

Hidden Billionaire Chapter 486 - Sudden Enlightenment

C486 Sudden Enlightenment

"Don't get angry yet, I didn't say I want to eat an overlord's meal." Zhang Dongyang was so scared that he quickly gave in. He didn't dare to offend Wu Juntang.

"Since that's the case, then hurry up and pay up." The waiter no longer had a smile on his face, and his tone was much more unyielding than before.

"This ..."

Zhang Dongyang did not dare to offend Wu Juntang, but he also did not want to lose more than 80 million without willing to do anything. He clenched his teeth and directly said, "I think we should each pay our own money. Since today is a day for the three of us to spend, then let's split the three of us. "

Being cheated for over 80 million yuan was not a small amount for him. He did not want to spend this money alone.

If the three of them were to split the money evenly, he would only need to take out 20 million. This would reduce the pressure on him by a lot.

As soon as she heard that they were going to split the money evenly, Xu Pei's expression changed.

Eighty million. Even if she had to split the money evenly, she would have to fork out twenty million. As a mere department manager, she couldn't possibly fork out that much money.

"President Zhang, that won't do. Manager Xu hasn't eaten a single bite or drank a single sip. What right do you have to make her pay?" Wu Tian immediately protested.

"Then what do you think we should do?" Zhang Dongyang gritted his teeth and asked with a bit of pain in his heart.

Originally, he thought that Wu Tian tore up the promissory note and got the 80 million yuan for nothing. He didn't expect that he would be cheated by Bai Shatang.

"Why don't we each pay our own money? We'll each pay half." Wu Tian suggested this with a smile.

"Alright." Hearing that Wu Tian was willing to pay half, Zhang Dongyang agreed immediately: "We'll do as you say, each of us will pay our own money."

After saying so, he quickly fished out a few bank cards and handed them over, "These are over 40 million, I'll give half of them to you."

He had no other choice. In order to preserve his life, he could only give them money.

Fortunately, only half of it was given to him, which eased a lot of the pressure on him.

"Ok, one moment." The waiter directly picked up his Pos and swiped several cards in a row, but only managed to earn 40 million.

Zhang Dongyang's heart felt like it was being cut by a knife as he watched his cards get emptied. He had worked hard for more than a year to reach 50 million.

He had originally planned to buy a suite in the city, but he didn't expect to spend all of his money. Now, he only had a few million left in his personal account.

Luckily, each of them had to pay their own bills, and he was only paying 40 million. Otherwise, the pressure would be even greater, and he would have to borrow money from the company's finances.

Seeing that Zhang Dongyang had finished swiping his card, Wu Tian also took out his bank card and handed it over, "Beautiful girl, my 40 million."

"You don't have to." The waiter smiled and said to Wu Tian, "All of your expenses today will be paid for by Master Sha."

"Then help me thank Master Sha." Wu Tian kept his bank card after saying that.

Zhang Dongyang and Xu Pei were both dumbfounded. They never thought that Master Sha would actually help Wu Tian pay the bill. What was going on?

After a short pause, Zhang Dongyang couldn't help but question the waiter, "Why not only take my money and not Boss Wu's?"

"Because Boss Wu is our Brother Master Sha." The waiter said with a serious tone.

"What?" Boss Wu is brothers with Master Sha? " Upon hearing this, Zhang Dongyang was dumbstruck.

He didn't expect Boss Wu's forces to be so shocking that he was actually brothers with Master Sha of the Wu Iron Hall.

Bai Shatang was a famous special force in the Luzhou. He controlled the entire east district's forces. With a stamp of his foot, the entire east city would tremble.

It could be said that in the entire Luzhou, there was no one who wasn't afraid of Bai Shatang.

It was just that he did not expect that someone as powerful as Master Sha would actually be brothers with Wu Tian. It was truly surprising.

Xu Pei was also shocked. She didn't expect Boss Wu to have such a powerful force. No wonder he was so calm when facing so many thugs.

After a slight pause, Zhang Dongyang laughed and discussed with the waiter, "Since Master Sha and Boss Wu are brothers and Boss Wu and I are good friends, can you spare my order?"

"No way!"

The sales clerk rejected without hesitation: "Master Sha said, you must take your money, you must not take Boss Wu's money."

"That's not right."

Zhang Dongyang seemed to have thought of something and his eyes lit up: "Why do I feel like you guys are targeting me?"

"You're right, we were after you to begin with." The waiter admitted it without any concealment.

"You ..."

Zhang Dongyang stared at him, then slowly turned his head to look at Wu Tian, "I understand, it was you working with Master Sha to plot against me."

"President Zhang, you're really too stupid. Only now do you understand." After Wu Tian said this, he couldn't help but laugh.

"Good for you, Wu Tian."

Zhang Dongyang immediately stood up from the sofa, pointed at Wu Tian's nose and yelled, "You intentionally tore off the IOU, lowered my vigilance and wariness, and then took me to the Red Rose Club. You purposely let Master Sha make this sky-high price red wine, and intentionally scammed me, right?"

Only now did he realize that this was a trap Wu Tian had set for him.

"Yes, indeed." Wu Tian nodded forcefully, and his smile was exceptionally brilliant.

From the moment he saw Zhang Dongyang, he thought of using this trap to deal with him and secretly sent a text message to Bai Sha.

From the beginning, Zhang Dongyang fell into this huge trap.

"So that's how it is." Xu Pei, who was standing to the side, suddenly realized what was going on and couldn't help but cry out.

Only now did he realize that Boss Wu did not follow the usual pattern and had dug a trap for Zhang Dongyang.

From the beginning, Boss Wu purposely tore up the promissory note in order to let Zhang Dongyang relax his guard and trick him into spending at the Red Rose Club.

Seeing the promissory notes being torn apart, Zhang Dongyang thought he had picked up a big bargain and then came to spend it. In the end, he was cheated for over 40 million yuan.

Just like that, in less than two hours, Zhang Dongyang had lost more than 40 million yuan for nothing.

He couldn't help but admire Boss Wu. This move was really brilliant. In the relaxed atmosphere of eating, drinking, and playing, Zhang Dongyang fell into a big trap and suffered heavy losses in the end.

"Wu Tian, you are truly insidious." After knowing the truth, Zhang Dongyang was extremely angry, "Using such shameless methods, what kind of ability is this?"

"To deal with a scoundrel like you, I naturally have to use a despicable method." The corner of Wu Tian's mouth raised as a smile of victory appeared on his face.

"Okay, even if you set me up for forty million, what good will it do you? You still can't get your money? " Zhang Dongyang shouted in dissatisfaction.

"Don't worry, the fun has only just begun." The moment Wu Tian said this, the waiter purposely jumped into Zhang Dongyang's arms, hugging him tightly.

At that moment, the door to the room was slammed open and a malevolent looking man barged in.

The one who had barged into the room was none other than Bai Sha, the hall master of Bai Sha, also known as Master Sha.

The atmosphere became tense the moment Master Sha entered the room.

It was Xu Pei's first time seeing the legendary Master Sha. She was so frightened that her body shrank and she retreated a few steps back. Even her heart had tensed up.

When she met this kind of dark and evil big boss, she unconsciously felt panic in her heart, and even her breathing became a little stifling.

Hidden Billionaire Chapter 487 - Kneel and Beg for Mercy

C487 Kneel and Beg for Mercy

Not to mention Xu Pei, even Zhang Dongyang was frightened. It was as if he had seen a monster when he saw Master Sha.

He was so nervous and frightened that he forgot to push the waiter away from his arms.

At this moment, the waiter was still in Zhang Dongyang's arms. At the same time, she started to hit Zhang Dongyang with both of her hands insincerely.

"How preposterous."

The moment Bai Sha barged into the room, he pointed at Zhang Dongyang's nose and cursed: "Where did this bastard come from, daring to even touch my woman."

"No, I didn't touch her." Zhang Dongyang was so shocked that he quickly pushed away the beautiful waitress in his arms.

He probably never would have thought that the waitress in front of him was Master Sha's woman, much less that this woman would suddenly jump into his arms and do something to him.

"Mengmeng, did this brat touch you?" Bai Sha asked the waiter with his ox eyes wide open.

"He touched me. This kid has been touching my body for a long time, it makes me feel very uncomfortable." The waiter cried towards Bai Sha as if he was a different person.

"I didn't, I ..."

Zhang Dongyang wanted to retort, but swallowed his words before he could finish.

He finally understood that the waitress in front of him wasn't Master Sha's woman. Master Sha couldn't possibly let his woman be a waitress.

Then there was only one possibility, they were deliberately putting on an act to frame him, and the director behind the scenes was Wu Tian.

"Bastard, you dare to touch my woman?" Bai Sha turned around and ordered his subordinates: "Come on, chop off this brat's hands for me."

"Alright." After the two subordinates received their orders, they rushed up to Zhang Dongyang and grabbed him up, preparing to chop his hands off with their sabers.

Zhang Zi was so scared that his legs went soft. He hurriedly tried to defend himself: "Master Sha, I was wronged. I didn't touch your woman ..."

"If I say you touched it, then you touched it." Bai Sha only found an excuse to make a move on this brat. He waved his right hand and ordered his subordinates once again, "Cut off this brat's right hand for me."

"Alright." After his subordinate received the order, he grabbed Zhang Dongyang and pressed his right hand on the table. Then, he slowly raised his dagger.

"Master Sha, spare me, I beg of you, please let me go ..." Seeing the dagger approaching, Zhang Dongyang was so scared that his legs were trembling. He held his throat and hurriedly begged for mercy.

Just as the dagger was about to cut down, Bai Sha suddenly said: "Brat, do you know why I want to do this to you?"

"I know."

Zhang Dongyang first nodded, then quickly shook his head: "I don't know, I don't know!"

Bai Sha raised his hand and mercilessly slapped Zhang Dongyang's face as he scolded, "You idiot! You offended my brother!"

"Your brother?" Zhang Dongyang was slightly surprised, but he quickly realized that the brother Master Sha was referring to was Wu Tian.

To put it bluntly, Master Sha had done this to help Wu Tian vent his anger.

"I don't want to waste my breath on you." Bai Sha lost his patience and ordered, "Cut off this brat's right hand."

"Don't, don't chop at me. Master Sha, spare me, Master Sha, spare me ..."

Zhang Dongyang begged for a long time but to no avail. In the end, he could only beg Wu Tian: "Please say good words with Master Sha and let me live."

At the moment, he had no other choice. Only Wu Tian could save him.

"President Zhang, why should I help you?" Wu Tian poured a glass of red wine and walked in front of Zhang Dongyang.

"As long as you save me, I'll repay you for what you've done in the future." Zhang Dongyang was really scared this time.

After all, the one he was facing this time was Master Sha. Master Sha who had great Luzhou and was an evil force leader that was even scarier than demons.

If no one pleaded for him, Master Sha might really cut off his hands.

In order to keep his life, in order to keep his hands, he had no other choice but to beg Wu Tian.

"If you want to be my slave, you're not worthy." Wu Tian leaned his body against the table on the side as if he was watching a good show.

"I beg of you."

Zhang Dongyang had a sullen expression as he begged in a pitiful manner, "As long as you save me, I'll do whatever you want me to do."

"Do you really agree to anything?"

"Really."

"Right, let's talk about the 80 million that you owe our company ..."

"I'll pay you back. I'll pay you back right now." Zhang Dongyang reacted quickly when Ye Zichen mentioned 80 million yuan.

"You don't need to return it." Wu Tian magnanimously waved his hand and smiled, "I've already said that I do not need to return the money."

"I have to pay them back. Let them let go of me, I'll raise the money for you right now, it'll only take two hours ..."

"Two hours?"

"Right, I promise. I'll give you 80 million in two hours."

"Forget it, I can't wait that long." Wu Tian took a sip of the red wine and said to Bai Sha, "Pavilion Master Bai, you decide."

"No, no, no ..."

Hearing that, Zhang Dongyang was so scared that he quickly changed his words: "As long as it's 3 minutes, I promise I will pay back all of your company's 80 million in arrears within 3 minutes."

"President Zhang, 80 million. If you put it in the bank, how much is the interest?"

"This ..." Since interest was imminent, Zhang Dongyang didn't have the mood to calculate any interest. He directly said: "I will give you 100 million for the interest and capital."

"That's not good, right?"

"Then it's a deal, 100 million, I'll raise the money for you immediately."

"Alright." Wu Tian then nodded in satisfaction and said to Bai Sha, "Hall Master Bai, give this kid three minutes."

"No problem." Bai Sha replied, then ordered his two subordinates, "Let go of this brat first."

"Alright." Only after the two subordinates answered did they let go of Zhang Dongyang.

Zhang Dongyang, who had lost his support, felt his legs go soft and he collapsed on the ground like a pile of mud.

However, when he thought that there were only three minutes left, he quickly got up from the ground and took out his phone to call the company for money.

Dongyang had some skill in advertising. 100 million was not a problem. In just two minutes, he had raised enough money.

Just like this, the debt that Dongyang's advertisement had delayed for three years was finally paid back with interest, and all of it was returned to Huaxing Film and TV.

After handing over the money, Zhang Dongyang tremblingly asked: "Then I... Now... Can we go now? "

"President Zhang, don't be in such a hurry to leave. Let's chat." Wu Tian put down his wine cup and said to Zhang Dongyang with a smile, "Are you used to playing the rogue and always like to renege?"

Zhang Dongyang swallowed a few mouthfuls of saliva and guaranteed as if he swore, "I won't dare to owe your company anymore."

"That's for the best." After Wu Tian said this, his eyes turned cold, "If there's a next time, I will chop you into pieces and feed you to the dogs without even making a move against you."

"Alright, I promise I won't dare to do that again." Zhang Dongyang nodded his head like a chick pecking rice.

He already knew that Boss Wu had a strong backer like Master Sha, so he didn't dare to renege on the deal.

"Borrowing money is still a disease, so I advise you to cure your illness as soon as possible."

"Alright, I won't go back on my word."

"Remember what you said today, get lost." Wu Tian gave Zhang Dongyang a heavy kick and roared impatiently.

"Alright, I'll get lost now." Zhang Dongyang was so scared that he pissed his pants and ran out of the place. Cold sweat covered his forehead.

Hidden Billionaire Chapter 488 - Secrets of Receipt

C488 Secrets of Receipt

After Zhang Dongyang had left, Bai Sha came forward with a smile to fawn on him, "Brother Wu, how was the matter today?"

"Not bad, you did well." Wu Tian nodded with satisfaction. He was very satisfied with Bai Sha's performance today.

"That's good." After Bai Sha said this, he turned around and ordered the waiter, "Quick, transfer all of Zhang Dongyang's forty million to Brother Wu."

"No need." Wu Tian waved his hand and said with a smile, "You can keep that money, just treat it as the hard work."

"That's not good, right?"

"This is what you deserve. In the future, there will be a lot of things that I need to trouble you with."

"No matter what business you have, as long as you give me an order, I'll immediately do it." Bai Sha smiled as he tried to curry favor with Ye Zichen.

In front of Wu Tian, he did not put on any airs. He acted extremely respectful and smiled just like Miller Buddha.

Ever since he saw Wu Tian's ability and power, he knew that Wu Tian was a tough guy.

He, Bai Shatang, could not afford to offend a character like this, and it was also a good thing for him to ingratiate himself with this kind of power.

"Alright, then I'll have to disturb Pavilion Master Bai in the future." Seeing Bai Sha being so polite, Wu Tian gave him enough face.

There were a lot of stumbling blocks around him, so Bai Sha would be of great use in the future. It could help him deal with a lot of things.

"Like I said, if Brother Wu has any problems in the future, you can call for me anytime." Bai Sha promised, then said: "Bro, I'll get someone to prepare a drink for us."

"The wine is almost done, let's drink again when we have time." Wu Tian waved his hand and tactfully refused.

"Alright, let's drink again when we have time."

"Then, I won't disturb Hall Master Bai any longer." After saying that, Wu Tian left the room with Xu Pei.

Bai Sha led his brothers to send the two of them off at the club's entrance.

After walking out of the club, Xu Pei couldn't help but sigh with emotion, "Boss Wu, I really didn't expect that you would actually call Liu Tie of the Wu Iron Hall as a brother."

"Bai Sha is nothing special." Wu Tian didn't care and didn't feel honored.

In his eyes, Bai Shatang wasn't even worth mentioning. At least, compared to the entire Wu Family family, he was just an ant.

"I really admire you, to actually disregard Bai Sha." Xu Pei shook her head with a bitter smile. She didn't think that the famous Wu Steel Hall in Luzhou would be not even worth mentioning in Boss Wu's eyes.

"Oh yeah, did you manage to settle the bill with Zhang Dongyang?"

"Yes." Xu Pei nodded and said with a smile, "Boss Wu is amazing indeed. The moment he started, he helped the company get back the three year debt and even taught that scoundrel Zhang Dongyang a lesson."

"He dares to go back on his word with me. He is truly courting death."

"To be honest, Boss Wu's way of dealing with Old Lai is really amazing." After this incident, Xu Pei could not help but have a whole new level of respect for Boss Wu.

To be honest, she initially thought that Boss Wu wouldn't be able to get the money, but the result made her eye drop.

Not only did Boss Wu help the company get back its arrears, he even paid back 20 million in interest, which helped the company earn a lot of money.

"Alright, let's go back and report to Elder Sister Lan!" Wu Tian walked towards the car park. After walking a few steps, he saw that Xu Pei was still holding her stomach on the spot.

He hurried back to Xu Pei's side and asked with concern, "Manager Xu, you have a stomachache. Is it your period?"

"Nope!" Xu Pei blushed as she explained in a low voice, "I just haven't eaten. I'm hungry."

"There was so much delicious food just now, why didn't you eat it?"

"I don't want the bill. I can't eat."

"Fine." Wu Tian looked at the time and suggested, "There's a restaurant opposite us, I'll treat you to a meal."

"Thank you, Boss Wu."

"Let's go." Wu Tian brought Xu Pei to a restaurant.

The restaurant was very efficient. After he finished, the waiter brought all the dishes to the table.

Xu Pei hadn't eaten breakfast or lunch, so she was already starving. As soon as she saw the food, she started wolfing it down.

Seeing the girl eating like this, Wu Tian couldn't help but laugh: "Manager Xu, why are you eating like a pig?"

Xu Pei choked and coughed a few times. She snappily said, "You're a dignified big boss, how can you make fun of the employees?"

"I was afraid you'd choke." Wu Tian poured a cup of water and handed it over, "Eat slowly, don't choke on it."

"Thank you!" Xu Pei took a sip of water and continued eating.

Seeing that the girl had finished her meal, Wu Tian handed over a tissue and instructed with a smile, "When we meet Elder Sister Lan at the company later, don't tell me you want us to go to the Red Rose Club to hire little sister, do you understand?"

"Got it."

Xu Pei nodded her head straightforwardly. Then, she couldn't help but ask, "You're just going to the club to find a prostitute. Why are you afraid of letting CEO Huang know?"

"That woman likes to meddle in other people's business. I was afraid that she would misunderstand, so as to avoid endless nagging."

"No, what's your relationship with CEO Huang?"

"Friend."

"I understand." Xu Pei smiled eerily and stopped asking.

Only now did she understand that Boss Wu and CEO Huang must have a lover relationship, but that relationship was not announced.

"Alright, let's go back to Huaxing Corporation."

After they finished eating, the two of them drove back to Huaxing.

They soon met Huang Lan in the CEO's office.

"How is it? Did you get the debt back?" Upon seeing the two of them, Huang Lan immediately asked about what had happened.

Although Dongyang's debt would not affect the normal operation of the company, it was still a part of her heart. If she did not get the debt back, she could not help but waste her energy on it.

"It's a success." Wu Tian shook his clothes and said complacently, "I have taken back all the arrears."

"Did you really get all his eighty million back?" Hearing this news, Huang Lan was both surprised and happy.

She had been to Dongyang's company a few times before, and she had always had to deal with that rogue Zhang Dongyang. She had never thought that Wu Tian was so good that he would be able to collect all his debts within a few hours.

She had to admit that this kid really did have some tricks to dealing with rascals.

"Not 80 million, 100 million." Wu Tian took a sip of tea from Elder Sister Lan's teacup and continued, "Zhang Dongyang paid the interest of 20 million."

"Such a high interest?" Huang Lan was even more shocked when she heard that they would get a hundred million back.

With Zhang Dongyang's rogue-like personality, he was already pretty good to be able to return the capital, so why was he so willing to give him interest?

"A total of 100 million in principal and interest." Wu Tian took the bank card from Xu Pei and slammed it on the table.

Huang Lan stared at the bank card for a few seconds. Then, she couldn't help but ask, "Tian, how did you get the money?"

"I won't tell you." Wu Tian smiled mysteriously, and didn't want to explain the details of the account.

If he explained, the fact that he was looking for a prostitute in the club might get out of hand. Elder Sister Lan would definitely be unhappy with him.

"You're just pretending to be mysterious." Huang Lan rolled her eyes at Wu Tian and suddenly asked doubtfully, "You drank too much?"

Hidden Billionaire Chapter 489 - Show Mercy Everywhere

C489 Show Mercy Everywhere

"I ..."

Before Wu Tian could explain, he was interrupted by Elder Sister Lan.

"Don't move." Huang Lan was like a detective staring at Wu Tian's clothes. She pointed at his collar and questioned, "Why are there lipstick marks on your clothes?"

"What did you say?"

Wu Tian looked down and noticed that there was indeed a lipstick mark on the shirt.

Needless to say, the lipstick was left behind by the young lady in the chartered room.

Huang Lan put her head close to him and sniffed him a few times. Then, she questioned him again, "Why do you have a woman's perfume on you?"

"About that, I ..."

Wu Tian didn't know how to explain.

He originally wanted to hide the matter of the Red Rose Club finding his little sister, but now it seemed that he couldn't hide it anymore.

"The perfume you're wearing is similar to Manager Xu's. The look in your lipstick print is the same color as her lips." Saying this, Huang Lan slowly raised her head to look at Xu Pei. "Did you guys do something?"

Through lipstick and perfume, she mistook Wu Tian for having an illicit relationship with finance director Xu Pei.

"No, no."

Xu Pei was so scared that her face turned dark. She quickly waved her hand and retorted, "CEO Huang, don't misunderstand. Nothing happened between Boss Wu and me."

"Then who left his perfume and lipstick?" Huang Lan's tone was slightly overbearing.

"It's someone else."

Xu Pei gritted her teeth and could only answer honestly, "Just now at the Red Rose Club, Boss Wu called my sister. It should be that girl who left her behind."

In order to protect herself, she could only choose to sell Boss Wu out. She didn't want to be misunderstood by Wu Steel-Slash as she was trying to seduce Boss Wu.

"What? He's looking for a woman?" Huang Lan was immediately angered when she heard that. She pointed at Wu Tian's nose and scolded: "You already have so many women in your family, and you still want to go to the club to find one?"

Xu Pei's heart shuddered when she heard that. She glared at Wu Tian like a frog.

She really didn't think that Boss Wu was this kind of man, he actually had several women at home.

"Elder Sister Lan, don't be angry yet. Listen to my explanation." Looking at Huang Lan, Wu Tian quickly explained, "I'm only going to the club to make a scene. I'm not really looking for little girl."

"Don't tell me you're trying to experience life." Huang Lan was obviously very angry now.

"Of course not, actually ..." Wu Tian thought for a moment and instructed Xu Pei, "Tell Elder Sister Lan about what happened in detail."

"Alright." After Xu Pei answered, she started to narrate what happened earlier.

After knowing the truth, Huang Lan's anger gradually dissipated. She couldn't help but ask Xu Pei: "Did Boss Wu do anything to that woman?"

"No, Boss Wu didn't do anything to that woman from the beginning to the end. He took the initiative to hook up with Boss Wu." Xu Pei reported truthfully.

"That's more like it." After hearing this, Huang Lan's anger had completely dissipated. She said to Xu Pei, "Manager Xu, you have helped the company to collect this debt. It's all thanks to you. When the time comes, I will give you a reward."

"CEO Huang, this is Boss Wu's credit."

"It's all because of you." Huang Lan immediately made her decision.

She had misunderstood Manager Xu just now because she wanted to apologize in this way and bribe Xu Pei.

She needed to cultivate a few trusted aides from each of them, and Xu Pei would be the best financial candidate for her in the future.

"Ok, thank you, Boss Wu. Thank you, CEO Huang." Xu Pei was overjoyed as she bowed repeatedly to express her thanks.

"Oh right, don't tell anyone about what happened today."

"Alright."

"Alright, if there's nothing else, you can leave first!"

"Alright." Xu Pei obediently left the CEO's office after answering him. She didn't forget to close the door behind her before she left.

Wu Tian sat down on the sofa and looked at Huang Lan with a smile. "Elder Sister Lan, you looked like a shrew just now."

"Don't talk nonsense." Huang Lan rolled her eyes in annoyance. She poured a cup of coffee and handed it over to him. "Are you thinking that I'm being too generous?"

"I do care a bit too much."

"I'm going to take care of you." Huang Lan leaned over and said half-jokingly, "I still have to care about you for the rest of your life."

"Do you care about me for the rest of my life?"

"Right."

"Only my mother can control me for the rest of my life. Are you going to be my mother?"

Huang Lan's face reddened as she snapped, "Such a lousy mouth of yours, can you stop spouting nonsense?"

"I'm just joking. Don't be angry." Wu Tian took two sips of coffee and handed the cup to Elder Sister Lan, "This can stimulate the nerves in the brain. Don't drink too much from now on."

"I know."

Huang Lan took the cup and placed it on the table. Then, she suddenly recalled something important. "Oh, right. Are you busy tonight?"

"I'm busy tonight." Wu Tian leaned forward and laid on the sofa like a second lord while swinging his legs.

"What are you busy with?"

"You're busy solving physiological problems."

"Scram." Huang Lan looked embarrassed as she snappily said, "You little rascal, you are getting more and more impudent. How dare you make such a joke in front of me."

"I was led astray by Elder Sister Lan."

"You are a bad person, even worse than a dirty fish." Huang Lan covered her mouth as she laughed.

This smile of hers was simply full of flirtatiousness, seductive charm. It was vividly displayed with its sexiness and seductiveness.

Wu Tian stared at the woman's figure and couldn't help but ask: "Elder Sister Lan, what's the matter tonight?"

"I'll go to the party tonight. You stay with me." Huang Lan kept her smile as she spoke with a serious expression.

"Where's the party?"

"Golden Hall."

"What time?"

"Seven o'clock at night."

"Ok, I'll come pick you up then." After Wu Tian said this, he sat up on the sofa, tugged on his clothes and walked out of the office.

Before he left the office, he even heard Elder Sister Lan's nagging warning, "Don't get involved in such affairs all day long. Be careful or something might happen."

"I know." Wu Tian waved his hand and quickly left the office.

Just as he walked out of Huaxing film, he received a call from Lee Mu, telling him to go to the company. There was an important matter to discuss.

When he arrived at the office, he found that it was filled with champagne and red wine, as well as snacks of fruit and melon, as if it were a celebration.

"What's going on?" Seeing such a joyous scene in the company, Wu Tian couldn't help but ask.

"Boss Wu, let me tell you some good news." It was hard for Lee Mu to hide his excitement as he quickly stepped forward and explained, "Our company's new system has won the first prize for the Luzhou Science and Technology Contribution Award."

"What? We won the award?"

"Right."

"Great." Wu Tian was also very excited when he heard the news.

This kind of science and technology award is very valuable, it is a kind of affirmation to the whole company and the staff.

"The annual scientific event will be held tomorrow at the Luzhou Hotel. At that time, Boss Wu will go up to receive the award."

"No, you are the sponsor of the mobile phone system. You should be the one to receive this award."

"That won't do." "Without Boss Wu's support, the new system would not have been successful," Wu said firmly.

Hidden Billionaire Chapter 490 - Share Incentive

C490 Share Incentive

"If it wasn't for you, our cellular system wouldn't have been able to implement it. As far as the cellular system is concerned, you are its father." Wu Tian insisted on giving the award qualification to Lee Mu.

The mobile phone system was of great importance to Lee Mu.

On the contrary, Lee Mu was also of great importance to the cellphone system. The two of them complemented each other.

"I know what Boss Wu means, but this award must be received by Boss Wu. Although I made the phone system, Boss Wu fostered me. You deserve the award." Lee Mu's tone was very determined.

"Alright!"

Seeing Lee Mu's insistence, Wu Tian could only nod and agree, "Alright then. Since that's the case, I'll take the award on behalf of the company."

"You are the unique boss of this world. We are glad to have a good boss like you." Lee Mu sighed from the bottom of his heart.

These words expressed the thoughts of the employees. Everyone agreed with these words. They were very glad to have a good boss like Wu Tian.

"I'm also very happy to have you good employees that work hard to improve." Wu Tian patted Lee Mu's shoulder and said loudly, "For our common achievement, let's celebrate today."

"Alright, let's open the champagne." Lee Mu couldn't hide his excitement as he personally opened a bottle of champagne and led the staff to celebrate in the office.

The quiet office suddenly became lively. The simple champagne fruit makes the staff especially happy.

Seeing the staff so happy, Wu Tian also felt very comfortable. He smiled and asked Lee Mu, "Boss Li, how's the company's profit rate these days?"

"Besides the game and the software, our new system is also making money." After Lee Mu said this, he quickly ordered his assistant to organize the financial statements.

After taking a look at the financial statement, Wu Tian was very satisfied. He couldn't help but sigh with emotion: "I didn't expect that in just half a year, our revenue would have exceeded 1 billion yuan."

"Yeah, the game is developing very quickly and the mobile phone system is also progressing very smoothly. According to the international organizations' estimates, our new system will be worth more than 100 billion." Lee Mu was so happy that he couldn't even close his mouth when he mentioned the phone system.

"That's right." Wu Tian put down the financial report and praised Lee Mu, "This is all your credit."

"This is also all thanks to Boss Wu and all the staff."

"Right, I have an idea." Wu Tian walked in front of the sofa and sat down. He suggested with a smile, "I want to take out a portion of the shares to split the profits among the employees and settle the accounts according to the quarter."

"A bonus for the staff?"

"The most important thing about Technology Company like ours is that we can retain talents — share incentives can do this." Actually, Wu Tian already had this thought.

The reason why he didn't mention it before was because the time was not ripe yet. Now that the mobile phone system was on track, he could motivate his employees with shares.

"Since that's the case, the stocks in Boss Wu's hands will be diluted and your income will be reduced by a lot." At this critical moment, Lee Mu still considered Wu Tian.

"In the short term, my income will indeed decline, but this will be beneficial for the company's long-term development, so we have to take a longer view."

"Boss Wu, you are truly bold."

"Stop flattering me." Wu Tian took out two cigarettes and threw one of them to Lee Mu, "I will take out 10% of my shares and share it with the staff."

"Alright, then I'll take out 5%." Lee Mu also took the initiative to offer his shares for the company's reform.

After he said that, he took out the lighter and lit Wu Tian's cigarette.

"Alright, then arrange someone to do it now." Wu Tian said to Lee Mu while smoking.

"There's no time to lose, I'll do it right now." Lee Mu was very efficient. He immediately arranged for the finance department to do the work, and soon settled the matter of the share incentive.

When the employees got their share of the shares for the last quarter, the entire office went into an uproar.

The new system increases the rewards for each employee, with an average of more than a million extra dividends per employee.

Depending on various factors, such as business level, working years and overtime time, some employees can get more than 7 million yuan.

Previously, their monthly salary was only around 7000 to 10,000 yuan. Now, their bonuses had skyrocketed, making all the employees feel extremely excited.

Some of the staff were so excited that tears were streaming down their cheeks.

Never in their wildest dreams did they imagine that an ordinary employee would be able to receive so much money. With this money, they would be able to buy a car and buy a house in the city and marry a beautiful wife in the future.

"I've done it already. The employees are very excited about getting the high bonus." Lee Mu took the documents and returned to his office to report the situation to Wu Tian.

"That's what I want." Wu Tian was very satisfied with this result, "This way, we can improve the staff's enthusiasm and work efficiency."

"Yeah, I think so too." Lee Mu nodded in agreement.

At this moment, the female secretary hurriedly entered the office and reported, "Boss Wu, Director Li, Xinsheng company's Liu Xin, come and discuss the cooperation."

"Alright, take Director Liu to the reception room first, Boss Wu and I will come over right away." Lee Mu turned around and instructed his secretary.

"Yes." The female secretary answered and left the office.

Lee Mu stood up from the chair, smiled and said to Wu Tian: "Xinsheng company Boss is here to discuss cooperation, let's go together."

"Alright, then I'll go with you." Wu Tian put out the cigarette in his hand and accompanied Lee Mu to the VIP room.

The two quickly met up with Liu Xin in the VIP lounge. Liu Xin was young, and the Technology Company he established had great potential.

"Hello, CEO Liu." Lee Mu took the initiative to shake hands with Liu Xin. He then pointed at Wu Tian and introduced, "This is our Boss Wu."

"Hello, Boss Wu." Liu Xin stood up. After shaking hands with Wu Tian, he smiled and said, "I've specially come today to discuss cooperation with the two bosses."

"Director Liu, please take a seat." After shaking hands, Wu Tian got his secretary to pour a cup of tea for Liu Xin. He then asked with a smile, "I wonder what kind of cooperation does Chief Liu have with us?"

"Our Xinsheng company is interested in buying your Tianmu Technology ..."

"Buy?" Hearing these two words, Wu Tian and Lee Mu's eyebrows tightened and their expressions became extremely exaggerated.

They never thought that a small start-up would want to buy Tianmu Technology. This was like an ant wanting to eat an elephant.

"Boss Wu, Director Li, even though my company is newly established, I still have money. As long as you are willing to sell me Tian Mu, money is definitely not a problem." Liu Xin shook his collar, looking as if he was rich.

"Boss Liu, we do not have any intention of selling our company. If you are here to purchase a company, then please leave." Lee Mu's expression turned cold. He immediately asked Liu Xin to leave.

In his view, this fellow in front of him was unaware of his limits, and had actually threatened to purchase Tian Mu.

Not to mention that his company was newly established, even a huge corporation like Shengshi Group wouldn't dare to easily buy their company.

"I sincerely want to buy your company." Liu Xin's tone was very resolute as he said, "Be more straightforward. Make your offer."

"I said, we ..." Before Wu Tie could even finish his words, he was interrupted by Wu Tian: "CEO Liu, you really want to buy our Tianmu Technology?"

"Of course."

"Then how much do you think our Tianmu Technology is worth right now?"
