

Hidden Billionaire Chapter 376 - Victory Has Been Decided -

C376 Victory Has Been Decided

"I admit defeat." Wang Shaohua didn't know how much courage he mustered before he finally spat out these two words from between his teeth.

The outcome of his battle with Wu Tian this time had been decided. He had lost. He lost very thoroughly, and it was a complete loss.

"Boss Wang, it doesn't matter whether you admit it or not, you have already lost." Wu Tian shook his sleeves and condescendingly looked down at Wang Shaohua. "From the moment you met me, you were already destined to lose."

"How about this, we'll develop our own in the future and not interfere with each other." As matters stood, Wang Shaohua could only make concessions.

"You're wrong, you have no right to bargain with me now."

"Then what do you want?"

"From today onwards. Luzhou only had Seafood TV. There will no longer be any Odd Fish to broadcast live here. "

"Kid, you want to completely destroy us?" Hearing this, Wang Shaohua instantly became manic.

He admitted defeat and gave in because he hoped that Wu Tian would show mercy. He did not expect Wu Tian to be so ruthless.

"Right, cut the weeds by their roots." Wu Tian coldly spat out these two words, then changed his tone: "Our Seafood TV will pay a high price to purchase your company. You can retire with the money. "

"Wu Tian, I won't let you succeed. Even if I destroy the Odd Fish, I won't let you obtain it either." Wang Shaohua gritted his teeth and said fiercely.

Odd Fish was something that he had worked hard for half his life, and he definitely would not allow his blood and sweat to fall into the hands of his enemies. Even if his Odd Fish were to be destroyed, he would not sell the platform to Wu Tian.

"Boss Wang, how much longer can you hold on?" The corner of Wu Tian's mouth curled up as he asked with a smile.

"Being able to hold for one second is one second." Wang Shaohua gritted his teeth fiercely and said as if he swore, "Even if I can't hold on, I won't sell it to you."

Just as he finished saying this, the CEO of Odd Fish company hurriedly ran over and announced with a sullen face, "Our company has failed."

"So fast?" Hearing this news, Wang Shaohua's head felt like it was being ruthlessly smashed a few times.

He originally thought that he could hold on for a few more days after the Odd Fish broadcast, but he didn't think that it would be announced that it had broken down so quickly.

"The internal and external pressure is too great. We have no way to support it, so we can only declare a collapse." After saying that, the CEO continued to add: "The host is making a ruckus about salary, and there are even some external debt bosses trying to make a racket about debt, but we don't have any money right now, what should we do?"

The moment the CEO's voice fell, the creditors swarmed over, instantly surrounding the hall so tightly that not even a drop of water could leak out.

Odd Fish was such a large live broadcast platform, yet it was destroyed just like that. It only lasted for an instant.

In the current Odd Fish broadcast, there was nothing at all, all they had in their hands were the signed host s and their copyright. Of course, there were also countless debts and disputes.

Wang Shaohua and the company's top executives were instantly besieged. When everyone heard that the company had closed down, they all clamored for money.

Looking at the scene before her, Jiang Xia finally understood the seriousness of the situation. She wanted to cry but had no tears.

She had just signed into the Odd Fish Broadcast, and didn't even get her contract fee. She didn't expect that the platform would go out of business just like that.

Signing a contract didn't matter much, but once Odd Fish went bankrupt, what would she do in the future?

She recalled what Wu Tian had said before, that she would very soon regret abandoning Seafood TV and join the Odd Fish's live broadcast. She had not expected his words to come true so quickly.

She felt so regretful that her intestines were about to turn green.

Originally, she was highly valued in Seafood TV and received a lot of resources, but she did not know how to treasure them, so why was she so foolish?

Seeing the Odd Fish broadcast going on, she wished that she could find a piece of tofu and smash it to death.

She glanced at Wu Tian at the side and braced herself to walk over, "Boss Wu, can you give me another chance to return to your Seafood TV?"

There was no other way, now that her Odd Fish had collapsed, she could only beg Boss Wu to give her a chance, so that she could return to the Seafood TV and reconstruct her former glory.

"You want to come back?" Wu Tian pinched Jiang Xia's chin and asked with an expressionless face.

"Right."

Jiang Xia nodded her head and promised, "As long as you let me return to Seafood TV, I guarantee that I will be sincere to you and Boss Sun, and will never step down the line again."

"I don't believe your bullshit." Wu Tian let go of the woman's chin and mercilessly hit her as he said, "You're just a dog that isn't familiar with what you feed."

"Boss Wu, I was wrong before. I was wrong. I promise you, from now on, I will never betray Seafood TV again, I will never betray you and Boss Sun ..."

"I'm sorry, but our Seafood TV does not need people like you."

"Please give me one last chance."

"I've already given you a chance before. Your chance has been used up."

"Boss Wu." Jiang Xia stretched out her hand and tightly held onto Wu Tian's arm, pressing half of her body close to his body, "As long as you allow me to return to Seafood TV, I can do anything for you."

"Scram!"

Wu Tian pushed the woman away mercilessly, "Don't try that. I'm not interested in you."

"You ..." Jiang Xia changed her attitude very quickly. She started to cry pitifully, "Boss Wu, my dad is very sick and bedridden. I have a brother and he still needs to go to school. My family still relies on me. I beg Boss Wu to help me ..."

"Shut up!"

Wu Tian shouted loudly, pointing at Jiang Xia's nose as he warned, "If you dare spout any more nonsense, I'll make it so that you won't have a place to stay in the world of Luzhou live broadcasts."

Hearing this, Jiang Xia was so frightened that she covered her mouth, not daring to say another word.

She didn't expect Boss Wu to be so stubborn. Since things had come to this, she had nothing else to say and had no choice but to leave.

To her, what she regretted the most in her life was leaving her Seafood TV and missing a great opportunity.

If she was given another chance to choose again, she would never leave the Seafood TV even if she was beaten to death.

However, there was no medicine for regret in this world. It was too late to say anything now, so she could only silently repent in her heart.

More and more people in the hall wanted to collect their debts. Everyone surrounded Wang Shaohua and wished that they could tear this old thing into pieces.

Wang Shaohua also felt the anger of these people. If he didn't give them wages and settle all the debts owed by the company, he wouldn't be able to escape today.

Let alone today, he would probably be entangled by these people in the future. At that time, he would really be in a mess.

In a moment of desperation, he could only throw out an olive branch to Wu Tian, "Boss Wu, after careful consideration, I have decided to give you the live broadcast of Odd Fish."

Now that the company's capital was broken and he still owed a pile of debt, he could only lower his price by selling the Odd Fish live broadcast to stop the loss.

With the current situation of the company, it was not easy to find someone to buy his company. He could only sell his Odd Fish to Wu Tian and ask for a high price.

"Sorry, I'm not interested in your Odd Fish broadcast." Wu Tian shrugged and refused decisively.

"Didn't you want to buy a Odd Fish broadcast before?"

"I did want to buy it before, but now I don't want to." Wu Tian fiddled with his handsome hairstyle and said with a smile, "If there's nothing else, I'll be going first."

"Wait!"

In a moment of desperation, Wang Shaohua hurriedly called out to Wu Tian, "Don't go yet, let's discuss it again. I can sell the Odd Fish live broadcast to you at a low price."

Hidden Billionaire Chapter 377 - What Belongs to Me -

C377 What Belongs to Me

"Boss Wang, are you begging me?" Wu Tian stopped in his tracks and looked at Wang Shaohua teasingly.

"I ..."

Wang Shaohua gritted his teeth and finally lowered his head, "Even if I'm begging you, let's say I'm begging you."

He never thought that he would lose to Wu Tian, what's more, he never thought that he would beg to sell his Odd Fish to Wu Tian.

There was no helping it, the Odd Fish broadcast was like a hot potato to hand, if he did not turn his hand now, sooner or later, he would be scalded to death.

"Alright, seeing how sincere Boss Wang is, I've decided to buy Odd Fish to broadcast live." Wu Tian pretended to be reluctant.

Actually, he had already thought about it before, the reason why he spent so much effort to deal with Wang Shaohua was because he wanted to take this opportunity to buy Odd Fish to broadcast live.

"Alright, let's talk about the details of the acquisition." Wang Shaohua extended his hand and gestured, "Let's go upstairs to have a chat."

"Don't worry, I'll give Sunn Sheng a call." After Wu Tian said this, he found a remote location and dialed Sunn Sheng's number.

The moment the call connected, he said into his phone, "Boss Sun, let me tell you some good news."

"Is it about the Odd Fish broadcast?"

"Right." After Wu Tian answered, he continued: "Under my meticulous plans, the Odd Fish will close down ..."

"Really?" Sunn Sheng was very excited on the phone, so he started to shout.

He had heard some rumors earlier, and some people said that the negative news from the Odd Fish broadcast was earth-shattering. They had met with an unprecedented situation, and he did not expect them to collapse so quickly.

"Don't get excited, just wait for me to finish." Wu Tian cleared his throat and continued talking into the phone, "Wang Shaohua has already promised to resell his company to us."

"Really?" In the phone, Sunn Sheng exclaimed even more excitedly. To him, this was extremely good news.

"Absolutely." Not to mention Sunn Sheng, even Wu Tian was very happy, "Hurry up and bring someone here to sign the contract with Odd Fish company. Come over right now, I'll be waiting for you at the entrance."

"Alright, I'll be right there." Sunn Sheng hung up after saying that.

Wu Tian put away his phone and walked towards the exit of the Odd Fish company's lobby.

He waited outside the company for more than ten minutes, and saw Sunn Sheng hurriedly drive over. As soon as he saw him, he held onto Wu Tian's arm, and said excitedly: "Boss Wu, you're really awesome. To be able to put Odd Fish live broadcasts in danger in such a short period of time."

"It's just a mere set of Odd Fish, I don't even put it in my eyes." Wu Tian didn't mind.

"Other than you, there's probably no one else who can make Wang Shaohua lower his head and sell his Odd Fish." Sunn Sheng's current adoration of Wu Tian was simply impossible to put into words.

"Alright, let's not talk about this yet." Wu Tian interrupted Liu Tie's flattery and urged him, "Let's strike the iron while it's hot. We'll take this opportunity to take down the Odd Fish. Let's go and find Wang Shaohua to sign the contract right now."

"Let's go." Sunn Sheng nodded and followed Wu Tian into the Odd Fish company's hall.

Wang Shaohua personally went up to greet them. He then brought Wu Tian and Sunn Sheng upstairs to the reception room.

The three of them did not waste time talking and went straight to the point. They started talking about the purchase of the live broadcast Odd Fish.

Wu Tian always had the upper hand, keeping the purchase price very low.

"Two more points." Wang Shaohua couldn't accept such a low price and hoped to raise it by two percentage points.

"Not to mention two points, I wouldn't even mention one point." Wu Tian leaned back on the chair and said aggressively, "If Boss Wang can accept this price, we can sign the contract now."

"And if I refuse?"

"If you don't accept, then there's nothing to talk about." Wu Tian shrugged with a nonchalant look.

"You ..."

Wang Shaohua gritted his teeth and angrily glared at Wu Tian, "Brat, you are going too far."

"Business is like this. Whoever has more chips will have more right to speak." Wu Tian leaned his body against the chair and looked Wang Shaohua straight in the eye, "I will give Boss Wang three seconds, you think about it."

"You ..."

Wang Shaohua had never been so passive before. In this situation, he didn't have any bargaining chips.

If he did not agree to the purchase right now, Odd Fish Live Broadcast would be sealed up and defaulted on, and at that time, it would be even more worthless.

However, if he sold it to Wu Tian at a low price, he would feel indignant and be placed in a dilemma.

Just as he was in a dilemma, the secretary barged into the reception room and anxiously said: "Boss Wang, someone wants to buy our Odd Fish live broadcast at a high price."

"Who is it?" Hearing this good news, Wang Shaohua suddenly stood up from his chair and finally revealed a smile.

"It's Xinsheng Group, their Boss Liu is waiting outside."

"Alright, quickly invite him in." Wang Shaohua hurriedly instructed his secretary.

As long as someone was willing to accept the Odd Fish, he would be satisfied, as long as the purchase price was not lower than the price Wu Tian gave him.

"Alright." The secretary answered and left the reception room.

Wang Shaohua shook his suit and finally became unyielding, "Boss Wu, CEO Sun, someone wants to buy our Odd Fish, it's none of your business here, you can go now."

He couldn't even raise his head when he was suppressed by Wu Tian just now. Now, he could finally lift his eyebrows and feel proud.

"Boss Wang, you'll come and beg me soon." The corner of Wu Tian's mouth curled up as a brilliant smile appeared on his face.

"Even if I sold my Odd Fish at a low price, I wouldn't beg you." Wang Shaohua shouted while holding his head up.

"Fine, we'll see." After Wu Tian finished speaking, he got up and walked out of the reception room. When he walked to the door, he met Xinsheng Group, Liu Sheng.

Xinsheng Group was a clan of unicorn Technology Company, and it had developed in such a short span of half a year that it became an influential force in Luzhou.

After graduating, he had just walked out of the school gate and started his own business. He didn't expect that it would explode in a single blow in half a year, becoming a rookie in a new high school area.

"You are Xinsheng Group Boss Liu?" Wu Tian stood in front of Liu Sheng and asked with a smile.

"You are ...?" Liu Sheng's eyebrows tightened as he looked at Wu Tian.

"My name is Wu Tian." Wu Tian extended his right hand and introduced: "The boss of Seafood TV."

"Hello." Liu Sheng shook hands with Wu Tian and said with a fake smile: "I heard that your Seafood TV has developed quite rapidly recently?"

"Average."

"It just so happens that our Xinsheng Group has been wanting to enter the field of live broadcasting recently. At that time, I hope that Boss Wu can help us out a lot." Liu Sheng looked as if there was a knife hidden in his smile.

Everyone knew that the live broadcast industry was very competitive.

After all, the market was so big and there was only so much traffic. If one wanted to survive, they would have to fight for food from the mouth of a tiger. It was rare for there to be a situation where they cooperated with each other.

In other words, once Liu Sheng entered the game, he would become the enemy of Wu Tian, and the two of them would face off against each other.

"Boss Liu, let me give you a word of advice. The water level of the live broadcast is too deep, so it's best if you don't enter." Wu Tian seemed to be advising Ye Zichen, but in reality, he was threatening him.

"And if I insist on coming in?" Liu Sheng's eyes flashed as his whole body was bursting with a frightening hostility.

Hidden Billionaire Chapter 378 - Struggle for Prey -

C378 Struggle for Prey

"To put it bluntly, you will lose very miserably." Wu Tian sounded calm, but there was a hint of dominance in his tone.

"Is that so?" Liu Sheng shook his suit jacket and said without fear, "I haven't even started, and Boss Wu already claimed that I will lose?"

"Of course."

"What right do you have to say that I will lose?"

"Because from the moment you stepped into the Odd Fish's live broadcast, you were already destined to lose."

"I don't believe it." Liu Sheng stretched out his neck. At this moment, he was like a combative rooster, "I don't believe that I will lose to you."

"In the live broadcast world, Wang Shaohua's strength isn't any weaker than yours. Before, he didn't believe that he would lose to me, but now, he has still lost."

"Is the situation with the Odd Fish up to you?"

"Of course."

"I want to know, what method did you rely on to break the Odd Fish live broadcast?"

"That's not important." Wu Tian walked over and patted Liu Sheng's shoulder, exhorting him kindly, "The live broadcast industry is already very crowded. It's not suitable for you to enter the game now. Listen to my advice, don't get mixed up in this."

"And if I do?"

"I'm just trying to advise you out of the kindness of my heart. The decision is up to you." After Wu Tian said this, he suddenly changed his tone: "Whether you enter the live broadcast industry or not is your problem, but the Odd Fish live broadcast is my cheese, so I advise you not to touch it."

"After all this time, you are afraid that I will purchase the Odd Fish for live broadcast, right?" Liu Sheng looked like he just came to a realization.

"You're wrong, I'm not afraid of anyone. I just want to tell you, Odd Fish Broadcast is my cheese, it is my painstakingly hunted prey, I definitely can't just watch as this prey is taken away." Wu Tian brought his head closer and coldly said: "If you really want to steal it, I'm afraid that it will bring trouble to your Xinsheng Group."

"You think I'm scared?"

"I'm not trying to scare you, I'm just reminding you."

"No matter if you are reminding me or scaring me, I can tell you this right now. I'm taking the Odd Fish live broadcast for sure today." Liu Sheng walked into the reception room after saying that.

After entering the reception room, he suddenly turned around and said provocatively, "Boss Wu, if you're not convinced, then come at me."

After saying that, he closed the door to the reception room.

The current situation made Sunn Sheng anxious. He went up and asked: "Boss Wu, Xinsheng Group is going to compete with us for the Odd Fish broadcast. What do we do now?"

"If I remember correctly, the Xinsheng Group was invested by the Liu Family."

"Right." Sunn Sheng nodded: "The Xinsheng Group was indeed invested by the property giant Liu Group."

"Then it'll be easy." Wu Tian pursed his lips into a smile and then took out his phone to call Liu Jun: "Uncle Liu, what are you doing recently?"

"I'm busy with the Fragrant Honey Lake project." On the other end of the phone, Liu Jun's tone sounded a bit tired.

After saying that, he immediately added: "Tian, you don't know, I have been extremely busy recently with Fragrant Honey Lake projects."

"How is Fragrant Honey Lake?"

"It's developing very well. Come over and take a look when you have time."

"I'll come when I have time." Wu Tian changed his tone and went straight to the point: "Uncle Liu, I heard that you invested in Xinsheng Group?"

"That's right." On the other end, Liu Jun seemed to be very excited, "Previously, I saw you investing in Technology Company so much that it became very popular, so I tried investing in this new technology. I didn't expect it to develop so quickly, becoming a unicorn company in half a year. It's really surprising."

"Did you know that Xinsheng Group of yours is entering the field of live broadcast recently?"

"I don't know. I'm not involved in their development."

"It's like this, the Technology Company that you invested in is purchasing a Odd Fish broadcast live, and I'm also interested in a Odd Fish broadcast live. Uncle Liu, do you understand what I mean by saying this?"

"I'm not stupid, of course I understand." Uncle Liu was too lazy to waste his breath and went straight to the point, "Tian, just tell me what you want me to do."

"I want you to withdraw your funds." Wu Tian didn't beat around the bush and directly explained his intention of making a phone call.

Currently, Liu Jun's homepage was still a real estate, so he only invested in Technology Company for fun.

Moreover, there was also a Technology Company under Wu Tian, which would definitely form a direct competition in the future. If he made Liu Jun withdraw his investment, he could also avoid any future conflicts.

"You want me to withdraw my funds?" Liu Jun clearly didn't want to accept this unreasonable request.

"Uncle Liu, I asked you to withdraw your funds for your own good." Wu Tian paused for a moment, and patiently explained: "It was because I knew that this company was invested by Uncle Liu, that's why I had Uncle Liu withdraw his investment. If it wasn't for Uncle Liu, I would have directly destroyed Xinsheng Group."

"It's not that serious, is it?"

"A shopping mall is like a battlefield. Reality is just that cruel." Wu Tian spoke coldly into the phone, "Uncle Liu should know that with my current strength, defeating Xinsheng Group is not difficult at all."

He did not mean to threaten Uncle Liu, he just wanted Liu Jun to know the seriousness of the situation and understand his thoughts.

"Good kid, now that we've reached this point, if I don't withdraw my money, you might fall out with me. Hahaha ..." After Liu Jun said this, he started to giggle.

"Not really."

"Alright, I'll give you this face. I'll withdraw my capital now." After Liu Jun said this, he then sighed, "Recently, I've been getting so worked up with Fragrant Honey Lake, and I really don't have the energy to continue tormenting

Technology Company. Giving up Xinsheng Group can also help me focus on Fragrant Honey Lake projects."

"Uncle Liu, did you encounter any difficulty with your Fragrant Honey Lake?"

"Sigh!" Liu Jun sighed and explained: "The development of Fragrant Honey Lake is too fast. I bought all of the mountain areas, wetlands, and factories. Right now, the funding is a bit tight."

"Then why didn't you tell me?"

"Previously, you invested so much money into Fragrant Honey Lake projects, but even now, you still haven't managed to get any back. How could I have the face to ask you about it?"

"Uncle Liu, how big of a shortage do you have right now?"

"Three to five hundred million."

"I see." Wu Tian thought for a moment, then said into the phone, "I'll lend you 200 million, and then invest 200 million in Fragrant Honey Lake projects. What do you think?"

Lending two hundred million to Uncle Liu was equivalent to selling him a favor. After all, him losing a lot of money from Xinsheng Group this time.

As for investing two hundred million, that was a rational investment from a business perspective. After all, he was optimistic about the Fragrant Honey Lake project.

He had originally planned out this project single-handedly, let alone this project which even included the construction of his homeland's Fengguang Village. There was also a part of his emotional attachment.

"Good boy, you are really offering me timely help!" Liu Jun slapped his thigh happily on the phone.

Originally, he was worried about the money, he didn't expect Wu Tian to solve the 400 million gap for him the moment he opened his mouth.

"Uncle Liu, Fragrant Honey Lake is a big project, it's also a good project, as long as you do it well, you don't have to worry about earning money in the

future, in the future, Fragrant Honey Lake will encounter funding problems, you tell me, we'll think of a solution together."

"With your words, Uncle can be at ease." On the other end of the phone, Liu Jun was very happy. "Tian, come to my house tonight after you finish your work. I'll have Yueyao cook for you personally."

Hidden Billionaire Chapter 379 - Deliberate Difficulties -

C379 Deliberate Difficulties

"Yueyao can cook?" Wu Tian asked in surprise. He didn't expect that such a rich person would cook.

"Tian, you sure know how to joke around." Liu Jun smiled embarrassedly: "She doesn't know how to cook."

"Then you want Yueyao to cook it herself?"

"I meant for Yueyao to serve the dishes herself."

"..." Hearing that, Wu Tian was speechless.

This was the daughter of a rich family. Her so-called cooking was not about cooking, but going to the kitchen to bring a dish.

"Yueyao has never been to the kitchen and even has servants to cook. It would be good enough for her to go to the kitchen and serve dishes." After saying this, Liu Jun Gan laughed.

"Let's talk about the meal another day. I'm a bit busy recently. How about this, I'll call Uncle Liu when I'm done with my work later. I'll pick Uncle Liu up to my house as a guest then, how about it?" Wu Tian suggested.

He had planned to have a family dinner at Aifei Castle later when he had the time to take Uncle Liu to get busy.

"Alright, we'll finish the work later. I'll bring Yueyao to your house as a guest." Liu Jun happily agreed.

"Then it's a deal."

"Alright, I'll arrange for people to withdraw their funds from the Xinsheng Group right now."

"Thank you, Uncle Liu."

"I should be the one thanking you. This time, you helped Uncle solve the four hundred million funding gap and finally let Uncle Liu have a good night's sleep."

"Then I'm hanging up. I'll bring Uncle Liu to my house another day to have a few drinks." After exchanging pleasantries, Wu Tian hung up the phone.

After making the call, Wu Tian looked back at Sunn Sheng and smiled, "The matter has been resolved perfectly."

"So fast?" Hearing this, Sunn Sheng was overjoyed. He did not expect Boss Wu to resolve the matter so quickly.

"Just you wait, they will be coming out soon." Wu Tian glanced at the closed door of the reception room, then sat down on a chair on the side.

Since he was bored, he took out two cigarettes and passed one to Sunn Sheng, "Here, let's smoke."

"I happen to be addicted to cigarettes." Sunn Sheng took the cigarette and hurriedly took out his lighter to help Wu Tian light it up.

After the two of them smoked for a short while, a beautiful lady in a professional dress walked over, "Two gentlemen, this is a public place where smoking is prohibited."

Wu Tian blew a mouthful of smoke at the beauty and asked with a smile, "Beauty, what's your name?"

"Cough, cough ..."

The woman in the work dress coughed violently from the smoke. She frowned and complained, "Sir, I told you not to smoke here. Did you hear me?"

"Tell me your name first, and I'll put out the smoke." Wu Tian looked at the beauty in front of him with a playful expression.

"My name is Zhao Jie."

"Which Zhao?"

"Zhao Prefecture Bridge's Zhao."

"So that's how it is!" Wu Tian was in a good mood. Since he was bored, he started teasing this beauty.

"Pfft!" Sunn Sheng couldn't help but burst into laughter when Boss Wu said this. He never thought that Boss Wu would have such a bad mouth.

"You ..."

Zhao Jie was so angry that her face turned red. She scolded him, "Mister, please be more respectful when you speak."

"I was just joking, don't be angry." Wu Tian continued to smoke, but his eyes couldn't help but wander around the girl.

Only when he met a girl he had a good impression of, would he tease her. Most of the time, he was very honest.

"Alright, I've said my name. You can put out the cigarette now!" Zhao Jie suppressed the rage in her heart and warned the two of them.

"Ok!"

Wu Tian put out his cigarette, then took out his cigarette and lit it up as if no one was around.

Zhao Jie was about to leave when she saw Wu Tian lighting another cigarette. Her eyes immediately opened wide, "Hey, why did you light up your cigarette again?"

"I promised you I'd put out that cigarette, but I didn't say I wouldn't smoke." Wu Tian looked at the girl and wanted to see how she would deal with it.

"You ..."

Zhao Jie clenched her fists. Meeting this kind of scoundrel really made her a bit mad. "Sir, I'm the floor manager. If you continue smoking here, I might be fined. Please understand my job and put out the smoke, okay?"

"Not good."

"You, you, you ..." Zhao Jie was so angry that she was flabbergasted. She only managed to say after a long while, "How are you willing to extinguish the cigarette in your hand?"

"Give me a dance." Wu Tian deliberately made things difficult for them.

From the very start, he couldn't help but develop a good impression of the girl before him.

Odd Fish company was facing bankruptcy, the other employees all went to get their wages, but this girl in front of them was still able to stand firm in her position, it was truly rare.

Although it seemed like he was flirting with this girl, he was actually testing this girl called Zhao Jie. He wanted to promote this girl who was different from the others.

"I can't dance." Zhao Jie clenched her fists and gritted her teeth as she endured the rage in her heart.

She had never met a man with such thick skin. She was so angry that her palms itched, but there was nothing she could do.

"Then why don't you sing a song for me?" Wu Tian smoked and continued to make things difficult for her.

"I can't sing."

"Then what will you do?"

"I ..." Zhao Jie swallowed her words and warned, "Please stop smoking and leave our company right now."

"Your company is about to collapse, why are you still being so serious?"

"I believe in Boss Wang. The company will not collapse. I just need to do my job well." Zhao Jie glanced at the door of the reception room and begged again, "We, Boss Wang, are receiving guests and will be coming out soon. Please don't smoke here, okay?"

"No."

"How exactly are you going to extinguish the smoke?"

"Give me a kiss." Wu Tian made this bold and unreasonable request. He wanted to see how much patience this girl had.

"Rascal!"

Zhao Jie was thoroughly angered. She gritted her teeth and said angrily, "I think you guys are here just to cause trouble. If you don't leave soon, don't blame me for being rude to you."

"Do you want to bite us?"

"Rogue." Zhao Jie cursed, then threatened coldly, "I'm going to look for security right now."

With that, she stomped angrily toward the elevator.

Looking at the beauty's back as she walked away, Sunn Sheng couldn't help but laugh secretly, "Boss Wu, you can't be interested in this little girl, right?"

"You're thinking too much." Wu Tian put out the cigarette in his hand and explained in all seriousness: "I just feel that this girl is a little different than the others. I deliberately tested her and found out that she is cultured, patient, responsible, and heartfelt towards the company."

"After hearing what you said, it's true." Sunn Sheng nodded in agreement.

"I want the girl to stay at the company, to do administrative and reception work, to be a deputy director."

"Boss Wu, I thought you were flirting with girls. After all, you were interviewing her!" Sunn Sheng said half-jokingly.

"We can find talent in interviews, but we don't necessarily need to find someone with a decent character. We need a pair of sharp eyes that can find talent."

"Makes sense." Sunn Sheng nodded in approval and found that Boss Wu's level was much higher than his.

Hidden Billionaire Chapter 380 - Defeat -

C380 Defeat

At that moment, the door to the reception room opened. Liu Sheng walked out dejectedly, as if he lost a battle.

When he entered, he was still in a state of high fighting spirit. After half an hour, when he came out again, he had already lost his spirit.

"Boss Liu, I've been waiting for you for a long time." Seeing Liu Sheng walk out of the reception room, Wu Tian stood up and walked towards him.

"What are you waiting for me for?" Liu Sheng asked impatiently.

After all, he was still young, and there were some things that made him lose his composure. All of his depression was written on his face.

"I'll be waiting for you to give up on the Odd Fish and leave this place dejectedly."

"How do you know that I didn't succeed in acquiring the Odd Fish to broadcast live?"

"The investors in your Xinsheng Group have already withdrawn their funds, you can't even protect yourselves right now, what are you going to use to purchase a live broadcast of your Odd Fish?" Wu Tian smiled slightly.

"You ..."

Liu Sheng was slightly surprised for a moment, but quickly came to his senses, "Investors suddenly withdrew their funds, are you behind this?"

He had been on good terms with the investors. They had met a while ago and they had promised to keep investing in the future. He had not expected the investors to call today and withdraw their funds.

He had already agreed on a deal with Wang Shaohua and the two of them were ready to sign a contract, but the investor suddenly called and announced the withdrawal of their capital.

This news was like a bolt out of the blue, causing Lei's entire body to be scorched numb. He instantly lost all will to fight.

Once the investors withdrew their funds, forget about the purchase of the Odd Fish, even their own development would be affected.

"Yes, I did." Wu Tian was too lazy to refute, he nodded and admitted: "I did something to your investor."

"I want to know, how did you convince the investors to withdraw their funds?" Liu Sheng couldn't help but ask.

Investors just called to tell him the withdrawal, they did not explain the reason for the withdrawal, and said they will not continue to cooperate in the future.

He had been curious at the time. They had a good time together before, why did the investors suddenly withdraw their money?

Only now did he understand that Wu Tian was behind all of this.

He was very curious about the method Wu Tian used to get the investors to withdraw their funds so suddenly.

"To be honest, your company's investor is my friend." Wu Tian did not hide anything and told them the truth.

"You said Liu Jun is your friend?"

"Right."

"No wonder ..."

"Let me put it this way, if your company's investors were not my friends, it would not be as simple as withdrawing their funds. I'm afraid your Xinsheng Group would end up like the Odd Fish broadcast, and you would also face failure right now."

"You ..." Liu Sheng's mouth twitched a few times, then he swallowed his words.

He was able to get Liu Jun to break the contract and withdraw his money with just a phone call. It was clear that this brat's power was not to be underestimated.

From Liu Jun's tone just now, it was not hard to tell that he had hinted him not to enter the live broadcast industry, otherwise, it would be a disaster.

He didn't understand what it meant before, but now that he thought about it, Liu Jun was hinting to him that Wu Tian was someone he couldn't afford to offend.

"I told you a long time ago that the Odd Fish Broadcast was my prey, and told you not to think about it." Wu Tian took two steps closer and said coldly, "Think about it, how can I let others enjoy the hard work I've put in?"

"Destroying the Odd Fish and forcing Liu Jun to withdraw his funds is not something that an ordinary person can do." Liu Sheng no longer had the same imposing manner as before. Like a defeated rooster, he asked in a low voice: "Who the hell are you?"

"It's really not important who I am, but your small company is really too small." Wu Tian patted Liu Sheng on the shoulder and kindly advised, "Finally, let me give you a word of advice. Within three to five years, do not enter the live broadcast industry, lest it endanger your main business."

"I will remember your words. I hope that we won't become enemies." After Liu Sheng said this, he turned around and left.

It was because he wanted to buy the Odd Fish broadcast that caused his company to lose an ace investor like Liu Jun.

If he forced his way into the live broadcast industry, it might be a fatal blow to Xinsheng Group. He did not want to be the next Odd Fish broadcast live.

"Take care, Boss Liu." Wu Tian waved at Liu Sheng's back and said with a smile, "Goodbye, we might meet again in the field of science and technology."

Hearing this, Liu Sheng suddenly stopped and turned his head around: "Could it be that you still have Technology Company under your banner?"

"I forgot to tell you, Tianmu Technology is also an investment from me."

"Tianmu Technology?" Hearing these words, Liu Sheng was shocked, he did not think that Tianmu Technology was also a company invested by Wu Tian.

Tianmu Technology was not very famous in the area of Luzhou, but in the field of science and technology, it was as common as thunder.

This small company was the toughest company in the entire Luzhou, relying on a few games to quickly rise up. But what was surprising was that Tian Mu's game was very profitable, but they did not focus on the game, but rather on technology, directly developing the phone system.

He originally thought that this little Technology Company making a phone system was a joke, but the result made his eyes drop.

In less than half a year, the new mobile phone system had been successfully launched, and it had gained a market share within the country. Even some of the domestic technology giants were wary of it.

Honestly speaking, Liu Sheng had long since developed fear and respect towards Tianmu Technology. In his eyes, this was the most powerful company in Luzhou.

First of all, Tianmu Technology was the first to dare to take the lead, to dare trespass into a no-man's land, and to develop the first set of a domestically made system.

This was something countless people admired.

Honestly speaking, it was due to the influence of Tianmu Technology that Liu Sheng established this newly won Technology Company after graduation. His development pattern was completely imitating that of his Tianmu Technology, using the game to drive development.

He did not expect that this set of patterns would achieve initial results, and he was indeed paying his respects to Tian Mu for this.

But he never would have thought that the Tianmu Technology he admired the most was actually invested by Wu Tian.

It was only now that he knew the success of Tianmu Technology was not a coincidence. It not only relied on Wu Tian's brain and wisdom, it also relied on the powerful forces behind him to support it.

He stared at Wu Tian for a long time. Then, Liu Sheng bowed deeply towards Wu Tian and said, "I admire you, but I thank you at the same time."

"I'm flattered." Wu Tian walked over to straighten Liu Sheng's body and said with a smile, "The technical field cake is very big. We can divide up as much

as we want, whether it's competition or cooperation in the future, it's more important to keep our feet on the ground and keep our feet on the ground. "

"Thank you for your guidance."

Liu Sheng crossed his hands in front of his chest, and said with a look of admiration: "I don't dare to say anything else, in the field of science and technology, you are definitely my master, I hope to have the chance to cooperate with your Tianmu Technology, if you have the qualifications to become our competitor, that would be our honor."

At this moment, he was completely in the position to learn. In his eyes, Tianmu Technology was just like a teacher.

"Too modest." Wu Tian pursed his lips and smiled, "Like I said, whether it's cooperation or competition, we have to practice our basic skills well."

"Alright, if I have the chance, I will personally go to your Tianmu Technology to study and pay a visit." After Liu Sheng said this, he bowed again towards Wu Tian and turned around to leave.
