

Hidden Billionaire Chapter 436 - Use of Various Means

C436 Use of Various Means

"Of course." Wu Tian grabbed the trophy and shook it a few times, then asked with a smile, "Does Section Chief Han think that my trophy is fake?"

"Not really." Han Dashan scratched his head in embarrassment, the smile on his face was clearly stiff.

To be honest, he was surprised, he didn't think that Wu Tian would be able to lead Martial Arts Club into the finals, and even more so, that they would be the champions.

He was originally waiting for the end of the tournament to kick Wu Tian out of Martial Arts Club, but now it seemed impossible.

"Section Chief Han, I remember that you said before that if our Martial Arts Club can win the championship, you would reward us with three hundred thousand, is that true?" Wu Tian chuckled as he asked.

"Is that so?"

Han Dashan was slightly stunned and pretended to be stupid: "When did I say I was going to reward you three hundred thousand?"

Originally, it was just a casual remark, he never thought that Martial Arts Club would be able to take first place and become champion.

Even if winning the championship would bring glory to the school, the prize money would only be a mere 20,000, 300,000 was absolutely impossible.

"I can testify, Section Chief Han did say that." Mu Ran took a step forward and interrupted.

"You!" Han Dashan was speechless. He didn't expect Teacher Mu to be on the same side as Wu Tian.

"Section Chief Han, you're not going to act shamelessly, are you?" Wu Tian took a few steps forward and asked in an aggressive manner.

"I ..."

Han Dashan didn't answer immediately. He quickly thought about it and was thinking of a way to deal with it.

After waiting for a while, Mu Ran interrupted again, "Tian, since Section Chief Han doesn't keep his word, then let's go to the principal and let him administer justice."

After saying that, he walked out of the office.

"Wait!" The moment Han Dashan heard he was going to look for the principal, he became anxious and quickly stopped him: "Don't go yet, we have something to talk about."

If this matter were to go to the principal, it would be very bad for him and he would be punished.

"Section Chief Han, what else do you want to say?" Mu Ran stopped and turned around to look at Han Dashan.

Honestly speaking, she had had enough of Section Chief Han. This fellow relied on his power to bully others. Countless teachers and students were disgusted with him.

"Don't be in such a hurry. We can talk about the bonuses. I'll write up an application for them right now and you'll be rewarded when the time comes." As matters stood, Han Dashan could only admit defeat.

"Alright, Section Chief Han, don't go back on your word."

"As the Director of office of academic affairs, I will never go back on my words."

"That's good. We'll be leaving first." After saying that, Wu Tian brought Teacher Mu Ran and left the office.

Not far from the office, Mu Ran couldn't help but laugh, "I really didn't expect Section Chief Han to have a time to lower his head."

"We have something on Han Dashan now. If he dares to bully you again, we can go and beat him up." Seeing that Teacher Mu was so happy, Wu Tian also felt comfortable in his heart.

"Tian, you're quite capable. You even tamed an old fox like Han Dashan." Mu Ran was admiring Wu Tian more and more.

He's good in every way, he has business acumen, he has management skills, he's good at everything.

"That's thanks to Teacher Mu's good teaching."

"You are speaking more and more now." Mu Ran smiled with the gentleness of a woman.

She didn't even notice that she had changed a lot recently when she was with Wu Tian.

She rarely smiled before, but she always had a serious look on her face. She had never been so charming or so feminine before.

"Teacher Mu, since Martial Arts Club has won today, why don't I treat you to a meal?" Wu Tian suggested.

"This ..."

Mu Ran thought for a moment. In the end, she shook her head and refused, "It's too late today. Maybe another day."

She still wasn't used to it. It would soon be dark, so it wouldn't be good for her to accompany her male classmates to dinner. She wanted to avoid people gossiping about her.

"Alright, I'll treat Teacher Mu to dinner another day." Wu Tian saw through Teacher Mu's worries, so he did not force her.

"I'll go back to the dorm. You should go back and rest as soon as possible." Mu Ran turned around and headed back to the apartment after she finished her sentence.

Looking at Teacher Mu's back, Wu Tian licked his lips meaningfully.

While he was staring at Teacher Mu Ling Long's back in a daze, the phone in his pocket rang.

He looked around and saw that it was Shen Xue. He answered the phone and asked, "Xue, are you calling me to go home and eat dinner?"

"No, I'm in trouble. Come and save me." Shen Xue's impatient voice came from the other end of the phone.

"What's going on?"

"I got caught in my Fuyuan Restaurant, come help me quickly."

"Alright, wait a moment. I'll be right there." When Wu Tian heard that Shen Xue was pestered, he immediately got in a car and rushed over.

Xue was not only beautiful but also kind. The food she cooked was so delicious. No wonder she was often harassed by men. There was probably no man who didn't like girls like Shen Xue.

When he rushed to Fuyuan Restaurant, he discovered that there were more than ten luxury cars parked in front of the restaurant, and a few suits of bodyguards standing at the entrance.

Judging from the situation, the one who was harassing Xue was definitely not a small fry. It must be a rich boss or a super rich second-generation.

When he got off the car, he saw that the person pestering Shen Xue was the one with the richest Luzhou, Shangguan Junjie.

It was really unexpected that Shangguan Junjie was pestering Xue, which made Wu Tian feel especially surprised.

Just as he was about to enter the restaurant to help Xue out, two security guards blocked his way, "The restaurant is reserved by our young master, no one is allowed to enter."

"Even the restaurant owner can't enter?" Wu Tian stared at the two bodyguards and asked coldly.

"Are you the owner?"

"Right."

"Wait, I'll go inform them." The bodyguard entered the dining room to report the situation to Shangguan Junjie, then came back to Wu Tian and said, "Young Master lets you in."

After saying that, the two bodyguards automatically retreated.

Wu Tian walked into the restaurant and walked directly towards Shangguan Junjie.

Besides the waiters, there were no other customers in the restaurant. Shangguan Junjie was sitting on the seat near the window. His aura was very strong and there were four bodyguards in black standing behind him.

Shen Xue, who was standing on the opposite side, looked a little confused. She ran towards Wu Tian at the sight of him.

"Xue, he didn't bully you, right?" Wu Tian hid Shen Xue behind him and asked in concern.

"Nope." Shen Xue shook her head and hid behind Wu Tian like a little bird.

"Did Shangguan Junjie fall for you? He wants you to be his girlfriend? "

"No!" Shen Xue shook her head and explained in a low voice, "Shangguan Junjie wants to recruit me as his personal chef."

"So that's how it is." Hearing this, Wu Tian felt a lot more relieved.

It turned out that Shangguan Junjie didn't want to pursue Xue. He wanted to invite Xue to his house to be his personal chef because he had taken a fancy to Xue's culinary skills.

After thinking for a moment, he couldn't help but ask Shen Xue, "Then, do you want to be their personal chef?"

"I don't want to." Shen Xue shook her head vigorously, and said with a resolute tone: "I just want to stay in Fuyuan Restaurant, and won't go anywhere."

Hidden Billionaire Chapter 437 - Wealth Is Great?

C437 Wealth Is Great?

"Since you don't want to go, then ignore him." After Wu Tian said this, he pulled Xue and prepared to leave the restaurant.

When they reached the door, they were once again blocked by the two bodyguards, "Our Young Master said that Miss Shen cannot leave now."

"Is that so?"

A cold smile appeared on the corner of Wu Tian's mouth. He turned around and looked at Shangguan Junjie, "Why don't you let Shen Xue leave?"

"Don't be in such a hurry. Sit down first, let's talk." Shangguan Junjie waved the tea cup in his hand and pointed to the opposite side as he spoke.

Every move he made was filled with the aura of a superior. One could tell from his actions that he was an old fox that had been in the market for a long time.

"Alright then." Wu Tian walked over and sat down with his arm around Shen Xue's waist. He leaned on the chair and said, "Tell me, what do you want to talk about with me?"

"I want to talk to Miss Shen." Shangguan Junjie put down his tea cup and looked at Shen Xue, "I really admire your cooking skills. I want you to come to my house to be my personal chef. How much do you want?"

"I've already said that no matter how much money you give me, I won't be your personal chef." Shen Xue replied firmly.

"A monthly salary of five hundred thousand." Shangguan Junjie acted as if he didn't hear anything and pointed to indicate his price.

"I won't be a private chef."

"One million."

"I said I'm not a private chef."

"Five million."

"Even if you give me ten million, I still won't go." Shen Xue was not moved in the slightest. Her tone remained as firm as ever.

She had feelings for Fuyuan Restaurant and the kitchens and chefs here. She would not easily leave this restaurant.

Even if she left the Fuyuan Restaurant, she wouldn't be a private chef. Even if she was, she would only stay in Wu Tian's home and would never go to Shangguan Junjie's house.

"50 million." Shangguan Junjie continued to raise the price. His price was very high, but he spoke without hesitation.

Shangguan Junjie was probably the only one who would dare to give a monthly salary of fifty million yuan to a private chef.

"Mr. Shangguan, I advise you to give up on this idea. I won't be your personal chef." Shen Xue tried to persuade him otherwise.

"Is that so?"

Shangguan Junjie narrowed his eyes. He looked at Shen Xue with a deeper expression. "You're not moved by money. You're really a different girl."

"Now you can go." Shen Xue stood up and made a "please" gesture, ordering Shangguan Junjie to leave.

"Since I've come, I can't leave empty-handed." After saying that, Shangguan Junjie's gaze fell on Wu Tian again, "You're the owner of this restaurant?"

"Yes, I'm the owner. My name is Wu Tian."

"Well, I want to buy your restaurant."

"I don't sell restaurants." Wu Tian spat out the word without hesitation.

"Three hundred million." Shangguan Junjie didn't listen to these nonsense and directly offered a sky-high price.

"I don't sell restaurants."

"400 million."

"I don't sell restaurants."

"How much do you want?"

"No matter how much money you give me, I won't sell my restaurant." Wu Tian rejected him immediately.

The reason why he didn't sell this restaurant was not just for profit, but also for Xue.

He knew that Xue had been here for a long time, and she had a deep affection for this place.

"Then I'll kindly remind you." Shangguan Junjie's eyes turned cold. He stuck his head over and threatened, "I will destroy what I can't get."

"If you have the ability, then destroy it." The corner of Wu Tian's mouth twitched, and he didn't show any signs of backing down as he retorted.

"I'll give you one last chance. Are you selling it or not?"

"I don't sell restaurants." Wu Tian answered. His tone changed again, "I don't sell restaurants, but I can give the restaurants to Master Shangguan."

"You gave me the restaurant as a gift?" Shangguan Junjie frowned, he didn't know what Wu Tian was planning.

"Yes!"

Wu Tian nodded, then changed his tone: "As long as Master Shangguan imitates the barking of a dog, I will give the restaurant to you."

*

Hearing this, Shangguan Junjie was instantly enraged. He raised his hand and viciously slapped the table. He pointed at Wu Tian's nose and cursed, "You dare to insult me. Are you courting death?"

With his strength and power within the Luzhou, no one had ever dared to speak to him in such a tone.

This brat in front of him was truly audacious. How dare a small restaurant owner humiliate him in front of everyone?

"Shangguan Gongzi, this deal is very worthwhile. As long as you imitate the barking of a dog, you can get this restaurant for free. Why not?"

"You dare to make me learn to bark like a dog? You are truly audacious!" Shangguan Junjie clenched his fists, with a hint of killing intent in his eyes.

"As long as Master Shangguan imitates the barking of a dog, I will not only give you this restaurant for free, I will also give you 200 million yuan."

"You are courting death."

"I'll give you another 300 million."

"You ..."

"It seems that Master Shangguan does not want to learn to bark like a dog." Wu Tian shrugged helplessly, "Since that's the case, then please leave."

"You ..."

Shangguan Junjie no longer had his usual gentleman demeanor. At this moment, he was already blushing from anger.

He had wanted to hire Shen Xue to be the head chef at a sky-high price, but he was rejected. Then he decided to buy the restaurant at a sky-high price.

He did not expect Wu Tian to not only refuse to sell the restaurant, but also spend money for him to learn to bark like a dog.

This was simply an undisguised humiliation and provocation.

He was the Chief of Shengshi Group, it was impossible for him to endure such humiliation. He pointed at Wu Tian's nose and scolded: "You really don't know your limits."

"Shangguan Gongzi, it's fine if you don't want to learn to bark like a dog, why are you still angry!" After Wu Tian said this, he grinned and laughed.

*

Shangguan Junjie raised his hand and slapped on the table, "If I don't teach you a lesson, you won't know my ability."

"What do you mean?"

"Someone, come." Shangguan Junjie turned his head and ordered the two bodyguards behind him: "You two, attack together, teach this brat a lesson for me."

"Yes sir!"

After the two bodyguards received the order, they pounced forward like tigers, swinging their fists towards Wu Tian's head with amazing speed and strength.

It was obvious that these two were experts who had gone through professional training.

Wu Tian was not afraid, but he did not dare to be careless. He got up and attacked the two of them. He only used a few moves to kill them all.

Shangguan Junjie was shocked. He looked at Wu Tian with a meaningful gaze. He didn't expect this weak and silly kid to be so powerful.

He was stunned for a moment before instructing the other four bodyguards, "All of you, go up and beat him."

"Yes."

After receiving the order, the four bodyguards rushed forward, using all their strength to pounce towards Wu Tian, their attacks were even fiercer than before.

However, these four bodyguards were still not a match for Wu Tian. After a fight, the outcome was decided. In the end, all four bodyguards failed.

"Shangguan Gongzi, your bodyguards are really bad." After Wu Tian finished off the bodyguards, he challenged Shangguan Junjie with a smile.

"You ..."

Shangguan Junjie was so angry that the corner of his mouth twitched. He couldn't say anything for a long time.

He didn't expect the brat in front of him to be so strong. Even his many bodyguards were no match for Wu Tian.

Hidden Billionaire Chapter 438 - Gloating

C438 Gloating

"Master Shangguan, do you want us to fight?" After Wu Tian said this, he approached Shangguan Junjie step by step.

"Good boy, you're lucky today. Let's wait and see." After Shangguan Junjie said this, he stood up and prepared to leave.

"Wait!"

Wu Tie stretched out his hand and sat on the chair with Shangguan Junjie, "Do you think this is a market? You want to come and go as you please? "

"What do you want?"

"Didn't you take over the whole place? Did you give me the money?"

"Pah!"

Shangguan Junjie took out a cheque worth two hundred thousand and slammed it on the table, "This is the money for the chartered house, there's no need to look for it."

"You don't have enough money." Wu Tian picked up the cheque, took a look at it, and then put it on the table.

"Two hundred thousand isn't enough?"

"Two hundred thousand yuan is only enough to buy the room tonight. Your men are fighting and causing trouble in my restaurant and damaging the tables and chairs. Don't they have to pay the price?"

"Alright, I'll compensate you." In this situation, Shangguan Junjie could only put down his pride, "How much are the tables and chairs?"

"Five hundred thousand."

"What?" Just these few tables and chairs are worth five hundred thousand? "

"Golden silk zhennan wood, handmade. Of course it's valuable."

"You ..."

For this little bit of money, Shangguan Junjie didn't even want to waste words. He took out another cheque and slammed it on the table, "This is 500,000 yuan, is it enough now?"

"Still not enough." Wu Tian put away the seven hundred thousand check. He did not intend to let Shangguan Junjie off that easily.

"Not enough?"

"Right."

"I gave you seven hundred thousand, are you satisfied?"

"There's still too much left." Wu Tian touched his chin and said with a smile, "The fact that Master Shangguan brought people here to cause trouble scared my employees. Shouldn't you compensate them for their mental damages?"

"Mental loss expenses?"

"Not much. Five million is more than enough."

"Pah!" Shangguan Junjie slammed his hand on the table in anger, pointed at Wu Tian and cursed, "Brat, you must be crazy to think about money."

Only now did he realize that this brat was trying to take advantage of this opportunity to scam him for money.

"Shangguan Gongzi is the dignified Shengshi Group's boss, he can't possibly not have this little money, right?"

"Five million is nothing to me, but I won't give it to you." Shangguan Junjie wasn't lacking in money, but he wouldn't be willing to be cheated by this brat.

"If you don't want to pay, then I can only call the police and let the police administer justice." Wu Tian took out his phone and pretended to call the police.

"Alright, just call the police. I want to see if the police will help you or me." Shangguan Junjie said with a proud smile.

With the power of their Shengshi Group, even if the city chief came over, he would have to leave some face for them.

"Alright, I'll call the police right now." Wu Tian did not intend to call the police, but since Shangguan Junjie said so, he had no choice but to call the police.

However, he didn't make the 110 call. Instead, he called Su Ruyun directly, asking her to come here and give him justice.

This woman hated evils as if they were her enemies. She hated those rich people and would definitely not side with Shangguan Junjie.

After he finished his call, he heard Shangguan Junjie laugh in schadenfreude: "Brat, when the police come over later, do you think they will take me away? Or will they take you away? "

"Of course the police will take you away when you bring people here to fight and cause trouble." Wu Tian said with a confident smile.

"You're still too young. There are some things that you don't understand. You shouldn't even fight against me." After Shangguan Junjie said this, he leaned his body against the chair and looked as if he was gloating while waiting to watch a good show.

Not long after, Su Ruyun rushed over in a hurry. She was wearing a police uniform, looking extremely mighty and domineering.

"I'm the captain of the enforcement team at the east city police station, Su Ruyun." As soon as she arrived, Su Ruyun showed her police ID and asked in a deep voice, "Who called the police just now?"

"I called the police." Wu Tian stood up and walked towards Police Officer Su.

"Did you say someone was fighting here?"

"Right." Wu Tian pretended not to know Su Ruyun. He pointed at Shangguan Junjie and the others and said, "It's that brat who brought his men to fight and cause trouble in our restaurant."

After understanding the situation, Su Ruyun turned around to look at Shangguan Junjie, "You were the one who brought people to fight in the restaurant?"

"Yes, it's me." Shangguan Junjie leaned his body against the chair with a look of superiority.

Even if the police chief of the east city came over himself, he would not put them in his eyes, let alone a captain.

"Alright, please come with me to Police Station to be investigated." Su Ruyun hated people who could do whatever they wanted based on their wealth.

"Look clearly, I'm Shengshi Group Shangguan Junjie." Shangguan Junjie pointed at his face and then took out a business card from his pocket and handed it over.

"Who cares who you are, fighting and making trouble should be punished." Su Ruyun refused to take it lying down and said impatiently, "Do you want to go by yourself, or should I put handcuffs on you?"

"Do you know the rules?" Upon hearing this, Shangguan Junjie immediately became furious, "Do you know that even if your Superintendent comes over, he won't dare to offend me?"

"Whether our Superintendent dares to offend you or not is his problem. You must follow me to the Police Station now." Su Ruyun was very domineering.

"You ..."

Seeing that the policewoman in front of him was so tactless, Shangguan Junjie was extremely angry, "Wait a moment, let me give you Superintendent Liang a call."

With that, he took out his phone and began to make calls.

Not long after Shangguan Junjie made his call, Su Ruyun received a call from the director. She hung up after saying a few words.

"How is it? "Do you still dare to touch me?" At this moment, Shangguan Junjie was extremely arrogant.

Because he had just called the director, the director said he would reprimand Su Ruyun and have the woman apologize to him.

"Even if I am not a police officer, today I will capture you and bring you to the Police Station." Su Ruyun gritted her teeth and pulled out the handcuffs from her waist.

Just now, the Chief had called and told her not to touch Shangguan Junjie. The other side had too much power, so they couldn't afford to offend them.

However, she couldn't stand Shangguan Junjie being so cocky. She was prepared to bring this fellow to justice first.

"What else do you want, your Chief Officer told you not to touch me?" Shangguan Junjie's face turned green when he saw the policewoman take out the handcuffs.

He didn't expect that this policewoman would be so daring as to disobey the Superintendent's orders and attack him without permission.

"Cut the crap. Come back to the police station with me first." Su Ruyun did not care that much and just handcuffed Shangguan Junjie.

"You ..."

Shangguan Junjie was so angry that the corners of his mouth were trembling. After a long while, he finally managed to say: "If you dare to oppose me, I will make you regret it for the rest of your life."

"Cut the crap, let's go." Su Ruyun directly pushed Shangguan Junjie out of the restaurant.

"Shangguan Gongzi, take care." Wu Tian waved at Shangguan Junjie's back, then let out a hearty laugh.

Hearing this gloating laughter, Shangguan Junjie almost died from anger.

He secretly swore in his heart that sooner or later, he would kill this kid named Wu Tian to relieve the hatred in his heart.

Hidden Billionaire Chapter 439 - Women's Jealousy!

C439 Women's Jealousy!

He watched Su Ruyun take Shangguan Junjie away. Wu Tian then took out his cell phone and dialed Loong Yun's number, asking her to use her Wu Family to protect Police Officer Su.

If he did not use his family's power, with Shangguan Junjie's power, Su Ruyun would definitely be in big trouble.

After the call, Shen Xue walked over. She pursed her lips and smiled, "You're so naughty, messing with Shangguan Junjie."

"This guy wants to poach you. Who else can I play with if not him?" Wu Tian couldn't help but feel proud of himself.

This was his first time facing Shangguan Junjie head on. This brat wasn't as useless as the other fuerdai, but he didn't have much ability.

"I really admire you." Shen Xue smiled for a moment and suddenly asked worriedly, "You tricked Shangguan Junjie this time. You won't get into big trouble, right?"

"It's fine, you don't have to worry."

"After all, Shangguan Junjie is the boss of Shengshi Group, a giant enterprise with gigantic Luzhou. Needless to say, his power and influence is enormous. "

"Don't worry, I have my own ways to deal with this." Wu Tian comforted her. Actually, he already had a plan in mind.

This time, the main reason for toying with Shangguan Junjie was to probe his opponent and prepare for his future battle with Shengshi Group.

"Anyway, you have to be careful." Shen Xue reminded him with some worry.

"I know." Wu Tian pinched Shen Xue's fair cheeks and said with a smile, "Alright, it's getting late, let's go home."

"No, I want to eat western tonight."

"Why do you suddenly feel like eating Western food?"

"Cut the crap, take me to eat western food." Shen Xue took the initiative to take Wu Tian's arm. There was a certain playfulness in her willfulness.

Last night, Wu Tian accompanied Huang Lan out to eat western cuisine. She felt extremely uncomfortable and coincidentally let Wu Tian accompany her to eat western cuisine tonight.

"Alright, I'll take you to eat western cuisine." Wu Tian agreed and brought Xue to the western restaurant.

After the two of them finished eating, they strolled around the streets before returning to Aifei Castle Wine House.

When he returned home, he saw Elder Sister Lan shower and go downstairs. She looked exhausted.

"Elder Sister Lan, you've worked hard." Wu Tian was concerned about that for a moment, and then asked about the situation of the Huaxing, "Oh right, Elder Sister Lan, how is the company?"

"I won't tell you." Huang Lan lay on the sofa, exhausted. "Unless you give me a massage, I'll tell you about the company's situation," she said seductively.

"Alright!"

He saw that Elder Sister Lan had overworked herself for the company. Wu Tian was just about to go up and massage Elder Sister Lan, but he was stopped by Shen Xue. "No, I don't agree."

"When did he need your permission to massage me?" Huang Lan's expression turned serious as she turned to face Shen Xue.

"I'm his girlfriend." Shen Xue hugged Wu Tian's arm, "I don't allow him to get close to other women."

"Then I'm also his girlfriend." Huang Lan hugged Wu Tian's other arm tyrannically after saying that.

"You are shameless." Shen Xue cursed angrily, then pulled Wu Tian's arm in her direction.

Naturally, Huang Lan would not show any weakness. She hugged Wu Tian's arm even more tightly and said, "You are the one who is shameless!"

"You ..."

In terms of quarreling, Shen Xue was obviously much weaker. She was angered by Elder Sister Lan to the point that her face turned red and she couldn't utter a single word for a long time.

Just like this, the two women held onto Wu Tian's arms. They argued non-stop, as if two children were fighting over snacks, neither of them willing to show any weakness.

After fighting for a long time, Shen Xue finally asked Wu Tian angrily, "Tell me, which one of us is your girlfriend?"

"This ..."

This question also confused Wu Tian. With the current situation, no matter who to pick, it would result in a war.

The key point was that these two women were very outstanding. They were both beautiful and intelligent, and they had to have a body and a face to make a choice.

After a moment of thought, Tian Lingji moved and asked in a playful tone, "Why don't you two be my girlfriend together?"

"Scram!"

The two girls blushed and let go of Wu Tian's arm at the same time.

"Since the two of you are unwilling, then pretend that I didn't say anything." Wu Tian threw down those words and quickly escaped.

If he didn't run now, he would really be torn apart by these two women.

After taking a shower on the second floor, Wu Tian went into his study room and started reading.

When he was looking carefully, the door was pushed open and Huang Lan walked in in her pajamas.

Her figure was worthy of being called a peerless beauty. Her pajamas couldn't stop that domineering aura. The beautiful items were faintly discernible, causing Wu Tian to lose his will in an instant.

Wu Tian kept the book and asked with a smile, "Elder Sister Lan, it's so late, why aren't you sleeping?"

"I'm not feeling well. I can't sleep." Huang Lan walked into the study room and sat beside Wu Tian.

"Elder Sister Lan, what's wrong with you?"

"I've been busy all day, and my whole body is sore."

"Come, let me help you pinch." Wu Tian extended his hand to help massage Elder Sister Lan's body. At the same time, he asked: "Oh yeah, how's the situation over at Huaxing and television?"

"There are a lot of problems in the company. It's a mess. It's a mess. It's a mess. It's a kickback, a change of accounts, a misappropriation."

"All these years, Zhang Huaqiao neglected managing the company. That's why so much happened."

"No wonder the company has been losing money." Huang Lan shook her head with a bitter smile. She then changed her tone, "There are so many problems with the company. What do you think I should do?"

"I think we'll just follow Elder Sister Lan's plan."

"Then tell me, what are my thoughts?"

"With Elder Sister Lan's personality, her eyes definitely won't be filled with sand." While helping to massage Elder Sister Lan, Wu Tian said with a wise face, "I guess Elder Sister Lan is going to clean up these violations and get rid of the shxt from the company."

"You know me best." Huang Lan pursed her lips into a smile and shifted into a comfortable position as she leaned back in her chair.

"However, these problems are too complicated. If Elder Sister Lan is too hasty, it won't have much of an impact on the company's sound development."

"Then what should we do?"

"The problem must definitely be solved, but I can't rush it. I have to do it step by step."

"I'm an impatient person. I don't want to play cat and mouse games. I plan to clear out all of the company's worms in a short period of time."

"That's fine too." Wu Tian nodded in approval and said in a supportive manner, "Since I have handed the company to Elder Sister Lan, let's deal with it in Elder Sister Lan's way."

"Aren't you afraid that I'll destroy your company?"

"If it breaks, I'll buy another company for Elder Sister Lan-ju, until Elder Sister Lan succeeds."

"Good boy, you really know how to please women. No wonder that girl Shen Xue was bewitched by you!" Huang Lan rolled her eyes in annoyance, feeling a little sour inside.

Wu Tian scratched his head in embarrassment. He didn't argue and only giggled.

"Right." Huang Lan thought of the previous question and asked again, "If you chose between Shen Xue and me, who would you choose?"

"Both of you are perfect and impeccable. There's really no choice."

"Do you really want to kill two birds with one stone?"

"I ..." Wu Tian did not retort and just giggled. If it was possible, he would have certainly wished for it.

Hidden Billionaire Chapter 440 - Concern for the Secretary

C440 Concern for the Secretary

"Shameless!"

Huang Lan's pretty face turned cold. She angrily pushed Wu Tian's arm away, "Men are indeed not good people."

With that, she got up and left the study on long, long legs.

"Elder Sister Lan, I ..."

Looking at Elder Sister Lan's angry back, Wu Tian didn't know how to explain.

He didn't expect to accidentally reveal the most despicable thought in his heart. He was afraid that Elder Sister Lan would think of him as a scum.

Watching Elder Sister Lan walk away, Wu Tian sighed helplessly and continued to read his book.

In the following days, Wu Tian spent the rest of his time reading and practicing martial arts, apart from studying regularly every day.

He would occasionally go to the company for a look. The development of his Tianmu Technology was very fast, ever since the introduction of the mobile phone system, the coverage had become wider and wider, and the number of users multiplied by several times.

For a new system, the user experience is very important. From the beginning, Lee Mu has been focusing on the establishment and perfection of ecology.

Except for investment funds for market operation and promotion, the remaining funds are all used to build ecology.

Ecology is a big project and it will take a long time to perfect. This is the key to the success of the mobile phone system.

It was fortunate that the Tianmu Technology had a large amount of funds and scientific strength, which was why he could support the stable development of the mobile phone system.

Currently, the most profitable aspect of Tianmu Technology was still the gaming industry. The profitability of the game had spurred the development and investment of the mobile phone system.

As for Seafood TV, ever since they acquired the Odd Fish to broadcast live, the two companies had already established a monopoly in the field of live broadcast.

Under Sunn Sheng's operation, the Seafood TV and the Odd Fish live broadcast carried out the integration of resources, and the next thing to do was to make them separate again, so as to differentiate and develop.

The Tianhao Hotel managed by Sunn Xiaohao was currently functioning normally, and its revenues were steadily increasing.

Currently, Wan Street had the best development. Under Jiang Wan's lead, the development of Wan Street was extremely quick. In a short period of time, it quickly grew to become a business street of Luzhou, the flow of customers steadily increased, and the occupancy rate of merchants exceeded 80%.

Seeing that the major businesses that he had invested in were developing so steadily, Wu Tian felt a lot more at ease. Next, he would have to spend more of his energy on Shengshi Group.

Grandfather wants him to eliminate the branch power behind Shangguan Family. We must settle this quickly and not disappoint Grandfather.

Shengshi Group was one of the core forces of Shangguan Family, however, with Wu Tian's current strength, it was not easy to eliminate Shangguan Family.

At the moment, the only thing he could do was break them down into small pieces and kill them off one by one.

Starting with the branches and subsidiaries under Shengshi Group, cutting off the chains and channels under them, and making Shengshi Group this gigantic being become isolated and helpless, it would be much easier to make a move against Shengshi Group at that time.

Thinking about that, Wu Tian walked over and knocked on Loong Yun's door.

He waited for half a minute before Loong Yun opened the door. Loong Yun's clothes were in a mess and her eyes were filled with uneasiness.

"Secretary Loong, what are you doing in the room? Why did it take so long to open?" Wu Tian asked.

"Nothing." Loong Yun stood in front of the door and pretended to be calm as she asked, "Is there something that the Young Master wants to talk to me about?"

"Let's go in and talk about Shangguan Hongyuan and Shangguan Junjie." After Wu Tian said this, he prepared to enter.

In the end, he was stopped by Loong Yun at the door. "Young Master, my room is a little messy. Let's go to the study room."

"What's there to be afraid of? It doesn't affect our conversation." Wu Tian pushed the door open and walked in.

The room was a mess. Clothes and sheets were strewn all over the floor. There were also a lot of medicine bottles thrown on the floor.

Staring at the bottle on the floor for a while, Wu Tian couldn't help but ask:
"Secretary Loong, why is there so much medicine used for external injuries in your room? Are you hurt? "

"Nope."

"What's wrong with these pills?"

"This one's for the skin."

"Skin disease?" Wu Tian stared at the bottle for a while and noticed that it was indeed an anti-inflammatory and antipruritic medicine used to treat skin diseases.

"Right."

"Do you have skin disease?"

"Yes." Loong Yun gritted her teeth, her eyes filled with embarrassment as she explained in a low voice, "I have a skin disease that makes my itching uncomfortable, so ..."

"No wonder the room is so messy." Wu Tian nodded in understanding, then frowned: "Your skin looks pretty good?"

"Everything else is normal, just the back and thighs."

"Is that so? Let me see that piece. " As Wu Tian finished his sentence, he was about to make his move. Loong Yun was so scared that she hastily dodged, "Young Master, it's not convenient for me to show you the location of the illness."

"It's not like I haven't read it before, what's so inconvenient about it?"

Loong Yun coughed lightly, a few red clouds slowly appearing on her cheeks.

Thinking about the incident at the hotel in Beijing, she felt ashamed and her face turned red with embarrassment.

"It's definitely not easy to apply medicine on your back. Come, I'll help you." Wu Tian built a box of ointment from the ground and said to Loong Yun.

"No need, I have my own ways." Loong Yun hurriedly refused. It would be embarrassing for her to ask her young master to apply the medicine for her.

"What method?"

"I ..." For a moment, Loong Yun didn't know how to respond.

It was really hard to apply medicine on her back. Just now, she had struggled for a long time without applying it. That kind of feeling was painful and anxious at the same time.

"Alright, hurry up and take off your clothes. I'll help you apply the medicine." Wu Tian instructed. Seeing that Loong Yun did not make a move, he impatiently urged her, "Hurry up, this is an order."

"Yes."

Loong Yun could only grit her teeth when she saw her young master's anger. She slowly and carefully lifted the clothes on her back.

However, her face was also red and her heart was beating rapidly.

"Oh my god!"

Wu Tian couldn't help but be shocked when he saw the densely packed red spots on Secretary Loong's back. "Why do you have so many red dots on you?"

"I don't know. I had it two days ago."

"Don't go anywhere for the next two days. Have a good rest at home." Wu Tian instructed and carefully applied the ointment on Secretary Loong.

The moment Loong Yun's skin was touched, it was as if she had been electrocuted. Her heart beat tremendously.

Fortunately, the young master was quick. In less than a minute, he had finished applying the ointment for her and also helped her put on her clothes.

"Thank you, Young Master." Loong Yun acted as if nothing had happened as she apologized to the Young Master. In fact, her heart was beating like a drum.

"Have a good rest these few days. Try not to go out." Wu Tian said a few words, then turned around and prepared to leave.

After walking a few steps, she suddenly thought of something important. Turning her head, she asked Loong Yun, "Secretary Loong, have you found any branches and subsidiaries under Shengshi Group?"

"Yes." Loong Yun nodded and replied patiently, "There are over forty companies of all sizes under the Shengshi Group. They are involved in real estate, finance, food, entertainment, culture, television and other industries."

"Good, then send all these documents to my phone." After saying this, Wu Tian turned around and left the room. Before leaving, he did not forget to tell Su Hao, "Take care, I'll come back tonight to apply the medicine for you."

"Yes sir!"

Hearing this, Loong Yun's face suddenly turned red, but she didn't say anything. Her heart was pounding like a little deer.
