

Hidden Billionaire Chapter 510 - Encountering Beast

C510 Encountering Beast

"Quick, look." Wu Tian soon saw a lot of caves under the stone wall. He asked with suspicion, "Are the animals hiding in those caves?"

"There are indeed many caves here." Blanche raised her head and saw that there were stone caves on the four sides of the mountain walls.

These caves were all of irregular sizes. The largest cave was about two meters tall and the smallest was only the size of a fist.

Some of the caves still had water flowing through them, and spring water was still flowing through them.

They stared at the cave for a while. Blanche tried asking, "Will the exit be inside these caves?"

"I'm not sure right now. I can only go in and take a look."

"What if we encounter a wild animal?"

"I hope not!" Wu Tian didn't have any good ideas in this situation.

If they really met a wild beast, they would have to fight to the death.

"We can't just sit here and wait to die. We can only try." Blanche gritted her teeth and decided to follow Wu Tian to take a risk in the cave.

"Why don't I go to the cave first and check the situation. You'll wait here for me?"

"No, I'll go in with you."

"Alright, let's go." Wu Tian played with his handsome hair and walked towards the mountain wall.

There were dozens of caves of various sizes at the foot of the mountain. Some of the caves were very short, while others were very long.

The two of them found the largest cave and entered it. The further in they went, the dimmer the light became. They walked more than a thousand meters before they could not even see their own fingers.

Wu Tian stopped. He turned around and said to Blanche, "It's the same as before. Please pull my clothes and leave."

"Alright." Blanche nodded and grabbed onto the corner of Wu Tian's shirt.

To be honest, she was most afraid of walking down this pitch black tunnel. Not mentioning how the road was bumpy, she still couldn't see anything.

"Oh right, be careful. Don't sprained your ankle again." Wu Tian instructed as he groped his way through the tunnel.

After walking for nearly two kilometers, Wu Tian suddenly stopped, "Miss Bu, did you hear anything?"

"It sounds like thunder." Blanche listened attentively, and soon heard the sound of muffled thunder.

This sound was like someone striking a steel pipe with an iron hammer, producing a violent vibration. The sound grew louder and louder as it came closer.

"Strange, why would there be such a sound coming from the cave?" Wu Tian rubbed his chin and silently fell into deep thought.

He could not understand why there would be muffled thunder in this desolate canyon.

"Could it be an earthquake?" Blanche tried to guess.

"No!"

Wu Tian shook his head, denying this conjecture, "If it was an earthquake, it would be impossible for it to still be reverberating after such a long time."

"What was that sound?"

"I don't know yet."

"Look ahead." Blanche raised her head and saw a faint light not far away. This light was exceptionally dazzling in the pitch-black valley.

Accompanied by intense sounds, the light grew closer and closer.

At a distance of nearly a thousand meters, that flash of light was exceptionally dazzling, like a resplendent blue pearl.

The light was getting closer and closer, and at the same time, it was accompanied by a violent trembling sound, as if the entire tunnel was trembling slightly.

"Could it be ..." Wu Tian's eyes narrowed and he slowly said two words: "Beast?"

"What? You said that light was a beast?"

"That's right, the blue light should be the eyes of a wild beast. It's quickly running towards us. From the sound of it, it should be a huge beast, and its body is especially agile as well."

"Then what should we do?"

"Quick, run." Wu Tian secretly felt that something was not right. He pulled Blanche's arm and ran back.

The tunnel's light was too dim, and coupled with the fact that the roads were uneven, the two of them weren't running very fast.

After running for a short distance, Blanche fell to the ground, unable to get up for a long time.

Wu Tian picked the woman up and told her, "Don't move, I'll carry you and run."

After saying that, without caring about whether Blanche agreed or not, he carried the woman and returned along the same road as the tunnel.

The light grew closer and closer, illuminating the path within the tunnel, allowing him to barely be able to see the road surface.

As the light got closer, the sound of the iron kick became louder and louder. Inside their tunnel, they felt as if a mountain had collapsed and the earth was cracking.

Wu Tian held his breath and quickly escaped out of the tunnel. Soon, he was tired to the point that he was sweating profusely.

Fortunately, he had eaten some fruits to replenish his stamina. Otherwise, with such a beautiful girl like Blanche in his arms, he wouldn't be able to run at all.

After running for more than two minutes, the two of them finally ran out of the tunnel and returned to the gorge where they had seen the corpses earlier.

After exiting the tunnel, Wu Tian's footsteps did not stop. He continued to flee into the woods with Blanche in his arms, seeking protection.

After running for a short distance, Blanche suddenly let out an exaggerated scream.

This yell caused Wu Tian's scalp to tighten as he anxiously asked: "Miss Bu, what happened?"

"The strange monsters are coming" Blanche, who had always been calm, also started to panic, and even her voice started to tremble.

"It's so fast?"

Wu Tian was shocked. He stopped and turned around to see a huge monster chasing towards them.

This was the wild beast that he had met in tunnel. Its body was as big as a bear, and all its hair was brown and black. Its four legs were as hard as iron pillars.

The beast's four limbs were strong and sturdy as it ran very fast. When its four limbs collided with the ground, a violent collision sound was produced. He felt as if the ground was slightly shaking.

The most terrifying part was the beast's mouth. It opened its mouth slightly, revealing two rows of sharp fangs that looked like sharp knives. Drool dripped out from its mouth.

The wild beast was terrifying and ferocious, but its pair of eyes were very beautiful, just like a night pearl. The only difference was that its eyes were clearly filled with killing intent.

"What kind of monster is this?" Blanche shrank back when she saw the ferocious beast, and she was obviously terrified.

"I don't know."

Wu Tian stared at this strange-looking beast and shook his head: "I've never seen this kind of monster before."

This wild beast's body was similar to a black bear, but its four limbs were stronger than a black bear, and its body was even faster than a leopard.

And his mouth was long, longer than a wolf's, almost like a crocodile's, and the two rows of fangs in his mouth were particularly sharp.

He had never seen such a unique monster even in books, let alone in reality.

He thought about it, those corpses were bitten to death by this wild beast, and countless people's flesh and blood were bitten to death by this wild beast.

"Run, run!" Seeing the wild beast chasing over, Blanche urged Wu Tian anxiously.

Anyone would be afraid of such a ferocious beast, and Blanche was no exception.

"Hold me tight." Wu Tian finally came back to his senses. He hugged Blanche tightly and ran like his life depended on it, trying to avoid the chase.

Just as the two of them ran into the forest, the wild beast caught up at a lightning speed and blocked their path.

Wu Tian didn't hesitate at all, carrying Blanche and running in the opposite direction.

He had only run six or seven steps when he was once again blocked by the wild beasts.

The wild beast glared at the two like a tiger eyeing its prey, its tongue continuously licking its mouth, saliva dripping from its mouth.

C511 Rogue Beast

Wu Tian stopped his steps. In this situation, there was no way for them to escape the wild beast's pursuit.

Looking at this beast, his mind was spinning fast, hoping to find a way to deal with it in a short time.

"What should we do now?" Blanche curled her body in Wu Tian's embrace, so scared that the corner of her mouth slightly trembled.

In this situation, she had long since forgotten the shame and etiquette. All that was left in her heart was endless fear and dread.

"Why don't you use some tricks on this beast?" Wu Tian lowered his head to look at the foreign girl in his arms and joked with her.

"You're still in the mood to joke at a time like this?"

"I just wanted to let you relax because you're too nervous." After Wu Tian said this, he placed Blanche on the ground and instructed her, "I'll deal with the wild beasts later. You think of a way to climb up the tree."

"How are you going to deal with it?"

"This one." Wu Tian took out a cultivation dagger from his pocket, "I'll kill it later."

"Then be careful."

"Don't worry about me. Hurry up and climb the tree." Wu Tian pulled out his dagger and urged Blanche behind him.

"It seems to be looking at me. How terrifying!" Blanche swallowed her saliva, her heart pounding with nervousness.

"Looks like this is a rogue beast. It also likes a beauty like you." Wu Tian started to giggle after saying this.

"..."

Upon hearing his words, Blanche was instantly speechless.

Seeing that the situation was critical and that the wild beast was about to bite her, Wu Tian actually made fun of her as if she was fine. It was really a joke that no one knew whether to laugh or cry.

"Alright, don't just stand there. Hurry up and climb the tree." Wu Tian pointed at the thicker tree behind them, "Hurry up and climb up."

"Alright."

Blanche quickly approached the tree and hugged it as if she was swimming. She desperately tried to climb it, but no matter how hard she tried, she couldn't.

"Forget it, let me help you!" Wu Tian carefully stepped back and pushed Blanche's butt up with his right hand.

"What!"

Blanche exclaimed. Her face instantly turned red as she bit her lips and complained, "Where are you putting your dirty hands? Hurry up and take your hands off me."

"What are you saying? Hurry up and climb the tree." Wu Tian didn't care that much. He pushed with his right hand and roughly pushed Blanche onto the tree branch.

"You ..."

Blanche gritted her teeth and scolded in embarrassment, "You hoodlum!"

Although she knew that Wu Tian did it to save her, he couldn't be that rude, right? He actually used his hand to touch that part of her body, how shameless.

"Miss Bu, I'm really sorry for offending you just now." While speaking, Wu Tian stared at the beast, his gaze never leaving the beast's body.

Those who didn't know what was going on would think that he was talking to a wild beast.

"Forget it." At this time, Blanche didn't care too much about it. She reminded him, "You must be careful. If you can't beat it, run. I'm safe in the tree."

In her opinion, it was indeed safe to hide in a tree. No matter how powerful a wild beast was, it would not be able to climb up a tree.

If she hid in the tree, she wouldn't implicate Wu Tian. Even if Wu Tian couldn't beat the wild beast, he could still take the opportunity to escape.

"Don't worry, I'm fine." Wu Tian comforted her as he slowly walked closer to the wild beast.

Rather than escape, it was better to attack first.

He knew that if he didn't kill the beast in front of him, it would be difficult for the two of them to leave this place alive.

Holding the dagger, he slowly walked to the right side of the beast and winked at Blanche.

Blanche reacted quickly and immediately understood what Wu Tian meant. She broke off a branch and threw it towards the left side of the beast.

The beast's attention was immediately attracted by the branch. Wu Tian took advantage of it being caught off guard and rushed forward as fast as he could, fiercely stabbing the beast in the abdomen.

The strength of this slash was shocking, as it used up almost all of Wu Tian's strength. He originally wanted to pierce a big hole in the wild beast's body, but the result was great disappointment.

This cut was like stabbing into iron. He couldn't pierce through the wild beast's body at all, and instead, it made Wu Tian's arm go numb.

It was indeed surprising. He did not expect the wild beast's body to be so tough. It was practically a hundred times harder than iron.

He had never seen a monster with such a tough body that couldn't even pierce through a dagger. What a bizarre monster!

Wu Tian wasn't willing to let go of the knife as it didn't break. He raised the dagger and stabbed towards the north again.

The result was the same. The wild beast's body was not damaged at all, while Wu Tian's arm became numb and instantly became sore and powerless.

Seeing the beast's body unable to pierce through, Wu Tian rolled on the ground. He was so scared that he quickly retreated, maintaining a distance with the beast.

"Wu, what's going on? How can we not kill wild beasts? " Seeing such a situation, Blanche started to get anxious.

"From the looks of it, this isn't an ordinary beast. Its skin is extremely hard and impenetrable."

"Then what should we do?"

"There's no other way. We can only hide." After Wu Tian said this, he put away his dagger and quickly climbed up a big tree.

The wild beast wandered a few rounds under the tree and did not leave. Instead, it rushed forward and used its body to ram into the tree.

The wild beast's impact was very powerful. It only knocked the tree askew in one hit, while Wu Tian's body also fell from the tree.

The beast pounced at Wu Tian crazily, ready to tear him apart.

Wu Tian was so scared that he rolled continuously and barely dodged the attack. At the same time, he climbed to the tree at the side as fast as he could.

The beast didn't give up and continued to hit the tree beside him, quickly knocking Wu Tian down.

This time, Wu Tian reacted quickly. He fell down the tree and climbed up to the tree beside as fast as he could without waiting for the beast to pounce on him.

After doing this a few times, the beast seemed to lose its patience and had no choice but to give up on Wu Tian.

He had originally thought that the beast wanted to leave, but it directly came to Blanche's tree and used its body to ram into the tree.

"Pain ..."

Blanche was just a weak little girl. How could she withstand such a powerful impact? She was knocked off her tree very quickly.

"Miss Bu, hurry, hurry up the tree." Wu Tian warned when he saw Blanche fall.

"Alright." With great difficulty, Blanche crawled up from the ground and prepared to climb up to the tree beside her.

However, how could a weak girl like her climb a tree? No matter how hard she tried, she couldn't climb up while hugging the tree.

She didn't look like she was climbing a tree. It was more like she was rubbing against a tree, which was quite funny.

However, in this situation, Wu Tian couldn't smile at all. Seeing that Blanche couldn't climb up, he became extremely worried.

Before Blanche could climb up the tree, the wild beast had already pounced on her with its teeth bared.

"What!"

Blanche screamed in fright when she saw the wild beast pouncing towards her. She didn't have time to climb the tree now, so she turned around and ran.

Perhaps she was too panicked and got hit by the vine, causing her to fall heavily onto the ground.

It was too late for her to get up to escape. Seeing the wild beast pouncing towards her, she was scared senseless. She could only reflexively protect her body with her hands.

The wild beast was especially fierce as it pounced towards Blanche. It couldn't wait to enjoy this delicacy.
