C391 Wind-cooling Speech

If Loong Yun hadn't been drugged, she would never have shown such a crazy and daring side of her.

This kind of boldness was extremely useful to Wu Tian. It was so beautiful that it made Wu Tian enjoy the fiery temperature of melting ice cubes.

The scene in the hotel became more and more exciting, and the sound that came from Secretary Loong's throat also became heavier and heavier.

At this moment, she had completely lost her mind. She only twisted her body rhythmically, displaying a woman's gentleness and sexiness to the fullest.

In order to cure Secretary Loong, Wu Tian had no other choice but to submit to this woman.

They tossed and turned for the better part of the night, until the two of them fell asleep one after the other, and the room gradually returned to its former tranquility.

The next day.

Wu Tian got up early, washed his face and brushed his teeth as if nothing had happened, then went out to buy breakfast.

After he finished his breakfast, he saw that Secretary Loong had woken up.

Loong Yun opened her eyes. Her four limbs were aching and she had no strength left in her body.

She suddenly thought of something and quickly lifted off her blanket. She discovered that she was not wearing anything at all.

Her face blushed, she was so scared that she quickly pulled up her blanket tightly. She glared at Wu Tian with a face full of shame and anger and asked urgently: "What did you do to me last night?"

"Guess." Wu Tian took a bite out of the old youtiao and turned his head to look at Secretary Loong lecherously.

"You ..."

Loong Yun gritted her teeth and clenched her fists tightly.

"No."

Wu Tian shook his head and retorted with a serious expression, "You are the one who ruined me."

"Bastard, you ..." Loong Yun clenched her fists tightly, wishing she could pounce on the man before her and beat him to death.

The thought of having her body tainted by this man made her wish she were dead.

"Secretary Loong." Wu Tian put down the remaining youtiao and wiped off the oil stains on his mouth. With a playful tone, he said, "You don't know, you were extremely crazy last night and rushed towards me like a hungry wolf. You didn't know how helpless you were then ..."

"Alright, stop it." Loong Yun closed her eyes in embarrassment and anger. The words were like knives stabbing into her ears.

She had never thought that the chastity she had kept all her life would eventually be destroyed.

Only after a long time did she slowly open her eyes. She slowly loosened her fists and controlled her emotions as she slowly spat out one sentence. "Last night, pretend like nothing happened."

If it was someone else that had tainted her body, she would definitely hack him into a thousand pieces to vent the hatred in her heart.

But this person was the young master, what could she do? Since her virginity had been taken away by the young master, she could only pretend that nothing had happened.

What's more, she was drugged last night, and Young Master was detoxifying her at that time. He had no choice but to do so.

In the end, the Young Master hadn't done anything wrong, so she had no reason to blame him.

"So you don't want to be responsible for me?"

"I ..." Loong Yun gritted her teeth, not knowing what to say.

Young Master Wu was truly infuriating. Even after he took away her virginity and took all the advantages, he still ended up here making sarcastic remarks.

"Haha, I was joking with you." Wu Tian grinned and said in a serious tone, "Nothing happened last night."

"How is this possible?" Loong Yun thought that the Young Master was lying to her.

If nothing had happened, how could her entire body be sore, and her waist be in excruciating pain?

Furthermore, when she lifted up the blanket, she saw that there was blood on the bed. There was no doubt that it was her blood.

"Nothing really happened." Wu Tian walked over and sat on the bed. He explained in a serious tone, "Last night, you threw yourself at me crazily, but I resolutely resisted ..."

"You will resist?"

"I made a symbolic resistance." Wu Tian smiled embarrassedly and continued, "But you were too crazy at the time. Plus, the poison in your body had spread all over, so I had no choice but to help you cure the poison ..."

"And you say nothing happened to us?"

"Don't be in such a hurry, first listen to what I have to say." Wu Tian rolled his eyes at Secretary Loong and continued, "Just as everything was ready and I was preparing to cure you of the poison, you suddenly fainted."

"I fainted?"

"Right."

"Why did I suddenly faint?"

"I'm not sure about that. It could be an overdose of medicine. Your body couldn't take it, so you fainted."

"I fainted and you didn't touch me?" Loong Yun doubted this.

Under normal circumstances, a man would not be able to control himself if he was tempted like this.

"Of course." Wu Tian put on his handsome hair, raised his head and said, "I'm a man of honor, how could I take advantage of the situation and enter."

"If you didn't touch me, why would there be blood on the bed?"

"That's your own blood."

"My blood?"

"Right."

"How could I have blood?"

"Your menstrual blood."

"Menstruation?"

"That's right." Wu Tian nodded and smiled, "Actually, I had no choice but to fire at that time. Just when I couldn't control myself, you had your period, so I couldn't do it."

"Really?" Loong Yun was still skeptical as she put her hand under the blanket to check her body.

The examination found that she did have a period, but not much, and there was a sanitary napkin in it.

After a careful examination, she found that her body had not been invaded, and her most important object was still there. This made her feel a lot more at ease.

It seems that her sudden period last night helped her keep her clean. Otherwise, her body would have been incomplete by now.

"Sigh, your period didn't arrive earlier or later, it just had to come last night at the most critical time." Wu Tian grumbled on the inside as he gritted his teeth and said, "I almost suffocated to death last night."

"Hu!"

Loong Yun secretly heaved a sigh of relief. Now that she thought about it, last night had been too dangerous. She had almost had an irreversible relationship with her young master.

Fortunately, her period came in time to save her, which made her feel thankful.

In less than three seconds of joy, her face suddenly turned embarrassed. She anxiously asked, "Who helped me with the sanitary pad?"

"It's me."

"You ..." Hearing this, Loong Yun's face instantly turned red. She gritted her teeth and asked in a low voice, "Didn't you see everything?"

"Of course."

"I ..." Loong Yun lowered her head, ashamed and embarrassed.

When she thought about how her entire body had been seen by the young master, she felt extremely embarrassed. She wished she could find a hole to hide in.

"It's the first time I've helped a woman with this. It's so awkward." Wu Tian scratched his head with a silly smile on his face.

Loong Yun raised her head and glanced at Wu Tian. Then, she lowered her head again and whispered with a flushed face, "I hope young master can keep what happened last night a secret. Don't tell anyone."

"This sort of thing, of course I wouldn't say. How embarrassing would that be?"

"I'll have to trouble young master to turn around. I need to get dressed." At this moment, Loong Yun's face was flushed, and her speech was more flirtatious than usual.

"There's no need for that. It's not like I haven't seen your body before."

"You ..." Loong Yun bit her lips. In the end, she didn't have the nerve to pull up the quilt, so she decided to just hide under the quilt and put on her clothes.

Hidden Billionaire Chapter 392 - Leave a Note -

C392 Leave a Note

After putting on her clothes, Loong Yun rushed into the bathroom and checked her body carefully.

Her body was indeed untainted and innocent, but there were many scratches on her body. It was unknown if it was the young master who did it or if she accidentally scratched it herself.

She didn't have any impression of what happened last night, so she had no idea what had happened last night.

However, one thing was certain, there was no physical relationship between her and the Young Master.

Even so, she still felt red in her face and ears. When she thought about how her young master took advantage of her last night and even looked at her entire body, she felt so ashamed that she couldn't show her face.

She felt her cheeks turn red and hot, and the temperature of her body was exceptionally high.

She simply took off her dress and repeatedly wiped her body with cold water. She still could not help but let her imagination run wild.

Wu Tian cleaned up the room after he finished his breakfast. He waited for more than half an hour before Secretary Loong walked out.

The woman gradually regained her composure, but her face was still blushing and her eyes were filled with tenderness.

The current Secretary Loong had a bit of a womanly air about her.

"I bought breakfast. It's getting cold. Have some!" Wu Tian pointed at the breakfast on the table and said to Loong Yun.

"I'm not hungry, I don't eat." Loong Yun looked at those things and rejected without any expression.

"You used up so much energy last night, how could you not be hungry? You must eat, this is an order." Wu Tian instructed her while putting on the airs of a young master.

"Yes." At the mention of last night's incident, Loong Yun's face blushed even more.

Seeing how domineering the young master was, she could only obediently walk over for breakfast.

After breakfast, the two of them lay on their respective beds. They did not speak, and the atmosphere in the room was a bit awkward.

"What if we had that kind of relationship last night?" Wu Tian couldn't help but ask as he looked at Secretary Loong on the bed beside him.

If Secretary Loong's period hadn't come last night. There was no doubt that the two of them would have a relationship like that.

"I don't know." Loong Yun looked at the ceiling and spat out two words.

She had never thought about this before, and did not dare to think about it either. She was only a small secretary in Wu Family, what right did she have to think about such things?

If she had that kind of relationship with her young master last night, she could only accept her fate and pretend that nothing had happened.

"Then have you ever thought of marrying into a rich family, marrying a young master Wu Family, flying onto a branch and becoming a phoenix?"

"I don't dare."

"Have you thought about it?"

"I ..." Loong Yun hesitated for a few seconds, then said with an expressionless face: "There's a huge difference in status between us servants and Young Master, we definitely won't have a chance to marry into the Wu Family, and we don't even have the qualifications to marry Young Master."

"Why did you come to our Wu Family to be a secretary?"

"I was adopted by Wu Family since I was young, and stayed as a servant at Wu Family until this year when Mr. Wu selected me to be your secretary."

"Where are your parents?"

"When I was born, my parents both died in a car accident." Loong Yun's expression was calm without any ripples.

Perhaps she had long since gotten used to her current identity and did not know what fatherly love and motherly love looked like.

"How pitiful." Wu Tian sighed and asked again: "Then, what are your plans for the future?"

"Nope."

"Could it be that you want to stay in the Wu Family and be a servant for the rest of your life?"

"Yes." Loong Yun blinked her eyes, staring intently at the ceiling, "My life was given by Wu Family, I will forever remain at Wu Family, and serve Wu Family."

"You don't want to get married?"

"I don't want to."

"Then what if you miss men?"

"Nope."

"Alright!" Seeing Secretary Loong's calm heart, Wu Tian did not say anything more. He said in a kind tone: "If you are lonely and empty, tell me and I will help you solve it for free."

"Thank you for your good intentions, young master. It will never happen." Loong Yun closed her eyes after she finished speaking.

She had never thought about men and women before. Ever since she met her young master and was teased by him, her heart had slowly changed.

She was a normal woman. Facing the young master's teasing, her body and heart would more or less be affected.

The two of them chatted for a bit before falling asleep on the bed. Soon, they heard rhythmic snoring sounds coming from the room.

It wasn't until the two of them woke up in the afternoon did Wu Tian stretch his back, turned his head and asked Loong Yun, "Grandpa didn't set a meeting time and place?"

"Nope." Loong Yun answered simply.

"Then when am I going to meet grandpa?"

"I don't know."

"How much longer do we have to wait?"

"I don't know."

"We won't have to wait like this forever, right?"

"I don't know."

"F * ck!" Wu Tian cursed and complained, "You lousy secretary, how come you don't know anything?"

"Mr. Wu has his own arrangements. Please be patient, Young Master."

"Forget it." Wu Tian waved his hand, it wasn't appropriate to vent his anger on a secretary. He got up and said to Secretary Loong, "Come, let's go out to eat."

"Yes." Loong Yun got up obediently, went to the bathroom to wash up, then left the hotel with Wu Tian.

The two of them found a restaurant and had a meal before strolling around the streets. Going back to the hotel so early in the morning was rather boring, so it would be better for him to look at beauties on the streets.

Loong Yun didn't say anything along the way. She was still as cold as usual, neither cold nor hot in front of Wu Tian.

While the two of them were strolling on the street, a ten year old girl walked over. She handed the note to Wu Tian and said, "Uncle, someone asked me to give this to you."

"Who asked you to give it to me?" Wu Tian took the note and asked the little girl.

"It's that pretty little sister in the car." The girl turned her head and pointed to the opposite street, "Hey, where's little sister?"

At this moment, the opposite side of the street was empty. There wasn't even a single car on the side, let alone any pretty older sister.

Presumably, the big sister had already driven away.

"Little girl, thank you." Wu Tian rubbed the girl's head and watched her leave before opening the note.

On the slip of paper, there were a few small, delicate words. It was the handwriting of a girl, and the contents of the paper were as follows: Tianya Coastal Pavilion.

After reading these words, Wu Tian frowned. Who gave him this note? What did these four words mean?

"What did it say?" At this moment, Loong Yun, who was standing at the side, couldn't help but ask.

"Look." Wu Tian returned to his senses and handed the note over.

Loong Yun took the note and looked at it. With a frown, she asked, "Who left this note?"

"I don't know." Wu Tian first shook his head, then his eyes lit up: "Could it be that grandfather left a note, inviting me to meet him at Tianya Coastal Pavilion?"

"Impossible." Loong Yun shook her head and retorted, "Mr. Wu is very cautious and would not ask you to meet him this way. If he wants to see you, he'll just send me a message. "

"Then who left this note?" Hearing that, Wu Tian frowned even more.

This was his first time in the capital, and he did not know anyone here. Why would someone suddenly leave a note for him?

Hidden Billionaire Chapter 393 - Entraining Monarch into Urn -

C393 Entraining Monarch into Urn

"Then I don't know." Looking at the note in her hand, Loong Yun had a puzzled expression on her face.

"Since that person has left a note inviting me to meet him at Tianya Coastal Pavilion — then I will go meet him." Wu Tian immediately decided to go to the address written on the note.

Now, as long as he went there, all the questions in his mind would be easily solved.

"No." Loong Yun's face was gloomy. She cried out to stop him. She said, "I'm afraid this is a scam. You mustn't take the risk."

"What can she do?"

"She's pretending to be mysterious. She might set up an ambush and wait for young master to take the bait."

"I'm not afraid of a woman." Wu Tian immediately made a decision: "I'll go to Tianya Coastal Pavilion right now, you go back to the hotel and wait for me."

"If Young Master really wants to go, then I'll go with you."

"What are you doing with me?"

"I'll protect the young master."

"It's not like you know martial arts. Don't talk about protecting me, I'm afraid you will drag me down."

"No matter what, I must follow by Young Master's side."

"Alright!" Seeing how persistent Secretary Loong was, Wu Tian could only agree, "Since you insist on following me, then let's go."

After saying that, he reached out for a taxi and took a cab to Tianya Coastal Pavilion.

Tianya Coastal Pavilion was located in the outskirts of the city, which was a tourist area that had not been completed yet. The main body of the building was already completed, but when the boss met with mishap, this project had been stranded.

They spent more than half an hour to reach the Tianya Coastal Pavilion. It consisted of several attics and looked quite impressive.

However, these attics had not been renovated internally yet. Coupled with the fact that there was a lot of dust, they gave off a decadent feeling.

He stared at the Tianya Coastal Pavilion and sized it up a few times. Only then did Wu Tian carefully walk in and discovered that there were more than ten luxury cars parked in the inner courtyard, which was in stark contrast to the decadent inner courtyard.

However, these cars were completely empty, so the people inside must be hiding in the attic.

He scanned the scene. Wu Tian shifted his gaze to one of the attics and found a lot of messy footprints in front of the attics.

There was no doubt that those people must have entered the building.

Wu Tian was about to enter the attic when Loong Yun pulled his arm, "Young Master, you can't act rashly."

"What's wrong?" Wu Tian stopped his steps and questioned.

"I think they have a lot of people. If we barge in like this, we'll be in danger." Loong Yun thought for a moment and said expressionlessly, "Now that they can see us and we can't see them, we have to stay calm and not fall into their ambush."

"What you said makes sense." Wu Tian nodded in agreement. He felt that Secretary Loong's worries were reasonable.

They had lured him here on purpose, and then they had hidden themselves in the attic, which showed that they had indeed set a trap.

"Young Master." After a brief moment of silence, Loong Yun suggested, "Why don't I go into the attic and find out what's going on? If there's any danger, young master, please retreat."

"I don't agree."

Wu Tian firmly rejected this suggestion: "I'm a man, how can I let a woman take the risk for me?"

"I'm your secretary. It's only right that I take the risk for you."

"I don't care if you're a secretary or a queen. As long as you're by my side, I won't let you take the risk so easily."

"But ..."

"Alright." Wu Tian stretched out his hand to stop Secretary Loong from continuing. He said, "Wait for them to show up first."

"Yes." After Loong Yun answered, she retreated behind Wu Tian.

Just like that, they stood in the courtyard of the pavilion, staring at the pavilion in front of them in silence. They didn't dare to act rashly.

Right now, he didn't know their identities and goals, nor did he know their numbers and strength. If he rashly barged in, he might fall into his opponent's trap.

Since these people had lured him over, they would definitely show themselves.

After he waited for more than three minutes, a girl's melodious laughter suddenly came from inside the pavilion. The laughter was very thin and very long, sounding especially pleasant to the ears.

After laughing, he saw a young girl appearing on the second floor of the pavilion.

The girl was about eighteen or nineteen years old. She was small and thin, and she wore a short, tight skirt. Her waist was very thin and very pleasing.

"You are Wu Tian?" The young girl looked down on Wu Tian and asked with a smile.

Although the young girl was young and petite, she had the innate superiority of a rich person.

"That's right, I'm Wu Tian." When he answered, Wu Tian was also looking at the petite girl upstairs.

In his memory, he had never seen this girl before. How could she know his name?

"You are the young master of Wu Family, I didn't expect you to be a coward that doesn't even dare to go up to the attic." The young girl could not help but say disdainfully.

Wu Tian's eyebrows tightened and he couldn't help but ask: "Who are you? How do you know my true identity? "

"My grandfather told me."

"Who's your grandfather?"

"My grandfather is Ouyang Hao."

"Ouyang Hao?" When he heard this name, Wu Tian's eyes narrowed. "Could it be that you are someone from Ouyang Family?"

Previously, he had heard his grandfather say that Ouyang Hao was the Patriarch of the Ouyang Family and that his relationship with them was very good. The two families had always been on good terms.

"Yes, my name is Ouyang Xuejing." The girl crossed her arms across her chest and said with a playful tone: "My grandfather said that you're an outstanding youth who might become the master of the Wu Family, but I didn't think that you would actually be a useless coward. You don't even dare to enter this pavilion — — You are truly useless."

After she finished speaking, she couldn't help but laugh out loud happily.

"What did you lure me here for?" Wu Tian's gaze turned cold as he asked the woman called Ouyang Xuejing with a cold voice.

Originally, he had a very good impression of the people from the Ouyang Family, but this girl's weird attitude made him very dissatisfied.

Ouyang Xuejing stopped smiling and said loudly, "My grandfather told me to send people to kill you."

"Impossible." Wu Tian immediately saw through this girl's lies, "The Ouyang Family and our Wu Family are friends for generations, so your grandfather has no reason to kill me. Furthermore, even if your Ouyang Family really wanted to kill me, you wouldn't be sent to do it."

"Alright!"

Seeing that her lie had been seen through, Ouyang Xuejing couldn't be bothered to lie anymore. "Actually, I came over behind my grandfather's back. He didn't even know I was coming for you."

"Then what did you find me for?"

"Grandfather said that you are very outstanding and very skilled. I was not convinced so I brought my bodyguards to compete with you. To be frank, I just wanted to test if you are as powerful as my grandfather said." Ouyang Xuejing's mouth was like a machine gun. She said a lot of things.

"You intentionally lured me here to test me?"

"Yeah."

"F * ck!" Wu Tian cursed in his heart. He couldn't wait to pounce on her and smash her butt to pieces.

She was a woman of the Ouyang Family, how could she be so bored? The reason she made such a commotion was to test his abilities.

"My grandpa said that you know martial arts and your skills are extremely powerful. I want to see how strong you are." Ouyang Xuejing waved her right hand after she finished her sentence.

Soon, more than ten bodyguards in black clothes rushed out from the attic and surrounded Wu Tian.

Hidden Billionaire Chapter 394 - Ouyang Xue Jing -

C394 Ouyang Xue Jing

"Your grandfather is exaggerating, I'm not that great." Wu Tian glanced at the bodyguards and said impatiently, "I'm very busy, I don't have time to play with you. Goodbye."

With these words, he pulled Secretary Loong along as he prepared to leave.

"You think you can leave just because you want to?" Ouyang Xuejing lifted her leg and stepped on the pillar. Her current behaviour was not that of a noblewoman, but a little shrew instead.

Wu Tian pursed his lips into a smile, and reminded her with good intentions, "Sister, this way you look bad, your body is already exposed."

"None of your business." Ouyang Xuejing rolled her eyes, then stood up and closed her legs.

"Miss Ouyang, then what do you want to do?"

"Cut the crap." Ouyang Xuejing put her hands on the railing and said condescendingly, "Now that you have thirteen bodyguards with you, if you defeat them, you can leave."

"What if I can't win?"

"If you can't win, you'll have to die here."

"You're so sinister at such a young age?"

"Cut the crap, all of you start fighting!" Having said so, Ouyang Xuejing raised her hand and waved.

More than ten bodyguards, after receiving the order, slowly approached Wu Tian, their bodies emitted an astonishing evil aura.

"Young master, what do we do now?" Seeing so many thugs nearing, Loong Yun started to worry.

"Go back to the side and watch the show. I'll deal with these people."

"Young Master, can you do it?"

"No problem."

"Then be careful." After Loong Yun finished speaking, she slowly moved to the side so that her young master wouldn't be distracted.

Wu Tian glanced at the bodyguards and hooked his fingers at them in a provocative manner: "Stop dawdling, just come at me, you guys attack together."

"Brat, you're courting death." Over ten bodyguards could not bear such provocation and rushed over fiercely.

Ouyang Xuejing was standing in the attic with her arms crossed and a slight smile on her face, as if she was waiting to see a good show.

She wanted to see how this Wu Tian in front of her was capable and how he was going to deal with her more than ten bodyguards.

The battle was on the verge of breaking out. More than ten bodyguards rushed forward, and two bodyguards at the front threw their fists towards Wu Tian. Their momentum was extremely fierce.

Wu Tian sidestepped one of the bodyguards and kicked the other bodyguard. Who knew that the other bodyguard would dodge. He dodged the attack.

At the same time, several other bodyguards swarmed forward and attacked him from different directions, their attacks even faster than before.

Wu Tian continuously knocked back the two bodyguards and swept his leg at the same time, causing the two bodyguards at the back to fall.

After defeating two bodyguards in a row, he started to worry.

Only now did he realize that these bodyguards were not normal hoodlums. They were all powerful, much more powerful than he had imagined.

If he continued to fight like this, he wouldn't be able to gain any advantage at all.

After a moment of thought, he leapt into the attic.

The moment he entered the attic, the bodyguards immediately chased after him. He immediately found a place to hide, and after the bodyguards

dispersed, he quickly appeared beside the four bodyguards, catching them off guard.

Using the same method, he quickly dispersed the bodyguards, and in just a few minutes, he defeated the bodyguards.

*

Wu Tian walked out of the attic while clapping his hands. He smiled and said to Ouyang Xuejing upstairs, "You guys lost. I defeated all of your bodyguards."

"That's impossible." Ouyang Xuejing did not believe him. Her bodyguards had gone through special training, so how could they be easily defeated?

"If you don't believe me, you can see for yourself." Wu Tian pointed at the bodyguards who walked out from the attic.

More than ten bodyguards limped out of the loft. Each of them was riddled with wounds, and they were all injured to different degrees.

When she saw more than a dozen of her bodyguards being beaten to such a state, Ouyang Xuejing's face instantly turned gloomy, "Wu Tian, I didn't expect you to be so capable."

She heard from her grandpa that Wu Tian was very capable, but she didn't believe him. Now that she saw it with her own eyes, she had no choice but to believe that Wu Tian was indeed capable.

"It's not that I have the ability, it's that your little bodyguards are too stupid." Wu Tian said sarcastically and asked with a smile, "Can I go now?"

"Sure." Ouyang Xuejing made a gesture of "please".

"Farewell!" After Wu Tian said this, he prepared to leave with Secretary Loong.

When he turned around, he noticed that there wasn't a trace of Secretary Loong in the inner court at all.

He looked around, and Wu Tian looked up at Ouyang Xuejing and asked, "Where's Secretary Loong?"

"You can leave, but not your secretary." The corner of Ouyang Xuejing's mouth curled up, the smile on her face was so bright.

"Did you arrest her?"

"That's right."

"Damned girl, why did you capture her?"

"Play!"

"You ..." Wu Tian was so angry that the corner of his mouth twitched. He pointed at Ouyang Xuejing's nose and threatened her, "Let her go quickly. Otherwise, don't blame me for being impolite."

"She's just a secretary, why is Young Master Wu in such a hurry?"

"I'll say it again, let her go."

"If you want to save her, that will depend on your ability." Having said so, Ouyang Xuejing raised her hand and waved.

Soon, he saw Loong Yun being hung from the roof of the attic with a rope. From this angle, he could vaguely see the scenery at the bottom of her skirt.

At this moment, Wu Tian wasn't in the mood to look at the scenery. He urged Ouyang Xuejing, "Quickly put her down."

"Your secretary is twenty meters above the ground. If I let her cut the rope, she'll fall right away. Do you think she'll fall to her death?" Ouyang Xuejing said with a playful smile.

Wu Tian gritted his teeth and warned coldly: "Secretary Loong is a member of our Wu Family. Killing her will only result in us becoming enemies and it will not bring you any benefits at all."

"If I kill you, I will definitely become enemies with Wu Family, but if I kill such a small secretary, the relationship between the two families will not be affected at all." Ouyang Xuejing said confidently.

"Then what do you want?"

"Don't be nervous, I just want to play a game with you."

"What game?"

"Here." Ouyang Xuejing took out a dagger and threw it on the ground. She smiled and said, "As long as you stab yourself three times, I will immediately release your secretary."

"F * ck you, you play this sort of game, how f * cking boring are you?"

Ouyang Xuejing snorted coldly, she didn't want to listen to Wu Tian's nonsense, she raised her head towards the bodyguards and said: "Do it, cut the rope, slowly cut it, give Young Master Wu 10 seconds to consider."

"Alright!"

When the bodyguard upstairs received the order, he began to slowly cut the rope.

At this moment, Loong Yun's body was swaying in the air. However, she appeared to be very calm as she said to Wu Tian, "Young Master, don't worry about me. Leave this place quickly."

"Ouyang Xuejing, quickly release Loong Yun." Wu Tian growled as he clenched his teeth, while his entire body was filled with anger.

Honestly speaking, he really wanted to pounce on her and kill her.

This damned girl. She actually dared to use the life of a secretary to joke around. She was simply shameless to the extreme.

"I'll count to ten. When I count to one, the rope will be cut and your secretary will fall to her death." Ouyang Xuejing began counting down as she finished her sentence, "Ten, nine, eight ..."

Hidden Billionaire Chapter 395 - Master and Servant Love Deeply -

C395 Master and Servant Love Deeply

"Ouyang Xuejing, quickly release Loong Yun." Wu Tian roared in anger, he was extremely worried.

He wasn't sure if this woman was joking, or if she really would throw Secretary Loong off the roof.

If Secretary Loong was thrown down, she would have been crippled even if she hadn't fallen to her death. She might have spent the rest of her life in bed.

"Seven, six, five ..." Ouyang Xuejing ignored him and continued counting.

The bodyguard at the top of the attic was not idle either. He was still using his knife to cut the rope, but his movements were very slow.

"Alright, I'll do it." When Ouyang Xuejing counted down to three, Wu Tian finally lost his cool.

In this situation, he didn't dare to use Loong Yun's life as a wager. If this crazy woman really cut the rope, something would happen to Loong Yun.

"Stop!" Ouyang Xuejing reached out her hand to stop the bodyguard who was cutting the rope. She smiled and said, "Young Master Wu, are you really going to stab yourself with a knife?"

"Since you want to play, I'll play with you." Wu Tian picked up the dagger from the ground and stared coldly at Ouyang Xuejing. "But remember, the three cuts I made today will be repaid to you in the future."

"Young Master Wu, why do you need to go through so much pain for a secretary?" Ouyang Xuejing's smile was filled with amusement.

"You'd better keep your word." Wu Tian clenched his dagger, clenched his teeth and fiercely stabbed down at his arm.

Blood gushed out from the knife and quickly dyed his left hand and his clothes red.

"No!"

Loong Yun, who was hanging in midair, let out a heart-wrenching shriek. She probably never imagined that her Young Master would actually stab himself in order to save her.

Looking at her young master's bloodied arm, her heart felt as though it was being squeezed and she felt so uncomfortable that she was about to explode.

Unknowingly, tears had begun to form in her eyes. She didn't know why, but at this moment, her heart felt especially sour and uncomfortable, especially touched. There were all sorts of feelings in her heart, and they couldn't be described with words.

She never thought that there would be a man willing to bleed to save her in this life, much less that this man was her young master.

Ouyang Xuejing was also shocked by the scene before her. She was stunned for a long time before she regained her senses. "Are you stupid? Why did you stab yourself?"

She had never thought that there would be such a good man in the world. He had stabbed a woman to save her, and even she had been touched.

"I still have two more cuts to go." Wu Tian clenched his teeth and endured the pain on his arm, then he raised the knife in his hand again.

"Wait!" Seeing that Wu Tian was about to stab his body again, Ouyang Xuejing was so scared that she hurriedly stopped him: "I was just joking, how can you take it as the truth?"

"Didn't you want to play? Let me accompany you." Wu Tian clenched his teeth and stared at Ouyang Xuejing like a death god.

"I don't want to play anymore." Ouyang Xuejing swallowed her saliva. She was frightened by this crazy man in front of her.

She had teased a lot of men before in this way. She had played many of these games and always found them funny.

But it was different this time, Wu Tian didn't play the cards according to the rules. Who would have thought that he would stab himself for the sake of a secretary?

If the little secretary died, it would not affect her at all. If Young Master Wu Family was played to death by her, she might bring a huge trouble to the family.

She couldn't afford to play with this kind of young master, so she quickly ordered the bodyguard on top of the pavilion, "Hurry and let go of that little secretary."

Upon receiving the order, the bodyguard carefully pulled Loong Yun up from the air.

Seeing that Loong Yun was safe and sound, Wu Tian let out a long breath. He threw away the dagger and held the wound he had inflicted.

"Hey, are you okay?" Ouyang Xuejing couldn't help but be concerned about him. She was usually arrogant, domineering, unruly, and willful, and loved to play by nature.

She was also shocked when she met a man like Wu Tian who wasn't afraid of death.

"A woman like you is not fit to speak to me." Wu Tian gritted his teeth and endured the pain in his arm, "One day, I will make you regret what you did today."

"I was only joking. I didn't expect you to stab yourself in the arm." Ouyang Xuejing was like a child who had done something wrong. She bit her lips and whispered, "Why are you so foolish to stab yourself for the sake of a secretary?"

In her eyes, the identity of a secretary and a servant were very lowly and lowly. Only the servant would protect the master, so how could the master protect the servant?

"She's my secretary. It's my duty to protect her." Wu Tian had a righteous look on his face.

"You really are a strange person." Ouyang Xuejing knew that she had caused a disaster and pleaded in a low voice, "Don't you dare tell your grandfather about this today, or my grandfather will beat me up again. I still have things to do, so I won't be accompanying you. "

Having said so, she hurriedly left with her bodyguard.

The reason why she intentionally lured Young Master Wu Family over was mainly to scare this abandoned young master, and also to play tricks on him, so that he would know her power.

But she didn't expect that Wu Family Young Master would be such a ruthless person, and almost scared her to death.

Seeing that the situation wasn't going well, she hurriedly took her bodyguard and fled.

Accompanied by the urgent rumbling of cars, and escorted by more than ten luxurious cars, Ouyang Xuejing swiftly left the Tianya Coastal Pavilion.

At this moment, Loong Yun, who had escaped from danger, ran down from the top floor and hastily hugged Wu Tian's arm. She asked in concern, "Young Master, are you alright?"

"I only got a little injury, don't make such a fuss." Wu Tian had lost too much blood, so he fell down on the ground weakly.

"Young Master, why are you so stupid? "For me, you actually ..." Looking at her Young Master's still bleeding wound, Loong Yun felt as if her heart was being cut by a knife.

Any woman would be touched by this. Loong Yun was no exception. After all, she was not a stone.

"You are my secretary. It is only right that I protect you." Wu Tian acted like it was a matter of course.

"But ..." Loong Yun gnashed her teeth as she choked and spat out a sentence, "But I'm only the lowest level servant with the lowest Wu Family. I'm not worth Young Master bleeding for me."

"You're not just my secretary, you're my best partner. In this half a year's time, you've helped me do many things. As your young master, it's natural for me to protect you. "

"Young master, I ..." Loong Yun gritted her teeth. After a long while, she finally managed to spit out two words, "Thank you!"

She really didn't know what to say. In any case, she was feeling very complicated in her heart. She had never thought that she would encounter such a situation.

In Wu Family, whether it was a servant or bodyguard, their status was very low. They had never been seriously looked at by their young master, and furthermore, none of the young masters had been injured or bled in order to save their servants.

She didn't expect to meet such a good master. She was very touched and glad to be Wu Tian's servant.

After staring at the young master's wound for a long time, she swore, "Young Master, I owe you my life. From today onwards, my life belongs to you."

"I'm not that serious." Wu Tian grinned and teased: "In the future, just let me take advantage of you."

"You're already so injured, and you're still in the mood to joke." Loong Yun stretched out her hand to help Wu Tian up, "Come, I'll take you to the hospital."
