

Hidden Billionaire Chapter 381 - Take over the Strange Fish -

C381 Take over the Strange Fish

The moment Liu Sheng left, Wang Shaohua walked out of the reception room. The arrogant attitude from before had disappeared again, and he was once again looking dejected.

"Kid, you're behind this again?" Wang Shaohua gritted his teeth as he stared at Wu Tian.

Just a moment ago, he had an agreement with Xinsheng Group, and was about to sign the contract, but he didn't expect that the investors in Xinsheng Group would suddenly announce the withdrawal of their capital.

At that time, he already felt that something was amiss. After listening to the conversation between Wu Tian and Liu Sheng, he understood that Wu Tian was behind all of this.

"Yes, it's me." Wu Tian pursed his lips into a smile and said slowly: "You're my prey, I won't allow others to take away my fruits of battle."

"You mean to say, our Odd Fish live broadcast can only work with you?"

"Yes, you have no choice now."

"Do you believe that I won't cooperate with you even if I allow my Odd Fish to fail?" Wang Shaohua gritted his teeth as he threatened him.

"Like I said, you are now my prey, and you no longer have the right to choose life or death."

"What will you do to me if I don't cooperate?"

"I believe that it won't be long before both you and your family get into big trouble. You'll still have to beg me when the time comes."

"You ..." Wang Shaohua was speechless in the face of such a threat.

He now believed that Wu Tian had the ability to do so. To be able to cause the collapse of the Odd Fish in a short period of time and to have the investors in

the Xinsheng Group withdraw their investment in a short period of time, these were things that normal people could not do.

From his point of view, Wu Tian had an astonishing power behind him. This power was extremely powerful and he did not have the strength to fight against it.

For the sake of his family's well-being and also for the sake of his own remaining life, Wang Shaohua had to compromise: "Alright, I agree to work with your company."

"No, I don't want to work with your company right now." Wu Tian shrugged as if he didn't care.

"You ..."

Wang Shaohua was so angry that the corner of his mouth twitched. After a long while, he finally managed to say: "Then what do you want?"

"When cats catch mice, they usually don't eat them in one bite."

"You want to play with me?"

"Right."

"Just how do you want to play?"

"I want to hear Boss Wang imitate a cat's meow."

"Kid, don't go too far."

"Boss Wang, don't be angry. It's just a joke." Wu Tian stopped smiling playfully and said seriously, "Alright, let's talk about the price for me buying your company."

"Forget it, I agree to sell the company to you at the same price." Wang Shaohua doesn't have a bargaining chip right now, so he can only agree to sell the company at a low price.

Seeing that his company was about to be played to death by Wu Tian, he had to sell it now.

"No!"

Wu Tian shook his index finger a few times, "This price is too high, I can't accept it."

"The price is already so low, and you still think it's too high?"

"Right."

"You said this before."

"That was before. Now I've changed my mind."

"You ..." Wang Shaohua was so angry that his veins were popping out, but he couldn't do anything to the kid in front of him, "Then how much do you want to pay?"

"Twenty percent lower than before."

"You're a robbery."

"Boss Wang, do you still have any choice?"

"I ..." Wang Shaohua was rendered speechless by the question. In the end, he could only nod his head: "Ok, I agree."

That's right, he didn't have any choice now. Now that he was in danger, what else could he choose?

"Boss Wang, it's a pleasure to work with you." Wu Tian smiled as he stretched out his right hand.

Wang Shaohua clenched his teeth. It was only after a long time that he reached out his hand to shake hands with Wu Tian. At this moment, he did not feel happy at all and was even a bit angry.

"Alright, Director Sun, go in and sign the contract with Boss Wang." Wu Tian retracted his arm, turned around and ordered Sunn Sheng.

"Yes." Sunn Sheng nodded. He couldn't hide the excitement in his heart as he followed Wang Shaohua into the reception room.

He might not even have dreamed that he would buy the Odd Fish broadcast at such a low price. It was a good deal.

*

Wu Tian stood outside the reception room and secretly let out a sigh of relief. He took out a cigarette from his pocket, lit it up, and started to smoke.

Just as he was smoking half of his cigarette, he saw Zhao Jie running over with two security guards. Zhao Jie was the floor manager.

"God, you're still smoking." Seeing the smoke in the corridor, Zhao Jie was so angry that her face turned pale.

"You're not my wife, so why do you care about me smoking?" Wu Tian joked with a mischievous smile. From the beginning, he had a good impression of this girl.

"Rascal." Zhao Jie's face reddened. She gritted her teeth and warned him, "Let me remind you one last time, quickly extinguish the cigarette in your hand."

"What if I don't?"

"Then don't blame me for being impolite."

"Is that so?" Wu Tian exhaled a mouthful of smoke, then looked at the two security guards, "Could it be that you want those two security guards to hit me?"

Before Zhao Jie could reply, the two security guards beside her had already lost their patience. "Don't waste time talking to him. Just directly take action against this kind of scoundrel."

After saying that, the two security guards pounced towards Wu Tian.

"Hey, just chase him away, don't hit him." At the critical moment, Zhao Jie couldn't help but remind the two security guards.

After hearing that, Wu Tian's heart warmed. He chuckled and said, "Beauty Zhao Jie, you really care about me. Don't tell me you've fallen in love with me?"

"You ..." Zhao Jie was so angry that she could not speak.

Zhao Jie didn't expect Wu Tian to still have the mood to joke with her at this time. He was too annoying.

The two security guards charged forward and grabbed Wu Tian's body from the left and right. They realized that Wu Tian had too much strength and was also very heavy. No matter how hard they tried, they couldn't drag him away.

The two security guards looked at each other and immediately made up their minds. "Let's beat him up first."

After saying that, the two security guards prepared to attack Wu Tian.

"Stop!"

Right at that moment, the door of the reception room opened. Wang Shaohua walked out. Seeing that the security guards were about to attack Wu Tian, he hurriedly opened his mouth to stop them.

Currently, he only signed a contract with Seafood TV but did not receive any funds. If his security guards beat up Wu Tian, then he might not be able to get any money.

When they saw Boss Wang, the two security guards immediately stopped in fright.

Zhao Jie took a step forward and quickly explained, "This mister here is smoking. I've tried to dissuade him several times, but he never stopped smoking. I'm going to have the security take him out of the company."

"He can smoke here. Even if he wants to burn down the company, you have no right to ask." Wang Shaohua said coldly as he stared at Zhao Jie.

"Boss Wang, didn't you say that smoking isn't allowed on this floor?"

"That was in the past. He will decide in the future."

"Him?" Zhao Jie looked at Wu Tian with a puzzled expression. She frowned and asked, "Why is he in charge of our company?"

"Let me introduce him to everyone." Wang Shaohua pointed at Wu Tian, and introduced him as if he was acting: "He's called Wu Tian, from today onwards, he's the boss of your Odd Fish live broadcast."

"He's the boss?" Zhao Jie's mouth was wide open in disbelief. She even thought that she had misheard.

Hidden Billionaire Chapter 382 - Good at Using Talent -

C382 Good at Using Talent

"Just now, Wu Tian had already bought the entire company." Wang Shaohua gritted his teeth and unwillingly announced in public: "In other words, from now on, I have nothing to do with the Odd Fish broadcast. Wu Tian is the boss of the Odd Fish broadcast."

With that, Wang Shaohua dejectedly left the place.

Zhao Jie and the two security guards were completely dumbfounded. Their mouths were wide open in disbelief.

They didn't expect this young boy to buy the company and become its big boss.

They could not understand how someone as young as him could afford to buy such a large company.

No wonder this brat dared to ignore the rules and was smoking on the executive floor. It turned out he was the new boss of Odd Fish.

After a slight pause, the two security guards reacted and hurried forward to apologize to Wu Tian, "Boss Wu, we didn't know that you are the new boss of Odd Fish company. Please forgive us for offending you just now."

"The ignorant are innocent. I don't blame you." Wu Tian waved his hand magnanimously. He was in a good mood today and was too lazy to punish the security guards.

"Thank you, Boss Wu." The two security guards nodded their heads in thanks as if they had been pardoned.

"Do you want to stay here and work?"

"Of course."

"Alright, continue with your previous positions. The salary will remain the same and the benefits will double."

"Thank you, Boss Wu." After the two security guards thanked him, they swore, "We will definitely follow Boss Wu and never betray you."

"Too fake." Wu Tian smiled bitterly and shook his head, then said to the two of them, "Return to your posts and continue working. Don't worry, you won't lose a single cent of your salary."

"Yes." After the security guards answered, they happily left and returned to their jobs.

After the security guard left, Wu Tian walked towards Zhao Jie step by step and reprimanded her, "How dare you contradict the boss."

"What do you want?" Zhao Jie was so frightened that she retreated, biting her lips as if she wanted to cry but had no tears.

She also didn't think that this brat in front of her would become the Odd Fish's boss in the blink of an eye, becoming her direct superior.

She had offended Boss Wu earlier and even tried to get the security guards to beat Boss Wu up. This time, she had finally gotten into trouble and was unavoidably scolded by the new boss.

"I don't eat people, why are you retreating?" Wu Tian couldn't help but laugh as he looked at Zhao Jie, who had been scared away by him.

"You're too close to me. I'm scared."

"What are you afraid of?"

"I was afraid that you would touch my body." Zhao Jie bit her lips in embarrassment and was forced to retreat.

"What happened when I touched your body?"

"That ..." Zhao Jie swallowed her saliva and summoned up her courage to remind him, "Boss Wu, please have some self-respect."

"I don't need it." Wu Tian stopped walking and said to Zhao Jie, "Even if you are pretty, if you make a mistake, I will still punish you."

"I accept the punishment."

"Accept any punishment?"

"Right."

"Alright, then you can do a striptease."

"You ..." Zhao Jie rolled her eyes at Wu Tian with a blush.

She had not expected the new boss to be so flippant as to not have the slightest appearance of a boss. He was truly a bit annoying.

"You don't want to?"

"According to the company's rules, there is no such punishment."

"I'm the boss now, and I'm in charge of the company." Wu Tian put his hands in his pockets and said in a domineering manner, "The company's previous rules are now invalid."

"If Boss Wu really wants to force me to strip, then I can only choose to resign." Zhao Jie ground her teeth and replied with determination.

"Alright, then resign."

"I ..." Zhao Jie gritted her teeth and left, feeling a little disappointed.

She didn't want to leave the company, but she had no choice when it came to rogue bosses.

Zhao Jie had just walked a short distance when Wu Tian spoke again, "Zhao Jie, I'll hire you again now. From now on, you will be the secretary of the general manager, assisting Sunn Sheng in administrative work."

Hearing that, Zhao Jie suddenly stopped and slowly turned around to look at Wu Tian. "What did you say?"

"I'll just say it one last time." Wu Tian slightly raised his head and said in a never before seen serious tone, "From now on, I'll hire you as the general manager's secretary."

"You just fired me and now you want me to be the general manager's secretary?" Zhao Jie blinked her eyes and opened her mouth in disbelief.

She didn't dance according to Boss Wu's instructions. Logically speaking, Boss Wu should be very angry, why did he suddenly give her a promotion?

She really could not understand what the new boss was thinking.

Wu Tian didn't say anything. Liu Sheng, who was beside him, stepped forward and explained with a smile, "Just now, Boss Wu fired you because it was a small punishment."

"Then why did he make me the secretary to the general manager?" Zhao Jie's eyes widened in confusion.

"Because you passed the interview. You're very good."

"What interview?"

"Ever since Boss Wu met you, he had been testing you and found out that you have a very good character. You have a very high professional quality and integrity, and are very outstanding in all aspects." Sunn Sheng explained with a smile.

"He was flirting with me — was it an interview?"

"Right."

Zhao Jie stared at Wu Tian blankly for a few seconds. She couldn't help but mutter to herself, "This guy is really weird."

She had lived for more than twenty years and had worked in several companies, but this was the first time she had encountered such a strange interview.

"Who are you calling a weirdo?" Wu Tian's eyes turned cold as he reproached softly.

"It's not you." Zhao Jie was so scared that she quickly lowered her head. She didn't expect that Boss Wu would hear her in such a low voice.

"Miss Zhao, are you willing to become the general manager's secretary?"

"Of course." Zhao Jie nodded vigorously. She was looking forward to this good job.

Previously, she was just a small floor manager who belonged to the logistics department. She did not think that she would suddenly become secretary to the general manager. She suddenly became very successful.

Even now, she still didn't understand why Boss Wu would let a small role like her do this job.

She clearly offended Boss Wu and was obviously fighting against him. In the end, she even got promoted.

"Alright, from now on, you will be the secretary to the general manager." After Wu Tian said this, he asked Zhao Jie, "As a secretary, how do you think the company should deal with this crisis?"

"Right now, I think the company's top priority is to resolve the internal conflicts and appease the employees and those host and creditors." Zhao Jie thought for a moment before replying.

"Very good." Wu Tian nodded in satisfaction, "Let's go and solve these problems you mentioned."

Sunn Sheng and Zhao Jie quickly followed.

When they entered the elevator, Zhao Jie finally voiced out her worries. "Right now, those creditors and host are causing a huge ruckus. It probably won't be easy to stabilize their emotions."

"Then why are they making trouble?"

"For money."

"Money is only one aspect of it. They are mainly worried that the company will close down and all their efforts will go down the drain, so they are panicking."

"Boss Wu's words make sense." Zhao Jie nodded her head in approval and continued, "What good idea does Boss Wang have?"

Hidden Billionaire Chapter 383 - Making an example -

C383 Making an example

"Making an example." Wu Tian gave a simple answer.

"Oh!" Zhao Jie nodded, as if she understood something. She was curious as to how Boss Wu would solve this predicament.

The three of them took the elevator down and found that the lobby was still in chaos. Everyone was asking the Finance Department for money.

In this kind of situation, the Finance Department was in a dire situation. Because the company had no money on its account, even the Public Relations Department was helpless against it. They could only continue to let the situation develop.

Wu Tian glanced around the chaotic hall and winked at Sunn Sheng.

Sunn Sheng nodded and walked to the front of the hall. He raised his hand and slapped on the table and shouted, "Everyone, quiet down!"

"Who are you? "What part of this is there for you to talk to?" Everyone pointed their fingers at Sunn Sheng.

"I am the General Manager of Seafood TV, Sunn Sheng. I'm here to announce a heavyweight piece of news to everyone." After Sunn Sheng said this, he took out the purchase contract he just signed and announced loudly, "Just now, our boss Wu Tian has completely purchased this company. He has become the new boss of this company."

As soon as these words were spoken, the crowd exploded into a commotion and couldn't help but discuss amongst themselves.

"Next, we would like to invite the new boss of Odd Fish, Wu Tian, to speak for us." Sunn Sheng put away the contract and retreated to the side.

Under everyone's gaze, Wu Tian slowly walked to the front of the stage and swept his eyes across the crowd. Then, he opened his mouth and said: "I'm Wu Tian, the new boss of Odd Fish company."

"Since you're the new boss of Odd Fish company, then hurry up and pay off the money that you owe us." The crowd below the stage pointed their fingers at Wu Tian and asked for his arrears one after another.

"Don't be in such a hurry, all the money you want is on the way. Send it over right away." Wu Tian smiled at the crowd.

"Are you for real? Are you lying to us?" Everyone was in an uproar, and they were all suspecting the authenticity of the words.

"Wait another two minutes ..."

"No, we don't want to wait a minute." The first to cause trouble were the cooperative merchants and trade unions before Odd Fish.

They knew just how terrible Odd Fish was right now, and all they wanted was to get their hands on the money so that they wouldn't suffer heavy losses.

"If you don't want to wait, then continue making trouble, or just burn a torch here. I want to see where you guys can get the money from," Wu Tian growled coldly.

His words calmed everyone down a lot. If they continued to cause trouble, it would not be beneficial to them.

"Alright, then we'll wait a little longer." The crowd quieted down, and they prepared to wait a few more minutes. If they couldn't get the money, it wouldn't be too late to make a fuss.

After waiting for less than two minutes, Loong Yun and Azure Dragon walked into the company's lobby with four bodyguards.

Each of the four bodyguards in black carried a large leather case, they were all wearing sunglasses and walked towards Wu Tian with a strong demeanor.

This aura alone was enough to shock the entire audience, to say nothing of anything else.

Everyone's eyes fell on the few large suitcases. They were all wondering if the money in them was actually money.

"Young Master, I've brought the money." Loong Yun walked in front of Wu Tian with her long legs and said expressionlessly.

She had received her Young Master's call half an hour ago, asking her to prepare 40 million yuan and bring it to Odd Fish company.

"Very good." Wu Tian nodded in satisfaction and waved his hand. He instructed, "Open the suitcase."

The reason why he had Secretary Loong prepare the money on purpose was so that everyone could see his strength. He wanted to tell everyone that he did not lack money.

"Yes sir!" After Loong Yun answered, she had the four bodyguards in black open all the suitcases.

After the leather case was opened, the brand-new bills were revealed. It was extremely eye-catching under the strong light.

The scene exclaimed in unison. No one expected Boss Wu to take out so much cash all of a sudden. It was truly an eye-opener.

From this, it could be seen that Boss Wu was a rich and powerful person. This was something that everyone acknowledged.

"Since I am able to purchase the Odd Fish, it proves that I have the ability. I am not lacking in money." After Wu Tian said this, he continued, "If everyone wants to take the money, then line up. Everyone has a share."

After saying this, everyone quickly lined up and waited for their wages. The other partners also lined up to settle their accounts.

"But I must remind you." Wu Tian suddenly put away his smile and changed his tone: "After you receive your wages today, you will have nothing to do with our Odd Fish broadcast. That is to say, as long as you receive the money today, Odd Fish and seafood platforms will not cooperate with you anymore."

"You want to ban us just because we're getting paid?"

"Right."

"The salary is our work income, so it's only right that we receive the salary. On what basis do you want to ban us?"

"According to the contract, you are paid on time on the 15th of every month. You want to claim your salary in advance, that's the same as forcing me. I will definitely ban you?" Wu Tian, who was still smiling just now, suddenly became tough.

"This ..."

The host s at the scene all started to boil in excitement.

Right now, Odd Fish and live broadcast were the two biggest broadcast platforms in the continent. If they were banned by two different platforms at the same time, how would they be able to survive in the future?

All of a sudden, the host began to have scruples.

"Everyone, host, I will give you all some time to consider." After Wu Tian said this, his tone suddenly became cold: "Finance, first pay those employees who are causing trouble and get them to scam out of the Odd Fish."

When they heard this, those employees were frightened and quickly begged for forgiveness: "Boss Wu, we were in a daze for a while, we won't cause any trouble anymore, please give us another chance."

"My apologies, but I have a fair reward. If you make a mistake, you must be punished." Wu Tian's tone was very tough, there was no room for negotiation, "Pay these employees first and get them to scam."

This move was the so-called 'taking an example'. He first punished the employees, so that he could awe the host s.

After all, there were only a few employees causing trouble, and most of them were in the middle management. It did not affect the company much if he drove them away.

Moreover, keeping these disobedient employees around him would not be beneficial to their future development. Thus, he took advantage of this opportunity to get rid of them and kill two birds with one stone.

"I'm sorry, Boss Wu. We really know our wrongs. Please give us another chance ..." The staff pleaded, not wanting to leave Odd Fish.

After all, Odd Fish Broadcasting was a large company. If it were to be fired just like that, it would be difficult to find a similar job in the Luzhou in the future.

However, Wu Tian was very tough on them, so he didn't give them any chances at all.

Those employees who caused trouble could only receive their salaries and severance pay, and leaving Odd Fish with heads full of dust, they felt incomparable regret.

After the troublemakers were chased away, the scene quieted down. Everyone was scared by the boss' forceful method.

Seeing that the situation wasn't good, those cooperative merchants hurriedly begged for mercy: "Boss Wu, we weren't sensible before, so we came here to cause trouble when the company was in a crisis. Now we know we are at fault, we have decided to change our course of action."

In their hearts, they hoped to cooperate with a large company like Odd Fish.

They had previously heard that the Odd Fish's capital chain had shattered and was facing collapse. They were afraid that they wouldn't be able to get the money back from Odd Fish Cooperation, so they came over together to ask for money.

Now that they knew Boss Wu was a rich tycoon, there was nothing to be afraid of. They decided to give in and continue working together.

Hidden Billionaire Chapter 384 - No Threats -

C384 No Threats

"I don't like unsincere partners like you." Wu Tian waved his hand and instructed the finance department, "Pay them back. We will never work with them again."

It was the same trick again, except this time he was using it on the cooperative.

At the same time, he did so not only to awe the host, but also to discard these bad partners of his.

As long as he had money, he would never lack partners. He naturally had to abandon such dishonest partners.

Upon hearing this, the other partners instantly became dejected. This time, they were completely done for.

In their hearts, they felt incomparable regret, but they couldn't say what the pain was. They finally understood what it meant to bear the consequences.

After the partners received the payment, they left the hall dejectedly.

The rest were all from the Odd Fish company's hosts and guilds. They could be considered the main force of the Odd Fish, and the only people able to make money on the platform were the few of them.

"If you still want to leave, I won't force you." Wu Tian swept a glance over everyone and said expressionlessly: "However, like what I said before, the moment you walk out of the Odd Fish live broadcast, you will be jointly banned by Odd Fish and seafood, and will never cooperate with you again."

These words were like a nail hammered into the hearts of the host.

Just a moment ago, everyone had seen Boss Wu's forceful methods. The workers and partners who caused trouble were all kicked out, and they would never have the chance to cooperate with Odd Fish again.

The host knew very well that once they were banned by the Odd Fish and the live broadcast of the Odd Fish, they would lose their iron rice bowls.

Most of the host were subdued, and a few brave host could not help but haggle: "Boss Wu, we can stay, but the share of the rewards for the gifts must be increased by one point."

"I remember you, Jiang Meizi. You did well in the live broadcast earlier." Wu Tian recognized the host in front of him and asked: "Are you trying to bargain with me?"

"Yes, I hope to improve the treatment of all the hosts." Jiang Meizi raised her head and said with a bit of determination.

In the Odd Fish broadcast, she was deeply admired by Wang Shaohua. Her position in the Odd Fish was very high and her influence was very great.

"What right do you have to bargain with me?" Wu Tian didn't really like this host called Jiang Meizi.

This woman's conditions were good and the flow of traffic was also good, but she was raised by Wang Shaohua after all, so he didn't trust her.

"Boss Wu, the reason you fired the employees who caused trouble before and even cancelled the collaboration with those partners was all for us to see." Jiang Meizi was indeed a smart person, she had seen through everything.

"So what?"

"These two moves of yours are indeed vicious. They have made us all feel apprehensive." After saying all that, Jiang Meizi's tone changed, "But don't forget, us hosts are the main force of Odd Fish. What do you think would happen if all of us leave?"

"If there is no host for the live broadcast of Odd Fish, the platform will be completely paralyzed and Odd Fish will be destroyed."

"Boss Wu is indeed a smart person." Jiang Meizi pursed her lips into a smile, narrowed her eyes and threatened, "If Boss Wu doesn't give us a higher share, I will bring all the hosts and leave together. I think with my influence, we can do it."

After saying that, most of the hosts nodded in agreement.

They were usually deeply influenced by Jiang Meizi. In addition, Jiang Meizi had to contend with the new boss for the sake of increasing everyone's treatment, so they were naturally willing to support her.

"Miss Jiang, you are still too young." Wu Tian grinned, both of his hands were in his pockets as he looked at the entire audience arrogantly, "A small live broadcast of Odd Fish is but a drop in the bucket for me, there are a lot of businesses under my banner, even if the Odd Fish falls, it would not affect me at all, but if the Odd Fish falls, it would be fatal for you guys."

"So you'd rather the company go out of business than give us a raise."

"That's right, I've never been threatened by anyone." Saying this, Wu Tian changed his tone, "If all of you had left. I will introduce new disciples from the Seafood TV and they will be able to replace you very quickly. "

"I don't believe it."

"You can try."

Jiang Meizi swallowed a few mouthfuls of saliva forcefully. After a long while, she finally made a decision, "Fine, let's all leave. I want to see what happens to the Odd Fish. Let's go."

Having said so, she turned around and walked out of the hall.

After walking a few steps, she suddenly stopped in her tracks. She noticed that the other hosts were all standing still, and no one was willing to follow her.

These days, no one wanted to argue with money, and no one wanted to follow Jiang Meizi.

Just like Wu Tian had said, if they left now, many little hosts of Seafood TV would come over to replace them, and all their efforts before would be in vain.

"What do you mean?" Seeing the other host not moving at all, Jiang Meizi felt as if she was being toyed with.

She thought that with her influence in the Odd Fish, she would be able to take everyone away, but in the end, she was greatly disappointed and no one was willing to go with her.

All of the hosts lowered their heads and did not say a word.

"You all ..." Jiang Meizi clenched her fists in anger, wishing that she could tear apart the host's faces.

These people were truly disloyal. Just a moment ago, they agreed to go with her. Who knew that they would betray her in the blink of an eye?

"Miss Jiang, you're too arrogant." Wu Tian pursed his lips and smiled. He already expected such an outcome, "Remember, you are not my opponent."

"I ..."

Jiang Meizi gritted her teeth and said awkwardly, "If you win, I've decided to stay."

"This isn't a supermarket, you can't just leave if you want to." Wu Tian waved his hand and immediately made a decision, "From today onwards, Odd Fish Broadcasting and Seafood TV will permanently ban Jiang Meizi, and will never cooperate."

When these words came out, the entire scene was filled with sighs.

They never thought that Boss Wu would be so ruthless that he would even be able to kill a top tier host like Jiang Meizi.

After seeing Boss Wu's toughness, everyone's heart trembled. I'm afraid that no one will oppose Boss Wu in the future.

"You, you, you ..." Jiang Meizi was so angry that the corner of her mouth twitched. She never thought that Wu Tian would not give her any face and directly kick her out of the Odd Fish live broadcast.

"Our Odd Fish can cultivate a lot of people like you. Just by leaving the Odd Fish broadcast, your value will decrease very quickly, and at that time, I'm afraid it won't even be worth a penny."

"Yes." Jiang Meizi came to her senses and changed her attitude from before. "Boss Wu, I'm sorry, I didn't know anything just now. Can you ..."

"No way!"

Wu Tian spat out two words without mercy, pointed at the door and said: "The door is over there, please."

"You, I ..." Jiang Meizi still wanted to plead for mercy, but when she saw Wu Tian's forceful attitude, she swallowed back the words that she wanted to say.

She did not expect that in a few short minutes, she would be swept out of the door by the Odd Fish live broadcast. All her efforts over the years had been in vain.

No matter which platform she went to in the future, her influence and flow would not be as great as it was now, which meant that she was likely to fade out of sight.

It would be a lie to say that she did not regret it falling from the top host, but what was the use of regretting it now?

Hidden Billionaire Chapter 385 - Resolution of Crises -

C385 Resolution of Crises

Just like that, Jiang Meizi was kicked out of Odd Fish Broadcast, and she soullessly left the hall of Odd Fish Corporation.

The other host were all secretly regretting their decision. They did not think that the Odd Fish would fall under the hands of the Red One Sister. She had forever become the history of the Odd Fish.

This incident taught all the host a lesson, and let them clearly recognize the fact that they definitely could not go against Boss Wu alone.

After chasing Jiang Meizi away, Wu Tian glanced at the remaining host and asked, "Who else wants to leave with Jiang Meizi?"

All of the host present shrank their heads in fear, afraid that they would be swept out the door by the new boss.

"Then do you want to continue the live broadcast at Odd Fish?" Wu Tian asked again in a gentle tone.

"Yes!" All of the host present nodded their heads. They all expressed their wish to stay in the Odd Fish for the live broadcast.

"Alright, since everyone is willing to stay, then we will be one family in the future." Wu Tian looked down at the host condescendingly and immediately announced: "From today onwards, the reward points you receive from the stage will increase by 20%."

When he said this, the crowd burst into an uproar. Everyone was very surprised, they did not expect the new boss to take the initiative to increase the share of the profits.

Just now, Jiang Meizi proposed to increase the percentage of the profit, but Boss Wu kicked her out of the company.

Now that Jiang Meizi had left, no one dared to raise the salary anymore. However, Boss Wu directly increased everyone's share by 20%. What was going on?

"Raising the percentage of the profit is not a big deal. As long as you earn money, the company will be able to develop smoothly." Seeing the host's

blank look, Wu Tian explained with a smile: "No matter what request or suggestion you have, you can always ask me. It's no big deal, but you must remember, don't threaten me, I am never threatened by anyone."

Only then did everyone realize that Jiang Meizi was threatening Boss Wu. So not only did Boss Wu not agree to increase the share, he even chased her out of Odd Fish.

It seemed like Boss Wu was trying to kick Jiang Meizi out on purpose.

His display of might was indeed great, shocking all the host s.

"Thank you, Boss Wu." After a moment of surprise, the host thanked Boss Wu one by one and said: "In the future, we are willing to follow Boss Wu and live broadcast it on Odd Fish."

No matter what, they should be grateful that Boss Wu gave them an increase of 20%.

From this kind of extravagance, it could be seen that Boss Wu was a good boss that was worth following. At least, he was willing to give money, since he was much stronger than Wang Shaohua.

"Alright, everyone go back to your work. When the time comes, everyone's salary will be transferred to your account." After Wu Tian said this, he gestured for everyone to leave.

The host s all dispersed while talking and laughing. This time, to all the host s, it was simply going through an unprecedented ups and downs.

After the host left, the rest of the company's main hall gradually returned to tranquility.

Wu Tian glanced at the remaining employees and said, "When the company encountered difficulties, you didn't add insult to injury. You are all the most outstanding employees, do you want to follow me and continue working?"

"Yes." The staff shouted in unison.

Everyone could see the leadership Wu Tian displayed just now. They were all willing to follow such a boss.

"Alright." Wu Tian nodded with satisfaction and encouraged them: "As long as everyone is willing to work hard with me, we'll earn a lot of money together. We'll strive to develop Odd Fish together to become a top tier live broadcast platform."

"Pa Pa Pa!"

After those words were said, the crowd broke into thunderous applause. Everyone raised their hands, clapping non-stop.

"Alright." Wu Tian pressed his hands together, signalling for everyone to quiet down, then continued: "Let me introduce him to everyone, this is Seafood TV CEO Sun, in the future he will take over the direct broadcast of Odd Fish, and is the general manager of Odd Fish Company."

"Pa Pa Pa ..."

The crowd applauded once again.

"Also." After the applause, Wu Tian continued to announce: "Zhao Jie's performance was not bad. I've decided to appoint her as the secretary of the General Manager of Odd Fish Company."

Everyone applauded in support, but most of them were full of envy. They didn't expect that a small floor manager would suddenly fly up the branch and turn into a golden phoenix.

"What else do you have to say?" After announcing this appointment, Wu Tian looked towards the employees.

"Boss Wu, our internet has crumbled, but the technicians have been fired. What should we do?" the person in charge of the network technology department asked.

"Don't worry, I've already ordered people to fix the network, and it's done. As for the technical staff you mentioned, I will transfer them over from Seafood TV."

"That's good." Hearing this, everyone felt more at ease. Then, the Finance Department raised a new question, "Our capital chain has been broken and many banks have cancelled their collaboration?"

"Don't worry, I've never been short of money. I don't have any problems with breaking the capital chain, because I'm the capital chain." Wu Tian raised his head and said loudly.

He was the one controlling the breaking of the Odd Fish capital chain, and since he could cut off the capital chain, he could naturally connect to the broken part as well.

What's more, he had a lot of money with him right now. He could support the sustainable development of the live broadcast company.

"Alright." Seeing Boss Wu being so rich, the staff were all inspired and excited.

"If there's nothing else, everyone can go back to their posts and continue working." Wu Tian waved everyone away.

The hall was completely quiet as the staff returned to their posts and continued working as if nothing had happened.

Looking at the scene before her, Zhao Jie could not help but inwardly exclaim: "Boss Wu, I didn't expect you to be so amazing. To be able to calm down internal and external troubles in a short half an hour, and bring Odd Fish company back to its normal track."

"Secretary Zhao, looking at your little eyes, it seems like you're infatuated with me." Wu Tian shook his arm and couldn't help but tease him.

"I didn't." Zhao Jie blushed as she lowered her head in embarrassment.

"Alright, you should get busy. Get used to working as a secretary as soon as possible." Wu Tian said with a smile.

"Sure!" Zhao Jie smiled sweetly and obediently left the place.

Only Wu Tian and Sunn Sheng were left in the hall.

Wu Tian took out two cigarettes, passed one of them to Sunn Sheng, and asked with a smile: "Boss Sun, I'll hand over all my Odd Fish to you. What do you plan to do next?"

"I intend to open up two platforms, integrate resources, and let the two groups develop together." Sunn Sheng voiced out his thoughts.

"Yes, but that's not right either."

"What do you mean?"

"Our first step is to open up two platforms and integrate the resources. However, we can't let the two platforms develop together." Wu Tian lit up his cigarette and took a puff, then continued, "If we develop at the same time, then there will be some phenomenon of left and right side fights, which is not good for our growth."

"Boss Wu means ...?"

"Let's combine the two and then separate them and differentiate them." Wu Tian raised his head and looked into the distance.

"Alright!" With a wave of his arm, Sunn Sheng could not help but exclaim, "Boss Wu is indeed far-sighted."
