C326 Both Women Want His Love

"Eat." Wu Tian interrupted the two girls' hateful gazes as he picked up his chopsticks and wolfed down the food.

"How is it? Is the food I made delicious?" Shen Xue moved her head closer to him, feigning affability as she asked.

"That's right." Wu Tian nodded and praised, "Xue's cooking skills are getting better and better, and the dishes she makes are getting better and better."

"Here, have some more." Hearing this, Shen Xue was so happy that her mouth could not even close. She picked up a piece of Red Braised Meat and handed it over.

"If you eat too much Red Braised Meat, you will have indigestion and eat more vegetables." After Huang Lan said this, she picked up a piece of vegetables and put it in Wu Tian's bowl.

"Thank you, beautiful ladies." Wu Tian was preparing to eat after thanking her.

In the end, he was strongly rebuked by Shen Xue. "Hey, why did you eat her vegetables first?"

"Then I'll eat the Red Braised Meat first." Wu Tian put the vegetables into a bowl and picked up another piece of Red Braised Meat.

He had just raised the Red Braised Meat to his lips when Huang Lan stopped him. "Didn't Sis tell you already? Eating Red Braised Meat is easy to anger and unhealthy to your body."

"Then what should I eat?" Wu Tian was in a dilemma as he was holding onto the Red Braised Meat.

"Vegetable."

"Don't eat her vegetables, eat my braised pork."

In order to let Wu Tian eat her food first, the two women argued incessantly.

"Forget it, I'll eat vegetables and Red Braised Meat together." Wu Tian smiled bitterly and stuffed the vegetables with the Red Braised Meat into his mouth.

Shen Xue snorted and gave Wu Tian some more food.

Huang Lan did not show any weakness as she picked up her chopsticks and gave Wu Tian some food as well.

Soon, Wu Tian's bowl was filled with dishes.

The point was that he had to treat them fairly. He rolled up both dishes and ate them together. After eating a bowl of food, he almost choked to death.

When they finally finished eating, Shen Xue gave Wu Tian an apple.

Before he could eat the apple, Huang Lan poured him a cup of water and handed it over. The two girls started arguing again.

One side argued for him to drink first, and the other argued for him to eat first. Neither side was willing to back down.

In the end, Wu Tian had no choice but to fry a glass of juice with boiling water and apple, leaving the two girls speechless.

He really couldn't handle the two girls' service. He found a random excuse and went into the study room to lock the door.

He used to dream about having two women, but now, he realized that the two women beside him were a life worse than death.

Forget it, he was too lazy to care about those two women. It was better to just hide in the study and read.

He had just picked up the book to read a few pages when he heard a scream from outside.

Could it be ...

Those two women fought?

Wu Tian quickly put down the book in his hands and sprinted out of the study room. He saw Elder Sister Lan holding her stomach and rolling on the sofa in pain.

"Elder Sister Lan, what happened to you?" Wu Tian quickly went up to ask about the situation.

Before Huang Lan could reply, Shen Xue, who was standing to the side, could not resist blurting out, "She was perfectly fine just a moment ago, but suddenly her stomach hurts. She's obviously faking it."

"No, Elder Sister Lan's face was pale and cold sweat broke out on her forehead. It's not an act." When Wu Tian saw this situation, he knew that Elder Sister Lan was really in pain.

"I'm fine. It's just that my period is painful." Huang Lan bit her lips and whispered.

"I'll carry you to your room to rest first." Wu Tian brought Elder Sister Lan into the room and put her on the bed. Then he used a towel to heat her lower abdomen.

Shen Xue looked out from the living room and saw Wu Tian taking good care of that woman. She was jealous.

No matter how upset she felt, she couldn't stop Wu Tian. After all, that woman really had abdominal pain.

She stretched her neck like a giraffe, only wanting to see what the man and woman in the room were doing.

When she saw Wu Tian pressing his palm on Huang Lan's abdomen, she gnashed her teeth in anger and her fists creaked.

She scolded Wu Tian in her heart.

"Xue, do you like Wu Tian?" Noticing this, Su Ruyun could not help but ask.

"I ..."

Shen Xue gritted her teeth. At this point, she could only admit, "That's right. Unknowingly, I have fallen for that man."

If she did not admit it now, it would only be a lie.

"Xue, you're such a good girl, why would you like that scumbag?"

"No one can control love."

"Wu Tian is a true scoundrel. Playboy, be merciful in every way. As long as it's a beautiful woman, he ..."

"I know." Shen Xue bit her lips and cut him off. "He has a lot of shortcomings, but I still can't help but be tempted by him. This is the first time I've fallen in love with a guy."

"I really don't know what to say to you."

"Sister Su, now that I see Wu Tian taking care of another woman so gently, my heart ..." Shen Xue's fist was against her chest, her heart was in pain.

"Then why don't you stop them?"

"Huang Lan's dysmenorrhea is really painful right now. If I go and stop it now, it will only make Wu Tian feel that I'm not sensible and become annoyed with me." Shen Xue said in a low voice.

"Xue, you're too kind."

"I can't just watch them go on like this." Shen Xue clenched her teeth and walked towards Wu Tian's room.

She stood in front of the bed and stared at Huang Lan for a few seconds. Then she said to Wu Tian, "You are very clumsy, stay aside. I'll take care of her."

Wu Tian was stunned. He never expected Xue to say such words.

This girl had always been hostile towards Elder Sister Lan. Why would she take the initiative to take care of Elder Sister Lan?

"Don't just stand there. Give it to me." Shen Xue grabbed the wet towel and gently wiped Huang Lan's lower abdomen.

She wiped her face, then turned around and instructed Wu Tian, "Don't just stand there like an idiot. Hurry up and get a basin of hot water."

"Oh, okay." Only then did Wu Tian come back to his senses. He didn't expect Xue to take the initiative to help him take care of Elder Sister Lan at such a critical moment.

Did she change? Wasn't she the jealous girl from before?

How did this girl suddenly become so sensible?

Wu Tian didn't say anything else and quickly went to the bathroom to get a basin of hot water before returning to his room.

After Shen Xue changed the towel into water, she reapplied it on Huang Lan's abdomen and ordered Wu Tian, "Go and bring two slices of ginger from the kitchen."

"Alright!" Wu Tian nodded and quickly ran to the kitchen to find ginger.

Shen Xue took the ginger and chewed it. After chewing it, she carefully stuck it to Huang Lan's navel.

After working hard for a long time, the pain in Huang Lan's body gradually disappeared. Finally, she fell asleep on the bed.

"Xue, I didn't expect you to be so amazing, helping Elder Sister Lan relieve the pain so quickly." Seeing Elder Sister Lan gradually falling asleep, Wu Tian couldn't help but praise her.

"I also frequently suffer from dysmenorrhea. This is a small prescription taught to me by the old Chinese medical doctor. It has certain effects on relieving pain." After Shen Xue had cleaned up Huang Lan's body, she turned around and instructed Wu Tian, "Alright, let's go out first. Don't disturb her rest."

"Alright." Wu Tian nodded and followed Shen Xue out of the room.

When he walked out of the room, he couldn't help but ask, "Xue, why are you suddenly so nice to Elder Sister Lan?"

## **Hidden Billionaire Chapter 327 - Most Important People**

C327 Most Important People

"For you." Shen Xue said lightly.

\*

Wu Tian was slightly shocked. He could not help but question, "You helped Elder Sister Lan — what does this have to do with me?"

"If I don't take care of that woman, you have to take care of her. I don't want to see you having physical relations with her." Shen Xue spoke out her true thoughts.

In order to prevent Wu Tian from being intimate with Huang Lan, she could only lower her head and humbly take care of Huang Lan.

"No matter what, thank you." Wu Tian pursed his lips and smiled, and said from the bottom of his heart, "You're really a good girl who knows how to behave."

"Then tell me, is Elder Sister Lan good, or am I good?"

"All good."

Shen Xue sniffled angrily and went into her bedroom.

Looking at Shen Xue's back, Wu Tian secretly raised the corner of his mouth into a smile that he hadn't seen for a long time.

If Elder Sister Lan and Xue could continue living in harmony like this, how great would that be?

He stood in the hall and let his thoughts run wild for a while. Then, he turned around and returned to his study. He continued to read and study until it was very late and he finally went back to his room to sleep.

Before he went to sleep, he sneaked a glance at Elder Sister Lan and saw that she was sleeping soundly, which made him feel a lot more at ease.

After a silent night, he woke up early the next morning to train.

While he was training, he saw Huang Lan standing at the door. She was staring at him without blinking, her eyes filled with infatuation.

"Elder Sister Lan, how was your sleep last night? Does your lower abdomen still hurt?" Wu Tian stopped his training and walked over to ask her in concern.

"Much better." Huang Lan pulled the hair at the corners of her ears and said gently, "Thank you for taking care of me last night."

"Thanks to Xue, she took care of you last night."

"Is that so?"

"That's right, Xue is actually quite kind. Seeing you in pain, she didn't feel good either. She used hot water and ginger to help relieve the pain. She was busy for a long time." When Wu Tian said this, he hoped that the two women would live in peace.

"Thank her for me."

"Actually, all of you are very kind. You are merely cold on the outside, but warm on the inside. She is soft on the outside and strong on the inside. Merely, your personalities are different."

"Without you, perhaps she and I would have become friends." After Huang Lan said this, she added, "But without you, it would have been impossible for me to get to know her, and there wouldn't have been any interaction between us."

"I just hope you don't become enemies."

"Hopefully, I'll go wash my face." Huang Lan gave him a gentle smile before turning around and entering the washroom.

Just as Huang Lan left, Shen Xue walked over, twisting her small waist.

Today, she was wearing a knee-length dress that made her look even sexier than usual, and she wore a light makeup on her face. (TL: OMG/OMG/OMG/OMG/OMG/OMG/OMG/OMG/OMG/OMG/OMG/OMG/OMG/OMG/OMG She looked beautiful and delicate.

Wu Tian stared at the girl and praised her from the bottom of his heart, "Xue, you are so beautiful today."

"Shameless, where are you looking!" Shen Xue shyly closed her legs, but her heart felt even sweeter than if she had eaten honey.

"Why are you wearing something so cool today?"

"I'm on vacation today, so I'm going to take you shopping."

"I don't have time to shop today."

"Then what are you going to do? Are you going to accompany Elder Sister Lan today?" Shen Xue's expression turned ugly. She complained in jealousy.

"No!" Wu Tian wiped off the sweat on his forehead and said in a serious tone: "Today, our Seafood TV is going to host a live broadcast ceremony. I'm going to the scene to help out."

"Is that woman going?"

"Which woman?"

"Stop pretending, I'm talking about Huang Lan."

"She's the most important person in our company, of course she needs to go. She also needs to go on stage and perform!"

"Then I'll go as well."

"What are you going to do?"

"I'll help you."

"This ..." Wu Tian started to worry.

If he brought Xue along, it wouldn't be good if she and Elder Sister Lan clashed again and affected the live broadcast ceremony.

"Don't worry, I know my limits. I won't argue with that woman outside." Shen Xue saw the worry in Wu Tian's heart and promised.

"Alright then!" Wu Tian couldn't find any reason to refuse so he nodded: "Then I'll take you with me."

"Alright, I'll make you something delicious when the time comes."

"Alright." After hearing this, Wu Tian's eyes lit up, and he suggested, "How about we bring the delicacies to the live broadcast ceremony? That way, not only will the content of the ceremony be plentiful, the food will also be famous,

and more importantly, it will stimulate the flow of people on the business street."

"That's a good idea."

"Alright, let's prepare a feast at Wan Street tonight, and combine the live broadcast and Food Festival." After a moment of thought, Wu Tian told Shen Xue, "You handle the Food Festival."

"I can't do it alone."

"I'll give you half of the chefs from Fuyuan Restaurant and Huiyue Restaurant to you, and another half of the chefs and attendants from Wanhao Hotel. Is that enough?"

"Enough."

"Then hurry up and prepare. I'll call Jiang Wan and Sunn Xiaohao to cooperate with you. You guys think of a way to complete tonight's Food Festival." With that said, Wu Tian took out his phone and called Jiang Wan and Sunn Xiaohao respectively.

Wu Tian told the two of them to stop all their work and to cooperate fully with Shen Xue's Food Festival.

However, he was still worried and called Loong Yun to ask her to help Shen Xue with some troublesome problems.

The reason why he had used so many people and resources was because he had wanted to use these activities to make Wan Street Business Street famous, so that the entire street area could form a business circle as soon as possible, making a profit.

After arranging everything, Wu Tian instructed Shen Xue: "This time's Food Festival is especially important to the Wan Street, I can give you everything you want, definitely do not screw this up for me."

"Don't worry, I will definitely manage the Food Festival well." Shen Xue promised confidently.

She was not specialized in other things, but food was like a second life to her. She was confident and had the ability to do this kind of food activity well.

She used to be a chef behind the scenes. Now that she had the chance to show off her culinary skills on the business street, she must perform well and let Wu Tian know how good she was.

"Alright, go and prepare it. If you need anything, you can either find Secretary Loong or call me directly." Seeing how confident Xue was, Wu Tian felt a lot more at ease.

"Aren't you coming with me?"

"I have more important things to do. We'll meet at Wan Street later."

"Alright then!" Shen Xue nodded obediently. The moment she turned around, she met Huang Lan who had just walked out of the washroom.

The two girls stared at each other with hostile gazes. Their previous animosity did not disappear just because Shen Xue took care of Elder Sister Lan last night.

"Xue, go busy yourself. Don't miss the proper business. I'll get Uncle Fugui to send you to the Wan Street." Wu Tian was worried that the two girls would start quarreling again, so he hastily went forward to interrupt them.

"No need, I'll take a taxi." Shen Xue rolled her eyes at Huang Lan and walked outside.

\*

Seeing this girl leave the house, Wu Tian secretly let out a breath of relief. He said to Huang Lan, "Elder Sister Lan, prepare yourself for tonight's live broadcast ceremony."

"Nope." Huang Lan shook her long black hair and leaned her body against the wall like a water snake.

"That won't do." Hearing that Elder Sister Lan wasn't going to perform, Wu Tian became anxious, "You are the pillar of Seafood TV, if you don't participate, what's the point of our annual live broadcast ceremony?"

## **Hidden Billionaire Chapter 328 - Nurture Market -**

C328 Nurture Market

"I am only a signing host on your platform, and did not agree to participate in your event." Huang Lan raised her head and made things difficult for him.

"Elder Sister Lan, don't joke with me like that. If you don't attend, the influence of our live broadcast ceremony will be greatly reduced."

"Am I really that important to your platform?"

"Of course."

"It's fine if you want me to join." Huang Lan stretched out her hand and grabbed Wu Tian's collar, leaned her head over and sighed, "Walk with me today, take me to buy clothes."

"Today?"

"Right."

"I'm busy setting up the venue today, can't you change the date?"

"No."

"Fine." Wu Tian nodded. Right now, Sunn Sheng is in charge of the venue with Wan Street, so he doesn't need to worry.

"Let's go!" Huang Lan grabbed Wu Tian's arm and placed it on her waist before they walked outside together.

As soon as they walked out of the house, Huang Lan pushed Wu Tian's arm away, keeping a safe distance between them.

After all, she was now a well-known female singer and was considered a well-known figure in the public eye. Any ambiguous actions she had with a man would definitely affect her image.

When the two of them went downstairs, Wu Tian couldn't help but ask, "Elder Sister Lan, where do you want to go shopping?"

"Anywhere." Huang Lan shrugged her shoulders nonchalantly. As long as she was with Wu Tian, she would feel happy and at ease no matter what she did.

Having known Wu Tian for so long, she had developed a strong dependence on him. Now, she felt that she couldn't leave him.

"How about we go to Wan Street and let you take a look at our newly built business street?"

"Sure."

"Alright, let's go!"

Just like this, the two of them rode to the Wan Street Business Street.

This is a comprehensive commercial street, which combines eating, drinking and living. After the early stage of recruiting, the commercial street has already formed.

The main business street was for mass consumption. Currently, all the residents were local enterprises. Restaurants, hotels, cinemas, bars, ktv, etc.

The business style was basically shaped, but the flow of traffic was limited. It was just that the people from the nearby district came here to consume, so the business district did not have much influence or attraction.

From the current situation, the commercial street is not mature and needs to be continuously nurtured.

"That's right." After strolling around for a bit, Huang Lan couldn't help but praise, "The atmosphere is pretty good with the speciality dining and public consumption. I like this kind of street."

"As long as Elder Sister Lan likes it." Hearing Elder Sister Lan's praise towards Wan Street, Wu Tian was secretly proud in his heart.

It looked like the location of the Wan Street wasn't wrong, as it was created by combining features with the general public. This way, it could attract the most attention from all the onlookers.

"The business street is very human-like, with all kinds of perfect matching." Huang Lan commented for a while and gave Wu Tian a thumbs up: "Good boy, you really have a business mind."

"Elder Sister Lan, you're praising me too much." Wu Tian scratched his head awkwardly and asked with a smile, "Elder Sister Lan, what do you want to eat? I'll treat you."

"Let's go to that restaurant!" Huang Lan scanned the street before her gaze finally landed on the Chinese restaurant across the street.

"Let's go, I'll treat you." After Wu Tian said this, he brought Elder Sister Lan and walked towards the Chinese restaurant on the other side.

There weren't many people in the restaurant, so the waiter was quite friendly. He walked over with a smile and asked, "Welcome, what would you like to eat?"

"Bring out all the signature dishes in your restaurant." Wu Tian instructed the waiter.

"Our restaurant's signature dish has over a dozen dishes."

"All of them."

The waiter was so surprised that his mouth was wide open. "The two of you can eat that many dishes?"

"If we can't finish, we'll pack."

"Alright!" The waiter smiled elegantly and went to the kitchen to busy himself.

There weren't many customers and the speed of serving the dishes was fast. In less than ten minutes, the waiters had already started serving the dishes.

This was Wu Tian's first time coming to the commercial street to spend money, so he picked up his chopsticks and enjoyed the delicacies in anticipation.

When he was done eating, his face was full of surprise and joy. He couldn't help but say to Huang Lan, "Elder Sister Lan, the taste is really good."

"It's really not bad." Huang Lan nodded in agreement and sighed with emotion, "I didn't expect such a restaurant would have such a delicious Chinese cuisine."

"These dishes taste very delicate."

"Compared to the food that Shen Xue cooks, which one is better?" Huang Lan couldn't help but direct the topic to Shen Xue.

"Xue's cooking is even better." Wu Tian answered without thinking.

In his mind, no one could compare to Shen Xue's culinary skills. She was truly one of the top chefs.

"Is Shen Xue really that good?" Huang Lan put down her chopsticks and asked sourly.

"I said she cooked well."

"Then how is she?"

"Sure."

"Who's better between her and me?"

"Good for all of you. Each of you has your own special talents."

"If you choose a wife between her and me, who would you choose?" Huang Lan stared into Wu Tian's eyes and couldn't wait to know the answer.

"It's hard for me to make a choice between you." Wu Tian thought for a moment and answered, "If possible, I want to marry you both home."

Huang Lan spat hard and said scornfully, "You're so greedy. You even want two wives!"

Wu Tian laughed dryly and said embarrassedly, "I was just casually saying that."

"As expected, men don't have any good things. They're all playboys."

"Let's not discuss this. Let's eat."

The two left the restaurant after dinner. Then, Wu Tian took Elder Sister Lan to buy clothes.

It took them a long time to find a relatively high-end clothing store.

When they entered the store, the salesperson was very cordial and polite, always smiling as she recommended new styles of clothing to the two of them.

Wu Tian was very satisfied with this kind of service. He took the clothes recommended by the sales representative and passed it to Huang Lan. "Try out this set of clothes. It's very fitting for your temperament."

"Brat, you have good taste. Let me try on this set of clothes." Huang Lan took the clothes and walked towards the fitting room.

She had just opened the door to the changing room when she heard a woman's flirtatious voice call out from behind her. "Huang Lan ..."

After the shout, a woman in her twenties with thick makeup walked over, followed by an old man in his forties.

"Su Rong?" Seeing the woman with the thick makeup, Huang Lan's face darkened slightly before quickly regaining her composure.

"Huang Lan, let me introduce you." Su Rong walked into the clothing store, pointed at the old man behind her and introduced him, "This is my husband, Huang Anping Ping. He has the same surname as you."

"Hello." Huang Lan greeted the old man politely, her expression neither cold nor hot.

On the other hand, that old man called Huang Anping drooled when he saw Huang Lan, as if he was a greedy cat that had caught sight of a fish.

"Huang Lan, you're here choosing your clothes as well? Right, is this kid with you?" Only then did Su Rong notice Wu Tian, who was standing beside her, and couldn't help but ask.

"Let me introduce you." Huang Lan pointed at Wu Tian and introduced him, "He is my friend, Wu Tian."

"A friend?"

"Right."

## **Hidden Billionaire Chapter 329 - Packaging All -**

C329 Packaging All

"Huang Lan, as far as I know, you've never brought anyone from the opposite sex out for shopping before." Su Rong crossed her arms as she looked at Wu Tian with a scrutinizing gaze.

After looking at it for a long time, she suddenly understood. "I understand, this is the pretty boy that you are keeping, right?"

"Cough, cough ..."

Huang Lan coughed a few times, almost choking to death on her saliva.

Without waiting for her to explain, Su Rong couldn't help but criticize, "Huang Lan, it's not that I'm talking about you, but with your identity, you can't raise such a disgraceful man, right?"

"You misunderstand, he is just an ordinary friend of mine, not what you think." Huang Lan quickly explained, her expression extremely unsightly.

"Raising a pretty boy's face is not a shameful matter, what's there to be afraid of?" Su Rong identified Wu Tian as Huang Lan's pretty boy.

After she finished speaking, she couldn't help but look down on Wu Tian and said, "Men like you are the ones who are looked down upon the most. It's disgusting to live by selling one's body and youth."

"You can insult me, but please don't insult Elder Sister Lan." Wu Tian's expression turned cold as he squinted his eyes and warned in a cold voice.

"For a tramp like you, talking to you is something that I think highly of. Only Huang Lan would like someone like you." Su Rong crossed her arms and raised her head arrogantly.

"If you say one more word, I'll be rude to you." Wu Tian took a step closer and was ready to teach this woman a lesson at any time.

He didn't like to lay his hands on women, but this woman was way too despicable. He couldn't help but want to teach her a lesson.

"You should all speak less." Seeing that Su Rong and Wu Tian were about to fight, Huang Lan quickly stepped forward to rescue them. In the event that someone takes a photo of us, it will not be good for us either. "

Hearing that, Wu Tian could only take two steps back.

Elder Sister Lan was right, they couldn't make a move on the Wan Street during a gathering like this, as it definitely wouldn't affect tonight's live broadcast ceremony and Food Festival.

Not to mention that Elder Sister Lan was a public figure. If they fought, it would definitely affect her image and bring about negative effects.

"Little tramp, you still want to hit me?" Su Rong refused to give up.

"No, I don't want to hit you." Wu Tian shook his head and grinned: "Hitting you will only dirty my hands."

"You ..."

The corner of Su Rong's mouth twitched a few times. She didn't expect this brat in front of her to have such a crafty mouth. She was so angry that she couldn't say anything for a long time.

At this time, Huang Anping took a step forward and comforted Su Rong, "Wife, we are also people with good reputations. Don't lower yourself to the same level as little beggars."

"Hubby, this brat bullied me. You have to help me teach him a lesson." Su Rong twisted her waist and said coquettishly to her husband.

"Alright, I'll help you teach this kid a lesson." Huang Anping pushed Su Rong behind him and walked in front of Wu Tian. "Kid, these days, arguing is not really a skill. Money and status can only show a man's true strength."

"So you're rich?" Wu Tian asked lightly.

"Of course." Huang Anping pointed at a piece of clothing on the shelf, "Brat, do you know how much this clothes is worth?"

"I don't know."

"This is real Armani. It's more than ten thousand dollars." After saying this, Huang Anping took out his bank card and told the waiter, "Wrap this coat up for my wife."

"Yes sir!"

The clerk smiled as she received the bank card. After swiping the card, she neatly wrapped up the clothes and put them into a bag.

Her movements were skilled and serious. The whole process took less than two minutes.

Huang Anping took the clothes and passed it to Su Rong. He raised his head and boasted, "A man, if he can buy clothes for the woman beside him, that's true skill."

"Is that so?"

Wu Tian smiled contemptuously, grabbed a piece of clothing from the container and handed it to the waiter.

The attendant was delighted as he smiled and asked, "Sir, do you want to buy this set of clothes for your female companion?"

"No." Wu Tian shook his head and denied it.

"Hahaha ..." Hearing this, Su Rong and Huang Anping raised their heads and laughed loudly, as if they had seen a great joke.

After laughing for a long time, Su Rong couldn't help but say with disdain, "Brat, this set of clothes costs more than twenty thousand yuan. I knew you couldn't afford it."

"It's fine if you can't afford it, but you brat, you're still trying to act cool. You're really embarrassing yourself." Huang Anping mocked.

The couple laughed at Wu Tian without restraint and scolded him.

"Sir, what do you mean by that?" The sales clerk took out the suit that Wu Tian handed to her and frowned, thinking that Wu Tian was just messing with her.

"Except for the clothes in your hands, the rest of the clothes are all wrapped up." Wu Tian said to the salesperson in a serious tone that he had never used before.

"Huh?"

The salesman was surprised for a moment. He thought that she had misheard.

Su Rong and Huang Anping, on the other hand, laughed even louder. Both of them thought that Wu Tian was joking with them.

There were about a hundred sets of clothes in the clothing store, and the total price was over a few million. How could this little rascal in front of him be able to afford it?

However, Huang Lan did not laugh. Only she knew that Wu Tian was serious this time and really wanted to buy the clothes.

The entire commercial street belongs to Wu Tian, not to mention a mere clothing store. To Wu Tian, it's but a drop in the bucket.

"I'll say it again. Except for the clothes in your hands, the rest of the clothes are all wrapped up. I'll buy them all." Wu Tian repeated what he said just now.

The salesperson came back to his senses and reminded him with a weird expression, "Sir, these clothes are worth 5 million."

"Don't worry, you won't miss a single cent." Wu Tian took out a bank card from his pocket and handed it to the salesperson, "The password is the last six digits of the card number, directly swipe the card."

"This ..."

The salesman hesitated for a few seconds. She couldn't believe the boy had that much money, but she finally accepted the bank card.

Apart from being surprised and surprised, the salesperson didn't look down on Wu Tian at all.

Despite her doubts, she did not mock Wu Tian. This kind of character was something that many salespeople did not have.

"Kid, are you crazy with poverty? You, you still want to buy the entire store's clothes?" Su Rong couldn't help but mock him again.

From her point of view, this brat was just a boastful person. He held a broken bank card and deliberately ran over to put on an act.

"Good kid, now that you're bragging, I want to see how you're going to deal with this later." Huang Anping agreed, then turned to the sales clerk and said, "Go and swipe your card. I want to see how this brat disgraces himself."

"Alright!"

The salesperson held the bank card and walked to the counter. She picked up the POS machine with mixed emotions and entered the 5 million quota before entering the password to the bank card.

When she saw the note that was printed out, she was completely dumbfounded. She didn't think that the card would really have 5 million.

One shouldn't judge a book by its cover. She really didn't expect that this poor looking dumb kid in front of her was actually a super rich person.

Seeing the sales clerk staring blankly at nothing, Su Rong couldn't help but ask, "Sales Representative, is it that kid doesn't have money on his card?"

"There's money in the bank card." The sales clerk tore the note off the POS machine and said seriously, "I successfully swiped 5 million out of the card just now."

## **Hidden Billionaire Chapter 330 - Retarded Wife -**

C330 Retarded Wife

"What?" Hearing that, Su Rong was so shocked that her eyeballs nearly popped out.

She didn't expect the tasteless and poor brat in front of her to casually swipe a card for several million.

She couldn't understand how this kid could be so rich.

Previously, she had mocked that this brat was a poor bloke who had humiliated him, but now, she could only watch helplessly as he spent several million. At this moment, she felt very surprised and embarrassed.

Huang Anping was also surprised. He did not expect Wu Tian to be a wealthy man who hid his true abilities.

He had bought a set of clothes to show off in front of Wu Tian, but in the blink of an eye, Wu Tian had bought the entire clothing store.

This kind of ending caught him off guard. At this moment, he only felt that his face was disgraced and he was ashamed to the point of not being able to show his face.

"You two, do you know why I don't want this set of clothes?" Wu Tian pointed at the set of clothes he didn't want on the clothes rack and asked the couple with a smile.

"I what?" Su Rong and Huang Anping asked in unison, both of them very curious.

"Because you've touched this set of clothes before, I hate it." Wu Tian pointed at the suit and shouted.

On the surface, he seemed to despise the clothes, but in reality, he felt that the couple was dirty.

The couple were both intelligent people, so they naturally understood this kind of blatant humiliation. The two of them were so angry that their bodies trembled, and their fists were clenched so tightly that creaking sounds could be heard.

After gnashing her teeth for a long time, Su Rong finally couldn't take it anymore and exploded, "Don't you only have a few smelly coins? Compared to my husband, you're way worse, he has everything."

"There's a luxury car?"

"Yes."

"A big villa?"

"Yes."

"Does he have a retarded wife?"

"Of course." Before Su Rong could hear the question clearly, she had already given him an answer that she was extremely proud of.

Only after answering did she react and angrily scolded: "Kid, you are purposely playing with me."

"You really are retarded." Wu Tian shook his head with a bitter smile and said sympathetically, "You are already very ugly, I didn't expect you to be so retarded."

"You ..."

Su Rong nearly died from anger.

She had never been humiliated like this before. Her fists were tightly clenched, and she had the urge to kill someone.

She gnashed her teeth for a long time before she turned to Huang Anping and said, "Hubby, buy this clothing store and let this brat know our strength."

"Sure, I'll buy it." In order to curry favor with his wife, as well as for the dignity and face of a man, Huang Anping immediately decided to buy this clothing store.

Since this brat bought all the clothes in the clothing store, he would directly buy the clothing store to prove his strength.

"Wait!"

Huang Lan, who had been silent all this time, finally opened her mouth and tried to persuade Su Rong, "I think it's better if you don't think about it. You won't be able to buy this clothing store at all."

"We have plenty of money, so why can't we buy it?" Su Rong raised her head and questioned her proudly.

"From what I know of Wu Tian, he won't buy the clothing store for you."

"What a joke, we're going to buy a clothing store. Is there really a need for that kid to agree?"

"Of course." Huang Lan nodded her head vigorously, pointed at Wu Tian and said: "Because Wu Tian is the developer of Wan Street, and the entire business street is his property."

"What?" Hearing that, Su Rong was so shocked that her face was about to change.

She would never have thought that the guy in front of her was not only rich, but was also the boss of this commercial street.

For him to be able to buy a place to do business here, that was not only because he had money and power, but also because he had great power and influence behind him.

Oh my god, it seems like she met a fierce character today. This brat is definitely a powerful big shot.

She just couldn't understand. This kid was obviously very strong, why was he still wearing clothes worth several tens of yuan?

Hearing this news, Huang Anping was so shocked that his jaw nearly dropped out of his mouth.

He thought Wu Tian only had a bit of money, he didn't think that there would be such a business street.

This business street alone had more assets than his company.

From the looks of it, he had indeed met a powerful figure today that he could not afford to offend and had almost committed a grave mistake.

He knew that he wasn't a match for Su Rong in terms of strength and influence, so he quickly pulled Su Rong's arm, "Wife, we shouldn't stay here, let's go quickly."

"Right, let's run." Su Rong glanced at Wu Tian with a face full of fear, then quickly escaped with her husband.

The couple were like two defeated deserters as they fled in fright. They were in a rather sorry state.

Seeing the couple running away in panic, Wu Tian couldn't help but laugh secretly: "These two stinky bugs are really timid."

"You scared them too much." Huang Lan shook her head with a wry smile and couldn't help but tease him.

"I'm not a monster, how can I be so scary!"

"Perhaps in their eyes, you are a monster."

"Sometimes, monsters aren't scary. What's scary is a wolf in human skin. It's useless and hypocritical." Wu Tian sighed with emotion and couldn't help but ask: "Oh yeah, was that woman your friend?"

"Su Rong belongs to the media company, she's a friend of my old boss."

"This kind of woman has an improper character. Stay away from her in the future."

"I know." Huang Lan rubbed her arm and said expressionlessly, "I've never liked being with this kind of woman."

"I'll help you deal with this kind of woman when you meet her again in the future."

"Alright, I still have a lot of women like that around me. You can deal with them when the time comes." Huang Lan teased him half-jokingly.

"No problem." Wu Tian nodded and ordered the salesperson who was still in a daze: "What are you guys blanking out for? Hurry up and help me pack up these clothes and send them to my house."

"Yes, yes, yes." The salesperson came back to his senses, nodded in agreement, and then began to busy himself.

"Hey!"

Huang Lan pulled Wu Tian's arm and whispered, "Who are you buying so many clothes for?"

"For you and Xue and Secretary Loong and Police Officer Su."

"Forget it, you should just give it to them!" At the mention of those women, Huang Lan felt inexplicably angry in her heart.

Originally, she wanted Wu Tian to accompany her out to buy clothes, but she never expected that this guy would buy clothes for every woman.

"Elder Sister Lan, don't be angry. I'll take you to visit somewhere else." Seeing Elder Sister Lan angry, Wu Tian quickly tried to curry favor with her with a smile.

"I don't want to go shopping." Huang Lan pouted. Although she said there was nothing for her to walk around, her footsteps betrayed her as she obediently followed Wu Tian out of the clothing store.

Just as they walked out of the clothing store, the salesperson inside rushed out, "Boss, how are you going to deal with your clothes?"

"Bring the clothes to my house, room 1101 of Haitian Gardens." Wu Tian turned around and said to the sales representative.

"Aren't you afraid that I'll sneak away with your clothes?"

"I'm sure you wouldn't." After saying that, Wu Tian changed his tone, "If you really dare to do that, even if it's at the ends of the earth, I'll still drag you out."
