

## Hidden Billionaire Chapter 406 - Pampering -

C406 Pampering

Wu Tian just sneered. He did not say much and followed the stream of people as they left the cinema.

He walked out of the cinema and saw that the movie star called Su di was chasing him. Su di smiled as he tried to curry favor with Wu Tian, "Boss Wu, have you invested in a new movie yet? Can I become the male lead?"

"Not yet." Wu Tian shrugged.

"It's okay. When you invest in a new movie, give me a call." Su di quickly took out his business card from his pocket and handed it over, "My phone number is on here, I'm always free."

"Let's talk about this later." Wu Tian took the business card and glanced at it. Then, he turned around and quickly left.

Honestly, he was very surprised. He didn't think that Lee Meng would become like this, a little unreasonable.

Right now, all he wanted to do was to stay away from this woman and not have anything to do with Lee Meng.

When he walked out of the cinema, Wu Tian took out a cigarette and lit it. He smoked and walked aimlessly down the street.

Now he had made small achievements. The money he had made for himself and the money his grandfather had given him — he had more than ten billion dollars in total.

For many people, this amount of money was an astronomical figure. Most people would not be able to earn this much even if they had to struggle for ten lifetimes.

However, his money was only a drop in the bucket when compared to any of the Four Great Families' wealth. His money was nothing.

Wu Tian will not be satisfied with the small achievements at hand. Next, he will invest more money to earn more profits and build his own business empire.

While he invested his money, he also needed to complete the mission given to him by his grandfather and quickly eliminate the power of Shangguan Family in this place.

Right now, the most important thing for him to do was to clearly investigate the forces of the Shangguan Family in this place and find out the depths of their power before thinking of a way to deal with them.

While he was lost in his thoughts, a red sports car suddenly sped over, bringing up a gust of wind and dust.

Wu Tian reflexively dodged to the side, but the sports car brushed past him and crashed into a tree beside the green belt. The car even knocked a tree askew.

He looked at the sportscar that was just inches away from him. Wu Tian was so scared that his heart turned cold and cold sweat broke out on his forehead.

Fortunately, he had reacted quickly and had barely escaped death. If he was hit by a sports car, he would be crippled even if he didn't die.

\*

Wu Tian let out a long breath. When he secretly thought he was lucky, he saw the owner step out of the driver's seat.

The owner of the car was an 18-19 year old girl. She was wearing a skirt and was wearing designer clothes all over, giving off a noble aura.

The girl was not injured, but she was also quite frightened. Her pretty face had turned pale.

After getting off the car, the girl kicked the tire hard and cursed, "Broken car, you scared me to death."

Wu Tian was even more speechless when he heard this.

The girl didn't drive properly herself, she drove the car onto the sidewalk, and he didn't expect her to scold the sports car in the end.

"What are you looking at? If you keep looking at me, I'll kick you to death." The girl raised her head and glared at Wu Tian. She swore angrily.

"Did you know that you almost bumped into me just now?" Wu Tian walked over and reproached the girl.

It was very dangerous just now. He was almost knocked flying by this woman's car.

"Then I haven't bumped into you yet." The young girl's eyebrows twitched as she waved her hand impatiently. "You were not hit by me. Leave quickly."

"You're telling me to get lost?" Wu Tian's expression was extremely exaggerated. He couldn't believe that these words came from the mouth of a car accident owner.

This woman almost bumped into him and almost caused a huge disaster. She didn't even apologize, yet she still told him to f \* \* k off. How arrogant was she?

The girl pulled at her hair and said impatiently, "If you don't scam, what are you planning to do? Do you want to die? "

"Female car owner, you almost hit me when you drove the car onto the sidewalk. Shouldn't you apologize to me?"

"In my dictionary, there is no such thing as an apology."

"You ..." Wu Tian finally saw through it. The girl in front of him was a pampered noblewoman. She must have been spoiled since she was young. That's why she dared to be so confident after her car accident.

"Don't you just want money?" The girl walked over and opened the door of the sportscar. She took out her bag and took out a thick stack of bills. "Here's twenty thousand yuan. Take the money and get out of here."

With that, she slapped her brand-new money on Wu Tian's chest, as if Wu Tian was a beggar.

"Keep your money." Wu Tian threw the money on the ground and said without backing down, "Do you think that just because you have money, money can solve all the problems you cause?"

\*

The girl was slightly stunned. She did not expect that this poor looking Wu Tian would not want money. She could not help but ask: "If you don't want money, then what do you want?"

"Your apology."

"You don't want money, so you want me to apologize?"

"Right."

"Are you stupid?" The pretty girl smiled arrogantly, "My apologies are useless. The money is more practical."

"I'm only teaching you the most basic of etiquette."

"Forget it." The girl was too lazy to argue with Wu Tian, she took out a cheque from her pocket, "This is a hundred thousand, hurry up and f \* ck off with the money."

"I already said, I don't want money, as long as you apologize to me." Wu Tian didn't even look at the cheque as he stared into the girl's eyes.

He wasn't lacking in money, he just wanted to let the woman in front of him know that money wasn't everything. Some things couldn't be solved with money alone.

"You must be crazy." The girl also lost her patience. She pointed at Wu Tian's nose and threatened him, "If you dare to stop me, I will really run you over."

"I don't believe you."

"You ..." The young girl's face was filled with anger. She had never met such a stubborn man. She crossed her arms over her chest and shouted, "I won't apologize today, what can you do to me?"

"It seems like you lack discipline. Then I'll properly discipline you on behalf of your parents." Wu Tian casually picked up a wooden stick after saying that. He controlled his strength and struck towards the young girl's buttocks.

\*

The young beauty cried out in pain, her eyes wide with fear. "Bastard! Do you know who I am?! How dare you hit me?!"

\*

Wu Tian raised his stick and hit the girl's butt again. He lectured her, "No matter who you are, you will be beaten if you do something wrong."

\*

The girl cried out in pain again and again. She was so scared that she kept backing away until she hid behind the sports car. Then, she pointed at Wu Tian's nose and cursed, "Bastard, you dare hit me. Do you believe that I will kill you?"

"You really deserve a beating." Wu Tian raised his stick again and walked towards the girl.

That girl was so scared that she immediately turned around and ran. As she ran, she threatened, "Bastard, if you have the guts, don't leave. See if I find someone to kill you."

When the onlookers saw this scene, they couldn't help but laugh to themselves.

Originally, they had seen a car accident and had been worried that something might have happened. Thus, they had gathered around to check out the situation.

They didn't expect to see such a scene. Seeing that everyone was fine, they all felt at ease and dispersed.

"Damn girl." He saw that the girl ran far away, so Wu Tian didn't chase after her. He threw away the wooden stick and prepared to leave.

He had only walked a few steps when he saw a beauty card on the ground. It should have been left behind by that girl when she was escaping.

## **Hidden Billionaire Chapter 407 - Shangguan Family's Eldest Miss -**

## C407 Shangguan Family's Eldest Miss

He picked up the beauty card and saw the girl's name on it: Shangguan Wan'er?

Seeing this name, Wu Tian's brows furrowed. He did not expect that the young girl from just now was surnamed Shangguan, could it be that she was someone from Shangguan Family?

To his knowledge, there weren't many people with the surname Shangguan in the entire Luzhou, and most of those with this surname were members of the Shangguan Family.

If that girl really was someone from the Shangguan Family, then what a coincidence.

Putting away the beauty card, Wu Tian looked in the direction the girl left and without saying a word, he took a taxi and left.

When he returned to the Aifei Castle, he found that the girls were not at home. Only Azure Dragon was cleaning the hall.

"Young Master, how are your injuries? Are you feeling better?" Azure Dragon put down the mop and couldn't help but ask out of concern.

"Just a small injury. It's no big deal." After Wu Tie answered that, he instructed Azure Dragon, "You don't have to do these chores anymore. I'll find a few aunts to help me with it."

"Yes."

"Right, where are Xue and Elder Sister Lan?"

"Police Officer Su and Chef Shen are out shopping. Miss Huang Lan is taking Xiaofeng to see a movie." Azure Dragon replied.

"Where's Secretary Loong?"

"Upstairs."

"Got it, go back and rest." Wu Tian turned around and walked upstairs after saying that.

As soon as he went upstairs, he saw Loong Yun walking out of the bedroom. "Young Master, I've done what you told me to do."

"Put the medicine chest away and follow me into the study." Wu Tian instructed as he walked towards the study room first.

He waited for a few seconds and saw Loong Yun carrying a medical kit in. Without saying anything further, she started to help Wu Tian change the medicine.

After a few days of recuperation, the wound on his arm had already healed. There was no major problem. It would only take a few days of recuperation to completely recover.

When Secretary Loong finished changing the medicine, Wu Tian couldn't help but ask: "Did you thoroughly investigate the situation of the Shangguan Family?"

"Yes."

Loong Yun nodded and said expressionlessly: "The Shangguan Family is formed by five consortia in the country. The Luzhou consortium is the weakest of the five."

"Get to the point."

"Shengshi Group is the core power of Shangguan Family."

"Shengshi Group?" Wu Tian had naturally heard of the Shengshi Group before. This was the largest company in the entire Luzhou region, and could be considered a giant enterprise.

The company has a wide range of businesses, including real estate, mining, automobiles, port trade, and food and beverages, both in the real economy and in the service industry.

Shengshi Group was an established business, they had a great influence in the Luzhou, and even had a profound influence in the entire Jiang-Nan province. They occupied a monopoly position in the port trade.

"The chairman of the Shengshi Group is called Shangguan Hongyuan, he is the cousin of the Patriarch." Loong Yun paused for a moment before

continuing, "Shangguan Hongyuan's son is called Shangguan Junjie, the General Manager of Shengshi Group."

"Do they have anyone called Shangguan Wan'er?"

"Yes." Loong Yun nodded and said, "Shangguan Hongyuan's daughter is Shangguan Wan'er."

"I didn't expect it to be true." Wu Tian used his hand to rub his chin as a peculiar light flashed in his eyes.

He did not expect that the person who drove the sports car to the sidewalk and almost bumped into him was actually someone from Shangguan Family.

"Young Master, you know Shangguan Wan'er?" Loong Yun asked when she saw Wu Tian's expression.

"Speaking of which, it's quite a coincidence. I just saw Shangguan Wan'er on the street and almost got hit by her car."

"Shangguan Wan'er has been spoiled since she was young. She's domineering, unruly, and willful, typical of the temper of a young miss."

"This girl is indeed lacking in discipline." After saying that, Wu Tian turned around and looked at Loong Yun, "Secretary Loong, tell me, how should we deal with Shangguan Hongyuan?"

"This ..."

Loong Yun thought for a moment, then said with a little difficulty: "With our current strength, fighting against Shengshi Group is simply like fighting against a stone with an egg, fighting head on with no chance of winning."

"Then help me think carefully, and think of a comprehensive method to deal with Shengshi Group."

"Yes." Loong Yun didn't say anything else as she sunk into deep thought.

She thought for a moment, then tried to suggest: "Young Master, I feel that Shengshi Group cannot be rushed, so we can only arrange for people to infiltrate inside them first, and then we can coordinate from the inside out and break them down in one fell swoop."

"Is there a need to be so complicated?"

"Yes."

"Is there any better way?"

"This ..." Loong Yun frowned and shook her head. "Right now, there's no better way."

"Can you directly bribe the upper echelons of Shengshi Group?"

"It's too risky."

"Alright, I understand." Wu Tian thought for a moment, then turned his head to instruct Loong Yun. "I need the Shengshi Group's higher ups' details."

"The structure of the Shengshi Group is complex, there are many higher-ups in their company, and the number of branch offices are even more numerous. It will take some time to investigate."

"How long will it take?"

"A week."

"Okay, I'll give you a week." Wu Tian extended a finger and said: "In a week, give me the detailed information of all the higher ups in Shengshi Group, including the main branch manager's information."

"Yes." After answering, Loong Yun couldn't help but ask, "Young Master, have you thought of a good idea?"

"The Shengshi Group is equivalent to an elephant. We have to break them one by one, and cause this elephant to be covered in wounds, and all of its internal organs will be damaged."

"Understood."

"Alright, if there's nothing else, then go and busy yourself first."

"Yes." After Loong Yun answered, she turned around and left the study.

Wu Tian sat in front of the desk in a daze for a few seconds. Then, he took out a book on business and strategy from the bookshelf and started to study it.

A shopping mall was like a battlefield. Business was like marching and fighting. One had to think of a way to become stronger, but at the same time, they had to use the least amount of losses to defeat their opponent.

He returned to his room very late to sleep after reading. The next day, he was woken up by the sound of knocking on his door. He thought that Xue was the one who had called him for dinner, but it was Elder Sister Lan who had knocked on his door.

"Elder Sister Lan, you're so early?" Wu Tian stretched lazily with a listless look on his face. He had thought about the Shengshi Group very late last night.

"It's getting late, the sun is already shining on my ass." Huang Lan walked into the room and made an alluring pose as she leaned against the wall. "Have you seen a movie last night?"

"Are you talking about the Flowers Bloom That Year?"

"Right."

"I saw it. Not bad."

"It's really not bad." Huang Lan nodded in agreement, commenting, "The plot is not delayed, and the acting skills of the actors are in place. This is a pretty good movie."

"It's all thanks to Elder Sister Lan helping us choose an outstanding male lead. Otherwise, the movie wouldn't be so good."

"Then how are you going to thank me?" Huang Lan's body fell down, blinking her enticing eyes.

Wu Tian smiled evilly and joked, "Why don't I repay Elder Sister Lan with my body?"

"Then I won't be polite." Huang Lan twisted her slender waist and approached the bed step by step.

She knew Wu Tian was joking, that's why she was so unbridled and wanted to go over to tease this silly kid.

## **Hidden Billionaire Chapter 408 - Priceless Cake -**

## C408 Priceless Cake

At this moment, a cough came from outside the door, interrupting the two. Shen Xue walked into the room and asked, "What are you two doing?"

"Nothing, I was just talking to Elder Sister Lan about a movie." Wu Tian quickly put away his rogue smile and explained in all seriousness.

Shen Xue's face turned stiff as she asked with jealousy, "You're lying on the bed without any clothes, talking to her about movies?"

"This ..."

Wu Tian looked down and found that he was indeed not wearing any clothes.

"If I don't come, will you put on a good show in bed?"

"Xue, don't talk nonsense." Wu Tian coughed dryly and said with a smile, "Xue, Elder Sister Lan, can you go out first and let me put on my clothes?"

Shen Xue snorted and stomped out of the room.

Huang Lan had a strange smile on her face as she followed him out.

As soon as they left the room, they looked at each other with hostility.

After they looked at each other for a short moment, Shen Xue couldn't help but ask, "What are you doing in Wu Tian's room?"

"It has nothing to do with you." Huang Lan replied haughtily.

"I didn't expect you to be so despicable. You actually ran into Wu Tian's room so early in the morning to lure him."

"As I said, this has nothing to do with you."

"Huang Lan, I know you like Wu Tian, but I hope you won't use underhanded means." Shen Xue gritted her teeth and warned angrily, "If you have the ability, then let's compete openly."

"What's there to compete for? I'm Wu Tian's woman." Having said so, Huang Lan turned around and left with her long legs.

"You ..."

Hearing this, Shen Xue was furious. She barged into the room again and asked Wu Tian, "Did you and Huang Lan have that kind of relationship already?"

"Of course not." Seeing that Xue was so angry, Wu Tian pointed at the ceiling and said, "I swear on the lamp, Elder Sister Lan and I are clear as day. Nothing ever happened."

"Huang Lan said she slept with you."

"Elder Sister Lan is joking with you."

"That woman is really annoying." Shen Xue quickly calmed down. She also thought that Huang Lan was intentionally trying to infuriate her and then completely give up on Wu Tian.

"Elder Sister Lan usually likes to joke around, so don't take it to heart."

"Stay away from that woman." Shen Xue changed her tone and said gently, "Come, let's go downstairs to eat. Take me to the restaurant after the meal."

"Don't you usually go to the restaurant at 9 o'clock? Why are you so early today?"

"Yesterday, there was a customer who ordered 2 million yuan worth of pastries in the restaurant. The requirements are very high, so I have to do it myself." Shen Xue explained patiently.

Only when she was jealous would she become angry like a giant frog, and her usually gentle appearance was especially sweet and generous.

"Who's so rich that they can order two million yuan in pastry all at once?" Wu Tian couldn't help but exclaim.

There were a lot of rich people these days, but people who could order pastries with a few million were indeed rare.

"It's a girl, her name seems to be Shangguan Wan'er." Shen Xue thought for a moment before giving this answer.

"Shangguan Wan'er?" Wu Tian was very surprised, but when he mentioned this name, he frowned.

Last night, he was almost smashed by that girl when she drove a car. He didn't expect her to order several million RMB cake in his restaurant.

"What is it? Do you know the girl? "

"No, I just met her once."

"What a coincidence." Shen Xue didn't ask any further. She looked at the time and urged, "Let's not talk about this for now. Let's hurry up and go eat."

"Come, let's go eat." Wu Tian accompanied Shen Xue downstairs in a hurry. After eating a few bites, they headed towards Fuyuan Restaurant.

The restaurant was still bustling with people, the customers were all waiting in line for their meal.

Upon seeing Shen Xue's appearance, the guests all wanted to order their dishes, hoping to be able to enjoy Chef Shen's culinary skills.

However, Shen Xue was very busy today. After pushing away all the guest orders, she started to busy make the 2 million RMB cake.

Since there weren't any important classes in the morning, Wu Tian decided not to go to school and stayed with Shen Xue in the kitchen.

At this moment, Shen Xue's attention was fully focused on making the cake. Her movements were agile and skilled. After more than a thousand procedures and more than three hours of meticulous carving, she had finally finished the 2 million RMB pastry.

Actually, the cake itself wasn't worth much. Adding the ingredients, it was only worth a few tens of thousands of yuan. The profit was more than a million yuan.

It was the first time since the restaurant opened for business that it had made such an expensive cake.

The cake itself was just a form of publicity, or perhaps a gimmick. It didn't matter whether or not someone bought it. What mattered was that Shen Xue's cooking skills were worth the price.

"It's a success." Shen Xue put down her carving knife and slumped back in her chair.

She looked at her masterpiece on the counter and felt quite satisfied. Her lips curled up in a pleased smile.

"Chef Shen, you've worked hard. Come, I'll help you wipe your sweat." Wu Tian took out a tissue and helped Shen Xue wipe her sweat.

She had been working with the carving knife for several hours, and she was afraid that her legs would be weak from standing.

"You know what? I like to make delicious food the most. I feel very proud to see myself using my sweat to make these exquisite foods." Shen Xue was like a child, a brilliant smile on her face.

"Xue, you look so beautiful when you're working seriously."

Shen Xue pursed her lips into a smile and said with her face raised, "I made two million for you in a few hours. How are you going to thank me?"

"Then I'll reward you 20 million."

"No."

"Then I'll give you half of the shares in Fuyuan Restaurant."

"No."

"Then what do you want?"

"I ..." Shen Xue opened her mouth, but in the end, she was too embarrassed to say what she wanted to say.

Wu Tian probably understood Lili's meaning and quickly changed the topic, "Let's wrap the pastries quickly and notify the guests to come and get them."

"Alright!" Shen Xue nodded and personally took out a gift box to carefully wrap the cake.

When the package was finished, she called the guests herself, took them out of time, and asked the restaurant to take the cake to Zero.

If it was just a simple meal, the restaurant definitely wouldn't send them out.

However, this time, it was 2 million RMB worth of luxurious food. Naturally, the restaurant had to break the rules and deliver the food according to the customer's request.

Originally, Shen Xue was going to deliver the dishes herself, but she was stopped by Wu Tian: "Xue, Zero Restaurant is a little chaotic. It's better if you don't go."

Considering how messy Zero Bar was and the fact that the guest was Ouyang Lili, he was worried that she would be bullied. That was why he didn't want Xue to serve the meal.

"Then who will send this?" Shen Xue actually didn't want to go over, mainly because she didn't want to interact with that unruly and headstrong girl from a rich family.

"So it's like this. I just happened to be passing by the Zero Bar when I got back to school. I'll take it there." Wu Tian took the initiative to take over the matter.

He wanted to take this opportunity to meet with Shangguan Wan'er, and try to find out the truth of Shengshi Group from her mouth. As the saying goes, understanding the enemy is the way to defeat the enemy.

"Alright!"

Shen Xue, on the other hand, didn't have any objections. She merely warned him, "You must be careful not to damage it."

## **Hidden Billionaire Chapter 409 - Proactively Approaching Others -**

C409 Proactively Approaching Others

"Don't worry, I will protect this pastry like I would protect my life. My head can be cut off, but the pastry will not rot." Wu Tian swore.

\*

Shen Xue was immediately amused by these words. She smiled until her whole body trembled. After a long while, she finally said, "It's not that serious. Your life is much more precious than the cake."

"You used all your effort and sweat to exchange for this cake. You poured a lot of energy and effort into it. In my opinion, it is more valuable than my life." Wu Tian joked in all seriousness.

"Don't speak nonsense!"

Shen Xue rolled her eyes in annoyance and said, "Your mouth is so sweet. You know how to coax girls."

"No matter how sweet my mouth is, it's not as sweet as yours. Your mouth is like a peach, I just want to eat it to satisfy my appetite." Wu Tian smacked his lips a few times as he said that.

"You're shameless!" Shen Xue blushed as she pointed at the cake and said, "Alright, stop messing around. Hurry up and send the pastries over to the guests so that they don't have to wait too long."

"Ok, I'll send it over right away." Wu Tian stopped joking around and carefully walked out of the restaurant with the box of pastries.

In less than half an hour, he arrived at Zero. According to the address provided by Shen Xue, he found a luxurious room on the second floor of the bar.

There were more than ten young men and women in the room. They were about Shangguan Wan'er's age and were drinking and singing in the room.

From the way these people dressed, it wasn't hard to tell that they were all rich. Any random bottle of red wine in the room was worth over a hundred thousand yuan.

At this moment, Shangguan Wan'er was sitting in the middle of the sofa. She was wearing a hot miniskirt. However, she was feeling depressed and wasn't as happy as the others.

After Wu Tian pushed open the door of the room, the originally messy room suddenly quieted down. After a short period of silence, someone started to

criticize: "Who are you? You didn't knock on the door when you entered, you don't know how to be polite."

"I am an employee of Fuyuan Restaurant, and am here specifically to deliver pastries." Wu Tian explained and then walked into the room with the pastries in his arms.

"Put the cake there and get out." One of the boys shouted impatiently.

"Ok!" Wu Tian glanced at Shangguan Wan'er, put down the cake and turned around to leave.

"Wait a moment!"

The depressed Wan'er suddenly stood up from the sofa and shouted at Wu Tian, "Stop, don't go yet."

Wu Tian had already walked to the door of the private room. When he heard the shout, he stopped and did not move.

The reason why he came here this time was to get close to Wan'er. He wanted to use this girl to inquire about the situation of Shengshi Group and the Shangguan family.

"Bastard, it's really you." Shangguan Wan'er walked over to take a closer look and immediately became excited.

Just a moment ago, she had thought that the boy who delivered the cake looked familiar. She didn't expect him to be that brat who used a wooden stick to hit her buttocks after the accident last night.

Last night was the first time in her life that someone had spanked her, and she had been angry all night.

She wished that she could find that brat and rip him to shreds to resolve the hatred in her heart. However, even after she had sent people to search for him for a long time, she was still unable to find the boy's whereabouts.

Just when she felt depressed about it, she did not expect Wu Tian to take the initiative to appear, and she was very happy.

"Wan'er, you know this kid?" A girl with big eyes couldn't help but ask.

"Not only do I know him, I have an irreconcilable enmity with him." Wan'er glared at him, pointed at Wu Tian and said, "He's the one who hit my butt with the wooden stick yesterday."

"What?"

When they heard this, the men and women all stood up, and looked at Wu Tian with that strange gaze, sighing, "This kid is really bold, he even dared to hit Wan'er."

"Tell me, how should I take care of this brat?" Shangguan Wan'er clenched her fists, wishing she could tear Wu Tian into two.

"Break his hands, throw him to the mountains and feed him to the dogs." One person made the suggestion.

"Alright." Shangguan Wan'er smiled sinisterly, gritted her teeth and said to Wu Tian, "Bastard, you dared to hit my butt. Today, I will let you know how powerful I am."

Having said so, she took out her cell phone and made a call.

In a moment, two tall bodyguards rushed into the room.

With a wave of her small hand, Shangguan Wan'er ordered the two bodyguards, "Break this brat's hands, throw him to Lushan and feed him to the dogs."

"Alright!"

The two bodyguards were ready to act as soon as they received the order.

"Wait a moment!"

At this critical moment, the girl with big eyes suddenly spoke up to stop Wan'er. "Wan'er, wait a moment."

"Zhou Han, you won't let me hurt him. Have you taken a fancy to him?" Shangguan Wan'er questioned with a displeased expression.

"You sure know how to joke around. How could I fall for him?" Zhou Han pursed her lips into a smile and took a few steps forward. "I just have a suggestion."

"What do you propose?"

"Today is my birthday, but we don't have much fun here, so why don't we have this brat play with us. After we've had enough fun, you can break both of his arms and legs — and then you can send him to Mount Lu to feed the dogs." Zhou Han said with a playful smile.

The others all nodded in agreement.

There was no point in them drinking and singing just like that. It was also good to have a silly kid as a plaything. He could make everyone happy.

"Zhou Han, it's your birthday today, so I'll agree." Seeing that no one had any objections, Shangguan Wan'er didn't try to retort and tried asking, "Then tell me, how do you want to play?"

"Let's play sieve first." Zhou Han grabbed the six sieves and walked towards Wu Tian, smiling as he said, "I'll bet with you. If you win, I'll leave a leg for you. If you lose, we'll each slap you, how about it?"

"Since you guys want to play, then I'll accompany you." Since Wu Tian had come, he naturally wouldn't be afraid. It was not difficult for him to deal with this silly little girl.

"Fine, at least you have the guts." Zhou Han smiled complacently, shaking the sieve as he continued. "Six sieves, the highest number wins. I'll go first."

Having said this, she began to shake the six sieves in the sieve.

She shook it for a long time, then snapped the sieve onto the table and slowly lifted the lid. It was exactly twenty-five points.

"It's your turn." After Zhou Han had finished shaking the sieve, he pushed the sieve and sieve cup to Wu Tian.

"Watch carefully." Wu Tian grabbed the sieve and shook it vigorously. His movements were free and powerful as he stared straight ahead with great confidence.

Without mentioning anything else, his imposing manner surprised everyone.

They did not expect that when a cake delivery man in the dining room was shaking the sieve, he looked domineering and free.

\*

Under everyone's gaze, Wu Tian slammed the sieve cup onto the table. Then he slowly opened the lid.

"Twenty-eight?" When she saw the points, Zhou Han's eyes flickered a few times. She didn't expect Wu Tian to win.

"You lost." The corner of Wu Tian's mouth slightly raised. He was secretly glad as he did not expect his points to be two points higher than the girl's.

Even though his movements were very natural and unrestrained, he was actually quite anxious and worried that he would lose to this girl.

After all, this was his first time playing sieve, he was only imitating the behavior on TV, he had never played it before.

## **Hidden Billionaire Chapter 410 - Gamble Game -**

C410 Gamble Game

"Good kid, consider yourself lucky." Zhou Han gritted his teeth in dissatisfaction and quickly proposed a new method of playing. "I'll bet you another game, throwing darts."

"That's simple." Wu Tian looked at the escort board on the wall and smiled confidently.

If he had relied on luck to throw the sieve, he had absolute confidence in his victory over the darts.

During that time, after being rejected by Lee Meng, he had been practicing his darts everyday to relieve his boredom. Within half a month, he had already smashed several fléchettes.

It was from that time on that he was able to throw darts with a great deal of accuracy. Sunn Xiaohao and Jiang Wan both admired him.

"Don't be happy too early brat, I'll let you know how amazing I am later on." Zhou Han grabbed the ten darts, his lips curling into a cold smile. "Whoever wins with a high accuracy will win. If you win this time, I'll leave your other leg for you."

After saying so, she changed her tone and said, "If you lose, kneel on the ground and kowtow three times to me."

"No problem." Wu Tian agreed readily. This time, he was confident that he could win.

"Alright, I'll go first." Zhou Han walked in front of the sofa, grabbed a dart, and threw it at the dart board.

First Escort Eight Ring, Second Escort Eight Ring, Third Escort Nine Ring ...

When everyone saw Zhou Han throw out such a good performance, they couldn't help but raise their hands and applaud. They all cheered and applauded her brilliant performance.

All ten darts had been thrown, a total of 77 rings. This result was quite beautiful.

"Silly boy, it's your turn." Zhou Han was also very satisfied with her performance. She picked up ten darts and passed them to Wu Tian, provoking, "This time I want to see how you'll beat me."

In everyone's eyes, there was no suspense to this dart throwing match. With Zhou Han's results, she would undoubtedly win.

"Then take a good look." Wu Tian took the dart and a confident smile appeared on his face.

The moment the smile on his face disappeared, he grabbed the dart and threw it towards the dart plate. It seemed to be thrown casually, but it directly went into the center of the dart plate and hit ten rings.

After throwing the first dart, he threw out the second, the ninth, the third, the ninth, the fourth, the ninth...

He threw the darts quickly and with a high accuracy. The remaining nine darts all had nine rings.

Everyone at the scene was dumbfounded. They never thought that the kid in front of them had such a high accuracy rate. He actually managed to hit all nine darts into the nine rings.

At this moment, in everyone's eyes, Wu Tian was like a legendary god of the spear. Every shot was shot without fail, and every shot was aimed at the enemy's vital points, not wasting a single bullet.

Everyone was shocked by Wu Tian's method of throwing darts, and at the same time they admired his speed and momentum.

Even Zhou Han and Shangguan Wan'er couldn't help but be secretly surprised. They didn't expect that this kid had some tricks up his sleeve to actually produce a good result of 91 rings.

"You lost again." After throwing the ten darts, Wu Tian looked at Zhou Han with a relaxed expression and a brilliant smile.

"You ..."

Zhou Han gritted her teeth and suppressed her anger as she said to Shangguan Wan'er, "It looks like we've met a powerful person."

"This kid does have some skill at throwing darts." Even Shangguan Wan'er had to admit that Wu Tian was better at darts than everyone present.

"Who the hell is this kid?"

"How would I know? I just knew he hit my butt."

"Looks like this kid is quite interesting." Zhou Han smiled playfully, biting her lip as she refused to admit defeat. "If I keep playing games with him, I don't believe I won't win."

"Forget it, a childish person like you is meaningless. Let me do it." Shangguan Wan'er took a few steps forward and walked in front of Wu Tian, "Silly boy, let me bet with you."

"Miss Shangguan, what do you want to bet?" Wu Tian looked at the girl with a naughty smile.

Shangguan Wan'er's brows slightly tightened. She could not help but question, "How did you know my surname was Shangguan?"

"I picked up a beauty card yesterday with your name on it." Wu Tian took out the beauty card and handed it over.

Shangguan Wan'er didn't even take the card. She just raised her hand and slapped it away. "I find what you touched disgusting. I don't want it anymore."

"Whatever." Wu Tian shrugged casually.

What she didn't know was that it was a VVIP card from the beauty salon. Something worth tens of thousands of dollars had been thrown away just like that.

"Let me bet you that if you win, I won't cut off your arms, what do you say?" Shangguan Wan'er crossed her arms and said playfully.

"Ok!"

Wu Tian nodded, then couldn't help but ask: "If I lose, what do you want to do?"

"If you lose, I want you to eat shit." Shangguan Wan'er viciously said as she tilted her head back.

"Then what do you want to bet with me?"

"The wrist wrestling game."

"You want to play arm wrestling with me?"

"It's not me, it's him." Shangguan Wan'er smiled sinisterly as she pointed at the bodyguard standing behind her.

The bodyguard was strong and tall. His chest and arms were covered with muscles. He looked like a tough man made of steel.

When they heard this, everyone couldn't help but snicker. Asking the fierce-looking man to wrestle with that weak and foolish kid, was there even a need to compete?

They didn't even need to think to know that the fool would lose for sure.

Everyone couldn't help but admire Wan'er from the bottom of their hearts. This girl was truly treacherous. She actually thought of such a move to deal with that brat.

"You want me to play arm wrestling with your bodyguard?" Only then did Wu Tian understand Shangguan Wan'er's intentions. This stinking girl wanted to take the opportunity to beat him to death.

"Right." Shangguan Wan'er laughed complacently and said, "Kid, do you dare to compete?"

"Of course I dare." After Wu Tian answered, he changed his tone and said, "It's not a problem for me to break wrists with your bodyguard, but I want to place a bet."

"What bet?"

"If your bodyguard loses, learn to bark in public."

"Alright." Shangguan Wan'er answered decisively without even thinking, "My bodyguard is very strong, he definitely won't lose."

"Then let's begin!"

"Attack!" Shangguan Wan'er waved her right hand and winked at the bodyguard.

The bodyguard shook his arm, walked to the table and stood still, then reached out his right hand and placed it on the table, "I'm ready, come."

"Ok!" Wu Tian walked over and stabilized his position. Then, he stretched out his right hand to wrestle with the bodyguard's wrist.

As soon as he exerted his strength, he realized something was wrong. He suddenly remembered that his right arm had been cut by a knife, and the wound had not fully healed yet.

If he tried to break his wrist with the bodyguard, he would definitely be at a disadvantage. If he used too much strength, the wound might even split open.

However, as matters stood, he couldn't go back on his word, so he could only grit his teeth and persevere.

In the beginning, the two of them had maintained a straight line without deviating from each other.

However, it was obvious that the bodyguard had used all his strength. He was so tired that cold sweat broke out on his forehead and his face was twisted.

He might not have even dreamt that the weak and foolish brat in front of him would be so strong. No matter how hard he tried, he wouldn't budge an inch.

Wu Tian didn't use his full strength. He only stabilized his strength, afraid that he would break the wound if he used too much force.

For a time, the two of them were deadlocked.
