

## Hidden Billionaire Chapter 476 - Rich

C476 Rich

"Yes!"

Lee Guixiang nodded vigorously and said to the two of them, "If you want to be with Mei, you must have a solid financial base. I don't want to see Mei suffer with you."

"Of course." Lin Hao nodded in agreement: "No one will bear to make a perfect girl like Mei suffer like that."

"Good, you all should prove your financial strength first. Who wants to go first?"

"I'll go first." Lin Hao volunteered.

"Young Master Lin, then tell me about your financial strength."

"Alright." Lin Hao cleared his throat, then raised his head proudly and said, "I'm in a refurbishing company with 20 million annually, two suites for one car, and hundreds of millions in savings."

"Wow, that powerful." Lee Guixiang's eyes widened in shock when she heard Lin Hao had so many assets.

Now, she was really looking forward to her daughter marrying a rich person like Lin Hao. In this way, she would be able to enjoy her blessings in the future.

"Right, I still have a few stores on the business street, it's only a few million, right?" Lin Hao couldn't help but add.

"Young Master Lin is so rich." Lee Guixiang swallowed her saliva and said with a smile, "If my Mei can marry you, she will definitely have a happy life in the future."

"Auntie, don't worry. I promise I won't let Mei suffer any grievances." Lin Hao promised as if he swore it.

"Good, that's good." Lee Guixiang nodded in satisfaction, then her gaze landed on Wu Tian. Her expression turned serious, "Silly boy, tell me about your assets!"

"I have a few companies, a hotel and two restaurants, a business street, a building, a winery ..."

"Stop!" Before Wu Tian could finish his sentence, he was interrupted by Lee Guixiang. "Silly boy, I don't want to hear you bragging here."

Not to mention she didn't believe him, even Lu Dingquan and Lu Xiaomei didn't believe him and thought that he was joking.

"You believe what Young Master Lin said, but why don't you believe what I said?" Wu Tian looked at the woman with dissatisfaction.

"Young Master Lin was originally a rich man. Look at his famous suit, it's worth more than 20,000 yuan. Then look at you, everything that falls from top to bottom is carpet, you can't get more than 100 yuan each." Having said so, Lee Guixiang cast him a disdainful look.

From her point of view, this brat in front of her was simply a pauper. He was simply incomparable to Lin Hao.

"Auntie, you can't judge a person by his appearance. You can't judge a person by his appearance."

"Are you unconvinced?" After Lee Guixiang said that, she gave Lin Hao a look, "Young Master Lin, take out your luxurious car and let this kid see."

"Alright!"

Lin Hao answered and took out the BMW key from his pocket and put it on the table.

Lee Guixiang pointed at the key and boasted, "Look clearly, this is a BMW with over a million yuan. What about you? Do you have it?"

"I don't have a BMW, I have a red flag." After saying that, Wu Tian took out the red flag car keys and placed them on the table.

Lee Guixiang glanced at the car keys and could not help but mock him, "You are such a shitty car, yet you still have the nerve to show off?"

"Cough, cough!"

Lin Hao coughed dryly, then whispered beside Lee Guixiang's ear, "The key of his car is Red Flag's car, the price is over 5 million."

"What?" More than five million? " Lee Guixiang was shocked. She didn't expect Wu Tian's car to be worth over 5 million, which was even more expensive than Young Master Lin.

After a moment of surprise, she quickly reacted and mockingly ridiculed him, "Your car keys were purchased on Taobao for several hundred yuan, right?"

"Of course not, this is my car." Wu Tian retorted.

"This little trick of yours is more like it. It's still too young to trick me." After Lee Guixiang said this, she immediately decided, "Either you bought the car keys, or you rented the car."

She didn't believe that the kid in front of her could afford a 5m luxury car.

"So you don't believe me at all?" Wu Tian was a bit disgusted when he saw the woman's face.

"It's fine if you want me to believe you." Lee Guixiang thought for a moment and purposely said, "If you really have the money, then buy this restaurant."

"Why would I buy a restaurant?"

"You bought the restaurant to prove you had money, of course."

"There's no need to go through all that trouble." After Wu Tian said this, he took out his phone and dialed Loong Yun's number. He said a few words into his phone and then hung up.

After the call, Wu Tian said to Lee Guixiang with a smile, "I have a simpler way to prove that I'm rich."

"What method?"

"Don't worry, you'll know in a while." Wu Tian smiled strangely and looked at the time on his phone without saying anything.

Ten minutes later, Loong Yun came into the room carrying a suitcase. "Young Master, this is what you wanted me to prepare."

Having said so, she placed the leather case on the table and opened it.

The suitcase was full of money. The new money was so dazzling that it amounted to at least two million.

"Oh my god!"

Lee Guixiang couldn't help but exclaim out loud when she saw the amount of money. She stared at the bills until her eyeballs almost popped out of their sockets.

She had never seen so much money before. Today had really broadened her horizons.

She never would have thought that Wu Tian would be able to take out so much money.

Previously, she thought that this fellow was a poor bloke. However, after seeing so much money, she was convinced that he wasn't poor at all.

Even Lu Dingquan and Lu Xiaomei were dumbfounded. They didn't expect Wu Tian to be so rich. He just casually took out so much cash.

They also thought that Wu Tian was the child of a poor family before, but they didn't expect him to take out such a large amount of money the moment he made a move.

Even Lin Hao was stunned. He also didn't think that this brat in front of him would be able to take out so much money.

This amount of money was nothing to him, but this seemingly poor and foolish brat in front of him had taken so much money. It was truly surprising.

"Auntie Li, can you prove that I'm rich now?" Wu Tian put the suitcase away and handed it to Secretary Loong.

"Yes sir!"

Lee Guixiang nodded and smiled awkwardly, "I really can't tell. You're so young and you're quite rich."

"Then can I be worthy of Mei now?"

"This ..." Lee Guixiang was slightly stunned, then her expression darkened again, "Even if you have money, you are still far from Young Master Lin."

"No, I have everything he has, and I have everything he doesn't have."

"Is that so?" Lee Guixiang did not dare to be too certain. She turned her head to look at Lin Hao and probed, "Young Master Lin, Wu Tian said that his assets surpass yours. What do you think?"

"Auntie Li, I feel like there's no point in comparing notes here. How about this, let's do something practical." Lin Hao said with a smile.

"What practical action?"

"Auntie Li." Lin Hao did not immediately answer, but asked back: "What do you think about the Fragrant Honey Lake District?"

"Fragrant Honey Lake belongs to the high-end buildings of the new city area. I heard that the average price here exceeds six thousand, and that there will be great potential for future development. I came to visit today. "

## **Hidden Billionaire Chapter 477 - Property Owner**

C477 Property Owner

"Alright, then let's go to the Fragrant Honey Lake Sales Department." After Lin Hao paid the bill, he led the group out of the restaurant and headed towards the Fragrant Honey Lake sales center.

As they walked into the hall, the sales staff greeted them enthusiastically, "Everyone, do you want to buy a house?"

"Right."

Lin Hao shook his suit and said to the sales clerk, "Show me your most expensive house."

"Sure, this way, please." The sales clerk gestured for them to come, then led them to the sand table, pointing to the building to the right of the sand table,

"That's the model house for our Fragrant Honey Lake level one, ten thousand per square meter."

"Give me two large houses." Lin Hao pointed to the sales clerk and ordered.

"What did you say?"

The salesman was surprised for a moment before he asked, "Sir, we have a house that has been built. Would you like to check it out first?"

"I don't need to check the room. Give me two sets, the full amount."

"This ..." The salesman was stunned.

She had never seen anyone buy a house like this. He bought two sets at once, not even looking at the house.

"What are you waiting for? I'm swiping the card." Lin Hao took out his bank card and threw it over, "Hurry up and help me settle the paperwork."

"Alright, please wait, mister. I'll go and help you with the formalities." Only then did the salesperson come back to her senses. She was so happy that her mouth could not even close.

She had never met such a straightforward customer. He had bought two suites at full cost, and the commission was already in the thousands.

She thought it was a customer brought by Boss Wu. She couldn't help but look at Boss Wu with gratitude.

Soon, the sales clerk settled the purchase contract, and the total price of the two suites was three million.

Lin Hao walked up to Lee Guixiang with the contract and said, "Auntie, this is my betrothal gift. As long as Mei marries me, the two houses will be yours."

"This is for me?" Lee Guixiang was so happy that she couldn't even close her mouth when she received the purchase contract.

"Yes, this is only a small part of the gift money." Lin Hao promised with a smile, "As long as Mei and I get married, I will buy you a luxury car and even a mansion downtown."

In order to obtain Lu Xiaomei, he had put in all his effort, risking everything on this one bet.

"This is too generous of you." After saying that, Lee Guixiang turned to her daughter and said, "Look at Young Master Lin, not only is he rich, he's also generous. The betrothal gift alone is worth several million."

"If you want to marry, then marry. I won't marry him anyway." Lu Xiaomei turned her head to the right as she finished her sentence.

"You ..."

Seeing her daughter's attitude, Lee Guixiang was so angry that she couldn't say a word for a long time.

She was too lazy to argue with her daughter. Right now, the most important thing for her to do was to chase Wu Tian away, it wouldn't be too late to persuade her daughter at that time.

Thinking of this, Lee Guixiang turned her head towards Wu Tian and said, "Brat, look at how generous Master Young Master Lin is. Are you willing to spend so much money for Mei?"

"As long as Mei likes it, there's no need to mention two houses. "Even if it's this building, I would still be willing to give it to Mei." Wu Tian said with confidence.

"Kid, you make it sound simple. Do you know the value of this building? This building is worth tens of millions, can you afford it?" Lee Guixiang snorted disdainfully.

This building had more than 30 suites, and the total price was over 50 million. Even Lin Hao didn't dare to say that he would buy the entire building.

"Boss Wu doesn't need to buy at all. The entire building's Fragrant Honey Lake was invested by Boss Wu." Before Wu Tian could reply, the salesperson who had just sold the house couldn't help but interrupt him.

"What? What did you say?" Lee Guixiang thought she had misheard and asked the salesperson.

"I said Wu Tian is the big boss here, he invested the entire Fragrant Honey Lake." The salesperson repeated in a serious tone.

"You said those buildings belong to Wu Tian?" Lee Guixiang asked as she pointed at the dozen or so buildings on the sand table.

"Right."

Lee Guixiang's expression was especially surprised. Never in her wildest dreams did she expect that Wu Tian would invest the entire Fragrant Honey Lake.

She slowly turned her head to look at Wu Tian as if she was looking at a monster. Her expression was extremely exaggerated.

She didn't expect that this young and shabby looking fool in front of her would actually be so rich and invest all of his money into the Fragrant Honey Lake Tower.

To be able to invest in such a huge building, the kid in front of him must have a huge family background, at least 500 million yuan or more.

Not to mention Lee Guixiang, even Lin Hao was dumbstruck. He never thought that the kid in front of him was so powerful.

If he could invest in Fragrant Honey Lake projects, his assets would definitely be much more than his.

Lu Dingquan and Lu Xiaomei were also surprised. They didn't think that Wu Tian was an investor in Fragrant Honey Lake.

Only now did they understand that Wu Tian was a very low-profile hidden rich man.

After a moment of surprise, Lee Guixiang changed from her previous attitude and rushed forward to curry favor with him: "Boss Wu, I really didn't realize that you are an investor in Fragrant Honey Lake."

"Fragrant Honey Lake is just a small project that I invested in. I still have many projects under my jurisdiction." Wu Tian shook his sleeves as if he was rich.

"You're such a big boss." Once Lee Guixiang heard Wu Tian call Fragrant Honey Lake a small project, she was so shocked that her jaw dropped.

It seemed that today was the day to meet a real rich person. She quickly put on a thick-skinned smile and said, "My family's Mei has the good fortune to find a boyfriend like you."

"You agreed to let Mei date me?"

"Of course." Lee Guixiang was elated. "Since you're so outstanding, of course I'd like to have a relationship with you."

For her daughter to be able to find such a billionaire, Lee Guixiang could only wish for it. Even in her dreams, she would wake up smiling.

"What about Young Master Lin?" Wu Tian slowly raised his head and looked at Lin Hao, who was standing beside him.

"Just you wait, I'll chase him away." Lee Guixiang turned her head to look at Lin Hao after she said that. With a stern face, she said, "Young Master Lin, you can leave now."

"I ..." Lin Hao was unwilling to leave.

This time, he didn't mind spending a lot of money to buy two houses at Fragrant Honey Lake in order to get Lu Xiaomei. He didn't want to give up just like that.

"You what?" Lee Guixiang pushed Lin Hao away impatiently and shouted, "My daughter has a boyfriend. He's even more handsome and rich than you. You better stop pestering my daughter in the future."

Now, her attitude towards Lin Hao was much colder.

"Auntie, actually, I ..."

Lin Hao wanted to continue fighting but was interrupted by Lee Guixiang again before he could finish, "Alright, hurry up and leave. Don't disturb my daughter again in the future."

Then, he reached out and pushed Lin Hao out.

"I ..." Seeing Lee Guixiang's attitude, Lin Hao was a little disheartened and left the place unwillingly.

"Young Master Lin, take care, welcome to visit again. Next time, buy another house and I'll give you a discount." Wu Tian waved at Lin Hao's back and said with a smile.

"Ignore that kid." Lee Guixiang changed her attitude from before and went forward to hold Wu Tian's arm, "Wu, how old are you this year?"

"Twenty-two."

"What does your family do?"

"My family does real estate." Wu Tian lied immediately.

"Real estate is good." Lee Guixiang couldn't even close her mouth from laughing. "I thought you were not simple the moment I saw you. I really didn't make a mistake."

## **Hidden Billionaire Chapter 478 - That Can be Done so Easily**

C478 That Can be Done so Easily

Lee Guixiang fawned over Wu Tian for a long time. Then, she held her daughter's arm and smiled, "Mei, you really have good eyes. You found such a good boyfriend."

\*

Lu Xiaomei chuckled dryly. Her expression was exceptionally unsightly.

She didn't expect her mother to be so greedy. The moment her mother heard that Wu Tian was rich, she immediately tried to curry favor with him.

"Mei." Lee Guixiang pulled her daughter's arm and walked to the side as she whispered to Wu Tian, "Wu Tian is a rich man, you have to catch him and don't let him leave you. Do you understand?"

"I know." Lu Xiaomei spat out two words impatiently.

"You try to get pregnant as soon as possible so he can't get rid of you."

"What did you say?" Lu Xiaomei's face turned red as she scolded him snappily.

"Mom won't lie to you." Lee Guixiang tightly gripped her daughter's arm, exhorting her sincerely, "You have to catch this man no matter what. Don't let him get snatched away by others."

"Alright, I understand." Listening to these ear-piercing words, Lu Xiaomei's heart didn't feel good at all.

In her mother's eyes, a rich man was a good man. If a man didn't have money, then he was no better than a dog.

"Alright, Mom won't bother you guys anymore." After Lee Guixiang finished speaking, she put her daughter's arm into Wu Tian's hand and sincerely said, "Wu, I will hand my daughter into your hands. You must treat her well and don't let her suffer any grievances."

"Don't worry, I'll take good care of Mei." Wu Tian took Lu Xiaomei's arm and swore.

On the other hand, the moment Wu Tian held Lu Xiaomei's hand, her face turned crimson and her heart started beating faster.

It was the first time a boy held her by the arm. She felt a little dizzy.

However, with her mother by her side, she didn't dare to withdraw her arm, so she could only bite her lip and endure.

"Alright then, you two should live a good life together. I won't disturb you two." Having said so, Lee Guixiang gave her daughter a wink before turning around and leaving the sales center.

"Auntie, take care." After Wu Tian said that, he turned around and instructed the sales representative, "Hurry, help me send Auntie off."

"Yes." After answering, the salesperson hurriedly sent Lee Guixiang out of the sales center.

\*

Lu Xiaomei coughed dryly and reminded Wu Tian with a flushed face, "Can you let go of my hand first?"

"Oh, I'm sorry." Wu Tian smiled awkwardly and quickly retracted his arm.

Lu Xiaomei rubbed her arm, bit her lips and whispered, "Thanks for helping me out earlier."

"It's no big deal."

"I'm so sorry, I always trouble you." Lu Xiaomei raised her head to look at Wu Tian, then quickly lowered her head. Her face was even redder than before.

"Such a small matter is really no big deal."

"That ..." Lu Xiaomei bit her lips and asked, "Are you really the boss of Fragrant Honey Lake?"

"Right." Wu Tian nodded, pointed at the sand table and said, "I invested with others in this project."

"I really didn't realize that you're still the big boss." Lu Xiaomei sighed emotionally. She had no intention of fawning on him.

To be honest, when she first saw Wu Tian, she didn't think he was the big boss at all.

He was young, dressed plainly, and did not have the airs of a boss.

She had never imagined that such a boy could manage a project worth several hundred million yuan. It was truly astounding.

"Good boy." At this time, Lu Dingquan walked over and patted Wu Tian's shoulder, "You stinking brat, I didn't expect you to be so rich, you're even a big boss!"

"You are praising me too much. I only earned some money from investing in a few projects." Wu Tian said humbly.

"You're so rich, and yet you don't despise me. I'm so happy." After Lu Dingquan said this, he grabbed Wu Tian's arm and said, "I want to be friends with you. From now on, we will call each other brothers."

"Brother?"

"Right, we don't seek to be born on the same day of the same year, but rather ..."

"Wait!" Wu Tian was so scared that he hurriedly stopped him: "I don't want to die the same day as you. I still want to live a few more years."

"I'm joking with you!"

"You're such an old urchin." Wu Tian shook his head with a bitter smile. He really made people at a loss whether to laugh or to cry when meeting this kind of old man.

"Brat, you truly do not respect your elders." After saying that, Lu Dingquan raised his head and laughed.

Seeing her grandpa bickering with Wu Tian, Lu Xiaomei also laughed secretly.

"Old Master, I said before that I was going to get you a job ..."

"What kind of job did you find for me?"

"Let's go, I'll take you somewhere first." After Wu Tian said this, he led them out of the sales center and took a taxi to Aifei Castle Wine House.

The moment they entered the winery, Lu Dingquan and Lu Xiaomei were both dumbfounded.

They had lived for so many years, but they had never seen such a large manor. The scenery of the manor was like a painting, and it felt very dreamy.

"Wow, it's so beautiful!" Staring at the scene before her, Lu Xiaomei couldn't help but exclaim.

The manor was simply too beautiful. There were large tracts of green land, as well as castles, landscape forests, rockery lakes and grape bases. This place was simply beautiful beyond compare.

"This place is really beautiful." Lu Dingquan nodded in approval. He couldn't help but ask Wu Tian, "This is the largest winery in Jiangnan. Why did you bring us here?"

"It used to be a winery, but now it's my private residence." Wu Tian explained with a smile.

The ownership of this winery was originally owned by the Char Country Blanche. Last time, Wu Tian accidentally saved this foreign girl's life.

As a token of her gratitude, Blanche gave him the winery.

Thinking about Blanche, Wu Tian suddenly thought of another matter. At that time, Blanche was only saved by Wu Tian because she was being chased by people from Shangguan Family.

This meant that Blanche had a grudge with someone from Shangguan Family, but Wu Tian didn't understand, what kind of deep grudge did they have between them?

The other matter was related to Blanche's identity. For Blanche to possess such a winery in the China, she must have a special status.

Who exactly was Blanche?

"Private residence?" They went on: "You say you live here?" Lu Dingquan and Lu Xiaomei exclaimed at the same time.

They didn't think that such an international winery would become Wu Tian's private residence.

"Let's go, I'll bring you guys in and take a look." After Wu Tian said this, he walked over and drove an electric car. He said to them, "You guys get in the car!"

\*

They were stunned for a few seconds before getting into the electric car.

This kind of electric car is similar to the golf course of the car, looks more high-class exquisite.

As they sat in the car, they turned their heads to look around. All of them were shocked by the unparalleled beauty of the place.

Staring at the beautiful scenery of the manor, Lu Xiaomei couldn't help but ask, "How much does such a huge manor cost?"

"I don't know how much it is, but a manor like this in the city is priceless." After Wu Tian said this, he changed his tone and said, "But someone gave this manor to me."

## **Hidden Billionaire Chapter 479 - Take Care of Grandpa and Granddaughter**

C479 Take Care of Grandpa and Granddaughter

"Who would give you such a large manor?" Lu Xiaomei couldn't help but ask curiously.

"A foreign woman." Since he couldn't explain things clearly in a short period of time, Wu Tian decided to just leave it at that.

"Oh!"

Lu Xiaomei nodded and didn't ask any further questions. She turned around and continued to observe the nearby scenery, her eyes filled with joy.

She had never seen such a large manor before. She had never seen such a beautiful building and environment. Seeing this spectacular scene, she immediately felt happy, and all the worries in her heart disappeared.

If only she could live here all her life.

"Mei, do you like this place?" Wu Tian tried to ask when he saw how obsessed Lu Xiaomei was with the view of the manor.

"I like it." Lu Xiaomei nodded her head vigorously. There was probably no girl who didn't like this kind of environment.

To ordinary people, this was just like a fairy tale kingdom. Many people dreamed of becoming a princess.

"If you like it, then move here with grandpa. There are more than 10 castles empty inside."

"Alright." Lu Xiaomei first nodded her head, then hurriedly shook it and refused, "No, no need, thank you for your good intentions."

Even though she wanted to live here even in her dreams, she would not easily accept the alms.

"Don't think too much into it, there's a reason why I let you stay here." Wu Tian knew this girl wouldn't agree, so he had already thought of a countermeasure: "Didn't you want to find a part-time job?"

"Yeah!"

"I just happen to be looking for a part-time job." Wu Tian smiled and continued, "If you live here, you can help me clean up the castle after school. How about I give you four thousand yuan a month?"

"Isn't the salary too high?" Lu Xiaomei was slightly shocked.

Even if he hired a nanny, it would only be around 5000 yuan. She was only a part-time worker, so how could she get four thousand?

"This salary is already considered low. If you want, you can move in today. You can live here, but whether you eat or not, your monthly salary will be 4000. You can even get a raise if you do well."

"It's fine for me to clean up part-time, but isn't it inconvenient for me to live here?"

"There's nothing inconvenient about it. I'm not living alone in the castle. There are other people, including a child in primary school and a girl in middle school. They all live here to help me with my work."

"Oh!" Lu Xiaomei relaxed a lot after hearing this and said gratefully, "Classmate Wu, thank you for helping me."

"If you work, I'll give you a salary. We'll take what we need from each other."

"If I work part-time here, I won't have to worry about tuition and living expenses. I can save some money to buy clothes for grandfather ..." Lu Xiaomei was as happy as a child as she started to calculate.

Wu Tian smiled wryly as he shook his head. Then, he turned his gaze towards Lu Dingquan, "Old Master, I brought you here because I have an important task for you."

"What job?" Lu Dingquan's face was full of anticipation. He also wanted to work here with Sun Lili.

"I want you to be my housekeeper here and help me manage the estate."

"Huh?" Lu Dingquan was shocked: "You want me to be your housekeeper?"

"Right."

Wu Tian nodded forcefully and said with a serious face, "I'm usually too busy so I don't have time to worry about the matters of the manor. Please help me manage the manor."

"This, this, this ..." Lu Dingquan's mouth was agape. He was so excited that he couldn't say a word for a long time.

He thought that Wu Tian would arrange for him to do the work of greening the garden, but he didn't expect that Wu Tian wanted him to come here to be the butler.

After staring blankly for a few seconds, he waved his hand humbly and said, "With my old bones, I can still do divination and scam. I'm not good enough for the position of butler."

"I believe in my judgement. You are the best candidate. From today onwards, you are the main butler of Aifei Castle." Wu Tian couldn't help but break up and immediately made this decision.

"Alright, I'll give it a try." Since Ye Zichen said all that, Lu Dingquan didn't refuse anymore.

"From today onwards, you will officially start working. Your annual salary will be one million yuan ..."

Hearing this, Lu Dingquan couldn't stop coughing and almost choked to death on his own saliva.

Even Lu Xiaomei could not help but stare at him with her mouth agape as she questioned, "A steward can get such a high salary?"

"Don't even mention the butler, even my chauffeur is paid one million a year."

"Oh my god, your salary is so outrageously high."

"Right, this is the castle I live in." Wu Tian drove the tram in front of the castle and said to his granddaughter and grandfather: "Come, I'll take you guys inside to have a look."

"Alright." After the grandfather-grandson pair got out of the car, they obediently followed Wu Tian into the castle. The luxurious decorations inside the castle also widened their horizons.

The moment he entered the castle, he saw Loong Yun walking down from the second floor. He asked in a neither cold nor warm manner, "Young Master, two guests have arrived?"

"Right, let me introduce you." Wu Tian pointed at the grandfather-grandson pair and introduced them, "Old Master, Lu Dingquan, is my new housekeeper. Next to him is Lu Xiaomei, her granddaughter."

"I know." Loong Yun stared at her grandfather and granddaughter for a while, but her expression didn't change much.

Afterwards, Wu Tian pointed at Loong Yun and introduced her to his grandpa and granddaughter, saying, "This is my secretary, Loong Yun. If you lack money, just ask her for it."

"Secretary?"

Lu Xiaomei was shocked once again. She didn't expect that such a beautiful lady with such temperament would be Wu Tian's secretary.

This was probably the most beautiful secretary she had ever seen, with the most temperament. She was even more beautiful than a model.

"Let's go, I'll take you guys to the castle next door to take a look." Soon after, Wu Tian brought his grandfather and grandson to two castles, where they got to know Liu Fugui and his family and Azure Dragon and his sister.

In the end, he arranged for the grandfather and grandson duo to live in Azure Dragon's castle. This way, Xiaofeng and Lu Xiaomei would be around the same age and the two of them could become playmates.

After they finished arranging their living quarters, Wu Tian instructed Uncle Fugui to help them move out.

This grandpa and granddaughter both rented a house in the village, so they didn't have much things to buy. Soon, they brought the things over.

"Classmate Wu, we haven't even known each other for two days, why are you helping us?" Lu Xiaomei couldn't help but be curious in her heart as she tried to ask.

He had given her grandfather such a good job and even allowed her to live in Aifei Castle; this was a huge favor to her.

"Your grandfather gave me a handwritten copy. That is a priceless treasure. I helped you all so that I could repay your kindness." Wu Tian had no choice but to explain the reason.

He was indeed here to repay this debt of gratitude. After all, that handwritten book was a "secret martial arts", and it was definitely a priceless treasure. No matter what, he had to repay grandpa and granddaughter.

"What handwritten copy?" Lu Xiaomei's brows constricted and she couldn't help but ask.

"This is it." Wu Tian took out the handwritten book from his pocket and handed it over.

Lu Xiaomei took the handwritten book and looked at it. She didn't know whether to laugh or cry. "You said this thing is priceless?"

"Yes!"

Wu Tian nodded vigorously and replied with certainty, "These are the three sets of fist techniques' cultivation method and simple diagram. They are very precious."

"My grandpa picked it up from the trash heap and put it at home as a cushion. I wanted to throw it away several times." Lu Xiaomei did not expect garbage to become a treasure.

## **Hidden Billionaire Chapter 480 - Xiao Mei Stays in the House**

## C480 Xiao Mei Stays in the House

"Luckily you didn't throw it, otherwise the loss would have been huge." Wu Tian was secretly glad, luckily this thing fell into his hands, or else it would go into the trash heap again.

"What is the use of this?"

"I can train according to the diagram and the words to increase my abilities."

"Are you really that good?"

"Right." Wu Tian nodded and changed his tone, "But we need to cooperate with some precious herbs. If we can't find that herb, then it won't be of much use."

Right now, he could only cultivate after finding the Blood Ganoderma Herba. Otherwise, this fist technique would still be useless.

Lu Xiaomei nodded her head as if she understood something. She passed the handwritten book over and said, "I don't know what you're talking about. It's fine as long as you're useful."

"I'll keep it first." Wu Tian took the handwritten book and stuffed it into his pocket.

Right now, he was not sure if it was useful or not, and he was not sure if he could find the Blood Ganoderma Herba or not, so he could only rely on luck.

While the two of them were chatting, Shen Xue walked over with a bag in her hand. She frowned and asked, "Who is this girl?"

"Her name is Lu Xiaomei. She moved in with us."

"What?" Shen Xue's face darkened as she said angrily, "Stupid Wu Tian, why did you bring a girl to stay at home again?"

Seeing Wu Tian bring such a beautiful girl home, Shen Xue was like a big jar of vinegar, full of anger.

Huang Lan, the woman in the family, was beyond her control. If there was another love rival, the family would surely fall into chaos.

"She's my part-time job, she's responsible for cleaning our castle." Seeing that Xue misunderstood, Wu Tian quickly explained the situation.

Hearing this, Shen Xue's face turned slightly better, but she still voiced her doubts. "Why did you find such a pretty girl to clean our room?"

"This is a long story." Wu Tian pulled Shen Xue to the side and explained in a low voice, "This girl is an orphan. She was abandoned by her mother since she was young ..."

Wu Tian told them about Mei's pitiful life story.

Shen Xue's heart softened as she heard that. She couldn't help but say in sympathy, "I didn't expect this little girl to be so pitiful."

"Yes, her background is pitiful, and her grandfather helped me out greatly. Their grandfather-grandson pair had nowhere else to go, so I placed them at home and had his grandfather act as our housekeeper. She gave me part-time cleaning services." Wu Tian explained patiently.

"Alright!"

Hearing that, Shen Xue nodded her head in relief. She did not forget to warn him, "Don't think about her."

"What are you thinking, she's just a high school student." After saying this, Wu Tian extended his right hand and guaranteed as if he was making a vow: "I will never have any bad intentions towards her."

"Remember what you said." With these words, Shen Xue walked in front of Lu Xiaomei. "Little sister, my name is Shen Xue. It's nice to meet you."

"Hello." Lu Xiaomei smiled faintly, similarly jealous of Shen Xue's beauty.

In her opinion, this girl called Shen Xue should be Wu Tian's girlfriend. She didn't expect her to be so pretty.

"Don't be so polite with me. Let's go, I'll help you carry the things inside." With that said, Shen Xue helped her carry the small suitcase back to the castle.

Seeing the two of them getting along harmoniously, Wu Tian felt a lot more at ease. He turned around and said to Lu Dingquan: "Old Master, our Aifei

Castle situation is more or less like this. If there's anything you don't understand, you can find Secretary Loong or Azure Dragon, or me."

"Alright, as long as you don't mind my old man being annoying." Lu Dingquan grinned as he finished his sentence.

"How could that be? If you have anything you want to tell me, just let me know." Wu Tian suddenly thought of something else and instructed Lu Dingquan, "I plan to have a simple banquet in the manor. You help me arrange it when the time comes."

"How many people are there at the banquet?"

"Not many, no more than thirty."

"Alright, no problem. I'll go and prepare."

"There's no need to rush. We'll arrange the banquet later. I'll take you to get familiar with it first." After giving a few instructions, Wu Tian brought Lu Dingquan around the manor.

After accompanying the grandfather and grandson pair for lunch, Wu Tian had nothing better to do, so he let Uncle Fugui drive him to the Huaxing.

Ever since Huang Lan had taken over the Huaxing, the company had gradually gotten on the right track and was developing very quickly.

He walked around the company and found that it had a lot of new faces. Elder Sister Lan must have recently recruited a lot of new employees.

As he passed the marketing department office, he heard voices coming from inside. Two employees were arguing inside.

The other employees were all waiting to watch a good show. No one came forward to stop them, as the whole marketing department was in a mess.

Wu Tian knocked on the door, walked into the office and asked: "Who is the manager of the marketing department?"

A few employees turned around and glanced at Wu Tian, but no one replied. They continued to watch the two employees argue.

"Silence." Wu Tian shouted and walked in front of the two employees, coldly asking, "Why are you two arguing?"

Only then did the two employees stop quarreling, and they looked at Wu Tian with that appraising gaze.

One of the young employees said impatiently, "What are we arguing about, does it have anything to do with you?"

"This is the office. Your argument will affect the other employees' work." Wu Tian was very patient and tried to reason with the two employees.

"It's none of your business if you affect the other employees' work." The two quarreling staff started scolding Wu Tian instead.

"Who's your supervisor?"

"Who is our supervisor has nothing to do with you. You brat, don't meddle in other people's business, hurry up and leave." The young staff shouted impatiently.

At this moment, the two staff members who were quarreling let out their resentment and anger onto Wu Tian.

"I forgot to introduce him to you. Actually, I'm ..." Just as Wu Tian was about to introduce them, he was interrupted by two employees.

"Kid, hurry up and get out of here. Stop talking nonsense with us." The two male employees shouted impatiently.

"Actually, I ..."

"Kid, if you dare spout nonsense again, do you believe that I won't beat you up?" After the male staff shouted this, he raised his fists and threatened with a cold voice.

"Stop!"

At that moment, a sharp voice came from outside the door. They saw Huang Lan walk in with long legs.

Seeing CEO Huang walk in, the employees all returned to their seats in fright, not daring to say a word.

The two staff members who were fighting were also afraid of CEO Huang. Upon seeing Huang Lan, they quickly bowed and greeted her, "Hello, CEO Huang."

"What's the matter with you?" Huang Lan looked at Wu Tian with her eyes wide open as she asked the two employees.

"We don't know where this kid came from, but he's being nosy here." The two employees pointed at Wu Tian and reported to CEO Huang.

Normally, the CEO Huang was exceptionally fierce and did not laugh at his employees. Everyone in the company was very scared.

"What did you say?" Huang Lan glared at the employee, pointed at Wu Tian and introduced him, "He is our company's big boss, Wu Tian."

"What? He's Boss Wu?" When they heard that the kid in front of them was the company's big boss, the two employees were so scared that cold sweat broke out on their foreheads.

He was indeed very surprised, he didn't expect that this little brat would actually be the big boss.
