

## Hidden Billionaire Chapter 451 - Fortune-teller -

### C451 Fortune-teller

"What's wrong with orphans?" Liu Yueyao didn't care whether Wu Tian was an orphan or not. She argued with her mother.

"Mom knows you like Tian, but Tian's mind isn't on you at all." Having said so, Mrs Liu tyrannically pulled her daughter's arm and left the room. "Let's go, mother will take you on a blind date."

"Mom, I'm not going ..." Liu Yueyao had no way to resist and was dragged out by her mother.

It wasn't until the mother and daughter went downstairs that Wu Tian came out of the wardrobe, tidied up his clothes, and hurried downstairs.

When he went downstairs, he saw only Liu Jun in the living room. Liu Yueyao must have been forced by her mother to go on a blind date.

"Tian, how were you last night?" Liu Jun stood up and said with concern.

"I drank too much last night. My head hurts a little." Wu Tian rubbed his temples and pretended to be in pain.

"Come and sit down. I'll ask the kitchen to make you some sobering soup." After Liu Jun said this, he prepared to instruct the kitchen.

"No need to trouble you." Wu Tian waved his hand and hastily stopped Uncle Liu, "Uncle Liu, I don't want to drink the sobering soup. It's getting late, I'm going to school first."

After bidding farewell to Liu Jun, he turned around and left the villa and took a taxi to school.

As he passed the north gate of the school, he was attracted by a fortune-teller on the roadside.

The fortune-teller was in his sixties. He wore plain glasses, and his forehead was round and shiny. He looked like a sage.

He had never seen this fortune-teller before. It was the first time he saw him, so he couldn't help but take a few more glances.

While he was observing the fortune-teller, the old man suddenly looked up at him. "Young man, I see that you have a handsome face and a surprising skeleton. You have the talent to be a general."

"Is that so?" Wu Tian pursed his lips and smiled. He was already used to these kinds of lies.

Many fortune-tellers have a fixed way of lying to money.

Although Wu Tian didn't like this sort of thing, he still couldn't help but ask: "Old sir, why don't you help me calculate my marriage fate?"

"Come, let me see." The old man grabbed Wu Tian's arm to take a look and sighed with his eyes squinted, "Oh, no, no!"

"What's bad?"

"A woman's life is in danger!"

"Nonsense." Hearing this, Wu Tian glared at the old man in annoyance, then turned around and was about to leave.

He had only taken two steps when the old man called out to him, "Young man, don't be in such a hurry to leave."

"Anything else?" Wu Tian stopped and turned his head to look at the fortune-teller with a puzzled expression.

The old man shook his sleeves and reminded him with a smile, "I've helped you calculate your marriage fate, but you haven't paid me yet!"

"How much is it?"

"This price." The old man held out three fingers.

"Three dollars?"

"That's not right."

"Thirty dollars?"

"That's not right."

"It can't be three hundred, can it?"

"No." The old man shook his head and calmly said, "I will start the fortune telling for someone. The starting price is thirty thousand."

"What?" Thirty thousand? " The moment he heard about the price, Wu Tian was immediately angered.

The other fortune-tellers cheated only a few hundred dollars at most. The old man in front of him was simply too greedy, opening his mouth and asking for 30,000 yuan.

The key point was that this old man had not calculated anything. He had only said 'the beautiful girl's life is short', yet these words were worth thirty thousand yuan?

"Yes, thirty thousand." The old man stroked his beard and nodded with a smile.

"Old mister, cheating money like this is not kind at all." Wu Tian simply walked in front of the fortune-teller, "This is called greed, it's a bit too much."

"Since little brother has the ability to become a general, I'll give you a discount." The fortune-teller smiled and stretched out three more fingers, "Just give me three thousand."

"This amount of money is nothing to me, but I don't want to be a fool." Wu Tian thought for a moment, then took out two hundred yuan from his pocket and handed it over. "It's getting cold. Take this little money to buy a set of clothes!"

"You are truly worthy of your talent as a general. You will definitely have great achievements in the future." The fortune-teller complimented him and quickly reached out with both hands to take the two hundred dollars.

Right at that moment, a girl wearing a school dress hastily ran over to the fortune-teller. She scolded him, "Hey, why did you come out here again to swindle money?"

The girl in the school dress just stared at the fortune-teller like that. She loved and hated the old teacher, so her expression was extremely complicated.

From the school dress the girl wore, it could be seen that she was a student of No. 4 High School. Her appearance was pretty and delicate, and her skin was fair and translucent. Just a glance at her would cause one's heart to palpitate.

"Cough, cough!"

The fortune-teller coughed twice. He explained in a low voice, like a child who had done something wrong, "I didn't lie."

"If you're not lying, then where did you get the money from?" The beauty in the school dress questioned in an aggressive tone.

The fortune-teller clenched the two hundred yuan tightly and explained with a dry smile, "I earned it from my fortune telling for this little brother here."

"Destiny telling? "Do you know how to tell a fortune?"

"Of course I will, but ..."

"Alright." The beauty in the school dress impatiently interrupted the old man. She extended her small hand and demanded, "Hand over the money you have scammed."

"This ..."

"Give it to me." The pretty girl forcibly took the 200 yuan from the old man's hands. She glared at him and handed the 200 yuan back to Wu Tian, "Sorry, I'll return this money to you."

"..."

Wu Tian didn't respond. He just stared at the girl's eyes dumbly, like a silly melon.

The only thing to blame was that the girl's eyes were too good-looking. Her beautiful eyes were as dazzling as pearls, clean and clear, sparkling with a charming light.

The girl in the school dress was a little embarrassed by his gaze. She scolded him softly, "Hey, have you seen enough?"

"Enough... That's enough. " Only then did Wu Tian come back to his senses, and he scratched his head awkwardly, "I almost passed out because of you."

These unintentional words caused the girl's face to redden.

The girl bit her lips and passed another 200 yuan over, "This is your money, hurry up and accept it."

"I gave it to the old gentleman." Wu Tian didn't take the money, he smiled and said, "Old man, help me tell my fortune, I should pay you."

"He doesn't know how to tell a fortune. He's just a liar."

"How do you know he's a liar?"

"He's my grandfather, and he often relies on this to cheat money." The girl bit her lips in embarrassment.

"He's your grandfather?"

"En!"

"Hehe, I really didn't notice that he's your grandfather." Wu Tian grinned and tried asking, "Are you a student of No. 4 High School?"

"En!"

"Hello, my name is Wu Tian. I'm at the Polytechnic University next door." Wu Tian introduced himself to the girl.

Every time he met such a beautiful and kind-hearted girl, he couldn't help but want to get close to her. Perhaps this was an instinctive reaction.

"Hello, my name is Lu Xiaomei. I'm a student from the third class of the second grade at Luzhou Fourth High School." The young beauty introduced herself and passed another 200 yuan over, "I'll return this money to you, and also apologize on behalf of my grandpa."

"Your grandfather is helping me tell fortunes. This is my reward for him."

"But he did it to cheat you of your money."

"I know."

"You know he lied to you, but you're still willing to be cheated by him?"

## Hidden Billionaire Chapter 452 - Bluff -

### C452 Bluff

"It's cold. Your grandfather is wearing such thin clothes. Let him buy a set of clothes." After Wu Tian said this, he took the 200 yuan from the girl and stuffed it into the fortune-telling man's hands, "Old Master, take this to buy a set of clothes and count it as my favor."

"Little brother, thank you." The old man took the two hundred yuan and immediately bowed to express his gratitude.

Wu Tian quickly supported the old man and advised with a smile, "This isn't your long-term plan to earn money this way, it's easy to get yourself into trouble."

"I ..." The old man swallowed his words, as if there was something hard to say.

At this moment, the girl called Lu Xiaomei took the 200 dollars from her grandpa's hands and gave it to Wu Tian, "We appreciate your kindness, but I really can't accept this money."

"Alright then!" Wu Tian could only take back the two hundred yuan.

With such a small amount of money, it wouldn't be good for him to decline, lest Lu Xiaomei misunderstand.

However, in his heart, he felt even better towards this girl.

"I'm so sorry for today. Goodbye." Lu Xiaomei smiled lightly and prepared to leave with her grandfather.

They hadn't gone far before four bullies rushed forward to block their way.

Lu Xiaomei hurriedly stood in front of her grandfather to protect him. She asked the four hoodlums, "What are you doing?"

It could be seen that this girl really doted on her grandfather. When she encountered danger, the first thing she thought of was to protect her grandfather.

"What, we have to ask that old guy." The leader of the hoodlums was a youth with yellow hair. He pointed at the fortune-telling man and scolded him, "This old man is trying to cheat money, but he actually managed to trick my woman."

"What is going on?" Upon hearing this, Lu Xiaomei started to panic.

It goes without saying that his grandfather must have scammed them for their fortune and accidentally provoked this bunch of hoodlums in society.

"That old thing told my woman's fortune telling, my woman had a disaster, he told my woman to buy perfume paper to drink, my woman was not feeling well these few days, after drinking it, she yelled, 'stomachache', she's still in the hospital." The yellow haired youth angrily explained.

Lu Xiaomei's face darkened when she heard this. She turned around and scolded her grandfather, "How many times have I told you not to do this? Why didn't you listen?"

"I ..." The old man also knew that he had caused a disaster. He lowered his head like a child who had done something wrong.

"Since that old man is your grandfather, tell me, what should we do now?" The yellow-haired youth raised his head and shouted.

"Don't be in such a hurry." Lu Xiaomei reassured him before she turned to her grandfather and asked, "How much money did you cheat? Take out the money immediately."

"Not much, just eight hundred dollars." The old man clutched his pocket and did not want to hand over the property.

"Give it to me." Lu Xiaomei didn't care that much, she directly took the 800 yuan from her grandfather's pocket and passed it to the yellow-haired youth, "This is your girlfriend's money, I'll return it to you."

The yellow haired youth took the eight hundred yuan roughly, gritting his teeth. "You think that you can just give it back to me?"

"Then ..."

Lu Xiaomei thought for a moment, gritted her teeth and said, "Your girlfriend is hospitalized, so we'll compensate you!"

It was his grandfather's fault for causing the other party to be hospitalized, so even if they were to lose money, it would be natural for them to do so.

"Alright, then you guys will pay." The yellow-hair grinned and said proudly, "Then let me calculate for you. My girlfriend is currently in the hospital for rescue. The cost of surgery is 10,000 yuan, living expenses are 5,000 yuan, and it's a mental loss ..."

After settling the score for a long time, the yellow-haired youth finally raised his hand. "You guys have to pay my girlfriend at least fifty thousand yuan."

"What? Fifty thousand?" Upon hearing that she would have to pay so much, Lu Xiaomei's expression immediately changed.

They wouldn't be able to afford five thousand, much less fifty thousand.

Her family was poor as a sheet, and it was because she didn't have any money that her grandfather made a living out of scam.

"Yes, fifty thousand dollars, not a single cent less." The yellow-haired youth gritted his teeth as he yelled out.

"Your girlfriend shouldn't be spending that much money in the hospital, right?"

"Cut the crap. If you don't pay, then don't blame me for being rude." After the yellow haired youth said this, he ordered his underlings behind him, "Go together, take this old man's bones off."

"Alright!"

The hoodlums behind him were ready to attack as soon as they received the order.

"Wait." Lu Xiaomei spread her arms wide in an attempt to stop him, "Don't hit my grandpa, can't we just compensate you?"

"Alright, hurry up and compensate us with money." The yellow-haired teenager stretched out his hand and asked impatiently.

"We don't have any money right now, so can't we borrow it first?" As matters stood, Lu Xiaomei could only stall for time.

He couldn't take out 50,000 yuan right now, but he couldn't just sit by and watch his grandfather get beaten up.

Her grandfather was already so old, how could he withstand the beating of those hoodlums? Even if he wasn't beaten to death, he would only have half a life left.

"If you have no money, then use your body to repay the debt." The yellow-haired teenager rolled his eyes at Lu Xiaomei as he licked his lips, "As long as you accompany me for a few nights, I don't want the money anymore."

"Shameless!"

Lu Xiaomei cursed angrily, disgusted by the greedy looks in their eyes.

"That's not up to you, brothers. Take this Mei girl back." The yellow-haired youth saw that the grandfather-grandson pair didn't have any money, so he decided to focus on Lu Xiaomei.

This kind of beautiful girl would definitely still be young. If she could have a good time, then it would be worth it even if she died.

"Don't come over, you're not allowed to hurt my granddaughter." At the critical moment, the old man stood up straight in front of his granddaughter to protect her.

"Old thing, if you don't want to die, hurry up and get out of here." The yellow haired teenager did not even put Old Master in his eyes as he ordered his brothers, "Let's attack together."

"Alright!"

The few hoodlums received the order and pounced towards the grandfather and grandson duo.

The grandfather-grandson pair had never seen such a scene before, and they tightly hugged each other in fear. Especially Lu Xiaomei, whose small body trembled in fear and her face turned pale.

"Stop!"

At the critical moment, Wu Tian stepped forward and yelled at those hoodlums: "Stop right there."

With a loud roar, those hoodlums were so scared that they immediately stopped.

The yellow haired teenager looked Wu Tian up and down and yelled impatiently, "Silly boy, what are you trying to do?"

"Don't be in such a hurry to make a move. Wait for me to finish." Wu Tian took a few steps forward and looked straight into yellow-hair's eyes, "You said that your girlfriend is hospitalized with stomachache?"

"Yes, I just checked her in."

"Fine, take out the invoice for your girlfriend's hospitalization. Let us take a look."

"This ..." The yellow-haired youth was slightly taken aback before he replied in a perfunctory manner, "I forgot to bring the hospital receipt."

"How can you prove that your girlfriend is in the hospital without an invoice?"

"I said it already, I didn't bring any invoices."

"Well, send someone to get the invoices. We'll wait here." Wu Tian put his hands in his pockets and looked to be very patient.

"I ..."

The yellow-haired youth didn't expect the kid in front of him to suddenly ask for an invoice. He held it in for a long time before saying, "You brat, who do you think you are? Why would I give you the invoice?"

### **C453 Hero Save Beauty**

"I know you won't take it, because your girlfriend isn't in the hospital at all, and you don't have an invoice." Wu Tian said resolutely.

"Don't talk nonsense."

"If I'm not wrong, your girlfriend's stomach doesn't hurt at all." Wu Tian smiled strangely, put his head close to them and asked: "You used this as a reason to purposefully look for them to cheat money, right?"

"I ..."

Even though the yellow-haired youth was dreaming, he had never thought that his scheme would be exposed by this kid in front of him.

That's right, he had heard that his girlfriend had found someone to tell her fortune at the north gate of Polytechnic University and spent over eight hundred yuan. He knew that his girlfriend had been tricked, so he pretended that he did not know about it. He wanted to bring someone here to cheat someone of their money, but he didn't expect that his actions would be seen through by the brat in front of him.

At this moment, Lu Xiaomei finally understood that the yellow haired teenager came to cheat money. Luckily, Wu Tian saw through the scam, otherwise, they would have been tricked by the yellow haired man.

After a moment of surprise, she couldn't help but ask Wu Tian, "Classmate Wu, how did you find out that his girlfriend isn't in the hospital?"

"Normally, if his girlfriend was hospitalized, he would be in a hurry. How could he have the mind to bargain here?" Wu Tian said with a wise smile.

"Right, what you said makes a lot of sense." Lu Xiaomei nodded in agreement, feeling that the boy in front of her was extremely smart.

Seeing that his scheme had been seen through, the yellow-haired youth couldn't be bothered to continue pretending. He admitted, "That's right, my girlfriend isn't in the hospital at all. The reason I'm doing this is to scam for money."

Originally, he intended to cheat others of their money, but after seeing Lu Xiaomei's beautiful appearance, he changed his mind.

"You're so despicable." Wu Tian cursed.

"Foolish boy, I advise you to not meddle in other people's business. Quickly scam, otherwise you might be injured." The yellow-haired youth waved his hand, giving a stern warning.

"I'm going to meddle in this matter today." Wu Tian shook his phone and asked with a smile, "Should I call the police, or do you call the police yourself?"

"I won't call the police." The yellow-haired youth roared, and ordered his subordinates behind him, "Attack him together, help me teach this brat a lesson!"

"Yes sir!"

After the hoodlums received their orders, they clenched their fists and slowly approached Wu Tian like wolves and tigers.

Seeing so many hoodlums coming over, Lu Xiaomei was so anxious that her face turned pale. With a trembling voice, she asked, "What do we do now?"

"Don't be afraid with me around." Wu Tian comforted her. His face was as calm as a lake.

With his current strength, even if the number of hoodlums were to double, he still wouldn't put them in his eyes.

"But there are too many of them, you can't beat them." Lu Xiaomei was still worried. She reminded him, "I think you should run. I don't want to see you being beaten up by those people just for us."

Wu Tian couldn't help but stare at Lu Xiaomei with that weird expression when he heard her words.

If other girls were in danger, they would panic and hide behind him, while the girl in front of him was different.

"What are you looking at me for? Run!" Lu Xiaomei bit her lips and urged urgently.

Wu Tian's heart trembled. He couldn't help but ask: "I ran away, what will you do?"

"Hurry up and leave, don't worry about me." Seeing those hoodlums getting closer, Lu Xiaomei became so anxious that she couldn't help but use her hands to push Wu Tian away.

She just didn't want innocent people to be implicated. She didn't want good people to be beaten up for her sake.

"Don't worry, I'll be fine. I'll protect you guys." Wu Tian smiled confidently, gave them a comforting look, and walked towards the hoodlums.

Close to the four hoodlums, he suddenly threw a punch towards them with shocking power and incomparably fast speed.

His continuous punches easily knocked over the first two hoodlums.

He knocked down the two hoodlums, but Wu Tian didn't stop at all. He continued to attack with his fists and mercilessly smashed towards the two hoodlums behind him.

The force of his two punches became even more powerful, directly sending the other two bullies flying. They fell to the ground and cried out in pain.

Just like that, the four hoodlums were easily defeated by him. In front of Wu Tian, they had no way to fight back.

Lu Xiaomei stood to the side. Originally, she was worried that Wu Tian would be seriously injured by a few hoodlums.

When she saw the situation in front of her, she was immediately shocked. She never would have thought that Wu Tian was fair and delicate, looking a little weak. She never expected him to be so skilled.

It was indeed unexpected, she did not expect Wu Tian to be able to defeat four hoodlums bare-handed, it truly was an eye-opener.

At this moment, Lu Xiaomei looked at Wu Tian with an expression of deep meaning and surprise. Wu Tian's skill made her clap her hands in admiration.

Even Lu Xiaomei's grandfather was stunned. He was also surprised. He did not expect Wu Tian, a young man like brat, to be so powerful.

After dealing with the four hoodlums, Wu Tian put on a handsome hairstyle and walked in front of the yellow haired youth, "It seems like your men are all trash, they can't even beat me."

"You ..."

The yellow-haired youth opened his mouth, but didn't say anything for a long time.

At this moment, the yellow haired man was no longer as arrogant and domineering as before. He was scared to death.

He didn't expect the kid in front of him to be so strong, even though he looked so weak. He had easily defeated all four of his subordinates.

"It's your turn now. Come, let's do it." Wu Tian rolled up his sleeves and challenged the yellow haired teenager with a smile.

"I won't fight you." The yellow-furred youth was so scared that his body shrunk, and he retreated several steps.

He had seen Wu Tian's ability. Wu Tian was able to defeat four of his subordinates barehanded. That kind of strength was extremely powerful. Even if he had 100 guts, he wouldn't dare to fight with Wu Tian.

"If you don't want to fight me, I'll fight you." After saying that, Wu Tian sent a punch towards the yellow-haired man.

After a few punches, the yellow-haired youth was beaten black and blue, and he began to cry out. After a while, he hurriedly begged for mercy. "Big Brother, spare me! Please spare me! I was wrong; I will never dare to do this again ..."

"What's wrong with you?" Seeing that the fight was almost over, Wu Tian stopped his fist and asked with a smile.

"I shouldn't have lied to other people's money, I shouldn't have acted against you ..."

Wu Tian raised his hand and viciously slapped the yellow-haired youth's face, warning him, "In the future, if you dare to bully Lu Xiaomei and her grandpa again, don't blame me for being rude towards you."

"I promise I will never do such a thing again." The youth swore.

"Scram! Don't let me see you again!" Wu Tian kicked the yellow haired youth impatiently.

"I'm leaving now." After the yellow-haired youth replied, he was so scared that he immediately turned around and ran. The other hoodlums also endured the pain and fled.

Looking at the departing backs of the yellow-haired man and those hoodlums, Lu Xiaomei felt very happy. She walked over to thank Wu Tian. "Classmate Wu, thank you for helping us out earlier. Thank you!"

"It's nothing, you don't have to be so polite." Wu Tian waved his hand and didn't care about such a small thing.

At this moment, Old Master stepped forward and said with a smile, "You saved us. We must thank you. Mei, hurry up and marry him."

"Grandfather, what are you saying!" Lu Xiaomei's face instantly blushed after hearing that.

## Hidden Billionaire Chapter 454 - Old Urchin -

### **C454 Old Urchin**

"Don't be angry, grandpa is just joking." Saying this, Old Master walked over and held Wu Tian's arm, "Lad, this time thanks to you helping us out, I, Lu Dingquan, thank you."

After saying this, Old Master bowed deeply towards Wu Tian to express his gratitude.

"You're too polite." Wu Tian hurriedly supported Old Master's body and said with a smile, "It's nothing, you really don't have to be polite with me."

"To you, this is a piece of cake, but to us, it's a life saving favor." Lu Dingquan grabbed Wu Tian's arm, "Come, let's go to my house. I have to thank you."

"There's really no need ..."

"I must thank you." Lu Dingquan didn't say anything further and pulled Wu Tian's arm as they walked towards the bus stop.

"I, this ..." It was hard to refuse Wu Tian's kindness. He turned around and looked at Lu Xiaomei, "Actually, there's no need to thank me."

"Since my grandfather wants you to come to my house, then don't decline." Having said so, Lu Xiaomei leaned her head over and whispered, "It seems that my grandfather really likes you. Later, help me persuade him."

"Persuade what?"

"I don't want him to come out and tell his fortune to anyone in the future to avoid being beaten to death."

"Oh, okay!" Hearing this, Wu Tian didn't say anything more and followed the two of them towards the bus stop.

The three of them took the No. 59 bus and arrived at the Sun City sector.

"Lad, we'll be staying on the third floor. Let's go." Lu Dingquan took the lead and went upstairs after saying that.

Even though he was quite old, his physique was very sturdy. He walked very fast and his steps were very steady.

They arrived at the third floor very quickly. When the door was opened, there were all sorts of broken metal placed in the room. Most of them were retrieved from the garbage heap.

There wasn't much furniture in the room, the cabinets were shabby, the lamps were rusty, and they looked old.

"Sit down." After entering, Lu Dingquan greeted Wu Tian to his seat and then instructed Lu Xiaomei, "Mei, don't stand. Make tea for the guests."

"En!"

Lu Xiaomei nodded and started to make tea.

After sitting on the shabby sofa, Wu Tian couldn't help but ask, "Oh yeah, where are Mei's parents?"

"Sigh!"

Lu Dingquan sighed lightly and said in a low voice, "When Mei was very young, her father passed away, so her mother ran away with the rich. I was the one who raised Mei."

"Mei is really pitiful." Wu Tian couldn't help but feel pity in his heart when he heard this.

"I, the old man, don't have the ability to earn money either. I can only rely on deceiving others to get some money. Renting a house here to let Mei go to school, living a tight life." Lu Dingquan felt sad when he said that.

"So that's how it is." Wu Tian nodded in understanding.

No wonder Lu Dingquan went out to cheat in order to help his granddaughter earn tuition and living expenses.

"I'm already this old, so I don't have much ability. I can only make Mei suffer alongside me." Lu Dingquan gritted his teeth and said with heartache.

"Mei should be glad to have such a good grandfather like you." Wu Tian smiled and comforted him.

He was so old that he had raised his granddaughter for her to study. To be honest, it was not easy at all.

"It's a good thing that Mei did her best. Not only did she learn well, she was also well-behaved and obedient. No matter what I did, it was worth it." The corner of Lu Dingquan's mouth raised and a gratified smile appeared on his aged face.

At this moment, Lu Xiaomei brought a cup of steaming hot tea over, "Classmate Wu, drink some tea."

"Thank you!" Wu Tian received the tea cup with both hands and said with a smile, "Don't bother, sit down."

"En!" Lu Xiaomei nodded and sat down beside her grandfather. At the same time, she winked at Wu Tian.

Wu Tian immediately understood. He put down the teacup and advised Lu Dingquan, "Old Master, you're already so old, don't go out and tell others your fortune."

"How am I going to make money without this business?" Lu Dingquan gritted his teeth with a helpless look on his face.

If he had the money to send his granddaughter to school, he naturally didn't want to go out and cheat.

"You don't have to worry about money." Wu Tian took out a bank card from his pocket and placed it on the table, "The bank card has a little savings, enough for you to spend for a while."

"That won't do."

Before Lu Dingquan could say anything, Lu Xiaomei firmly objected, "We didn't give you any help, so we can't accept your money."

"There isn't much money in the card. It's just a small token of my appreciation." Wu Tian couldn't help but want to help because of Lu Xiaomei's pitiful background.

However, she didn't expect Lu Xiaomei to be so firm and adamant about not taking the card.

"Even if we were to die of poverty or starvation, we wouldn't accept your charity." Lu Xiaomei raised her face, her tone firm.

She was even a bit angry and felt that Wu Tian was humiliating her.

"Without money, how will you survive?" Seeing Mei's determination, Wu Tian was moved.

"Don't worry about that, I've already applied for a scholarship to the school. I don't need to worry about tuition fees in the second half of the year. Also, I can earn money from part-time jobs after school. It's enough for me to live with my grandfather." Lu Xiaomei said in a serious tone.

"..."

Wu Tian didn't say anything. Looking at this pretty and delicate girl in front of him, he was deeply touched.

She didn't expect that this little girl would be so independent at such a young age. This kind of determination to not be afraid of difficulties impressed her.

Just when the atmosphere was at a stalemate, Lu Dingquan couldn't help but say, "Lad, if you really want to help Mei, then be her boyfriend. That way, you can protect my Mei."

"Grandfather, what are you saying!" Lu Xiaomei blushed as she glared at her grandfather with some anger in her eyes.

She didn't know what was going on, but her grandpa was always talking nonsense and trying to get her to stay with Wu Tian.

She had known Wu Tian for less than an hour, it was so awkward for her.

"Grandpa was just joking, why are you still in a hurry!" Seeing his granddaughter angry, Lu Dingquan quickly changed his words.

Lu Xiaomei gritted her teeth and warned her grandfather, "Grandpa, you're not allowed to make fun of this kind of thing in the future."

"Alright, grandpa won't joke around in the future." Lu Dingquan stretched out his right hand and promised as if he swore.

"Also, you are not allowed to go out and tell others your fortune."

"Alright, I'll listen to you. From now on, I won't be counting my fortune." Lu Dingquan smiled and promised, "When I go out to pick up trash to earn some pocket money, that should be fine, right?"

"You can do whatever you want, but you can't cheat."

"Alright, I'll listen to you." Lu Dingquan promised her for a long time before he finally said to Lu Xiaomei, "Mei, hurry up and cook. Grandpa is hungry."

"Then wait a moment, I'll go cook." Lu Xiaomei turned around and walked towards the kitchen after she finished her sentence.

"Fried our family's sausage as well and make an egg soup. We'll leave Tian to have dinner at home."

"Got it." After Lu Xiaomei answered, she busied herself in the kitchen.

Lu Dingquan took out a bag of melon seeds from the cupboard and smiled at Wu Tian, "Come, let's eat the seeds."

"You're too polite." Wu Tian smiled as he accompanied Old Master and ate the melon seeds.

## Hidden Billionaire Chapter 455 - Priceless Treasure -

### **C455 Priceless Treasure**

After chatting for a while, Lu Dingquan pointed at the prizes on the wall and showed off to Wu Tian, "These are all prizes earned by Mei. They range from primary school to middle school."

"I didn't expect Mei to be so good at studying." Wu Tian couldn't help but admire it as he looked at the wall full of awards.

"Of course, Mei is the top scorer in the middle school, ranked eighth in the city." Lu Dingquan couldn't help but feel proud of his granddaughter's studies.

His granddaughter worked very hard at school. She had always been a good student and earned a lot of scholarships every semester.

"You're quite amazing. You raised such an outstanding granddaughter." Wu Tian praised for a bit, then suddenly shifted his gaze down and looked at the handwritten book on the cabinet.

The notebook was old, the pages had turned yellow, and there was a thick layer of grease on them.

A few large words were written crookedly on the handwritten book: Chinese Wushu.

He stared at the handwritten book for a while. Wu Tian could not help but question Lu Dingquan, "What is that handwritten book?"

"It's nothing. It's just a broken book I picked up from the trash." Lu Dingquan glanced at the handwritten book, smiled and said, "There's a picture on it, I think it was drawn by some kid. I picked it up and put it under the hot soup pot to prevent it from burning the table."

"Let me see."

Out of curiosity, Wu Tian walked over to pick up the handwritten book. He opened it and saw many human body diagrams drawn crookedly on it. At first glance, this book really did look like it was drawn by a child.

However, upon closer inspection, he realized that these human body diagrams were very regular and detailed explanations were written below them.

Only after he read the diagrams did he realize that this was really a martial arts practice method, because the diagrams were the same as the martial arts practice method that Azure Dragon taught him.

Previously, in less than half a year, he had learnt the Southern Fist Art and the Northern Leg Technique from Azure Dragon. Now, he had improved a lot after training day after day.

What surprised him was that the content of Azure Dragon's teaching was exactly the same as the diagrams on the handwritten books. However, the interpretations in this book were even more standard and detailed.

He flipped through several pages before he was sure that this wasn't a child's picture, but a true teaching method for fist and leg techniques.

Moreover, these fist techniques were obviously more exquisite and more profound than the ones Azure Dragon taught him. It was naturally extremely difficult to learn them.

After he confirmed that the contents in the handwritten book were true martial arts, Wu Tian felt as if he had picked up a treasure and was extremely excited.

"Old Master, if I'm not wrong, this handwritten copy is a treasure, and there are martial arts records inside." After discovering this secret, Wu Tian immediately told Lu Dingquan about this matter.

Hearing that, Lu Dingquan raised his head and started laughing, laughing extremely happily.

Wu Tian was confused by Old Master's laughter, so he asked in confusion: "Old Master, what are you laughing at?"

"You're telling me a joke, so of course I have to cooperate with you." Lu Dingquan said with a serious expression.

"I'm not joking with you. I'm serious."

"Say it again, you said that this handwritten book is a martial arts secret manual?"

"Something like that." Wu Tian nodded forcefully and said seriously, "If a person practices according to the diagrams above, not only will they be able to strengthen their body, they will also be able to improve their strength."

"You sure know how to joke around. How could a broken book I picked up from the trash can be a martial arts manual?"

"I didn't lie to you, really."

"It doesn't matter if it's true or not, I don't believe it."

"Old Master, I'm telling you, actually, it ..." Seeing the distrust in Lu Dingquan's eyes, Wu Tian couldn't be bothered to explain, "Forget it, believe it or not, it really is a treasure."

"Since this thing is a treasure, I'll give it to you." Lu Dingquan grabbed the handwritten book and stuffed it into Wu Tian's hands.

"You're really giving it to me?"

"Right."

"Then I can't take it for free. How about I give you money?"

"I don't want a penny." Lu Dingquan stuffed the item into Wu Tian's hands, "It doesn't matter if this thing is real or fake, I will gift it to you as a way to thank you for saving our lives."

"This thing is too valuable, I can't take it for free."

"If you don't want it, I'll burn it." After Lu Dingquan said that, he took out his lighter and prepared to light up his handwritten book.

His actions scared Wu Tian so much that he rushed forward to grab the handwritten book, "Old Master, this is a priceless treasure, you can't burn it."

"Since it's a priceless treasure, then quickly accept it. If you don't want it, then I'll burn it."

"Okay, I want it, I want it." Since things had come to this, Wu Tian could only accept the manual.

He couldn't help but feel excited in his heart. He never thought that saving Lu Xiaomei and her grandpa would bring him such unexpected benefits. He was really lucky this time.

At this moment, Lu Xiaomei finished cooking and walked out. She said to the two of them with a smile, "Classmate Wu, grandpa, dinner is ready. You two should come over and eat."

"You guys aren't in school, so don't call him Classmate Wu in the future." Lu Dingquan walked over and reminded his granddaughter.

"Then what should I call him?"

"You call him husband."

"Grandpa ..." Lu Xiaomei stomped her foot and scolded him angrily with a red face, "How can you be like this? You always make fun of your granddaughter."

"I'm not joking this time. I sincerely hope that you can marry Wu Tian. This guy's looks are pretty good, and his character is also quite good. He's a good husband of high quality ..."

"Stop talking." Lu Xiaomei angrily interrupted her grandfather as she gnashed her teeth and said, "You're really naughty!"

With that, she stomped into the kitchen.

"This girl." Lu Dingquan shook his head with a bitter smile and said to Wu Tian, "Young man, come and sit here and try out my granddaughter's cooking skills."

"Alright." Wu Tian smiled embarrassedly, walked over to the seat beside Lu Dingquan and sat down. Looking at the dishes on the table, he instantly felt a great appetite.

There were only three dishes on the table: celery stir-fried large intestine, vinegar and chilli stir-fried potato chips, and a seaweed egg soup.

Although it was just a few simple dishes, its color, fragrance, and taste were all perfect. Especially stir-fried potato chips, just looking at it made one drool.

"Here, try it." Lu Dingquan quickly gave Wu Tian some food. When he saw Wu Tian swallow the food, he couldn't help but ask, "How is my granddaughter's cooking?"

"Not bad, not bad." Wu Tian nodded in approval. He felt that this girl was really good at cooking.

"Eat more if it's delicious." Lu Dingquan gave Wu Tian some food, then shouted to his granddaughter in the kitchen, "Mei, go get the half bottle of Erguotou that I left, I'll drink with the young man."

"Alright!"

After Lu Xiaomei replied, she quickly walked out with the small bottle of Erguotou. She didn't forget to tell him, "Grandpa, you have to drink less wine."

"The wine is only this little, I don't have a chance to drink more even if I want to!" Lu Dingquan licked his lips.

"It's good that you know this." Lu Xiaomei pursed her lips into a smile and passed the white wine to the two of them.

"Come, young man, let's have a drink." Lu Dingquan licked his lips, then impatiently raised his wine glass and drank, looking like a glutton.
