

Hidden Billionaire Chapter 361 - Rapid Development -

C361 Rapid Development

Just like that, the castle that Wu Tian was in was quickly filled up. Other than him and Loong Yun, the three girls Su Ruyun, Shen Xue, and Huang Lan also moved in.

Fortunately, the area of the castle was very large, it was several times larger than the district they lived in before. Even if there were ten people living here, it would still be very spacious.

The first floor of the castle had a main hall, and behind the main hall was a kitchen and a dining room. The first floor's layout was quite simple.

The second floor had nearly ten rooms. In addition to the bedroom, there was also a study, a utility room, and two washrooms.

Wu Tian lived in the master bedroom, Secretary Loong in the next room, and Sofia, Elder Sister Lan, and Police Officer Su in the other room.

Everyone was busy tidying up their rooms. When they were done, they went out to buy furniture and bedding.

Wu Tian and Azure Dragon brought all the books from the study to the second floor and placed them in the study on the second floor.

It wasn't until it was almost dark that they were able to tidy up the room. They were all sweating and exhausted.

When they were almost done, they all went out to dinner and had a little celebration of moving to a new house.

During this period of time, everyone lived extremely happily in Aifei Castle. Living in this winery was like living in a tourist area.

Wu Tian also adapted to his new home very quickly. As usual, he would go to the company every day after class and occasionally go to hotels and business streets. At night, he would study in his study room.

Recently, Wan Street has been developing very quickly. Ever since the last live broadcast of the grand ceremony and Food Festival, Wan Street has

exploded in a single shot, quickly attracting customers and becoming a popular new business street.

As long as there was a large amount of traffic, there would be enough customers. Then, the business would be able to operate and the shops would be easy to sell.

Relying on the shop selling rental, Wan Street was able to quickly recoup the money, and within a month it had sold for close to a billion.

Jiang Wan took the money and continued to carry out his activities, continuing to attract people. At the same time, he developed his unique business street.

According to the plan, one-third of Wan Street's stores were his, and he used them to create special delicacies and unique local products.

The remaining two-thirds of the stores were either sold or rented in order to recoup the amount of money, or to enrich the business style of the business district and form an industrial competition pattern.

This way, he could form a virtuous circle, trying to attract more people and let them drive more businesses, which he used to develop more business areas.

Aside from Wan Street, the development of Seafood TV had surged to the top, becoming a first-rate platform for Luzhou in a single leap. It was qualified to compete head on with Odd Fish.

Ever since the live broadcast of the grand ceremony, the Seafood TV attracted a lot of traffic host s, causing a lot of traffic on the platform. It is developing very quickly.

At this rate, it was very likely that his Seafood TV would surpass his own, and become a genuine top-notch direct broadcast platform.

Seeing that the development of Seafood TV and Wan Street was so fast, Wu Tian had a sudden thought and decided to let the two of them work together to develop across borders.

He had Seafood TV organize weekly activities on the Wan Street, using delicacies, specialties, entertainment and other categories to carry out various thematic activities, and at the same time, had the host spread the news and conduct drains for the live streaming room. They continuously created topic

and heat up, treating the Wan Street as though it was a popular business street in the Luzhou network.

On the other hand, Wan Street gave out food wrappers, wrapping paper, posters, and so on to the merchants for free, helping host and the platform to publicize their products.

At the same time, the profits of the shops on the commercial street was split with the host, raising the enthusiasm of the host's promotional products.

After Wu Tian put forward this idea, Sunn Sheng and Jiang Wan immediately agreed and began cooperating. They bundled together to promote and mutually benefit each other.

This kind of innovative development model was extremely successful very quickly. The Wan Street was created into the Luzhou Network Red Business Street in a short amount of time, and the flow of people increased yet again.

The shops where they had previously bought Wan Street had increased by three times in the short span of a few months.

Not only did the merchants earn money, the Seafood TV host also earned a lot of money.

The seafood host not only made money on the platform, they could also earn a share of the profits from the Wan Street Shop. The wages of the host s were generally higher than the other platforms.

This attracted even more host of high quality to be present. In an instant, the Seafood TV became extremely popular, and quickly surpassed the Odd Fish's direct broadcast, becoming the number one direct broadcast platform for the Luzhou.

There was no such thing as a smooth sailing at any time. Just as everyone was rejoicing over this, a series of negative news came from the Seafood TV.

Early Sunday morning, Wu Tian received a call from Sunn Sheng as soon as he woke up. "Tian, something bad happened. Something big happened."

"What happened?" Wu Tian had a bad feeling about this.

To make Sunn Sheng panic like this, it must be a big deal.

"Negative news about the flow of traffic on our platform spread across the entire host. People flowed down rapidly, and even Elder Sister Lan ..."

"What happened to Elder Sister Lan?" Before Sunn Sheng could finish his sentence, he was interrupted by Wu Tian and asked about the situation.

Anyone can get into trouble. But nothing could happen to Elder Sister Lan.

Elder Sister Lan was currently the pillar of the Seafood TV. If something were to happen to Elder Sister Lan, then she would have a great impact on his Seafood TV and it would also be bad for Elder Sister Lan herself.

"Elder Sister Lan isn't a bad news. Someone is just spreading rumors and trying to discredit her. If this goes on, it will definitely affect Elder Sister Lan's image." Sunn Sheng explained.

"Is that so?" Wu Tian actually felt a lot more relieved after hearing that.

With Elder Sister Lan's current status and influence, without substantial negative news, it would be hard for her to shake Elder Sister Lan's foundations.

However, when he thought about it again, Elder Sister Lan was the cleanest artist in the entertainment circle. Other people would find it difficult to obtain any negative news from her, so he did not have to worry.

"Apart from Elder Sister Lan, all the other female hosts on our platform have suffered damage to their image, causing their popularity to drop greatly. This is not good for us. "

"This is an organized retaliation against our platform." Wu Tian thought for a moment, then said into the phone, "I suspect that this is a competitor's attack on us."

"Are you talking about Odd Fish?"

"It's very possible, but I haven't confirmed it yet, so I don't dare to make a conclusion."

"Then what should we do next?"

"This way ..." Wu Tian thought for a moment, then instructed the phone, "Ask the media who works with us to clarify this for Elder Sister Lan. Tell them to publish more positive news and craft activities."

"Then what about the other flow of host s on our platform?"

"Now that the negative news has been exposed and is affecting the host, let's make them stop their host." Wu Tian paused for a moment and continued, "If they don't make a mistake, then no one else will be able to find out their mistake. They are courting death."

"If we ban it, it will be a great loss to us."

"There's no other way. Right now, I can only cut off my arm to survive." After Wu Tian said this, he changed his tone, "You have to remember, we cannot only pursue flow and popularity, if we want Broadcasting Station Head to develop, we have to ensure that every host is clean."

"Makes sense."

"No matter how big the host is, as long as they make a principled mistake, they will be banned."

"Yes."

"Also, you investigate who did this to us behind the scenes."

"Understood."

"Alright, let's do it like this for now!" Wu Tian hung up after saying that.

Hidden Billionaire Chapter 362 - End Ceremony -

C362 End Ceremony

After he hung up, he took out his phone and called Lee Mu, asking him to arrange for people to investigate the secrets of Odd Fish broadcast live.

As long as the conspiracy surrounding Odd Fish Owner Wang Shaohua and the Odd Fish host were unearthed, and as long as they confirmed that the Odd Fish was behind their backs, they would immediately launch a counterattack.

After making this call, Wu Tian received good news. The Flowers Bloom That Year had been filmed and the afternoon ceremony was concluded at Shangri-La Hotel.

This news was truly inspiring. Wu Tian decided to bring Elder Sister Lan along to the end of the ceremony to share the beautiful moment.

After a simple wash, he brought Huang Lan with him to the Shangri-La Hotel.

The hotel was already packed with entertainment industry celebrities and famous directors invited by Qiao Fugang.

Some celebrities knew Huang Lan and took the initiative to greet her. On the surface, they were very respectful to Elder Sister Lan.

Qiao Fugang, Yan Jie and the others were busy receiving guests. When they saw Wu Tie, they took the initiative to greet him.

"Boss Wu, Miss Huang, welcome to the two of you." Qiao Fugang looked to be in a very good mood today.

"Director Qiao, Yan Jie, you've all worked hard." Wu Tian took the red wine from the waiter's hand, raised his glass and smiled, "Here, a toast to you."

"Thank you!" After Qiao Fugang and Yan Jie thanked him, they each took a glass of wine and clinked their glasses with Wu Tian's, then raised their glasses and drank.

After drinking, Wu Tian couldn't help but praise the two of them, "Not bad, I didn't expect you two to finish this new movie so quickly."

"It's all thanks to the team. With Boss Wu's help behind the scenes, we were able to make it so easy." Qiao Fugang said politely.

"You guys are really quite a good team. I really admire you guys."

"Thank you, Boss Wu, for your praise." After Yan Jie thanked him, she couldn't help but ask, "Since our team is so outstanding, should Boss Wu continue investing?"

"After the movie is released, if it can be sold, I will definitely invest in your team." After Wu Tian said this, he added: "I still want to set up a film and television company to let your team invest in it."

"Boss Wu, you said it yourself, don't go back on your word."

"Don't worry, I, Wu Tian, will keep my word."

"Alright, then I wish our new movie will go on sale."

"It's a big box office deal!" Wu Tian clinked his glass with the others once again, then finished the red wine in the cup in one gulp.

After drinking, Qiao Fugang said apologetically, "Boss Wu, Miss Huang, wait a moment, I will go receive the guests. The ceremony will soon begin."

"Director Qiao, you can go back to your work first. Don't worry about us."

"Then excuse me." After Qiao Fugang said this, he led Yan Jie to receive the other guests.

As soon as the two of them left, a man in a suit came over to greet Huang Lan. "Long time no see, Miss Huang. Nice to meet you."

The man was in his forties and looked like a gentleman.

"What a coincidence, CEO Lu, I didn't expect to meet you here." Huang Lan squeezed out a smile.

Other than Wu Tian, in front of any man, she looked like a superior being.

"Here, let me toast Miss Huang." Lu Ren raised his glass and clinked it with Huang Lan's, then he drank all of the red wine in the cup in one gulp.

"Thank you!"

Out of politeness, Huang Lan had to take a sip of red wine from her glass.

"Miss Huang, I heard you're thinking of producing an album?" Lu Ren asked with a smile after finishing his wine.

"Right." Huang Lan nodded, not concealing her ambition at all. "I also want my own album to be popular in both the north and south of the river."

"You should know the power of our company. I can help you with that."

"Really?"

"Of course." Lu Ren took two steps forward and looked at Huang Lan with greed, "As long as you agree to a small request of me, I can help you release your album."

"What request?"

"Accompany me for a night's sleep." After saying that, Lu Ren reached out to hug Huang Lan's waist.

Before his hand could even touch Huang Lan's body, Lu Ren's face received a slap that caused him to spin on the spot and almost fall to the ground.

The one who hit him was none other than Wu Tian.

Hearing that the man in front of him wanted to play with Elder Sister Lan, Wu Tian immediately got angry. Without saying anything else, he slapped him hard.

Even he was surprised by this. He did not expect to care so much about Elder Sister Lan in his heart. Anger welled up in his heart when he saw that someone was being frivolous to Elder Sister Lan.

This slap was very loud, immediately alerting a lot of guests. Everyone quickly gathered around to watch the commotion.

Upon seeing CEO Lu being slapped in the face by a brat, everyone was dumbfounded and couldn't help but discuss among themselves.

They were cursing this brat for not knowing his place and for daring to lay his hands on Boss Lu. He was clearly tired of living.

Lu Ren was the boss of the Ren Yin Group. He had a lot of power in the Luzhou and in the entertainment circle, ordinary people would not dare to offend him.

This unknown brat in front of him was truly daring to even attack Director Lu. Was he planning to throw his life away?

Looking at Lu Ren, he was struck senseless. It was only after a long time did he come back to his senses. He angrily asked: "Who hit me just now?"

Until now, he had no idea who had hit him.

"I hit you." Wu Tian took a step forward and stared at Lu Ren with his cold eyes like an eagle.

"Good boy, you dare to attack me? Do you know who I am?" Lu Ren bared his teeth and asked ferociously.

"No matter who you are, as long as you dare to disrespect Elder Sister Lan, don't blame me for being merciless." Wu Tian said coldly.

Huang Lan, who was at the side, did not say anything, but her heart felt sweeter than if she had eaten honey.

She didn't expect that she was so important to Wu Tian. Seeing Wu Tian desperately defending her, she felt especially warm in her heart.

"I'll tell you the truth, I'm the boss of the Renyin Corporation." Lu Ren took a step forward, pointed at Wu Tian and threatened: "Do you believe that I won't kill you?"

"I don't believe you."

"Good boy, are you not afraid of death?" Lu Ren was so angry that his body was trembling. He shouted at the top of his lungs: "Old Qiao, Old Qiao ..."

After shouting a few times, Qiao Fugang and his men rushed over.

He took a look at the chaotic scene and hurriedly asked Lu Ren: "CEO Lu, what's going on? What exactly happened? "

"I was beaten by this kid." Lu Ren pointed at Wu Tian's nose and roared. He then said to Qiao Fugang, "Quickly, help me teach this kid a lesson and throw him out of here."

Qiao Fugang glanced at Wu Tian and stood there without moving or saying anything.

"Old Qiao, what are you blanking out for? Quickly throw this kid out." Lu Ren pulled at his throat and impatiently urged.

"I'm sorry!"

Qiao Fugang smiled apologetically, pointed at Wu Tian and introduced, "Wu Tian is the investor in my new movie and also one of the main characters today."

"He's an investor?" Hearing that, Lu Ren was instantly dumbfounded. He didn't expect that this unassuming fool in front of him was actually an investor.

The onlookers were also taken aback. They didn't expect this poor brat to actually invest in Director Qiao's movie. No wonder he dared to be so arrogant here.

Hidden Billionaire Chapter 363 - To Protect Sister Lan -

C363 To Protect Sister Lan

"Director Qiao, is he your friend?" Wu Tian pointed at Lu Ren and asked Qiao Fugang.

"Right." Qiao Fugang nodded and tried asking: "Boss Wu, is there any misunderstanding between you two?"

"This old thing insulted Elder Sister Lan. He wants to have sex with her. Do you think he should hit her?" Wu Tian couldn't suppress the anger in his heart even now.

"Hit him. He should be hit." Upon hearing this, Qiao Fugang immediately got angry, "I support Boss Wu."

"Good, then get someone to throw this old fellow out and don't let me see him again." Wu Tian waved his hand impatiently and instructed Qiao Fugang.

"Alright!"

Qiao Fugang nodded and instructed the hotel security, "Throw Lu Ren out and don't let him in again."

"Yes." After the two security guards received the order, they pounced towards Lu Ren.

"Qiao Fugang, if you dare to throw me out today, I'm not done with you." Lu Ren threatened with a cold voice.

"I don't have a friend like you, scram." Qiao Fugang didn't care that much, he waved his hand towards the security guard and ordered: "Throw him away."

Just like that, Lu Ren was dragged out of the hotel by the security guards in public.

Before Lu Ren was thrown out, he could still hear Lu Ren curse, "Qiao Fugang, and Wu Tian, I'm going to fight you to the death. I'll definitely find someone to kill you guys ..."

After Lu Ren was thrown out, the celebration ceremony continued. No one was affected by what happened just now. They continued to drink and chat.

"Kid, thank you for what you did just now." Huang Lan raised her glass towards Wu Tian and said in a gentle tone, "I didn't expect you to care so much about me."

"You're my Elder Sister Lan. I won't allow anyone to touch and defile you." Wu Tian's tone was never as domineering as it was now.

"Kid, have you fallen in love with me?" Huang Lan took a sip of red wine. She put her mouth close to Wu Tian's ear and breathed out hot air.

Wu Tian's ears twitched and he quickly took two steps back. He reminded her, "Elder Sister Lan, there are too many people here."

"If there weren't enough people, would you have already knocked me down?" Huang Lan licked her lips and continued teasing him.

"I ..."

Wu Tian glanced at the mesmerizing Huang Lan and warned her, "Elder Sister Lan, don't tease me again. Be careful not to set yourself on fire."

"I'm not afraid of you. Come if you have the ability."

"That's what you said." Wu Tian dared to reach over and grab her leg directly from between her skirts.

Maybe it was because his actions were too violent, Huang Lan's face suddenly turned red. She quickly used her elbow to block Wu Tian's body, "You, you, quickly let go of me."

"What, is Elder Sister Lan scared?"

"I ..." Huang Lan turned her head and looked around before urging, "Let go of your hand first."

"I'll let Elder Sister Lan off this time." Wu Tian was worried that the impact would be too bad, so he could only obediently withdraw his hand.

Huang Lan took two steps back and hastily tidied up her dress. Soon, she returned to her usual aloof and cold self as she berated, "You're getting bolder and bolder. You're getting bolder and bolder."

"Elder Sister Lan is still the same as ever. She wants to tease me, but she's afraid that I'll take it seriously." Wu Tian shook his head with a bitter smile. He grabbed the red wine in Elder Sister Lan's hand and took a big gulp to cover up the awkwardness of his body.

"He won't joke with you in the future." Huang Lan rolled her eyes in annoyance, but she quickly regained her composure.

"Oh right, Elder Sister Lan, how did you get wet on your legs?"

"Wet?" Huang Lan stretched out her hand to wipe it and discovered that her legs were indeed wet.

Wu Tian pursed his lips and smiled. He leaned his head over and teased, "Elder Sister Lan couldn't have been scared by me. Did you pee?"

"Don't talk nonsense." Huang Lan rolled her eyes coquettishly and explained, "The red wine that was poured on my legs just now."

"Suction!"

Wu Tian sniffed and continued to tease, "Why does red wine smell like urine?"

"F * ck off." Huang Lan nudged Wu Tian lightly on the chest and said in annoyance, "You're the one who's being coquettish!"

"Even if she is, Elder Sister Lan is still the purest slut in the world."

"I'm usually just joking with you, but I don't have that kind of feeling in my bones."

"I know." Wu Tian stopped smiling and said in a serious tone, "In my heart, Elder Sister Lan is the cleanest woman in the world."

"It's good that you know this." Huang Lan's face blossomed into a joyous smile that she had never had before. She liked the word 'clean' because it should be the best praise she could get.

At three o'clock in the afternoon, the guests had all arrived. The celebration had officially begun.

The host gave his opening speech, then invited the director and the lead actors to come on stage one by one, and finally invited investor Wu Tian to come on stage and speak.

Wu was able to handle this kind of scene. He first thanked Qiao Fugang's team and actors when he got on the stage, and then made a simple introduction to the new movie.

When he was about to end his speech, Lu Ren barged in with a group of people. The celebration was concluded in such a manner that it was abruptly interrupted.

The guests all retreated, knowing that there would be a good show to watch.

The sound of someone charging in rang out.

Lu Ren barged into the hotel lobby and directly smashed a few red wine cups. He deliberately caused chaos to destroy the celebration's ending ceremony.

"Lu Ren, what do you mean?" Qiao Fugang took a step forward, pointed at Lu Ren and asked angrily.

"Just now, I was slapped by Wu Tian, and then I was thrown out of here by you guys. It could be said that I lost all my face." Lu Ren gritted his teeth and said viciously.

The thought of being slapped in the face, of being thrown out of the hotel in public, drove him mad.

Ever since he was young, he had gone along with the flow, never having received such a great humiliation. It was the first time he had received such humiliation just now.

After he was thrown out of the hotel, he called the company. He asked the company to bring in executives and security, and no matter what, he had to get his face back.

"Lu Ren, it's your fault. Otherwise, we wouldn't have attacked you." After Qiao Fugang said this, he changed his tone to one of discussion, "You guys leave first, we'll talk later if you have anything to say."

It was time to celebrate the end of the ceremony. It must not be destroyed to avoid the negative effects of the movie.

"It's impossible for me to leave." Lu Ren walked in front of the stage and said fiercely, "Unless you apologize to me in front of everyone, I will let you guys have a taste of the chaos."

"Old Lu ..."

Qiao Fugang wanted to say a few soft words to calm the situation down, but before he could finish, he was interrupted by Wu Tian. "Director Qiao, let him cause a ruckus. The more trouble, the better it is."

"What?" When Qiao Fugang heard this, he was stunned. He didn't expect Boss Wu to allow them to cause trouble here.

If this continues, it will not only affect the conclusion of the celebration, but it will also have a negative impact on the movie.

"In addition, call all the media reporters and have them come over to report on this matter." Wu Tian patted Qiao Fugang's shoulder, the corner of his mouth hooked up into a sly smile: "I want to take this opportunity to advertise our new movie."

"Are you saying that we should use this negative news to advertise the new movie?" Qiao Fugang seemed to understand Boss Wu's intention.

"Right."

Wu Tian nodded and looked at the audience thoughtfully, "We must seize every opportunity to imperceptibly promote the new movie to everyone. This is the highest level of promotion."

Hidden Billionaire Chapter 364 - Dealing with the Situation Fluently -

C364 Dealing with the Situation Fluently

"Alright, I support Boss Wu." Qiao Fugang nodded in approval. Although this method was risky, the effect of advertising was definitely not bad.

Many movies will create negative news to promote the new film, this time is only taking advantage of the situation, using Lu Ren to promote the effect.

"Director Qiao, quickly contact the media we are working with. Make specific reports and lead the mainstream media." Wu Tian reminded him again.

"Alright, I'll contact the media right away." Qiao Fugang nodded, then arranged for people to contact the media reporters.

Below the stage, Lu Ren was getting more and more boisterous, constantly throwing red wine and cups, causing chaos. At the same time, he was provoking others with his words.

The guests had long since retreated to the side in fright. They stood in the distance in fear and trepidation as they watched the show. To them, this was far more exciting than today's ceremony.

The actors on the stage were all panicking. They had never encountered such a situation before and did not know how to respond.

"Everyone, don't panic. Listen to my commands." Seeing that the actors on the stage were panicking, Wu Tian quickly tried to calm them down: "Don't worry, with me here, there won't be any problems. We'll just let them mess around. Let's continue."

After saying this, the actors on stage clearly relaxed a lot.

Even the boss was not afraid. As professional actors, what was there to be afraid of? They gradually calmed down.

After comforting the actors, Wu Tian took the microphone and calmly said, "The ceremony will continue. The hotel's security guards will all retreat to the side. With me here, no one needs to panic."

The hotel security guards were ready to act, but they obediently moved to the side when they heard his words.

The guests were also sighing. They did not expect Wu Tian to be so ambitious. Someone had already come to smash the stage and he still had the mood to continue the ceremony.

At this moment, a group of media reporters rushed over and started to interview all at once.

"Silence." Wu Tian held the microphone and told the reporters to be quiet. He then continued, "After the ceremony ends, everyone can come interview us again."

After that, the reporter stopped the interview to see how the cast and actors would proceed with the ceremony.

After all, those people in the center of the field were still causing trouble. If they could continue with the ceremony, then it would be very impressive.

"The movie called Flowers Bloom That Year has been successfully completed. We want to thank the cast and the actors for their work on this film. For the film itself, this is just the beginning..." Wu Tian spat on the ground as he spoke.

Wu Tian was not affected by the audience at all. He completely treated Lu Ren as air and seriously narrated the matters related to the movie.

Wu Tian's ability to speak was very good. He had eased the atmosphere and influenced everyone's mood.

After a short speech, Wu Tian made a temporary decision: "Next, let's invite famous singer Huang Lan to sing for us."

Huang Lan was slightly stunned, she did not expect Wu Tian to let her sing on stage all of a sudden. She hadn't prepared anything before.

However, to a professional singer like her, her ability to adapt to situations was very strong. She would often go onstage to sing, so naturally, she wouldn't panic in this kind of situation.

Under the watchful eyes of the crowd, Huang Lan strode onto the stage, took the microphone and said, "Congratulations, film Flowers Bloom That Year has successfully completed its filming. Bless the Flowers Bloom That Year for a huge sale, I congratulate everyone with a song. "

With that, she began to sing.

However, the noise below the stage was too loud. Lu Ren's provocation and humiliation would inevitably affect her mood.

Under the interference of Lu Ren, she was affected. Just as she was about to go out of tune, at the critical moment, Wu Tian reached out from behind and put his arm around her waist.

This gave her great encouragement, eliminating all distracting thoughts, and she quickly calmed down and began to seriously sing.

The guests below the stage were also brought into the situation by the song, gradually forgetting all their worries and immersing themselves in the beautiful music.

After the song was over, the guests all raised their hands to applaud.

There was warm applause in the hall.

The applause instantly suppressed the noise Lu Ren made.

Below the stage, Lu Ren and the others were like clowns. The noise and chaos they created were ignored by everyone, making them become a laughing stock.

This made Lu Ren quite angry. He brought people to destroy the ceremony, but he did not expect Wu Tian, Qiao Fugang and the others to ignore his existence, treating him as air.

Thus, his plan failed, and his act of sabotage became a failure. Instead, he became a target of public criticism.

However, he was unwilling to admit defeat. He took out his phone and made a call. He wanted to use his killer move to find reinforcements to deal with Wu Tian and Qiao Fugang.

After the applause, Qiao Fugang took over the microphone from Huang Lan, "Thank you for your beautiful note, and a generous gift for the Flowers Bloom That Year. On behalf of the crew, I thank Miss Huang."

With that said, Qiao Fugang bowed towards Huang Lan along with the actor.

"Director Qiao, you're too polite." Huang Lan nodded and replied with a smile, "Again, I wish the Flowers Bloom That Year a big sale."

With that, she turned around and walked off the stage.

At the same time, she secretly let out a sigh of relief. Luckily, Wu Tian had comforted her silently just now, which prevented her from making a fool of herself on stage.

On the stage, Qiao Fugang finished his speech and finally announced loudly: "Today's ceremony is officially over. Thank you for everyone's support and love."

After these words were said, the crowd below the stage burst into applause.

This ceremony could be said to be different from the others. Everyone's eyes were opened, they never would have thought that the commotion below the stage would be so fierce, and the ceremony could even be carried out so perfectly.

Through this ceremony, everyone's impression of Director Qiao and the film crew multiplied, especially Wu Tian.

After the youth killing ceremony ended, Director Qiao brought actors to open champagne to celebrate, while the reporters surrounded Lu Ren and the others.

Very quickly, the reporter unearthed Lu Ren's real identity, and kept questioning Lu Ren why he made a scene in public. Why did you take someone to destroy the ceremony?

All of a sudden, Lu Ren was rendered speechless by the question. Facing the questioning of so many reporters, he didn't know how to answer.

It was soon revealed that Lu Ren was slapped in the face by Wu Tian because he was frivolous over Miss Huang. Then, he was thrown out of the hotel by Director Qiao.

Just because of this, Lu Ren was not convinced, so he brought people over to the hotel lobby to stir up trouble, using this to disrupt the Flowers Bloom That Year's ceremony.

After knowing this reason, the reporters started to criticize Lu Ren, and all sorts of insults were thrown.

At the same time, the reporters reported Lu Ren's negative news, along with the promotions of the Flowers Bloom That Year, to achieve a win-win effect.

All of a sudden, Lu Ren fell into the whirlpool once again. Not only was his reputation damaged, he had also lost all of his face, and even the company was affected.

Facing the reporters' curses, Lu Ren completely collapsed. He roared: "That's right, I want Flowers Bloom That Year to fail completely, I want Wu Tian and Qiao Fugang to kneel down and beg me."

"What ability do you have to let the Flowers Bloom That Year fail?" The reporters questioned one after another, wanting to know how strong Lu Ren was.

"Don't be in such a hurry. Just wait and see. There will be a good show soon." Lu Ren raised his head and became very manic.

Right now, he was like a mad dog that could pounce on someone and bite them at any moment.

Hidden Billionaire Chapter 365 - Person to Rely on -

C365 Person to Rely on

Not long after, a group of men in suits and suits barged in. The one in the lead was a middle-aged man with a pot-bellied belly and a domineering aura.

This man was none other than the famous Wu Changshan of Jiangnan, who controlled 90% of the movie theater's resources.

The moment he appeared, the crowd burst into an uproar. They couldn't help but comment on the movie theater tycoon.

Lu Ren quickly walked up to him and humbly kneeled down in front of Wu Changshan to curry favor with him: "Mr Wu, you came."

He had no choice but to call Wu Changshan to help him deal with Wu Tian and Qiao Fugang.

"CEO Lu, I heard you were beaten?" Wu Changshan threw his hands behind him and asked in a deep voice.

"Right." Lu Ren nodded and explained with a sad face, "I was beaten up by that kid called Wu Tian."

"Then how do you want me to help you?"

"That brat invested in taking Flowers Bloom That Year s. I hope that Mr Wu's cinemas can cancel their collaboration with him and leave them with nowhere to play their movies." Lu Ren directly stated his intentions.

"Okay, then we will do as you say. We will cancel our cooperation with the Flowers Bloom That Year." Wu Changshan immediately agreed to this proposal. He walked over to Qiao Fugang and said, "Our cinema will not broadcast your movies."

"What?" Hearing that, Qiao Fugang's face instantly turned dark and gloomy.

Right now, Wu Changshan controlled 90% of the movie theater's resources. If the collaboration was cancelled, the Flowers Bloom That Year movie would not be released, and all efforts would be in vain.

After a moment of surprise, Qiao Fugang rushed forward to plead: "Mr Wu, we have already signed the contract, how can you cancel the cooperation temporarily?"

"You've offended my friend Lu Ren, so I'm going to cancel my cooperation with you." Wu Changshan raised his head with a domineering attitude.

"Lu Ren is your friend?"

"Right."

"I also did not expect Director Lu to be your friend. It was just a misunderstanding between us and Director Lu." At this point, Qiao Fugang had no choice but to lower his head.

Anyone can offend him, but not Wu Changshan. After all, this big boss controls the resources of Jiang-Nan cinema.

If you offend Wu Changshan, you will lose the resources of the cinema and the movie won't be broadcast online.

"I don't want to make this too ugly, either." Wu Changshan shook his suit and said with a airs, "How about this, I'll give you guys a chance. As long as you and Wu Tian apologize to CEO Lu in front of everyone, I'll let you guys off."

"This ..."

Qiao Fugang felt a bit awkward. It was fine to apologize in front of everyone for the movie to get online.

However, it would be difficult to get Boss Wu to apologize in front of everyone.

Thinking for a moment, Qiao Fugang looked at Wu Tian with an inquiring look, "Boss Wu, should we apologize?"

"No, I would never apologize to Lu Ren." Wu Tian jumped down from the stage and approached Wu Changshan, "It was Lu Ren's fault first. Why should we apologize?"

"Based on strength and influence." Wu Changshan put his hands in his pockets and looked up arrogantly, "If you don't apologize, I will make sure your movie won't go to the cinema and all your investment will be for nothing."

"Do you think you can make a living for me with the resources you have at the cinema?" Wu Tian pursed his lips and smiled, not putting this so-called cinema tycoon in his eyes at all.

To others, he was a tycoon of the cinema, controlling the absolute resources of the academies in Jiangnan Province.

But to Wu Tian, he was just a small character in the movie scene. He wasn't even worth mentioning.

"Good boy, you're still young, but your tone is quite arrogant." Wu Changshan took a step forward and said provocatively, "I want to see how your movie will be released."

Lu Ren also chimed in: "Without Mr Wu's resources, your movie would have been born to death and all your efforts would have been in vain."

"If I'm not wrong, Mr Wu's Changshan Shadow Industry is a subsidiary under Huamei Group?" Wu Tian didn't know Wu Changshan very well, but he'd just found him on his cell phone.

"That's right, our Huamei Group controls 50% of the academy's borders, and my Changshan Film Industry controls 90% of the academy's lines in Jiang-Nan province." Wu Changshan opened his nose to the sky and was arrogant to the bone.

"For a small character like you, I don't even care about you." Saying this, Wu Tian took out his phone and dialed Loong Yun's number. He instructed his phone: "Make the arrangements, I want to control Huamei Group."

He said this to his phone, then hung up.

"Hahaha ..."

After he had just made this call, Wu Changshan and Lu Ren both threw their heads back and laughed loudly, as if they had heard a great joke.

Not only did the two of them feel that it was funny, even the surrounding guests couldn't help but laugh secretly. They all thought that Wu Tian was joking.

They were all people from the entertainment circle and knew about the strength of Huamei Group. This was the film business company with the highest level of China, and it controlled 50% of the movie theaters in the entire country.

To put it bluntly, Huamei Group was a giant empire for entertainment. No one had the ability to control Huamei Group.

Not to mention Huamei Group, even Changshan's Shadow Industry owned by Hua Mei was considered a giant in Jiangnan Province. It was one of the top

film companies in Luzhou, so no one dared to say that they wanted to control Changshan's Film Industry.

The guy in front of him was truly arrogant, wanting to take over Changshan's film industry's parent company. He truly did not know the limits of heaven and earth.

Lu Ren laughed for a long time before he finally spoke in a loud voice: "Brat, you want to control the Huamei Group with your bare hands, why don't you just take the moon with you?"

"If I say I want control, I can definitely do it." Wu Tian said confidently.

Previously, he had heard from Secretary Loong that Wu Family had infiltrated into the film and television industry for many years, and owned many leading companies. So it wouldn't be a problem for him to take control of Huamei Group.

Wu Family currently had the money and the right to control a film and television company. It was simply a piece of cake.

This time, he was going to borrow the power of his clan to control the Huamei Group, which would facilitate his long-term development in the field of entertainment.

"Brat, you're really crazy." Wu Changshan stopped smiling, and spoke in a provocative tone: "If you want to control Huamei Group, then I want to see how strong you are, then let's see how you will resolve this today."

"Right, let's see how you will embarrass yourself today." Lu Ren agreed. At this moment, he had a look of schadenfreude on his face as he waited to see who would win.

"Alright, then I'll let you all see my strength." The corner of Wu Tian's mouth lifted into a strange smile.

He only needed to wait for Loong Yun's news, and he believed that it wouldn't be long before the matter was settled.

After waiting for less than two minutes, he received a call from Loong Yun, "Young Master, we are unable to control Huamei Group."

"Unable to control it?" Wu Tian's brows tightened, he did not expect that with the power of Wu Family, they were actually unable to control Huamei Group.

Could it be that the backers of Huamei Group are very strong?

"Yes, Huamei Group were already purchased by Wu Family two years ago, so we are currently unable to control Huamei Group." Loong Yun explained.

"So that's how it is." Hearing this, Wu Tian felt more at ease, he didn't expect that Huamei Group had already been bought by Wu Family.

Since the Huamei Group had already been purchased by the Wu Family, then the matter would be much simpler.

"Young Master, do you have any instructions?" Loong Yun's cold voice came from the other end of the phone.

"Right." Only then did Wu Tian come back to his senses. He said to his phone, "The Mountain and Water Shadow TV's owner, Wu Changshan, has a conflict with me. Help me deal with it."

"I understand."

"Hurry up and do it." Wu Tian hung up after saying that.

Right after he hung up, he heard Wu Changshan provoke him again: "Brat, didn't you say you wanted to buy our company? "How about now?"

"There's no need to buy it. The Huamei Group were already purchased by us two years ago." Wu Tian put his phone away and said that with a smile.

When these words were spoken, Wu Changshan and Lu Ren couldn't hold back their laughter as if they had heard the funniest joke in the world.

After they finished laughing, Wu Changshan couldn't help but taunt, "Brat, I think you've really gone mad. You're simply talking nonsense here."

"You'll know soon enough." Wu Tian pursed his lips and smiled, but didn't say anything.

"Let's see how long you can continue acting cool." Wu Changshan said in disdain. Just as he said that, the phone in his pocket rang.

Wu Changshan stared at Wu Tian, then picked up the phone. Hearing the voice on the phone, he immediately became respectful.

He didn't expect that this was the main company's Huamei Group Vice President's call.

"Hello, Director Wang. What instructions do you have for me?" Wu Changshan covered the microphone and whispered into his phone. His tone was as low as dust.

He also did not expect that the main company would suddenly call, much less that it was the Deputy CEO who called.

"You're in trouble." A slow voice came over the phone, reprimanding, "You've offended someone you shouldn't have."

"Let me ask you what kind of person I should not have offended." Wu Changshan didn't get it, so he tried asking with a low voice.

"The person you should not have offended is called Wu Tian."

"Wu Tian?" Hearing this name, Wu Changshan unconsciously raised his head and glanced at Wu Tian, puzzled and asked: "May I ask who this kid is?"

"He is the young master of the consortium behind our headquarters. I can't afford to offend him and neither can you." The voice on the phone was bone-chilling.

Wu Changshan's forehead was covered in cold sweat and his heart chilled.

It was really hard to believe, he didn't think that this guy called Wu Tian was the Young Master of the Consortium behind the scenes.

[The young master of such a large corporation actually wore such ordinary clothes. Isn't he being too low-key?]

After a slight pause, he hurriedly explained to the phone, "Director Wang, I don't know his identity. If I knew, I wouldn't have dared to offend him."

"Cut the crap, hurry up and think of a way to appease Wu Tian. If he gets angry, don't even talk about how you failed to be the CEO, even I might be implicated." After saying that, the other party directly hung up the phone.

Wu Changshan was stunned for a few seconds as he looked at his phone. He quickly went up to Wu Tian and apologized, "Young Master Wu, I have no foresight. Please forgive me for offending you."

Wu Changshan was no longer as arrogant and domineering as before. He was as scared as a grandson, apologizing respectfully to Wu Tian. In the end, he even slapped himself a few times.

Seeing the scene in front of their eyes, everyone was dumbfounded. They never would have thought that the owner of the grand Changshan film show would actually humbly kneel down and apologize to Wu Tian.

Boss Wu was pretty cocky just now, how did he become like this in such a short time, and even took the initiative to slap himself.

Even Qiao Fugang and Huang Lan were stunned. They had not expected the arrogant Wu Changshan to bow his head to Wu Tian.

The most shocked was none other than Lu Ren. He didn't expect the backstage he found would yield to Wu Tian. What was going on?

Wu Tian raised his hand and viciously slapped Wu Changshan in the face as he scolded angrily, "Weren't you very cocky just now?"

"I don't dare." After being slapped, Wu Changshan lowered his head in fear and didn't even dare to fart.

"Do you still want to support Lu Ren now?"

"I don't dare."

"Remember, if I want to destroy you, it won't take any effort at all."

"Right." Wu Changshan repeatedly nodded his head and then quickly pleaded: "I hope you don't mind. I hope you can let me go this time. I promise that I will return to being a better person in the future."

"You said you were going to ban my new movie?"

"I don't dare." Wu Changshan immediately shook his head and promised, "In the future, as long as it's a movie by Young Master Wu, we will help publicize it for free. Also, all the cinemas will be shown, so we can be the first to broadcast it."

"That's more like it."

"Young Master Wu, can you forgive me?"

"That depends on your performance." Wu Tian's anger gradually dissipated, and his tone was a lot more relaxed than before.

"Young Master Wu, how do you want me to perform?"

"Today's incident was caused by Lu Ren. Do you know what to do next?" Wu Tian only said half of what he wanted to say.

Wu Changshan was smart and immediately understood Wu Tian's intention. He walked over to Lu Ren and scolded him in a low voice, "What are you blanking out for? Hurry up and apologize to Young Master Wu."

"What did you say?"

Lu Ren finally came back to his senses. He frowned in confusion and said, "Mr Wu, why should we be afraid of that silly kid, Wu Tian?"

"To tell you the truth, Wu Tian is the eldest young master of Wu Family consortium." Wu Changshan leaned his head over and whispered.

"What Wu Family consortium?"

"Let me put it this way for you. If only one word from that kid is enough to destroy our Huamei Group." Wu Changshan was too lazy to explain, so he just said that.

Upon hearing this, Lu Ren realized the seriousness of the situation and exclaimed in disbelief, "Wu Tian's forces are that powerful?"

"His power is beyond your imagination. If he wants to destroy us, it's even easier than stepping on ants. If you don't want to die, then quickly apologize." Wu Changshan urged.

"Alright." After knowing Wu Tian's true power, Lu Ren hurried forward to bow and apologize to Wu Tian: "Young Master Wu, please forgive me for offending you."

There was no helping it, they did not even dare to offend Wu Changshan's backer. For a small character like him, he could only lower his head and admit his mistake.

Wu Tian raised his hand and viciously slapped Lu Ren's face as he scolded, "I was thinking highly of you when I hit you."

"Yes, well fought." After being slapped, Lu Ren nodded and cheered.

There was no helping it, someone as powerful as him. Even if he was beaten to death, he could only accept his fate.

"If you dare to disrespect Elder Sister Lan again, I'll chop you into pieces and feed you to the dogs."

"I don't dare, I don't dare."

"Go and apologize to Elder Sister Lan." Wu Tian pushed Lu Ren impatiently and urged him.

"Alright." Lu Ren could only obediently walk in front of Huang Lan, bowed his head and apologized, "Miss Huang, I'm sorry. I was in the wrong. I apologize to you. I hope you can forgive me."

Huang Lan raised her hand and slapped Lu Ren hard, scolding, "You are just a piece of trash, a scum."

"Yes, I am trash, scum."

"Scram, don't let me see you again in the future." Huang Lan yelled. She had never felt better before.
