tian was behind this. He didn't expect this brat to have quite a good relationship with the Health Bureau.

"Boss Zhao, it was you who told me to use such a despicable method. I was merely returning the favor with a tooth for a tooth." Wu Tian smiled slightly as a victorious smile appeared on his face.

"Brat, you think you can deal with me like this?"

"Don't worry, the good show is yet to come."

"Let's see what you can do ..."

Before Zhao Fuli could finish, the phone in his pocket rang.

He glared at Wu Tian fiercely, then stretched out his hand to pick up the phone and impatiently said, "If you have something to say, say it."

"Boss Zhao, this is bad ..." A shaky voice sounded from the other end of the phone, with a flustered and uneasy tone.

"What's there to be afraid of about a health bureau?" Zhao Fuli said indifferently into the phone.

"Not only the Health Bureau, but also the supply chain. Our hotel's food supply chain has been cut off ..."

"Supply chain?" Hearing this, Zhao Fuli's face suddenly sank, raised his head and fiercely glared at Wu Tian.

There was no need to think to know that it was definitely this fellow who was behind all of this.

However, he quickly regained his composure and comforted the phone, "Don't worry, the supply chain is not a problem for me. I will be able to find new supplier ingredients soon."

Just as Zhao Fuli was about to hang up, he heard the voice from his phone ring again, "Our hotel's investors suddenly withdrew their funds ..."

"What, withdrawal?" This news was like a thunderclap, instantly making Zhao Fuli dizzy.

If investors pull out now, the hotel's capital chain will be in big trouble, which is a fatal blow to the hotel.

"And ..." Before Zhao Fuli could regain his composure, he heard the voice on the phone again, "Several banks suddenly closed their loans, and several media outlets exposed our hotel's food problem ..."

"Pa Da!"

After hearing these words, Zhao Fuli's arm shook, and the phone in his hand fell to the ground.

What he had just seen was like a nightmare, causing him to feel as if he had been struck by lightning.

Who would have thought that in just half an hour, the hotel had already experienced so many crises, causing the hotel to fall into a crisis that they had never experienced before.

After a moment of surprise, he slowly raised his head and looked at Wu Tian, "It's you?"

## Hidden Billionaire Chapter 262 - Eviction Order -

### C262 Eviction Order

"Yes, it's me." Wu Tian took out a cigarette and lit it up, then crossed his legs and smoked.

"You ..." The corner of Zhao Fu Li's mouth trembled, he couldn't say anything for a long time. Right now, he was looking at Wu Tian with a gaze that was even more terrifying than seeing a monster.

Never in his wildest dreams did he expect that this brat before him would be so powerful that the hotel would be in danger from just a single phone call.

After staring blankly for a long time, he finally asked in a low voice, "You ..." Who exactly are you? "

"It's someone you can't afford to offend." Wu Tian spat out a mouthful of eye circles. His cool eyes were filled with endless dominance.

"I ..." Zhao Fu Li clenched his teeth and didn't say anything for a long time.

His influence was so strong that it could put his hotel in danger in such a short period of time. He really couldn't afford to offend someone like that.

At this moment, he was secretly regretting in his heart. He regretted provoking such a powerful fellow, and in the end, he had ended up getting himself burned.

"Hu!"

Wu Tian blew a smoke ring on Zhao Fuli's face, smiled and said, "Don't think that you're the only one who knows how to play such a despicable trick, I'll use my trump card to kill you."

"Boss Wu, I was wrong. I shouldn't have fought against you." At this point, Zhao Fu Li could only drop his status and take the initiative to apologize, and then discuss, "Why don't we each take a step back and turn the enemy into our friend?"

"I'm sorry. I gave you a chance before, and it was you who didn't know how to cherish it. Now, don't blame me for being ruthless." Wu Tian shook the ash from his cigarette. His expression remained calm.

"Boss Wu, if we continue like this, both of us will suffer, and it won't be good for anyone."

"You overestimate yourself." Wu Tian raised his head and laughed twice before extinguishing the cigarette in his hand. "This kind of crisis is nothing to me, but it's a fatal blow to you."

With that, he stood up and led Sunn Xiaohao and Lu Kang outside.

"Boss Wu ..."

Zhao Fulli ran after him and begged, "I was wrong, please let me go."

"Remember, this is what happens when you go against me." Wu Tian didn't plan to let Zhao Fuli go, so he quickly left after throwing down those words.

Either he did not make a move, and the moment he did, he would put his opponent to death without any room for manoeuvre.

As they walked out of the hotel, Lu Kang couldn't hide his excitement and excitement. He couldn't help but to give Wu Tian a big thumbs up, "Boss Wu, you are too awesome. You made the hotel fall into a crisis."

"It doesn't take much effort to deal with such a small hotel." Wu Tian didn't mind.

With the power of Wu Family, stomping down this kind of hotel would be easier than stomping down an ant.

"Boss Wu is really amazing." Lu Kang looked happy and proud, "It is my honor to follow Boss Wu's lead."

"Manager Lu, from now on, do more official business and stop flattering me."

"Yes, yes, yes." Lu Kang nodded, and quickly changed the topic, "Fuli Hotel fell, we lost a big competitor, it's so satisfying."

"Don't be happy too early, our hotel is still a little troublesome right now." Wu Tian thought for a moment, then turned to Sunn Xiaohao and said, "Xiaohao, quickly contact Director Yang and find a way to make the hotel run again."

"Our food supply chain ..."

"You can first spend a high price to purchase ingredients from the market. I'll establish the supply chain."

"Understood."

"Alright, if there's nothing else, everyone can go back to your work." Just as Wu Tian finished speaking, he received a call from Yang Guang.

From Yang Guang's words, he found out that the supplier in the hotel had all turned on their side when they heard that the Fei Li Inn was in danger and decided to cooperate with the Tianhao Inn.

These supplier all gathered at the entrance of the hotel hall with gifts, begging for the cooperation with Tianhao.

After making the call, Wu Tian pursed his lips into a smile, turned his head and said to Sunn Xiaohao: "Those supplier who betrayed us before are now begging to cooperate with us."

"Great." Hearing that, Sunn Xiaohao clapped happily. "With them working with us, we won't need to build our own supply chain."

"No!"

Wu Tian shook his head and rejected: "I don't plan to work with these supplier, I still need to set up my own supply chain. Firstly, I want to brand the hotel, and secondly, I don't need to worry about being strangled by others."

"Then these supplier s?"

"Let's go back to the hotel and have a look." After Wu Tian said this, he brought Sun and Lu towards the Tianhao Hotel.

More than ten food supplier s had already gathered in the hall.

Some of them were supplier s of the Fortress Hotel. When they heard that something had happened to Fu Li Restaurant, they all turned to Tianhao Hotel.

There was also a portion of the old supplier at the Tianhao Hotel who betrayed the Tianhao after being bought by Fu Li and settled the matter on their own, now licking their faces as they came over for cooperation.

"Boss Sun, Manager Lu."

A few supplier s quickly gathered around, fawning on Sunn Xiaohao and Lu Kang, "This is a small gift that we have prepared, we hope Boss Sun will accept it."

After saying that, the supplier handed the gifts over.

"What is it?" Sunn Xiaohao blurted out impatiently without even looking at the presents.

"We hope to continue cooperating with your hotel and provide you with the best ingredients." supplier licked his face and laughed.

"No need." Sunn Xiaohao spat out three words in a loud and clear voice, but he felt like he had finally vented his anger.

Previously, they begged their grandpas to speak kindly to these suppliers and not agree even if they wanted to cooperate with them. Now, these people still had the face to run over and ask for cooperation.

"For such a large hotel like yours, we are sure to need ingredients. Our supply of ingredients is a win-win situation. I hope Boss Sun will consider this carefully." supplier continued to fawn on him.

"Even if our hotel doesn't do it, we won't work with you people." Sunn Xiaohao replied in a domineering manner.

"You ..."

All of the suppliers present choked on his words. After a moment of surprise, one of the suppliers suggested, "We would like to meet the big boss of your hotel and have a talk with him personally."

"You want to see our boss?"

"Right."

"Then let me introduce you." Sunn Xiaohao pointed to Wu Tian beside him and introduced, "This is our boss behind the scenes, Wu Tian."

"He ...?"

A few of the suppliers were stunned, they did not expect the big boss of the hotel to be so young and simple, not even a little bit like the boss.

After a moment of surprise, several suppliers gathered around Wu Tian and tried to curry favor with him, "Boss Wu, I hope that you can give us another chance. We only hope to continue cooperating with you."

"Sorry, I never work with people who don't have good faith, please go back." Wu Tian directly ordered them to leave.

"Boss Wu, we've realized our wrongs, we just hope ..."

"Manager Lu, see our guest out." Wu Tian didn't even give these people a chance to explain as he winked at Lu Kang.

Lu Kang immediately understood what he meant. He waved his hand towards the security guards and instructed, "Come, help me send off these guys who break their promise."

The moment the security guards received the order, they immediately surrounded him. In an instant, the atmosphere in the hall became tense.

"Farewell!"

As matters stood, those suppliers had nothing to say. They left with faces full of dirt and grime, looking extremely miserable.
