

## Hidden Billionaire Chapter 461 - It's Easy to be Defeated -

### **C461 It's Easy to be Defeated**

Just as Wu Tian walked to the door, Feng Xia blocked his way with her slender waist and deliberately said to Wu Tian: "Handsome, do you have time to accompany me for a glass of red wine?"

"Sorry, I'm busy and I don't have time." Wu Tian decisively refused and turned around to escape.

He was truly afraid of this woman. If she stuck to him, it wouldn't be that easy for him to escape.

"Stop him!"

Feng Xia shouted to the two doormen at the door, ordering them to block Wu Tian's path.

Wu Tian gritted his teeth and turned his head to look at Feng Xia impatiently, "Sister Xia, what are you trying to do?"

"I just want to tell you that this place of mine is not a place where you can come and go as you please." Feng Xia crossed her arms in front of her chest with an imposing manner.

"So you're not going to let me go?"

"I'll give you two choices." Feng Xia stretched out two fingers. "Either you apologize to me in public, or you can play with me for a day."

"Why should I apologize to you?"

"Because what you did before disgraced me."

"And if I don't apologize?"

"If you don't apologize, then play with me." Feng Xia licked her lips with a coquettish look on her face.

At this moment, Liu Yueyao returned behind Wu Tian and asked anxiously, "What happened?"

Originally, she was very angry, she had already left Golden Harbor. When she walked far away, she noticed that Wu Tian did not chase after her.

She turned around and found that Wu Tian had been caught by Sister Xia. She didn't have time to be angry and hurried back to the hall.

"It's nothing. This bitch insisted on having me accompany her. Do you think I should accompany her or not?" Wu Tian licked his lips and lowered his head to ask for Liu Yueyao's opinion.

"Of course you're not accompanying her." Liu Yueyao answered and reached out to grab Wu Tian's arm, "Let's go."

She didn't want Wu Tian to fall into the hands of this bitch, Wu Tian might be forced into bed with her.

"It won't be that easy for you to leave." Feng Xia raised her right hand and waved. Four bodyguards dressed in black charged in through the side door, blocking their path.

Seeing these bodyguards, Liu Yueyao's face darkened and she asked Feng Xia, "Sister Xia, what are you trying to do?"

"I don't want to do anything, I just want this man to stay." Feng Xia pointed at Wu Tian's nose.

"He's my boyfriend." Liu Yueyao held onto Wu Tian's arm tightly, afraid that he would be taken away by this woman.

"I like him. Let me play with your man."

"You're shameless."

"Cut the crap." Feng Xia lost her patience and threatened, "Either you make your man stay with me, or you die."

"You ..."

Liu Yueyao clenched her fists tightly and glared at the woman before her.

She had never thought that there would be such a despicable woman who would steal another's boyfriend in broad daylight.

"Sofia, don't talk nonsense with this woman." Wu Tian stopped Liu Yueyao. Wu Tian looked up into Feng Xia's eyes. "I'd like to see what this woman can do to me."

"You are about to die, and yet you still dare to talk back." Feng Xia's eyes turned cold as she ordered the four bodyguards, "All of you go and hit him together. Help me teach this brat a lesson."

"Alright!"

The four bodyguards received the order and rushed towards Wu Tian.

"Yueyao, move aside first." Wu Tian pushed Liu Yueyao behind him. Wu Tian saw the four bodyguards closing in, and he swung his fist.

The four bodyguards were quite capable, but they were nothing compared to Wu Tian.

After a chaotic battle, the four bodyguards were all knocked over by Wu Tian and fell to the ground as they screamed miserably like pigs being butchered.

Feng Xia had a face full of schadenfreude. She was waiting for Wu Tian to be taught a lesson, but the result surprised her.

She never thought that the weak Wu Tian would be so strong. Wu Tian knocked over her four bodyguards the moment he attacked.

She spent money to hire these four bodyguards from other places. They were very powerful, but she never expected them to be so vulnerable in front of Wu Tian.

"You think you can stop me with your four useless bodyguards?" After taking care of the four bodyguards, Wu Tian slowly walked towards Feng Xia.

Feng Xia bit her lips and questioned in a low voice, "Who are you? How are you so powerful?"

"Who I am is not important. What is important is you." After approaching Feng Xia, Wu Tian suddenly reached out his right hand to grab her chin, "You look good, but your heart is so dirty and despicable."

"Let me go." Feng Xia struggled as hard as she could, but was unable to free herself from the hand that looked like a pair of iron pincers.

"Today, I'll teach you a lesson on behalf of your parents." After Wu Tian said this, he raised his hand and slapped Feng Xia's face.

At the critical moment, Liu Yueyao rushed forward to grab Wu Tian's arm and stopped him, "Forget it, this woman is not simple. She has a strong background."

"What kind of background?" Wu Tian couldn't help but ask.

Without waiting for Liu Yueyao to reply, Feng Xia proudly raised her head, and said: "I am the woman of Jinzhou Group Owner Huang Jinzhou. If you hit me, you won't be able to bear the consequences."

\*

The moment Wu Tian heard that Feng Xia was Huang Jinzhou's woman, he raised his hand and viciously slapped her with a terrifying amount of strength.

\*

Feng Xia screamed in pain. She gritted her teeth and glared at Wu Tian, "Little bastard, you actually dared to hit me. Do you believe that I will kill you?"

"No matter who's woman you are, if you provoke me, I'll still beat you up." After saying that, Wu Tian pulled Liu Yueyao's arm and left.

In the entire Luzhou, no one would make him afraid.

As Wu Tian walked out of the Golden Bay, he could still hear Feng Xia shouting in a threatening tone, "Bastard, I'll make your life worse than death ..."

Wu Tian did not take these harsh words seriously at all. He quickly left with Yueyao.

When they got on the car, Liu Yueyao couldn't help but laugh. "I really didn't realize that you don't know how to pity women — you even beat her up."

"That kind of woman is really spoiled. She doesn't know her place." Wu Tian clenched his teeth in anger.

"But she is Huang Jinzhou's woman, you might get into trouble if you hit her."

"I had long fallen out with Huang Jinzhou." Wu Tian recounted the conflict between him and Huang Jinzhou during the Fragrant Honey Lake these two days.

When she heard that her father was involved in this as well, Liu Yueyao couldn't help but worry secretly, "Will you guys be in big trouble if you offend Huang Jinzhou?"

"There will definitely be trouble, but if the Jinzhou Group falls, all the difficult problems will be easily solved."

"What?" Liu Yueyao was shocked by his bold idea and exclaimed: "You mean to say that you want to destroy Jinzhou Group?"

"Right."

"Jinzhou Group is the biggest real estate company within Luzhou. How is it possible for you to destroy it?"

"Don't worry, I have my ways." Wu Tian smiled and comforted her. At the moment, he didn't have any good idea.

"Alright!"

Liu Yueyao didn't know much about business matters, so she didn't ask any more questions. She just kindly advised, "You guys must be careful."

"Don't worry, we'll be fine." Wu Tian smiled confidently and didn't say anything else.

## [Hidden Billionaire Chapter 462 - Sanguinarum Fructus -](#)

### **C462 Sanguinarum Fructus**

After chatting for a while, the two went back home.

The moment Wu Tian returned to the Aifei Castle, he locked himself in his study and carefully took out the handwritten book he got from Lu Dingquan's house.

The handwritten book was filled with detailed explanations of martial arts manuals and moves. The simple diagram combined with the literal interpretations, one look and it was easy to understand.

He stared at the contents of the handwritten book for a while and could not wait to start cultivating. First, he practiced the simple Alien Fist Technique.

It seemed simple, but it was not easy to learn.

More than thirty different fist techniques and a hundred different moves were required. It was not easy to remember every single one of them.

This boxing style not only required one to memorize the moves, but it also required one to match one's movements with one's body. Every single move required extreme precision, and no mistakes could be made.

After practicing hard for more than eight hours, Wu Tian was only barely able to remember the moves, but the boxing style he produced was very terrible.

He was tired to the point where he was sweating. He sat on the chair weakly, completely drained of energy.

This boxing style was very strange, it was very different from what Azure Dragon had taught him, it was especially taxing on one's physical strength, and ordinary people would not be able to handle it.

If he were to continue practicing this technique, he would probably die of exhaustion before he could even master it.

This fist technique was very exquisite and had the charm of a demonic god. Unfortunately, it was not suitable for ordinary people to train in.

It seemed like he had no chance of obtaining such a good fist technique.

Just as he was about to put away the handwritten book, he saw two small words at the back, densely packed together.

The other ten businesses all had a simple map and text. Only these two pages didn't have a simple map, only dense text.

Only when he moved his head closer did he see that the writing looked like a recipe, and there were many herbs written on it.

After he finished reading the two pages of words, he finally understood the general meaning behind his words.

To put it bluntly, these Chinese medicinal herbs had a special effect, which was to help people quickly regain their strength and maintain ordinary people to practice their fist techniques.

After reading these two lines, the corner of Wu Tian's mouth slowly raised into a happy smile.

Initially, he thought that he was out of fate with these three sets of fist techniques. Now that he had these medicinal formulas, he could continue to cultivate with them.

With that thought, he hurriedly copied the formulas onto a piece of paper and instructed Loong Yun to buy the medicine.

Alone in his study, he continued to study the manuscript.

Before he drank the medicine, he would definitely not be able to practice this set of fist techniques. It would not be worth it to just train himself to death.

Staring at the contents of the handwritten book, he was very curious. Who left a handwritten book to practice this kind of fist technique?

Unfortunately, there was no signature on the handwritten book. After searching for a long time, he was still unable to find where this item came from.

This was definitely a boxing technique left behind by an expert. However, it would not be easy to find this expert now.

Wu Tian didn't waste any more time on the handwritten books and started to busy himself with reading. He would only continue cultivating after Secretary Loong had finished cooking the medicine.

The wait lasted for several hours, and it wasn't until eight in the evening that Loong Yun came to the study room with a few packets of Chinese medicine.

"Secretary Loong, why did you take so long to buy it?" Looking at the packets of Chinese medicine, Wu Tian couldn't help but open his mouth to question.

With Secretary Loong's efficiency, such a small matter could be settled in less than half an hour. She did not expect it to take several hours this time.

"I'm sorry, young master." Loong Yun lowered her head and explained with a frown, "Most of the ingredients listed here are rare. I've been to all the major pharmacies in the city."

"Is that so?"

"Right."

"Then you've worked hard." Wu Tian didn't blame Secretary Loong anymore. He pointed at the Chinese medicine and instructed, "Hurry up and take these medicine to fry."

"Young master ..."

Loong Yun didn't take any action, she only explained with a guilty expression, "The prescription you gave me still has one more pill to collect."

"Not yet?"

"Right."

"What else do you lack?"

"Blood Ganoderma Herba."

"Then what are you waiting for? Hurry up and buy it." Wu Tian waved his hand and urged him impatiently.

"This ..." Loong Yun lowered her head and explained in an embarrassed voice, "I've been to all the Chinese medicine stores and clinics, but no one has heard of the Blood Ganoderma Herba."

"No one has heard of it?"

"Right."

"Then what kind of medicine is this?"

"Through my family's old Chinese medicine, I learned that Blood Ganoderma Herba is an extremely rare and precious medicinal ingredient. It has a unique

effect of replenishing blood essence, and its effects are a hundred times stronger than Lingzhi, Ginseng, or Winter Worm Summer Grass."

"That powerful?"

"The Blood Ganoderma Herba is the most precious herb in the world. Not only can it strengthen one's body, it can also extend one's lifespan." Loong Yun changed her tone, "Of course, this is only a kind of legend, it proves that Blood Ganoderma Herba are truly precious."

"Then how do we get the Blood Ganoderma Herba?"

"I'm afraid that's difficult." Loong Yun paused for a moment, then continued: "From Wu Family, I found out that Blood Ganoderma Herba were extinct a hundred years ago, and the current climate is not suitable for Blood Ganoderma Herba to live in."

"So you're saying, we can't get the Blood Ganoderma Herba at all?"

"Yes, but ..."

"But what?"

"There are a lot of Blood Ganoderma Herba hay in this world. Although the effects are greatly reduced, if you can get it, the effects of the medicine will not be affected at all."

"So you're saying that as long as we can get the Blood Ganoderma Herba hay, it's fine?"

"That's what you say, but it's not easy to find the Blood Ganoderma Herba. It's like looking for a needle in a haystack."

Hearing that, Wu Tian was discouraged. He collapsed on the chair and became weak.

He originally thought that he could practice Alien Fist with these Chinese medicine, but now he realized that it wasn't easy to collect all these Chinese medicine.

Of course, if he did not have these Chinese medicine, it would be impossible for him to cultivate those few sets of fist techniques, he still had to think of a way to find the Blood Ganoderma Herba.

Just as he was lost in thought, Loong Yun couldn't help but ask, "Young Master, why did you make these herbs?"

"I want to be in good health." Wu Tian gave four words of an answer.

"Young Master, isn't your body already very strong?"

"I'm still not enough. I'm a hundred times stronger than I am now."

Loong Yun didn't ask any further about the traditional Chinese medicine. "Then Young Master, what should we do now?"

"You don't need to worry about the Blood Ganoderma Herba, I'll think of something."

"Alright."

"Come over here and give me a punch on the back." Wu Tian leaned his body against the chair and collapsed.

Because he had been practicing Alien Fist, he was exhausted and did not have any strength left. It was as if he was suffering from a serious illness.

Previously, he had spent most of his time practicing boxing techniques. If he were to forcefully practice it, his body would probably be crippled.

"Alright!"

After Loong Yun answered, she obediently walked over to help Wu Tian.

Since the last time she was in the capital, she had firmly decided to follow the young master. She would never abandon the young master in her entire life.

Wu Tian leaned back on the chair with his eyes closed. He couldn't help but to ask out of concern, "Also, have you recovered from your skin disease?"

[Hidden Billionaire Chapter 463 - If Business Fails There will be No Feeling Between Us? -](#)

**C463 If Business Fails There will be No Feeling Between Us?**

"I've recovered." Loong Yun answered with a straight face, but her heart felt warm at the moment.

She did not think that her young master was still thinking about her skin disease.

"That's good." Wu Tian was a lot more at ease. He leaned on the chair and instructed Loong Yun: "Go and help me investigate the details of Jinzhou Group, I'm prepared to make a move against it."

"I've already investigated."

"I haven't instructed you yet, but you've already investigated everything?"

"Yes."

"That's right." Wu Tian was quite satisfied with Loong Yun's performance, "Then tell me the details of Jinzhou Group."

"Alright." Loong Yun massaged Wu Tian as she recounted the operation of Jinzhou Group in detail.

After hearing these words, Wu Tian secretly fell into deep thought, and thought about how to deal with Jinzhou Group next.

Just as he was lost in thought, his thoughts were interrupted by the phone in his hand. He took it out and saw that it was Elder Sister Lan calling.

Looking at the number on the phone, Wu Tian turned to Secretary Loong and asked, "Is Elder Sister Lan still not home?"

"Not home." Loong Yun nodded, and explained expressionlessly: "Ever since Huang Lan took over the Huaxing, she always leaves early and returns late."

"Got it." Wu Tian nodded in understanding and instructed Secretary Loong, "Okay, you can go back and rest now."

"Yes sir!"

Loong Yun replied and left the room. Before she left, she couldn't help but give her young master a few more glances.

It was only when Secretary Loong left the study that Wu Tian switched on the screen and picked up the phone. "Elder Sister Lan, it's so late. Why aren't you home yet?"

"Tian, I ran into some trouble." As soon as the call connected, Huang Lan's urgent voice could be heard, "Hurry and come to the Clear Sky Hotel's 508th private room."

"Elder Sister Lan, what's going on?"

"I'll explain it to you after you come first."

"Alright, I'll be right there." Knowing that Elder Sister Lan was in trouble, Wu Tian didn't ask any further questions. After hanging up the phone, he rushed to the sunny hotel as fast as he could.

The sunny day hotel is located in the center of the city, is an old brand four-star hotel, very popular with the local customers.

In less than 20 minutes, Wu Tian arrived at the hotel lobby. He took the elevator to the fifth floor.

When he pushed open the door of the 508 room, he saw a lot of people sitting inside. Other than Elder Sister Lan, there were a few employees of Huaxing company, and the rest were all unfamiliar faces.

At this moment, Elder Sister Lan had drunk quite a lot of wine and her face had started to turn red. The other men beside her were still trying to persuade her to drink.

Wu Tian's sudden intrusion made the room quieten down.

One of them, a fat middle-aged man, stared at Wu Tian and snapped impatiently, "Who let you into our room, get out now."

"Boss Su, let me introduce you." Huang Lan hurriedly stood up and pointed at Wu Tian as she introduced him: "This is the boss of our Huaxing, Wu Tian."

"He's your boss?" The fat man looked at Wu Tian suspiciously. He was clearly suspicious.

No one could believe it, how could such a tasteless kid possibly be the boss of Huaxing Film and Television?

"Right."

Huang Lan nodded, and said with certainty: "Boss Wu had recently purchased the Huaxing Film TV. He is now the biggest shareholder in the Huaxing Film TV."

"I really didn't expect that brat could be the boss." The fat man snorted as his lips curled up into a mocking smile.

"Right." Huang Lan walked over, pointed at the fat man, and introduced him to Wu Tian. "This is Huakang Group's boss, Zhao Huakang. He has worked with our Huaxing before."

"Hello, Boss Zhao." Hearing that it was a partner, Wu Tian took the initiative to extend his right hand towards Zhao Huakang to express his goodwill.

Presumably, Elder Sister Lan invited Zhao Huakang's group to a meal for the sake of discussing cooperation.

"Since it's the boss of Huaxing, then let's sit!" Zhao Huakang reached out his hand to shake hands, then picked up a tissue to wipe his hands as if Wu Tian had dirty hands.

Wu Tian didn't say much. He walked over to sit beside Huang Lan and whispered, "Elder Sister Lan, what's going on?"

"There have been two popular TV dramas recently. The copyright is in the hands of Huakang's company. We plan to buy the rights to broadcast online." Huang Lan briefly explained the situation.

"Then how is your discussion going?"

"Zhao Huakang kept pouring me drinks, so I called you and asked you to come and help out." Lili whispered in Wu Tian's ear.

From the looks of it, she had drunk quite a lot and her words were filled with the smell of alcohol. Even her eyes had turned red.

"Elder Sister Lan, in the future, let me do the drinking and socializing for you." Looking at Elder Sister Lan's expression, Wu Tian was not happy at all.

He knew Elder Sister Lan was a very strong woman and was determined to get the company on track and grow.

But he didn't want Elder Sister Lan to ruin her body for the company.

"Alright!"

Huang Lan's heart warmed as the corners of her mouth hooked up into a sweet smile.

At this time, Zhao Huakang puffed out his chest and smiled to Huang Lan, "Miss Huang, let's talk about cooperation!"

"Alright, as long as Boss Zhao can sell us the copyright for these two dramas, I'm willing to add 2% to the profit." Huang Lan immediately made such a promise.

It was obvious that she was especially interested in the two dramas and was eager to get the online copyright for them.

"The copyright can be discussed later." After Zhao Huakang said this, he poured a full glass of white wine and pushed it to Miss Huang, "As long as Miss Huang drinks this glass of wine, our cooperation will be concluded. I will sign the contract immediately."

"This ..."

Huang Lan frowned as she looked at the full cup of white wine.

She was not strong enough to drink and had already drunk quite a lot. If she were to drink this cup of white wine again, she would definitely get drunk.

At this time, Wu Tian naturally wouldn't let Elder Sister Lan drink again. He grabbed the wine cup and said to Zhao Huakang with a smile, "Boss Zhao, Elder Sister Lan can't drink anymore. How about I drink with you?"

Zhao Huakang placed his wine cup on the table and said impatiently, "I will only drink with Miss Huang. No one else is allowed to talk."

"I said she can't drink anymore." Wu Tian put down his wine cup, and his tone became a bit more forceful.

"If Miss Huang doesn't drink with me, I won't cooperate with your company."

"If this cooperation insisted on letting Elder Sister Lan drink wine, then we won't cooperate."

"Kid, what do you mean?"

"My meaning is very clear." After saying that, Wu Tian turned to Huang Lang and said, "Elder Sister Lan, let's go."

"This ..."

Although Huang Lan didn't want to give up on this collaboration, she still had to give Wu Tian face and stood up obediently.

"Miss Huang." Zhao Huakang clenched his teeth and warned coldly, "If you leave now, I will cancel all cooperation with your company, including the two new dramas that have been signed."

"Boss Zhao, we haven't reached an agreement in our business, but we still have a relationship. Is there a need to be so ruthless?"

"That's how I am."

"If Boss Zhao wants to do this, I can't do anything about it." Wu Tian shrugged helplessly and said coldly, "Then let's cancel our cooperation."

As matters stood, there was no need for him to have a thick face to plead with this old man.

## [Hidden Billionaire Chapter 464 - Extremely Domineering -](#)

### **C464 Extremely Domineering**

\*

Zhao Huakang raised his hand and slapped on the table. He pointed at Wu Tian's nose and cursed, "Brat, you're really determined to fight me, aren't you?"

"Boss Zhao, it's not that I want to oppose you, it's that you're deliberately making things difficult for us." Wu Tian argued.

To be honest, he didn't want to be hostile towards Zhao Huakang, he didn't want to make too many enemies in the entertainment circle, but he was also never afraid of anyone.

"What I mean is, Huang Lan has to drink this glass of wine today, even if she doesn't want to." Zhao Huakang was especially angry, and threatened fiercely: "Otherwise, I'll let you guys encounter countless troubles in the Luzhou's entertainment circle in the future."

"Boss Zhao, I'll give you a word of advice. Don't do this thing or it will not benefit either of us."

\*

Zhao Huakang spat on the ground and shouted coldly, "A brat from the entertainment circle who can't even stand firmly on his feet, who are you trying to scare?"

"I'm not trying to scare you, I'm advising you."

"You're still too inexperienced. You can't resist me." Zhao Huakang drank a mouthful of white wine and threatened coldly, "Do you believe that I will make Huang Lan lose her reputation in the entertainment circle tomorrow?"

"It seems like you really want to die." Wu Tian's eyes darkened. He coldly said, "Then tonight, I will make your company disappear from the entertainment circle in Luzhou."

\*

Zhao Huakang raised his head and let out a burst of laughter as if he had heard the funniest joke in the world.

After laughing for a long time, he finally couldn't resist provoking, "If you don't let our company disappear tonight, you will be my grandson."

\*

Wu Tian didn't want to waste time. He directly took out his phone and dialed Loong Yun's number. He only said a few words into his phone before hanging up.

He really didn't want to make an enemy of Huakang, but if Zhao Huakang was so aggressive, Zhao Huakang couldn't blame him for letting Huakang go bankrupt.

"I'd like to see what you can do." Zhao Huakang leaned his body against the chair and was waiting to watch a good show with a look of schadenfreude.

Wu Tian didn't say anything. He just sat in his original spot and waited, looking at Zhao Huakang with an extremely calm expression.

Ten minutes passed quickly and Zhao Huakang's assistant's phone rang. After the assistant finished his call, his face changed drastically.

\*

The assistant's arm trembled and his phone fell onto the table. With a trembling voice, he reported to Zhao Huakang, "Boss Zhao, something bad has happened."

"Look at your little ability." Zhao Huakang glared at the assistant beside him and scolded, "Calm down, speak slowly if you have anything to say."

"Something happened at the company."

"What happened to the company?"

"The company that we are working with suddenly cancelled their collaboration. The movies and TV dramas that we are investing in have all been taken off the shelves ..."

Hearing that, Zhao Huakang's body went soft and he got off the chair straight to the bottom of the table.

The two lackeys beside Zhao Huakang reacted quickly and quickly went over to help Zhao Huakang up from under the table.

"What did you just say? Say that again?" Zhao Huakang placed his hands on the table and stared at his assistant with a face like he was about to die.

"Boss Zhao, I just received notice that all the companies have cancelled their collaboration with us. The movies that we invest in are all taken off the shelves. The company is doomed." The assistant's voice was almost sobbing.

\*

Zhao Huakang's legs went soft and his body fell heavily onto the chair.

This news was like a bolt from the blue, instantly causing him to lose his strength. It was as if his entire being had been drained of blood.

Zhao Huakang never dreamt that such a big crisis would befall the company in such a short period of time.

After staring blankly for a long time, he finally asked his assistant, "Quickly tell me, what exactly happened? How did the company suddenly become like this? "

"Someone is manipulating all of this from behind the scenes." The assistant gritted his teeth and spat out these words unwillingly.

"Who is it?"

The assistant slowly raised his head and looked at Wu Tian.

"It's Wu Tian?"

"Right."

"How is this possible?" Zhao Huakang's face was ashen as he stared at Wu Tian, feeling incredulous at this result.

Zhao Huakang couldn't believe it. The kid in front of him had put his company into a huge crisis in just a few minutes.

"Boss Zhao, just now, the company called and said that you offended someone you shouldn't have. And this person is the big boss of Huaxing, Wu Tian." The assistant nodded affirmatively.

He also did not believe that it was true, but that was the truth.

Zhao Huakang felt his throat tighten. After a long while, he still couldn't say anything.

He stared at Wu Tian as if he was looking at a monster. Never in his wildest dreams did he imagine that this brat's power was so astonishing that his company would fall into a crisis in just ten minutes.

To be able to interrupt all of the company's cooperation within a short period of time and get all of his company's movies and TV dramas removed, how powerful was Wu Tian's influence?

Only now did he realize that he had accidentally offended the hidden big boss of the entertainment circle, causing a huge trouble for the company.

"Who the hell are you?" Zhao Huakang's mouth trembled for a long time before he finally asked this.

At this moment, he was extremely curious in his heart. He really wanted to know what sort of status this brat had to be able to cause his company to fall into such a crisis in such a short amount of time.

"It doesn't matter who I am." Wu Tian changed his position. He leaned back in his chair and spoke calmly but with a domineering tone, "I just want to tell you that if I want to destroy you, it's easier than stomping on an ant."

\*

Zhao Huakang gulped down a few mouthfuls of saliva. He was shocked by these words.

If Wu Tian said this before, he would definitely be unable to hold back his laughter, but now, he couldn't laugh at all.

Only now did he realize that Wu Tian was extremely powerful, he was not even comparable to an ant in front of Wu Tian.

After knowing the seriousness of the matter, Zhao Huakang did not care about his dignity and face. He hurriedly said, "Boss Wu, I was wrong. I don't know your identity, so I shouldn't have offended you. I apologize."

Now that he knew he had provoked someone he shouldn't have, he could only brazenly apologize.

"Boss Zhao, originally, I didn't want to become your enemy. However, you refused to let us go, and thus, I was forced to do so." After Wu Tian said this, he put his head close to Zhao Huakang and coldly said: "I will let you know that I am not that easy to mess with."

"Yes, yes, yes."

Zhao Huakang nodded repeatedly and confessed in a low voice, "Boss Wu, I really know my mistakes. I beg Boss Wu to give me a chance and not let my company go bankrupt. I promise I will never make this kind of mistake again."

\*

Wu Tian slammed his glass full of white wine on the table and said impatiently, "Drink this first."

"I'll drink it now." Zhao Huakang did not say anything else. He raised his glass and drank the white wine. He coughed heavily and tears started rolling out of his eyes.

After finishing the liquor, he quickly tried asking, "Boss Wu, I've already drunk the liquor. Can you stop Huakang company from going bankrupt?"

## Hidden Billionaire Chapter 465 - Fortuitous Encounter with Black Six -

### **C465 Fortuitous Encounter with Black Six**

"Whether I want to let you off or not is up to Elder Sister Lan to decide. Wu Tian did not give an answer. Instead, he gave Huang Lan the opportunity to decide the life and death of Huakang's company.

Zhao Huakang was slightly stunned. He hurriedly pleaded with a thick face to Huang Lan, "Miss Huang, I have offended you before. I hope you, your excellency, will forgive my ignorance."

"Seeing that Boss Zhao is so sincere in repenting, I won't care about tonight's matter." Huang Lan did not want to blow up the matter, as it would not be beneficial for the company.

As soon as he said that, Zhao Huakang bowed and expressed his gratitude as if he had received an amnesty. "Thank you, Miss Huang. Thank you, Miss Huang."

"Boss Zhao, our meal today was very unpleasant, I don't want similar things to happen again."

"Don't worry, I promise I won't let this happen again." Zhao Huakang raised his right hand. he swore.

Even if he was given ten more guts, he would never dare to offend Huang Lan again, much less Wu Tian.

"Alright, I'll talk to Boss Wu and have him spare you." After Huang Lan said this, she gave Wu Tian a look.

Wu Tian nodded as he understood and said expressionlessly, "For Elder Sister Lan's sake, I'll forgive you today."

With that, he took out his phone and made a call to Secretary Loong.

A few moments after the call, Zhao Huakang's assistant received a call. Huakang's company was back to normal, and the crisis had been averted.

Zhao Huakang couldn't help but exclaim in surprise once again. He didn't expect Wu Tian's power to be so shocking. A single phone call from Wu Tian had brought his company back to life.

Having been in the entertainment circle for more than ten years, he had never met such an awesome person. With a single phone call, he could decide the life and death of a company.

Seeing that the company was safe and sound, Zhao Huakang was exceptionally happy. He hurriedly bowed to Wu Tian and Huang Lan and thanked them, "Thank you for showing mercy, Boss Wu and Miss Huang."

"Boss Zhao, I hope that you can treat this punishment as a lesson and not make this kind of low level mistake again." Huang Lan scolded with a stern face.

"Don't worry, I promise I will never make this kind of mistake again." Zhao Huakang stretched out his right hand and promised as if he was swearing it.

At this moment, he no longer had the arrogance and domineering attitude from before. Now, he had become even more obedient than a grandson.

"That's good." Huang Lan pursed her lips into a smile and tried asking, "Then what does Boss Zhao think about our cooperation?"

"The future cooperation will be decided by Miss Huang."

"That's good." Huang Lan nodded in satisfaction and said to Wu Tian, "It's getting late. Let's go."

"Let's go." Since the matter was almost settled, Wu Tian didn't want to waste any more time here. He left the room with Elder Sister Lan and a few employees of the company.

"Boss Wu, take care. Miss Huang, take care. Guests, take care." Zhao Huakang bowed ninety degrees and personally sent everyone out of the room.

Even the employees of Huaxing Pictures were a little overwhelmed by this. Who would have thought that the dignified CEO Huakang would be so respectful to these small employees.

They knew in their hearts that they relied on Boss Wu for everything.

It was Boss Wu who tamed Zhao Huakang, helping them regain their dignity and gain Boss Zhao's respect.

The employees were especially happy and proud of having such a great boss.

After walking out of the room, Huang Lan bid farewell to the employees and followed Wu Tian into the elevator.

Only when the elevator door closed did she say to Wu Tian coquettishly, "It's so nice to have you by my side. It always gives me enough security."

"I'm a man, it's only right that I protect Elder Sister Lan." Wu Tian held his head up high as the flames of male chauvinism burned in his heart.

Huang Lan pulled up her hair and sighed with emotion. "It would be great if you could stay by my side for the rest of your life."

"Don't worry, I'll protect Elder Sister Lan for the rest of my life."

"Then will you marry me?"

"Ugh ..." Wu Tian was stunned. He didn't expect Elder Sister Lan to ask such a question. How was he supposed to answer that?

"Hey!"

Huang Lan nudged Wu Tian on the chest and complained, "Why are you pretending to be deaf? Hurry up and answer my question."

"What problem?"

"You only know how to play dumb." Huang Lan rolled her eyes and asked another question, "Then will you marry Shen Xue?"

"I don't know!"

"Then do you want to marry her?"

"I ..."

Just when Wu Tian didn't know how to answer, the elevator went down to the first floor. The moment the elevator door opened, he secretly felt relieved.

He really didn't understand why women liked to ask such ridiculous questions.

Just as the two walked out of the elevator, a man with a face full of mole walked over, "Yo, isn't this Elder Sister Lan? I didn't expect to meet her here."

The man with the mole had a bulging leather bag under his arm, and he looked like a nouveau riche.

"Hei liu, why are you here?" Huang Lan was very surprised. She did not expect to meet her former colleague from the company.

Hei liu was from her previous company's planning department. At that time, he often flattered her and tried to curry favor with her.

"Elder Sister Lan, to tell you the truth, I'm rich now." Hei liu shook his ill-fitting suit and said, "I'm now the manager of the administrative department at Wu Steel Company."

In the past, he had been unpopular with Elder Sister Lan, so it was a good opportunity for him to show off and let this woman know how powerful he was.

"You work at Huakang?" Huang Lan was very surprised. She did not expect Hei liu to join Huakang and become the manager of the administrative department.

"Of course."

Hei liu tilted his head and said with a face full of pride: "It's Boss Huakang who spent a lot of money to recruit me as his company's manager."

"Then congratulations." Huang Lan didn't have a good impression of Hei liu. After she finished speaking, she turned around and prepared to leave.

Hei liu's body blocked Huang Lan's path horizontally and could not help but mock her, "Elder Sister Lan, I heard that you recently went to a live broadcast platform to become a host?"

"Right."

"Elder Sister Lan, you're so miserable. How did you end up like this?"

"You don't need to worry about me, you better mind your own business." Huang Lan replied coldly.

She didn't think that someone like Hei liu would dare to come and ridicule her.

"Elder Sister Lan's career isn't anything special, but her temperament hasn't changed at all." Hei liu glanced at Huang Lan and suggested with a smile, "How about this, Elder Sister Lan come with me to Huakang company, I promise I'll make you red."

"You? Let me be famous? "

"Right." Having said so, Hei liu leaned his head over and whispered, "As long as you listen to me obediently in bed, I will make you famous."

"Pah!"

Huang Lan flew into a rage when she heard that. She slapped him hard in the face and scolded, "You're worse than a dog."

"You're just a little host, how dare you hit me?" Hei liu got slapped on his face and instantly became angry from embarrassment.

Just when he was about to teach Huang Lan a lesson, he saw Zhao Huakang walk out from the elevator. He didn't bother to teach Huang Lan a lesson and quickly went up to fawn on him. "Boss Zhao, I was just about to go upstairs to find you and report to you about the company's situation!"

"Did you offend Miss Huang earlier?" Zhao Huakang asked coldly.
