C351 Entangled

"You ..." Mu Ran's face turned pale as she snapped, "Tian, can we not talk about this?"

"Well, let's change the subject." Wu Tian poured two cups of water and pushed one to Mu Ran, "Teacher Mu, have you talked about boyfriends before?"

"I ..."

Mu Ran opened and closed her mouth, holding the teacup tightly and looking like she wanted to say something but was unable to.

"Let's go out to eat now, just take me as your friend." After Wu Tian said this, he moved his head closer to Teacher Mu again. "Did Teacher Mu ever talk about boyfriends?"

"I didn't."

"With such good conditions like Teacher Mu, there should be quite a few boys chasing after you, right?"

"When I was in school, my parents forbade me to talk about my boyfriend."

"Then why aren't you in a relationship now?"

"No time." Mu Ran said half-heartedly as she rubbed her arm.

"Teacher Mu." Wu Tian couldn't help but be curious. He moved his head closer and continued asking: "What kind of guy do you like?"

"I ..."

Mu Ran opened her mouth, but did not know how to reply.

She had never met a guy who could move her heart before, so she didn't know what type she liked.

"A woman as outstanding as Teacher Mu doesn't like ordinary men." After Wu Tian said this, he let out a hollow laugh.

Coughing sounds rang out.

Wu Tian coughed dryly and took the initiative to change the subject: "Right, have you gotten a girlfriend yet?"

"I'm not!"

"I see that there are a lot of girls around you. Don't you have your eyes on girls?"

"How should I put it, they are all not perfect, I just like women like Teacher Mu." Wu Tian sweetly tried to please her.

It was just a joke, but it caused Mu Ran's face to redden, and her heart to beat like a beating drum.

"Don't talk nonsense." Mu Ran rolled her eyes at Wu Tian and pretended to be calm as she picked up the teacup to drink. However, she couldn't help but let her imagination run wild.

She didn't know why, but she had a very good impression of Wu Tian right now. She really wanted to get to know this guy.

Soon, the waiter brought out a few delicious dishes and placed them on the table.

Wu Tian asked for a bottle of white wine and tried to ask Mu Ran, "Teacher Mu, would you like some wine?"

"I don't drink." Mu Ran quickly waved her hand and refused.

She rarely drank, so she didn't know how to drink in front of her students. She didn't want to be laughed at and embarrassed by Wu Tian when she was drunk.

"Here, drink less." Wu Tian couldn't help but pick up the disposable cup and pour half of it into Teacher Mu's mouth, "Come, Teacher Mu, let me toast you."

"I really ..."

Mu Ran wanted to refuse, but when she saw Wu Tian finish the cup of liquor in one gulp, she could only take a sip.

"The wine is so spicy!" As soon as the drink started, she stuck her tongue out and fanned her hands in front of her mouth like a palm-leaf fan.

Laughter rang out.

Seeing Teacher Mu's expression, Wu Tian couldn't help but burst out laughing.

His smile made Mu Ran a little embarrassed. She scolded him softly, "Wu Tian, what are you laughing at?"

"I'm laughing at how adorable Teacher Mu is ..." Wu Tian couldn't even hold it in anymore, he could only raise his head up and laugh.

"You ..." Mu Ran was embarrassed, so she could only use her tea to cover her embarrassment.

He laughed for a long time. Finally, Wu Tian couldn't help but tease her, "Teacher Mu, you looked so feminine just now. You looked so nice. It was really captivating."

"Don't be so impudent." Mu Ran scolded with a straight face, but she was somehow happy inside.

Being so presumptuously teased by a student, she should be furious. She actually felt happy about it.

"Teacher Mu, would you like another drink?" Wu Tian raised his glass and tried to ask.

"I don't drink." Mu Ran pushed away the remaining liquor in her mouth and complained, "The liquor killed me."

She didn't even realize that she was acting like a spoiled little girl right now. That kind of appearance was simply too seductive.

"It's fine if you don't want to drink. Let's eat." Wu Tian picked up his chopsticks and began to wolf down his food.

Just as the two of them were enjoying their meal, two gangster-like men walked over and greeted Mu Ran. "Beautiful girl, can we eat with you?"

"No." Mu Ran spat out these two words coldly, her eyes glaring at them like knives.

She was originally a strict teacher in the school due to her temper. However, she only showed a bit of gentleness in front of Wu Tian.

"You're also a little chili. I like you." The two men smiled and shamelessly sat next to Mu Ran.

The sound of chopsticks being slapped sounded out.

Mu Ran slapped her chopsticks on the table and said to Wu Tian, "I'm done eating. Pay the bill. Let's go."

How could she still be in the mood to continue eating when encountering these hooligans.

"Ok!"

Wu Tian nodded and was about to pay the bill, but was stopped by the two men, "Brat, this big-chested woman in front of you is your girlfriend?"

"No, she's my teacher." Wu Tian told the truth.

"You're lucky to have tricked such a beautiful female teacher." After saying this, the two men grinned foolishly.

"Don't talk nonsense." Mu Ran glared and explained coldly, "Wu Tian and I only have a relationship of teacher and student, not as dirty as you think."

"It's not important." The two men didn't care about that and discussed with Wu Tian, "We have taken a fancy to your beautiful teacher and want to woo her."

"Teacher Mu doesn't have a boyfriend. If you want to chase her, then go ahead." Wu Tian acted like it had nothing to do with him.

"You clever kid." The two men nodded in satisfaction and waved their hands towards Wu Tian: "You have nothing to do here, hurry up and get out!"

With that said, the two men approached Mu Ran.

"Teacher Mu, I'll take my leave first. I wish you an early release from your lonely life." Wu Tian waved and turned to leave.

"You ..."

Mu Ran's face darkened as she hurriedly shouted at Wu Tian, "Wu Tian, don't go! Come and help!"

"How can I help you?"

"Come and help drive them away."

"Could it be that Teacher Mu doesn't like this type?"

"Nonsense." Mu Ran rolled her eyes at Wu Tian in annoyance and said angrily, "Didn't you see that they want to play hooligan with their teacher?"

"I think they really like Teacher Mu, so why don't you just fall in love with them?" Wu Tian teased intentionally. At this moment, he couldn't hold back his laughter anymore.

"What are you saying, come and help us." Mu Ran urged anxiously. She could already tell that Wu Tian was purposely teasing her.

"Alright!"

Seeing that the two men were about to approach Mu Ran, Wu Tian didn't dare to continue playing. He strode forward and stood in front of the two of them. He smiled and said, "My beautiful teacher doesn't like you. You guys better get out of here quickly!"

"Kid, didn't you tell us to chase after your teacher just now?" The two men stared at Wu Tian in annoyance, "Why did you go back on your word?"

"Teacher Mu doesn't like you. You guys should just give up on that idea." Wu Tian hugged his chest as he protected Teacher Mu behind him.

As long as he was joking, he would not allow anyone to hurt Teacher Mu.

"How about this?" The two men thought for a moment, then took out two thousand yuan from their pockets and said, "As long as you leave now, these two thousand yuan are yours."

## C352 Dogs Can't Get Rid of Their Habit of Eating Shit

"Humph!"

Wu Tian sneered. He looked at the 2000 yuan bill, then took out a cheque from his pocket and slammed it on the table, "Let me show you what a rich person is."

"Cash cheque, twenty million." The two men's eyes almost popped out when they saw the long string of numbers on the cheque.

The heck, this is a cheque for twenty million in cash. In their entire lives, they have never seen so much money.

They really didn't expect this poor and foolish brat to be so rich. To casually fork out twenty million, this truly was an eye-opener for them.

"Have you seen enough?" Wu Tian shook the cheque and asked the two of them.

"Enough." The two of them nodded their heads. With this twenty million, what kind of woman wouldn't they be able to find in the future?

"If you've seen enough, then hurry up and get lost." After Wu Tian said this, he put the 20 million check away and put it in his pocket.

"You won't give us the money?" Seeing Wu Tian keep the cheque, the two men were immediately dumbfounded.

"Of course not." Wu Tian put his hands in his pockets and sloppily said, "I'm just taking them out for all of you to see."

"Just let us see?"

"Right."

"You ..." The two of them felt as if they had been played by him, and their faces immediately filled with anger.

"What is it? Haven't you seen enough? "

"Go die." The two men immediately flew into a rage. They pointed at Wu Tian's nose and threatened, "Hurry up and hand over the money, otherwise, don't blame us for being impolite."

Seeing that twenty million was just around the corner, they did not want to give it up that easily. This was the closest opportunity they would get to becoming a millionaire.

"Why should I give you my money?" Wu Tian pressed his hands against his pockets, afraid that the two would snatch it away.

The two men looked at each other, then slowly approached Wu Tian, "Brat, if you don't hand over the cheque, then don't blame us for being rude to you."

"What is it? Don't tell me you want to rob money? "

"Cut the crap." The two men couldn't care less as they charged forward with bared fangs and brandished claws.

"F \* ck!"

Wu Tian cursed angrily, raised his leg and kicked fiercely towards the chair in front of him, knocking it over and smashing it towards the two people.

The two people were knocked back by the chair, but before they could regain their balance, Wu Tian's fist had already pierced through the air like a sharp sword, viciously smashing towards their faces.

"Ah ..."

Accompanied by two miserable shrieks, the two men were sent flying and fell flat on their face.

"With trash like you, you still want to steal my money?" Wu Tian's mouth twitched and he couldn't help but say in disdain.

"Quick, run!" The two men also knew that they had met a fierce person today. They were so scared that their necks shrunk as they got up and ran. They were even faster than rabbits, disappearing from the restaurant in a flash.

"Trash." Wu Tian cursed. He turned around and said to Mu Ran, "Teacher Mu, if we encounter these kinds of flies again in the future, I'll help you teach them a lesson."

"Thank you!" Mu Ran stroked her hair. She had never spoken with such gentleness before.

Every time she was with Wu Tian, she felt extremely safe. Gradually, she became dependent on this boy.

"There's no need to be polite between us." Wu Tian pursed his lips and smiled, pointing at the dishes on the table, "We haven't finished yet, let's continue eating, don't waste it."

"Alright!"

Mu Ran sat down again and looked at the cooling dishes on the table. She tried asking, "Do you want to order a few more dishes?"

"No need, these dishes are still edible." Wu Tian picked up his chopsticks and started to wolf it down.

"..."

Mu Ran was speechless at the way Wu Tian was eating. She didn't expect the petite Classmate Wu to be so good at eating.

Seeing that Classmate Wu could eat so much, she suddenly had an appetite again. She picked up the chopsticks and followed to eat.

Just as the two of them were enjoying their meal, the waiter walked over with a bottle of red wine and placed it on the table. She smiled and said, "Someone asked me to give this bottle of wine to you."

"Bordeaux?" Wu Tian's eyes immediately lit up when he saw the bottle of red wine.

This was a limited amount of Bordeaux Wine House's rare red wine. This wine was worth over a million, so even if one had the money, he or she might not be able to buy it.

Not to mention this kind of small restaurant, even many big hotels couldn't afford this kind of wine.

Staring at the bottle of red wine, Wu Tian raised his head and asked the waiter: "Who gave this bottle of red wine to us?"

"A foreign woman." The waiter replied with a smile.

"Foreign women?"

"Yes, she said she admired you. She asked me to give you this bottle of wine and gave me two hundred tips." The waiter was very honest and told her about the tip.

Wu Tian glanced at the restaurant and said in confusion, "I don't remember any foreign guests appearing in the restaurant."

"She didn't come into our restaurant. She was in a limousine outside the restaurant."

"A luxury car?" Wu Tian raised his head and looked outside the restaurant, but didn't see any fancy cars.

"The limousine has gone." After saying this, the waiter turned around and left.

Wu Tian stared at the red wine for a few seconds and then looked outside the restaurant. He muttered to himself, "I don't seem to know any foreign women."

"Is she a friend of yours?" Mu Ran, who was sitting across from him, couldn't help but remind him.

"It's possible." Wu Tian nodded and didn't bother to think any further. He opened the glass of red wine and poured two glasses, "Teacher Mu, let's have a drink."

"Alright." Mu Ran didn't refuse. She picked up her wine cup and began to savor it.

Like many women, she didn't like white wine, but she had a soft spot for red wine.

Red wine was not only good for beauty and appearance, but it could also help one's body.

The two chatted and laughed, unknowingly finishing a bottle of red wine.

Mu Ran only drank one cup. Even so, her face was still flushed, making her look especially attractive.

"Teacher Mu, why are you blushing?" Wu Tian couldn't help but mock her when he saw her rosy face.

Mu Ran touched her red cheeks and said awkwardly, "I haven't had a drink in a long time, so I blushed."

"Teacher Mu's blush looks really good, just like ..."

"Like what?"

"Like a monkey's ass."

"Wu Tian, how can you talk to me like that?" Mu Ran was embarrassed and scolded him unhappily.

"Hehe!"

Wu Tian chuckled dryly and suggested, "Teacher Mu, let's go. I'll send you back to school."

"No need, I'll take a taxi back myself." Mu Ran hurriedly refused as she was afraid that her classmates would see and misunderstand her.

If the teachers and students found out that she was drinking with her own student outside, there would inevitably be gossip.

She really cared about face and was afraid that others would gossip behind her back.

"Alright!" Wu Tian understood Teacher Mu's intentions, so he didn't force her. He walked to the side of the street and stopped a taxi for Teacher Mu, instructing her, "Teacher Mu, be careful."

"Don't worry, I'm fine. Remember not to skip classes tomorrow." Mu Ran instructed before leaving in a car.

The moment Teacher Mu left, a luxury car brushed past Wu Tian and stopped.

When the door opened, an old man in his sixties slowly got out of the car.

Even though this man was very old, he was beaming with happiness and vigor. He exuded a domineering aura from head to toe.

## Hidden Billionaire Chapter 353 - Mysterious Foreign Woman -

C353 Mysterious Foreign Woman

"Young man." After the old man got off the car, he humbly bowed towards Wu Tian and asked with a smile, "How does Bordeaux's precious red wine taste?"

"Was that bottle of red wine from you?" Wu Tian didn't answer in a hurry, but asked a question.

"That bottle of wine was given to her by our young mistress."

"Your Young Miss?"

"Right."

"Who is your Miss?"

"Blanche." After saying this, the old man took out his business card and handed it over, "My name is Liu Zhong, I'm Miss Blanche's servant, you can call me Uncle Zhong."

Wu Tian took the name card and looked at it. This was Liu Zhong's name card, he never thought that he was the boss of Aifei Castle Wine House.

After he finished looking at the name card, he couldn't help but ask Liu Zhong, "I want to know, why did you Miss Blanche give me red wine?"

"Our young lady admires you and wants to be friends with you." Liu Zhong had a smile on his face. He looked friendly and friendly, but there was a trace of ruthlessness in his eyes.

Only a veteran wolf could have such an aura.

"I don't know your Miss, why would she want to be friends with me?" Wu Tian continued to ask, he just wanted to clear up these doubts in his heart as soon as possible.

He had never known Blanche before, never even heard of her. She suddenly gave him a bottle of red wine and said that she wanted to be friends with him. This made people suspicious.

"It's like this, our young miss just passed the dining hall by car, seeing that you have displayed your China's skills, our young miss admired you greatly, and wanted to invite you to be her guest." After Liu Zhong said this, he opened the car door and made a "please" gesture.

"She wants to invite me to be her guest?"

"Right."

"But why should I?"

"I think you must be very curious and really want to know who our young lady is." Liu Zhong had a smile on his face from beginning to end.

"Who is your young mistress? This doesn't seem to have anything to do with me."

"No." Liu Zhong shook his head and firmly said: "I believe that you will want to meet our Miss. Please."

"Alright, I'll go with you." Wu Tian was too lazy to say anything else, he turned around and got into the back of the luxury car.

Just as Liu Zhong said, he was indeed very curious. He really wanted to know who this Blanche's woman was.

For her to be able to give out limited amounts of red wine, which was a rare item at Bordeaux winery, this was definitely not something an ordinary person could do.

Furthermore, he had drunk the red wine that was given to him by someone else, so he had no reason to refuse.

The luxury car sped along, and very quickly, it brought him to Aifei Castle Wine House, which was located in the eastern part of the city.

This was the largest winery in the middle of the city. Originally, they had planned to build a consulate here, but due to various reasons, they were built by foreigners.

The winery took up a large area of several acres and was divided into several areas. There were green fields and lakes in the north, a golf course in the south, and a forest in the east.

Within the winery, there were more than ten castles standing orderly like pearls that adorned the green field.

Beautiful, the scenery here was simply too beautiful.

Upon entering the winery, Wu Tian felt refreshed and in a good mood.

Looking at the endless grassland, the landscape forest, the lake, and the castle in the distance, Wu Tian forgot all his worries for a moment.

The first time he saw this winery, he was deeply attracted by the scenery inside and instantly fell in love with it.

He had long heard of Aifei Castle Restaurant, but he had never been there before. He didn't know that the scenery here was so beautiful, more perfect than any one of the Luzhou's scenic spots.

However, this place was not open to the public. Only those with esteemed status like international friends could enter.

For Blanche to live in a place like this showed how prestigious she was.

The parking lot here alone was very distinctive. It was set within the landscape, and every parking space was surrounded by all sorts of beautiful trees.

From afar, the only thing that could be seen was the trees and the vehicles that were hidden by the trees. This way, it wouldn't affect its overall appearance.

After parking the car in the parking lot, Liu Zhong took Wu Tian in an electric cruiser and drove in the direction of the castle.

From the looks of it, this place was very good for environmental protection. No motor vehicles were allowed to pass, and only the trams were allowed to pass through the winery.

Under Liu Zhong's lead, the two of them arrived at the biggest castle in the middle.

As he walked into the hall, Wu Tian was shocked by the luxurious decorations inside. It was simply too extravagant to see the splendor of gold and jade everywhere.

There were a lot of servants in the castle, most of them were foreign maids, only a small part of them were from China.

Liu Zhong took out his cell phone and made a call. He then said to Wu Tian, "Our Miss is on the second floor. Please follow me."

With that said, they went up the semicircular staircase in the hall.

Wu Tian followed closely behind, at the same time he turned around to look around, to check the situation in the castle.

Soon, they arrived at a room on the second floor. Liu Zhong knocked on the door and said to the inside, "Miss, I've brought the person you want."

"Let him in." A foreign woman's voice came from the room. She was not fluent in Chinese.

"Alright." Liu Zhong answered and pushed open the door. At the same time, he made an inviting gesture towards Wu Tian: "Please come in."

After staring at Liu Zhong for a while, Wu Tian walked into the room.

Up till now, he had seen a lot of big markets and had come into contact with a lot of big bosses. This was his first time meeting such a big figure.

When he opened the door, he saw a luxurious dining room with a long dining table. The dining table was filled with various delicacies and was filled with a fragrant aroma.

Sitting at the main table was a blonde foreign woman with snow-white skin and big eyes like wild pearls. They were sparkling with a blue light, and her hair flowed out naturally.

When Wu Tian first saw this woman, he even had an illusion that this woman seemed to be in a painting.

A woman's skin was like porcelain; it was simply too exquisite. It would not be an exaggeration to say that it could be broken with a blow of the hand.

From his point of view, this woman didn't grow up by eating food. It was as if she grew up by eating immortal pills. It was a bit like she didn't know the world at all.

"Hello!" The blonde girl with blue eyes introduced herself in Chinese, "My name is Blanche, nice to meet you."

"Hello, my name is Wu Tian." Wu Tian then regained his senses, and displayed the gentleman's demeanor that a China man should have.

"Please sit down!"

Blanche made a "please" gesture with her hand and leaned back in her chair. "How's the wine taste?"

The woman wore a smile on her face, but her body exuded an oppressive aura. The aura around her was even stronger than Liu Zhong's.

"The red wine is very famous, but the taste is very ordinary." Wu Tian didn't say anything to curry favor, but said his true feelings towards red wine.

As a China user, there was no need to curry favor with a foreign girl.

Blanche was slightly stunned. Perhaps she did not expect Wu Tian to say this. There was a trace of displeasure in her eyes.

"Miss Bu, what business do you have with me?" Wu Tian cut to the chase and went straight to the point.

"You're pretty skilled, I really admire you." Blanche blinked and said with a smile, "I want to hire you to be my bodyguard."

## **Hidden Billionaire Chapter 354 - Blanche -**

C354 Blanche

"Being a bodyguard?" Wu Tian's expression turned dark. He didn't expect this woman to invite him here to be her bodyguard.

"Yes!"

Blanche put her hair behind her ears and spoke with the posture of a queen, "I have taken a liking to your martial arts. I want you to be my bodyguard."

"Even I need someone to protect me, how can I be your bodyguard?" Wu Tian smiled coldly and got up to leave.

"Halt!"

Blanche tilted her head and stretched out her five slender fingers. "As long as you stay, I'll give you five thousand yuan a day. How about that?"

"Five thousand a day?"

"Right."

"One hundred and fifty thousand yuan per month?"

"That's right."

"To be honest, I'm not lacking in money. To me, this 150,000 yuan is only a day's worth of profit." Wu Tian continued to walk outside after saying that.

"Pah!"

Blanche placed her teacup on the table, her tone turning icy cold. "What do you think this place is? You think you can just come and go as you please?"

"What do you mean?" Wu Tian stopped walking and turned around to look at this beautiful foreign girl in front of him.

He had originally thought that this woman was only negotiating with him and wanted to hire him as a bodyguard. Now, it seemed that things weren't as simple as he had imagined.

"My meaning is very simple. You will stay and become my man. In the future, I will protect you." Blanche then changed her tone, "Once you walk out of this room, you and I will be enemies."

"Are you threatening me?" The corner of Wu Tian's mouth hooked up into a sneer.

How funny, in China territory, this woman actually forced him to be her bodyguard, she was truly arrogant.

"Something like that!" Blanche nodded her head in approval, her beautiful big eyes flashing with a cold light.

"Sorry, I'm not going to do that."

Wu Tian threw down those words and continued to walk outside.

Just as he reached the door, Blanche's voice once again rang out from behind his ears, "You have to know, I'm very cruel to my enemies."

"I'm not scared." Wu Tian didn't think much of it and continued to walk outside.

No matter what, he was a China man, how could he submit to a foreign girl in China's territory.

When he opened the door, he saw two tall and strong foreign bodyguards standing outside with a murderous look on their faces.

After staring at the two foreign bodyguards for a while, Wu Tian turned to Lili and asked, "Miss Bu, what do you mean by this?"

"My meaning is very simple. Using the words of your China, those who go along with me will prosper, those who go against me will die." Blanche knocked on the table and said with an expressionless face, "It's still not too late for you to regret this."

"If you want to stop me, I'm afraid you don't have the ability." After Wu Tian said this, he took the initiative to charge towards the two foreign bodyguards.

The moment they clashed, he noticed that the two bodyguards weren't weak. They were obviously professional trainers.

Wu Tian didn't dare to be careless against this kind of expert. He raised his leg and kicked the two bodyguards away, at the same time smashing his fist towards one of the bodyguards.

The bodyguards were already prepared, and they quickly sidestepped his attacks.

Wu Tian missed and continued to attack the bodyguard. It wasn't until his third punch that the bodyguard was sent flying.

Then he swung his fist at another bodyguard, and when his fist came close to the other bodyguard, he turned his fist into a palm, and fiercely swung it at the bodyguard's face.

"Ah!

The other bodyguard was also knocked over. He fell to the ground and screamed incessantly, unable to get up for a long time.

Just like that, the two foreign bodyguards were defeated by Wu Tian and they lost their combat ability in a short period of time.

Seeing her subordinates being defeated, Blanche's brows tightened. She looked at Wu Tian with a strange expression.

She didn't expect the guy in front of her to be so powerful that not even her two powerful generals could be his match. It seemed like this kid in front of her was much stronger than she had imagined.

"Your two bodyguards are only mediocre." Wu Tian turned around and looked at Blanche with a provocative tone.

"Very good." Blanche slowly stood up from her chair and stared at Wu Tian. "It seems that I underestimated your strength."

"Remember, this is the China, not a place for you to show off your might." Wu Tian gave a cold warning as he turned around and prepared to leave.

"Halt!"

As soon as she turned around, Blanche's angry voice rang out, "You think you can get out of here by relying on your fists?"

"You ..." Wu Tian swallowed his words when he saw Blanche take out a small pistol and pointed it at his head.

Blanche raised her gun with her right hand and walked towards Wu Tian at the same time, "If you dare to move, I will shoot you in the head."

"How dare you bring guns into our China, don't you know the laws of China?" Looking at the black gun, Wu Tian was unavoidably panicking.

He really didn't think that this woman would have a gun on her.

"I have my ID. It's legal for me to have a gun." Having said so, Blanche took out her firearms certificate and showed it to him.

Seeing the ID, Wu Tian's eyebrows tightened. He couldn't help but ask: "Who the hell are you?"

He was sure now that the identity of the woman in front of him was definitely not ordinary. Otherwise, she wouldn't have been able to legally hold a spear in her China.

"I'll give you a fright when I say it." Blanche pointed the gun at Wu Tian's head and said word by word, "I am an international police officer."

"International police?"

"Of course."

"No wonder." Wu Tian nodded in understanding. No wonder this woman dared to hold a gun in China.

"Kid, do you believe that I won't shoot you?"

"Even if you are an Interpol, you don't have the right to kill any innocent people in China Nation. If you kill me, it won't be that easy for you to leave China." Wu Tian naturally knew his own country's laws like the back of his hand.

"You're still too young." Blanche brought her mouth close to Wu Tian and whispered: "When I kill you, I will tell you the China Police that you are prepared to rape me. I only killed you in self-defense."

"It looks like you've killed a lot of people this way."

"It's easier for me to kill you than to squish an ant." Blanche walked up to Wu Tian with her pistol in her hand. "I'll give you one last chance. As long as you kneel down and beg for mercy, I'll let you go."

"You're underestimating our China man too much. We will definitely not kneel to a foreign girl." Wu Tian raised his head with a look of determination.

Like everyone else, he was also very afraid of death. When faced with a gun, he was so scared that his heart almost jumped out of his chest.

But even if he died, he wouldn't be able to apologize to a foreign woman.

In the presence of foreigners, he did not represent himself, but a nation, a people's integrity.

He definitely could not disregard the dignity of a China man just for the sake of living.

"Kid, are you not afraid of death?" Blanche pointed her gun at Wu Tian's head and asked coldly.

"Cut the crap. If you want to shoot, just shoot." Wu Tianqiang endured the fear in his heart and shouted out.

"Since you insist on courting death, don't blame me for being impolite." Blanche slowly pulled the trigger as she finished her sentence.

When she pulled the trigger, the pistol clicked.

## **Hidden Billionaire Chapter 355 - Poisoning -**

### C355 Poisoning

This crisp sound made Wu Tian's head ring. This was the first time he felt that he was so close to death.

After the sound of the trigger, he did not hear any gunshots, nor did he sense any pain in his head.

Until now, he found that this woman didn't have any bullets in her gun.

"Don't be afraid. There are no bullets in the pistol." Blanche kept her pistol after she finished her sentence.

Wu Tian let out a sigh and stared coldly at the foreign woman in front of him, "Are you purposely playing with me?"

"I was just testing you." Blanche pursed her lips and smiled. "I didn't expect you to be a man who isn't afraid of death. A man with a tough spine. I really admire you."

"We China men are not cowards."

"You made me change my attitude towards China men." The corner of Blanche's mouth lifted into a strange smile. "If you had really knelt and begged for mercy earlier, I would have killed you instead."

"I've said it before, us China men aren't afraid of death."

"You have passed my test." Blanche pointed at the delicious food on the table and said with a smile, "You're a brave warrior, these are all prepared for you. Please take a seat."

"Sorry, I can't take it." Wu Tian looked at the dishes on the table and replied coldly.

"You are truly different from the others." Blanche walked to the main seat and sat down. She poured two glasses of red wine and said to Wu Tian with a smile, "Come, have a drink with me."

"Sorry, I'm busy and I don't have time." After saying that, Wu Tian turned around and walked outside.

He had only taken a few steps when he heard the sound of Blanche's fall.

When he turned around, he saw Blanche lying on her back on the ground. Her face was pale and she had lost a lot of blood.

At this moment, she was still holding the red wine cup in her hand. The unfinished cup of wine flowed down her collar, staining a large area in front of her. One could vaguely see a touch of allure.

Seeing this, Wu Tian was shocked. He hurried forward and asked, "Miss Bu, what's going on?"

This woman was still fine just a moment ago, but her blink of an eye had turned into a soft-footed shrimp.

"There's poison in the wine." Blanche forced out these words. She spoke weakly with a lot of effort.

"How could there be poison in the wine?" Wu Tian was completely confused by the sudden turn of events.

"Don't ask so much, quickly call for people." Blanche didn't explain too much and didn't have the strength to do so in this situation. She could only give out instructions urgently.

"Alright!" Wu Tian nodded and quickly ran out to get someone to help.

Although she didn't have a good impression of this foreign girl, she was just playing with him and didn't have any intention of killing him.

What's more, this woman's identity was special. If she really died, it would be very difficult for him to remove his responsibility.

Right now, her life was in danger, so it was better for him to quickly save her.

When he rushed out of the restaurant, he saw the servants and bodyguards outside falling to the ground. It seemed that these people had all fainted from the poison.

He looked around but didn't find a sober servant, so he went back to the dining room and said to Blanche, "Miss Bu, all your servants are unconscious."

"What?" Upon hearing those words, Blanche's face turned even uglier.

After being stunned for a moment, she quickly calmed down and looked at Wu Tian with pleading eyes, "Hurry and help me."

"Alright, I'll take you to the hospital." At the moment, her life was the most important thing, so Wu Tian didn't care about that much. He carried Blanche and ran outside.

When he was about to go downstairs, he saw more than ten masked men rushing towards him with sticks in their hands.

These masked men walked with calm and steady steps. One could tell with one glance that they were powerful fighters who had been trained by their specialty.

Obviously, these powerful fighters were after Blanche.

With Wu Tian's current strength, it would be difficult for him to defeat these experts. If he were to rush over and meet them head on, he would probably be brutally beaten.

Just as he was thinking about how to deal with it, Blanche said in a weak voice, "Hurry, go to my bedroom."

"To your bedroom?" Wu Tian frowned. It might not be a wise decision to hide in the bedroom now.

"There's a secret passage in my room, I can dodge it."

"Alright!" Hearing this, Wu Tian understood Blanche's intention. He quickly asked: "Where is your bedroom?"

"The second room on the left."

"Ok!" Wu Tian didn't hesitate and rushed into the room that she mentioned while carrying Blanche.

As soon as he entered the room, he could smell a fragrant aroma that was just like Blanche's. It was mesmerizing.

After scanning the room, Wu Tian couldn't help but ask: "Tell me quickly, where is the secret passage?"

"There's a mural in front of the bed. Hug me and kiss her on the mouth." Blanche's voice sounded weaker and weaker.

"A mural?" Wu Tian raised his head and indeed, there was a mural in front of the bed. On the mural was a foreign woman with big eyes and eyebrows. Her face was even more disgusting than a witch's.

Although the old witch's face was ugly, her mouth was very lifelike, and she looked quite sexy.

After staring at the mural for a while, Wu Tian picked up Blanche and asked her to kiss the old witch.

When she finished, she heard a loud bang, and then the bed moved to the right, revealing a spiral staircase beneath it.

Wu Tian was slightly surprised, he didn't expect the secret passage under the bed to have such an exquisite design. Perhaps this was the unlocking of the legendary lip print. It was similar to a fingerprint, but different at the same time.

"Don't just stand there, carry me down." Blanche frowned and urged him urgently.

"Alright." Wu Tian came back to his senses and quickly carried Blanche down the stairs.

The moment he entered the secret passageway, the large bed automatically closed, and the entire staircase turned pitch black.

He walked down the stairs until he reached the bottom. It was also pitch black inside, so he couldn't see his own fingers in front of him.

"There's a light up ahead on the right." At this time, Blanche reminded him.

"Alright!" Wu Tian answered and groped his way forward. After a while, he finally found the light switch.

He pressed the light switch, and the inside was illuminated.

Only then did Wu Tian see that there was a small basement inside. The decorations were very simple, there was only a wooden bed and a few tables and chairs.

Fortunately, there was still food to be had down below. There was also compressed biscuit in the cupboard, which should have been stored in temporary refuge.

Wu Tian placed the woman on the wooden bed and couldn't help but to ask worriedly, "Will those people find us here?"

"Don't worry, this place is very secluded. No one will be able to find it." Blanche, on the other hand, was quite at ease. Hiding here was very safe for her.

"That's good." Wu Tian nodded and couldn't help but ask: "Was it those masked people who drugged you just now?"

"Yes, they must have drugged the food and water in advance, which is why we were poisoned." Blanche pressed her hand to her chest, feeling the pain in her breathing.

"Who are those masked people?"

"They are ..." Blanche swallowed her words as if she had something to say.

Seeing that Blanche wanted to say something, Wu Tian did not insist: "If you don't want to say it, then forget it."
