C471 Sales Independence

"Of course, there are other methods as well." Wu Tian avoided it with a single sentence, and didn't mention anything about other methods.

These methods were related to the Wu Family's family power.

When the director of the Planning Bureau knew that Wu Tian had a strong background, coupled with the fact that Wu Tian had something on him, he knew that he couldn't afford to offend Wu Tian, so he could only submit.

"Tian, you are truly capable." Liu Jun found it hard to hide the admiration in his heart and he couldn't help but praise, "To be able to get the head of the Planning Bureau, you sure are something."

"If the director of the Planning Bureau is honest, I can't find any evidence."

"Right, right, right. They colluded together and got what they deserved this time." Liu Jun nodded his head, smiled and said: "This loss is a fatal blow to Huang Jinzhou, it can bring about a huge crisis to the Jinzhou Group."

"While nine hundred million gold may indeed be enough to affect the Jinzhou Group, it's still not as severe as we imagined."

"That's right. After all, Jinzhou Group back in Golden Age, their ability to resist danger is very strong. The capital chain won't break."

"Right now, the impact isn't too big. If something were to happen to the Jinzhou Group at this time, what do you think would happen?"

"Is there a problem with their company?" Liu Jun pondered for two seconds and asked, "You mean the core projects of his sect are affected?"

"As far as I know, they have two three billion level projects. If these two projects are seriously damaged, it will definitely affect their foundation."

"You want to make a move on their core project?"

"That's right." Wu Tian smiled mysteriously as he raised his head and looked into the distance while muttering to himself, "It's time to take the initiative."

"Then how do you plan on doing it?"

"I haven't thought about this yet, but we'll see when the time comes. Right now, we can only take one step at a time, but we can't be too hasty in dealing with Jinzhou Group."

"Makes sense."

"Alright, let's go back to the sales center first."

"Come, let's get in the car." Liu Jun was the first to get in the driver's seat, then drove Wu Tian back to the sales center.

There were a lot of buyers in the lobby, all standing in front of the sand table, listening to the salesman explain the details of the house.

Seeing the busy scene, Wu Tian nodded with satisfaction and said to Liu Jun, "Uncle Liu, I feel that this sand table is too small and incomplete."

"This sand table alone has already cost several million."

"We don't need that much money." Wu Tian rubbed his chin and suggested with a smile: "I think what Manager Jiang said makes a lot of sense. We should separate out the sales and set up a separate sales company."

"Split it up now?"

"Right."

"Who's going to take over this sales company?"

"Leave it to Jiang Yuan. This woman is very capable. Also, leave the property company to Jiang Yuan."

"Alright, I'll do it right away." Liu Jun had no doubts. As long as it was Wu Tian's suggestion, he would carry it out.

After all, more than half of the Fragrant Honey Lake was invested by Wu Tian, and the entire project was planned by Wu Tian.

In addition, during this period of time, he had seen through Wu Tian's strength. This brat was a business genius, so many of his decisions were perfect.

"Wait!"

Wu Tian stopped Liu Jun, and continued to instruct: "I think we should build a new sales center, mainly with luxurious atmosphere."

"With the sales center added to the sand table, the budget is over fifty million yuan."

"I know, but the money won't be saved."

"True." Liu Jun thought about it carefully and felt that Wu Tian's words made a lot of sense: "After all, our entire Fragrant Honey Lake is huge. If we can take down all of these projects, it might be worth more than ten billion."

"That's right. For a massive project worth ten billion yuan, the details must be perfect in every aspect. The money that should be spent must not be saved."

"I understand. I will arrange it now." After saying that, Liu Jun turned around and walked towards the office on the second floor.

Wu Tian didn't follow them, he just wandered around the sales hall to see if there were any shortcomings.

At this moment, a flurry of voices came from outside the sales center.

He looked over his shoulder and saw an old man in his seventies arguing with the security guard in front of the sentry box.

Wu Tian's eyes lit up when he saw this old man. This old man was none other than Lu Xiaomei's grandfather, Lu Dingquan.

Old Master would stay at home, why did he come here?

Soon, Lu Old Master was chased away by the security guards. However, he was unwilling to leave and was still wandering around the sales center.

Wu Tian quickly walked over and greeted Lu Dingquan with a smile, "Old Master, why are you here?"

"Tian, what a coincidence." When Lu Dingquan saw Wu Tian, he instantly beamed with joy.

"Old Master, you can't be here to buy a house, right?"

"You sure know how to joke." Lu Dingquan scratched his head awkwardly and said with a smile, "I can't even afford a poor meal, how would I have the money to buy a house?"

"Then what did you come to the sales center for?"

"I saw the advertisement saying that the Fragrant Honey Lake Sales Center is recruiting a security guard, so I came over to take a look. Who would have known that I would be scolded by that security guard?" Lu Dingquan gritted his teeth in anger and said unwillingly, "Those security guards are really lacking in manners. It's fine if they don't recruit me, but they even scold people."

"Didn't I tell you to wait at home while I arranged a job for you?"

"I didn't want to cause you any trouble, so I came out to look for it myself."

"Old Master, you don't have to worry about the work. I've already arranged everything for you."

"Really? What job?"

"Don't ask that for now." Wu Tian didn't answer these questions immediately. Instead, he asked with concern, "Which security guard was the one who just scolded you?"

"It's that skinny kid." Lu Dingquan pointed at the security guard in the sentry pavilion and said while grinding his teeth, "That brat is too hateful. I really want to beat him up."

"Don't be angry, I'll get him to apologize to you right now."

"Forget it, that kid's got a temper, he can't possibly apologize to me."

"Just you wait." After Wu Tian said that, he took out his phone and made a call to Liu Jun.

Not long after finishing the call, the thin security guard rushed over and hugged Lu Dingquan, "Uncle, I was wrong, I shouldn't have scolded you, I beg your forgiveness."

He had just received a call from Boss Liu, saying that he had offended Grandpa Lu and wanted him to apologize immediately. Otherwise, he would be fired.

Upon hearing this, the thin security guard broke out in a cold sweat as he hurriedly ran over to apologize to Mister Lu.

Lu Dingquan opened his mouth wide in surprise. He didn't expect the guard, who was so cocky, to apologize like a grandson at this moment.

After a moment of surprise, he raised his head and scolded the security guard, "You little rascal, who asked you to scold me just now?"

"I'm sorry, sir. I was wrong. I was really wrong." The thin security guard was like a chick pecking rice, repeatedly nodding and apologizing.

"Do you still dare to scold me in the future?"

"I don't dare."

"If you dare curse again in the future, I'll pull out your teeth." Lu Dingquan waved his hand impatiently after he shouted: "Get out of my sight."

"Alright, I'll leave now." After the thin security officer answered, he quickly fled the area. At this moment, he was extremely frightened.

He scolded the security guard, which made Lu Dingquan feel especially satisfied. He raised his head proudly, "Giving this security guard a lesson, it's such a pleasure."

"As long as you feel better." Seeing that Old Master was relieved, Wu Tian also felt very happy.

"Good boy, you're really amazing. You called that brat to apologize to me." After Lu Dingquan said this, he couldn't help but ask: "What method did you use to make that brat apologize to me?"

"This is a long story, I'll explain it to you in the future." Wu Tian looked at the time and suggested with a smile, "Old Master, let's go. I'll take you to dinner."

"I just happen to be hungry. Let's go and have a few drinks." The moment he heard about drinking wine, Lu Dingquan was so greedy that he started salivating.

"Come, there's a small restaurant opposite us, let's go there to eat."

"Alright, wait a moment!" Lu Dingquan was about to follow Wu Tian to eat dinner when his eyes suddenly lit up as he glanced at the woman walking out of the sales center.

The woman was in her forties and was wearing a slanted shoulder dress. Her face was covered with a thick layer of makeup and her appearance was extremely alluring.

Wu Tian bumped into Lu Dingquan, who was in a daze, and couldn't help but tease him: "Old man, what are you looking at? Don't tell me you like young women?"

"Stinking brat, don't talk nonsense."

Only then did Lu Dingquan come back to his senses. He rolled his eyes at Wu Tian and explained in a low voice, "That woman's name is Lee Guixiang, she's Mei's mother."

"Her mother?"

"Yes, my daughter-in-law."

"The woman who abandoned Lu Xiaomei and ran off with another man?" Wu Tian couldn't help but ask.

He had heard Mei's miserable life story from the old man, so he had a better understanding of it.

"Yes, it's her. A woman who likes money and is ungrateful." Lu Dingquan gritted his teeth and suppressed the anger in his heart, "If it wasn't for her, Mei wouldn't be like this."

"You seem to hate this woman."

Lu Dingquan sighed lightly, "Forget it, he is Mei's mother after all. He also gave some money to Mei before. She must have some conscience."

"The woman is coming towards us."

"Alright, I know."

While they were talking, the woman called Lee Guixiang walked over.

He didn't think that this was Lu Xiaomei's mother, a woman in her forties. She was well maintained and didn't seem to have much time on her hands.

Lee Guixiang strode over and looked arrogantly at Lu Dingquan. "How have you been lately?"

"Thank you for your concern. We are all fine." Lu Dingquan spat out in a cold tone, but there was no expression on his face.

"Mei is in her second year of high school, right?"

"Yes, she studied very well, and her grades are among the best in the school."

"That's good." Lee Guixiang stroked her hair and tried asking, "Mei, did she talk about boyfriends?"

"Nope."

Lee Guixiang rolled her eyes a few times. After a moment of hesitation, she said, "I found a boyfriend for Mei. He's handsome, and his family is especially rich ..."

"You don't need to worry about that. I still have things to do, so I'll be leaving first." Before the woman finished her sentence, Lu Dingquan interrupted her with a cold voice and turned around to leave.

"Stop!"

Lee Guixiang shouted and quickly ran in front of Lu Dingquan, "Don't go yet, I haven't finished speaking."

"What did you say?"

"I want to talk to you about Mei's marriage."

"I told you, you don't have to worry about Mei's marriage." Lu Dingquan clenched his fists, his heart full of resentment.

Lee Guixiang had ignored Mei for so many years, but now she suddenly came out and said that she wanted to find a boyfriend for Mei. This really made her angry.

"I'm Mei's mother. I have the right to ask about her marriage." Lee Guixiang's tone became a lot more forceful as well.

"Mei is an adult now, so her decision is up to her."

"Where is Mei now? I want to see her. "

"She's at school."

"Don't lie to me. How could she possibly go to school on Saturday?" Having said so, Lee Guixiang once again asked aggressively, "Where is Mei?"

"I don't know." Lu Dingquan turned to Wu Tian and said, "Boy, let's go."

Just as they were about to leave, they saw Lu Xiaomei twisting her waist and walking towards them.

This little girl was wearing a short skirt and had a ponytail in front of her. Her big watery eyes looked exceptionally pretty.

"Grandpa Lu, aren't you here to hire a security guard? Are you successful?" Lu Xiaomei asked playfully even before they got close.

"I'm old, they don't want me." Lu Dingquan replied expressionlessly.

"I already told you that I wouldn't want you when I'm old, but I didn't believe you ..." Before Lu Xiaomei could finish her sentence, she suddenly looked at Wu Tian beside her, "Classmate Wu, why are you here too?"

"I'm here for some business, and I just happened to bump into your grandpa. We were just about to go drink in the restaurant!" Wu Tian explained with a smile.

"It's expensive to eat in a restaurant. Let's go to the market and buy some food. I'll cook something for all of you when we get home ..." Before Lu Xiaomei could finish her words, her expression darkened.

It was only then that she could see the woman standing behind her. It was her mother, Lee Guixiang. The woman she loved and hated.

Sometimes, even in her dreams, she longed to see her mother, but when she truly saw her, she felt so strange.

"Mei ..."

Lee Guixiang quickly stepped forward and took Lu Xiaomei's arm. "Mom missed you so much. I finally saw you."

"You miss me?" Lu Xiaomei retracted her arm and smiled bitterly. "You want me? Then why did you come back to find me?"

At this moment, she was filled with resentment towards this woman. After all, this woman had abandoned her and ran away with another man. This was like stabbing a knife into her heart, a wound that would never heal.

"I ..."

Lee Guixiang gritted her teeth and said with a pained expression, "Mei, I have too many things that I have to do. There are some things that I can't do anything about."

"What forced you to abandon your child?"

"I ..." Lee Guixiang was speechless.

"If there's nothing else, we'll be leaving first." Lu Xiaomei wiped the tears from the corner of her eyes and turned to leave.

Lee Guixiang quickly took her daughter's arm and said, "Mei, give your mother a chance to correct her mistake. Your mother wants to make it up to you."

"How do you make up for it?"

"Mom found you a good home. As long as you get engaged to Lin Hao, you will be able to live without worries for the rest of your life ..."

"You abandoned me for more than ten years, and now you've come to find me just to find me a man?" Lu Xiaomei sneered coldly as she felt incomparably dejected.

She had thought that her mother really knew she was wrong and had come to ask her forgiveness in good faith, but her mother's words stung her deeply.

"As long as you marry Lin Hao, you'll be better off in the future. Mom can also live a happy life with you." Lee Guixiang persuaded with a gentle expression.

"You've been talking for several days now, but you're still thinking for your own sake." Lu Xiaomei gritted her teeth and angrily said, "If I want to marry you, I won't."
