C346 Misunderstanding

"Did I ever stay in your bed?" Wu Tian patted his head. He had no impression of what happened last night.

Last night, he drank a lot with Sunn Sheng and Jiang Wan and chatted a lot. Afterwards, he fell asleep on the sofa.

As for what happened after that, he had no memory of it.

"Yes!" Loong Yun nodded as her tone turned colder and colder. "Young Master slept too deeply last night. No matter how hard I tried, I couldn't wake you up."

"Did I do anything to you last night?"

"Nope."

"That's good." Wu Tian got off the bed and glanced at Loong Yun's puffy eyes. "You were with me last night, didn't you sleep?"

"My bed is occupied by young master, how can I sleep?"

"Then you didn't go to my room?"

"Nope." Loong Yun gritted her teeth in embarrassment as she explained, "I'm worried that other people's misunderstandings will affect Young Master, so I decided to just stay here and watch."

"That's right." Wu Tian nodded in satisfaction. He remembered that Sunn Sheng was still drinking with Jiang Wan and quickly asked, "Are those two still in the living room?"

"Azure Dragon and Uncle Fugui sent them to the hotel."

"Alright, then rest early. I'll go back to my room and sleep." After saying that, Wu Tian turned around and walked outside.

Just as he walked out of his room, he met Su Ruyun who was about to return to her room after using the washroom. He exclaimed, "Why are you in Loong Yun's room in the middle of the night?"

"I have something to talk to Secretary Loong about." Wu Tian stammered as he explained.

"Why are you looking for her in the middle of the night?"

"This is a matter between master and servant, I don't need to explain it to you."

"You sneaked into the secretary's room in the middle of the night. You must have done something shameful. Despicable. You didn't even let the secretary go." Su Ruyun disdainfully said as she turned around to return to her room to sleep.

"F * ck!"

Wu Tian cursed and went back to his room.

He could not explain this matter clearly, so he simply could not be bothered to waste his saliva. After he returned to his room, he immediately fell asleep.

The next morning he was fast asleep when he was awakened by a rapid knock on the door. When he opened it, he saw Shen Xue standing outside with a face full of anger.

"Xue, what can I do for you?" Wu Tian stretched his back and asked weakly.

It had been a long time since he'd had so much to drink. He felt weak all over, and his head was still spinning.

Shen Xue entered the room and locked the door behind her. With wide-open eyes, she angrily asked, "I heard that you went to Secretary Loong's room in the middle of the night?"

"You must have heard it from Su Ruyun." He did not need to think to know that it was Su Ruyun who had told her.

"Cut the crap." Shen Xue took a step closer and scolded angrily, "You are so shameless. You won't even let your secretary off."

"Don't misunderstand, first listen to my explanation."

"What else do you have to explain?"

"I was drunk last night ..."

"And then you slept with the secretary?"

"Don't be in such a hurry, listen to what I have to say first." Wu Tian comforted her before continuing to explain, "I got drunk and went to the wrong room, then slept in Secretary Loong's house for a few hours. I didn't do anything with her."

"Didn't that happen to you?"

"I was so drunk last night that I couldn't possibly do that kind of thing. Besides, with Secretary Loong's personality, if I slept with her, wouldn't she castrate me?" Wu Tian scratched his head awkwardly.

"I guess you wouldn't dare!"

Hearing this, Shen Xue felt that it made a lot of sense.

However, she was still worried and continued to ask, "You sleep in Loong Yun's room, where does she sleep?"

"She didn't sleep. She sat beside me and took care of me."

"Really?"

"If you don't believe me, you can ask her."

"Forget it." Shen Xue had no choice but to give up.

This explanation was reasonable, and she didn't have the right to question Secretary Loong.

She took a glance at Wu Tian, who reeked of alcohol, and instructed him, "Don't drink too much in the future, otherwise you'll lose your health."

"I was too happy last night. I accidentally drank too much." Wu Tian scratched his head awkwardly.

"Alright, hurry up and go wash up. We'll eat later." With that, Shen Xue turned around and left the room.

Shen Xue had just left, but did not expect Huang Lan to barge in. She asked him like a police officer, "Why is Shen Xue in your room so early in the morning?"

She had just finished washing up when she saw Shen Xue sneaking out of Wu Tian's room. She ran over to ask about the situation.

"Xue called me to eat." Wu Tian replied casually. He was flattered by the two women's concern.

"Is it really just to ask you to eat?" Huang Lan looked suspiciously at the bed as she asked this question.

"Of course it's just to wake me up. Do you think she came to bed with me so early in the morning?"

"That's your problem, it has nothing to do with me." After confirming that the two of them hadn't done anything out of line, Huang Lan finally calmed down and left the room.

"Huang Lan ..."

Wu Tian still wanted to say something, but when he saw that the woman had already left, all he could see was her cold and arrogant back.

"This bitch." Wu Tian cursed in his heart as he stretched his body and went into the bathroom.

After washing up, he saw a few girls sitting around the dining table waiting for him to eat. The way they looked at him was obviously a little strange.

"Good morning, everyone." Wu Tian greeted with a smile, walked to an empty seat and sat down, "Have breakfast!"

Without a word, they began to eat their breakfast.

After breakfast, Huang Lan suggested, "I'm going to the seafood company in a while, why don't you drop me off?"

"And me." Just as Elder Sister Lan finished speaking, Shen Xue followed and jeered, "I want to go to the Fuyuan Restaurant to work, send me there first."

"Send me off first, I have urgent matters to attend to." Huang Lan rolled her eyes at Shen Xue as she said to Wu Tian in a domineering manner.

This kind of tone made Shen Xue very unhappy. She purposefully argued, "I can't be late when I go to the restaurant. Please send me off first."

Just like that, the two women began arguing at the dining table. No one dared to admit defeat.

"Stop arguing." Wu Tian interrupted the two girls and said expressionlessly, "Both of you have a car, drive it yourself. I'll send Xiaofeng to school later."

Hearing this, the two girls quieted down and no longer argued.

In their eyes, Xiaofeng was a simple and cute child. No one would compete with a child for love.

"Little Brother Tian, you're great." Xiaofeng grabbed Wu Tian's arm and rubbed her head against his body a few times.

"Let's go, I'll send you to school." Wu Tian rubbed Xiaofeng's head, then pulled her arm and walked outside.

Xiaofeng had already reached adulthood at the age of seventeen. Perhaps due to her previous illness, she had matured much later than most girls.

She looked like a thirteen-year-old girl, petite, delicate, and pitiful.

First, he sent Xiaofeng to school, then Wu Tian went to his school.

Seeing Teacher Mu Ran, Wu Tian immediately felt guilty. Fortunately, Teacher Mu didn't mention anything about his truancy.

After a few morning classes were over, Teacher Mu brought him to her office.

"Teacher Mu, what can I do for you?" Wu Tian asked fearfully, thinking that Teacher Mu wanted to criticize him for skipping class.

He had already thought of a reason in his mind and would think of a way to get away with it later.

Hidden Billionaire Chapter 347 - Administration -

C347 Administration

"It's Section Chief Han looking for you." Mu Ran replied and continued to walk towards the office building.

Today, she was wearing a professional suit, and her figure was wrapped in a very well-proportioned package. Her two long, fair legs were faintly discernible under her skirt.

"Why is Section Chief Han looking for me?" Wu Tian asked as he couldn't help but peek at Teacher Mu's legs.

"Don't be nervous, he might be looking for you regarding the Martial Arts Club."

"Martial Arts Club?" Wu Tian's brows slightly tightened, what happened to the Martial Arts Club, it actually alarmed the office of academic affairs Elder?

Mu Ran didn't explain in detail. Perhaps she didn't know the specific situation.

Under Teacher Mu's lead, the two of them arrived at the office of academic affairs office.

Mu Ran straightened her dress and knocked on the office door. They waited for a few seconds before hearing the voice, "The door isn't locked. Come in!"

Hearing this voice, the two of them pushed open the door and walked in.

Han Dashan was busying himself at his desk. He raised his head to look at Mu Ran and said with a smile, "Teacher Mu, you're here. Please take a seat."

"Section Chief Han, this is our classmate, Wu Tian. I've brought him here." Mu Ran did not take her seat, but pointed at Wu Tian behind her and introduced her to him.

"You're Wu Tian?" When Han Dashan's gaze fell on Wu Tian, the smile on his face immediately disappeared.

"Yes, I am." Wu Tian nodded and faced the office of academic affairs Master without the slightest bit of fear, "Section Chief Han, I heard that you have something to talk to me about?"

"Yes, it's about our school's Martial Arts Club." Han Dashan leaned his body against the chair, and asked while holding his stance: "I heard that you're the president of Martial Arts Club?"

"Yes, I am."

"Alright, you can resign as president now. I'll find someone to replace you."

"Why?" Wu Tian's brows tightened, he did not expect that Section Chief Han called him over so that he could dismiss him from his position as President of Martial Arts Club.

"If I ask you to resign, you can resign. Don't speak any more nonsense." Han Dashan slammed the table and yelled impatiently.

"According to our school's rules, the president of Martial Arts Club is elected by his members. The president of office of academic affairs has no right to interfere, nor is he qualified to remove him." Wu Tian's tone was a lot stronger than before.

Industry University Martial Arts Club used to be a desolate place, and wasn't taken seriously by everyone.

It was because Wu Tian had invested a huge amount of money to improve the hardware and at the same time spent a huge amount of energy to manage the society, that Martial Arts Club had gained its current strength.

In the past, when his Martial Arts Club was half dead, he would never ask about it.

But now, seeing how the Martial Arts Club was in such a flurry of activity, the office of academic affairs actually interfered and tried to snatch the Martial Arts Club from his hands, it was impossible.

"That's right, Section Chief Han. Wu Tian didn't make any mistakes. Why should we make him resign as president?" Mu Ran couldn't help but ask. Naturally, she was on the same side as Wu Tian.

"Yes." Han Dashan cleared his throat, and explained: "In a few days, there will be ten school competitions, and our Martial Arts Club will represent the school in this competition. Right now, I need a capable leader to be the president,

leading the Martial Arts Club to participate in this competition to bring honor to the school."

"On what basis do you say that my students are incapable?" Mu Ran wouldn't tolerate her student being bullied, so she questioned him coldly.

Wu Tian was the student she was most proud of, so she naturally would think of a way to protect him. She could not allow office of academic affairs to bully him.

Han Dashan immediately changed his expression and slapped the table hard. "Teacher Mu, please take note of the tone when you speak to me."

"I just don't think it's fair to my students." Mu Ran still did not show any sign of weakness. Even in front of the office of academic affairs Chief, she did not cower.

"Nothing is fair. This matter is decided. If Wu Tian doesn't resign, then I will directly dismiss him. I have the right to do so."

"You're relying on your power to bully others."

"Mu Ran, do you not want this prize money?" Han Dashan was already infuriated, so he used this matter to threaten Mu Ran.

Mu Ran steeled her heart and did not show any weakness as she retorted, "Even if I don't want the prize money, I still want to protect Wu Tian ..."

At the critical moment, Wu Tian interrupted Teacher Mu with a dry cough.

He didn't expect that Teacher Mu, in order to protect him, would actually go against the Chief of office of academic affairs and directly challenge Han Dashan.

Honestly speaking, his heart was especially moved when he saw how kind Teacher Mu was to him.

But he did not want Teacher Mu to anger office of academic affairs because of him, nor did he want Teacher Mu to be punished because of him. He hurriedly opened his mouth and said: "I am willing to resign as President of Martial Arts Club."

"Are you really willing?" Hearing this, Han Dashan's face gradually turned better.

"Yes, I do." Wu Tian nodded.

Actually, he wasn't really interested in the position of President of Martial Arts Club in the first place. If it wasn't for Gu Xiaoman, he wouldn't have been this president in the first place.

"Alright." Han Dashan nodded with satisfaction and stood up from the chair, "I have already found a suitable candidate for the Martial Arts Club President. You go to the Martial Arts Club first, I'll bring the new President over later."

"Ok!" Wu Tian nodded, turned around and left the office.

Mu Ran rolled her eyes at Han Dashan, and chased after Wu Tian, "Tian, you worked hard at managing your Martial Arts Club for so long, why are you so willing to give up to someone else?"

"It's no big deal for a mere president." Wu Tian shrugged indifferently and said with a smile, "Plus, I don't want to implicate Teacher Mu because of this."

"This Section Chief Han is really going too far."

"Forget it, let's go. Teacher Mu, I'll take you to see the Martial Arts Club."

"Alright!" Mu Ran pulled up her hair and followed Wu Tian in the direction of the martial arts school.

Now, as the tenth tournament drew closer and closer, the members were all training hard to get good grades and bring glory to the school.

The members of the club gathered students from various departments. Some of the students knew Teacher Mu, so they took the initiative to greet her.

"Teacher Mu, Proprieter Wu." Gu Xiaoman, who was helping with the training, hurried over to greet them.

Teacher Mu had taught in her class before, so she knew Teacher Mu from before.

"Gu Xiaoman is our vice president." Wu Tian quickly pointed at Gu Xiaoman as he introduced her.

"I know." Mu Ran nodded and said with a smile, "I'm here to take a look. Please show me around."

"Alright, let's go. The training room is up ahead." Wu Tian made a gesture of "please", then brought Teacher Mu to walk around the martial arts school.

After walking around for a bit, Mu Ran seemed exceptionally excited. "I really didn't expect the development of the dojo to be so good. I've been here before. Before, there weren't any training equipment, nor was there a lounge or activity room."

"Proprietor Wu paid for these." Gu Xiaoman was especially proud to see Teacher Mu so pleased.

"Tian, you spent a lot of money on Martial Arts Club, right?"

"Not much."

"There's a lot of members of Martial Arts Club now as well. They're all elites, not bad." Mu Ran nodded in satisfaction.

She never thought that the Martial Arts Club would become so strong. No wonder the office of academic affairs had to retract its authority.

"The current Martial Arts Club is very united, they have a kind of cohesiveness, and this power has already become the mental foodstuffs of the society." Wu Tian threw his hands behind him and looked up at the three words Martial Arts School.

He hadn't been here for long. Unknowingly, he had developed feelings for this place.

Hidden Billionaire Chapter 348 - Removal -

C348 Removal

Just as the three of them were standing at the martial arts building and chatting, they saw Dean C, Han Dashan, and a few other students walk over.

After seeing Section Chief Han, the members were all surprised. They never thought that office of academic affairs would come to the martial arts school.

In the past, office of academic affairs would never interfere with the matters of Martial Arts Club, and they would just ignore them. Why is the office of academic affairs Master here now?

Gu Xiaoman frowned. She couldn't help but ask, "What is Section Chief Han doing here?"

"He came to dismiss me, the president, and to appoint a new president." Wu Tian answered without any expression.

"Dismissing you?"

"Right."

"Why did he dismiss you?"

"Because he is the Chief of office of academic affairs, he has the right to do so." Wu Tian said this and followed Teacher Mu towards Han Dashan.

Han Dashan shook his sleeves, and pointed at the short student beside him as he introduced him, "Lee Huai, a freshman will be taking over the position of Martial Arts Club's new president."

"Section Chief Han, you're letting a freshman be the president?" Mu Ran frowned.

She didn't expect Section Chief Han to promote a newbie to be the president after he removed Wu Tian. This was too much bullshit.

She didn't understand. How could such a freshman compare to Wu Tian?

When she heard the address, she understood that this new student was Han Dashan's distant cousin, so these two were related.

To put it bluntly, Han Dashan had only arranged his relatives to be the president because he saw that Martial Arts Club had developed so well.

"Even though Lee Huai is a freshman, his ability is very strong." After Han Dashan said this, he turned around and instructed Lee Huai, "Show everyone your skills."

"Alright!" Lee Huai took a step forward and launched into a set of body boxing moves.

This kind of fist technique was nothing more than a flair. To put it bluntly, it was a flowery martial art, but in reality, it couldn't even withstand a single blow.

After clapping, Han Dashan couldn't help but ask Wu Tian, "Wu, what do you think about this set of fist techniques?"

"Not good." Wu Tian gave these four words of evaluation.

"Have a spar with Lee Huai." Han Dashan rolled his eyes a few times and suggested.

He knew Lee Huai's strength. He had trained at a professional martial arts school before, so he was more than enough to deal with Wu Tian.

He took the opportunity to teach Wu Tian a lesson, and also made a name for himself in the martial arts building to show off to the members.

"Alright!"

Lee Huai arrogantly raised his head and challenged Wu Tian: "Do you dare to spar with me?"

"Why wouldn't I dare?" Wu Tian did not back down in the slightest. Facing such a small fry, he did not even bat an eyelid.

"Then I'll let you experience my strength." After Lee Huai said this, he threw a punch towards Wu Tian.

Wu Tian did not dodge the incoming fist. When Lee Huai's fist came closer, Wu Tian stretched out his hand and grabbed the opponent's fist. He then twisted it forcefully.

Lee Huai's arm was directly broken, then he opened his mouth and let out a shrill scream.

In a split-second, Han Dashan's face turned extremely ugly. He never thought that Wu Tian would be able to subdue Lee Huai in one move.

Wu Tian let go of Lee Huai's arm and asked with a smile, "It seems like you are in pain, do you still want to fight?"

"Fight." Lee Huai gritted his teeth and endured the pain on his arm as he punched towards Wu Tian again.

Unfortunately, this time, before he could get close, Wu Tian raised his leg and kicked him hard, causing Lee Huai to fall on his back and scream incessantly.

Following that, waves of snickers came from the scene. Everyone couldn't help but laugh at Lee Huai and point at him.

Seeing this scene, Han Dashan could not help but feel embarrassed. He did not expect Lee Huai to be so weak. It was simply embarrassing.

He even recommended Lee Huai to be the president of Martial Arts Club in public and said that Lee Huai's strength was amazing, but he never expected that he would disgrace himself so quickly.

At the same time, he underestimated Wu Tian. He didn't expect the guy in front of him to be so powerful that it shocked him.

"Section Chief Han, the new president you chose is really amazing. He even has such a personality when it comes to wrestling." Wu Tian dusted his hands and could not help but mock Han Dashan.

"You ..."

Han Dashan gritted his teeth in anger and couldn't say a word for a long time.

At this moment, Mu Ran, who was standing to the side, couldn't help but interrupt, "Section Chief Han, I think it's a bit inappropriate for you to elect Lee Huai as the new president. After all, he's a freshman ..."

"As for this matter, I have decided to let Lee Huai be the new president. Although his skills are not good, his management ability is very strong." Han Dashan was very aggressive and did not give any room for negotiation.

"But ..."

Mu Ran wanted to retort, but was interrupted by Wu Tian before she could finish, "Since Chief Han has already decided, then we should respect his opinion."

Wu Tian did not want Teacher Mu to argue with Han Dashan over this small role of president, lest it cause unnecessary trouble and trouble for Teacher Mu.

"Kid, at least you have a bit of insight." Han Dashan nodded with satisfaction and ordered Wu Tian, "Gather all the members, I want to announce the new president."

"Okay." Wu Tian nodded, and quickly called all the members of Martial Arts Club over.

There were more than fifty members in Martial Arts Club. After this period of training, all of them were strong and robust, brimming with vitality.

Han Dashan swept a glance at the members, and said while holding the chief instructor's rank: "After careful consideration of office of academic affairs, we have decided to remove our position as President of the Martial Arts Club of Wu Tian."

After these words were said, the crowd immediately burst into an uproar. Everyone expressed their opposition to this decision.

After announcing this news, Han Dashan pushed Lee Huai to the front, "From now on, Lee Huai will be the President of Martial Arts Club."

"I don't agree."

The members immediately expressed their opposition, all of them disagreeing with the removal of Wu Tian. They couldn't let a useless trash like Lee Huai be their president.

"This is a decision made by the office of academic affairs, it doesn't matter who among you objects." Ignoring the objections of the crowd, Han Dashan said firmly: "From now on, Lee Huai will officially become the new president."

"If you don't let Wu Tian be the president, I will leave the Martial Arts Club." Gu Xiaoman was the first to step forward and express her stance.

The moment she expressed her stance, everyone started shouting, "I will also leave the Martial Arts Club, we will all leave ..."

Under Gu Xiaoman's lead, more than fifty members said one after the other that as long as Proprieter Wu left, they would leave together with him.

Mu Ran was stunned when she saw the scene in front of her. She didn't expect Wu Tian to be so charismatic that all of the members would want to leave with him.

Wu Tian had done a lot for Martial Arts Club. He bought training equipment, renovated the martial arts building, and even helped everyone improve their food.

Ever since Proprieter Wu arrived, the Martial Arts Club's soft and hard power all rose at the same time. All sorts of supporting equipment were completed, making it convenient for everyone to participate in the training. Everyone also ate a lot of nutritious items.

In addition, during this period of interaction, the members all believed in Wu Tian. For the members, Proprieter Wu actually brought benefits to Martial Arts Club and the members.

Proprieter Wu's lavish investment made everyone feel gratified, and Proprieter Wu's skill made all the other members admire him.

Furthermore, Proprieter Wu had previously taught Physical Culture Institute a lesson and even won back everyone's face and dignity; he was worthy of everyone's respect.

Hidden Billionaire Chapter 349 - Reinstate -

C349 Reinstate

He had long since convinced everyone that such an outstanding president was a good person. They were all willing to follow Proprieter Wu, so no one was willing to abandon Proprieter Wu.

If they had to chase Proprieter Wu away, there was no need for them to stay. They were all willing to leave with Proprieter Wu.

"This ..."

Han Dashan was immediately dumbfounded when he saw this scene.

He probably never would have thought that Wu Tian would have such great rallying power and influence. For Wu Tian's sake, all the members of the club expressed that they were leaving one after another.

Seeing that all the members were about to leave, Han Dashan was clearly a bit panicked. He did not expect such an outcome.

If all the members were to leave, Industry University Martial Arts Club would definitely be disbanded immediately.

If Martial Arts Club were to be dissolved, and someone were to investigate later, he would definitely be punished. Thinking to this, he hurriedly stopped the members, "Everyone cannot leave."

"Section Chief Han, we have the right to withdraw from the Martial Arts Club, this is our freedom." After Gu Xiaoman said this, everyone else followed suit.

Forget about him being the Director of office of academic affairs, even the Principal had no right to interfere with their withdrawal from the Martial Arts Club. This was the freedom and power of every student.

"I know that." Han Dashan changed his attitude, licked his lips and tried to please them, "As long as you stay, I guarantee that I will give you some benefits. I'll give you each a monthly allowance of 200 yuan."

"I refuse." Everyone expressed their rejection one after another. They were not children, so how could they be bribed by such a small favor.

What's more, Proprietor Wu had invested over a million into Martial Arts Club before, so he had to spend over a hundred thousand every month for food and drinks.

"Then how are you willing to stay?" Han Dashan was on the verge of tears, he never thought that these members would be so hard to deal with.

He had already promised a two hundred allowance for each of them, yet he was still unable to keep these people. What the hell?

"As long as Proprietor Wu stays, we will stay. If Proprietor Wu leaves, we will leave." The members of the club immediately made this request.

"You all ..."

Han Dashan was so angry that the corner of his mouth twitched. He did not expect these people to be dead set on following Wu Tian.

He didn't know what kind of medicine Wu Tian had given these people, but he had completely captivated them.

"Section Chief Han." At this moment, Lee Huai came over and whispered, "Since these members want to leave, then let them leave and we can recruit more members."

"What do you know?" Han Dashan glared at Lee Huai and said in a low voice, "These people are old members. They are all elites of the Industrial University. Their strength cannot be underestimated."

"After we recruit new members, we'll train them with great effort. I don't believe that they'll be any weaker than these people."

"We're going to hold the tenth tournament soon. When you recruit more members, we'll miss it."

"This ..." After hearing this, Lee Huai was instantly discouraged.

The tenth tournament was about to begin, and it was too late to recruit new members. It would definitely affect the match.

"Our school has already registered for the competition. If we screw up the tenth tournament, our office of academic affairs would be in big trouble." Han Dashan thought about it and finally made a decision: "I can't disperse Martial Arts Club right now."

"But what if the senior members insist on leaving?"

"There's nothing we can do." Han Dashan pushed Lee Huai away, walked to Wu Tian and said, "Classmate Wu, everyone wants you to stay behind as the new president."

At this moment, the smile on his face was stiff and straight. The smile on his face was uglier than crying.

In order to not let his Martial Arts Club collapse, he could only keep Wu Tian and let him continue being the president of the Martial Arts Club.

Once the Martial Arts Club was separated, they would not be able to participate in the tournament. When the time came to investigate, their office of academic affairs would certainly be punished, and he might even be fired from his position as the director.

In order to keep the position of director, he had to keep Wu Tian.

"I know that everyone wants me to stay as the president, but I don't know what Section Chief Han is thinking." Wu Tian asked deliberately.

"Hehe!"

Han Dashan laughed dryly: "Of course I also hope that you can stay. After all, this is what everyone wants."

"Just now, Section Chief Han had publicly announced that he had removed me from my position."

"That was my mistake." Han Dashan clenched his fists and said with a smile, "I have decided to reappoint you as the president of Industry University Martial Arts Club."

"No!"

Wu Tian waved his hand and said dejectedly: "I have already decided that I will no longer be Martial Arts Club President."

After saying this, he walked out of the martial arts building.

After he left, the other members of the guild started preparing to leave.

"Wait!"

Han Dashan was slightly surprised and quickly went to fawn: "Wu, give me some face and stay as president, okay?"

At this moment, he no longer had the arrogance of a director. He spoke in a low voice, almost begging for mercy.

"Sorry, I've decided not to be the president anymore." Wu Tian's tone was very firm and there was no room for negotiation.

He thought to himself: You are a bullsh * t chief. Previously, you used the authority of your office of academic affairs to show off your might, and I took this opportunity to frustrate your might.

"You ..." Han Dashan was so angry that his teeth were about to shatter, but he couldn't do anything about the kid in front of him.

He was, after all, the dignified office of academic affairs Master. He begged this brat for half a day, but who knew that this little b * stard wouldn't give him any face. It was truly annoying.

After thinking for a moment, he turned around to plead with Mu Ran, "Teacher Mu, Wu Tian is your student. Please tell him to stay behind and continue being the president."

"Section Chief Han really wants Wu Tian to be his president?" Mu Ran purposely asked.

Seeing Han Dashan's humble face, she felt a lot better.

This shitty Section Chief Han, relying on his office of academic affairs to back him up, always flaunting his strength in front of her, often making her feel embarrassed. He never thought that he would be tricked by Wu Tian this time.

A bastard like him deserved to be humiliated.

"Of course I'm sincere." Han Dashan raised his right hand and promised, "I firmly support Wu Tian to remain as president."

"Since Section Chief Han is so sincere, I'll tell Classmate Wu about it."

"Thank you, Teacher Mu."

"You're welcome." Mu Ran turned around and said to Wu Tian, "Tian, since Section Chief Han is so sincere, you should stay behind and continue to be president."

"Alright, then I'll give Teacher Mu some face and continue being the president of Martial Arts Club." Since the conversation had come to this point, Wu Tian could only agree.

Actually, he also couldn't bear to leave the Martial Arts Club, couldn't bear to part with this group of cute members.

He didn't want to see his Martial Arts Club scattered just like that. After all, Gu Xiaoman and his brother had put in their hard work here.

"Alright!"

Upon hearing this, the crowd burst into an uproar.

The members all expressed their willingness to follow Proprietor Wu and stay in the Martial Arts Club.

"Hu!"

Han Dashan secretly heaved a sigh of relief. Seeing that the Martial Arts Club had not collapsed, the stones in his heart dropped.

However, he suddenly changed his tone and sternly said to Wu Tian, "Since you are the president, you must carry an important mission and responsibility. You must help the school achieve good results in the league."

Hidden Billionaire Chapter 350 - Feelings of Gratification

-

C350 Feelings of Gratification

"Don't worry about that." Wu Tian flung his bangs and confidently promised, "I will definitely be able to lead everyone to a good result."

"If you can get into the top three, the school will reward you." After Han Dashan said this, he suddenly changed his tone: "If you cannot get the top three, your Martial Arts Club will be announced and criticized by the entire school."

"Don't worry, we will definitely succeed."

"You better take care of yourself." Han Dashan left these words behind, turned around and left quickly.

Today at Martial Arts Club, his face had been completely disgraced, all of this was due to Wu Tian.

He swore to himself that one day, he would teach Wu Tian a lesson and take back his lost face.

After Section Chief Han left, Gu Xiaoman walked up to Wu Tian and said with a smile, "Congratulations, you will remain as our president."

"Thank you for your trust and support." Wu Tian was very happy. Without Gu Xiaoman and the other members' support, he definitely wouldn't have been able to become the president today.

It didn't matter if he wasn't the president, but if he was expelled just like that, it would be a disgraceful thing to do.

"It was Proprietor Wu who gave a lot for Martial Arts Club that won with everyone's trust and support." Gu Xiaoman said in a sweet tone.

The moment she heard that Wu Tian was going to be kicked out of Martial Arts Club, she was about to cry from anxiety.

But now that Wu Tian stayed, she was truly happy from the bottom of her heart.

She knew, if the Martial Arts Club did not have Wu Tian, then it would not be far from closing down. Even if it did not close down, its existence would still be half-dead.

"Let's work hard in the future and try our best to expand our Martial Arts Club." Wu Tian patted Gu Xiaoman's shoulder and encouraged her.

"Right, let's work together." Gu Xiaoman waved her fist with an energetic look.

At this time, Mu Ran walked up to them and said, "The tenth tournament is about to begin. How confident are you?"

"This ..."

At the mention of the league tournament, Gu Xiaoman's face darkened. "The other schools have so many experts, there's still a bit of a gap between us."

"Then what should we do?"

"Don't worry, I have a way."

"What can you do?" Mu Ran and Gu Xiaoman asked in unison as they looked at Wu Tian with wide eyes.

"I'll get a super coach for you guys. He can raise the strength of the members within a short period of time." After Wu Tian said that, he took out his phone and dialed Azure Dragon's number.

After the call, he instructed Gu Xiaoman, "Azure Dragon is my master. When he comes over, ask him to train the members of the club. He has a method to speed it up."

"Really?"

"Of course it's true. All of my martial arts were taught by Azure Dragon."

"Great." Upon hearing these words, Gu Xiaoman couldn't help but burst out laughing.

"Xiaoman, thank you for your hard work during this period of time. I'll come over to see you guys when I have time. I'll be leaving first." Wu Tian waved his hand and left the club with Mu Ran.

Walking out of the club, Mu Ran couldn't help but sigh with emotion, "I never thought that you would have such great influence in the Martial Arts Club. Over fifty members are all willing to follow you."

"This is what it means to make friends through the heart. Only when you put yourself in the shoes of others will others be able to rely on you and trust you." Wu Tian said with a wise expression.

"These words don't seem to come from a twenty year old student."

"Is that so?"

"I didn't expect that at such a young age, you would know so much about the ways of life. Truly amazing." Mu Ran looked at Wu Tian with a gratified expression. She was proud of having such a student.

"It's all thanks to my grandfather." Wu Tian raised his head and looked into the distance, as if he was talking to himself, "Grandpa put a lot of effort into making me grow up in adversity. He even taught me a lot of experiences in this world."

"Then your grandfather must be an extraordinary person."

"But I haven't seen grandpa yet."

"Is that so?" Mu Ran's gaze tightened as she said sympathetically, "How come you haven't even seen your own grandfather before?"

"This is a long story." Wu Tian avoided talking about the family, "But I believe I will be able to see grandpa very soon."

"I hope you can meet grandpa as soon as possible."

"I will." Wu Tian grinned and suddenly suggested, "Teacher Mu, it's time to eat. How about I treat you to a meal?"

"I ..."

Mu Ran hesitated for a few seconds, but eventually nodded her head.
"Alright!"

Logically speaking, as a female teacher, it was a taboo between male and female teachers for a student to treat himself to a meal.

However, she didn't know why, but she actually agreed to accompany Wu Tian for a meal. Even she herself felt that it was inconceivable.

"Teacher Mu, what do you want to eat?" This was the first time Wu Tian and Mu Ran went out for a meal, so he didn't know what to eat.

"Whatever!"

"Then let's go to the Sunshine Restaurant outside the school."

"Let's go to East Gate Street!" Mu Ran felt it would be better to stay away from the school so that the students and teachers wouldn't see them gossiping.

"Alright!" Wu Tian nodded and then caught a taxi. He brought Teacher Mu to East Gate Street and found a normal small restaurant.

Mu Ran turned her head and looked around. It was as if they were having a clandestine love affair. Her sneaky look was really funny.

"Teacher Mu, what are you afraid of?" Seeing Teacher Mu like this, Wu Tian couldn't help but laugh secretly.

"Nothing." Mu Ran pinched her ears, which were burning hot. She calmed herself down very quickly and asked while holding the plate, "Tian, what do you want to eat?"

"I don't mind eating anything. Teacher Mu, please order some dishes."

"Alright then." Mu Ran took the menu and casually ordered a few dishes.

"Teacher Mu, you really know how to order dishes. All of these dishes are breast enhancing."

"Cough, cough, cough ..."

Mu Ran coughed a few times and almost choked to death on her own saliva.

After coughing for a long time, she finally reprimanded him with a stern face, "You little brat, you even dare to tease me."

"I'm not joking. These dishes really have a breast enhancement effect."

"I don't know." Mu Ran's face turned pale as she hastily ordered the waiter, "Then let's change to a few dishes. Any dish is fine."

"Alright." The waitress answered and took the menu to the kitchen. Before she left, she couldn't help but laugh to herself.

"Teacher Mu, do you always eat those dishes to have such a good figure?" Wu Tian raised his head and glanced at Mu Ran's body. He couldn't help but ask.

Previously, he did not dare to joke around with Teacher Mu. Recently, it was probably because he was too familiar with Teacher Mu. Furthermore, Teacher Mu was too used to him, so he dared to act so brazenly.

In his memory, Teacher Mu had always been particularly fierce, always wearing a straight face and rarely letting out a smile.

However, he had recently discovered that Teacher Mu was no longer that fierce. She would often blush and become more feminine.

"Don't be so impudent." Mu Ran rolled her eyes at Wu Tian and reminded him, "Be careful when you speak."

"Teacher Mu, I think you should be more serious in class. You don't have to be so serious outside."

"Then you can't speak nonsense."

"I'm not talking nonsense." Wu Tian put away the smile on his face and said seriously, "Teacher Mu's body is developing better and better."
