

Hidden Billionaire Chapter 356 - Hiding-place -

C356 Hiding-place

"It doesn't matter if I tell you." Blanche thought for a moment, then said: "They should be people sent by Shangguan Family."

"Shangguan Family?" Wu Tian frowned.

Shangguan Family was a member of the four great families of Jiangnan like them, he never thought that they would send someone to deal with this foreign girl.

After pondering for a while, he couldn't help but continue to ask, "Do you have a grudge with Shangguan Family?"

"I'm sorry, but I can't tell you this right now." Blanche smiled awkwardly, her eyes full of apology.

"Alright!" Wu Tian didn't continue pursuing the matter. It was obvious that this girl in front of him didn't trust him at all.

"Mr Wu." Blanche blinked a few times and asked, "Why did you save me?"

"I drank your red wine, just treat it as repaying your kindness!" Wu Tian answered.

This time, he only acted on instinct. Moreover, he felt that the woman in front of him didn't seem to be a bad person. At the very least, she had tried to test him with her gun before, and she had no intention of killing him.

"You're an interesting person." The corners of Blanche's mouth twitched as she smiled charmingly.

She was a beautiful lady to begin with. With such a smile, she could topple empires and topple nations. This was truly a sight to behold.

Wu Tian only glanced at Yang Niu a few times, but he didn't show any infatuation. He questioned, "What exactly is your identity?"

"Interpol."

"No, this is not your true identity."

"What?"

"If you were just a Interpol officer, you wouldn't be living in a place like this and enjoying this kind of treatment." Wu Tian had suspected the identity of this woman from the beginning.

Not only did this woman live a luxurious life, her speech and actions were also not like a police officer. Instead, she seemed more like the daughter of a noble family.

If she really was a police officer, she wouldn't be so high-profile as to find bodyguards and servants to guard her.

"Then who do you think I am?" Blanche tilted her head as she couldn't help but ask.

"If I'm not wrong, you should be the daughter of a noble."

"That's right." Blanche pursed her lips into a smile, "I'm the miss of Cha Er Country's Wealthy Class."

"Which Wealthy Class?"

"That ..." Blanche's eyes flickered a few times as she said half-heartedly, "There are too many Wealthy Class people in Cha Er Country, you wouldn't understand even if I told you."

"Is that so?" Seeing that the woman was evasive, Wu Tian was even more curious about the woman's background.

"Yes." Blanche twisted her body in an attempt to get out of the wooden bed, but she was unable to muster the strength to do so.

"Save it!" Wu Tian stared at Blanche's slender body for a while and reminded her, "You have been afflicted with a sleeping pill. You have to rest for at least two hours before you can move."

"But I need to get up now." Anxious, Blanche once again twisted her body, trying to get up from the wooden bed.

However, her body was too weak. No matter how hard she tried, she couldn't get up from the wooden bed. She even struggled to lift her hand.

"It's enough to rest while lying in bed, why do you want to wake up?" Wu Tian said in confusion.

"I ..."

Blanche bit her lip and said in an embarrassed voice, "I'm in a hurry. I need to go to the toilet."

"This is a problem."

"What should I do?"

"Why don't you hold on for another two hours?"

"No!" Blanche clenched her fists painfully. "I can't hold on for even a second longer. I want it now."

After saying so, she used her hand to scratch the bed. The feeling of being choked by urine was really painful to the point where she wished she were dead.

"Then what do you think we should do?" Wu Tian couldn't help but laugh secretly when he saw her miserable appearance.

"You have to help me." Blanche clenched her fists tightly, feeling that she was about to reach her limit.

"How do you want me to help you?"

"Help me deal with it." After Blanche had said those words, her beautiful face flushed red, but most of all, she looked embarrassed.

"Tell me the specifics. How can I solve your problem?" Wu Tian didn't dare to act rashly before obtaining the authorization.

"You ..."

Blanche raised her head and glanced at Wu Tian. She shyly lowered her eyes and said in a low voice, "There's no other way. Just hug me."

"There's an old saying in the China. 'Men and women should not be intimate with each other' ..."

"The situation is special now, I don't care so much."

"Alright!" Wu Tian swallowed his saliva. Asking him to help such a beautiful girl was naturally what he wanted.

He reached out and picked the woman up, then asked, "Where do you want to settle this?"

"Put me in that corner, then put me on the ground and hold my body." Blanche spoke in a low voice, like the sound of a fly.

"Ok!"

Wu Tian carried the woman to the opposite corner and put her on the ground. Then, she collapsed onto the ground like mud.

The only thing to blame was that the poison of the medicine was too strong. This woman was no different from a soft-footed shrimp. Right now, she didn't even have the strength to stand up.

"This won't do." Blanche bit her lips as she whispered with a flushed face, "It's better if you hug me!"

"Alright!" Wu Tian had no choice but to pick the soft woman up again and get ready to pick up her skirt.

Blanche was so frightened that she hurriedly stopped him, "Don't move. I'll do it myself!"

"Ok!" Wu Tian had no choice but to withdraw his hand. He wanted to see if this woman had the strength to take off the clothes inside her legs.

After working hard for a long time, Blanche finally asked Wu Tian for help, "Mr Wu, I'll have to trouble you to help me."

"Are you sure you need my help?"

"Yes."

"Then I'll help you." Wu Tian couldn't hide his excitement. He hugged Blanche tightly with one hand and reached out with the other.

It was his first time doing such an embarrassing thing, especially since the other party was a foreign friend.

Aside from feeling embarrassed, he was also excited. After all, the woman in front of him was a beauty.

"Ya!"

As soon as she touched Blanche's body, she let out a delicate cry, and her body violently shook a few times as if she had been electrocuted.

She took a few deep breaths and quickly regained her calm. Her two hands were tightly holding onto Wu Tian's body.

After a burst of splashing, everything finally came to an end. There was no need to mention how awkward this whole process was.

At this moment, Blanche's body was as hot as a furnace. Her face was as red as a tomato and was about to drip blood.

Wu Tian didn't dare to look around carelessly. He quickly helped her to straighten her dress and put her on the wooden bed again.

At this moment, Blanche's face was red, even the base of her neck was red. She turned her head to the right and was too embarrassed to look Wu Tian in the eye.

The awkward atmosphere lasted for ten minutes before Wu Tian finally broke the awkward silence, "I didn't do it on purpose just now."

"I'm fine." Blanche smiled magnanimously, her blushing face still unabated. "Thank you for helping me."

"Helping others is a traditional virtue of our China. If you encounter something like this in the future, you can ask me for help at any time." Wu Tian scratched his head and joked as he tried to ease the atmosphere.

"Pfft!"

Blanche couldn't help but laugh. She blushed and said, "You're such an interesting man."

Hidden Billionaire Chapter 357 - Secret Chamber Tenderness -

C357 Secret Chamber Tenderness

After laughing, Blanche bit her lips and whispered, "You're the first man who hugged me and touched my body."

"Have you never been touched by a man before?" Wu Tian was skeptical of these words.

He looked at the woman in front of him. She was at least twenty-six years old. Even if she hadn't been in love, it was impossible for a woman of that age to not have physical contact with a man.

"Right." Blanche nodded and said in a serious tone, "I've never been touched by any man since I was a kid."

"A man might accidentally touch your body."

"No man dares touch my body."

"Is that so?"

"En!" Blanche blinked her red eyes and repeated, "You are the first man in this world to touch my body."

"Do you want me to be responsible for you?"

"You think too much. You can't bear the responsibility. If it were in our country, you would have already been sentenced to prison." The smile on Blanche's face stiffened.

"If I touch your body, will I still be imprisoned?" Wu Tian felt that this woman was joking.

"Yes."

"Is your body made of gold?"

"Believe it or not, our country has special legislation to protect my body." Blanche warned out of the kindness of her heart, "So don't let anyone know that you touched my body."

"Alright!" Wu Tian nodded. From the looks of it, this woman was not joking.

If it was true, then this woman was truly a gold mine.

He was even more curious about the identity of this woman. She could actually obtain legislative protection. He didn't dare to imagine what kind of status this woman had.

"That ..."

Blanche bit her lips, her face red and embarrassed as she whispered, "Did you see that just now?"

"See what?" The strange question confused Wu Tian.

"When I urinated, did you see that?" Blanche's face was flushed red, and her voice sounded even more embarrassed.

"I didn't see it."

"That's good."

"Your black thongs are custom-made, right?"

"Hey!" Hearing this, Blanche's face instantly turned red. "Did you see everything?"

"Hehe!"

Wu Tian embarrassedly scratched his head, "I just peeked at you twice. I feel like you're not much different from us China women."

"You, hoodlum!" Blanche cursed angrily. At this moment, she was so embarrassed that she almost bit her lips.

"I accidentally looked at you. You won't let me go to jail, right?"

"If you were in our country, you'd be shot." Blanche said angrily, her entire face red and burning.

"If you were to be shot just by looking at you, it would not be worth it. After all, you don't have anything to look at."

"You, you, you ..." Blanche was so angry that her tongue almost fell out of her mouth.

"Alright, don't be angry." Wu Tian also realized that he was going too far. He changed his tone and said, "Take a good rest. The poison in your body will dissipate faster this way."

"Hey, don't tell anyone about what just happened. If you dare to speak carelessly, I'll definitely kill you."

"Don't worry, I won't speak carelessly." Wu Tian promised as he sat down on a chair beside the bed, "After all, it's not a glorious thing to peek at a woman."

"It's good that you know this."

Having said so, Blanche closed her eyes and started to rest. However, her mind was still in a state of confusion.

She couldn't help but let her imagination run wild. After all, this was the first time a man touched her body. He was Chinese, so she felt ashamed just thinking about it.

If it wasn't for the fact that this brat saved her life, she would definitely have thought of ways to kill him in order to protect her reputation and purity.

The two of them did not speak for the rest of the conversation.

After an entire two hours, the poison in Blanche's body gradually dissipated and her body gradually recovered its strength.

She turned around and sat up from the bed. She stretched her limbs and said to Wu Tian, "Mr Wu, I'm fine now."

"Then can we leave now?" Wu Tian stood up from the chair and tried to ask.

"Don't worry, I'll send the signal." Blanche went to the corner and fumbled around after she finished speaking. She then opened a small metal box on the wall.

Inside the metal box was an instrument similar to a tablet computer. Blanche operated it for a while before she turned to Wu Tian and said, "It's safe outside, we can leave."

"Alright, let's go!" Wu Tian felt stuffy staying down there. He had wanted to leave for a long time.

"Wait!" Blanche suddenly opened her mouth and warned him again with a serious expression, "Do not tell anyone about what happened in the secret chamber. Do you understand?"

"Don't worry, I won't say a single word about what happened below."

"Then swear it." Blanche was still worried, so she forced Wu Tian to swear.

"Ok!"

Wu Tian raised his right hand and swore seriously, "I swear on your chest that if I say one word about the secret room, I will be killed by your chest."

"Pfft!"

Seeing Wu Tian's serious look, Blanche laughed and said, "You are so interesting, much more interesting than the men of our country."

"Interesting?" Wu Tian smiled bitterly. He teased this woman and she found it interesting. This really made people speechless.

"You are the first man in this world to dare to tease me. If you knew my identity, you wouldn't dare to speak to me like that."

"What's your identity?"

"It's better if you don't ask, you know it's not good for you. Let's go, let's go." With that said, Blanche walked up the stairs.

Wu Tian was about to follow her. When he raised his head, his gaze was fixed on Blanche.

The staircase was very steep and Blanche was wearing a short skirt. Every time she looked up, she would see a beautiful scenery.

"FUCK!"

Seeing such a beautiful scene, Wu Tian couldn't help but swallow his saliva as his eyes widened until they turned round.

This should be the most beautiful scenery he had ever seen. It was truly a unique sight to behold.

Just as he was lost in thought, Blanche suddenly turned around. "Hey, what are you looking at?"

"No, I didn't see anything." Wu Tian finally came back to his senses and looked away from Blanche's skirt reluctantly.

"You, hoodlum!" Blanche's face reddened as she came to this realization. She was so frightened that she hastily covered her skirt with her hands.

"I'm not a hooligan, I'm just very curious." Wu Tian explained and then quickly walked up the stairs.

"All the men in the world are the same, shameless." Blanche scolded harshly as she covered her skirt with her hands and walked up the stairs.

They went up the stairs and soon returned to the bedroom.

The bedroom was quiet and empty.

Walking out of the bedroom, they saw the previously unconscious servants wake up one after the other. However, they all had stupefied expressions and did not know what had happened until now.

At this time, the old servant Liu Zhong rushed over and asked in concern, "Miss, are you alright?"

Hidden Billionaire Chapter 358 - Queen's Gesture -

C358 Queen's Gesture

"I'm fine." Blanche adjusted her messy hair and quickly returned to her usual aloof and haughty posture.

"It's because I couldn't protect you properly, causing Miss to be injured." Liu Zhong bowed 90 degrees and humbly kneeled down and said, "Please punish me, Miss."

"Let's talk about the punishment later." Blanche sat back in her chair.

Liu Zhong's eyes were sharp. He quickly poured a cup of tea and handed it over. He reported, "I have investigated clearly, those people are ..."

As he said that, he suddenly turned around and looked at Wu Tian.

"It's fine, go ahead." Blanche took a sip of the tea and ordered Liu Zhong.

"Yes sir!"

After Liu Zhong answered, he continued: "This time, the ones who attacked us were Shangguan Family. They bribed us servants to put medicine in the water and food, causing Miss and the servant to be poisoned."

"So that's how it is." Blanche nodded in understanding. She was not surprised by this result.

After thinking for a moment, she asked in a low voice, "Have you found the traitor that was bribed?"

"I've already found out, but she ran away."

"Think of a way to bring this person back to the country. I need to deal with him myself."

"Yes."

"Anything else?"

"Miss." Liu Zhong took a step forward, and said in a low voice: "The Aifei Castle is not safe now, I hope that Miss can return to your homeland as soon as possible."

"I know." Blanche nodded, pointed at Wu Tian and said to Liu Zhong: "Luckily this China young man saved me, and gave him a hundred million China Coins as repayment."

"Yes." After Liu Zhong answered, he quickly took out pen and paper and wrote a cheque of twenty million and handed it over.

"I accept your kind intentions, but I can't accept this money." Wu Tian looked at the cheque and decisively refused: "I only saved Miss Bu with a simple move, I didn't do it for this money."

To be honest, he was indeed very surprised. He did not expect Blanche to be so generous, so she casually took out 100 million as a reward.

"You don't want such a large sum of money?" Blanche was surprised, she did not expect that this China man would not care about the hundred million check.

"Like I said, I didn't save you for money." Wu Tian reiterated his view.

"Very good." Blanche nodded in satisfaction, "Mr Wu, I really admire you more and more now."

"You're too kind!" Wu Tian smiled: "If there's nothing else, I'll be leaving first."

With that, he turned around and prepared to leave.

When he walked to the door, Blanche called out to him again. "Wait, don't be in such a hurry to leave. I still have something to tell you."

"What else is there?" Wu Tian stopped his steps, turned around and asked Blanche with a puzzled expression.

"You don't need the money, but I have a big present for you." Blanche stood up from her chair, walked to Wu Tian and said, "I want to give this Aifei Castle Wine House to you."

"What?"

Hearing this, Wu Tian frowned and said in disbelief, "This winery is a priceless treasure, why is Miss Bu giving it away so easily?"

"A mere winery is nothing to me." Blanche didn't think much of it. She didn't even put it in her eyes.

"Aifei Castle and winery is at least worth a billion, this is not a small amount."

"1 billion is nothing to me." Blanche pursed her lips into a smile and turned to face the window. "No matter how expensive this winery is, it's not as valuable as my life. Since you've saved me, you're the owner of this winery."

"But ..."

"Alright, you don't have to decline anymore." Blanche turned around again and said seriously, "This is just a small token of my sincerity. I hope you can accept it."

"This gift is too valuable."

"You deserve it." After Blanche said this, she waved her hand at Liu Zhong and said, "Give Mr Wu the certificate of ownership of the winery. The transfer procedures will be completed as soon as possible."

"Yes sir!" After Liu Zhong answered, he opened the safe, took out the title book and gave it to Wu Tian, "This is a gift from our Miss, it's just a small gift from you."

"Thank you!" Seeing how sincere she was, Wu Tian did not continue to be hypocritical. He reached out his hand and took the title book.

This is a winery worth more than a billion gold coins. To be precise, this is a priceless treasure, and no one in Luzhou could find another such good location.

Honestly speaking, Wu Tian also liked this winery a lot. Or perhaps, everyone liked this winery.

"I'll give you the winery. All the property is yours." After Blanche finished speaking, she suddenly changed her tone, "However, this castle is still empty. I'll occasionally return to Luzhou to stay here. As for the other ten or so wineries, you can stay anywhere you want."

"No problem." Wu Tian nodded and suddenly had a good impression of this ninny in front of him.

This woman was too generous, and she knew how to be thankful. A wine shop worth more than a billion yuan could offer at any given moment, and normal people couldn't do that.

He was getting more and more curious about this woman's identity. To be able to gift a one billion wine shop as a small gift, her identity must be so great that her family must have an inexhaustible amount of money.

"Alright, I'll return to my homeland in a while. From today onwards, the Aifei Castle will be yours, you can check in anytime." Having said so, Blanche extended her hand and gestured, "You may leave now."

"Then, I wish you a pleasant journey. Goodbye." Wu Tian waved at the girl and left.

Today was like a dream to him. He had somehow met such a girl, saved her by coincidence, and even obtained a winery like this.

He was even more curious now. Just what kind of status did this girl have? She was a combination of beauty, wealth, wisdom, and power. She was so mysterious that it was terrifying.

Just when he was about to go downstairs, Blanche ran over, "Wu Tian, wait a moment."

"Is there anything else?" Wu Tian stopped walking and turned around to see a plump girl running towards him.

He couldn't help but admit that this girl's figure was quite voluptuous. Her clothes couldn't cover up her impressive figure, giving off a feeling of wanting to burst out at any moment.

"Have you seen enough?" After Blanche ran closer, she pressed her hand to her chest and said angrily with a red face.

"Enough." Wu Tian quickly retracted his gaze and asked with a smile, "Miss Bu, is there anything else?"

"I want to remind you once again that you must not mention what happened in the secret chamber to anyone. You must keep it a secret." Blanche whispered as she moved closer to Blanche.

"Don't worry, I will keep it a secret." Wu Tian stretched out his right hand and promised as if he swore.

"That's good." Blanche took out a pink card from her pocket, "This is my personal business card, I have my contact details on it. If you need any help, feel free to call."

"Alright!" Wu Tian nodded and took the business card. He saw that there was only a 2-D number on it. There was no indication of her name and phone number.

This kind of business card was indeed very private, one wouldn't be able to see anything without looking at numbers.

"You can go now." Blanche waved and turned back to her room.

Wu Tian finally put away his business card when the woman's back disappeared and walked down the stairs.

Walking out of the castle, he was once again deeply attracted by the scenery outside. No matter the time, whenever he went out, he would forget his worries.

Hidden Billionaire Chapter 359 - Move to a New Home -

C359 Move to a New Home

"..."

Second floor of the castle.

Blanche was standing in front of the window looking down at Wu Tian. There was a deep look in her eyes. This was the first time she looked seriously at a man.

From the very beginning, she had felt that this China man was a little different from the others. He was an unyielding and steel-like man, and she had been attracted to him from the very beginning.

Afterwards, her body was touched by this man, and they became intimate again. That peculiar feeling left a deep imprint in her heart.

She had lived for more than twenty years, and this was the first time her body had ever been touched by a man. It would inevitably cause her heart to palpitate.

To tell the truth, she had never been moved by a man before. This was the first time her heart had been moved by a man.

I don't know why I was attracted to such a man with China either.

Just as she was staring out of the window in a silent daze, Liu Zhong's respectful voice came from behind her, "Miss, everything is ready. We can set off now."

"No rush. Wait a little longer." Blanche stared out of the window and said this without looking back.

"Miss, I have something that I don't know whether I should ask or not."

"Ask away."

"Since Miss and Wu Tian came out of the secret room, you've become a little strange. I don't know what happened to you two in the secret room." Liu Zhong lowered his head and tried asking carefully.

"Nothing." Blanche turned around and glared at Liu Zhong. She warned him coldly, "Don't ask what you shouldn't ask."

"Yes."

Liu Zhong lowered his head and didn't dare to say too much.

"Alright, let's go!" Blanche glanced outside the window, and she turned around and walked quickly outside.

Liu Zhong quickly followed behind her. The servants and bodyguards also followed closely behind her. They didn't dare to be negligent in the slightest.

Under Blanche's lead, they left the castle, took the tram to the parking lot, and then slowly drove out of Aifei Castle Wine House.

Wu Tian was wandering around the winery. When he saw Blanche leaving with her people, he wanted to go up to greet her. However, after thinking for a while, he didn't chase after her.

He stood at a distance, quietly watching as Blanche and her entourage slowly drove away from the winery.

He did not expect Blanche to bring so many followers with her China;

The fact that she could create such a big commotion and such a big show was truly unimaginable.

He was getting more and more curious about Blanche. How could she be so rich?

Furthermore, there was an even bigger doubt in his heart, what conflicts did this woman have with Shangguan Family? Why was she attacked by Shangguan Family?

All these questions were like a huge mystery that filled him with curiosity about this foreign girl called Blanche.

After Blanche's convoy left the villa, the entire Aifei Castle Wine House became completely silent. He could only hear the sounds of insects and birds, as if they were paradise.

He continued along the boardwalk until he came to a vineyard to the east. The lush vines and verdant greenery made him feel extremely comfortable.

Further on was a golf lawn where no one had played for a long time and the court was deserted.

To the west is a landscape forest, there are pavilions and rockery, is a combination of Chinese and Western landscape.

On the other side were lakes and oases. Waterbirds played here and there, making people forget everything for a moment. It was as if they were in an immortal land.

On the right side was a castle of various shapes and sizes. The distance between the castles was not far, there were a total of more than ten of them. The exterior walls were all especially luxurious.

Outside the castle were lawns, trees, and streetlights. The scenery around each castle was also different.

He casually strolled through the few castles and found that the decorations inside were all very luxurious. However, it had been a long time since someone had lived here and a fine layer of dust had settled inside.

It would be a waste to have so many castles uninhabited.

He spent more than two hours and had yet to explore the entire castle. He only roughly walked around the manor a few times.

It was just that the scenery inside was too beautiful. Even the corners were nice. No matter where one went, they would feel relaxed.

After strolling around for a bit, Wu Tian decided to move in the afternoon and turn this place into a private house.

He said he'd move. After Wu Tian returned home, he said to Shen Xue and Huang Lan, "Elder Sister Lan, Xue, from today onwards, this room will be left for you to stay in."

"Where do you live?" Shen Xue and Huang Lan asked in unison.

"I've found a new home. I'll move in this afternoon."

"What? You want to move?" Shen Xue frowned when she heard that Wu Tian was going to move.

"Right." Wu Tian nodded and instructed Loong Yun, "Pack your stuff, we're moving now."

"Alright!" Loong Yun nodded and started to get busy.

"Azure Dragon, inform Uncle Fugui and ask him to move in with us. Also, you and Xiaofeng will be moving in with us." Wu Tian instructed.

Since Uncle Fugui and Azure Dragon were his men, he would naturally bring them with him. As for Shen Xue, Huang Lan and Su Ruyun, he would let them stay here.

After Azure Dragon and Uncle Fugui moved away, three rooms just came out of the house, so the three women could share one room each.

"I'm going to move in with you." Shen Xue immediately said that she wanted to follow Wu Tian. She didn't want to live in a place like this with Huang Lan.

"Isn't it good that you live here? Why do you want to live with me?"

"In any case, I don't care. I just want to be with you." Having said so, Shen Xue ran into the bedroom and began to pack her things.

Before Wu Tian could reply, Huang Lan also interrupted him and said, "I will move in with you guys."

"Actually, I feel like ..."

"Then it's decided." Huang Lan didn't give Wu Tian a chance to speak at all. She strode into the bedroom and busied herself with cleaning up her things.

"Bastard!"

Looking at the busy figures of the two women, Wu Tian wanted to cry, but no tears came out. He didn't expect to be entangled by these two women, he couldn't get rid of them.

Could it be that these two women wanted to pester him for life?

There was nothing he could do. Right now, he could only bring two women to live with him.

After staring at the two girls for a while, Wu Tian raised his head and fixed his gaze on Su Ruyun. "You're coming with us?"

"Of course, my main responsibility now is to protect you." The corners of Su Ruyun's mouth twitched as she put on a look of helplessness even though she was unwilling.

"Alright!"

Wu Tian shrugged indifferently, "It's fine if there's one more, it's better if there's less of you. You guys can go together."

After packing their things properly, they carried their things down the stairs and drove a few cars, which were Hao's, towards Aifei Castle Wine House.

After getting off the car, everyone was stunned by the beautiful scenery before them.

Looking at the beautiful scenery of the manor, Shen Xue couldn't help but sigh with emotion. "Beautiful, it's really too beautiful. This should be the manor with the most beautiful Luzhou. No, this should be the manor with the most beautiful China."

"It is indeed beautiful. As soon as I entered the manor, I felt refreshed and relaxed." Like Shen Xue, she was immediately captivated by the layout and beautiful scenery inside.

The two girls were as happy as butterflies, chasing and playing on the grass, as happy as two children.

Huang Lan didn't say anything. She merely turned her head and swept a glance over the beautiful scenery of the manor, feeling incredibly relaxed.

Hidden Billionaire Chapter 360 - Esteban's Castle -

C360 Esteban's Castle

Staring at the huge winery for a long time, Huang Lan couldn't help but question, "As far as I know, this is a winery built by the international giants, how did it become your private house?"

"This is a long story, I'll explain it to you when I have time in the future." Wu Tian didn't want to explain so much about what happened this morning.

"Is this winery really your personal property now?"

"Of course." Wu Tian took out the title book and handed it to Huang Lan, "Look, the title book is in my hands now."

"That's true." Huang Lan took the title book and looked at it, nodding her head in relief.

"Elder Sister Lan, what do you think of this winery?"

"This is the manor with the best Luzhou. I didn't even have a chance to enter it before."

"Alright, from now on, this is our private garden." After Wu Tian said this, he said to the crowd, "Stop the car in the parking lot, let's take the tram to the castle."

After saying this, he led everyone to the castle area.

Everyone in the car turned their heads to look around and took out their phones to take pictures. They were all deeply attracted by the breathtaking scenery inside the car.

This place was like a paradise. The people staying in this elegant castle could make everyone forget their worries and feel extremely comfortable.

Wu Tian pointed at the few big castles nearby and said, "Elder Sister Lan, you live in that castle, Xue, you live there, and Uncle Fugui. You live opposite, Azure Dragon, you and Xiaofeng live here ..."

Uncle Fugui and his family lived in the same castle, Azure Dragon and his sister lived in the same castle, Shen Xue and Huang Lan lived in the same castle, Su Ruyun and Loong Yun lived in the same castle with Wu Tian.

After the arrangements were made, Wu Tian said to everyone, "Go back to your respective castles and pack up. See what kind of furniture and appliances you need. Let Secretary Loong buy them all later."

After he said this, everyone returned to their respective castles.

"Hey!"

Su Ruyun caught up with him and pushed him away, "Why are you arranging for me to live in the same castle as you?"

"Didn't you want to protect me? If we don't live together, how are you going to protect me?" Wu Tian turned around and asked Su Ruyun.

"You're so amazing, do you really need my protection?"

"You know I don't need your protection, then why are you still sticking to me?"

Su Ruyun spat on the ground angrily, "If it weren't for the city's order, I wouldn't have protected a scoundrel like you."

"Who are you calling a rascal?"

"What's wrong with scolding you?" Su Ruyun raised her head and refused to show any weakness. Even if she could not beat Wu Tian, she would not be afraid of this man in front of her.

"That's right, I'm a scoundrel." Wu Tian smiled evilly and approached the woman, "Today I'll let you know how good I am as a rascal."

"What are you doing?" Su Ruyun was so frightened that she grabbed onto her chest and retreated several steps backward. Her eyes were filled with caution.

Wu Tian pretended to laugh evilly. He rubbed his hands and said, "It's been a long time since I've taken advantage of Police Officer Su. My hands are itchy now."

After he finished speaking, he extended his hand and poked Su Mei.

He didn't know why, but every time he saw this woman's face, he couldn't help but want to tease her.

With a blush on her face, Su Ruyun scolded with a cold look on her face, "Bastard! How dare you poke me! You're courting death!"

After she finished cursing, she raised her leg and kicked Wu Tian.

Wu Tian slightly leaned to the side, dodging the attack. At the same time, he stretched out his hand to grab Lili's leg. "Police Officer Su, you look so beautiful in a dress. Your long legs look so beautiful!"

"Bastard, let go." Su Ruyun finished her sentence and swung her fist ready to smash Wu Tian.

Seeing that his fist was about to hit Su Ruyun, Wu Tian was so frightened that he hurriedly lifted up Su Ruyun's right leg and warned, "Don't move, if you move again, you'll be gone."

"Shameless! Let go of me!" Su Ruyun was so frightened that she hurriedly used her hand to press down her skirt. Anger burst out from her face.

"Police Officer Su, if I'm not wrong, you're wearing Victoria."

Su Ruyun's face turned red. She was so scared that she tightly suppressed her skirt and scolded, "Scoundrel, you are really shameless."

"The more shameless ones are still to come." Wu Tian continued to push Su Ruyun's right leg up.

Su Ruyun cried out in pain as her expression turned uglier and uglier.
"Bastard, hooligan, pervert, quickly let go ..."

Wu Tian smiled evilly. Just as he was about to take action, he heard a shout from behind him: "Stupid Wu Tian, what are you doing?"

When he turned around, he saw Shen Xue walking in with a small suitcase in her hand. Anger was raging all over her body.

"It's nothing, I was just messing around with Police Officer Su!" Wu Tian opened his mouth and closed it, the smile on his face looked really awkward.

"Let go!"

Shen Xue ran over and pushed Wu Tian away. She then asked Su Ruyun with concern, "Sister Su, are you alright?"

"Ah, it hurts." Su Ruyun hugged her right crotch and frowned from the pain.

Wu Tian, this bastard, is really a beast. He doesn't know how to treat women and almost broke her thigh.

"Sister Su, is Wu Tian bullying you again?" Shen Xue asked anxiously with a pained expression.

During this period of interaction, Shen Xue and Su Ruyun had a particularly good relationship and became close and intimate sisters.

"That bastard." Su Ruyun raised her head and glared at Wu Tian. She bared her teeth and said viciously, "He took the opportunity to take advantage of me just now and was still touching me."

"Shameless!"

Shen Xue glared angrily at Wu Tian and warned, "If you dare to bully Sister Su again, don't blame me for being ruthless."

"Don't misunderstand, I was just joking with her." Wu Tian explained and quickly changed the topic, "Oh right, Xue, why didn't you clean up the room and instead pulled the luggage over for?"

"That castle is too big, it's a bit scary to live alone in the emptiness, I'll move in with you guys." Shen Xue explained.

"You want to live with me?"

"Right." Shen Xue bit her lips and confidently said, "I want to live with big sister Su so that you won't bully her again."

"Alright!" Wu Tian didn't say anything.

With Shen Xue's stubborn temper, it wasn't easy for her to be chased away. As long as Elder Sister Lan didn't stay with her, it would be fine.

Xue and Elder Sister Lan were incompatible like fire and water. If these two women were living together, then the house would certainly be in chaos.

As long as Elder Sister Lan did not come, the home would be quiet.

As he thought of this, when he raised his head, he was completely dumbfounded. He saw Huang Lan holding onto a small suitcase, standing at the door.

"Elder Sister Lan." Wu Tian's mouth twitched a few times and he tried asking: "Why are you holding the suitcase?"

"I'll move in with you." Huang Lan's tone was extremely domineering, as if this was her own home.

"My God." Wu Tian was on the verge of tears. He was really afraid of something, "Elder Sister Lan, why are you moving over as well?"

"My castle is too big and empty. Living alone is boring." Huang Lan gave him this reason.

"Alright!" Wu Tian really suspected that the two women had discussed this before. They even had the same reason to live here.

Since he had let Xue live here, there was no reason for him to chase Elder Sister Lan away now.
